No. MC 111320 Sub 19, filed March 17, 1955, CURTIS KEAL TRANSPORT COMPANY, INC., East 54th Street and Cleveland Shoreway, Cleveland, Ohio. Applicant's representative: G. H. Dilla, 3350 Superior Ave., Cleveland 14, Ohio. For authority to operate as a *common carrier*, over irregular routes, transporting: *Utility truck bodies, power take-off equipment, ladder extension towers, post hole diggers, pole line construction materials*, and *parts* of the aforesaid commodities, between Miami, and West Palm Beach, Fla., Griffin, and Savannah, Ga., Charleston, S. C., New Orleans, La., Phoenix, Ariz., Cleveland, Ohio, Boston, Mass., and those ports of entry located in New York, and Michigan on or near that portion of the United States-Canadian International Boundary line situated between the states of New York and Michigan, and the Dominion of Canada. The applicant is not presently specifically authorized to transport the commodities specified in this application but is authorized to transport motor vehicles, bodies, and cabs in and through the District of Columbia and all states in the United States excepting Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Vermont, Washington, and Wyoming, which may in some instances include transportation of utility truck bodies as now being applied for.

No. MC 111397 Sub 15, filed April 7, 1955, WADE E. DAVIS, doing business as DAVIS TRANSPORT, 2812 Kentucky Ave., Paducah, Ky. For authority to operate as a *common carrier*, over irregular routes, transporting: *Petroleum and petroleum products*, in bulk, in tank vehicles, from River Terminal at Birds Point, Mo., to points in Illinois, Indiana, Kentucky, and Tennessee. Applicant is authorized to conduct operations in Kentucky, Tennessee, Missouri, and Illinois.

No. MC 112239 Sub 2, filed March 29, 1955, R. G. LOGAN, doing business as LOGAN TRUCKING CO., Eastern Avenue, South Beloit, Ill. Applicant's attorney: Ralph H. Haen, 1101 Broadway, Rockford, Ill. For authority to operate as a *common carrier*, over irregular routes, transporting: *Concrete pipe, pre-cast concrete slabs*, and *concrete manhole blocks*, from Chicago and Rock Island, Ill., to points in Indiana, Iowa, Minnesota, and Wisconsin, and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application, on return movement. Applicant is authorized to conduct operations in Illinois, Indiana, Iowa, Minnesota, and Wisconsin.

No. MC 112239 Sub 3, filed March 29, 1955, R. G. LOGAN, doing business as LOGAN TRUCKING CO., Eastern Avenue, South Beloit, Ill. Applicant's attorney: Ralph H. Haen, 1101 Broadway, Rockford, Ill. For authority to operate as a *common carrier*, over irregular routes, transporting: *Forms and equipment used in the manufacture of concrete products*, between Chicago, South Beloit, and Rock Island, Ill., on the one hand, and, on the other, points in Indiana, Iowa, Minnesota and Wisconsin; *cement*, in bulk, in tank or compartment trucks, in truck loads, from Buffington, Ind., to South Beloit, Chicago, and Rock Island, Ill., and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application, on return movement.

No. MC 112617 Sub 13, filed April 8, 1955, LIQUID TRANSPORTERS, INC., P. O. Box 35, Cherokee Station, Louisville 5, Ky. For authority to operate as a *common carrier*, over irregular routes, transporting: *Chemicals* and *petroleum products*, in bulk, in tank vehicles, from Doe Run, Ky., to points in Minnesota, Iowa, Nebraska, Kansas, Oklahoma, Arkansas, Louisiana, Texas, and Florida. Applicant is authorized to conduct operations in Alabama, Kentucky, West Virginia, Ohio, Pennsylvania, Indiana, Michigan, Illinois, Tennessee, Maryland, Virginia, North Carolina, South Carolina, Georgia, Mississippi, Missouri, Wisconsin, and New Jersey.

No. MC 114001 Sub 1, filed March 25, 1955, OHIO NORTHERN TRUCK LINE, INC., 750 Andrews Avenue, Youngstown, Ohio. Applicant's representative: G. H. Dilla, 3350 Superior Avenue, Cleveland 14, Ohio. For authority to operate as a *common carrier*, over irregular routes, transporting: *Iron pipe, iron tubing, iron wire*, plain or coated, *steel pipe, steel tubing, steel wire*, plain or coated, *bar steel* and *steel bars*, from Cleveland, Toledo, Warren and Youngstown, Ohio, to Buffalo, N. Y. Applicant is authorized to conduct operations in Ohio and Michigan.

No. MC 114001 Sub 2, filed March 25, 1955, OHIO NORTHERN TRUCK LINE, INC., 720 Andrews Avenue, Youngstown, Ohio. Applicant's representative: G. H. Dilla, 3350 Superior Avenue, Cleveland

14, Ohio. For authority to operate as a *common carrier*, over irregular routes, transporting: *Empty bags, for repacking of salt* and *advertising matter* for advertising salt, from St. Clair and Marysville, Mich., to points in Ohio, and *empty containers or other such incidental facilities* (not specified) used in transporting the commodities, on return movement; and *empty returned pallets, platforms and skids*, used to transport metal products, from points in that part of Michigan on and east of U. S. Highway 27 and on and south of Michigan Highway 20 and south of Saginaw Bay, to Toledo, Ohio, and points in that part of Ohio on and north of U. S. Highway 30 and on and east of Ohio Highway 13.

No. MC 114885 Sub 2, filed April 13, 1955, TANK TRUCK TRANSPORT, LIMITED, a corporation, P. O. Box 116, Point Edward, Ontario, Canada. Applicant's attorney: Jack Goodman, 39 South La Salle St., Chicago 3, Ill. For authority to operate as a *common carrier*, over irregular routes, transporting: *Dimethylterephthalate*, in bulk, in special steel hopper bottom tank trailers, from Burlington, N. J., to those ports of entry which are located in New York at or near Cape Vincent on or near that portion of the United States-Canadian International Boundary line situated between New York and Canada at or close to Cape Vincent, N. Y. Applicant does not presently hold any authority from this Commission but has pending application on file in No. MC 114885 Sub 1 for common carrier authority as described therein. The applicant is also affiliated with Reid Transports, Ltd., through stock ownership, who holds authority from this Commission under Permit No. MC 109525 Sub 2, to perform contract carrier operations over the route or routes or within the territory as more particularly appears in the files of the Commission at its office in Washington, D. C.; therefore, section 210 matters may also be involved.

No. MC 115113, filed March 7, 1955, IOWA PACKERS EXPRESS, INC., Box 448, Fort Dodge, Iowa. Applicant's representative: William A. Landau, 1307 East Walnut St., Des Moines 16, Iowa. For authority to operate as a *common carrier*, over irregular routes, transporting (1) *meats, meat products*, and *meat by-products*, and *articles distributed by meat-packing houses*, as defined in Parts A and C of the Appendix to the report in Modification of Permits-Packing House Products, Ex Parte No. MC 38, 46 M. Grounds for relief: Circuitous routes.

Tariff: Supplement 2 to Agent Spaninger's I. C. C. 1469.

FSA No. 30568: Slag, Birmingham, Ala., and Group to Whistler, Ala. Filed by R. E. Boyle, Jr., Agent, for interested rail carriers. Rates on slag, carloads, from Birmingham, Bessemer, Ensley, Fairfield and Woodward, Ala., to Whistler, Ala.

Grounds for relief: Circuity and destination relations.

Tariff: Supplement 2 to Agent Spaninger's I. C. C. 1469.

FSA No. 30569: Vermiculite, from, to and between the South. Filed by R. E. Boyle, Jr., Agent, for interested rail carriers. Rates on vermiculite, carloads, between points in southern territory and between points in southern territory, on one hand, and points in trunk-line territory in Virginia, on the other.

Grounds for relief: Short-line distance formula and circuity.

Tariff: Supplement 2 to Agent Spaninger's I. C. C. 1469.

FSA No. 30570: Sugar—Washington points to Dodgeville, Wis. Filed by W. J. Prueter, Agent, for interested rail carriers. Rates on sugar, beet or cane, carloads, from Scalley, Sugar Spur, and Toppenish, Wash., to Dodgeville, Wis.

Grounds for relief: Destination relations and circuity.

Tariff: Supplement 11 to Agent Prueter's I. C. C. 1567.

FSA No. 30571: Stoves—St. Louis, Mo., Group to New Orleans, La. Filed by R. G. Raasch, Agent, for interested rail carriers. Rates on stoves, ranges and heaters, carloads, from St. Louis, Mo., and East St. Louis, Ill., to New Orleans, La.

Grounds for relief: Circuity.

Tariff: Supplement 400 to Agent Raasch's I. C. C. 485.

FSA No. 30572: Caustic Soda—Charleston, W. Va., Group to Foley, Fla. Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on caustic soda, liquid, in tank-car loads, from Charleston, Elk, Ownes, South Owens, South Charleston, and South Ruffner, W. Va., to Foley, Fla.

Grounds for relief: Market competition and circuity.

Tariff: Supplement 68 to Agent Hinsch's I. C. C. 4510.

FSA No. 30573: Salt Cake—Nitro, W. Va., to North Carolina points. Filed by H. R. Hinsch, Agent, for interested rail carriers. Rates on salt cake (crude sulphate of soda) carloads, from Nitro, W. Va., to Charlotte, Greensboro, and High Point, N. C.

Grounds for relief: Circuity.

Tariff: Supplement 68 to Agent Hinsch's I. C. C. 4510.

FSA No. 30574: Sugar—Washington and Montana to Illinois. Filed by W. J. Prueter, Agent, for interested rail carriers. Rates on beet or cane sugar, carloads, from Scalley, Sugar Spur, and Toppennish, Wash., Billings, Missoula, and Sidney, Mont.

Grounds for relief: Market competition and circuity.

Tariff: Supplements Nos. 47 and 11, respectively, to Agent Prueter's I. C. C. Nos. 1560 and 1567.

FSA No. 30575: Lumber to Martinsville, Va., and group. Filed by Atlantic Coast Line Railroad Company, for interested rail carriers. Rates on lumber and related articles, carloads, from Ahoskie, N. C., and points taking same rates to Martinsville, Va., and grouped points taking same rates.

Grounds for relief: Circuitous routes.

By the Commission.

OFFICE OF DEFENSE MOBILIZATION

SMYRNA, TENN.

DESIGNATION OF COMMUNITY FACILITIES PROJECT

By virtue of the authority vested in me by Executive Order 10296 of October 2, 1951, as amended by Executive Orders No. 10433 of February 4, 1953, and No. 10593 of January 26, 1955, and pursuant to the provisions of section 104 (b) of the Defense Housing and Community Facilities and Services Act of 1951, as amended, I hereby designate the following project for which agreements may be made to extend assistance for the provision of community facilities or services under Title III of said act:

In the Town of Smyrna, Tennessee, in the Smyrna, Tennessee Critical Defense Housing Area, which was determined to be a Critical Defense Housing Area on February 5, 1952 (17 F. R. 1166)—additions and improvements to the existing water works system, including a deep well and casing, service pump, storage tank, mains and appurtenances; additions and improvements to the existing sanitary sewer system, including mains, collecting sewers, pumping station, manholes and appurtenances.

Dated: May 2, 1955.

ARTHUR S. FLEMMING, *Director.*

SECURITIES AND EXCHANGE COMMISSION

[File No. 31–625]

ARKANSAS-MISSOURI POWER CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

APRIL 27, 1955.

Notice is hereby given that Arkansas-Missouri Power Company ("Applicant"), a corporation organized under the laws of the State of Arkansas, which is both a holding company and a public utility company, has filed with this Commission an application for an order pursuant to section 3 (a) (2) of the Public Utility Holding Company Act of 1935 ("act") exempting it as a holding company and all its subsidiaries as such from all provisions of the act. Reference is made to said application for a complete statement of the allegations therein contained, which may be summarized as follows:

Applicant alleges that it is predominantly a public-utility company whose operations as such do not extend beyond the State of Arkansas, in which it is organized, and the contiguous State of Missouri. As an operating company it is engaged in rendering electric and natural gas utility service in parts of northeastern Arkansas and southeastern Missouri. Applicant is a holding company by reason of its ownership of all of the outstanding voting securities of Associated Natural Gas Company ("Associated"), a Delaware corporation, which is a public utility company engaged in purchasing, transmitting and distributing natural gas in southeastern Missouri. Applicant is also engaged, through two wholly-owned subsidiaries, in the manufacture and sale of ice. Such non-utility operations constitute a very small and diminishing percentage of Applicant's business.

On March 11, 1953, Applicant acquired the aforesaid securities of Associated and on March 22, 1953, Applicant filed with this Commission an application under section 3 (a) (2) of the act requesting a temporary exemption for one year, during which it was contemplated that Associated would be merged into Applicant. The requested exemption was granted. (See Holding Company Act Release Nos. 12107 and 12144.) The contemplated merger has not been consummated and Applicant requests a permanent exemption under section 3 (a) (2) of the act although it states that it still intends in due course to merge Associated into itself.

Applicant's consolidated balance sheet at December 31, 1954, shows electric utility plant in the amount of $20,873,999 and gas utility plant in the amount of $6,985,312, including Associated's gas utility plant in the amount of $3,191,605. Applicant's consolidated income statement for the year 1954 shows utility revenues of $9,187,222, including electric revenues in the amount of $7,635,707 (about 83 percent) and gas revenues in the amount of $1,551,515 (about 17 percent). For the same period the operating revenues of Associated, all derived from the sale of natural gas, amounted to $946,257, representing 10.3 percent of consolidated utility revenues and 11.5 percent of those of its parent.

As of December 31, 1954, Applicant's consolidated capitalization was as follows:

	Amount	Percent
Long-term debt	[1] $14,620,000	61.4
Preferred stock	2,750,000	11.5
Common stock and surplus	6,442,978	27.1
Total	23,812,978	100.00

[1] Includes $2,225,000 long-term debt of Associated held by the public.

Applicant further states it is subject to comprehensive regulation by the Public Service Commissions of Arkansas and Missouri, and to limited regulation by the Federal Power Commission.

Notice is further given that any interested person may, not later than May 31, 1955, at 5:30 p. m., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact, or law, if any, raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said application may be granted as filed or as amended, or the Commission may take such other action as it may deem proper under the circumstances.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 55-3588; Filed, May 3, 1955; 8:48 a. m.]

NATIONAL FUEL GAS CO. ET AL.

NOTICE OF FILING REGARDING PROPOSED REDUCTION IN PAR VALUE OF CAPITAL STOCK AND PAYMENT OF DIVIDEND OUT OF CAPITAL SURPLUS

APRIL 27, 1955.

In the matter of National Fuel Gas Company, Pennsylvania Gas Company, Pennsylvania Oil Company; File No. 70-3359.

Notice is hereby given that National Fuel Gas Company ("National Fuel"), a registered holding company, and its direct public-utility subsidiary, Pennsylvania Gas Company ("Pennsylvania Gas"), and its indirect wholly owned non-utility subsidiary, Pennsylvania Oil Company ("Pennsylvania Oil"), have filed a joint declaration with this Commission pursuant to the provisions of the Public Utility Holding Company Act of 1935 ("act") and have designated sections 6 (a), 7 and 12 (c) of the act and Rule U-46 promulgated thereunder as applicable to said filing. All interested persons are referred to said joint declaration which is on file in the offices of the Commission for a statement of the transactions proposed therein, which are summarized as follows:

Pennsylvania Oil proposes (a) to reduce the par value of its outstanding capital stock from $1 per share to 50 cents per share so that the 576,000 outstanding shares will have an aggregate par value of $288,000 and (b) to pay a cash dividend of $288,000 out of the capital surplus which will be created by and result from said reduction in the par value of the capital stock. According to the joint declaration, as at December 31, 1954, Pennsylvania Oil had only $6,607 of earned surplus but has at least $288,000 in funds in excess of its requirements and that its parent, Pennsylvania Gas, will be in need of additional working capital to be used in connection with its 1955 construction program. It is represented that when an amendment to Pennsylvania Oil's Articles of Incorporation to accomplish the proposed reduction in par value is filed and approved by the Department of State of Pennsylvania, the payment of the dividend out of capital surplus will not be unlawful under the laws of the Commonwealth of Pennsylvania and will not violate the legal rights of the holders of any securities issued by any company in the National Fuel holding company system.

The filing further states that the fees and expenses to be incurred in connection with the proposed transactions will not exceed an aggregate of $1,000 including $900 for legal fees and expenses. It is requested that the Commission's order herein become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than May 18, 1955, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said filing which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said joint declaration, as filed or as amended, may be permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may make such other action as it deems appropriate under the circumstances.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 55-3590; Filed, May 3, 1955; 8:48 a. m.]

[File No. 70-3364]

NATIONAL FUEL GAS CO. AND MARS CO.

NOTICE OF FILING REGARDING PROPOSED REDUCTION IN PAR VALUE OF CAPITAL STOCK AND PAYMENT OF DIVIDEND OUT OF CAPITAL SURPLUS

APRIL 27, 1955.

Notice is hereby given that National Fuel Gas Company ("National Fuel"), a registered holding company, and its wholly owned non-utility subsidiary company, The Mars Company ("Mars"), have filed a joint declaration with the Commission pursuant to the provisions of the Public Utility Holding Company Act of 1935 (the "act") and have designated sections 6 (a), 7 and 12 (c) of the act and Rule U-46 promulgated thereunder as applicable to said filing. All interested persons are referred to said joint declaration which is on file in the offices of the Commission for a statement of the transactions proposed therein, which are summarized as follows:

Mars proposes (a) to reduce the par value of its outstanding 100,000 shares of capital stock from $10 per share to $5 per share or $500,000 in the aggregate and (b) to pay a cash dividend of not more than $500,000 out of the capital surplus which will be created by and result from said reduction in the par value of the capital stock. According to the joint declaration, as at December 31, 1954 Mars had only $23,000 of earned surplus but has ample current assets in the form of marketable securities to provide cash to pay the proposed dividend and still have sufficient working capital for its current and foreseeable needs, and its parent, National Fuel, will place the proceeds from this proposed dividend in its treasury for use in financing certain of its other subsidiaries engaged in the public-utility business. It is represented that when an amendment to Mars' Articles of Incorporation to accomplish the proposed reduction in par value is filed and approved by the Department of State of Pennsylvania, the payment of a dividend out of capital surplus will not be unlawful under the laws of the Commonwealth of Pennsylvania and will not violate the legal rights of the holders of any securities issued by any company in the National Fuel holding company system.

The filing further states that the fees and expenses to be incurred in connection with the proposed transactions will not exceed an aggregate of $1,050 including $500 for legal fees and expenses. It is requested that the Commission's order herein become effective forthwith upon issuance.

Notice is further given that any interested person may, not later than May 18, 1955, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of act or law raised by said filing which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said joint declaration, as filed or as amended, may be permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may take such other action as it deems appropriate under the circumstances.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

UNITED STATES TARIFF COMMISSION

[Investigation 6]

DAIRY PRODUCTS

PEANUTS NOT INCLUDED IN SUPPLEMENTAL INVESTIGATION

On April 12, 1955, the Tariff Commission instituted an investigation under the provisions of section 22 (d) of the Agricultural Adjustment Act, as amended, supplemental to its Investigation No. 6 under section 22 of the said act, to determine whether changed circumstances require certain modifications

to be made in Presidential proclamation 3010 of June 8, 1953 (18 F. R. 3361), as amended by proclamation 3025 dated June 30, 1953 (18 F. R. 3815), to carry out the purposes of the said section 22. Thereafter the Commission, on April 13, 1955, issued a public notice of the institution of this investigation and of the public hearing to be held in connection therewith on May 10, 1955.

The foregoing notice of April 13, 1955, included all the articles designated in lists I and II appended to proclamation 3019 of June 8, 1953. Said list II designates certain types of cheeses and also peanuts. It is not intended that the supplemental investigation instituted April 12, 1955, include peanuts. The notice issued on April 13, 1955, therefore, is hereby modified accordingly.

Issued: April 29, 1955.

By order of the Commission.

[SEAL] DONN N. BENT, *Secretary.*

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. 214) and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.80 to 522.85, as amended April 19, 1955, 20 F. R. 2304).

The Davidson Bros. Corp., Royal Square, West Warwick, R. I., effective 4-20-55 to 3-8-56; 5 percent of the total number of factory production workers for normal labor turnover purposes (nightgowns, slips, etc.) (replacement certificate).

Ecru Manufacturing Co., Ecru, Miss.; effective 5-1-55 to 4-30-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (work shirts).

Ely and Walker Dry Goods Co., Ilmo, Mo.; effective 4-30-55 to 4-29-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees, etc.).

The Enro Shirt Co., Inc., Madisonville, Ky.; effective 4-29-55 to 4-28-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (sport shirts).

Freeland Dress Co., Inc., 721 Birkbeck Street, Freeland, Pa.; effective 5-1-55 to 4-30-56; 5 learners for normal labor turnover purposes (children's dresses).

General Garment Manufacturing Co., Inc., Lawrenceville, Va.; effective 5-5-55 to 5-4-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (sport shirts).

General Garment Manufacturing Co., Inc., Petersburg, Va.; effective 4-21-55 to 4-20-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (sport shirts).

Granby Manufacturing Co., Inc., Granby, Mo., effective 4-18-55 to 4-17-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (work trousers).

Harvic Sportswear, Inc., Sweet Valley, Pa.; effective 4-27-55 to 4-26-56; 5 learners for normal labor turnover purposes (dresses).

Hollywood Maxwell Co., 407 Main Street, Arkadelphia, Ark., effective 5-4-55 to 5-3-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (brassieres).

Irene Sportswear Co., Main Street, Nicholson, Pa., effective 5-6-55 to 5-5-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (ladies' blouses).

The Joanie Jan Co., Walnut Ridge, Ark.; effective 5-8-55 to 5-7-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (wash frocks).

La Follette Shirt Co., Inc., La Follette, Tenn., effective 4-7-55 to 5-6-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (dress and sport shirts).

Loomcraft Frocks, Inc., Dewey and Bowman Streets, Dickson City, Pa.; effective 4-25-55 to 4-24-56; 10 learners for normal labor turnover purposes (children's dresses).

Lyons Manufacturing Co., Inc., Lyons, Ga.; effective 4-27-55 to 4-26-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's and boys' shirts).

Monroe Trouser Manufacturing Co., Inc., Smithville, Miss.; effective 4-21-55 to 10-20-55; 25 learners for plant expansion purposes (trousers).

Pontotoc Manufacturing Co., Pontotoc, Miss.; effective 5-1-55 to 4-30-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (work shirts).

Princess Peggy, Inc., Vandalia Division, Vandalia, Ill.; effective 4-20-55 to 4-19-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (cotton dresses).

Rebel Garment Co., Magee, Miss.; effective 4-23-55 to 4-22-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (shirts and dungarees).

Salemburg Manufacturing Co., Salemburg, N. C.; effective 4-18-55 to 10-17-55; 20 learners for plant expansion purposes (women's dresses).

Henry I. Seigel Co., Inc., Hohenwald, Tenn.; effective 4-25-55 to 10-24-55; 100 learners for plant expansion purposes (work clothing).

Streamline Garment Corp., 1010 West Main Street, West Frankfort, Ill.; effective 5-4-55 to 5-3-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (dresses).

Summit Sportswear, 44 West Ludlow Street, Summit Hill, Pa., effective 4-18-55 to 4-17-56; 5 learners for normal labor turnover purposes (blouses).

Wellington Manufacturing Co., Okolona, Miss.; effective 4-21-55 to 4-20-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (trousers).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.43 as amended April 19, 1955, 20 F. R. 2304).

Elizabeth City Hosiery Mills, Elizabeth City, N. C., effective 4-19-55 to 4-18-56; 5 percent of the total number of factory production workers for normal labor turnover purposes (full-fashioned).

Lawler Hosiery Mills, Inc., 53 Bradley Street, Carrollton, Ga., effective 4-22-55 to 4-21-56; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Silver Knit Hosiery Mills, Inc., 401 South Hamilton Street, High Point, N. C.; effective 4-25-55 to 4-24-56; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Glove Industry Learner Regulations (29 CFR 522.60 to 522.65 as amended April 19, 1955, 20 F. R. 2304).

Riegel Textile Corp., Brundidge, Ala., effective 4-22-55 to 10-21-55; 30 learners for expansion purposes (work gloves).

Knitted Wear Industry Learner Regulations (29 CFR 522.30 to 522.35 as amended April 19, 1955, 20 F. R. 2304).

Bashore Knitting Mills Co., 365 Garfield Avenue, Schuylkill Haven, Pa.; effective 4-29-55 to 4-28-56; 5 percent of the total number of factory production workers for normal labor turnover purposes (men's briefs, etc.).

Regulations Applicable to the Employment of Learners (29 CFR 522.1, 522.12, as amended February 28, 1955, 20 F. R. 645).

The following special learner certificate was issued in Puerto Rico to the companies hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning periods and the learner wage rates are indicated, respectively.

Rico Glove Corp., Bo. Maton Abajo, Cayey, P. R., effective 4-19-55 to 10-18-55; 20 learners as sewing machine operators; 240 hours at 32 cents an hour and 240 hours at 40 cents an hour.

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be canceled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 25th day of April 1955.

MILTON BROOKE, *Authorized Representative of the Administrator.*

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

(For use during 1955)

The following Supplement is now available:

Titles 35–37 ($0.75)

Previously announced: Title 3, 1954 Supp. ($1.75); Title 7: Parts 1–209 ($0.60); Title 9 ($0.65); Titles 10–13 ($0.50); Title 14: Part 400 to end ($0.65); Title 16 ($1.25); Title 18 ($0.50); Title 19 ($0.40); Title 20 ($0.75); Title 24 ($0.75); Title 25 ($0.50); Titles 28–29 ($1.25); Titles 30–31 ($1.25); Titles 40–42 ($0.50); Titles 44–45 ($0.75); Title 49: Parts 1–70 ($0.60); Parts 71–90 ($0.75); Parts 91–164 ($0.50); Part 165 to end ($0.60)

Order from Superintendent of Documents, Government Printing Office, Washington 25, D. C.

the Commodity Stabilization Service (referred to in this subpart and supplements hereto as CCC and CSS respectively).

A separate supplement to this subpart (hereinafter referred to as "commodity supplement"), containing additional specific requirements, will be issued for each commodity to which the provisions of this subpart are to be applicable.

Sec.
421.1001 Administration.
421.1002 Commodities covered by this subpart.
421.1003 Methods of price support.
421.1004 Disbursement of loans.
421.1005 Approved lending agencies.
421.1006 Approved storage.
421.1007 Applicable forms and requirements.
421.1008 Liens.
421.1009 Service charges.
421.1010 Set offs.
421.1011 Interest rate.
421.1012 Transfer of producer's interest.
421.1013 Safeguarding the commodity.
421.1014 Insurance on farm-storage loans.
421.1015 Loss or damage to the commodity.
421.1016 Personal liability of the producer.
421.1017 Release of the commodity under loan.
421.1018 Liquidation of loans and delivery under purchase agreements.
421.1019 Foreclosure.
421.1020 Purchase of notes.
421.1021 CSS commodity offices.

AUTHORITY: §§ 421.1001 to 421.1021 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 101, 301, 401, 63 Stat. 1051, 66 Stat. 758, 15 U. S. C. 714c; 7 U. S. C. 1441, 1447, 1421.

§ 421.1001 *Administration.* The programs to which this subpart applies will be administered by CSS, under the general direction and supervision of the Executive Vice President, CCC, and in the field, will be carried out by Agricultural Stabilization and Conservation State Committees and Agricultural Stabilization and Conservation County Committees (hereinafter called State and County Committees) and CSS commodity offices. Producers interested in participating in the program should contact their county office through which the price support documents will be distributed. All documents will be completed and approved by the county committee which will retain copies of all such documents. The State committee may authorize the county committees to designate certain employees of the county committee to approve documents on behalf of the county committee. The names of the employees designated to approve documents in behalf of the county committee shall be submitted to the State committee for approval. State and county committees and CSS commodity offices do not have authority to modify or waive any of the provisions of this subpart or any amendments or supplements to this subpart.

§ 421.1002 *Commodities covered by this subpart.* The provisions of this subpart shall apply to the 1955 price support programs for barley, corn, dry edible beans, grain sorghums, flaxseed (except direct purchases), oats, rice, rye, soybeans, wheat, and any other 1955 price support program for which a commodity supplement is issued.

§ 421.1003 *Methods of price support.* This subpart applies to farm-storage loans, warehouse-storage loans, and purchase agreements. The particular methods to be used for each commodity will be specified in the applicable commodity supplement to this subpart.

§ 421.1004 *Disbursement of loans.* Disbursement of loans will be made to producers by approved lending agencies under an agreement with CCC, or by ASC county offices by means of sight drafts drawn on CCC. No disbursements shall be made later than 15 days after the final date of availability of loans set forth in the applicable commodity supplement to this subpart, unless authorized by the Executive Vice President, CCC. Payment in cash, credit to the producer's account, or the drawing of a check or draft shall constitute disbursement. The producer shall not present the loan documents for disbursement unless the commodity is in existence and in good condition. If the commodity was not in existence and in good condition at the time of disbursement, the total amount disbursed under the loan shall be promptly refunded by the producer. In the event the amount disbursed exceeds the amount authorized under the applicable commodity supplement to this subpart, the producer shall be personally liable for repayment of the amount of such excess.

§ 421.1005 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity, with which CCC has entered into a lending agency agreement.

§ 421.1006 *Approved storage.* Loans will be made only on commodities in approved storage. Purchase agreements may be executed without regard to whether the commodity is in approved storage. However, warehouse receipts representing commodities tendered to CCC under purchase agreements will be accepted in lieu of physical delivery only if the commodity is in approved warehouse storage, is in existence, and is in good condition at the time the warehouse receipt is tendered.

(a) *Farm-storage.* Approved farm storage shall consist of storage structures located on or off the farm (excluding public warehouses), which are determined by the county committee to be so located and of such substantial and permanent construction as to afford safe storage of the commodity.

(b) *Warehouse storage.* Approved warehouse storage shall consist of (1) public warehouses for which a CCC uniform storage agreement for the commodity is in effect, or (2) warehouses operated by Eastern common carriers under tariffs approved by the Interstate Commerce Commission for which custodian agreements are in effect. The names of approved warehouses may be obtained from CSS commodity offices or State and county committees.

§ 421.1007 *Applicable forms and requirements.*—(a) *Farm-storage loans.* Applicable forms shall consist of Producer's Note and Supplemental Loan Agreement (Commodity Loan Form A), secured by Commodity Chattel Mortgage (Commodity Loan Form AA) and such other forms and documents as may be required by CCC.

(b) *Warehouse-storage loans.* Applicable forms shall consist of the Producer's Note and Loan Agreement, Commodity Loan Form B (CCC Rice Form B, in the case of rice) and such other forms and documents as may be required by CCC.

(c) *Purchase agreements.* Applicable forms shall consist of the Purchase Agreement (Commodity Purchase Form 1) and Purchase Agreement Settlement (Commodity Purchase Form 4) signed by the producer and approved by the county committee, the Delivery Instructions (Commodity Purchase Form 3) issued by the county committee, and such other forms and documents as may be required by CCC.

(d) *Warehouse receipts.* The form in which warehouse receipts shall be submitted will be stated in the commodity supplement to this subpart.

(e) *Other requirements.* Producer's Note and Supplemental Loan Agreements, Commodity Chattel Mortgages, and Producer's Note and Loan Agreements, must have State and documentary revenue stamps affixed thereto where required by law. Loan and purchase agreement documents executed by an administrator, executor, or trustee, will be acceptable only where legally valid. All of the commodity pledged as security for a loan evidenced by a single Producer's Note and Loan Agreement must be stored in the same warehouse.

§ 421.1008 *Liens.* If there are any liens or encumbrances on the commodity, waivers acceptable to the county committee must be obtained.

§ 421.1009 *Service charges.* (a) Producers shall pay the following service charges on the quantity of the commodity placed under loan or specified in the purchase agreement. In the case of loans, the service charges, except preliminary service charges, shall be collected from the proceeds of the loan at the time the loan is disbursed. In the case of purchase agreements, the service charges shall be collected at the time the Purchase Agreement (Commodity Purchase Form 1) is completed. Such service charges shall be computed at the rates shown in column (2) of the following table for commodities the quantity of which is determined on the basis of bushels, and at the rates shown in column (3) for commodities the quantity of which is determined on the basis of pounds or 100 pounds. An additional service charge shall be paid on any additional quantity delivered to and accepted by CCC under a farm-storage loan or not redeemed in the case of an identity-preserved warehouse storage loan.

Method of price support (1)	Service charges		
	Per bushel (2)	Per 100 pounds (3)	Minimum charges (4)
	Cents	*Cents*	
Farm-storage loans	1	2	[1] $3.00
Warehouse-storage loans	½	[2] 1	[2] 1.50
Purchase agreements	½	1	1.50

[1] Except rice for which State committees are authorized to require payment of $5 for each lot sampled.
[2] Except rice for which the service charge for warehouse storage loans shall be 2 cents per 100 pounds with a minimum charge of $3.

(b) In the case of farm-storage loans and identity-preserved warehouse-storage loans, State committees are authorized to require prepayment of the minimum service charges (shown in paragraph (a) of this section) at the time the producer applies for a loan.

(c) No refund of service charges will be made.

§ 421.1010 *Set-offs.* If the producer is indebted to CCC on any accrued obligation, or if any installment or installments on any loan made available by CCC on farm-storage facilities or mobile drying equipment are past due, or are payable or prepayable under the provisions of the note evidencing such loan out of the proceeds of the price support loan or purchase, he must designate CCC or the lending agency holding such note as the payee of the proceeds of the price support loan or purchase to the extent of such indebtedness or installments, but not to exceed that portion of the proceeds remaining after deduction of loan service charges and amounts due prior lienholders. If the producer is indebted to any other agency of the United States and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds as provided in this section. Indebtedness owing to CCC or to a lending agency as provided in this section shall be given first consideration after claims of prior lienholders. Any storage payment due the producer for storage of the commodity in farm-storage structures shall be applied to any storage facility loan or mobile drying equipment loan made to the producer until fully repaid. Any amount of such storage payments not so applied, together with all other payments for services due the producer, shall be subject to set-off in the same manner as provided in this section for loan or purchase proceeds. Compliance with the provisions of this section shall not constitute a waiver of any right of the producer to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 421.1011 *Interest rate.* Loans shall bear interest at the rate of 3½ percent per annum from the date of disbursement of the loan, except that where there is a default in satisfaction of a farm-storage loan the deficiency shall bear interest at the rate of 6 percent per annum from the date of default.

§ 421.1012 *Transfer of producer's interest*—(a) *Warehouse-storage loans.* The producer shall not transfer either his remaining interest in or his right to redeem a commodity pledged as security for a warehouse storage loan, nor shall anyone acquire such interest or right. Warehouse receipts will be released only to the producer or his authorized agent as provided in § 421.1017.

(b) *Farm-storage loans.* The producer shall not transfer either his remaining interest in or his right to redeem a commodity mortgaged as security for a farm storage loan nor shall anyone acquire such interest or right. A producer who wishes to liquidate all or part of his loan by contracting for the sale of the commodity must obtain written prior approval of the county committee on Commodity Loan Form 12 to remove the commodity from storage when the proceeds of the sale are needed to repay all or any part of the loan. Any such approval shall be subject to the terms and conditions set out in Commodity Loan Form 12, copies of which may be obtained by producers or prospective purchasers at the office of the county committee.

(c) *Purchase agreements.* The producer may not assign his interest in a purchase agreement.

§ 421.1013 *Safeguarding the commodity.* The producer obtaining a farm-storage loan is obligated to maintain the storage structure in good repair and to keep all the mortgaged commodity in storage and in good condition until the loan is liquidated.

§ 421.1014 *Insurance on farm-storage loans.* CCC will not require the producer to insure the commmodity placed under a farm-storage loan; however, if the producer insures such commodity and an indemnity is paid thereon, such indemnity shall inure to the benefit of CCC to the extent of its interest, after first satisfying the producer's equity in the commodity involved in the loss.

§ 421.1015 *Loss or damage to the commodity.* The producer is responsible for any loss in quantity or quality of the commodity placed under farm-storage or identity-preserved warehouse-storage loans, except that, subject to the provisions of § 421.1014, physical loss or damage occurring after disbursement of the loan funds without fault, negligence, or conversion on the part of the producer or any other person having control of the storage structure and resulting solely from an external cause other than insect infestation, rodents or vermin, will be assumed by CCC to the extent of the settlement value at the time of destruction of the quantity of the commodity destroyed or in an amount equivalent to the extent of the damage as determined by CCC, provided the producer has given the county committee immediate notice, confirmed in writing, of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan. No physical loss or damage occurring prior to disbursement of the loan funds to the producer will be assumed by CCC. Where disbursement of funds is made by sight drafts or check, the date of the draft or check shall constitute the date of disbursement of the funds.

§ 421.1016 *Personal liability of the producer.* The making of any fraudulent representation by the producer in the loan documents, or in obtaining the loan or the conversion or unlawful disposition of any portion of the commodity by him may render the producer subject to criminal prosecution under the Federal Law and shall render him personally liable for the amount of the loan (including interest) and for any resulting expense incurred by any holder of the note.

§ 421.1017 *Release of the commodity under loan.* A producer may at any time obtain release of the commodity remaining under loan by paying to the holder of the note and supplemental loan agreement or note and loan agreement the principal amount thereof, plus charges and accrued interest. All charges in connection with the collection of the note shall be paid by the producer. Upon presentation of the paid note, the county committee shall, in the case of farm-storage loans, arrange for the release of the chattel mortgage. Partial release of the commodity prior to maturity may be arranged with the county committee after making payment to the holder of the note for the quantity of the commodity released, plus charges and accrued interest; however, in the event the quantity of the commodity contained in the bin or crib and covered by the chattel mortgage is greater than the quantity with respect to which the amount of the loan was computed, all or part of such excess may be removed without payment on the loan but only upon prior approval by the county committee. In the case of warehouse-storage loans, such partial release must cover all of the commodity represented by one warehouse receipt. Warehouse receipts redeemed by repayment shall be released only to the producer-borrower or to another whom the producer has authorized in writing to receive the warehouse receipts in his behalf. Such written authorization must be made within 30 days prior to repayment of the loan.

§ 421.1018 *Liquidation of loans and delivery under purchase agreements*—(a) *Farm-storage loans.* (1) The producer is required to pay off his loan on or before maturity or to deliver the commodity in accordance with instructions issued by the county committee. If the producer desires to deliver the commodity he should, prior to maturity, give the county committee notice in writing of his intention to do so. The producer may, however, pay off his loan and redeem his commodity at any time prior to the delivery of the commodity to CCC or removal of the commodity by CCC. If the commodity is going out of condition or is in danger of going out of condition, the producer shall notify the county committee, and such committee shall determine whether prompt removal of the commodity is necessary. If CCC is unable to take delivery within a reasonable length of time of a commodity which the county committee determines should be removed, the producer may request and obtain through the county committee an inspection and grade and quality determination. When delivery is completed, settlement shall be made on the basis of such grade and quality determination or on the basis of the grade and quality determination made at the time of delivery, whichever is higher. In the event the farm is sold, there is a change of tenancy, or the producer dies, the commodity may be delivered before the maturity date of the loan, upon prior approval by the county committee, or may be delivered before the maturity date of the loan for other reasons upon authorization of the Executive Vice President, CCC. Settlement will be made at the applicable support rate, subject to the provisions of the Porducer's Note and Supplemental Loan Agreement and applicable commodity supplement according to grade and quality. Delivery of commodities in bulk will be accepted only from the bin(s) in which the commodity under loan is stored. In case a loan is made on part of the commodity in the bin, the maximum quantity eligible for delivery shall be the quantity on whiich the loan was made plus any normal overrun established by the State Committee. In the case of commodities stored in bags, only the quantity contained in the bags included in the lot placed under loan may be delivered. Settlement will be made on the quantity delivered by the producer as determined by the county committee in accordance with the applicable commodity supplement.

(2) If the settlement value of the commodity delivered exceeds amount due on the loan (excluding interest), such excess amount will be paid to the producer. Deliveries of commodities to CCC under farm-storage loans will be handled by the county committee which initially approved the loan. Any payment due to the producer will be made by sight draft drawn on CCC by the county office.

(3) If the settlement value of the commodity is less than the amount due on the loan (excluding interest), the amount of the deficiency plus interest thereon, shall be paid to CCC and may be set off against any payment which would otherwise be due to the producer under any agricultural program administered by the Secretary of Agriculture or any other payments which are due or may become due the producer from CCC or any other agency of the United States.

(b) *Warehouse-storage loans.* (1) If the producer does not repay his loan by maturity, CCC shall have the right to sell or pool the commodity in satisfaction of the loan in accordance with the provisions of the note and loan agreement and § 421.1019. Any payment due the producer because of an overplus realized from the sale or pooling of the commodity or any refunds of unearned or prepaid storage on loans called prior to maturity will be made by the appropriate CSS commodity office.

(2) In the case of commodities stored identity preserved, the producer shall, on or before the final date for redemption of warehouse-storage loans specified in the applicable commodity supplement, either furnish official weight and grade certificates or repay his loan. In the case of rice stored modified commingled the producer shall, on or before the final date for redemption of warehouse-storage loans specified in the rice commodity supplement, either furnish official grade certificates or repay his loan. If the producer does not repay his loan on or before such final date of redemption, settlement for difference in quantity or quality shall be made, prior to sale or pooling, in accordance with the applicable commodity supplement to this subpart. Any amount determined to be due CCC or the producer shall be paid as provided in subparagraphs (2) and (3) of paragraph (a) of this section.

(c) *Payments and collections; amounts not exceeding $3.00.* To avoid administrative costs of making small payments and handling small accounts, amounts due the producer of $3.00 or less will be paid only upon his request and a deficiency of $3.00 or less, including interest, may be disregarded by a producer unless demand for payment is made by CCC.

(d) *Purchase agreements.* (1) The producer who signs a purchase agreement (Commodity Purchase Form 1) will not be obligated to sell any quantity of the commodity to CCC. However, he may sell to CCC any quantity of the eligible commodity not in excess of the quantity stated in the purchase agreement. If the producer who signs a purchase agreement wishes to sell the commodity to CCC, he will have a 30-day period during which he must notify the county committee in writing of his intentions to sell. Such period shall end on the loan maturity date specified in the applicable commodity supplement to this subpart or such earlier date as may be prescribed by the Executive Vice President, CCC.

(2) In the case of eligible commodities stored commingled in an approved warehouse, the producer must, not later than the day following the final date of such 30-day period, or during such period of time thereafter as may be specified by the county committee, submit to the county committee warehouse receipts under which the warehouseman guarantees quality and quantity, for the quantity of commodity he elects to sell to CCC. In the case of eligible commodities stored in other than approved warehouse storage, or stored identity-preserved in approved warehouse storage, the county committee will, on or after the final date of such 30-day period, issue delivery instructions to the producer. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines that more time is needed for delivery.

(3) The producer may be required to retain a commodity stored in other than approved warehouse storage for a period of 60 days after the loan maturity date, without any cost to CCC.

(4) Eligible commodities delivered under a purchase agreement will be purchased at the applicable support rate. When delivery is completed, payment will be made by sight draft drawn on CCC by the county office. The producer shall direct on Commodity Purchase Form 4 to whom payment of the proceeds shall be made. Commodities stored commingled in approved warehouses will be purchased, on the basis of the weight, grade, and other quality factors shown on the warehouse receipts and/or accompanying documents. Commodities stored identity-preserved in an approved warehouse and commodities delivered from other than approved warehouse storage will be purchased on the basis of the weight, grade, and other quality factors, determined by the county committee at the time of delivery (in accordance with requirements for the determination of such factors under the loan program), and agreed to by the producer on Commodity Purchase Form 4.

(e) *Support rate for settlement of loans and purchase agreements applicable to barley, flaxseed, grain sorghums, rye, and wheat.* (1) In the case of commodities stored in an approved warehouse, settlement shall be made at the applicable support rate for the county in which the warehouse is located, except as otherwise provided in subparagraphs (3) and (4) of this paragraph.

(2) In the case of commodities delivered from other than approved warehouse storage, settlement shall be made at the applicable support rate for the county in which the producer's customary shipping point (as determined by the county committee) is located, except as otherwise provided in subparagraphs (3) and (4) of this paragraph.

(3) If two or more approved warehouses are located at the same or adjoining towns, villages, or cities having the same domestic interstate freight rate, such towns, villages, or cities shall be deemed to constitute one shipping point, and the same settlement rate shall apply even though such warehouses are not all located in the same county. Such settlement rate shall be the highest support rate of the counties involved.

(4) In the case of wheat stored in an approved warehouse or delivered to CCC under loan or purchase agreement from other than approved warehouse storage, if the wheat is produced in the commercial wheat-producing area and stored or delivered outside the commercial wheat producing area, or if the wheat is produced in the non-commercial wheat-producing area and stored or delivered in the commercial wheat-producing area, settlement shall be made at the support rate for the county or terminal where the wheat is stored or delivered adjusted to the percentage level for the area where the wheat was produced as shown in the wheat supplement to this subpart.

(f) *Support rate for settlement of loans and purchase agreements applicable to corn, oats, and soybeans.* In the case of corn, oats, and soybeans, whether stored in an approved warehouse or delivered from other than approved warehouse storage, settlement shall be made at the applicable support rate for the county in which the commodity was produced.

(g) *Compensation for hauling.* In the case of all commodities listed in paragraphs (e) and (f) of this section, if the producer is directed by the county committee to deliver his commodity to a point other than his customary shipping point, the producer shall be allowed compensation (as determined by CCC, at not to exceed the common carrier truck rate or the rate available from local truckers) for the additional cost of hauling the commodity any distance greater than the distance from the point where the grain is stored by the producer to the customary shipping point: *Provided*, That in the case of barley, flaxseed, grain sorghums, rye, and wheat if the producer is directed to deliver his commodity to a terminal market for which a support rate is established, settlement shall be based on the support rate for such terminal market and no compensation shall be allowed for hauling.

§ 421.1019 *Foreclosure.* If the loan is not satisfied upon maturity, the holder of the note may remove the commodity from storage, and may sell it (the commodity may be processed before sale), either by separate contract or after pooling it with other lots of a commodity similarly held. If the commodity is pooled, the producer has no right of redemption after the date the pool is established, but shall share ratably in any overplus remaining upon liquidation of the pool. CCC shall have the right to treat the pooled commodity as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of the commodity even though part or all of such pooled commodity is disposed of under such policies at prices less than the current domestic price for such commodity. Any sum due the producer as a result of the sale of the commodity or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 421.1020 *Purchase of notes.* Notes evidencing loans will be purchased from approved lending agencies in accordance with the terms of the lending agency agreement. The purchase price to be paid by CCC will be the principal sums remaining due on such notes plus an amount computed according to the lending agency agreement to cover interest. At maturity, or earlier upon request, lending agencies shall submit notes and reports to the ASC county office where the loan documents were approved.

§ 421.1021 *CSS commodity offices.* The CSS commodity offices and the areas served by them are shown below:

Chicago 5, Illinois, 623 South Wabash Avenue: Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia.

Dallas 26, Texas, 3306 Main Street: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, Missouri (for rice only), New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee, Texas.

Kansas City 6, Missouri, 911 Walnut Street: Colorado, Kansas, Missouri (except for rice), Nebraska, Wyoming.

Minneapolis 8, Minnesota, 1006 West Lake Street: Minnesota, Montana, North Dakota, South Dakota, Wisconsin.

Portland 5, Oregon, 515 Southwest Tenth Avenue: Arizona, California, Idaho, Nevada, Oregon, Utah, Washington.

Issued this 2d day of May 1955.

[SEAL] EARL M. HUGHES,
Executive Vice President,
Commodity Credit Corporation.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 113]

PART 608—RESTRICTED AREAS

CAMP IRWIN, CALIF.

The restricted area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedure, and effective date provisions of section 4 of the Administrative Procedure Act is not required.

Part 608 is amended as follows:

1. In § 608.14, the Camp Irwin, California, area (R-276 formerly D-276), amended on February 26, 1955 in 20 F. R. 1209, is further amended by changing the "Using Agency" column to read: "Commanding General, Camp Irwin, California".

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on May 6, 1955.

[SEAL] F. B. LEE,
Administrator of Civil Aeronautics.

[F. R. Doc. 55-3657; Filed, May 4, 1955; 8:50 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6192]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

MAX SCHWARTZ CO.

Subpart—*Furnishing means and instrumentalities of misrepresentation or deception:* § 3.1055 *Furnishing means and instrumentalities of misrepresentation or deception.* Subpart—*Misbranding or mislabeling:* § 3.1190 *Composition: Wool Products Labeling Act;* § 3.1325 *Source or origin:* Maker or seller, etc.: *Wool Products Labeling Act;* place: *Domestic product as imported; Wool Products Labeling Act.*[1] Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 3.1845 *Composition:* Wool Products Labeling Act; § 3.1875 *Non-standard character of product;* § 3.1885 *Qualities or properties of product;* § 3.1886 *Quality, grade or type of product;* § 3.1900 *Source or origin:* Wool Products Labeling Act. I. In connection with the offering for sale, sale, or distribution in commerce, of fabrics: 1. Representing, directly or by implication, that fabrics manufactured in the United States are manufactured in any other country; and 2. selling fabrics known as "seconds" or "unmerchantables" without clearly and conspicuously marking said fabrics with the above words or terms or other words or terms of the same import, in such manner that such markings will not be obliterated; and, II, in connection with the introduction or manufacture for introduction into commerce or the offering for sale, sale, transportation, or distribution in commerce, of wool fabrics or other wool products, as such products are defined in and subject to the Wool Products Labeling Act of 1939, which products contain, purport to contain, or in any way are represented as containing "wool", "reprocessed wool", or "reused wool", as those terms are defined in said act, misbranding such products by: 1. Falsely or deceptively stamping, tagging, labeling, or otherwise identifying such products as to the character or amount of the constituent fibers therein; 2. falsely or deceptively stamping, tagging, labeling, or otherwise identifying such products, either directly or by implication, as to the country of origin thereof; 3. failing to affix securely to or place on each such product a stamp, tag, label, or other means of identification showing in a clear and conspicuous manner: (a) the percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding five per centum of said total weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five per centum or more, and (5) the aggregate of all other fibers; (b) the maximum percentage of the total weight of such wool product of any nonfibrous loading, filling, or adulterating matter; (c) the name or the registered identification number of the manufacturer of such wool product or of one or more persons engaged in introducing such wool product into commerce or in the offering for sale, sale, transportation, or distribution thereof in commerce, as "commerce" is defined in the Federal Trade Commission Act and in the Wool Products Labeling Act of 1939; prohibited, subject to the proviso, however, that the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraphs (a) and (b) of section 3 of the Wool Products Labeling Act of 1939; and to the further provision that nothing contained in the order shall be construed as limiting any applicable provisions of said act or the rules and regulations promulgated thereunder.

[1] New.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended, secs. 2–5, 54 Stat. 1128–1130; 15 U. S. C. 45, 68–68c) [Cease and desist order, Max Schwartz et al., t. a. Max Schwartz Company, New York, N. Y., Docket 6192, March 18, 1955]

In the Matter of Max Schwartz and Sarah Schwartz, Individuals and Copartners, Trading as Max Schwartz Company

This proceeding was heard by Frank Hier, hearing examiner, theretofore duly designated by the Commission, upon the complaint of the Commission, which charged respondents with various deceptive acts and practices in violation of the Federal Trade Commission Act and the Wool Products Labeling Act; respondents' answer which denied partnership, admitted jurisdictional facts, and denied the charges; and upon various hearings at which testimony and exhibits were received in support of the complaint and filed of record in the office of the Commission, respondents offering no evidence.

Thereafter said examiner, upon final consideration of the foregoing, and the proposed findings and conclusions submitted by all counsel, made his initial decision in which, having found that the proceeding was in the interest of the public, he made his findings as to the facts,[2] conclusion,[2] and order, including order to cease and desist as to respondent Max Schwartz and his representatives, etc., and order of dismissal as to respondent Sarah Schwartz, as to whom there was no substantial evidence to indicate commercial partnership or complicity in or responsibility for the acts and practices charged.

No appeal having been filed from said initial decision of said hearing examiner, as provided for in Rule XXII of the Commission's rules of practice, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order, accordingly, under the provisions of said Rule XXII became the decision of the Commission on March 18, 1955.

Said order to cease and desist is as follows:

It is ordered, That the respondent Max Schwartz, individually, trading as Max Schwartz Company, or under any other name, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of fabrics, do forthwith cease and desist from:

1. Representing, directly or by implication, that fabrics manufactured in the United States are manufactured in any other country.

2. Selling fabrics known as "seconds" or "unmerchantables" without clearly and conspicuously marking said fabrics with the above words or terms or other words or terms of the same import, in such manner that such markings will not be obliterated.

It is further ordered, That the respondent, Max Schwartz individually, trading as Max Schwartz Company, or under any other name, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce or the offering for sale, sale, transportation or distribution in commerce, as "commerce" is defined in the Wool Products Labeling Act of 1939, of wool fabrics or other wool products, as such products are defined in and subject to the Wool Products Labeling Act of 1939, which products contain, purport to contain, or in any way are represented as containing "wool," "reprocessed wool" or "reused wool," as those terms are defined in said act, do forthwith cease and desist from misbranding such products by;

1. Falsely or deceptively stamping, tagging, labeling, or otherwise identifying such products as to the character or amount of the constituent fibers therein.

2. Falsely or deceptively stamping, tagging, labeling or otherwise identifying such products, either directly or by implication, as to the country of origin thereof.

3. Failing to affix securely to or place on each such product a stamp, tag, label or other means of identification showing in a clear and conspicuous manner:

(a) The percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding five percentum of said total weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five percentum or more, and (5) the aggregate of all other fibers;

(b) The maximum percentage of the total weight of such wool product of any non-fibrous loading, filling or adulterating matter;

(c) The name or the registered identification number of the manufacturer of such wool product or of one or more persons engaged in introducing such wool product into commerce or in the offering for sale, sale, transportation, or distribution thereof in commerce, as "commerce" is defined in the Federal Trade Commission Act and in the Wool Products Labeling Act of 1939: *Provided*, That the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraphs (a) and (b) of section 3 of the Wool Products Labeling Act of 1939: *And provided further*, That nothing contained in this order shall be construed as limiting any applicable provisions of said act or the rules and regulations promulgated thereunder:

It is further ordered, That complaint herein be, and the same hereby is, dismissed as to Sarah Schwartz, named as respondent herein.

By "Decision of the Commission and Order to File Report of Compliance", Docket 6192, March 18, 1955, which announced and decreed fruition of said initial decision, report of compliance was required as follows:

It is ordered, That the respondent Max Schwartz, an individual trading as Max Schwartz Company, shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with the order to cease and desist.

Issued: March 18, 1955.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[F. R. Doc. 55-3666; Filed, May 4, 1955; 8:53 a. m.]

[File No. 21-106]

PART 21—STEEL OFFICE FURNITURE INDUSTRY

ORDER RESCINDING RULES

Whereas, on July 8, 1931, the Commission promulgated trade practice rules for the Steel Office Furniture Industry, which were codified in the Code of Federal Regulations (16 CFR Part 21); and

Whereas, it appears that said rules for this industry do not in some respects accurately reflect existing requirements of law, and members of this industry generally are not interested in having such rules revised; and

Whereas, under the circumstances proceedings for revision of the rules for this industry do not appear to be warranted;

It is ordered, That the said rules be and the same are hereby rescinded.

Issued: May 2, 1955.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[F. R. Doc. 55-3667; Filed, May 4, 1955; 8:53 a. m.]

TITLE 26—INTERNAL REVENUE

Chapter I—Internal Revenue Service, Department of the Treasury

Subchapter E—Administrative Provisions Common to Various Taxes

[T. D. 6133]

PART 458—INSPECTION OF RETURNS

INSPECTION OF CERTAIN RETURNS BY COMMITTEES OF CONGRESS OTHER THAN THOSE ENUMERATED IN SECTION 55 (d) OF THE INTERNAL REVENUE CODE OF 1939

§ 458.324 *Inspection of returns by committees of Congress other than those enumerated in section 55 (d) of the Internal Revenue Code of 1939.* (a) (1) Pursuant to the provisions of sections 55 (a), 508, 603, 729 (a), and 1204 of the Internal Revenue Code of 1939 (53 Stat. 29, 111, 171; 54 Stat. 989, 1008; 55 Stat. 722; 26 U. S. C. 55 (a), 508, 603, 729 (a), and 1204), any return with respect to income, excess-profits, declared value excess-profits, capital stock, estate, or gift tax imposed by the Internal Revenue Code of 1939 shall be open to inspection by any committee of the Congress, or

any subcommittee of a committee of the Congress, specially authorized to inspect such returns by an Executive order [1] issued under the aforementioned statutory provisions on or after the date of the approval of this section. Such inspection shall be subject to the conditions and restrictions imposed by the Executive order and the rules and regulations hereinafter prescribed.

(2) Only such of the aforementioned returns as are specified in a resolution adopted by the committee in accordance with the rules of the appropriate house of the Congress then applicable to the reporting of a measure or recommendation from such committee shall be open to inspection. Such resolution shall set forth the names and addresses of the taxpayers whose returns it is necessary to inspect and the taxable periods covered by the returns. The inspection of returns authorized in this section may be made by the committee of the Congress, or the subcommittee of a committee of the Congress, authorized as provided in subparagraph (1) of this paragraph, acting directly as a committee or as a subcommittee, or by or through such examiners or agents as such committee or subcommittee may designate or appoint in its written request hereinafter mentioned. Upon written request by the chairman of such committee or of such subcommittee to the Secretary of the Treasury, giving the names and addresses of the taxpayers whose returns it is desired to inspect and the taxable periods covered by the returns and stating that the resolution hereinbefore mentioned with respect to the inspection of such returns has been duly adopted by such committee or by the committee under which such subcommittee functions, the Secretary or any officer or employee of the Department of the Treasury, with the approval of the Secretary, shall furnish such committee or subcommittee with any data relating to or contained in any such return or shall make such return available for inspection by such committee or subcommittee or by the examiners or agents designated or appointed by such committee or subcommittee. Such data shall be furnished, or such return shall be made available for inspection, in an office of the Internal Revenue Service. Any information thus obtained by such committee or subcommittee shall be held confidential: *Provided, however,* That any portion thereof relevant or pertinent to the purpose of the investigation may be submitted by the investigating committee to the appropriate house of the Congress.

(3) This section shall not be applicable to any committee authorized by section 55 (d) of the Internal Revenue Code of 1939 to inspect returns.

(b) Because this section constitutes a general statement of policy and establishes a rule of Departmental practice and procedure, it is found that it is unnecessary to issue this section with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of that act.

(c) This section shall be effective upon its filing for publication in the FEDERAL REGISTER.

(53 Stat. 467; 26 U. S. C. 3791)

G. M. HUMPHREY,
Secretary of the Treasury.

Approved: May 3, 1955.

DWIGHT D. EISENHOWER,
The White House.

[F. R. Doc. 55-3698; Filed, May 3, 1955; 5:02 p. m.]

[1] See Title 3, Executive Orders 10606 and 10607, *supra.*

TITLE 26—INTERNAL REVENUE, 1954

Chapter I—Internal Revenue Service, Department of the Treasury

[T. D. 6131]

TEMPORARY RULES FOR DATES FOR DEPOSITING, PAYING AND FILING RETURNS OF CERTAIN EXCISE TAXES

Temporary rules relating to the dates for making deposits and payments and for filing excise tax returns by certain persons required to collect and pay over certain excise taxes imposed by the Internal Revenue Code of 1954.

In order to prescribe temporary rules relating to the dates for making deposits and payments of certain excise taxes and for the filing of returns of such taxes under the Internal Revenue Code of 1954, Treasury Decision 6118, approved December 30, 1954, as amended by Treasury Decision 6124, approved February 24, 1955 (20 F. R. 1204), is further amended by adding at the end thereof the following paragraph:

PAR. 24. *Dates for depositing, paying, and filing returns of certain excise taxes.* (a) The rules set forth in this paragraph prescribe the dates on which persons described in (b) hereof are required to file returns on Form 720 reporting the excise taxes imposed under section 4251 (communications), 4261 (transportation of persons), or 4271 (transportation of property), of the Internal Revenue Code of 1954 and the dates on which such persons are required to deposit and pay over such taxes to the United States. All other requirements relating to the filing of returns and the depositing and payment of such taxes set forth in the applicable regulations and Treasury Decision 6025, approved July 3, 1953, as made applicable to the Internal Revenue Code of 1954 by Treasury Decision 6091, signed August 16, 1954, remain in full force and effect.

(b) In the case of any person who obtained a permanent extension of time (which extension was in effect on December 31, 1954) for filing any return and making any deposit or payment of the taxes imposed under section 3465, 3469, or 3475 of the Internal Revenue Code of 1939, each quarterly return (Form 720) of the excise taxes imposed under section 4251, 4261, or 4271 of the Internal Revenue Code of 1954 shall be filed, and each deposit and payment of such excise taxes shall be made, on or before the last day which would have been fixed under such permanent extension of time for filing the return and for making the deposit and payment of the excise taxes imposed under the corresponding section of the Internal Revenue Code of 1939, as the case may be, if the Internal Revenue Code of 1939 had not been repealed.

Because the rules prescribed herein are of a liberalizing character, it is hereby found that it is unnecessary to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitations of section 4 (c) of said act.

(Sec. 7805, 68A Stat. 917; 26 U. S. C. 7805. Interprets or applies secs. 6071, 6302, 68A Stat. 749, 775; 26 U. S. C. 6302, 7805)

[SEAL] T. COLEMAN ANDREWS,
Commissioner of Internal Revenue.

Approved: April 29, 1955.

M. B. FOLSOM,
Acting Secretary of the Treasury.

[F. R. Doc. 55-3651; Filed, May 4, 1955; 8:49 a. m.]

Subchapter F—Procedure and Administration

[T. D. 6132]

PART 301—PROCEDURE AND ADMINISTRATION

INSPECTION OF CERTAIN RETURNS BY COMMITTEES OF CONGRESS OTHER THAN THOSE ENUMERATED IN SECTION 6103 (d) OF THE INTERNAL REVENUE CODE OF 1954

§ 301.6103 (a)-101 *Inspection of returns by committees of Congress other than those enumerated in section 6103 (d) of the Internal Revenue Code of 1954.* (a) (1) Pursuant to the provisions of section 6103 (a) of the Internal Revenue Code of 1954 (68A Stat. 753; 26 U. S. C. 6103 (a)), any return with respect to income, estate, or gift tax imposed by the Internal Revenue Code of 1954 shall be open to inspection by any committee of the Congress, or any subcommittee of a committee of the Congress, specially authorized to inspect such returns by an Executive order [1] issued under the aforementioned statutory provisions on or after the date of the approval of this section. Such inspection shall be subject to the conditions and restrictions imposed by the Executive order and the rules and regulations hereinafter prescribed.

(2) Only such of the aforementioned returns as are specified in a resolution adopted by the committee in accordance with the rules of the appropriate house of the Congress then applicable to the reporting of a measure or recommendation from such committee shall be open to inspection. Such resolution shall set forth the names and addresses of the taxpayers whose returns it is necessary to inspect and the taxable periods covered by the returns. The inspection of returns authorized in this section may be made by the committee of the Congress, or the subcommittee of a committee of the Congress, authorized as provided in subparagraph (1) of this paragraph, acting directly as a committee or as a subcommittee, or by or through such examiners or agents as such committee or subcommittee may designate or appoint in its written request hereinafter mentioned. Upon written request by the chairmen of such committee or of such subcommittee to the Secretary of the Treasury, giving the names and addresses of the taxpayers whose returns it is desired to inspect and the taxable periods covered by the returns and stating that the resolution hereinbefore mentioned with respect to the inspection of such returns has been duly adopted by such committee or by the committee under which such subcommittee functions, the Secretary or any officer or employee of the Department of the Treasury, with the approval of the Secretary, shall furnish such committee or subcommittee with any data relating to or contained in any such return or shall make such return available for inspection by such committee or subcommittee or by the examiners or agents designated or appointed by such committee or subcommittee. Such data shall be furnished, or such return shall be made available for inspection, in an office of the Internal Revenue Service. Any information thus obtained by such committee or subcommittee shall be held confidential: *Provided, however,* That any portion thereof relevant or pertinent to the purpose of the investigation may be submitted by the investigating committee to the appropriate house of the Congress.

(3) This section shall not be applicable to any committee authorized by section 6103 (d) of the Internal Revenue Code of 1954 to inspect returns.

(b) Because this section constitutes a general statement of policy and establishes a rule of Departmental practice and procedure, it is found that it is unnecessary to issue this section with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of that act.

(c) This section shall be effective upon its filing for publication in the FEDERAL REGISTER.

(Sec. 7805, 68A Stat. 917; 26 U. S. C. 7805. Interprets or applies sec. 6103, 68A Stat. 753; 26 U. S. C. 6103)

G. M. HUMPHREY,
Secretary of the Treasury.

Approved: May 3, 1955.

Chapter VII—Department of the Air Force

Subchapter F—Reserve Forces

PART 861—OFFICERS' RESERVE

MISCELLANEOUS AMENDMENTS

In § 861.1005, paragraph (b) is revised, a new paragraph (c) is added to § 861.1008 and paragraph (h) in § 861.1010 is revised as follows:

§ 861.1005 *Mobilization designation.* • • •

(b) *Ineligibility.* Mobilization designations will not be given to Reservists who are serving on extended active duty in any status. Obligors (meaning individuals having a Reserve obligation under Section 4, Universal Military Training and Service Act) will be assigned only to the Mobilization Assignment Reserve Section. They are not eligible for mobilization designation positions unless such assignment is approved by the Commander, Continental Air Command, or his authorized representative.

• • • • • •

§ 861.1008 *Requisitioning Air Force Reserve personnel.* • • •

(c) Career summaries will normally consist of reproduced copies of individual qualification records supplemented by additional pertinent information.

§ 861.1010 *Training.* • • •

(h) *Waivers of training requirements for mobilization designees.* Effective July 1, 1955, commanders will not grant waivers of minimum annual requirements for retention of active status. Waivers in effect on June 30, 1955 will terminate on that date.

• • • • • •

[AFR 45-3A, Mar. 31, 1955] (Sec. 251, 66 Stat. 495; 50 U. S. C. 1002. Interpret or apply secs. 101-259, 601-603, 66 Stat. 481-498, 501; 50 U. S. C. 901-1010, 1091-1093)

[SEAL] E. E. TORO,

Air Adjutant General.

[F. R. Doc. 55-3625; Filed, May 4, 1955; 8:45 a. m.]

PART 862—AIR FORCE RESERVE OFFICERS' TRAINING CORPS

MISCELLANEOUS AMENDMENTS

Paragraph (c) of § 862.78, the heading and paragraph (d) of § 862.81, and § 862.86 are revised as follows:

§ 862.78 *Definitions.* • • •

(c) *PAS—Professor of air science.* (References to "PAST" in §§ 862.76 to 862.87 will be changed to "PAS.")

• • • • • •

§ 862.81 *Selection of Air Force ROTC students for deferment.* • • •

(d) *Redeferments.* Students who have been deferred and whose deferments were subsequently canceled are not again eligible for deferment under §§ 862.76 to 862.87 without the approval of the Commandant, Air Force ROTC. The Commandant may delegate redeferment authority to PASs as desired.

§ 862.86 *Notification of local boards.* (a) When a student has signed a deferment agreement, the PAST will immediately furnish the local Selective Service System board concerned a statement of the student's deferment status. Paragraph 6 of DD Form 44, "Military Status of Individual," will be used for this purpose, and copies will be distributed as follows:

(1) Original to the appropriate local board.

(2) Duplicate to the student concerned.

(3) Triplicate to be retained in the Air Force ROTC unit file.

(4) Quadruplicate, when applicable, to the unit commander or the custodian of the person's records when the person concerned is concurrently a member of a Reserve component.

(b) Change of status of a student, after submission of original status notification, will be reported by the PAST to the local Selective Service System board concerned, within 72 hours, following the distribution procedure used for the original report. Paragraphs 8 and 9, DD Form 44, will be used for reporting changes of status when a student becomes ineligible for an Air Force ROTC deferment. Paragraphs 8 and 10, DD Form 44, will be used to report the appointment of an Air Force ROTC graduate as a commissioned officer. The "Remarks" section will be used when necessary for clarification of change of status.

(c) In addition to paragraphs (a) and (b) of this section, each PAS will submit, at the close of each calendar year, DD Form 44 for those cadets under Air Force ROTC deferment.

(d) The Air Force ROTC cadet who is deferred under §§ 862.76 to 862.87 will inform the PAS of the number and address of his local Selective Service System board and will inform the board concerned of his Air Force ROTC deferment status.

(e) If a local board fails or refuses to honor DD Form 44 for any member of the Air Force ROTC, the Director of Personnel Procurement and Training, Headquarters USAF, Washington 25, D. C., will be advised by the most expeditious means of all facts of the case. In addition, an information copy will be forwarded through command channels.

(f) When an Air Force cadet transfers to another institution having an Air Force ROTC unit, the following procedures will apply:

(1) The cadet will notify the PAS of the losing institution of his intention to transfer. The losing PAS will make

note of this intention, but will not take any immediate action.

(2) As soon as the cadet has registered at the gaining institution and has been regularly enrolled in the appropriate air science course, the gaining PAS will notify the losing PAS that:

(i) The cadet is regularly enrolled in Air Force ROTC.

(ii) The new DD Form 44 has been sent to the cadet's local Selective Service System board.

(3) The losing PAS will then drop the cadet from accountability and will submit a DD Form 44 to the local Selective Service System board rescinding the previous form and indicating the cadet has transferred to the gaining Air Force ROTC unit.

(g) PAS will cancel the deferment of all nonenrolled cadets at their institutions not later than October 15, after the fall enrollment and March 15, after the spring enrollment.

[AFR 45-52A, Feb. 2, 1955] (R. S. 161, sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22, 171a. Interpret or apply secs. 3, 6, 12, 62 Stat. 605, 609, 622, as amended; 50 U. S. C. App. 453, 456, 462)

Subchapter G—Personnel

PART 881—PERSONNEL REVIEW BOARDS

AIR FORCE DISABILITY REVIEW BOARD

Sections 881.30, 881.32, paragraphs (c), (d) and (e) of § 881.34, paragraphs (a), (b) and (c) of § 881.35, paragraph (b) of § 881.36 and § 881.38 are revised as follows:

§ 881.30 *Constitution and purpose.* The Air Force Disability Review Board (hereinafter referred to as the Review Board) is an administrative agency established within the Department of the Air Force pursuant to section 302 of the Servicemen's Readjustment Act of 1944, as amended (58 Stat. 287, as amended; 38 U. S. C. 693i), Transfer Order 16 (13 F. R. 3461), to review, at the request of an officer retired or released from active service, without pay for physical disability pursuant to the decision of a retiring board, disposition board or physical evaluation board, the findings and decisions of such board.

§ 881.32 *Application for review.* (a) Any officer desiring a review of his case will make a written application therefor on AF Form 436, "Application for Review of Department of the Air Force Retiring Board Proceedings," and AF Form 436a, "Supplement to Application for Review of the Department of the Air Force Retiring Board Proceedings."

(b) An application for review will not be granted unless received by the Department of the Air Force prior to June 22, 1959, or within 15 years after the date on which the officer was separated from the service or released to inactive service, without pay, for physical disability, whichever date is later.

(c) Upon receipt of an application for review, the Director of Military Personnel will note thereon the time of receipt thereof and, in cases where the jurisdiction for review by the Review Board is established, will assemble the originals or certified copies of all available service and/or other records pertaining to the health and physical condition of the applicant, including the record of the proceedings and findings of all retiring, disposition, and physical evaluation boards in question and the records of all administrative and/or executive action taken thereon. The records, together with the application and any supporting documents submitted therewith, will be transmitted to the president of the Review Board.

(d) Upon receipt of an application for review of the findings and decision of a disposition board, the Director of Military Personnel, in cases where the jurisdiction for review by the Review Board has been established, will authorize the applicant to appear at his own expense before a physical evaluation board. If the applicant then goes before a physical evaluation board and, after the usual administrative procedure, is certified for retirement pay benefits, a further review is not required. If the approved decision of the physical evaluation board is that the disability is not the result of an incident of the service or if the physical evaluation board finds that a disability does not exist, or if the officer states he does not desire to appear in person before a physical evaluation board, the Director of Military Personnel will then refer the case to the Review Board for review under section 302, of the Servicemen's Readjustment Act of 1944, as amended.

§ 881.34 *Hearings.* • • •

(c) An applicant may waive his right to a personal hearing in writing or by his failure to appear in person or by counsel at the appointed time and place. In the event of a waiver of appearance, the board will nevertheless consider the case on the record.

(d) In the conduct of its inquiries, the Review Board will not be limited by the restrictions of rules of evidence.

(e) In a case wherein it is advisable and practicable, the Review Board, upon its own motion, may request any Armed Forces medical facility to detail one or more medical officers to make a physical examination of the applicant, if available, and report the examination results either in person or by affidavit. When testifying in person at a hearing, such medical witnesses will be subject to cross-examination. Similarly, the medical members of the Review Board may examine the applicant, if available, and testify as witnesses concerning the results of the examination.

• • • • •

§ 881.35 *Findings and conclusions.* (a) The Review Board will make findings in closed session in each case. Such findings will include a finding affirming or reversing the findings of the retiring, disposition, or physical evaluation board under review and of the administrative action taken subsequent thereto, specifying which of the findings and administrative actions are affirmed and which are reversed.

(b) In the event the Review Board reverses any of such original findings, the Review Board will then make substitute findings for those reversed so that the affirmed and substituted findings will aggregate the following complete findings:

(1) Whether the applicant was permanently disabled for active service at the time of his separation from the service or released to inactive service.

(2) The cause or causes of the disability.

(3) The approximate date of origin of each disabling defect.

(4) The date the officer became disabled for active service.

(5) Whether the cause or causes of the disability was or was not an incident of the service.

(6) Whether the cause or causes of the disabiilty had been permanently aggravated by military service.

(7) Whether the disability for active service was or was not the result of an incident of the service.

(8) Whether the officer's disability was incurred in combat with an enemy of the United States.

(9) Whether the officer's disability, if incurred prior to January 1, 1951, resulted from an explosion of an instrumentality of war in line of duty, or whether the disability, if incurred subsequent to January 1, 1951, was caused by an instrumentality of war in line of duty.

(c) In the event the Review Board finds the officer permanently incapacitated for active service and that the incapacity was an incident of the service, it will make an additional finding specifying the grade in which the officer is entitled to be retired or to be certified for retirement pay benefits or the benefits provided by the Career Compensation Act of 1949 as amended (63 Stat. 802).

• • • • • •

§ 881.36 *Disposition of proceedings.* • • •

(b) Normally, all records of the proceedings of the Review Board will be without clasification. Upon written request from the applicant, his guardian, or legal representative, the Director of Military Personnel will furnish a copy of the proceedings of the Review Board, less any exhibits which may be found impracticable to reproduce, but which will include:

(1) A copy of the order appointing the Review Board.

(2) The findings of the retiring or physical evaluation board affirmed.

(3) The findings of the retiring or physical evaluation board reversed.

(4) The findings of the Review Board.

(5) The conclusions which were made by the Review Board.

(6) The directions of the Secretary of the Air Force.

If it should appear that furnishing this information would prove injurious to the physical or mental health of the applicant, the information will be furnished only to the guardian or legal representative of the applicant. The Director of Military Personnel, subject to the foregoing restrictions, will make available for inspection, upon request of the applicant, his guardian, or legal representative, a record of the proceedings of any case reviewed by the Review Board.

• • • • •

§ 881.38 *Rehearings.* (a) After the Review Board has reviewed a case and its findings and decision has been approved, the case normally will not be reconsidered, except on the basis of new, pertinent, and material evidence which might reasonably be expected to cause findings and decision other than those rendered as the result of the original review.

(b) Any officer desiring a rehearing of his case will make a written application therefor on AF Form 437, "Application for Review of Findings of the Department of the Air Force Disability Review Board."

[AFR 36-29, Sept. 29, 1954] (R. S. 161, sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22, 171a. Interpret or apply secs. 301, 302, 58 Stat. 286, 287, as amended; 38 U. S. C. 693h, 6931)

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix C—Public Land Orders

[Public Land Order 1139]

ALASKA

RESERVING CERTAIN PUBLIC LANDS FOR USE OF DEPARTMENT OF THE ARMY; PARTLY REVOKING PUBLIC LAND ORDER NO. 386 OF JULY 31, 1947

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, including the rights of natives based on occupancy, the following described public land in Alaska is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws and the mineral-leasing laws, and reserved in connection with lands withdrawn by Public Land Order No. 765 of November 23, 1951, for the use of the Department of the Army for military purposes:

NORTHWAY

Beginning at a point from which corner No. 4, U. S. Survey No. 2781, latitude 63°00'5" N., longitude 141°47'00" W., bears S. 32°06' E. 600 feet, and S. 2°08' W. 1,372.40 feet; thence N. 32°06' W., 200 feet; N. 57°54' E., 510 feet; S. 32°06' E., 200 feet; S. 57°54' W., 510 feet; to the point of beginning.

The area described contains 2.34 acres.

This order shall take precedence over, but not otherwise affect, the withdrawal for the Alaska Highway made by Public Land Order No. 601 of August 10, 1949.

Public Land Order No. 386 of July 31, 1947, withdrawing lands for various public purposes including classification and survey, is hereby revoked so far as it affects the above-described lands.

ORME LEWIS,
Assistant Secretary of the Interior.

APRIL 28, 1955.

[F. R. Doc. 55-3632; Filed, May 4, 1955; 8:46 a. m.]

[Public Land Order 1140]

ALASKA

WITHDRAWING LANDS FOR USE OF ALASKA ROAD COMMISSION; PARTIALLY REVOKING EXECUTIVE ORDER OF JUNE 13, 1899, AS AMENDED BY EXECUTIVE ORDER NO. 4131 OF JANUARY 22, 1925

By virtue of the authority vested in the President and purusant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public land in Alaska is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for use of the Alaska Road Commission:

Beginning at a point from which corner No. 1, U. S. Survey No. 353, being the intersection of the center of C Street, Eagle Townsite, with the left bank of the Yukon River, bears S. 21° 27' E., 170 feet and N. 68° 03' E., 1,008 feet, thence S. 68° 03' W., 300 feet; N. 21° 57' W., 300 feet; N. 68° 03' E., 300 feet; S. 21° 57' E., 300 feet to point of beginning.

The tract described contains 2.06 acres.

The Executive Order of June 13, 1899, as amended by Executive Order No. 4131 of January 22, 1925, withdrawing certain lands in Alaska for military purposes is hereby revoked so far as it affects the above-described lands.

ORME LEWIS,
Assistant Secretary of the Interior.

APRIL 28, 1955.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 941]

[Docket No. AO-101-A19]

MILK IN CHICAGO, ILLINOIS, MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENT AND TO ORDER, AS AMENDED, REGULATING HANDLING

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Century Room, LaSalle Hotel, La Salle and Madison Streets, Chicago, Illinois, beginning at 10:00 a. m., c. d. s. t., on May 9, 1955, for the purpose of receiving evidence with respect to amending the tentative marketing agreement and the order, as amended, regulating the handling of milk in the Chicago, Illinois marketing area.

Evidence will be received at the hearing with respect to only the price for Class I milk. References to the price for Class II milk contained herein are to be considered only as relating to changes which conform order provisions to proposed changes in the Class I price.

Specific proposed amendments which have been submitted are as follows:

By the Pure Milk Association:

1. In § 941.51 add a paragraph (d) as follows:

(d) Determine the number of qualified producers delivering milk during the most recent month. The Class I and Class II price differentials shall be increased or decreased ¾-cent per hundredweight for each 100 producers or major part thereof, more or less than 23,000.

2. In § 941.52 add another proviso to paragraph (a) (1) to read: "*Provided,* That such Class I price differentials shall be increased or decreased, respectively, 1½ cents per hundredweight for each full percent that the current supply-demand ratio is greater or less than 72 percent. The adjustments resulting from the above computations shall not exceed 24 cents per hundredweight."

3. In § 941.52 change paragraph (a) (1) to make Class I price differentials $1.10 per hundredweight for August, September, October and November, and 90 cents per hundredweight for all other months.

By the Pure Milk Products Cooperative:

4. Amend § 941.52 to provide for a Class I differential of $1.00 per hundredweight to be added to the basic formula price during each delivery period of the year.

5. Amend §§ 941.51 and 941.52 to provide for the elimination or modification of the supply-demand adjustor provision of Order 41 as it effects the Class I and Class II price differentials.

By the Pure Milk Association:

6. In § 941.52 (a) (3) and (b) (3) add the following:

Class I or Class II milk moved in bulk to unregulated plant(s) shall be classified separately and during the months of September, October and November, the price thereof shall be 70 cents per hundredweight higher than the price otherwise computed.

Any handler selling Class I or Class II milk in bulk to unregulated plant(s) during the months of April, May and

June may sell an equal quantity of Class I or Class II milk in bulk to unregulated plant(s) during the months of September, October and November of the same year without the 70 cents per hundredweight above described being applied.

By the Barron Cooperative Creamery; Wisconsin Cooperative Dairies, Inc.; Farmers Cooperative Creamery; and Falls Dairy, Inc.:

7. Delete § 941.52 (a) (3) and (b) (3) to eliminate the $0.70 higher price.

By the Dairy Division, Agricultural Marketing Service:

8. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

These proposed amendments have not received the approval of the Secretary of Agriculture. With respect to other proposals which have been submitted but are not included in this notice, hearing is deferred.

Copies of this notice of hearing and of the said order, as amended, may be procured from the Market Administrator, 73 West Monroe Street, Chicago 3, Illinois, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: May 2, 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 55-3663; Filed, May 4, 1955; 8:52 a. m.]

[7 CFR Part 987]

[Docket No. AO 252-A1]

MILK IN CENTRAL MISSISSIPPI MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER REGULATING HANDLING

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part, 900), notice is hereby given of a public hearing to be held in Assembly Room, State Office Building, Jackson, Mississippi, beginning at 1:00 p. m., local time, May 9, 1955, for the purpose of receiving evidence with respect to the proposed amendments hereinafter set forth, or appropriate modification thereof to the tentative marketing heretofore approved by the Secretary of Agriculture and to the order regulating the handling of milk in the Central Mississippi marketing area (7 CFR Part 987 et seq.). The proposed amendments have not received the approval of the Secretary of Agriculture.

The following amendments to the order regulating the handling of milk in the Central Mississippi marketing area are proposed by the Mississippi Milk Producers Association:

1. Amend § 987.90 by inserting the following as paragraph (d):

(d) (1) On or before the 13th and 26th days of each month in lieu of the payment pursuant to paragraphs (a) and (b) and (c) of this section, respectively, each handler shall pay to a cooperative association which so requests, with respect to producers for whose milk such cooperative association is authorized to collect payment, an amount equal to the sum of the individual payments otherwise payable to such producers;

(2) A copy of the request from the cooperative association to each handler for payment to the cooperative association of the sums due to such producers for whose milk such cooperative association is authorized to collect payment and a certified list of the members of such cooperative association for whom payment is requested shall be filed simultaneously with the handler and the market administrator by the cooperative and shall be subject to verification at the discretion of the market administrator through audit of the records of the cooperative association requesting payment. Exception, if any, to the accuracy of such certified list of members by a producer claimed to be a member or be a handler shall be made by written notice to the market administrator and shall be subject to his determination.

2. Reletter the present paragraph (d) of § 987.90 as paragraph (e).

3. Amend § 987.44 to effect the following: "That skim milk or butterfat transferred from a handler operating a supply plant to a handler operating a distributing plant shall be classified as Class II milk or that the classification of such milk between Class I and Class II shall be prorated on the basis of the relationship in total amount of milk received from such supply plant, and the regular current producers of the handler operating the distributing plant."

The following amendment to the order is proposed by the Dairy Division, Agricultural Marketing Service:

4. Make such changes as may be necessary to conform the provisions of the marketing agreement and order with any amendments thereto which may result from this hearing.

Copies of this notice of hearing, and the order now in effect, may be procured from the market administrator, Rooms 204-6, Fondren Bank Branch Building, 603 Duling Street, Jackson, Mississippi, or from the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington 25, D. C., or may be there inspected.

Dated: May 3, 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 55-3669; Filed, May 4, 1955; 8:54 a. m.]

CIVIL AERONAUTICS BOARD

[14 CFR Part 20]

PILOT AND INSTRUCTOR CERTIFICATES

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board a revision of Part 20 of the Civil Air Regulations.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rules, communications must be received by August 10, 1955. Copies of such communications will be available after August 15, 1955, for examination by interested persons at the Docket Section of the Board, Room 5412, Department of Commerce Building, Washington, D. C.

Currently effective Part 20 establishes requirements for the issuance of student, private, and commercial pilot certificates, and for aircraft, instrument, and instructor ratings. Experience under this part has shown that some of the standards are too specific while others are not specific enough. Moreover, it appears desirable to propose a number of substantive changes to this part. In view of the many changes being considered, a complete revision is being proposed.

The part, as proposed, is divided into several subparts of which the first contains general provisions that apply to all types of pilot certificates. Then there are subparts for student, private, and commercial pilot certificates, with each of these being further divided into requirements for airplane, glider, and rotorcraft ratings. Therefore, as an example, a person desiring a private pilot certificate with an airplane rating need refer only to the general requirements plus those listed under private pilot for airplanes. In addition, there are subparts which provide for the issuance of flight instructor certificates and additional aircraft and instrument ratings to persons holding pilot certificates, and the special issuance of pilot certificates, such as to persons who are or were rated pilots in the military services or hold a foreign pilot license.

The following specific changes have been incorporated in this notice:

(a) *Student pilot certificates.* (1) Student pilot certificates may be issued to applicants who are under the present minimum ages, but such student pilot certificates shall be limited to solo flights within the local flying area and under the direct supervision of a flight instructor. We have received several requests for waivers of the minimum age requirements for student pilots, and such a waiver has been granted for a controlled glider training program. The issuance of a restricted student pilot certificate to under-age applicants should succeed in arousing the interest of our youth in aviation before it is diverted to other channels. Moreover, it is believed that this change will not adversely affect safety.

(2) The parental consent requirement for minors has been deleted from this draft. This requirement does not seem to serve any realistic safety purpose, and appears to impose an undue burden on the applicant for a pilot certificate since persons less than 21 years of age are inducted into the armed services, can exercise property rights, can marry, and are able to secure automobile driving licenses without parental consent.

(3) The requirements for first solo and solo cross-country certificate endorsements for student pilots have been retained and expanded to include the instructional items which must be completed before the flight instructor will endorse a student's pilot certificate as evidence of his being qualified for first solo or for cross-country flights. It is anticipated that the modified requirements will improve the thoroughness of flight instruction and at the same time give the student a clearer understanding of the procedures and maneuvers in which he should receive instruction.

(b) *Private pilot certificates* — (1) *Powered aircraft.* (i) The minimum of 40 hours flight time is the same as at present, but 15 hours of solo time will be required in the particular category of powered aircraft, with 5 hours of solo cross-country required in airplanes, and 3 hours in rotorcraft for these respective ratings. The dual instruction required for first solo and solo cross-country endorsements takes the place of the presently required 15 hours of dual instruction which has been deleted in this draft.

(ii) The flight test has been modified to consist of basic air work and the satisfactory completion of the principal steps in making a cross-country flight. With this arrangement, the flight test can be completed on a single flight and still provide the examiner with a satisfactory basis for judging the applicant's ability to conduct a safe cross-country flight.

(2) *Glider.* The experience and skill requirements for a private pilot certificate with glider rating are unchanged except that the applicant's student pilot certificate must have been endorsed for first solo and solo cross-country to assure that he has had adequate dual flight instruction.

(c) *Commercial pilot certificates*— (1) *Airplanes.* The experience requirements are modified by requiring 50 hours in airplanes, and 50 hours of cross-country as pilot in command. A total of 15 hours of dual instruction in airplanes will be required. The specified flight time in the particular category of aircraft is included to make sure that an applicant with multiple-category flight time will have adequate experience in the category in which he is to be rated.

(2) *Rotorcraft.* Except for the 100 hours as pilot in command and the 20 hours of cross-country, all of the experience requirements and all of the flight test items are new.

(3) *Glider.* The experience requirements are modified by requiring the applicant to have had 3 hours of flight time in a glider suitable for cross-country flying. This change is in recognition of the advances made in soaring, and since a commercial glider pilot may give flight instruction in gliders, it seems reasonable that he should be competent to fly the advanced types of gliders.

(d) *Aircraft ratings.* (1) The requirements for securing an additional category rating are modified by adding a new experience requirement of 5 hours or 10 glider flights as appropriate, while serving as pilot in command in the category of aircraft for which a rating is sought. The applicant must also meet the total time requirement for the original issuance of his grade of certificate with the category rating sought.

(2) The applicant for an additional class or type rating must have made at least 3 take-offs and landings as pilot in command in the appropriate class or type of aircraft, and pass an appropriate flight test. It seems essential that the applicant have at least some experience as pilot in command in the class or type of aircraft for which he is to be rated.

(e) *Instrument rating.* The total instrument time is unchanged, but 10 hours of instrument flight instruction by a flight instructor with an instrument rating has been added. This instruction should result in a marked improvement in the competency of applicants for instrument ratings.

(f) *Flight instructor certificates.* The instructor rating which is now issued in connection with a basic pilot certificate is changed to a senior flight instructor certificate with the same indefinite duration as the rating and a new junior flight instructor certificate of two years' duration has been created. With this arrangement an applicant who qualifies for the initial issuance of a flight instructor certificate will receive a junior flight instructor certificate of limited duration that will enable him to gain some experience in giving flight instruction and to establish a record that he can use to substantiate his instructing ability as necessary for obtaining a senior flight instructor certificate of indefinite duration.

Also the flight instructor is required to endorse the student's record of each dual instruction flight and to keep his own record of his endorsements on student pilot certificates and of all flight instruction that he gives. This requirement will make it possible to give proper credit for good instruction as well as to place responsibility for student accidents attributable to improper or incompetent instruction.

It is anticipated that changing the flight instructor rating to an independent certificate will add prestige to the flight instructing profession and the instructor's pilot certificate need not necessarily be jeopardized by any action which may arise from his flight instruction activities. In addition, the introduction of the junior flight instructor certificate with its limited duration should encourage the new instructor to put forth greater effort in establishing a good record as a flight instructor and qualify for a senior flight instructor certificate.

Copies of the proposed revised part and charts comparing the proposed changes with currently effective certification and rating requirements are set forth below.

This revision is proposed under authority of Title VI of the Civil Aeronautics Act of 1938, as amended. The proposal may be changed in the light of comments received in response to this notice of proposed rule making.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601-610, 52 Stat. 1007-1012, as amended; 49 U. S. C. 551-560)

Dated at Washington, D. C., April 28, 1955.

20.118 Aeronautical skill.

Subpart G—Flight Instructor Certificates

20.120 Junior flight instructor certificates.
20.121 Renewal.
20.125 Senior flight instructor certificates.
20.126 Flight instructor responsibilities.
20.127 Validity and exchange of flight instructor ratings.
20.130 Definitions.

SUBPART A—GENERAL

§ 20.1 *Scope.* This part prescribes standards for the issuance of student, private, and commercial pilot and flight instructor certificates and aircraft and instrument ratings. Regulations for the issuance of airline transport and lighter-than-air pilot certificates are specified in Parts 21 and 22 of this subchapter.

§ 20.2 *Issuance.* (a) A student, private, or commercial pilot, or flight instructor certificate with appropriate aircraft ratings shall be issued by the Administrator to an applicant who meets the applicable requirements. Additional aircraft category, class, and type, and instrument ratings for which the pilot has been found qualified shall be issued in connection with a pilot certificate.

(b) An applicant for a pilot certificate who holds a currently effective pilot certificate issued by a foreign government may receive credit for those examinations and tests which he completed in securing his pilot certificate and which the Administrator has found to be at least the equivalent of those required in the Civil Air Regulations for the issuance of a comparable pilot certificate.

§ 20.3 *Duration of certificates.* (a) Student pilot and junior flight instructor certificates shall expire 24 calendar months after the date of issuance.

(b) Private and commercial pilot and senior flight instructor certificates shall remain in effect until surrendered, suspended, or revoked, or a general termination date is set by the Board.

(c) A temporary pilot certificate for a period not to exceed 90 days may be granted to an applicant pending issuance of the certificate or rating sought.

§ 20.4 *Application.* Application for a pilot certificate or any rating shall be made on a form furnished by the Administrator.

§ 20.5 *Administration of tests.* The prescribed examinations and tests shall be given by a person acceptable to the Administrator.

§ 20.6 *Physical examination.* Prior to taking a flight test for a pilot certificate or rating, the applicant shall hold a valid medical certificate appropriate to the certificate or rating sought.

§ 20.7 *Aircraft used in flight tests.* The applicant shall furnish a certificated aircraft suitable for the flight test prescribed for the certificate or rating sought.

§ 20.8 *Logging of flight time.* All flight time used to meet the experience requirements for any pilot certificate, rating, designation, or operating privilege shall be substantiated by a reliable record. The logging of other flight time is not required. Such record shall include the following information:

(a) *General.* (1) Date,
(2) Duration,
(3) Type of aircraft, and
(4) Identification mark.

(b) *Type of piloting.* (1) Pilot-in-command,
(2) Second pilot,
(3) Dual instruction, or
(4) Flight simulator.

(c) *Conditions of flight.* (1) Day VFR,
(2) Night VFR, or
(3) Instrument flight.

§ 20.9 *Change of address.* Within 30 days after any change in permanent address, the holder of a pilot certificate shall notify the Administrator in writing of such change. This notice shall be mailed to the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C.

§ 20.10 *Identification card.* The holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his personal possession a current airman identification card or other identification card acceptable to the Administrator which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

SUBPART B—STUDENT PILOT CERTIFICATES

AIRPLANE RATING

§ 20.11 *Age.* No age limit but if the applicant is less than 16 years of age a restriction shall be placed on his student pilot certificate requiring all solo flights to be under the direct supervision of a flight instructor and confined to the local flying area until the holder is 16 years of age.

§ 20.12 *Citizenship.* No requirements.

§ 20.13 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his student pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.14 *Physical standards.* The applicant shall hold at least a valid third class medical certificate issued in accordance with the physical standards prescribed in Part 29 of this subchapter.

§ 20.15 *Requirements for first solo.* A student pilot shall not operate an airplane in solo flight until:

(a) He is familiar with the general and visual flight rules of Part 60 of this subchapter and such preparatory procedures as preflight inspection and starting, warming-up, operating, and stopping the engine;

(b) He has received dual instruction in taxiing, take-offs, landings, and parking; traffic pattern procedures; level flight, turns, climbs, and glides; stalls and emergency landings; and recovery from spins unless the instruction is given in nonspinnable airplanes; and

(c) He has been found competent by a flight instructor to make solo flights, and authority therefor has been endorsed by such instructor on his student pilot certificate.

§ 20.16 *Flight area limitations.* A student pilot shall not operate an airplane outside of a local area designated by his flight instructor until:

(a) He is familiar with such flight planning steps as plotting courses, estimating time en route and fuel required, and obtaining and evaluating weather reports;

(b) He has received dual instruction in crosswind and simulated soft-field take-offs and landings; climbing and gliding turns at minimum safe speeds; cross-country navigation by reference to aeronautical charts; conforming with air traffic control instructions furnished by radio or lights as appropriate; safe operating practices in simulated emergencies which might occur due to engine failure, loss of flying speed, deteriorating weather, getting lost, and similar critical situations; and has had a demonstration of straight flight and turns solely by reference to instruments; and

(c) He has been found competent by a flight instructor to make solo cross-country flights and authority therefor has been endorsed by such instructor on his student pilot certificate.

§ 20.17 *Airplane type limitations.* A student pilot shall operate in solo flight only those types of airplanes that have been endorsed on his student pilot certificate by a flight insrtuctor.

ROTORCRAFT RATING

§ 20.20 *Age.* No age limit but if the applicant is less than 16 years of age a restriction shall be placed on his student pilot certificate requiring all solo flights to be under the direct supervision of a flight instructor and confined to the local flying area until the holder is 16 years of age.

§ 20.21 *Citizenship.* No requirements.

§ 20.22 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his student pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.23 *Physical standards.* The applicant shall hold at least a valid third class medical certificate issued in accordance with the physical standards prescribed in Part 29 of this subchapter.

§ 20.24 *Requirements for first solo.* A student pilot shall not operate a rotorcraft in solo flight until:

(a) He is familiar with the general and visual flight rules of Part 60 of this subchapter and such preparatory procedures as starting, warming-up operating, and stopping the engine;

(b) He has received dual instruction in taxiing, take-offs, hovering, landing, and parking; traffic pattern procedures; and emergency procedures, including engine failure; and

(c) He has been found competent by a flight instructor to make solo flights and authority therefor has been endorsed by such instructor on his student pilot certificate.

§ 20.25 *Flight area limitations.* A student pilot shall not operate a rotorcraft outside of a local flying area designated by his flight instructor until:

(a) He is familiar with such flight planning steps as plotting courses, estimating time en route and fuel required, and obtaining and evaluating weather reports;

(b) He has received dual instruction in pilotage by reference to aeronautical charts; conforming with air traffic control instructions furnished by radio or lights as appropriate; and safe operating practices in simulated emergencies which might occur due to engine failure, deteriorating weather, getting lost, and similar critical situations; and

(c) He has been found competent by a flight instructor to make solo cross-country flights and authority therefor has been endorsed on his student pilot certificate.

§ 20.26 *Rotorcraft type limitations.* A student pilot shall operate in solo flight only those types of rotorcraft that have been endorsed on his student pilot certificate by a flight instructor.

GLIDER RATING

§ 20.30 *Age.* No age limit but if the applicant is less than 14 years of age a restriction shall be placed on his student pilot certificate requiring all solo flights to be under the direct supervision of a flight instructor and confined to the local flying area until the holder is 14 years of age.

§ 20.31 *Citizenship.* No requirements.

§ 20.32 *Education.* The applicant must be able to speak and understand the English language, or an appropriate operation limitation shall be place on his student pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.33 *Physical standards.* The applicant shall certify that he has no known physical defect which renders him incompetent to pilot a glider.

§ 20.34 *Requirements for first solo.* A student pilot shall not operate a glider in solo flight until:

(a) He is familiar with the general and visual flight rules of Part 60 of this subchapter and the procedure to follow in conducting preflight inspections;

(b) He has received instruction in take-offs, landings, glides, and gliding turns; and recovery from stalls entered from all normally anticipated flight attitudes; and

(c) He has been found competent by a flight instructor to make solo flights, and authority therefor has been endorsed by such instructor on his student pilot certificate.

§ 20.35 *Flight area limitations.* A student pilot shall not operate a glider outside of a local area designated by his flight instructor until:

(a) He is familiar with obtaining and evaluating weather reports;

(b) He has received dual instruction in cross-country navigation by reference to aeronautical charts; and

(c) He has been found competent by a flight instructor to make solo cross-country flights, and authority therefor has been endorsed by such instructor on his student pilot certificate.

SUBPART C—PRIVATE PILOT CERTIFICATES

AIRPLANE RATING

§ 20.40 *Age.* 17 years.

§ 20.41 *Citizenship.* No requirements.

§ 20.42 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.43 *Physical standards.* The applicant shall hold at least a valid third class medical certificate issued in accordance with the physical standards prescribed in Part 29 of this subchapter.

§ 20.44 *Aeronautical knowledge.* The applicant shall pass an examination on the following:

(a) The Civil Air Regulations governing private pilot privileges and limitations, and general operating, air traffic, and accident reporting rules;

(b) The practical aspects of cross-country flying, including flight planning, map reading, pilotage, and radio communication procedures;

(c) The recognition of dangerous weather conditions and the evaluation of weather reports; and

(d) General safety practices in the operation of airplanes.

§ 20.45 *Aeronautical experience.* The applicant shall present his student pilot certificate appropriately endorsed for solo and cross-country flights and meet each of the following minimum flight experience requirements:

(a) 40 hours total flight time, including

(b) 15 hours of solo flight time in airplanes, and

(c) 5 hours of solo cross-country flying which shall include a landing at an airport more than 50 miles from the point of departure.

§ 20.46 *Aeronautical skill.* The applicant shall demonstrate a satisfactory level of competency in the following procedures and maneuvers:

(a) Preparatory flight procedures;

(b) Taxiing, take-off, and departure from the vicinity of the airport;

(c) Basic flight maneuvers, including 720° medium-banked turns, S-turns, climbing and gliding turns at minimum safe speeds, and power-on and power-off stalls;

(d) Cross-country air navigation;

(e) Arrival, approach, landing, taxiing, and parking at the airport; and

(f) Safe operating practices in simulated critical situations.

ROTORCRAFT RATING

§ 20.50 *Age.* 17 years.

§ 20.51 *Citizenship.* No requirements.

§ 20.52 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.53 *Physical standards.* The applicant shall hold at least a valid third class medical certificate issued in accordance with the physical standards prescribed in Part 29 of this subchapter.

§ 20.54 *Aeronautical knowledge.* The applicant shall pass an examination on the following:

(a) The Civil Air Regulations governing private pilot privileges and limitations, and general operating, air traffic, and accident reporting rules;

(b) The practical aspects of cross-country flying, including flight planning, map reading, pilotage, and radio communication procedures;

(c) The recognition of dangerous weather conditions and the evaluation of weather reports; and

(d) General safety practices in the operation of rotorcraft.

§ 20.55 *Aeronautical experience.* The applicant shall present his student pilot certificate appropriately endorsed for solo and cross-country flights and

meet each of the following minimum flight experience requirements:

(a) 40 hours total flight time, including

(b) 15 hours of solo flight time in rotorcraft, and

(c) 3 hours of solo cross-country flying which shall include a landing at an airport more than 25 miles from the point of departure.

§ 20.56 *Aeronautical skill.* The applicant shall demonstrate a satisfactory level of competency in the following procedures and maneuvers:

(a) Preparatory flight procedures;

(b) Taxiing, take-offs and landings, hovering, climbing and gliding turns, slow flight, and ground pattern flying; and

(c) Simulated emergencies, including an autorotative approach and landing.

GLIDER RATING

§ 20.60 *Age.* 16 years.

§ 20.61 *Citizenship.* No requirements.

§ 20.62 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.63 *Physical standards.* The applicant shall certify that he has no known physical defect which renders him incompetent to pilot a glider.

§ 20.64 *Aeronautical knowledge.* The applicant shall pass an examination on the following:

(a) The Civil Air Regulations which govern private pilot privileges and limitations, and general operating, air traffic, and accident reporting rules;

(b) The practical aspects of cross-country flying;

(c) The recognition of dangerous weather conditions and the evaluation of weather reports; and

(d) General safety practices in the operation of gliders.

§ 20.65 *Aeronautical experience.* The applicant shall present a student pilot certificate appropriately endorsed for solo and cross-country flights and meet each of the following minimum flight experience requirements:

(a) 10 hours of flight time which shall include 50 glider flights, of which at least 25 shall include 360° turns;

(b) 1 hour of flight instruction in recovery from stalls entered from all normally anticipated flight attitudes. Instruction in stalls may be given in airplanes; and

(c) Glider flights may be logged as flight time on the basis of 10 minutes for each glider flight.

§ 20.66 *Aeronautical skill.* The applicant shall demonstrate a satisfactory level of competency in the following procedures and maneuvers:

(a) At least 2 solo flights, of which one shall include a 360° approach to the left and one a 360° approach to the right, landing each time beyond and within 200 feet of a designated point or line; and

(b) Recovery from stalls entered from normally anticipated flight attitudes. Stalls may be demonstrated in airplanes.

SUBPART D—COMMERCIAL PILOT CERTIFICATES

AIRPLANE RATING

§ 20.70 *Age.* 18 years.

§ 20.71 *Citizenship.* No requirements.

§ 20.72 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.73 *Physical standards.* The applicant shall hold at least a valid second class medical certificate issued in accordance with the physical standards prescribed in Part 29 of this subchapter.

§ 20.74 *Aeronautical knowledge.* The applicant shall pass a written examination based on the following:

(a) The privileges and limitations of a commercial pilot;

(b) Meteorology, including the recognition of dangerous weather conditions, and the acquisition and use of weather information disseminated by the U. S. Weather Bureau;

(c) Navigation, including pilotage, dead reckoning, and the use of instruments and radio aids to air navigation;

(d) General principles of safe flight operations, including principles of flight and the operation and maintenance of airplanes; and

(e) Civil Air Regulations which govern general operating, air traffic, and accident reporting rules if the applicant does not hold a private pilot certificate.

§ 20.75 *Aeronautical experience.* The applicant shall have acquired at least 200 hours of flight time and meet each of the following minimum flight experience requirements.

(a) 100 hours in powered aircraft, of which 50 hours shall have been in airplanes;

(b) 100 hours as pilot in command, of which 50 hours shall have been cross-country and shall include one round-trip flight of not less than 350 miles in the course of which 3 full-stop landings are made at different points, one of which shall be not less than 150 miles away from the point of departure;

(c) 15 hours of dual instruction in airplanes;

(d) 10 hours of instrument flight experience which shall include not less than 5 hours of instrument flight instruction. The remaining 5 hours may be acquired in flight under simulated instrument conditions accompanied by a safety pilot or in a mechanical trainer equipped for simulated instrument flight; and

(e) An applicant who does not meet the instrument flight experience requirements of paragraph (d) of this section but does meet the other requirements may be issued a commercial pilot certificate and in that event the Administrator shall appropriately endorse such certificate to show that the holder thereof does not meet the instrument flight experience requirements. At such time as the holder of a certificate so endorsed submits reliable documentary evidence to the Administrator that he has met such instrument flight experience requirements, he shall be reissued a certificate without such endorsement.

§ 20.76 *Aeronautical skill.* The applicant shall demonstrate a satisfactory level of competency in the following procedures and maneuvers:

(a) Preparatory flight procedures;

(b) Taxiing, take-off, and departure from the vicinity of the airport with proper cognizance of other air traffic and traffic control procedures for the particular airport;

(c) Basic flight maneuvers such as turns, climbs, descents, and power-on and power-off stalls;

(d) Cross-country flight planning and flying such portion of a planned flight as will indicate ability to establish and maintain the appropriate course to proceed to the desired destination;

(e) Arrival, approach, landing, and parking at destination; and

(f) Safe operating practices in simulated critical situations.

ROTORCRAFT RATING

§ 20.80 *Age.* 18 years.

§ 20.81 *Citizenship.* No requirements.

§ 20.82 *Education.* The applicant shall be able to speak and understand the English language, or an appropriate operation limitation shall be placed on his pilot certificate. Such limitation shall be removed when he demonstrates his ability to speak and understand English.

§ 20.83 *Physical standards.* The applicant shall hold at least a valid second class medical certificate issued in accordance with the physical standards prescribed in Part 29 of this subchapter.

§ 20.84 *Aeronautical knowledge.* The applicant shall pass a written examination based on the following:

(a) The privileges and limitations of a commercial pilot;

(b) Meteorology, including the recognition of dangerous weather conditions, and the acquisition and use of weather information disseminated by the U. S. Weather Bureau;

(c) Navigation, including pilotage, dead reckoning, and the use of instruments and radio aids to air navigation;

(d) General principles of safe flight operations, including principles of flight and the operation and maintenance of rotorcraft; and

(e) Civil Air Regulations pertaining to air traffic and accident reporting rules if the applicant does not hold a private pilot certificate.

§ 20.85 *Aeronautical experience.* The applicant shall have acquired at least 150 hours of flight time and meet each of the following minimum flight experience requirements:

(a) 100 hours in powered aircraft, of which 40 hours shall have been in rotorcraft;

(b) 100 hours as pilot in command, of which 20 hours shall have been cross-country; and

(c) 25 hours of dual instruction in rotorcraft.

§ 20.86 *Aeronautical skill.* The applicant shall demonstrate a satisfactory level of competency in the performance of the following procedures and maneuvers:

(a) Preparatory flight procedures;

(b) Normal and crosswind take-offs and landings;

(c) Hovering upwind, downwind, and crosswind; and ground pattern flying with constant and changing headings;

(d) Simulated emergencies including running take-offs and autorotative landings;

(e) Cross-country flight planning and flying such portion of a planned flight as will indicate ability to establish and maintain the appropriate heading to proceed to the desired destination; and

(f) Such additional maneuvers or modifications of the above maneuvers as the examiner may deem advisable.

GLIDER RATING

§ 20.90 *Age.* 18 years.

§ 20.91 *Citizenship.* No requirements.

§ 20.92 *Education.* The applicant shall be able to speak and understand the English language or an appropriate operation limitation shall be placed on his pilot certificate. Such limitation shall be removed when he demonstates his ability to speak and understand English.

§ 20.93 *Physical standards.* The applicant shall certify that he has no known physical defect which renders him incompetent to pilot a glider.

§ 20.94 *Aeronautical knowledge.* The applicant shall pass a written examination based on the following:

(a) The privileges and limitations of a commercial pilot;

(b) Meteorology, including the recognition of dangerous weather conditions, and the acquisition and use of weather information disseminated by the U. S. Weather Bureau;

(c) Navigation, including pilotage, dead reckoning, and the use of navigational instruments;

(d) General principles of safe flight operations, including elementary aerodynamics and the operation and maintenance of gliders; and

(e) Civil Air Regulations which govern general operating, air traffic, and accident reporting rules if the applicant does not hold a private pilot certificate.

§ 20.95 *Aeronautical experience.* The applicant shall have acquired a total of 25 hours flight time and meet the following minimum experience requirements:

(a) 20 hours flight time in gliders;

(b) One hour of instruction in stalls entered from all normally anticipated flight attitudes;

(c) 100 flights in gliders as pilot in command;

(d) 25 glider flights with 360° right and left turns;

(e) 3 hours of flight time as a pilot in a glider suitable for cross-country flying; and

(f) Glider flights may be logged as flight time on the basis of 10 minutes for each flight.

§ 20.96 *Aeronautical skill.* The applicant shall demonstrate a satisfactory level of competency in the following procedures and maneuvers:

(a) Preflight check;

(b) At least 2 flights including a right and left 360° approach, landing each time not more than 200 feet beyond a line or point;

(c) Spiral in each direction of at least 3 full turns in a banked attitude of at least 45°;

(d) A glider flight when towed by an airplane during climb, and then above, below, and to one side of the slipstream during level flight;

(e) A glider flight when launched by an automobile or winch; and

(f) Stalls entered from all normally anticipated flight attitudes. Stalls may be demonstrated in airplanes.

SUBPART E—SPECIAL ISSUANCE OF PILOT CERTIFICATES

§ 20.100 *Certificated flying schools.* An applicant who presents reliable records showing that he has graduated from an approved course of a certificated flying school within the preceding 12 calendar months shall be deemed to have met the applicable aeronautical knowledge, experience, and skill requirements for the issuance of an appropriate certificate or rating.

§ 20.101 *Military competence* — (a) *Pilot certificates.* An applicant for a private or commercial pilot certificate who meets the appropriate flight experience requirements shall be deemed to have met the other requirements for the issuance of such certificate if he passes a written examination on the Civil Air Regulations pertaining to pilot privileges and limitations, general operating, air traffic, and accident reporting rules, and presents reliable evidence that:

(1) He is a member of the armed forces of the United States, the National Guard, or the Coast Guard or any reserve component thereof and either is on solo flying status as a rated pilot or the equivalent, or has been graduated from and rated as a pilot or the equivalent by a military flying school within the preceding 12 months; or

(2) He has been honorably discharged from the armed forces, the National Guard, or the Coast Guard within the preceding 12 months, and was at the time of discharge on solo flying status as a rated pilot or the equivalent: *Provided,* That if he has been honorably discharged for a period longer than 12 months preceding the date of application, he shall be required to meet the prescribed physical standards and pass the appropriate flight test.

(b) *Aircraft ratings.* The holder of a private or commercial pilot certificate or an applicant for such certificate on the basis of military competence shall be issued appropriate aircraft category, class, and type ratings upon presentation of reliable records showing that within the preceding 12 months he has flown at least 10 hours as pilot in command and sole manipulator of the controls in military aircraft of each category, class, and type for which a rating is sought.

(c) *Instrument rating.* An instrument rating shall be issued to a private or commercial pilot who holds a currently effective military instrument rating if the requirements for the issuance of such rating are not less than those for the issuance of an instrument rating under this part.

§ 20.102 *Physical deficiencies.* An applicant who presents a medical certificate with limitations imposed under a waiver of physical standards provisions of Part 29 of this subchapter shall be issued a pilot certificate endorsed to show the same limitations provided he meets all other requirements for the issuance of the certificate sought.

§ 20.103 *Foreign pilots.* A U. S. pilot certificate with appropriate limitations may be issued to an applicant who is a citizen of a foreign country and holds a currently effective pilot license issued by his government upon submitting to the Administrator reliable evidence of his aeronautical experience and passing an examination in the air traffic rules contained in Part 60 of this subchapter. Such certificate shall prohibit the transportation of passengers or cargo where a charge is made for such transportation and shall include such additional limitations as the Administrator finds necessary for safety including but not limited to those which may be required by reason of the pilot's inability to speak and understand the English language.

SUBPART F—AIRCRAFT AND INSTRUMENT RATINGS

AIRCRAFT RATINGS

§ 20.110 *Aircraft ratings.* Aircraft ratings issued to private and commercial pilot shall be classified as follows:

(a) *Category ratings.* (1) Airplane.

(2) Rotorcraft.

(3) Glider.

(b) *Airplane class ratings.* (1) Single-engine land.

(2) Multiengine land.

(3) Single-engine sea.

(4) Multiengine sea.

(c) *Type ratings.* Each type of airplane having a maximum certificated take-off weight of more than 12,500 pounds and each type of helicopter.

§ 20.111 *Additional aircraft ratings.* An applicant for an additional aircraft rating subsequent to the original issuance of a private or commercial pilot certificate shall meet the following requirements:

(a) *Category rating.* The applicant for an additional category rating shall:

(1) Meet the total time required for the original issuance of his grade of certificate with the category rating sought;

(2) Have served 5 hours as pilot in command of airplanes or rotorcraft as appropriate if the rating is sought in

one of these categories or have made 10 glider flights as pilot in command including 5 flights with 360° approaches if a glider rating is sought; and

(3) Pass an appropriate flight test.

(b) *Class or type rating.* An applicant for an additional class or type rating shall:

(1) Have made at least 3 take-offs and landings as pilot in command of an aircraft of the class or type for which a rating is sought; and

(2) Pass an appropriate flight test.

INSTRUMENT RATING

§ 20.115 *Issuance.* An instrument rating shall be issued to a private or commercial pilot who meets the following aeronautical knowledge, experience, and skill requirements:

§ 20.116 *Aeronautical knowledge.* The applicant shall pass a written examination based on the following:

(a) Civil Air Regulations as they apply to flight under IFR conditions;

(b) Radio navigation systems and procedures; instrument landing systems and procedures; radio communication procedures; and

(c) Meteorology, including the characteristics of air masses and fronts, and the weather associated with them; the elementary principles of forecasting; and the availability, evaluation, and utilization of the various types of meteorological reports.

§ 20.117 *Aeronautical experience.* The applicant shall have acquired at least 200 hours of flight time which shall include the following flight experience requirements:

(a) 150 hours of flight time as pilot in command, of which not less than 50 hours shall have been cross-country; and

(b) 40 hours of instrument time under actual or simulated instrument conditions, of which not less than 20 hours shall have been in flight and have included 10 hours of instrument flight instruction given by a rated flight instructor with an instrument rating.

§ 20.118 *Aeronautical skill.* The applicant shall demonstrate in flight the competent performance, solely by reference to instruments, of the following:

(a) Flight maneuvers, including recovery from critical altitudes, such as steep turns, spirals, and stalls, using the minimum instruments required in § 43.30 (c) of this subchapter;

(b) Planning and conducting a simulated instrument flight involving;

(1) Preparing and filing an instrument flight plan;

(2) Radio navigation;

(3) Radio communications;

(4) A standard instrument approach complying with traffic control instructions; and

(5) Recovery from emergency situations such as a missed aproach, radio or instrument failure, and failure of an engine if the test is conducted in a multiengine airplane.

SUBPART G—FLIGHT INSTRUCTOR CERTIFICATES

§ 20.120 *Junior flight instructor certificates.* A junior flight instructor certificate with appropriate ratings shall be issued to an applicant who meets the following requirements:

(a) He shall hold a valid airline transport or commercial pilot certificate or if he holds a private pilot certificate he shall meet the aeronautical knowledge, experience, and skill requirements for the issuance of a commercial pilot certificate;

(b) He shall show that he is familiar with the teaching methods and procedures to be used in effective flight instruction as set forth in the CAA Flight Instruction Manual; and

(c) He shall demonstrate in each category of aircraft in which he desires to give flight instruction his ability to teach the performance of such flight maneuvers and procedures as are necessary and appropriate for the safe piloting of that category of aircraft.

§ 20.121 *Renewal.* A junior flight instructor certificate may be renewed upon presentation by the holder of a flight instruction record satisfactory to the Administrator or upon a practical demonstration of continued competence.

§ 20.125 *Senior flight instructor certificates.* A senior flight instructor certificate with appropriate ratings shall be issued to an applicant who meets the following requirements:

(a) He has held a junior flight instructor certificate for a period of at least one year; and

(b) He has trained at least 5 successful candidates for pilot certificates or instrument ratings:

§ 20.126 *Flight instructor responsibilities.* A flight instructor shall be charged with the following responsibilities:

(a) He shall maintain a high standard of proficiency in giving flight instruction as evidenced by the ability of his students to maintain a satisfactory level of flight safety while under his supervision and to pass the certification and rating tests for which he has prepared them;

(b) He shall not certify a student for solo or solo cross-country flights until he has personally checked the student and found that he is competent to make such flights; and

(c) He shall endorse the student's record of each instruction flight and shall keep an accurate record of all flight instruction given and of each student pilot certificate that he endorses. Such record shall include the date and duration of the flight, the type of aircraft, the procedures or maneuvers taught, and the student's name and certificate number.

§ 20.127 *Validity and exchange of flight instructor ratings.* The holder of a flight instructor rating shall not exercise the privileges of such rating after two years beyond the effective date of this revision but he may exchange such rating for a senior flight instructor certificate at any time upon application to the Administrator without further showing of competence.

§ 20.130 *Definitions.*

Aircraft. Any contrivance now known or hereafter invented, used, or designed for navigation of or flight in the air.

Airplane. A power-driven, fixed-wing, heavier-than-air aircraft which is supported in flight by the dynamic reaction of the air against its wings.

Category of aircraft. A broad classification of aircraft with distinct configuration and flight characteristics such as airplane, rotorcraft, or glider.

Class of aircraft. A basic design of aircraft within a category differentiating between single and multiengine and land and water configurations.

Dual instruction time. Flight time during which a person is receiving flight instruction from an appropriately certificated flight instructor.

Day VFR flight time. That flight time acquired under visual flight rules between morning and evening civil twilight, as published in the "American Air Almanac" converted to local time for the locality concerned.

Flight Instructor. A certificated pilot authorized by the Civil Air Regulations to give flight instruction.

Flight time. The total time from the moment the aircraft first moves under its own power for the purpose of flight until the moment it comes to rest at the end of the flight.

Glider. A heavier-than-air aircraft the free flight of which does not depend principally upon a power generating unit.

Instrument flight time. That flight time during which the pilot is operating an aircraft solely by reference to instruments under actual instrument flight conditions.

Instrument time. That time during which a pilot is operating an aircraft under actual or simulated instrument flight conditions solely by reference to instruments, or time acquired in an approved synthetic instrument-training device.

Night VFR flight time. That flight time acquired under visual flight rules between evening civil twilight and morning civil twilight, as published in the "American Air Almanac" converted to local time for the locality concerned.

Pilot. A person holding a valid pilot certificate issued by the Administrator.

Pilot in command. A certificated pilot responsible for the operation and safety of the aircraft during the time defined as flight time.

Rotorcraft. A power-driven heavier-than-air aircraft which is supported during flight by one or more rotors.

Second pilot. A certificated pilot serving in any piloting capacity other than as pilot in command on an aircraft equipped with dual controls.

Simulated instrument flight time. That time during which the pilot is operating an aircraft solely by reference to instruments under simulated instrument flight conditions.

Simulated instrument time. That time during which the pilot is operating a synthetic instrument-training device acceptable to the Administrator.

Solo flight time. That flight time during which the pilot is the sole occupant of the aircraft.

Type of aircraft. A basic make and model of aircraft including only those modifications that do not result in a change in handling or flight characteristics.

PILOT CERTIFICATES

STUDENT PILOT

Qualifications		Airplanes	Rotorcraft	Gliders
Age	Old	16	16	14
	New	No age limit, but all solo flights by students under old age minimums must be confined to local flying area and under direct supervision of flight instructor.		
Education	Old	Read, write, speak, and understand English.		
	New	Speak and understand English.		

PRIVATE PILOT

Qualifications		Airplanes	Rotorcraft	Gliders
Education	Old	Read, write, speak, and understand English.		
	New	Speak and understand English.		
Knowledge		No substantive change.		
Experience	Old	40 hours. 15 dual. 25 solo. 10 solo X-C. 100 miles. Stalls.	40 hours. 15 dual. 25 solo. 10 solo X-C. 100 miles. Stalls.	10 hours. 100 glider flights. 25 360° approach. 1 hour stalls.
	New	40 hours. 15 solo airplane. 5 solo X-C. 50 miles. Stalls.	40 hours. 15 solo rotorcraft. 3 solo X-C. 25 miles.	10 hours. 50 glider flights. 25 360° approach. 1 hour stalls.
Skill		No substantive change.		

COMMERCIAL PILOT CERTIFICATES

Qualifications		Airplanes	Rotorcraft	Gliders
Education	Old	Read, write, speak, and understand English.		
	New	Speak and understand English.		
Knowledge		No substantive change.		
Experience	Old	200 hours. 100 p-in-c. 20 p-in-c X-C. 350 miles. 15 night. 10 instrument.	200 hours. 100 p-in-c. 20 p-in-c X-C. 350 miles. 5 night. 10 instrument.	250 flights or 25 hours and 125 flights. 25 360° approach. 1 hour stalls.
	New	200 hours. 15 dual airplanes. 100 power aircraft. 50 airplanes. 100 p-in-c. 50 p-in-c X-C. 350 miles. 10 instrument.	150 hours. 25 dual rotorcraft. 100 power aircraft. 40 rotorcraft. 100 p-in-c. 20 p-in-c X-C.	25 hours. 20 in gliders. 100 glider flights. 25 360° approach. 1 hour stalls.
Skill		No substantive change.		

PILOT RATINGS

Qualifications		Category	Class and type	Instrument
Experience	Old	Have total time for grade of certificate.	None	150 hours. 40 hours as p-in-c. 20 hours in flight. 150 hours p-in-c. 40 instrument. 20 in flight. 10 instrument flight instruction.
	New	Have total time for grade of certificate 5 hours p-in-c in power aircraft or 10 glider flights.	3 take-offs and landings.	

FLIGHT INSTRUCTOR CERTIFICATES

Qualifications		Junior flight instructor certificate (new)	Senior flight instructor certificate
Knowledge	Old		Written examination.
	New	Written examination	No examination.
Experience	Old		200 hours or commercial rating.
	New	200 hours or commercial rating	1 year as flight instructor and have trained 5 students.
Skill	Old		Skill and instructing flight test.
	New	Instructing flight test	None.
Duration	Old		Indefinite.
	New	2 years	Indefinite.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

SMALL TRACT CLASSIFICATION ORDER NO. 98

APRIL 29, 1955.

By virtue of the authority contained in the act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a) as amended and pursuant to delegation of authority contained in section 1.9 (o) Order No. 541 of April 21, 1954, Bureau of Land Management, it is ordered as follows:

1. Subject to valid existing rights, the public lands hereinafter described, which are situated in the Anchorage, Alaska Land District, are hereby classified as chiefly valuable for recreational purposes, as hereinafter indicated, for lease and sale under the Small Tract Act of June 1, 1938, supra:

SEAWARD MERIDIAN

T. 17 N., R. 4 W.,
Sec. 27: Lots 26–40, inclusive; E½ NE¼SW¼NE¼, W½NE¼SE¼NW¼; E½NW¼SE¼NW¼, W½NW¼SE¼NW¼; E½SW¼SW¼NW¼, E½SE¼NE¼SW¼.

Aggregating 21 tracts embracing 87.62 acres.

2. The classification of the above-described lands segregates them from all appropriations, including locations under the mining laws, except as to applications under the Small Tract Act and applications under the mineral leasing laws.

3. The lands involved are located at Mud Lake, which lies about 500 feet west of the west end of Big Lake. Big Lake is situated on the north side of the Knik Arm of Cook Inlet and is approximately 75 miles by highway northeasterly from Anchorage. It lies west of Wasilla and Palmer and is approximately 25 miles by highway from the latter. An all-weather highway connects the eastern end of Big Lake with Wasilla, Palmer, and the Territorial highway network. Mud Lake is connected to Big Lake by a narrow channel that is navigable by small and shallow-draft boats. With the exception of two tracts, all of the small tracts either have lake frontage on Mud Lake or on a small unnamed lake that lies immediately to the north of Mud Lake. The lands are generally covered with a mixed stand of spruce and birch. Muskeg is present on the imperfectly drained portions of some of the tracts. The terrain is generally level, however, the land lying between and separating the lakes consists of low-lying ridges. At the present time there is no electrical service to Mud Lake and none is anticipated in the near future. A store, several lodges and boat rental facilities are now operated at the east end of Big Lake. Stores, schools and

other public facilities and services are available in Wasilla and Palmer.

4. The individual tracts vary in size from 1.68 to 6.28 acres. The supplemental plat of survey showing the location of each tract can be secured for $1.00 from the Area Cadastral Engineering Office, Bureau of Land Management, Juneau, Alaska. Brochures which describe the area and contain sketch maps of the platting of the small tracts can be obtained free of charge from the Manager, Anchorage Land Office, Anchorage, Alaska. The appraised values of the tracts vary from $125 to $1120 per tract as shown below. Rights-of-way, 50 feet in width, for road purposes will be reserved as shown below.

MUD LAKE SMALL TRACT AREA—APPRAISAL SCHEDULE

Official description [1]	Acreage	Easement 50 feet	Advance rental (2 years)	Appraised value

E½SE¼NE¼SW¼	5.00	E	50	500

[1] From Supplemental Plat of Survey—Official Lot.

5. Leases will be issued for a term of two years and will contain an option to purchase in accordance with 43 CFR 257.13 (Circular 1899). Lessees who comply with the general terms and conditions of their leases will be permitted to purchase their tracts at the prices listed above at any time during the term of their leases providing that they have either (a) constructed the improvements specified in paragraph 6 or (b) filed a copy of an agreement in accordance with 43 CFR 257.13 (d). Leases will not be renewable unless failure to construct the required improvements is justified under the circumstances and nonrenewal would work an extreme hardship on the lessee.

6. To maintain their rights under their leases, lessees will be required to either (a) construct substantial improvements on their lands or (b) file a copy of an agreement with their neighbors binding them to construct substantial improvements on their lands. Such improvements must conform with health, sanitation, and construction requirements of local ordinances and must, in addition, meet at least the following minimum standards. The house must be of sound construction suitable for occasional residence, be on a permanent foundation, contain at least 120 square feet of floor space (outside measure), and contain a minimum of one door and one window. The house must be built in a workmanlike manner out of attractive materials properly finished. Adequate disposal and sanitary facilities must be installed.

7. Beginning at 10:00 a. m. on June 22, 1955, the lands will be open to filing of drawing-entry cards (Form 4–775) only by persons entitled to veterans' preference. In brief, persons entitled to such preference are (a) honorably discharged veterans who served in the armed forces of the United States for a period of at least 90 days after September 15, 1940, (b) surviving spouse or minor orphan children of such veterans through a legally authorized representative, and (c) with the consent of the veteran, the spouse of living veterans. The 90-day requirement does not apply to veterans who were discharged on account of wounds or disability incurred in the line of duty or the surviving spouse or minor children of veterans killed in the line of duty. Drawing-entry cards (Form 4–775) are available upon request from the Manager, Anchorage Land Office, Anchorage, Alaska.

Drawing-entry cards will be accepted if filled out in compliance with the instructions on the form and submitted to the above named official prior to 10:00 a. m. on July 13, 1955. A drawing will be held on that date to select the successful entrants who will be sent copies of the lease form, Form 4–776, with instructions as to their execution and return and as to payment of fees and rentals. All entrants will be notified of the results of the drawing.

For a period of 91 days or until the close of business on October 11, 1955, any tracts remaining unappropriated will be subject to filing in the order received by qualified veteran applicants. Such filings will be executed upon the lease form, Form 4–776.

During the 21 day period extending between 10:00 a. m. on September 21, 1955, and October 12, 1955, drawing-entry cards will be accepted from the general public on any unappropriated parcels of the subject land, however, during this 21 day period veteran priority rights still prevail. A drawing will be held at 10:00 a. m. on October 12, 1955, to select successful entrants, after which the unappropriated portions of the subject land will be open to application under this classification in order of filing. All entrants will be notified of the results of the drawing and successful entrants will be sent copies of the lease forms with instructions as to their execution.

The filing of the lease form, Form 4–776, must be accompanied by a filing fee of $10.00 plus the advance rental specified above. The advance rental is determined as being a sum which amounts to 1/20th of the appraised value of the land for each of two years under lease and rounded to the nearest five dollars. The advance rental for any unexpired full lease year, if any, subsequent to the filing of the application to purchase, will be subtracted from the sale price of the land as shown above. Failure to transmit the filing fee and the advance rental with the application will render the application invalid. Advance rentals will be returned to unsuccessful applicants. All filing fees will be retained by the United States.

8. All valid applications filed prior to June 10, 1953, will be granted the preference right provided for by 43 CFR 257.5 (a).

LOWELL M. PUCKETT,
Area Administrator.

[Amdt. 1]

ALASKA

SMALL TRACT CLASSIFICATION ORDER NO. 61 AND NOTICE OF OPENING

APRIL 27, 1955.

1. Pursuant to authority delegated to me by Bureau Order No. 541, dated April 21, 1954 (19 F. R. 2473), I hereby amend Small Tract Classification Order No. 61, dated July 14, 1952, to read as follows:

SHEEP MOUNTAIN AREA

INDEX LAKE SMALL TRACT GROUP

For Lease and Sale; For Recreational Sites

Seward Meridian:
T. 20 N., R. 8 E.,
Section 23: Lots 4, 6, 7, N½NW¼NE¼ SW¼.

Comprising 4 tracts aggregating 10.84 acres.

2. The classification of the above-described lands as amended by this order segregates them from all appropriations, including locations under the mining laws, except as to applications under the Small Tract Act and applications under the mineral leasing laws.

3. The lands are located approximately one-half mile from the Glenn Highway at approximately eighty-eight and one-half miles from Anchorage. A dirt road leads from the Glenn Highway to Index Lake Bible Camp which is located just west of the small tracts. This road can be considered as a fair weather road only.

4. The individual tracts vary in size from 0.98 to 5.00 acres. The supplemental plat of survey showing the location of each tract can be secured for $1.00 from the Area Cadastral Engineering Office, Bureau of Land Management, Juneau, Alaska. Brochures which describe the area and contain sketch maps of the platting of the small tracts can be obtained free of charge from the Manager, Anchorage Land Office, Anchorage, Alaska. The appraised values of the tracts vary from $50 to $150 per tract as shown below. Rights-of-way, 50 feet in width, for road purposes will be reserved as shown below.

APPRAISAL SCHEDULE

Official description	Acreage	Advance rental	Easements	Appraised value
Seward Meridian, sec. 23, T. 20 N., R. 8 E.:				
Lot 4	2.90	$15		$125
Lot 6	0.98	10	N	50
Lot 7	1.96	10	N	100
N½NW¼NE¼SW¼	5.00	15	N and W	150

5. Leases will be issued for a term of two years and will contain an option to purchase in accordance with 43 CFR 257.13 (Circular 1899). Lessees who comply with the geenral terms and conditions of their leases will be permitted to purchase their tracts at the prices listed above at any time during the term of their leases providing that they have either (a) constructed the improvements specified in paragraph 6 or (b) filed a copy of an agreement in accordance with 43 CFR 257.13 (d). Leases will not be renewable unless failure to construct the required improvements is justified under the circumstances and nonrenewal would work an extreme hardship on the lessee.

6. To maintain their rights under their leases, lessees will be required to either (a) construct substantial improvements on their lands or (b) file a copy of an agreement with their neighbors binding them to construct substantial improvements on their lands. Such improvements must conform with health, sanitation, and construction requirements of local ordinances and must, in addition, meet at least the following minimum standards. The house must be of sound construction suitable for occasional residence, be on a permanent foundation, contain at least 120 square feet of floor space (outside measure), and contain a minimum of one door and one window. The house must be built in a workmanlike manner out of attractive materials properly finished. Adequate disposal and sanitary facilities must be installed.

7. Beginning at 10:00 a. m. on June 22, 1955, the lands will be open to filing of drawing-entry cards (Form 4–775) only by persons entitled to veterans' preference. In brief, persons entitled to such preference are (a) honorably discharged veterans who served in the armed forces of the United States for a period of at least 90 days after September 15, 1940, (b) surviving spouse or minor orphan children of such veterans through a legally authorized representative, and (c) with the consent of the veteran, the spouse of living veterans. The 90-day requirement does not apply to veterans who were discharged on account of wounds or disability incurred in the line of duty or the surviving spouse or minor children of veterans killed in the line of duty. Drawing-entry cards (Form 4–775) are available upon request from the Manager, Anchorage Land Office, Anchorage, Alaska.

Drawing-entry cards will be accepted if filled out in compliance with the instructions on the form and submitted to the above named official prior to 10:00 a. m. on July 13, 1955. A drawing will be held on that date to select the successful entrants who will be sent copies of the lease form, Form 4–776, with instructions as to their execution and return and as to payment of fees and rentals. All entrants will be notified of the results of the drawing.

For a period of 91 days or until the close of business on October 11, 1955, any tracts remaining unappropriated will be subject to filing in the order received by qualified veteran applicants. Such filings will be executed upon the lease form, Form 4–776.

During the 21 day period extending between 10:00 a. m. on September 21, 1955, and October 12, 1955, drawing-entry cards will be accepted from the general public on any unappropriated parcels of the subject land, however, during this 21 day period veteran priority rights still prevail. ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

APRIL 27, 1955.

An application, serial number Anchorage 028162, for the withdrawal from all forms of appropriation under the public land laws, including the mining and mineral leasing laws of the lands described below was filed on October 18, 1954, by Alaska Road Commission.

The purposes of the proposed withdrawal: Permanent type cap and powder magazine site.

For a period of 60 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Area Administrator, Area 4, Bureau of Land Management, Department of the Interior, at Box 480, Anchorage, Alaska. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a notice of determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

U. S. Survey No. 3312, Tract C: Lots 18A and 19A.

Containing 9.00 acres.

LOWELL M. PUCKETT,
Area Administrator.

[F. R. Doc. 55-3636; Filed, May 4, 1955; 8:47 a. m.]

[Doc. 38]

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

An application, serial number Arizona 017159, for the withdrawal from location, sale and entry, under the General Mining laws of the lands described below, subject to valid and existing rights, was filed on September 27, 1954, by United States Department of Agriculture.

The purpose of the proposed withdrawal: Administrative sites, public service sites, recreation areas, or for other public purposes as set forth specifically with regard to each area or description.

For a period of thirty days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the State Supervisor, Bureau of Land Management, Department of the Interior, at Room 233-A Main Post Office Building, Phoenix, Arizona. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a notice of determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

Total area: 160 acres.

Greer Administrative Site

T. 7 N., R. 27 E.,
Sec. 1: SW¼SE¼;
Sec. 12: SE¼NW¼, W½NE¼.

Total area: 160 acres.

Greer Recreation Area

T. 7 N., R. 27 E.,
Sec. 1: Lots 1, 2, 3, 4, S½N½, N½SE¼, SE¼SE¼, NE¼SW¼;
Sec. 2: Lot 1, SE¼NE¼;
Sec. 12: SW¼NW¼, S½, E½NE¼;
Sec. 13: W½;
Sec. 14: SE¼SW¼, S½SE¼;
Sec. 23: NE¼, E½NW¼;
Sec. 24: W½NW¼.
T. 7 N., R. 28 E.,
Sec. 6: Lots 1, 3, 4, 5, 6, 7, SE¼NW¼, E½SW¼, S½SE¼, E½W½NE¼SE¼, E½NE¼SE¼, E½SE¼NE¼;
Sec. 7: Lots 1, 2, E½NW¼, NE¼.
T. 8 N., R. 27 E.,
Sec. 22: N½, SW¼, N½SE¼, SW¼SE¼;
Sec. 23: N½, SE¼, N½SW¼, SE¼SW¼;
Sec. 24: SW¼;
Sec. 25: W½;
Sec. 26: W½SW¼, S½NW¼, NE¼NW¼, N½NE¼, N½S½NE¼, N½S½S½NE¼, S½SW¼SW¼NE¼, SE¼SE¼SE¼NE¼, NE¼NE¼NE¼SE¼, NW¼SE¼, W½W½NE¼SE¼, S½S½SE¼SE¼;
Sec. 27: S½NE¼, NW¼NE¼, NW¼;
Sec. 35: E½, SW¼, S½NW¼, NW¼NW¼;
Sec. 36: All.
T. 8 N., R. 28 E.,
Sec. 31: Lots 7 and 8.

Total area: 6226.08.

Hannagan Forest Camp

T. 3 N., R. 29 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 3: NE¼SE¼.

Total area: 40 acres.

Hannagan Ranger Station Administrative Site

T. 3 N., R. 29 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 2: W½NW¼;
Sec. 3: NE¼.
T. 4 N., R. 29 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 34: SE¼;
Sec. 35: E½SW¼.

Total area: 480 acres.

Hay Lake Ranger Station Administrative Site

T. 7 N., R. 28 E.,
Sec. 18: NE¼, E½NW¼, NE¼SW¼, NW¼SE¼.

Total area: 320 acres.

Iris Ranger Station Administrative Site

T. 9 N., R. 27 E.,
Sec. 32: W½SE¼, E½SW¼.

Total area: 160 acres.

Isabel Spring Forest Camp

T. 4½ N., R. 30 E.,
Sec. 23: S½.

Total area: 320 acres.

Jackson Creek Forest Camp

T. 5 N., R. 31 E.,
Sec. 19: NE¼SW¼.

Total area: 40 acres.

KP Cienega Forest Camp

T. 3 N., R. 29 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 28: S½NW¼, N½SW¼.

Total area: 160 acres.

Luna Lake Recreation Area

T. 5 N., R. 31 E.,
Sec. 8: SE¼SE¼;
Sec. 9: S½;
Sec. 16: N½, N½N½SE¼;

Total area: 902.5 acres.

Mexican Hay Lake Recreation Area

T. 7 N., R. 28 E.,
Sec. 1: Lots 3, 4, S½NW¼, SW¼;
Sec. 2: All.
T. 8 N., R. 28 E.,
Sec. 35: SE¼;
Sec. 36: SW¼.

Total area: 1,276.76 acres.

Middle Blue Forest Camp

T. 3 N., R. 31 E.,
Sec. 22: NE¼NW¼.

Total area: 40 acres.

Nutrioso Ranger Station Administrative Site

T. 6 N., R. 30 E.,
Sec. 6: Lots 2, 5, N½N½SE¼NW¼, N½NW¼SW¼NE¼.

Total area: 93.32 acres.

Pat Knoll Ranger Station Administrative Site

T. 7 N., R. 29 E.,
Sec. 29: NW¼.

Total area: 160 acres.

Phelps Ranger Station Botanical Area

T. 6 N., R. 27 E.,
Sec. 9: S½SE¼NE¼, NE¼SE¼, E½NW¼SE¼;
Sec. 10: W½NW¼SW¼.

Total area: 100 acres.

P. S. Forest Camp

T. 4 N., R. 28 E.,
Sec. 11: N½NW¼, SE¼NW¼.

Total area: 120 acres.

Seven Springs Draw Recreation Area

T. 6 N., R. 28 E.,
Sec. 4: All;
Sec. 9: N½N½.

Total area: 800.60 acres.

Sheep Crossing Forest Camp

T. 7 N., R. 27 E.,
Sec. 33: S½NW¼, N½SW¼.

Total area: 160 acres.

Sheep Spring Recreation Area

T. 8 N., R. 26 E.,
Sec. 26: SW¼SE¼.

Total area: 40 acres.

South Fork Campground Recreation Area

T. 8 N., R. 28 E.,
Sec. 20: W½NE¼, NE¼NW¼.

Total area: 120 acres.

Three Forks Recreation Area

T. 5 N., R. 29 E.,
Sec. 5: Lots 3, 4, S½NW¼, SW¼;
Sec. 6: Lots 1, 2, 3, 4, 5, 6, S½NE¼, SE¼NW¼, NE¼SE¼;
Sec. 8: NW¼NW¼.

Total area: 761.56 acres.

Upper-Blue Forest Camp

T. 4 N., R. 32 E.,
Sec. 18: SW¼NE¼, S½NW¼NE¼, SE¼NW¼, S½NE¼NW¼.

Total area: 120 acres.

Water Canyon Ranger Station Administrative Site

T. 8 N., R. 29 E.,
Sec. 21: Lots 5 and 6;
Sec. 28: Lots 5, 6, 11 and 12.

Total area: 253.13 acres.

West Fork Black River Forest Camps

T. 5 N., R. 28 E.,
Sec. 29: S½SW¼;
Sec. 30: E½SE¼;
Sec. 32: W½NE¼, NE¼NW¼, N½SE¼, Lots 3 and 4.

Total area: 434.79 acres.

APACHE NATIONAL FOREST

FIRE LOOKOUT STATIONS

Bear Mountain Lookout

T. 2 N., R. 31 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 9: SE¼NW¼.

Total area: 40 acres.

Blue Lookout

T. 3 N., R. 29 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 36: SW¼NE¼, E½SE¼NW¼.

Total area: 60 acres.

Escudilla Lookout

T. 6 N., R. 31 E.
Sec. 6: Lot 4.
T. 7 N., R. 31 E.
Sec. 31: SE¼SW¼.

Total area: 80.10 acres.

P. S. Lookout

T. 4 N., R. 28 E.
Sec. 9: NE¼SE¼.

Total area: 40 acres.

Reno Lookout

T. 3 N., R. 28 E., unsurveyed—expected to be legally described when surveyed, as follows:
Sec. 10: SE¼NE¼, NE¼SE¼;
Sec. 11: W½SW¼NW¼.

Total area: 100 acres.

APACHE NATIONAL FOREST

ROADSIDE ZONES

Arizona State Highway No. 73, Roadside Zone

A strip of land 200 feet on each side of the center line of Arizona State Highway No. 73 where it traverses forest land, through the following legal subdivisions:

T. 8 N., R. 26 E.,
Sec. 25: S½SE¼;
Sec. 26: S½SE¼, SE¼SW¼, Lot 1;
Sec. 35: Lot 2;
Sec. 36: NE¼NE¼.
T. 8 N., R. 27 E.,
Sec. 22: S½NE¼, W½SE¼, S½SW¼;
Sec. 23: S½NW¼, S½NE¼, NE¼NE¼;
Sec. 24: Lots 3 and 4;
Sec. 27: N½NW¼, SW¼NW¼;
Sec. 28: E½NE¼, SW¼NE¼, NW¼SE¼, N½SW¼, SW¼SW¼;
Sec. 29: NE¼SE¼, S½SE¼, S½SW¼;
Sec. 31: NE¼NW¼, Lot 1, N½NE¼;
Sec. 32: N½NW¼.

U. S. Highway No. 260, Roadside Zone

A strip of land 200 feet on each side of the center line of U. S. Highway No. 260, where it traverses Forest land, through the following legal subdivisions:

T. 5 N., R. 30 E.,
Sec. 2: SW¼NW¼;
Sec. 3: Lot 1, except area in conflict with H. E. 0140 (patented 12–19–10);

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

An application, Serial No. Arizona 08550, for the withdrawal from location, sale, and entry, under the General Mining Laws of the lands described below, subject to valid and existing rights, was filed on April 12, 1955, by the United States Department of Agriculture.

The purpose of the proposed withdrawal: Administrative sites, recreation areas, or for other public purposes as set forth specifically with regard to each area or description within the Coconino National Forest.

For a period of thirty days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the State Supervisor for Arizona, Bureau of Land Management, 233-A Post Office Building, Phoenix, Arizona. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a notice of determination if the application is rejected. In either case a separate notice will be sent to each interested party of record.

The lands involved in the application are:

GILA AND SALT RIVER MERIDIAN

COCONINO NATIONAL FOREST

Bakers Butte Lookout Site

T. 12 N., R. 9 E.,
Sec. 2: S½SW¼NW¼SW¼, SW¼SE¼NW¼SW¼, NW¼SW¼SW¼, W½NE¼SW¼SW¼, N½SW¼SW¼SW¼, NW¼SE¼SW¼SW¼;
Sec. 3: SE¼SE¼NE¼SE¼, E½NE¼SE¼SE¼, NE¼SE¼SE¼SE¼.

Total area: 40.0 acres.

Buck Mountain Lookout Site

ARIZONA

SMALL TRACT CLASSIFICATION ORDER NO. 33

APRIL 28, 1955.

1. Pursuant to authority delegated to me by Bureau Order No. 541, dated April 21, 1954 (19 F. R. 2473), I hereby classify the following described public lands totalling 251.48 acres in Maricopa County, Arizona, as suitable for lease and sale for residence purposes under the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended:

GILA AND SALT RIVER MERIDIAN

T. 4 N., R. 3 E., Maricopa County, Arizona,
Sec. 5: S½N½, Lots 5 to 36, inclusive.

2. Classification of the above-described lands by this order segregates them from all appropriations, including locations under the mining laws, except as to applications under the Small Tract Act and applications under the mineral leasing laws.

3. The lands are located approximately seven miles north of Phoenix and one and one-half miles east of the Black Canyon Highway. The topography is from gently sloping to moderately steep with the drainage in a southerly direction. Culinary water is not available from any presently developed source. Schools, stores and other public facilities are available in the city of Phoenix. Rock outcrops in places but for the most part the area is covered with a sandy soil of varying depth. The climate is arid with an average annual precipitation of about eight inches. The summers are long and hot with temperature of 110° not uncommon. The winters are mild but killing frosts may occur in December, January and February. The vegetation is sparse and includes creosote, paloverde, saguaro and many other species of cacti.

4. Lots 5 to 36, inclusive, vary in size from 2.50 to 3.23 acres and are all rectangular in shape. A plat of survey, showing the location of each lot, is on file in the Land Office, Room 251, Main Post Office Building, Phoenix, Arizona. The tracts in the S½N½ of said Section 5 are all 2½ acres in size and are described by legal subdivisions. The appraised price is $50.00 per tract. Rights-of-way thirty three feet in width for streets, roads and public utilities will be reserved on section lines and quarter, sixteenth and sixty-fourth subdivision lines.

5. Leases will be issued for a term of three years and will contain an option to purchase in accordance with 3 CFR 257.13. Lessees who comply with the general terms and conditions of their leases will be permitted to purchase their tracts at the price listed above provided that during the period of their leases they either (a) construct the improvements specified in paragraph 6 or (b) file a copy of an agreement in accordance with 43 CFR 257.13 (d). Leases will not be renewable unless failure to construct the required improvements is justified under the circumstances and nonrenewal would work an extreme hardship on the lessee.

6. To maintain their rights under their leases, lessees will be required either (a) to construct substantial improvements on their lands or (b) file a copy of an agreement with their neighbors binding them to construct substantial improvements on their lands. Such improvements must conform with health, sanitation, and construction requirements of local ordinances and must, in addition, meet the following standards. The home must be suitable for year-round use, on a permanent foundation and with a minimum of 500 square feet of floor space. The homes must be built in a workmanlike manner out of attractive materials properly finished. Adequate disposal and sanitary facilities must be installed.

7. Applicants must file, in duplicate, with the Manager, Land Office, Room 251, Main Post Office Building, Phoenix, Arizona, application Form 4-776 filled out in compliance with the instructions on the form and accompanied by any showings or documents required by those instructions. Copies of the application form can be secured from the above-named official.

The applications must be accompanied by a filing fee of $10.00 plus the advance rental of $15.00. Failure to transmit these payments with the application will render the application invalid. Advance rentals will be returned to unsuccessful applicants. All filing fees will be retained by the United States.

8. The lands are now subject to application under the Small Tract Act.

(a) All valid applications for lands in Lots 13 to 28, inclusive, and S½NW¼ of said section 5, filed prior to May 7, 1946, will be granted the preference right provided by 43 CFR 257.5 (a). All valid applications from persons entitled to veterans' preference filed after May 7, 1946, and prior to 10:00 a. m., June 3, 1955, will be considered as simultaneously filed at that time. All valid applications from persons entitled to veterans' preference filed after 10:00 a. m., June 3, 1955, will be considered in the order of filing. All valid applications from other persons filed after May 7, 1946, and prior to 10:00 a. m., September 2, 1955, will be considered as simultaneously filed at that time. All valid applications filed after 10:00 a. m., September 2, 1955, will be considered in the order of filing.

(b) All valid applications for lands in Lots 5 to 12, inclusive, Lots 29 to 36, inclusive, and S½NE¼ of said section 5, filed prior to 4:24 p. m., November 4, 1954, will be granted the preference right provided by 43 CFR 257.5 (a). All valid applications from persons entitled to veterans' preference filed after 4:24 p. m., November 4, 1954, and prior to 10:00 a. m., June 3, 1955, will be considered as simultaneously filed at that time. All valid applications from persons entitled to veterans' preference filed after 10:00 a. m., June 3, 1955, will be considered in the order of filing. All valid applications from other persons filed after 4:24 p. m., November 4, 1954, and prior to 10:00 a. m., September 2, 1955, will be considered as simultaneously filed at that time. All valid applications filed after 10:00 a. m., September 2, 1955, will be considered in the order of filing.

9. Inquiries concerning these lands shall be addressed to Manager, Land Office, Room 251, Main Post Office Building, Phoenix, Arizona.

E. I. ROWLAND,
State Supervisor.

CALIFORNIA

RESTORATION ORDER UNDER FEDERAL POWER ACT

APRIL 28, 1955.

Pursuant to the following listed determinations of the Federal Power Commission and in accordance with authority delegated to me by the Director, Bureau of Land Management, by section 2.5 of Order No. 541, dated April 21, 1954 (19 F. R. 2473, 2476), it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals, the lands hereinafter described, so far as they are withdrawn or reserved for power purposes, are hereby opened to disposition under applicable public land laws as provided below, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended, and as to DA-752, subject to the condition that there is reserved to the United States, its permittees or licensees the right to use the land or any part thereof for power purposes free from any and all claims for damages for such use or uses or for any use resulting from or incident to the construction, operation or maintenance of any hydroelectric power facilities authorized by the United States, and further that mining operations upon the subject land shall be conducted in such a manner that all tailings or debris be confined by substantial dikes or other structure so as not to be carried by storm water or otherwise into the reservoir area; as to DA-805, 808 and 841 (the SW¼SW¼SE¼, Sec. 2), subject to the stipulation that if and when the land is required in whole or in part for purposes of power development, any structures or improvements placed thereon which shall be found to interfere with such development shall be removed or relocated as may be necessary to eliminate interference with the power development without cost or expense to the United States, its permittees or licensees, and as to DA-805 subject to the additional condition that the United States, its permittees or licensees shall not be held liable for any damage to the locator's workings, structures, machinery or improvements resulting from the construction, operation or maintenance of hydroelectric power facilities authorized by the United States; as to DA-811 subject to the stipulation that the land shall be occupied and used exclusively for mineral exploration and development and no facility or activity shall be erected or conducted thereon for other purposes until such time as compliance with the requirements of the United States mining laws have been made and patent issued, and subject to the further stipulation that the locator, his successors or assigns shall by means of substantial dikes or other adequate structures confine all mine tailings and other debris in such manner that they shall not be carried by storm waters or otherwise into the North Fork of the Feather River; as to DA-822, subject to the stipulation that the land shall be occupied and used exclusively for mineral exploration and development and no facility, structure, or activity shall be erected or conducted thereon for other purposes until such time as compliance with the requirements of the United States mining laws have been met and patent issued; and subject to the further condition that if and when the land is required, in whole or in part, for purposes of power development, any structures or improvements placed thereon, which shall be found to interfere with such development, shall be removed or so relocated as to eliminate interference therewith without cost or expense to the United States, its permittees or licensees; and as to DA-792, subject to the stipulation that mineral locators, their successors and assigns shall by means of substantial dikes or other adequate structures confine all their mine tailings and other debris in such manner that they shall not be carried by storm water or otherwise into the channel of the North Fork of the Mokelumne River, and as to DA-792, part B, subject to the further stipulation that there is reserved to the United States, its permittees or licensees the prior right to use any and all of the lands occupied by dams, reservoirs, conduits, roads and other appurtenant power project structures, as more accurately described upon project maps designated FPC Nos. 137-91, 137-92, 137-95, 137-131, 137-132 and 137-133, and subject to the further stipulation that no use shall be made of the lands by others which will in any manner interfere or be inconsistent with the use of the lands by the United States, its permittees or licensees for the purposes of power development. Determination DA-792 supersedes prior determinations to the extent that it affects the same lands, subject to vested rights acquired pursuant to the prior determinations.

lands until 10:00 a. m., local time, California, on the 91st day following the date of publication. At that time the said lands shall become subject to application, petition, location, and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws and the 90-day preference right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended. All applications filed pursuant to the Veterans' Preference Act of 1944, on or before 10:00 a. m. local time, California, of the 91st day after the date of publication shall be treated as though simultaneously filed at that time. All other applications under the public-land laws filed on or before 10:00 a. m. local time, California, of the 181st day after the date of publication shall be treated as though filed simultaneously at that time.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Room 352 New Federal Building, Sacramento, California, except as to those described in DA–783, which inquiries shall be directed to the Manager, Land Office, Room 1512 Post Office Building, Los Angeles, California.

L. T. HOFFMAN,
State Supervisor.

The above-described lands contain approximately 6,240 acres of public domain.

The lands described are widely scattered throughout northern California. They occupy, in general, the foothill and mountainous areas, and the climate and precipitation vary accordingly. Accessibility is from good to very poor, varying with individual tracts. The land is topographically unfit for agriculture in most cases, but most of it provides some forage for range livestock, and certain tracts may be suited to homesite development. Some of the lands are probably mineral in character.

The lands described shall be subject to application by the State of California for a period of ninety days from the date of publication of this order in the FEDERAL REGISTER, for rights-of-way for public highways or as a source of material for the construction and maintenance of such highways, as provided by section 24 of the Federal Power Act as amended.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m., local time, California, on the ninety-first day following publication. At that time the said lands shall become subject to disposition under applicable public land laws.

The lands described in DA–862–863 are also subject to application by the State of California for a period of 90 days for rights-of-way for public highways or as a source of material for the construction and maintenance of such highways, as provided by section 24 of the Federal Power Act, as amended. The State of California, having been duly notified on March 3, 1955, of intention to restore said lands, the State's ninety-day preference period shall expire on June 3, 1955, at 10:00 a. m., local time, California. This order shall not otherwise become effective to change the status of lands described in DA–862–863, until 10:00 a. m., local time, California, of the thirty-fifth day following the date of this order, said thirty-fifth day being June 3, 1955. At that time, the lands shall be open to location, entry and patenting under the United States Mining Laws, subject to the conditions stated above, and to rights previously acquired, or accrued since March 3, 1955, by the State of California, in connection with the existing State Highway, Road Ker–57–H, passing through Sections 16, 17, 20 and 21, T. 27 S., R. 32 E., M. D. M.

All lands described in this order are within National Forests, and therefore not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended, granting preference rights to veterans of World War II and others.

Inquiries relating to these lands shall be addressed to the Manager, Land Office, Room 352 New Federal Building, Sacramento, California.

L. T. HOFFMAN,
State Supervisor.

MONTANA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The United States Forest Service, Department of Agriculture, has filed an application, Serial No. Montana 011562, for the withdrawal of the lands described below, from location under the general mining laws.

The applicant desires the land for administrative sites and recreational areas.

For a period of thirty days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, 1245 North Twenty-ninth Street, Billings, Montana.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

MONTANA PRINCIPAL MERIDIAN

BEAVERHEAD NATIONAL FOREST

Hammond Ranger Station Administrative Site

T. 5 S., R. 2 E.,
Sec. 32, W½NE¼SW¼, NW¼SW¼.

The area described contains 60 acres

Steel Creek Ranger Station Administrative Site

T. 3 S., R. 14 W.,
Sec. 4, SW¼NW¼, SW¼SE¼NW¼, NW¼NE¼SW¼, NW¼SW¼;
Sec. 5, S½NE¼, N½SE¼.

The area described contains 260 acres.

Bender Ranger Station Administrative Site

T. 1 N., R. 17 W.,
Sec. 28, SW¼NE¼, NW¼SE¼.

The area described contains 80 acres.

Elk Creek Administrative Site

Unsurveyed T. 3 S., R. 12 W.

A tract of land described by metes and bounds as follows: Beginning at a point which lies S. 370° W. 91.50 chains from the southwest corner of Section 34, T. 2 S., R. 12 W., thence from said point S. 20° W. 20.00 chains, thence S. 70° E. 20.00 chains, thence N. 20° E. 20.00 chains, thence N. 70° W. 20.00 chains to the place of beginning.

The area described contains 40 acres.

O'Dell Lookout Administrative Site

T. 3 S., R. 13 W.,
Sec. 18, E½SW¼NW¼, W½SE¼NW¼.

The area described contains 40 acres.

Bender Lookout Administrative Site

T. 1 S., R. 17 W.,
Sec. 4, SE¼NE¼ Lot 5, NE¼SE¼ Lot 5, SW¼NW¼ Lot 6, NW¼SW¼ Lot 6.

The area described contains 10 acres.

Sacajawea Memorial Recreation Area

T. 10 S., R. 15 W.,
Sec. 9, Lot 4;
Sec. 16, Lot 1.

The area described contains 83.86 acres.

Elkhorn Recreation Area

T. 4 S., R. 12 W.,
Sec. 29, NE¼, S½NW¼, S½;
Sec. 30, Lot 4, SE¼SW¼, SE¼;
Sec. 31, Lots 1, 4, 5, 6, 7, N½NE¼, SE¼NE¼, NE¼NW¼, NE¼SE¼;
Sec. 32: NW¼, N½SW¼, Lots 1, 2.

T. 5 S., R. 12 W.,
Sec. 6, Lots 1, 2, 3.

The area described contains 1642.44 acres.

Cliff and Wade Lakes Recreation Area

T. 11 S., R. 1 E.,
Sec. 34, SE¼SE¼;
Sec. 35, SW¼SW¼.

T. 12 S., R. 1 E.,
Sec. 2, That part of Lots 3, 4, 5 not included in HES No. 890; that part of Lots 6 and 9 and NW¼SE¼ and SE¼SE¼ not included in HES No. 1080; and Lots 7, 8;
Sec. 3, Lots 1, 5, 6, 7;
Sec. 11, That part of Lot 1 not included in HES No. 1080, Lots 2, 3, 4, E½SE¼;
Sec. 12, That part of W½W½ not included in HES No. 1080;
Sec. 13, Lots 1, 2, 3, SW¼SW¼;
Sec. 14, Lots 1, 2, 3, 4, 5, NW¼NE¼;
Sec. 23, Lots 1, 2, NE¼NW¼NE¼, N½SE¼NE¼, SE¼SE¼NE¼, NE¼NE¼SE¼;
Sec. 24, Lots 1, 2, 6, 7, 8, 9, and that part of Lots 3, 4, and 5 not included in HES No. 793;
Sec. 25, Lots 1 to 14 inclusive and N½NW¼SE¼;
Sec. 35, Lots 1, 2, 3, S½NE¼NE¼, SE¼NW¼NE¼, E½SE¼NW¼, NE¼NE¼SW¼, N½N½SE¼;
Sec. 36, Lots 1, 2, 3, 4, N½NW¼SW¼.

T. 12 S., R. 2 E.,
Sec. 30, Lots 1, 2, 3, 4, 5.

The area described contains approximately 2096 acres.

MONTANA PRINCIPAL MERIDIAN

BITTERROOT NATIONAL FOREST

Bluejoint Hot Springs Recreation Area

T. 1 S., R. 22 W.,
Sec. 31, S½SW¼SE¼.

T. 2 S., R. 22 W.,
Sec. 6, Lot 2 and E½ Lot 3.

The area described contains 93.57 acres.

Ditch Creek Recreation Area

T. 1 S., R. 22 W.,
Sec. 15, HES No. 1122 and that part of Lot 1 not included in HES No. 1122.

The area described contains approximately 80 acres.

NEVADA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

APRIL 29, 1955.

The Department of the Navy, District Public Works Office, 12th Naval District, San Bruno, California, has filed an application, Serial No. Nevada 013136, for the withdrawal of the lands described below, from all forms of appropriation and use including grazing, mineral leasing, and mining locations.

The applicant desires the land for training aircraft in air to air gunnery.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

PACIFIC FAR EAST LINE, INC.

NOTICE OF HEARING

Notice is hereby given that a hearing has been authorized and directed to be held concerning the application of Pacific Far East Line, Inc., for written permission under section 805 (a) of the Merchant Marine Act, 1936, as amended, to carry cargoes between ports in Hawaii and ports in California, Oregon, and Washington on unsubsidized transpacific voyages with cargo vessels.

The purpose of the hearing is to receive evidence relevant to whether granting such application (a) would result in unfair competition to any person, firm or corporation operating exclusively in the coastwise or intercoastal service, or (b) would be prejudicial to the objects and policy of the said act.

The hearing will be conducted by an Examiner in accordance with the Board's rules of practice and procedure at a time and place to be announced, and a recommended decision will be issued.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies) desiring to intervene in this proceeding are requested to notify the Secretary of the Board accordingly on or before May 16, 1955, and should promptly file intervening petitions in accordance with said rules of practice and procedure.

Dated: May 2, 1955.

By order of the Federal Maritime Board.

[SEAL] GEO. A. VIEHMANN,
Assistant Secretary.

[F. R. Doc. 55-3668; Filed, May 4, 1955; 8:54 a. m.]

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[Commissioner Delegation Order 2]

ASSISTANT COMMISSIONER (TECHNICAL) AND DIRECTOR, INTERNATIONAL TAX RELATIONS DIVISION

DELEGATION OF AUTHORITY TO COMMUNICATE AND CONSULT ON TAX MATTERS WITH FINANCE MINISTRY OF SWEDEN

Pursuant to authority vested in me as Commissioner of Internal Revenue:

1. There is hereby delegated to the Assistant Commissioner (Technical) and the Director, International Tax Relations Division, the authority to perform the function delegated to the Commissioner of Internal Revenue by Treasury Department Order No. 150-38 to communicate and consult on tax matters with the Finance Ministry of Sweden.

2. The exercise of the authority delegated herein to the Director, International Tax Relations Division, shall be subject to the direction and supervision of the Assistant Commissioner (Technical) who shall have authority to revoke or modify all or any part of the authority delegated to the Director, International Tax Relations Division.

3. This order is effective April 20, 1955.

[SEAL] T. COLEMAN ANDREWS,
Commissioner of Internal Revenue.

[F. R. Doc. 55-3652; Filed, May 4, 1955; 8:50 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 10883; FCC 55M-389]

NEWPORT BROADCASTING CO. (KNBY)

ORDER CONTINUING HEARING

In re application of Newport Broadcasting Company (KNBY), Newport, Arkansas, Docket No. 10883, File No. BP-9081; for construction permit.

The Hearing Examiner having under consideration a petition filed on April 28, 1955, by Newport Broadcasting Company, requesting that the further pre-trial conference in the above-entitled proceeding presently scheduled for May 3, 1955, and the hearing in such proceeding presently scheduled for May 9, 1955, be continued to May 31, 1955 and June 6, 1955, respectively;

It appearing, that more time is needed for preparation of a proposed stipulation in such form that it can be discussed in detail at the pre-trial conference;

It further appearing, that all other counsel in the proceeding have informally agreed to a waiver of the so-called "four-day rule," and have no objection to a grant of the petition; and that good cause has been shown for the grant thereof;

It is ordered, This 29th day of April 1955, that the petition be and it is hereby granted; and the pre-trial conference be and it is hereby continued to May 31, 1955, at 10:00 a. m. and the hearing be and it is hereby continued to June 6, 1955, at 10:00 a. m.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3654; Filed May 4, 1955; 8:50 a. m.]

[Docket No. 11141; FCC 55M-391]

THEODORE FEINSTEIN

ORDER CONTINUING HEARING

In re application of Theodore Feinstein, Newburyport, Massachusetts, Docket No. 11141, File No. BP-9027; for construction permit.

The Hearing Examiner having under consideration the above-entitled proceeding;

It appearing, that the presently scheduled hearing date conflicts with another hearing assignment on the Hearing Examiner's calendar, and that a further pre-hearing conference should be held prior to hearing herein;

It is ordered, This 29th day of April 1955, on the Hearing Examiner's own motion, that the hearing now scheduled for May 13, 1955, is continued until May 25, 1955, at 10:00 a. m.

It is further ordered, That all parties, or their attorneys, are directed to appear for a further pre-hearing conference, pursuant to the provisions of § 1.841 of the Commission's rules, at the Commission's offices in Washington, D. C., at 9:00 a. m., May 12, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3655; Filed, May 4, 1955; 8:50 a. m.]

[Docket Nos. 11375-11380; FCC 55-507]

MICHIGAN BELL TELEPHONE CO. AND WISCONSIN TELEPHONE CO.

MEMORANDUM OPINION AND ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Michigan Bell Telephone Company, Docket No. 11375, File No. 5832-F1-P-H; Michigan Bell Telephone Company, Docket No. 11376, File No. 5833-F1-P-H; Michigan Bell Telephone Company, Docket No. 11377, File No. 5834-F1-P-H; Michigan Bell Telephone Company, Docket No. 11378, File No. 5835-F1-P-H; Michigan Bell Telephone Company, Docket No. 11379, File No. 5836-F1-P-H; for new VHF Public Class III-B coast stations at Hancock, Port Huron, Escanaba, East Tawas, and Marquette, Michigan, respectively; and Wisconsin Telephone Company, Docket No. 11380, File No. 5299-F1-P-H; for new VHF Public Class III-B coast station at Green Bay (Glenmore), Wisconsin.

1. The Commission has before it protests filed March 11, 1955, by the Lorain County Radio Corporation (hereinafter called Lorain) and Central Radio Telegraph Company (hereinafter called Central), respectively, pursuant to section 309 (c) of the Communications Act of 1934, as amended, protesting the Commission's action of February 10, 1955 granting without hearing the above-indicated applications of Michigan Bell Telephone Company (hereinafter called Michigan) and Wisconsin Telephone Company (hereinafter called Wisconsin) for new VHF Public Class III-B coast stations to be located at the points indicated; oppositions to said protests filed by Michigan and Wisconsin, on March 31, 1955,[1] and a reply to such oppositions filed by Lorain on April 7, 1955.

CENTRAL'S PROTEST

2. Central alleges that it is the licensee of station WLC, a Public Class II-B Coast Station at Rogers City, Michigan, through which it renders medium and high frequency public radiotelephone service; that, on February 10, 1955, it was granted a construction permit for a new VHF Public Class III-B Coast Station at Rogers City, to operate on the frequencies 161.9 and 156.8 Mc in conjunction with, and supplemental to, the existing operations of station WLC; that the proposed stations to which the protest is addressed will divert traffic from Central's existing and proposed facilities at Rogers City; that such diversion of traffic will have an adverse economic effect upon Central's ability to serve the public; and that the proposed VHF station at East Tawas "will cause interference" to Central's proposed VHF station at Rogers City.

3. In support of the foregoing, Central further alleges that it, and others, are presently rendering an integrated MF and HF Maritime Mobile Service on the Great Lakes; that the recently authorized VHF station of Central will supplement this service; that the existing integrated MF-HF service on the Great Lakes is tailored to the needs of its users; that construction of the protested facilities will divert traffic from the MF-HF system, reducing Central's revenue and its ability to render service, to the detriment of the existing Great Lakes service; that the rates to be charged for service through the protested stations will be non-compensatory and constitute unfair competition; that the service to be rendered through the protested stations will provide unnecessary duplication of service; that the proposed VHF stations will cause interference to the existing VHF stations and newly authorized VHF stations authorized to operate in conjunction with MF-HF stations; that the proposed VHF stations will not be economically self-sustaining in light of the pattern of trade in the areas proposed to be served; that the expected reduction in Central's revenues which would be occasioned by traffic diversion will cause a reduction in such safety services as weather broadcasting and reporting and emergency medical advice; that the applicants are not likely to offer "message service" (a type of relayed communication service), which is a type of service demanded by a majority of users; and that shore-to-ship calls will be delayed because of the necessity for ascertaining which VHF station is within communication range of the desired vessel.

4. More specifically, Central alleges that various fleets trade in the ports of Saginaw and Bay City, which it serves; that increased traffic is anticipated at the port of Rockport and, if there were no station at East Tawas, Central would get all Rockport's business; that Central has obtained the major portion of the business of the port of Alabaster, which it will lose to a station at East Tawas; that Central will lose business from the port of Alpena to a station at East Tawas; that Central will lose certain fleet traffic to the applicants' proposed stations at Escanaba, Marquette, Port Huron, and Houghton-Hancock; that there is no local traffic for handling at Houghton-Hancock; that a station at Glenmore will divert traffic now handled by Central or Lorain; and that traffic from pleasure craft now enjoyed by Central would be diverted to the proposed stations.

5. Central has set forth no specific issues, as such, but seeks a hearing on "the issues presented herein".

LORAIN'S PROTEST

6. Lorain alleges that the users of maritime service on the Great Lakes consist of the crews and operators of vessels thereon "and those persons with whom they must communicate"; that it is essential, for reasons of safety and economics, that contact be available at all times to and from all points on the Lakes; that the presently existing "integrated" system of MF-HF-VHF communications on the Lakes provides this correspondence; that such "integrated" system now comprises eight coast stations, of which four operate on all available MF-HF-VHF bands (2-3 Mc, 4-5 Mc, 8-9 Mc, and 150-160 Mc); that, of these four stations, three are operated by Lorain at Lorain, Ohio; Port Washington, Wisconsin; and Duluth, Minnesota and one by Illinois Bell Telephone Company at Chicago, Illinois; that the balance of the existing system includes a MF-VHF station of Michigan at Detroit, Michigan; a VHF station of Michigan at Sault Ste. Marie, Michigan; a MF-HF station of Central at Rogers City, Michigan; a MF-HF station of Radiomarine Corporation of America at Buffalo, New York; and Lorain's VHF station at Geneva, Ohio; that these stations, in the aggregate, can reach every properly radio equipped vessel on the Lakes, no matter where located; that protestant is an important part of the present integrated system; that it lost money in its operation for 1954; that a diversion of traffic from protestant to the protested VHF stations will result in further losses; that operation of the protested stations will create "needless electrical interference" which will adversely affect protestant; that applicants' rate structure for the proposed service is "discriminatory against protestant and other independent operators * * * as well as other users of the Bell System * * *" (citing alleged examples); that such unlawful rate structure will result in complete disintegration of the present Lakes radiotelephone system; that the lower rates of the Bell companies for VHF service result in misuse of the VHF channels; that use of MF channels is more efficient than VHF; that each proposed station may "capture" enough traffic from existing facilities of protestant and others to affect seriously the economic position of the latter without, however, obtaining enough traffic to sustain the operations of such new stations; that it is feasible for the applicants, as an alternative to the instant proposals, to afford service to vessels by use of facilities presently licensed to them in the Domestic Public Land Mobile Radio Service, pursuant to the provisions of § 6.205 of the Commission's rules; that the proposed stations will extend service of the Bell System into Canada and to Canadian vessels, and, if the result of a grant of the applications will help to eliminate protestant as an operator of communication facilities, there is a question whether section 314 of the Communications Act will be violated.

7. Lorain requests that the applications be designated for hearing upon the following issues:

[1] At the request of, and pursuant to stipulation by, the respective protestants and applicants herein involved, the time within which to file oppositions to such protests was extended from March 21, 1955 to and including March 31, 1955, and the time of the Commission to dispose of such protests was extended to and including April 27, 1955.

1. To determine the facts with respect to proposed facilities, personnel, rates, regulations, practices and services.

2. To determine the lawfulness of the rates, practices, regulations, and classifications proposed by the applicant including, but not limited to, whether or not applicant's proposals violate sections 201 and 202 of the Communications Act.

3. To determine the nature and amount of traffic to be handled by each of the proposed stations, and from what sources such traffic will be derived.

4. To determine the amount of revenues to be received by each of the proposed stations; the costs to each applicant for constructing and operating each proposed station, and the net operating revenues, if any, therefrom.

5. To determine the extent of the need for the proposed service in the area proposed to be served by the applicant in the light of the existing overall MF–HF–VHF integrated service on the Great Lakes and the provisions of § 6.205 of the Commission's rules.

6. To determine the full effect of the proposed service on the existing overall MF–HF–VHF integrated service furnished by existing stations on the Great Lakes and upon the companies furnishing such service.

7. To determine the facts with respect to the physical connections, through routes, division of tolls, and arrangements proposed by the applicants with respect to inter-connection with landline facilities and the lawfulness thereof, particularly when compared with such arrangements as to landlines by the Bell companies with protestant and the other non-Bell companies operating stations on the Great Lakes.

8. To determine whether it would be in the public interest to permit the applicant to use the frequencies proposed in the light of the existing overall MF–HF–VHF integrated service on the Great Lakes and the increased interference that may be caused thereby.

9. To determine the full scope and extent of the "coordinated move" by the Bell companies on the Great Lakes; namely, to determine Bell's complete plans with respect to applications for other and additional stations on the Great Lakes, and the reasons therefor.

10. To determine whether a grant of these applications would result in an unlawful monopoly or undue concentration of communications facilities and service in the hands of one system, and whether such grant would be in violation of section 314 of the Communications Act.

THE OPPOSITION TO THE PROTESTS AND THE REPLY TO THE OPPOSITION

8. On March 31, 1955, Wisconsin and Michigan filed respective oppositions to the protests. These oppositions, in summary, urge that the protests fail to meet the statutory requirements of section 309 (c) of the act, in that protestants have failed to show standing to protest and have failed to allege "with particularity the facts, matters, and things relied upon". Further, it is urged that, if the protests are allowed, protestants should have the burden of proof on any issues designated for hearing. On April 7, Lorain filed a reply to these oppositions which, argumentatively, deals with various matters raised in the oppositions.

DISPOSITION OF THE PROTESTS

9. In view of the fact that each protestant would be in competition with the applicants, jointly and severally, for public correspondence on the Lakes and that each protestant has alleged that it will be financially injured by the instant grants because of anticipated diversion of traffic, we find that each of the protestants is a "party in interest" with standing to protest under section 309 (c) of our act. See FCC v. Sanders Brothers Radio Station, 309 U. S. 470.

10. While, as noted above, Central set out no specific issues as such, it appears that the issues suggested by Lorain encompass all of the matters which Central contemplated.

11. Issues 1, 3, 4 and 9 of Lorain relate to matters which the Commission would desire to have developed as a background in any hearing which might be held herein. Moreover, the matters to be developed under such issues are generally within the sole knowledge and control of the applicants. Accordingly, we adopt those issues and direct that the applicants shall have the burden of proof thereon.

12. Issue 5 of Lorain appears to assume two premises: (1) That there is a lack of need, or a question as to whether there is a need, for the applicants' proposed service and (2) that the service to vessels contemplated by § 6.205 of our rules meets the needs of the Maritime Mobile Service on the Lakes. These two considerations, though joined by Lorain in a single issue, are not mutually inter-dependent. Protestants indicate, from the standpoint of propagation coverage, at least, that service on the Lakes is adequate. From the standpoint of service (including, but not limited to, such matters as circuit availability, peak loads, quality of transmission, etc.), nothing has been said. We believe that all the matters relating to this problem should be considered. It appears that protestants now operate the major portion of the facilities serving the Lakes. A showing of adequacy of the present service certainly is a prerequisite to questioning the need for the proposed service.

13. With respect to the possibility of applicants affording service to vessels under the provisions of § 6.205 of our rules, Lorain has failed to specify with particularity what proposed or existing Domestic Public Land Mobile Radio Service stations of applicants may be used in that connection, as well as the adequacy of such service to meet maritime needs.[2]

[2] Protestants recognize, in their allegations, that the maritime service has special needs in terms of safety and other communications requirements. The Commission, too, has recognized this in establishing a separate maritime service and in requiring, in the case of Domestic Public Land Mobile Radio Service stations serving vessels, that such service be discontinued upon the establishment of a VHF maritime station in the same area.

14. Accordingly, we conclude that protestants have not specified with particularity the facts, matters and things relied upon to support all of issue 5. That portion of the issue which relates to adequacy of the existing service and need for the proposed service will be rephrased as follows:

To determine whether the existing public maritime mobile service on the Great Lakes is adequate to serve the present and reasonably forseeable future public need therefor.

and the protestants shall have the burden of proof thereon.

15. With respect to issue 6, protestants have alleged in various ways that the establishment of the stations would have an adverse effect upon the existing service on the Lakes and the companies furnishing such service. The development of this issue requires the production of facts which, generally, are particularly within the knowledge or competence of protestants. Accordingly, this issue is designated for inclusion in the hearing, but the burden of proof shall be upon the protestants. However, the issue will be re-phrased to delete the words "existing overall" and "integrated" which assume conclusions that we desire protestants establish on the record.

16. A portion of issue 8, "To determine whether * * * to permit the applicant to use the frequencies proposed in the light of the existing overall MF–HF–VHF integrated service on the Great Lakes * * *", assumes certain conclusions which may or may not be established under issue 5, as we have stated it. Accordingly, we deem it necessary to delete this portion of issue 8. The balance of this issue relates to the question as to whether the proposed use of the frequencies will result in "increased interference." The allegations of protestants are most general as to this matter. Central alleges the conclusion that the proposed station at East Tawas "will cause interference" with that protestant's proposed station at Rogers City. Whether this "interference" will be harmful electrical interference[3] is not stated, nor is there any indication of the amount of interference, or any technical basis or support advanced for such conclusion. Lorain, on the other hand, merely alleges that reference to a map (Exhibit A to its protest) "will show that the proposed new stations of Bell will create additional needless electrical interference * * *". Whether the interference will be harmful is not shown, nor is there given any specific explanation of the nature or degree of the alleged interference or to what such interference will be occasioned. Thus, we again conclude that the statutory requirement of section 309 (c) of the act as to specificity and particularity have not been met on this issue, and we do not include it in the hearing. (Cf. In re Application of T. E. Allen & Sons, Inc., etc., 9 R. R. 590a.)

17. Designedly, we have reserved comment with respect to issues 2, 7 and 10 until this time. These issues, we believe, require different handling. Issue 2 relates to the lawfulness of the charges

[3] See definition § 2.1 of Commission's rules.

(rates), etc., proposed by applicants (which protestants allege, with citation of examples, are non-compensatory, etc.). Issue 7 is not, to us, at all clear in its meaning. However, taking issues 2 and 7 together, and construing them in the light of the allegations of Lorain, we are of the opinion that the essence of Lorain's allegations is that the applicants' rate treatment of their own radio-link plus landline handling of maritime radio traffic on the Lakes results in a non-compensatory charge for such service which, when compared to protestants' rate treatment for their radio-link plus applicants' charges for the landline handling of their through traffic, results in an unfair competitive situation.

18. In the light of this construction of protestants' position, we will re-phrase Lorain's issues 2 and 7 as follows:

(a) To determine whether the rates, charges, classifications, practices and regulations proposed to be made effective by the applicants for the instant service will result in the establishment of rates and charges which are compensatory to such applicants for such service.

(b) If the answer to the foregoing issue is in the negative, to determine whether the establishment of non-compensatory rates and charges for such service will result in unfair competition to protestants by the applicants.

and the applicants shall have the burden of proof as to the portion designated (a) above, and the protestants shall have the burden of proof on the portion designated (b).

19. Issue 10 is predicated upon the assumption that the provisions of section 314 of our act apply to the instant service, and, in effect, looks to a determination as to whether a grant of the subject applications would violate that section.

20. In connection with our disposition of the matter of the American Cable and Radio Corporation, etc., docket No. 9093, we considered, among other things, the meaning and effect of section 314 of the act (see Report of May 3, 1950, adopted by the Commission May 11, 1950; paragraph 79). In that decision, we noted that "the major purpose of section 314 and its predecessor, section 17 of the Radio Act, was to assure that radio * * * should be permitted to develop fully and freely, without interference from the older, well-entrenched, cable medium. It is apparent that Congress in enacting section 314, intended that there be competition between cable and radio, as two separate and distinct means of inter-national communication." In the light of that expression, and our knowledge of the legislative history of this section of the act, we have some doubt concerning the applicability of this section to a mobile service, where it is possible to provide service only by radio and, as a result, where the preservation of competition between cable or wire and radio facilities could not conceivably be involved. Additionally, we question whether service to a mobile unit is service to a "place" within the meaning of this section of the act, or whether "place" does not mean "point" in contemplation of a point-to-point service. However, we recognize that the proposition is susceptible of argument.

21. Apart from this preliminary question of law as to this issue, there are also involved certain mixed questions of fact and law, e. g., whether the purpose or effect of the questioned operations may be substantially to lessen competition, or unlawfully to create a monopoly, which would require determination if the statute applies.

22. In view of the fundamental nature of the matter here involved and its novelty as applied to a mobile service, we will re-phrase the issue to present more clearly the appropriate questions:

To determine whether the provisions of section 314 of the Communications Act of 1934, as amended, are applicable to the instant mobile service.

If the answer to the foregoing issue is in the affirmative, to determine whether a grant of the instant applications will have the purpose or effect which may be to substantially lessen competition or to restrain commerce between any place in any state, territory, or possession of the United States, or in the District of Columbia, and any place in any foreign country, or unlawfully to create monopoly in any line of commerce.

and we shall require the protestants to have the burden of proof on the factual aspects of such issues.

23. Because of the evident relevance and propriety of such matters, we shall, on our own initiative, include two additional issues in the hearings herein, and require the applicants to assume the burden of proof as to both thereof:

To determine whether the establishment of the proposed facilities will result in public benefit or advantage, and the nature and extent of such benefit or advantage.

To determine, in the light of the evidence adduced on all the foregoing issues herein, whether the public interest, convenience or necessity will be served by a grant of any or all of the subject applications.

In view of the foregoing: *It is ordered*, That, the effective date of the Commission's action of February 10, 1955, granting the above-entitled respective applications of Michigan Bell Telephone Company and Wisconsin Telephone Company is postponed pending a final decision by the Commission with respect to the evidentiary hearing hereinafter provided; and

It is further ordered, That the above-entitled applications are designated for hearing, in a consolidated proceeding, upon the following issues, to be held at the Commission's offices in Washington, D. C., on the 13th day of June 1955 at 10:00 a. m., before Examiner William G. Butts, upon the following issues:

1. To determine the facts with respect to the proposed facilities, personnel, rates, regulations, practices and services of each applicant.

2. To determine the nature and amount of traffic to be handled by each of the proposed stations, and from what sources such traffic will be derived.

3. To determine the amount of revenues to be received by each of the proposed stations; the costs to each applicant for constructing and operating each proposed station, and the net operating revenues, if any, therefrom.

4. To determine the full scope and extent of the "coordinated move" by the Bell companies on the Great Lakes; namely, to determine Bell's complete plans with respect to applications for other and additional stations on the Great Lakes, and the reasons therefor.

5. To determine whether the existing public maritime mobile service on the Great Lakes is adequate to serve the present and reasonably foreseeable future public need therefor.

6. To determine the full effect of the proposed service on the MF–HF–VHF service furnished by existing stations on the Great Lakes and upon the companies furnishing such service.

7. To determine whether the rates, charges, classifications, practices and regulations proposed to be made effective by the applicants for the instant service will result in the establishment of rates and charges which are compensatory to such applicants for such service.

8. If the answer to issue 7 is in the negative, to determine whether the establishment of non-compensatory rates and charges for such service will result in unfair competition to protestants by the applicants.

9. To determine whether the provisions of section 314 of the Communications Act of 1934, as amended, are applicable to the instant mobile service.

10. If the answer to issue 9 is in the affirmative, to determine whether a grant of the instant applications will have the purpose or effect which may be to substantially lessen competition or to restrain commerce between any place in any state, territory, or possession of the United States, or in the District of Columbia, and any place in any foreign country, or unlawfully to create monopoly in any line of commerce.

11. To determine whether the establishment of the proposed facilities will result in public benefit or advantage, and the nature and extent of such benefit or advantage.

12. To determine, in the light of the evidence adduced on all the foregoing issues, whether the public interest, convenience or necessity will be served by a grant of any or all of the subject applications.

It is further ordered, That, the burden of proof on issues 1, 2, 3, 4, 7, 11 and 12 is placed upon the respective applicants, and the burden of proof on issues 5, 6, 8, 9 (as to factual matters) and 10 is placed upon the respective protestants; and

It is further ordered, That, the Lorain County Radio Corporation, Central Radio Telegraph Company, the Chief, Common Carrier Bureau, and the Chief, Safety & Special Radio Services Bureau are made parties to the proceedings herein; and

It is further ordered, That, the parties desiring to participate herein shall file their appearances not later than May 13, 1955.

Adopted: April 27, 1955.

Released: May 2, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55–3656; Filed, May 4, 1955; 8:50 a. m.]

FEDERAL POWER COMMISSION

[Docket No. G-3883]

D. B. McCONNELL

NOTICE OF APPLICATION AND DATE OF HEARING

APRIL 28, 1955.

Take notice that D. B. McConnell (Applicant), an individual whose address is Shreveport, Louisiana, filed on October 1, 1954, for himself and others as listed in the application, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as herinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces natural gas from the D. B. McConnell-Buhler #1 Well in the Gillis Field of Calcasieu Parish, Louisiana, which is sold to Louisiana Natural Gas Corporation in interstate commerce for resale.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 6, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application. *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 25, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 55-3641; Filed, May 4, 1955; 8:48 a. m.]

[Docket No. G-8064]

CLARK DALE DRILLING CO.

NOTICE OF APPLICATION AND DATE OF HEARING

APRIL 28, 1955.

Take notice that Clark Dale Drilling Company (Applicant), a Texas corporation whose address is San Angelo, Texas, filed an application on December 6, 1954, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces casinghead gas in the Spraberry Field, Upton County, Texas, which it sells to Phillips Petroleum Company in interstate commerce for resale. The price at time of filing is stated to be 10 cents per Mcf, pursuant to the terms of the standard Phillips Petroleum Company casinghead gas purchase contract dated August 25, 1954.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 6, 1955, at 9:40 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 25, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-8118]

CORONET OIL CO.

NOTICE OF APPLICATION AND DATE OF HEARING

APRIL 28, 1955.

Take notice that Coronet Oil Company (Applicant), a Nevada corporation whose address is Odessa, Tennessee, filed an application on December 13, 1954, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces casinghead gas in the Goldsmith (Fusselman) and Goldsmith North (Ellenburger) Fields, Ector County, Texas, which it proposes to sell to Phillips Petroleum Company in interstate commerce for resale. The initial price will be 7.02976 cents per Mcf, pursuant to the casinghead gas contract dated October 13, 1954.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 6, 1955, at 9:50 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 25, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 55-3643; Filed, May 4, 1955; 8:48 a. m.]

[Docket No. G-8573]

DAYTON POWER AND LIGHT CO.

NOTICE OF APPLICATION

APRIL 28, 1955.

Take notice that The Dayton Power and Light Company (Applicant), an Ohio corporation with its principal place of business in Dayton, Ohio, filed an application on March 14, 1955, for an order, pursuant to section 7 (a) of the Natural Gas Act, directing Ohio Fuel Gas Company (Ohio Fuel) to establish a physical connection between its existing Z-50 transmission line in Darke County, Ohio, and certain proposed facilities of Applicant, and the sale and delivery by Ohio Fuel to Applicant of natural gas for resale in the Village of Gordon, Darke County, Ohio, as hereinafter described, all as more fully represented in the application.

Applicant states that it is an existing customer of Ohio Fuel, furnishing natural gas service to numerous communities in southwestern Ohio. The Village of Gordon has a population of 200, has no natural gas service at present, and has granted a 25-year franchise to Applicant.

Applicant proposes to construct 2,687 feet of 2-inch pipeline to a point of connection with Ohio Fuel's line Z-50 in Darke County, and a distribution system in the Village of Gordon, at a total cost of $18,000 to be financed from current funds.

The requirements of the Village of Gordon are estimated at a maximum potential of 336 Mcf per day, with estimated annual requirements of 11,000 to 14,000 Mcf per year.

Ohio Fuel, in its answer to the application herein, filed March 30, 1955, avers that it has no objection to the granting of the application and that rendition of the service requested will not adversely affect service to present customers; that no additional facilities other than a physical connection and tap will be required.

Applicant has requested that its application be heard under the shortened procedure provided by § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Commission in accordance with §§ 1.8 and 1.10 of its rules of practice and procedure (18 CFR 1.8 and 1.10) on or before May 18, 1955. The application is on file with the Commission and open for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-8819]

MRS. TOM J. MOFFITT, ET AL.

ORDER ACCEPTING PROPOSED RATE SCHEDULE FOR FILING AND SUSPENDING USE THEREOF

On April 1, 1955, Mrs. Tom J. Moffitt, et al., filed a notice of change to their FPC Gas Rate Schedule No. 1 covering the sale of natural gas to Louisiana Nevada Transit Company from the Cotton Valley Field, Webster Parish, Louisiana. This notice of change has been designated as Supplement No. 6 to FPC Gas Rate Schedule No. 1. The sale to Louisiana Nevada is made under a gas sales contract with the Cotton Valley Operators Committee (Committee), acting as agent for the operators and royalty owners, but the Committee has not filed any rate schedule with the Commission on behalf of the operators and owners. Therefore, Mrs. Moffitt's notice of change should be accepted for filing.

The increase in rate proposed in Supplement No. 6 is from 5.6 cents per Mcf to 10.7 cents per Mcf and is made pursuant to a contract provision for redetermination every three years on the basis of the weighted-average price being paid in the North Louisiana area. The requested effective date of the increase is October 23, 1954. The proposed increase has not been shown to be justified and may be unjust, unreasonable, or otherwise unlawful.

The Commision finds:

(1) Supplement No. 6 to Mrs. Tom J. Moffitt's, et al. FPC Gas Rate Schedule No. 1, as submitted on April 1, 1955, should be accepted for filing.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of Supplement No. 6 to Mrs. Tom J. Moffitt's, et al., FPC Gas Rate Schedule No. 1 and that said proposed change be suspended as hereinafter provided and the use thereof deferred pending hearing and decision herein.

The Commission orders:

(A) Supplement No. 6 to Mrs. Tom J. Moffitt's et al., FPC Gas Rate Schedule No. 1, as submitted on April 1, 1955, be and it hereby is accepted for filing.

(B) Pursuant to the authority contained in sections 4 and 15 of the Natural Gas Act and the Commission's general rules and regulations, a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of said proposed change in rates and charges; and, pending such hearing and decision thereon, the above-designated supplement be and the same hereby is suspended and the use thereof deferred until October 2, 1955, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Adopted: April 20, 1955.

Issued: April 29, 1955.

By the Commission.[1]

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[No. MC–C–1804]

RECIPROCITY AGREEMENTS BETWEEN MOTOR CARRIERS AND SHIPPERS OF BULK PETROLEUM

NOTICE OF INVESTIGATION

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 7th day of March A. D. 1955.

It appearing, that some motor carriers and shippers of bulk petroleum and petroleum products are engaged in practices whereby the transportation of bulk petroleum and petroleum products by particular motor carriers is dependent upon the extent to which the motor carrier purchases petroleum products and other products sold by the shipper and in some cases is dependent upon the surrender by the motor carrier to the shipper of so-called "reciprocity credits" representing the purchase of the shipper's products by the motor carrier and others, including motor carriers of commodities other than bulk petroleum and petroleum products.

And it further appearing that the the practice may be in violation of sections 217 (b) and 222 (c) of the Interstate Commerce Act with respect to shipments transported by motor common carriers and in violation of section 218 (a) in the case of motor contract carriers:

It is ordered, that an investigation be, and it is hereby, instituted, upon our own motion, into and concerning the lawfulness of the practices described in the first paragraph hereof, with a view to making such findings and orders in the premises as the facts and circumstances shall warrant.

It is further ordered, that motor common and contract carriers of petroleum and petroleum products, in tank vehicles, be, and they are hereby, made respondents to this proceeding; and that notice of this proceeding be given to the said respondents and to the general public by depositing a copy of this order in the office of the Secretary of the Interstate Commerce Commission, at Washington, D. C., and by filing a copy with the Director of the Federal Register.

And it is further ordered, that this proceeding be assigned for hearing at a time and place to be hereafter fixed.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70–3369]

COLUMBIA GAS SYSTEM, INC., ET AL.

NOTICE OF FILING OF JOINT APPLICATION-DECLARATION RELATING TO PROPOSED ISSUANCE AND SALE OF SECURITIES BY SUBSIDIARIES TO PARENT COMPANY, AND ALSO TO PROPOSED OPEN-ACCOUNT ADVANCES BY PARENT COMPANY TO SUBSIDIARIES

APRIL 28, 1955.

In the Matter of the Columbia Gas System, Inc., United Fuel Gas Company, Amere Gas Utilities Company, Atlantic Seaboard Corporation, Central Kentucky Natural Gas Company, Virginia Gas Distribution Corporation, The Ohio Fuel Gas Company, The Manufacturers Light and Heat Company, Cumberland and Allegheny Gas Company, Home Gas Company, The Keystone Gas Company, Inc.; File No. 70–3369.

Notice is hereby given that The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its wholly-owned public-utility subsidiaries, United Fuel Gas Company ("United Fuel"), Amere Gas Utilities Company ("Amere"), Central Kentucky Natural Gas Company ("Central Kentucky"), Virginia Gas Distribution Corporation ("Distribution"), The Ohio Fuel Gas Company ("Ohio"), The Manufacturers Light and Heat Company ("Manufacturers"), Cumberland and Allegheny Gas Company ("Cumberland") and The Keystone Gas Company, Inc. ("Keystone"), and its wholly owned non-utility subsidiaries, Atlantic Seaboard Corporation ("Seaboard") and Home Gas Company ("Home"), have filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 6 (b), 9, 10, 12 (b) and 12 (f), and Rules U-43 and U-45 as applicable to the proposed transactions, which are summarized as follows:

Said subsidiary companies are engaged in construction programs which will require expenditures and which will necessitate their obtaining new money in 1955, as follows:

Company	Construction expenditures	New money requirements
United Fuel	$13,365,300	$5,900,000
Amere	318,900	300,000
Seaboard	10,305,400	6,900,000
Central Kentucky	3,179,200	2,200,000
Distribution	852,000	850,000
Ohio	20,220,700	11,300,000
Manufacturers	17,277,600	10,000,000
Cumberland	2,738,100	2,250,000
Home	696,800	475,000
Keystone	151,200	175,000
Total	69,106,100	40,350,000

It is proposed that Columbia will furnish to said subsidiary companies the new money required, in consideration of which said subsidiaries will issue and sell to Columbia at principal amount and par value, their several securities as follows:

Subsidiary companies	Securities to be issued and sold	
	Installment notes (aggregate principal amount)	Common stock (aggregate par value)
United Fuel	$5,900,000	
Amere	300,000	
Seaboard	5,500,000	$1,400,000
Central Kentucky	1,600,000	600,000
Distribution	650,000	200,000
Ohio	11,300,000	
Manufacturers	5,500,000	4,500,000
Cumberland	2,250,000	
Home	375,000	100,000
Keystone	175,000	
Total	33,550,000	6,800,000

Said securities will be issued by the several subsidiaries from time to time as funds are required, but not later than March 31, 1956. The Installment Notes will be dated when issued, and will be payable in 25 equal annual installments on February 15 of each of the years 1957 to 1981, inclusive. It is represented that the Notes will bear interest at 3 percent per annum subject to adjustment as of the date of Columbia's next debenture issue to a rate equal to the coupon rate that will apply to such issue.

In addition to the foregoing investments in its subsidiaries to finance the 1955 system construction program, Columbia further proposes to advance on open account, from time to time to five of its subsidiaries, funds aggregating not in excess of $35,000,000 for the purchase during 1955 of inventory gas for storage in their underground storage facilities, as follows:

United Fuel	$10,000,000
Central Kentucky	500,000
Ohio	16,000,000
Manufacturers	7,000,000
Home	1,500,000
Total	35,000,000

Said open-account advances will bear interest at the rate of 3 percent per annum (being the same rate to be paid by Columbia to commercial banks for the loan of said funds) and will be repayable, in three equal installments on February 25, March 25, and April 25, 1956, from revenues derived from the sale of stored gas during the coming winter season.

The estimated expenses to be paid in connection with said transactions, of which each company will pay its individual part, are $1,100 to the Columbia Gas Service Corporation for preparing the documents filed with the regulatory commissions, $44,385 for Federal original issue taxes, $1,600 for legal expenses, and $1,100 for miscellaneous expenses.

The several subsidiary companies, other than Seaboard, are required to obtain authorization for the issuance and sale of the securities, as herein proposed, from the regulatory commissions of the States wherein they are organized and doing business, as follows:

Issuing Company and Authorizations To Be Obtained From

Manufacturers: The Pennsylvania Public Utility Commission.

United Fuel: [1] West Virginia Public Service Commission.

Amere: West Virginia Public Service Commission.

Cumberland: West Virginia Public Service Commission.

Ohio: Public Utilities Commission of Ohio.

Distribution: State Corporation Commission of Virginia.

Central Kentucky: Kentucky Public Service Commission.

Home: New York Public Service Commission.

Keystone: New York Public Service Commission.

It is requested that this Commission issue its order with respect to each of the several transactions proposed herein as soon as possible after the filing of the final amendment to the joint application-declaration applicable thereto.

Notice is further given that any interested person may, not later than May 11, 1955 at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said joint application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said application-declaration, as filed or as amended, may be granted and permitted to become effective, in whole or in part, or the Commission may take such other action as it may deem appropriate under the circumstances.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 55–3646; Filed, May 4, 1955; 8:49 a. m.]

[1] United Fuel is also required to obtain authorization from the West Virginia Public Service Commission for the open-account advances herein proposed.

[File No. 70–3370]

COLUMBIA GAS SYSTEM, INC.

NOTICE OF PROPOSED SHORT-TERM FINANCING BY BANK LOANS

APRIL 28, 1955.

Notice is hereby given that The Columbia Gas System, Inc. (Columbia"), a registered holding company, has filed with the Commission a declaration pursuant to sections 6 and 7 of the Public Utility Holding Company Act of 1935 ("act") regarding the following proposed transactions:

Columbia proposes to borrow $50,000,000 in aggregate amount from nineteen commercial banks, half of such amount to be borrowed on or before June 30, 1955 and the balance on or before August 31, 1955. The loans will be evidenced by notes dated when issued and maturing April 30, 1956. Said notes will bear interest at the rate of 3 percent per annum and may be prepaid in whole or in part, without penalty, prior to the date of maturity on 10 days' notice.

Columbia states that from the proceeds of said borrowings $15,000,000 will be advanced to its subsidiaries for construction and $35,000,000 for the purchase of storage gas for current inventory. It estimates that during the current year the system will require additional funds in the aggregate amount of $50,000,000, of which $25,000,000 will be for construction and $25,000,000 for the payment of presently outstanding bank loans, maturing August 31, 1955. Columbia has not developed definitive plans to provide the balance of the required funds. If the cash requirements remain substantially of the magnitude now estimated, Columbia expects to sell debentures in an amount which will depend upon market and other conditions. However, if the construction program and resulting cash requirements should be materially reduced, Columbia, instead of selling debentures this year, may negotiate with the banks for new short-term loans and postpone its long-term financing until 1956.

It is contemplated that $35,000,000 of the proposed bank loans, which is the amount proposed to be advanced during the year to the subsidiaries for the purchase of inventory gas, will be repaid on or before maturity with funds obtained from operations.

Columbia estimates its total expenses herein at $500.

It is requested that the Commission's order be made effective as soon as practicable.

Notice is further given that any interested person may, not later than May 11, 1955 at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said declaration, as filed or as amended, may be permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under the Act, or the Commission may take such other action as it may deem appropriate under the circumstances.

By the Commission.

MATHEMATICIAN

1. Subparagraph (1) of § 24.36 (a) is revoked and § 24.123 is added to read as follows:

§ 24.123 *Mathematician, GS-1520-5-15*—(a) *Educational requirements.* Applicants must have completed one of the following:

(1) A full 4-year course in an accredited college or university leading to a bachelor's degree. This study must have included courses in mathematics totaling at least 24 semester hours.

(2) Courses in mathematics in an accredited college or university totaling at least 24 semester hours; plus additional appropriate experience or education which when combined with the 24 semester hours in mathematics will total 4 years of education and experience and will give the applicant a technical and general professional knowledge comparable to that which would have been acquired through the successful completion of the 4-year college course described in subparagraph (1) of this paragraph.

In either subparagraph (1) or (2) of this paragraph, the courses in mathematics must have been acceptable for credit toward meeting the requirements of a major in mathematics in a 4-year professional curriculum leading to a bachelor's degree. These courses must have included at least five of the following: Differential calculus, integral calculus, theory of equations, vector analysis, statistics, higher algebra (beyond elementary college algebra), differential equations, advanced differential calculus, advanced integral calculus, any other advanced course in mathematics for which one of the above is prerequisite.

(b) *Duties.* Mathematicians will plan, direct, perform, or assist in performing research in basic mathematical theory or related theoretical analytic or evaluation studies, or mathematical analyses and computations incident to investigative, developmental and research work in the scientific fields, such as engineering, physics, astronomy, etc. Their duties will include mathematical research and critical investigative work, mathematical analyses of observational data, computation of scientific tables, adaptation of mathematical projects to solution by high speed automatic electronic computing machinery, and writing of scientific reports, all involving a thorough knowledge of basic mathematics and in some cases involving a familiarity with the physical sciences or with engineering practices.

(c) *Knowledge and training requisite for performance of duties.* (1) The minimum amount of formalized training required for the successful performance of the duties described in paragraph (b) of this section consists of 24 semester hours of study in mathematics which, being distributed among several principal branches of the field, represents essentially a basic fundamental body of mathematical knowledge. In order that mathematicians may engage successfully in basic research in mathematics, or in other diverse phases of mathematics represented by the professional mathematician positions of the Federal Government, it is necessary that they be thoroughly and broadly trained.

(2) Advances in the various scientific fields have been dependent upon and interrelated to mathematics in all its branches, since mathematics is an indispensable tool in expressing basic laws and concepts, in interpreting experimental data, in extending old or establishing new concepts and in establishing basic hypotheses for new experimental work in scientific fields. Further advances in these fields will be vitally dependent on the number of highly qualified, and broadly trained mathematicians who are competent to explore from a mathematical standpoint the particular field in which a research problem is centered. The only method by which mathematicians can be thoroughly and broadly trained to the level and extent required is through a

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

(For use during 1955)

The following Supplement is now available:

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

Subchapter A—Procedures, Rules of Practice, and Orders

REDESIGNATIONS AND AMENDMENTS

The following changes in Title 16, Chapter I, of the Code of Federal Regulations shall become effective 15 days after publication in the FEDERAL REGISTER:

1. The headnote of Subchapter A is redesignated to "Procedures, Rules of Practice, and Orders".
2. Part 3 is renumbered to Part 13.
3. Part 4 is renumbered to Part 14.
4. Parts 1, 2, and 7 are revoked.
5. New Parts 1, 2, and 3 are added.

By direction of the Commission.

ROBERT M. PARRISH,
Secretary.

PART 1—GENERAL PROCEDURES

Subpart A—The Commission

Sec.
1.1 Origin and purpose.
1.2 Laws administered.
1.3 Functions.
1.4 Official address.
1.5 Branch offices.
1.6 Wool, fur and flammable fabrics offices.
1.7 Hours.
1.8 Sessions.
1.9 Quorum.

Subpart B—Initiation of Investigative Proceedings

1.11 How initiated.
1.12 Who may apply.
1.13 Method of application.
1.14 Status of applicant.
1.15 Confidentiality of applications.

Subpart C—Policy Regarding Private Controversies

1.21 Policy as to private controversies.

Subpart D—Investigations

1.31 Investigational policy.
1.32 By whom conducted.
1.33 Notification of purpose.
1.34 Investigational hearings.
1.35 Investigational subpoenas.
1.36 Depositions.
1.37 Notices to grant access.
1.38 Reports.
1.39 Noncompliance with investigational processes.
1.40 Rights of witnesses.
1.41 Nonpublic proceedings.
1.42 Referrals after investigation.

Subpart E—Stipulations to Cease and Desist

1.51 Policy.
1.52 Notice.
1.53 Reply.
1.54 Stipulation.
1.55 Effect of stipulation.

1.84 Registered identification numbers.
1.85 Continuing guaranties.
1.86 Inspections and counseling.

Subpart I—Export Trade Act Administration

1.91 Limited antitrust exemption.
1.92 Prohibitions.
1.93 Notice to Commission.
1.94 Special reports.
1.95 Recommendations.

Subpart J—Trade Mark Procedure

1.101 Authority.
1.102 Applications.
1.103 Procedure.
1.104 Patent Office rules.

Subpart K—Injunctive and Condemnation Proceedings

1.111 Injunctions pending Commission action.
1.112 Injunctions pending court review.
1.113 Injunction, Wool, Fur and Flammable Fabrics cases.
1.114 Condemnation proceedings.

Subpart L—Cooperation With Other Agencies

1.121 General policy.

Subpart M—Public and Confidential Information

1.131 Requests.
1.132 Public information.
1.133 Confidential information.
1.134 Release of confidential information.

AUTHORITY: §§ 1.1 to 1.134 issued under sec. 6, 38 Stat. 722; 15 U. S. C. 46.

SUBPART A—THE COMMISSION

§ 1.1 *Origin and purpose.* The Federal Trade Commission was established by Congress in 1914 to protect business and the public against unfair methods of competition and to prevent practices which would lessen competition or tend to create monopoly. The Commission is, in short, charged with the basic duty of protecting our competitive free-enterprise economy.

§ 1.2 *Laws administered.* The Federal Trade Commission exercises responsibilities under the Federal Trade Commission Act of 1914 (15 U. S. C. 41), as amended by the Wheeler-Lea Act of 1938 and the Oleomargarine Act of 1950; the Clayton Act of 1914 (15 U. S. C. 12), as amended by the Robinson-Patman Act of 1936 and the Anti-merger Act of 1950; the Webb-Pomerene Export Trade Act of 1918 (15 U. S. C. 61); the Wool Products Labeling Act of 1939 (15 U. S. C. 68); Public Law 15 of 1945 relating to the regulation of the business of Insurance (15 U. S. C. 1011); the Lanham Trade Mark Act of 1946 (15 U. S. C. 1051); the Fur Products Labeling Act of 1951 (15 U. S. C. 69); and the Flammable Fabrics Act of 1953 (15 U. S. C. 1191).

§ 1.3 *Functions.* The Commission has extensive advisory and regulatory functions. The advisory functions are exercised by reports to the Congress and to the President and by recommendations for legislation, usually after general investigations and economic studies. The regulatory functions are exercised in two ways, informally through procedures designed to encourage voluntary compliance with the law and formally by adversary proceedings initiated by complaint and culminating, in appropriate instances, in orders to cease and desist. The Commission's duties and responsibilities are stated in the laws which it administers, and in general they are as follows:

(a) To prevent the use of unfair methods of competition, and unfair or deceptive acts or practices in interstate commerce, such as acts or practices which are unfair or oppressive or tend to monopoly; combinations which unreasonably restrain competition; and representations, express or implied, which have the capacity of misleading or deceiving members of the public with respect to commodities being offered for sale, all as prohibited by section 5 of the Federal Trade Commission Act;

(b) To prevent the dissemination of false advertisements of foods, drugs, cosmetics, and devices, as provided in sections 12 through 15 of the Federal Trade Commission Act;

(c) To prevent discriminations in price, services, or facilities, including quantity discounts which are unjustly discriminatory or promotive of monopoly, by the establishment, when necessary, of quantity limits; payment or receipt of brokerage, commissions, or discounts in lieu thereof; the use of tying or exclusive dealing leases, sales, or contracts; the acquisition by one corporation of stock or assets of another, and continuance of interlocking directorates among corporations, all under the circumstances of which these things are prohibited respectively by sections 2, 3, 7, and 8 of the Clayton Act as amended;

(d) To prevent the misbranding of wool or wool products through failure to comply with the provisions of the Wool Products Labeling Act of 1939;

(e) To prevent misbranding, false advertising, or false invoicing of furs or fur products through failure to comply with the Fur Products Labeling Act;

(f) To prevent the introduction or movement in interstate commerce of articles of wearing apparel and fabrics which are so highly flammable as to be dangerous when worn by individuals, in violation of the Flammable Fabrics Act;

(g) To prevent unfair methods of competition and unfair or deceptive acts or practices in the business of insurance to the extent that such business is not regulated by State law, under the Federal Trade Commission Act and Public Law 15 of 1945 relating to the regulation of the business of insurance.

(h) To administer the provisions of the Export Trade Act, providing for the registration and operation of associations of American exporters engaging solely in export trade;

(i) To proceed for the cancellation of registration of trade marks which have been illegally registered or which have been used for purposes contrary to the intent of the Trade Mark Act of 1946;

(j) To investigate the organization, business, conduct, practices, or management of corporations and to make public reports thereon as the Commission deems expedient in the public interest; to investigate, at the direction of the President or the Congress, and report upon

alleged violations of the antitrust laws by corporations; to make various other investigations and reports, including recommendations to Congress for legislation, and reports to the Attorney General, to the extent and in the manner provided in section 6 of the Federal Trade Commission Act.

§ 1.4 *Official address.* The principal office of the Commission is at Washington, D. C. All communications to the Commission should be addressed to the Federal Trade Commission, Washington 25, D. C., unless otherwise specifically directed.

§ 1.5 *Branch offices.* (a) Branch offices are maintained at Washington, New York, Cleveland, Chicago, San Francisco, Seattle, and New Orleans.

(b) Their addresses are: Federal Trade Commission, Washington 25, D. C.; Federal Trade Commission, U. S. Court House, Foley Square, New York 7, New York; Federal Trade Commission, Room 1128, Standard Building, Cleveland 13, Ohio; Federal Trade Commission, Room 1310, 226 West Jackson Boulevard, Chicago 6, Illinois; Federal Trade Commission, Room 133, Civic Center, Federal Office Building, San Francisco 2, California; Federal Trade Commission, Room 811, U. S. Court House, Seattle 4, Washington; Federal Trade Commission, 413 Masonic Temple Building, 333 St. Charles Street, New Orleans 12, Louisiana.

(c) Branch office managers are available for conferences with attorneys and other members of the public on matters relating to the Commission's activities.

§ 1.6 *Wool, fur and flammable fabrics offices.* (a) For the limited purpose of administering the Wool, Fur and Flammable Fabrics Acts, offices are located at Atlanta, Boston, Chicago, Cleveland, Dallas, Los Angeles, San Francisco, New York City, Philadelphia, and St. Louis.

(b) Their addresses are: Federal Trade Commission, Lullwater Building, Room 312, 441 West Peachtree Street, Atlanta, Georgia; Federal Trade Commission, Room 401, 408 Atlantic Avenue, Boston 10, Massachusetts; Federal Trade Commission, 226 West Jackson Boulevard, Chicago 6, Illinois; Federal Trade Commission, Room 1128, Standard Building, Cleveland 13, Ohio; Federal Trade Commission, Room 1606, 1114 Commerce Street, Dallas 2, Texas; Federal Trade Commission, Room 202, 1031 South Broadway, Los Angeles 15, California; Federal Trade Commission, Room 133, Civic Center, Federal Office Building, San Francisco 2, California; Federal Trade Commission, U. S. Court House, Foley Square, New York 7, New York; Federal Trade Commission, Room 3030–A, U. S. Court House, Philadelphia, Pennsylvania; Federal Trade Commission, U. S. Court & Custom House, Room 1003–C, St. Louis 1, Missouri.

§ 1.7 *Hours.* Principal and branch offices are open on each business day from 8:30 a. m. to 5:00 p. m.

§ 1.8 *Sessions.* (a) The Commission may meet and exercise all its powers at any place, and may, by one or more of its members, or by such representatives as it may designate, prosecute any inquiry necessary to its duties in any part of the United States.

(b) Sessions of the Commission for hearings will be held as ordered by the Commission. Sessions of the Commission for the purpose of making orders and for transaction of other business unless otherwise ordered will be held at the principal office of the Commission at Pennsylvania Avenue and Sixth Street, Washington, D. C., on each business day at 10:00 a. m.

§ 1.9 *Quorum.* A majority of the members of the Commission shall constitute a quorum for the transaction of business.

SUBPART B—INITIATION OF INVESTIGATIVE PROCEEDINGS

§ 1.11 *How initiated.* Commission investigations and inquiries are originated upon the request of the President, Congress, government agencies, or the Attorney General, upon referrals by the Courts, upon complaint by members of the consuming public, businessmen, or concerns aggrieved by unfair practices, or by the Commission upon its own motion.

§ 1.12 *Who may apply.* Any individual, partnership, corporation, association or organization may apply to the Commission to institute a proceeding in respect to any violation of law over which the Commission has jurisdiction.

§ 1.13 *Method of application.* The application for complaint should be in writing, signed by or in behalf of the applicant, and should contain a statement setting forth the alleged violation of law and the name and address of the party or parties complained of. No forms or formal procedure are required in making application for complaint.

§ 1.14 *Status of applicant.* The applicant is not regarded as a party, for the Commission acts only in the public interest.

§ 1.15 *Confidentiality of applications.* It always has been and now is strict Commission policy not to publish or divulge the name of an applicant or complaining party.

SUBPART C—POLICY REGARDING PRIVATE CONTROVERSIES

§ 1.21 *Policy as to private controversies.* The Commission acts only in the public interest, against alleged unfair methods of competition or unfair, deceptive or monopolistic practices in commerce. It does not take action when the alleged violation of law is merely a matter of private controversy and does not tend adversely to affect the public.

SUBPART D—INVESTIGATIONS

§ 1.31 *Investigational policy.* The Commission encourages voluntary cooperation in its investigations where such can be effected without undue delay or without prejudice to the public interest. The Commission may, in any matter under investigation, invoke any or all of the compulsory processes authorized by law.

§ 1.32 *By whom conducted.* Inquiries and investigations are conducted, under the various statutes administered by the Commission, by Commission representatives designated and duly authorized for the purpose. Such representatives are authorized to exercise and perform the duties of their office in accordance with the laws of the United States and the regulations of the Commission, including the administration of oaths and affirmations, in any matter under investigation by the Commission.

§ 1.33 *Notification of purpose.* Any party under investigation compelled to furnish information or documentary evidence shall be advised with respect to the purpose and scope of the investigation.

§ 1.34 *Investigational hearings.* (a) Investigational hearings, as distinguished from hearings in adjudicative proceedings, may be conducted in the course of any investigation undertaken by the Commission, including inquiries initiated for the purpose of determining whether or not a respondent is complying with an order of the Commission or the manner in which decrees in suits brought by the United States under the antitrust acts are being carried out and cases referred by the courts to the Commission as a master in chancery.

(b) Investigational hearings may be held before the Commission, one or more of its members, or a duly designated representative, for the purpose of hearing the testimony of witnesses and receiving documents and other data relating to any subject under investigation. Such hearings shall be stenographically reported and a transcript thereof shall be made a part of the record of the investigation.

§ 1.35 *Investigational subpoenas.* The Commission may issue a subpoena directing the person named therein to appear before a designated representative at a designated time and place to testify or to produce documentary evidence relating to any matter under investigation, or both. Subpoenas shall be served in the manner provided in § 3.4 of this chapter.

§ 1.36 *Depositions.* The Commission may order testimony to be taken by deposition in any investigation at any stage of such investigation. Such depositions may be taken before any person designated by the Commission and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition, or under his direction, and shall then be subscribed by the deponent. Any person may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence as provided in § 1.35.

§ 1.37 *Notices to grant access.* The Commission may issue a notice to grant access to, for examination and copying, documentary evidence of any corporation being investigated.

§ 1.38 *Reports.* The Commission may issue an order requiring a corporation to file a report or answers in writing to specific questions relating to any matter under investigation.

§ 1.39 *Noncompliance with investigational processes.* In case of failure to comply with Commission investigational processes appropriate action may be initiated by the Commission, including actions for enforcement by the Commission or the Attorney General and forfeiture of penalties or criminal actions by the Attorney General.

§ 1.40 *Rights of witnesses.* Any person required to testify or to submit documentary evidence shall be entitled to retain or, on payment of lawfully prescribed cost, procure a copy of any document produced by such person and of his own testimony as stenographically reported or, in the case of depositions, as reduced to writing by or under the direction of the person taking the deposition, except that in a nonpublic proceeding a witness may for good cause be limited to inspection of his testimony. Any party compelled to testify or to produce documentary evidence may be accompanied and advised by counsel, but counsel may not, as a matter of right, otherwise participate in the investigation.

§ 1.41 *Nonpublic proceedings.* Unless otherwise ordered by the Commission, all investigatory proceedings shall be nonpublic.

§ 1.42 *Referrals after investigation.* Upon completion of investigation, where the facts indicate that no corrective action by the Commission is warranted, the investigational files are closed. Where remedial action is appropriate, the files may be referred for the initiation of adjudicative proceedings by issuance of complaint, for negotiation of a stipulation to cease and desist or for other appropriate action.

SUBPART E—STIPULATIONS TO CEASE AND DESIST

§ 1.51 *Policy.* In order to avoid the expense and time involved in formal legal proceedings, it is the policy of the Commission to afford individuals, partnerships and corporations who have engaged in unlawful acts and practices an opportunity to enter into voluntary agreements to cease and desist therefrom, when it appears to the Commission that such procedure fully safeguards the public interest. Such opportunity is not afforded when the alleged violation of law involves false advertising of food, drugs, devices or cosmetics which are inherently dangerous, the sale of fabrics and wearing apparel which are so highly flammable as to be dangerous, or the suppression or restraint of competition through conspiracy or discriminatory or monopolistic practices. The Commission reserves the right in all cases to withhold the privilege of disposition by voluntary agreement.

§ 1.52 *Notice.* When there is reason to believe that disposition by voluntary agreement will effectively prevent further violations of law, the investigational file is referred to the Division of Stipulations, Bureau of Consultation, for negotiation of a stipulation as to the facts and agreement to cease and desist. The respondent is notified of such reference and of the violations of law alleged, and a date is set, on or before which he may reply thereto.

§ 1.53 *Reply.* Reply may be in the form of a letter, or proposed respondent, or his authorized representative, may, upon request, confer with the Chief, Division of Stipulations, or with a duly designated attorney-conferee.

§ 1.54 *Stipulation.* The stipulation shall consist of a statement setting forth the material facts concerning the acts or practices deemed to be violative of law and an agreement to cease and desist therefrom. When executed by proposed respondents and satisfactory to the Chief, Division of Stipulations, and Director, Bureau of Trade Practice Conferences, the stipulation is submitted to the Commission for its consideration.

§ 1.55 *Effect of stipulation.* When an executed stipulation is approved by the Commission the matter is closed without prejudice to the right of the Commission to reopen if and when warranted by the facts. The agreement is for settlement purposes only and does not constitute an admission by the parties that they have engaged in any method, act or practice violative of law.

§ 1.56 *Public record.* All stipulations shall be matters of public record.

§ 1.57 *Compliance.* (a) Proposed respondent, within sixty (60) days of the approval of such stipulation, shall file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with such agreement.

(b) Within its discretion, the Commission may require any party entering into such a stipulation to file with the Commission, from time to time thereafter, further reports in writing, setting forth in detail the manner and form in which they are complying with said stipulation.

(c) Reports of compliance shall be signed by the parties stipulating.

(d) Failure to file a satisfactory report of compliance will result in further appropriate action by the Commission.

SUBPART F—INFORMAL PROCEDURES UNDER THE ANTI-MERGER LAW

§ 1.61 *Purpose.* The Commission has adopted an informal procedure in order to assist businessmen to know in advance the legal problems that will be involved in a proposed merger and to give them informally the benefit of staff views on those problems.

§ 1.62 *Conferences.* Inquiries from parties interested in acquiring either the stock or physical assets of another business should be addressed to the Secretary. The facts relating to the proposed transaction may be submitted either in writing or in conference. Further conferences and submittals of information may be required.

§ 1.63 *Advice.* On the basis of the facts submitted by the parties as well as other information available to the Commission, the parties are informed whether or not consummation of the merger would be likely to result in further action by the Commission.

SUBPART G—ECONOMIC SURVEYS AND REPORTS

§ 1.71 *Authority.* General and special economic surveys and investigations are conducted by the Bureau of Economics under the authority of the various laws which the Federal Trade Commission administers. These laws, among other things, empower the Commission to ascertain the facts with respect to the organization, business, conduct, practices and management of corporations subject to its jurisdiction and the relations of any such corporation to other corporations and to individuals, associations and partnerships. The Commission may in any such survey or investigation invoke any or all of the compulsory processes authorized by law.

§ 1.72 *Purpose.* Compilations of market information and facts respecting corporate relations and competitive conditions and practices are prepared for use in the Commission's law enforcement and factual reporting work. In connection with the discharge of these responsibilities, two types of economic studies and reports are made:

(a) *Economic evidence.* Market information and facts needed by the Commission in connection with its examination of the competitive consequences of business practices or activities covered by sections 2, 3, 7, and 8 of the Clayton Act and section 5 of the Federal Trade Commission Act are obtained from compilations of published information and first-hand surveys of companies operating in particular markets.

(b) *Published reports.* The economic studies which appear as published reports of the Commission are made under its responsibility as a factfinding and reporting agency. They may form part of a continuing series or they may be individual studies. These studies are directed to ascertaining the organization, business, conduct, practices, management, and relation to other businesses of corporations subject to the jurisdiction of the Federal Trade Commission. Such investigations are conducted at the request of the President, at the direction of the Congress, at the request of the Attorney General or other government agencies, or on the initiative of the Commission.

(1) *Financial reports.* A continuing financial reporting program is carried on in cooperation with and under the general sponsorship of the Office of Statistical Standards of the Bureau of the Budget and its interagency and industry advisory committees. Published reports present estimates of national aggregates of financial items of a consolidated income statement and balance sheet of all manufacturing corporations. These statistics are the authoritative source of current information about the financial characteristics of different groups of industries and of various classes of small, medium, and large manufacturing corporations.

(2) *Other reports.* Individual economic reports deal with competitive practices and competitive relationships in specific industries, or with specific

competitive practices and relationships in a range of industries, or classify corporations in various ways as, for example, by asset size, sales patterns, or number of operating units. In general they deal with the status of competition and the prevalence of monopolistic or trade-restraining practices and trends found to exist in commerce, and suggest remedial measures. Where existing law is regarded as inadequate to protect the public interest, they are accompanied by suggestions for remedial legislation.

SUBPART H—ADMINISTRATION OF THE WOOL PRODUCTS LABELING ACT, FUR PRODUCTS LABELING ACT AND FLAMMABLE FABRICS ACT

§ 1.81 *Administration.* The general administration of the Wool Products Labeling Act, Fur Products Labeling Act and Flammable Fabrics Act and the respective rules and regulations thereunder is carried out under the direction of the Commission by the Bureau of Investigation through its Division of Wool, Fur and Flammable Fabrics. Locations of Wool, Fur and Flammable Fabrics offices are set forth in § 1.6. Any affected person may obtain copies of the several Acts and Rules and Regulations upon request to the Commission.

(a) *Wool.* The Wool Products Labeling Act provides for a fiber content disclosure of all products containing or purporting to contain woolen fibers which are subject to its provisions. Products subject to the act must carry labels showing the respective percentages of the fibers contained therein and the name or registered identification number of the manufacturer or concern responsible for such content disclosure. The act also prohibits the use of false or deceptive labels. The manufacturer of wool products, in addition to labeling, is required to maintain records of fiber content.

(b) *Fur.* The Fur Products Labeling Act provides in substance that sellers of fur products shall label such products to show the true name of the animal that produced the fur as set forth in the Fur Products Name Guide established by the Commission as provided in the act; that the fur or fur product is composed of used fur, when such is the fact; that the fur or fur product is bleached, dyed or otherwise artificially colored, when such is the fact; that the fur product is composed in whole or in substantial part of paws, tails, bellies or waste fur, when such is the fact; the name or registered identification of the manufacturer or distributor of the fur product; and the name of the country of origin of any imported fur used in a fur product. This act also covers the advertising and invoicing of furs and fur products with a small quantity or value of fur. Records are required to be maintained by manufacturers or handlers of furs and fur products.

(c) *Flammable fabrics.* The Flammable Fabrics Act prohibits the sale of articles of wearing apparel and fabrics intended or sold for use in wearing apparel which are, under the prescribed test set forth in the act, found to be so highly flammable as to be dangerous when worn by individuals. The statute adopted Commercial Standard 191–53 and 192–53 as the guide for a determination of whether the material is dangerously flammable.

§ 1.82 *Rules.* Rulemaking procedures are described in §§ 2.1 to 2.8 of this chapter.

§ 1.83 *Injunction and condemnation.* Procedures are described in §§ 1.113 and 1.114.

§ 1.84 *Registered identification numbers.* Registered identification numbers are issued by the Commission under the provisions of § 300.4 of this chapter (Rule 4 of the regulations, as amended, under the Wool Products Labeling Act), and § 301.26 of this chapter (Rule 26 of the regulations under the Fur Products Labeling Act). Such numbers are for use as and for the name of the holder of the number in satisfying the name requirement in labeling under the respective acts. Any person marketing wool or fur products in commerce may file an application with the Commission for issuance of a registered identification number. The Commission will furnish application forms upon request. Numbers are issued when, upon examination of the application, the applicant is found to come within the terms of the applicable rules and regulations. Numbers are subject to revocation for cause or upon a change in business status or discontinuance of business.

§ 1.85 *Continuing guaranties.* Continuing guaranties may be filed with the Commission under section 9 of the Wool Products Labeling Act and § 300.33 of this chapter (Rule 33 of the Rules and Regulations), section 10 of the Fur Products Labeling Act, and § 301.48 of this chapter (Rule 48 of the Rules and Regulations), and section 8 of the Flammable Fabrics Act and § 302.10 of this chapter (Rule 10 of the Rules and Regulations). Upon receipt of continuing guaranties duly executed according to form and substance as prescribed in the applicable rules and regulations they are filed and made of public record. Continuing guaranties under the Wool and Fur Acts are renewable annually and those under the Flammable Fabrics Act every three years, and at such other times as any change is made in the legal business status of the person filing the continuing guaranty. Necessary forms may be obtained from the Commission upon request.

§ 1.86 *Inspections and counseling.* The Commission maintains a staff of representatives to carry on compliance inspection and industry counseling work among manufacturers and marketers of wool and fur products as well as articles of wearing apparel and fabrics subject to the provisions of the Flammable Fabrics Act. Administrative action to effect correction of minor infractions on a voluntary basis is taken in those cases where such procedure is believed adequate to effect immediate compliance and protect the public interest. Where inspections reveal violations of a major nature they are fully investigated and referred for such corrective and remedial procedures as appear justified and necessary in the public interest.

SUBPART I—EXPORT TRADE ACT ADMINISTRATION

§ 1.91 *Limited antitrust exemption.* The Webb-Pomerene Export Trade Act extends the jurisdiction of the Commission under the Federal Trade Commission Act to unfair methods of competition used in export trade against competitors engaged in export trade, even though the acts constituting such unfair methods are done without the territorial jurisdiction of the United States, authorizes the organization and operation of export trade associations, and extends to them certain limited exemptions from the Sherman Act and the Clayton Act. The Export Trade Act is administered in the Division of Export Trade, Office of the General Counsel.

§ 1.92 *Prohibitions.* The act provides that an export trade association, to maintain the exemptions extended, must engage solely in export trade and must not restrain the export trade of any domestic competitor of such association, restrain trade within the United States, artificially or intentionally enhance or depress prices within the United States of commodities of the class exported by such association, or substantially lessen competition within the United States or otherwise restrain trade therein.

§ 1.93 *Notice to Commission.* To gain the benefits of the act, an export trade association is required to file with the Commission, within thirty (30) days after creation, a verified written statement setting forth the location of its offices and places of business, names and addresses of its officers, stockholders, or members, and copies of its documents of incorporation or association. On the first day of January of each year thereafter, each association must file a like statement.

§ 1.94 *Special reports.* The statute provides further that to maintain the benefits extended, each export trade association shall furnish to the Commission such information as the Commission may require as to its organization, business, conduct, practices, management, and relation to other associations, corporations, partnerships, and individuals.

§ 1.95 *Recommendations.* Whenever the Commission shall have reason to believe that an association has violated the prohibitions of section 2 of the act, it shall summon the association and thereafter conduct an investigation. Upon investigation, if it shall conclude that the law has been violated, it may make to such association recommendations for the readjustment of its business.

SUBPART J—TRADE MARK PROCEDURE

§ 1.101 *Authority.* The Trade Mark Act of 1946 authorizes the Commission to institute proceedings before the Commissioner of Patents in certain circumstances for cancellation of the registration of marks which do not conform to the requirements enumerated in the act. The functions delegated to the Commission by this act are administered in the Bureau of Investigation.

§ 1.102 *Applications.* Applications to the Commission for the institution of proceedings for the cancellation of registration of trade, service, or certification marks should be in writing, signed by or in behalf of the applicant, and should contain a short and simple statement of the facts constituting the alleged basis for cancellation, the name and address of the applicant and the party complained of, together with all relevant and available information. No forms or formal procedure are required in making such an application. Such investigation as is required to secure the facts necessary for determining whether cancellation proceedings should be instituted will be made in appropriate cases.

§ 1.103 *Procedure.* Applications from members of the public and governmental agencies seeking the intervention of the Commission under this act are referred to the Director of the Bureau of Investigation for consideration, investigation and report to the Commission with recommendation. If, after consideration of the matter, the Federal Trade Commission concludes that application for cancellation of the mark is appropriate it institutes proceedings before the Commissioner of Patents for cancellation of the registration.

§ 1.104 *Patent Office rules.* Proceedings instituted by the Federal Trade Commission for cancellation of registration before the Commissioner of Patents are subject to the rules and regulations of that agency (37 CFR Ch. I).

SUBPART K—INJUNCTIVE AND CONDEMNATION PROCEEDINGS

§ 1.111 *Injunctions pending Commission action.* In those instances where it appears to the Commission that the public interest requires such action, it is the policy of the Commission to apply to the courts for injunctive relief pursuant to the provisions of section 13 of the Federal Trade Commission Act, when it has reason to believe that:

(a) The advertising of a food, drug, device or cosmetic is false in a material respect and there is reasonable probability that the use of the product may cause serious injury to health;

(b) Such product is falsely represented in advertisements as an adequate treatment for conditions in which the failure to administer adequate treatment may seriously imperil health;

(c) The advertising of such product is false in a material respect and there is reasonable probability that its dissemination will result in irreparable and substantial financial injury to the public.

§ 1.112 *Injunctions pending court review.* Where petition for review of an order to cease and desist has been filed in any United States Court of Appeals, the Commission may, under section 5 of the Federal Trade Commission Act, petition the court for an injunction to prevent injury to the public or competitors *pendente lite.*

§ 1.113 *Injunction, Wool, Fur and Flammable Fabrics cases.* In those cases arising under the Wool Products Labeling Act, Fur Products Labeling Act and Flammable Fabrics Act, where it appears to the Commission that the public interest requires such action, the Commission will apply to the courts for injunctive relief, pursuant to the authority granted in such acts.

§ 1.114 *Condemnation proceedings.* In those cases arising under the Wool Products Labeling Act, Fur Products Labeling Act and Flammable Fabrics Act, and especially the latter where the public may be endangered, and where it appears to the Commission that the public interest requires such action, the Commission will apply to the courts for condemnation, pursuant to the authority granted in such acts.

SUBPART L—COOPERATION WITH OTHER AGENCIES

§ 1.121 *General policy.* (a) In the exercise of its jurisdiction with respect to practices and commodities concerning which other Federal agencies also have functions, it is the established policy of the Commission to cooperate with such agencies to avoid unnecessary overlapping or possible conflict of effort.

(b) With all such agencies the Commission cooperates in furnishing information prior to the expenditure of time and effort for investigation or other steps preliminary to specific regulatory action. Liaison is conducted to promote uniformity of actions and enforcement of law in the public interest.

(c) It is the policy of the Commission not to institute proceedings in matters such as the labeling or branding of commodities where the subject matter of the questioned portion of the labeling or branding used is, by specific legislation, made a direct responsibility of another Federal agency.

(d) In proceedings involving false advertisements of food, drugs, cosmetics, and devices as defined in section 15 of the Federal Trade Commission Act, account is taken of the labeling requirements of the Food and Drug Administration in any corrective action applied to the advertising. In the case of advertisements of food, drugs, cosmetics, or devices which are false because of failure to reveal facts material with respect to the consequences which may result from the use of the commodity, it is the policy of the Commission to proceed only when the resulting dangers may be serious or the public health may be impaired, and in such cases to require that appropriate disclosure of the facts be made in the advertising.

SUBPART M—PUBLIC AND CONFIDENTIAL INFORMATION

§ 1.131 *Requests.* (a) All written requests for information should be addressed to the Commission at its principal office.

(b) Where the request is for materials of which copies are not available and photostating or reproduction by other means is required, such service will be provided upon payment of the costs involved.

§ 1.132 *Public information.* (a) Annually, subsequent to the end of the fiscal year, the Commission makes a report to Congress summarizing its work during the year. Such reports are available for inspection at the Commission and Government depositories, and copies thereof may be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

(b) The Commission's rules of practice and procedure and a description of its organization and policies are published in the FEDERAL REGISTER. Copies thereof may be obtained from the Commission upon request.

(c) The decisions of the Commission in adjudicative proceedings and digests of accepted informal agreements to cease and desist from unlawful practices are published periodically in official reports under the title "Federal Trade Commission Decisions."

(d) Rules issued under the Wool Products Labeling Act, the Fur Products Labeling Act, and the Flammable Fabrics Act pursuant to Subpart A of Part 2 of this chapter (§§ 2.1 to 2.8), quantity limit rules issued under section 2 (a) of the Clayton Act, as amended by the Robinson-Patman Act, pursuant to Subpart B of Part 2 of this chapter (§§ 2.11 to 2.18), and Trade Practice Conference Rules for respective industries, issued under Subpart C of Part 2 of this chapter (§§ 2.21 to 2.32), are published in the FEDERAL REGISTER. Copies thereof may be obtained upon request to the Commission.

(e) The pleadings, transcript of testimony, exhibits and all documents received in evidence or made a part of the record in adjudicative proceedings, records of hearings in all rule-making proceedings and continuing guaranties filed under the Wool, Fur and Flammable Fabrics Acts are available at the principal office of the Commission for inspection and copying at reasonable times. Where copies of such materials are desired, § 1.31 (b) applies.

(f) After having been received and filed, reports of compliance filed under § 3.26 of this chapter, describing the manner and form in which respondents allege they have complied with the Commission's orders to cease and desist, are available at the principal office of the Commission for inspection and copying at reasonable times, unless in the opinion of the General Counsel they contain information of a confidential nature, in which case request for release may be made to the Commission pursuant to the provisions of § 1.134. Where copies are desired, § 1.131 (b) applies.

(g) Additional information concerning the activities of the Commission is released from time to time through the Commission's Office of Information.

§ 1.133 *Confidential information.* (a) The records and files of the Commission, and all documents, memoranda, correspondence, exhibits, and information of whatever nature, other than the documentary matters above described, coming into the possession or within the knowledge of the Commission or any of its officers or employees in the discharge of their official duties, are confidential, and none of such material or information may be disclosed, divulged, or produced for inspection or copying except under the procedures set forth in § 1.134.

(b) Under section 10 of the Federal Trade Commission Act, any officer or employee of the Commission who shall

make public any information obtained by the Commission without its authority, unless directed by a court, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding five thousand ($5,000) dollars, or by imprisonment not exceeding one year, or by fine and imprisonment, in the discretion of the court.

§ 1.134 *Release of confidential information.* (a) Upon good cause shown, the Commission may by order direct that certain records, files, papers, or information be disclosed to a particular applicant.

(b) Application by a member of the public for such disclosure shall be in writing, under oath, setting forth the interest of the applicant in the subject matter; a description of the specific information, files, documents, or other material inspection of which is requested; whether copies are desired; and the purpose for which the information or material, or copies, will be used if the application is granted. Upon receipt of such an application the Commission will take action thereon, having due regard to statutory restrictions, its rules, and the public interest.

(c) In the event that confidential material is desired for inspection, copying, or use by some agency of the Federal or a State Government, a request therefor may be made by the administrative head of such agency. Such request shall be in writing, and shall describe the information or material desired, its relevancy to the work and function of such agency and, if the production of documents or records or the taking of copies thereof is asked, the use which is intended to be made of them. The Commission will consider and act upon such requests, having due regard to statutory restrictions, its rules, and the public interest.

PART 2—RULEMAKING PROCEDURES

Subpart A—Wool, Fur and Flammable Fabrics Rules

Sec.
2.1 Authority.
2.2 How initiated.
2.3 Notice.
2.4 Participation by interested parties.
2.5 Adoption of rules.
2.6 Publication.
2.7 Effective date.
2.8 Petitions.

Subpart B—Quantity Limit Rules

2.11 Authority.
2.12 How initiated.
2.13 Petitions.
2.14 Investigation.
2.15 Hearing on proposed quantity limit rule.
2.16 Promulgation of quantity limit rule.
2.17 Amendment or repeal of quantity limit rule.
2.18 Enforcement of quantity limit rule.

Subpart C—Trade Practice Conference Rules

2.21 Purpose.
2.22 Content.
2.23 Application.
2.24 When authorized.
2.25 Informal discussions with members of the Commission's staff.
2.26 Industry conferences.
2.27 Public hearing on proposed rules.
2.28 Publication of rules.
2.29 Voluntary compliance.
2.30 Violations.
2.31 Amendment or repeal of rules.
2.32 Effect on pending proceedings.

Subpart D—Rules of Practice and Procedural Rules

2.41 Rules of practice and procedural rules.

AUTHORITY: §§ 2.1 to 2.41 issued under sec. 6, 38 Stat. 722; 15 U. S. C. 46.

SUBPART A—WOOL, FUR AND FLAMMABLE FABRICS RULES

§ 2.1 *Authority.* Substantive rules are authorized under section 6 of the Wool Products Labeling Act of 1939 (15 U. S. C. 68d), section 8 of the Fur Products Labeling Act (15 U. S. C. 69f), and section 5 of the Flammable Fabrics Act (15 U. S. C. 1194). These rules have the force and effect of law.

§ 2.2 *How initiated.* Proceedings are initiated by the Commission.

§ 2.3 *Notice.* General notice of the proposed promulgation of a rule shall be published in the FEDERAL REGISTER and shall include (a) a statement of the time, place and nature of public rulemaking proceedings, (b) reference to the authority under which the rule is proposed, and (c) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

§ 2.4 *Participation by interested parties.* The Commission affords interested persons an opportunity to participate in the rulemaking through submission of written data, views or arguments. Oral argument thereon may be granted within the discretion of the Commission.

§ 2.5 *Adoption of rules.* The Commission, after consideration of all relevant matter presented, thereupon formulates its rules, incorporating in rules adopted a concise general statement of their basis and purpose.

§ 2.6 *Publication.* After adoption, rules are published in the FEDERAL REGISTER. Copies may be obtained from the Commission.

§ 2.7 *Effective date.* Any rule, or amendment, or repeal thereof shall become effective not less than thirty (30) days after the required publication thereof in the FEDERAL REGISTER, except as otherwise provided by the Commission upon good cause found and published with such rule, amendment, or repeal.

§ 2.8 *Petitions.* Any interested person may petition for the issuance, amendment or repeal of a rule. Proceedings for amendment or repeal shall be the same as for the issuance thereof.

SUBPART B—QUANTITY LIMIT RULES

§ 2.11 *Authority.* Quantity limit rules are authorized by section 2 (a) of the Clayton Act, as amended by the Robinson-Patman Act. These are substantive rules having the force and effect of law.

§ 2.12 *How initiated.* Proceedings for the establishment of a quantity limit rule are initiated by resolution of the Commission either upon its own motion or pursuant to petition therefor.

§ 2.13 *Petitions.* Any interested party may at any time file with the Commission in writing a petition for the establishment of a quantity limit rule for any commodity or class of commodities, or for the revision or repeal of a previously established rule. Such petition shall state the petitioner's interest and the facts showing the need for the action requested.

§ 2.14 *Investigation.* (a) If the Commission believes that consideration should be given to the fixing of quantity limits for a particular commodity or class of commodities, it initiates investigation. In any such investigation the Commission may invoke any or all of the compulsory processes authorized by law.

(b) The investigation shall be nonpublic and facts and information so obtained, such as the names of purchasers, the volume of their purchases, prices paid, conditions of sale and the details of competitive relations shall not be published except in composite form so as not to reveal facts as to specific parties.

§ 2.15 *Hearing on proposed quantity limit rule*—(a) *Formulation of proposed rule.* When, after due consideration of the facts and information so obtained, it shall appear to the Commission that available purchasers in greater quantities are so few as to render differentials on account thereof unjustly discriminatory or promotive of monopoly in any line of commerce, it shall formulate a proposed quantity limit rule.

(b) *Publication of proposed rule.* The proposed quantity limit rule shall be published in the FEDERAL REGISTER and otherwise, to the extent practicable, made available to interested parties, and the notice thereof shall include the following:

(1) The rule, amended rule, or repeal proposed;

(2) A statement of the purpose to be accomplished by the proposed rule, together with a reference to the authority under which the rule is proposed and the ultimate matters of fact in support thereof;

(3) A statement of the time within which any interested person may present to the Commission in writing, in accordance with paragraph (c) (1) of this section, any data, views or argument concerning the proposed rule and within which time to present, if desired, a request for opportunity to be heard orally thereon.

(c) *Method of presenting views, data and argument.*

(1) *Written data.* Seven copies of such written views, data and argument shall be submitted to the Commission and shall conform to the requirements of § 3.30 of this chapter.

(2) *Oral hearing.* Oral hearing may be granted within the discretion of the Commission.

§ 2.16 *Promulgation of quantity limit rule.* After the consideration of the results of its investigation or investigations and of the data, views and arguments presented by interested parties, the Commission will, if it deems such action warranted, promulgate a quantity limit rule. Such rule, which may be the proposed rule or a modification or revision thereof, shall fix and establish maximum quantities of the particular commodity or class of commodities upon which differentials on account of quantity may thereafter be granted. Such quantity limit rule shall be published in the FEDERAL REGISTER, together with a reference to the authority or authorities therefor, a statement of its basis and purpose, and the effective date thereof, which shall be not less than thirty (30) days after the date of such publication.

§ 2.17 *Amendment or repeal of quantity limit rule.* The procedure for the amendment or repeal of a quantity limit rule shall be the same as that for the establishment of a new quantity limit rule. Any interested party may at any time file a petition for the amendment or repeal of a rule.

§ 2.18 *Enforcement of quantity limit rule.* Procedure in cases of violations of a quantity limit rule shall be in accordance with the Commission's applicable rules of practice.

SUBPART C—TRADE PRACTICE CONFERENCE RULES

§ 2.21 *Purpose.* Trade practice rules are in the nature of advisory opinions for the guidance of businessmen. Trade practice conference rules are designed to eliminate and prevent, on a voluntary and industry-wide basis, trade practices and methods of competition and business behavior in an industry which constitute violations of laws administered by the Commission.

§ 2.22 *Content.* Rules promulgated for industries are of two classifications, namely, Group I and Group II. No rules will be promulgated for an industry which consists solely of those within the Group II classification. The Group I rules are those which define practices which are considered by the Commission to be violative of laws administered by it. They afford guidance to the industry members as to legal requirements. The Group II rules are those which reflect the industry's views and recommendations as to desirable or undesirable practices. No Group II rule will be accepted and promulgated by the Commission for an industry when containing provisions which purport to sanction any practice which is contrary to law, or which, in the opinion of the Commission, may not be in accordance with the public interest.

§ 2.23 *Application.* Application for a trade practice conference may be filed with the Commission by any interested person, party or group. Such application shall be in writing and shall be signed by the applicant or the duly authorized representative of the applicant or group desiring such conference. The following information, to the extent known to the applicant, shall be furnished with such application or in a supplement thereto: (a) a brief description of the industry, trade, or subject to be treated; (b) the kind and character of the products involved; (c) the size or extent and the divisions of the industry or trade groups concerned; (d) the estimated total annual volume of production or sales of the commodities involved; (e) list of membership of the industry or trade groups concerned in the matter; and (f) a brief statement of the acts, practices, methods of competition or other trade practices desired to be considered, or drafts of suggested trade practice rules.

§ 2.24 *When authorized.* Trade practice conference proceedings are authorized by the Commission whenever such proceedings appear to the Commission to have possibilities (a) of constructively advancing the best interests of industry on sound competitive principles in consonance with public policy, or (b) of bringing about more adequate or equitable observance of laws under which the Commission has jurisdiction, or (c) of otherwise protecting or advancing the public interest.

§ 2.25 *Informal discussions with members of the Commission's staff.* Any interested person or group may, upon request, be granted opportunity to confer in respect to any proposed trade practice conference with the Commission's trade practice conference office, either prior or subsequent to the filing of any such application. They may also submit any pertinent data or information which they desire to have considered. Such submission shall be made during such period of time as the Commission or its duly authorized official may designate.

§ 2.26 *Industry conferences.* Due notice of the time and place of any such authorized conference shall be issued by the Commission and published in the FEDERAL REGISTER. A member of the Commission or of its staff shall conduct the conference pursuant to direction of the Commission and in such manner as will facilitate the proceeding and afford appropriate consideration of matters properly coming before the conference. A transcript of the conference proceedings shall be made, which, together with all rules, resolutions, modifications, amendments or other matters offered, shall be submitted to the Commission for its consideration.

§ 2.27 *Public hearing on proposed rules.* After the conference, and after due consideration has been given to information developed at the conference or otherwise available, a draft of proposed rules in appropriate form shall be prepared and released by the Commission and a public hearing thereon shall be scheduled. Notice of the time and place of such public hearing shall be published in the FEDERAL REGISTER and copies of the released proposed rules and notice shall be mailed to all members of the industry of which the Commission may have knowledge. At the hearing industry members and all other interested parties, including consumers, may appear and express their views as to the rules and may suggest such amendments, revisions, and supplementation thereto as they may consider to be desirable and appropriate. Suggestions and views of industry members and interested parties as to the proposed rules may also be submitted in writing at any time prior to the scheduled public hearing.

§ 2.28 *Publication of rules.* When final trade practice rules have been approved by the Commission, they shall be published in the FEDERAL REGISTER. Said rules shall become operative thirty (30) day after the date of publication or at such other time as may be specified by the Commission. Copies of the final rules shall be made available at the office of the Commission. Under the procedure of the Commission a copy of the trade practice rules is sent to each member of the industry whose name and address is available.

§ 2.29 *Voluntary compliance.* The entire procedure is aimed at voluntary observance. To encourage this, the Commission circulates to industry members with the rules an acceptance form providing opportunity to each member to signify his intention to observe the rules in the conduct of his business.

§ 2.30 *Violations.* Complaints as to the use, by any person, corporation or other organization, of any act, practice or method inhibited by the rules may be made to the Commission by any person having information thereof. Such complaints will receive the attention of the Commission and appropriate action will be taken to effect such correction as is warranted. In addition, the Commission may on its own motion take such steps to stop violations of the rules as may be proper under the circumstances. Formal complaint proceedings involving practices which are violative of trade practice rules charge violation of the statutory provision on which the rules are premised, and do not charge violation of the trade practice rule.

§ 2.31 *Amendment or repeal of rules.* Any interested person, party or group may petition for the amendment or repeal of a rule. The application shall be in writing, signed by the applicant or his duly authorized representative, and shall set forth the reasons for the requested action. When an amendment of trade practice rules for an industry is requested, the Commission may, at its discretion, direct that only a conference or hearing be held in lieu of the industry conference and hearing on proposed rules provided for in the initial establishment of trade practice rules for industries. The Commission may initiate proceedings for amendment or repeal of trade practice rules for industries on its own motion.

§ 2.32 *Effect on pending proceedings*—(a) *Prior to complaint.* Upon the promulgation of trade practice conference rules for an industry an examination will be made of all charges of law violations by members of that industry then pending before the Commission which have not reached the formal stage through the issuance of complaint. In those instances in which the pending charges are adequately covered by the trade practice conference rules, and which are not excluded by the policy set forth in § 1.51 of this chapter, the Commission will consider the advisability of closing the matters. In such instances consideration will be given to whether or not a proposed respondent has subscribed to the trade practice conference

rules for his industry, to whether or not there is adequate reason to believe that he is in fact complying with such rules and will continue to do so, and to whether or not the public interest requires any further proceedings.

(b) *After complaint.* Upon the promulgation of trade practice conference rules for an industry, formal complaints which have not then been adjudicated and in which the charges are adequately covered by such rules, and which are not excluded by the policy set forth in § 1.51 of this chapter, may be made the subject of a motion to suspend submitted pursuant to the provisions of § 3.8 of this chapter. In ruling upon such motions, consideration will be given to factors similar to those outlined in paragraph (a) of this section with respect to informal matters.

SUBPART D—RULES OF PRACTICE AND PROCEDURAL RULES

§ 2.41 *Rules of practice and procedural rules.* Rules of practice and procedural rules are formulated by the Commission with the help and advice of its Committee on Administrative Procedure and Rules and other advisory groups or parties. Any interested person, party or group may petition for the issuance, amendment, or repeal of any rule. Rules of practice and procedural rules are published in the FEDERAL REGISTER.

PART 3—RULES OF PRACTICE FOR ADJUDICATIVE PROCEEDINGS

Subpart A—Scope of Rules; Nature of Adjudicative Proceedings

Sec.
3.1 Scope of the rules in this part.
3.2 Nature of adjudicative proceedings.

Subpart B—Commencement of Proceeding; Service by Commission; Service by Other Parties; Time

3.3 Commencement of proceeding.
3.4 Service.
3.5 Time.

Subpart C—Complaint, Answer, Default, and Motions; Amendments and Supplemental Pleadings; Pre-Hearing Procedure; Voluntary Intervention and Amicus Curiae

3.6 Complaint.
3.7 Answer; default.
3.8 Motions.
3.9 Amendments and supplemental pleadings.
3.10 Pre-hearing conferences.
3.11 Voluntary intervention and amicus curiae.

Subpart D—Depositions; Admissions; Evidence

3.12 Depositions.
3.13 Admissions as to facts and documents.
3.14 Evidence.

Subpart E—Hearings

3.15 Presiding officials.
3.16 Hearings; transcripts.
3.17 Subpoenas.
3.18 Witnesses and fees.

3.30 Requirements as to form and filing of documents.

AUTHORITY: §§ 3.1 to 3.30 issued under sec. 6, 38 Stat. 722; 15 U. S. C. 46.

SUBPART A—SCOPE OF RULES; NATURE OF ADJUDICATIVE PROCEEDINGS

§ 3.1 *Scope of the rules in this part.* The rules in this part govern procedure in adjudicative proceedings before the Federal Trade Commission.

§ 3.2 *Nature of Adjudicative proceedings.* Adjudicative proceedings are those conducted by virtue of any one or more of the following: Sections 5 and 12 of the Federal Trade Commission Act (15 U. S. C. 45 and 52), sections 2, 3, 7, 8, and 11 of the Clayton Act (15 U. S. C. 13, 14, 18, 19, and 21), section 4 (a) of the Oleomargarine Act (15 U. S. C. 55 (a) (2)), section 4 of the Export Trade Act (15 U. S. C. 64), sections 3, 5, 6, and 9 of the Wool Products Labeling Act (15 U. S. C. 68a, 68c, 68d, and 68g), sections 3, 6, 8, and 10 of the Fur Products Labeling Act (15 U. S. C. 69a, 69d, 69f, and 69h), sections 3, 5, and 8 of the Flammable Fabrics Act (15 U. S. C. 1192, 1194, and 1197), and do not include other administrative proceedings such as investigational hearings held prior to the commencement of formal proceedings or to inquire into the manner and extent of compliance with outstanding orders, trade practice conferences, proceedings for fixing quantity limits under section 2 (a) of the Clayton Act (15 U. S. C. 13 (a)), investigations under section 5 of the Export Trade Act (15 U. S. C. 65), proceedings under section 8 of the Wool Products Labeling Act (15 U. S. C. 68 (f)), under section 9 of the Flammable Fabrics Act (15 U. S. C. 1198), or other proceedings.

SUBPART B—COMMENCEMENT OF PROCEEDING; SERVICE BY COMMISSION; SERVICE BY OTHER PARTIES; TIME

§ 3.3 *Commencement of proceeding.* An adjudicative proceeding is commenced by the issuance and service of a complaint by the Commission.

§ 3.4 *Service*—(a) *By the Commission.* (1) Service of complaints, orders and other processes of the Commission may be effected as follows:

(i) *By registered mail.* A copy of the document shall be addressed to the person, partnership, corporation or unincorporated association to be served at his or its principal office or place of business, registered, and mailed; or

(ii) *By delivery to an individual.* A copy thereof may be delivered to the person to be served, or to a member of the partnership to be served, or to the president, secretary, or other executive officer or a director of the corporation or unincorporated association to be served; or

(iii) *By delivery to an address.* A copy thereof may be left at the principal office or place of business of the person, partnership, corporation or unincorporated association to be served. When the proceeding is under the Federal Trade Commission Act, service may also be effected at the residence of the person or of a member of the partnership or of an executive officer or director of the corporation or unincorporated association to be served.

(2) Documents other than complaints, orders and other processes of the Commission, the service of which starts the running of prescribed periods of time provided or allowed by any of the rules in this part or by any order of the Commission or a hearing examiner for the performance of some act or the occurrence of some event or development, shall be served in the same manner as complaints, orders and other processes of the Commission.

(3) All other documents may be similarly served, or they may be served by ordinary first-class mail.

(b) *By other parties.* Service of documents by parties other than the Commission shall be by delivering copies thereof as follows: Upon the Commission, by personal delivery or delivery by first-class mail to the office of the Secretary of the Commission; upon any other party, by delivery to the party. If the party is an individual or partnership, delivery shall be to such individual or a member of the partnership; if a corporation or unincorporated association, to an officer or agent authorized to accept service of process therefor. Delivery to a party other than the Commission means handing to the individual, partner, officer, or agent; leaving at his office with a person in charge thereof, or, if there is no one in charge or if the office is closed or if he has no office, leaving at his dwelling house or usual place of abode with some person of suitable age and discretion then residing therein; or sending by mail.

(c) *Proof of service.* (1) When service is by mail, registered or ordinary first-class, it is complete upon delivery of the document by the post office.

(2) When a party has appeared in a proceeding by a partner, officer, or attorney, service upon such partner, officer, or attorney of any document other than a complaint, order or other process of the Commission shall be deemed service upon the party.

(3) The return post office receipt for a document registered and mailed, or the verified return or certificate by the person serving the document by personal delivery or ordinary mail, setting forth the manner of said service, shall be proof of the service of the document.

§ 3.5 *Time*—(a) *Computation.* Computation of any period of time prescribed or allowed by these rules, by order of the Commission or a hearing examiner, or by any applicable statute, shall begin with the first business day following that on which the act, event or development initiating such period of time shall have occurred. When the last day of the period so computed is a Saturday, Sunday, or national holiday, or other day on which the office of the Commission is closed, the period shall run until the end of the next following business day. When such period of time, with the intervening Saturdays, Sundays and national holidays counted, is less than seven days, each of the Saturdays, Sundays and such holidays shall be excluded from the computation. When such period of time, with the intervening Saturdays, Sundays and national holidays counted, exceeds seven days, each of the Saturdays, Sundays, and such holidays shall be included in the computation.

(b) *Extensions.* For good cause shown, the hearing examiner may, in any proceeding before him, extend any time limit prescribed or allowed by these rules or by order of the Commission or the hearing examiner, except those governing submission of initial decisions and interlocutory appeals. Except as otherwise provided by law, the Commission, for good cause shown, may extend any time limit prescribed by these rules or by order of the Commission or a hearing examiner; however, in a proceeding pending before a hearing examiner, the application shall first be made to him. Applications for extensions of time shall be made by motion.

SUBPART C—COMPLAINT, ANSWER, DEFAULT, AND MOTIONS; AMENDMENTS AND SUPPLEMENTAL PLEADINGS; PRE-HEARING PROCEDURE; VOLUNTARY INTERVENTION AND AMICUS CURIAE

§ 3.6 *Complaint.* The Commission's complaint shall contain the following:

(a) Recital of the legal authority and jurisdiction for institution of the proceeding, with specific designation of the statutory provisions alleged to have been violated;

(b) A clear and concise factual statement sufficient to inform each respondent with reasonable definiteness of the type of acts or practices alleged to be in violation of the law;

(c) Notice of the time and place for hearing, the time to be at least forty-five days after service of the complaint.

§ 3.7 *Answer; default*—(a) *Answer.* A respondent shall have thirty days after service of the complaint within which to serve an answer thereto. It shall conform to the following:

(1) *Contesting allegations of complaint.* Such answer shall contain:

(i) A concise statement of the facts constituting the ground of defense;

(ii) Specific admission, denial, or explanation of each fact alleged in the complaint or, if the respondent is without knowledge thereof, a statement to that effect.

(2) *Admitting allegations of complaint.* If the respondent elects not to contest the allegations of fact set forth in the complaint, the answer shall consist of a statement that respondent admits all material allegations to be true. Such an answer shall constitute a waiver of hearing as to facts so alleged, and an initial decision containing appropriate findings and conclusions and an appropriate order disposing of the proceeding shall be issued by the hearing examiner. In such answer, the respondent may, however, reserve the right to submit proposed findings and conclusions and the right to appeal under § 3.22.

(b) *Default.* Failure of the respondent to serve answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the hearing examiner, without further notice to respondent, to find the facts to be as alleged in the complaint, to conduct a hearing to determine the form of order, and, thereafter, to enter an initial decision containing such findings and order.

§ 3.8 *Motions*—(a) *Presentation and disposition.* During the time a proceeding is before a hearing examiner, all motions therein, except as provided in § 3.15 (f) shall be addressed to and ruled upon by him, and, if in writing, shall be filed with the Secretary of the Commission. All motions addressed to the Commission shall be in writing and shall be filed with the Secretary of the Commission.

(b) *Content.* All written motions shall state the particular order, ruling, or action desired and the grounds therefor.

(c) *Answers.* Within ten days after service of any written motion, or within such longer or shorter time as may be designated by the hearing examiner or the Commission, the opposing party shall answer or be taken to have consented to the granting of the relief asked for in the motion. The moving party shall have no right to reply, except as permitted by the hearing examiner or the Commission.

(d) *Motions for extensions.* As a matter of discretion, the hearing examiner or the Commission may waive the requirements of this section as to motions for extensions of time, and may rule upon such requests *ex parte.*

§ 3.9 *Amendments and supplemental pleadings*—(a) *Amendments*—(1) *By leave.* If and whenever determination of a controversy on the merits will be facilitated thereby, the hearing examiner may, upon such conditions as are necessary to avoid prejudicing the public interest and the rights of the parties, allow appropriate amendments to pleadings; provided, however, that an application for amendment of a complaint may be allowed only if the amendment is reasonably within the scope of the proceeding initiated by the original complaint.

(2) *Conformance to evidence.* When issues not raised by the pleadings, but reasonably within the scope of the proceeding initiated by the original complaint, are tried by express or implied consent of the parties, they shall be treated in all respects as if they had been raised in the pleadings; and such amendments of the pleadings as may be necessary to make them conform to the evidence and to raise such issues shall be allowed at any time.

(b) *Supplemental pleadings.* The hearing examiner may, upon reasonable notice and such terms as are just, permit service of a supplemental pleading setting forth transactions, occurrences, or events which have happened since the date of the pleading sought to be supplemented and which are relevant to any of the issues involved.

§ 3.10 *Pre-hearing conferences.* (a) The hearing examiner may, at his discretion, direct counsel for all parties to meet with him for a conference to consider:

(1) Simplification of the issues;

(2) Necessity or desirability of amendments to pleadings, subject, however, to the provisions of § 3.9 (a) (1);

(3) Stipulations, admissions of fact and of contents and authenticity of documents;

(4) Limitation of the number of expert witnesses; and

(5) Such other matters as may aid in the disposition of the proceeding.

(b) Pre-hearing conferences, in the discretion of the hearing examiner, may be stenographically reported as provided in § 3.16 (f), but shall not be public unless all parties so agree. The record shall show the matters disposed of by agreement in such pre-trial conference. The subsequent course of the proceeding shall be controlled by such action.

§ 3.11 *Voluntary intervention and amicus curiae.* Any individual, partnership, unincorporated association, or corporation desiring to intervene in an adjudicative proceeding shall make an appropriate written application setting forth the basis therefor. The hearing examiner or the Commission may by order permit intervention to such extent and upon such terms as are provided by law or as otherwise shall be deemed proper; however, in a proceeding pending before a hearing examiner, the application shall first be made to him. The opportunity may likewise be afforded of filing an appropriate brief as *amicus curiae.*

SUBPART D—DEPOSITIONS; ADMISSIONS; EVIDENCE

§ 3.12 *Depositions*—(a) *When, how and by whom taken.* Good cause being shown, the testimony of any witness may be taken by deposition in any proceeding, whether at issue or not. Depositions may be taken orally or upon written interrogatories before any person designated by the Commission or the hearing examiner and having power to administer oaths.

(b) *Application.* Any party desiring to take the deposition of a witness shall make application in writing to the hearing examiner, setting forth the reasons why such deposition should be taken; the time when, the place where, and the name and post office address of the person before whom the deposition is to be taken; the name and post office address of each witness; and the subject matter concerning which each witness is expected to testify.

(c) *Notice.* Such notice as the hearing examiner shall order shall be given of the taking of a deposition, but this shall not be less than five days' written notice of the taking of a deposition within the United States, and not less than fifteen days' written notice when the deposition is to be taken elsewhere.

(d) *Taking and reception in evidence.* Each witness testifying upon deposition shall be duly sworn, and the adverse party shall have the right to cross-examine. The questions propounded and the answers thereto, together with all objections made, shall be reduced to writing and, in the presence of the offi-

cer before whom the deposition is taken, read to the witness, subscribed by him, and certified in the usual form by the officer. Thereafter, the officer shall forward the deposition, with three copies thereof, in an envelope under seal, endorsed with the title of the proceeding, to the hearing examiner, and, subject to such objections to the questions and answers as were noted at the time of taking the deposition or as would be valid were the witness personally present and testifying, such deposition may be read in evidence by the party taking it as against any party who was present or represented at the taking of the deposition or who had due notice thereof.

§ 3.13 *Admissions as to facts and documents.* (a) At any time after answer has been filed, any party may serve upon any other party a written request for the admission of the genuineness of any relevant documents described in the request or the admission of the truth of any relevant matters of fact set forth in such documents. Copies of the documents shall be delivered with the request unless copies have already been furnished.

(b) Each requested admission shall be deemed made unless, within a period designated by the hearing examiner, not less than ten days after service thereof, or within such further time as the hearing examiner may allow, the party so served serves upon the party making the request either (1) a sworn statement denying specifically the relevant matters of which an admission is requested or setting forth in detail the reasons why he can neither truthfully admit nor deny them, or (2) written objections on the ground that some or all of the matters involved are privileged or irrelevant or that the request is otherwise improper in whole or in part, together with copy of a request to the hearing examiner for a hearing on the objections at the earliest practicable time. Answers on matters to which such objections are made may be deferred until the objections are determined, but if written objections are made to only a part of a request, the remainder of the request shall be answered within the period designated.

(c) Admissions obtained pursuant to this procedure may be used in evidence to the same extent and subject to the same objections as other admissions.

§ 3.14 *Evidence*—(a) *Burden of proof.* Counsel supporting the complaint shall have the burden of proof, but the proponent of any factual proposition shall be required to sustain the burden of proof with reference thereto.

(b) *Admissibility.* Relevant, material, and reliable evidence shall be admitted. Irrelevant, immaterial, unreliable, and unduly repetitious evidence shall be excluded. Immaterial or irrelevant parts of an admissible document shall be segregated and excluded so far as practicable.

(c) *Official notice of facts.* When any decision of a hearing examiner or of the Commission rests, in whole or in part, upon the taking of official notice of a material fact not appearing in evidence of record, opportunity to disprove such noticed fact shall be granted any party making timely motion therefor.

(d) *Objections.* Objections to evidence shall timely and briefly state the grounds relied upon, but the transcript shall not include argument or debate thereon except as ordered by the presiding official. Rulings on all objections shall appear in the record.

(e) *Exceptions.* Formal exception to an adverse ruling is not required to preserve the right to appeal.

SUBPART E—HEARINGS

§ 3.15 *Presiding officials*—(a) *Who presides.* All hearings in adjudicative proceedings shall be presided over by a duly qualified hearing examiner or by the Commission or one or more members of the Commission sitting as hearing examiner; and the term "hearing examiner" as used in this part means and applies to such members when so sitting.

(b) *How assigned.* The presiding hearing examiner shall be designated by the Director of Hearing Examiners, who shall notify the parties of the hearing examiner designated.

(c) *Powers and duties.* Hearing examiners shall have the duty to conduct fair and impartial hearings and to maintain order. They shall have all powers necessary to that end, including the following:

(1) To administer oaths and affirmations;

(2) To issue subpoenas;

(3) To rule upon offers of proof and receive evidence;

(4) To take or cause depositions to be taken and to determine their scope;

(5) To regulate the course of the hearings and the conduct of the parties and their counsel therein;

(6) To hold conferences for settlement, simplification of the issues, or any other proper purpose;

(7) To consider and rule upon, as justice may require, all procedural and other motions appropriate in an adversary proceeding, including motions to open defaults;

(8) To make and file initial decisions;

(9) To certify questions to the Commission for its determination; and

(10) To take any action authorized by these Rules or in conformance with the provisions of the Administrative Procedure Act (5 U. S. C. 1001 to 1011).

(d) *Substitution of hearing examiner.* In the event of substitution of a new hearing examiner for the one originally designated, any motion predicated upon such substitution shall be made within twenty days thereafter.

(e) *Interference.* In the performance of their adjudicative functions, hearing examiners shall not be responsible to, nor subject to the supervision or direction of, any officer, employee, or agent engaged in the performance of investigative or prosecuting functions for the Commission, and all directions by the Commission to hearing examiners concerning any adjudicative proceeding shall appear in and be made a part of the record.

(f) *Disqualification of hearing examiners.* (1) When a hearing examiner deems himself disqualified to preside in a particular proceeding, he shall withdraw therefrom by notice on the record and shall notify the Director of Hearing Examiners of such withdrawal.

(2) Whenever any party shall deem the hearing examiner for any reason to be disqualified to preside, or to continue to preside, in a particular proceeding, that party shall file with the Commission a motion to disqualify and remove such hearing examiner, such motion to be supported by affidavits setting forth the alleged grounds for disqualification. Copy of such motion shall be served by the Commission on the hearing examiner whose removal is therein sought, who shall have ten days from such service within which to reply thereto. If the hearing examiner does not disqualify himself within ten days, then the Commission shall promptly determine the validity of the grounds alleged, either directly or on the report of another hearing examiner appointed to conduct a hearing for that purpose.

§ 3.16 *Hearings; transcripts*—(a) *Public hearings.* All hearings in adjudicative proceedings shall be public unless otherwise ordered by the Commission.

(b) *Rights of parties.* Every party, except intervenors, shall have the right of due notice, cross-examination, presentation of evidence, objection, motion, argument, and all other fundamental rights; also the several rights of appeal provided for in the rules in this part.

(c) *Adverse witnesses.* An adverse party, or an officer, agent, or employee thereof, and any witness who appears to be hostile, unwilling, or evasive may be interrogated by leading questions and may also be contradicted and impeached by the party calling him.

(d) *Expedition.* The taking of evidence and subsequent proceedings shall proceed with all reasonable expedition.

(e) *Notice.* Not less than ten days' notice of the time and place of any indefinitely postponed hearing shall be given, and in setting such hearings due regard shall be had for the convenience and necessity of all parties, witnesses, and counsel.

(f) *Transcripts.* Hearings shall be stenographically reported and transcribed by the official reporter of the Commission under the supervision of the hearing examiner, and the original transcript shall be a part of the record and the sole official transcript. Copies of transcripts are available to respondents and to the public from the reporter at rates not to exceed the maximum rates fixed by contract between the Commission and the reporter.

(g) *Corrections of the transcript.* Corrections of the official transcript may be made only when they involve errors affecting substance and then only in the manner herein provided: Corrections ordered by the hearing examiner or agreed to in a written stipulation signed by all counsel and approved by the hearing examiner shall be included in the record, and such stipulations, except to the extent they are capricious or without substance, shall be approved by the hearing examiner. Corrections shall not be ordered by the hearing examiner except upon notice and opportunity for the hearing of objections. Corrections so ordered or approved shall be incorporated in the record as an appendix and when so incorporated the Secretary of the Commission shall make or cause to be made the necessary physical corrections in the official transcript so that it will incorporate the changes agreed upon or ordered. In making such physical corrections, there shall be no substitution of pages, but, to the extent practicable, such corrections shall be made by running a line through the matter to be changed, but without obliteration, and writing the matter as changed immediately above. Where the correction consists of an insertion, it shall be added, by rider or interlineation, as near as may be to the text which is intended to precede and follow it.

§ 3.17 *Subpoenas*—(a) *Subpoenas ad testificandum.* Application for issuance of a subpoena requiring a witness to appear and testify before a designated hearing examiner at a specified place and time may be made to the hearing examiner, or to the Commission.

(b) *Subpoenas duces tecum.* Application for issuance of a subpoena requiring a witness to appear before a designated hearing examiner at a specified time and place and produce specified documents shall be made in writing to the hearing examiner or to the Commission, and shall specify as exactly as possible the documents to be produced, showing their general relevancy and reasonable scope. Any motion to limit or quash such subpoena shall be filed within ten days after date of service of the subpoena.

(c) *Service.* A subpoena shall be served as provided in § 3.4 (a).

(d) *Appeal.* An appeal may be taken to the Commission within ten days from the denial of any motion to issue, limit or quash any subpoena.

§ 3.18 *Witnesses and fees.* (a) Witnesses at formal hearings shall be examined orally. Witnesses shall be paid the same fees and mileage as are paid witnesses in the courts of the United States.

(b) Witnesses whose depositions are taken, and the persons taking such depositions, shall severally be entitled to the same fees as are paid for like services in the courts of the United States.

(c) Witness fees and mileage, and fees for depositions, shall be paid by the party at whose instance witnesses appear.

§ 3.19 *Proposed findings, conclusions, and order.* At the close of the reception of evidence in an adjudicative proceeding, or within a reasonable time thereafter fixed by the hearing examiner, any party may file with the Secretary for consideration of the hearing examiner proposed findings of fact, conclusions of law, and order, together with reasons therefor. Such proposals shall be in writing, shall be served upon all parties, and shall contain adequate references to the record and authorities relied on. Upon request by any party, oral argument thereon may be allowed, and such argument shall be included in the official transcript. The official transcript shall show the hearing examiner's ruling on each proposed finding and conclusion, except when his order disposing of the proceeding otherwise unmistakably informs the parties of the action taken by him thereon.

§ 3.20 *Interlocutory Appeals.* (a) Except as provided in §§ 3.17 (d), 3.25 (e) and 3.29 (e), interlocutory appeals from rulings of a hearing examiner during the time a proceeding is pending before him shall not be entertained by the Commission except as provided in paragraph (b) of this section.

(b) (1) Interlocutory appeals shall be in the form of a brief which shall set out the grounds of the appeal and the necessity for immediate decision. The brief must be filed within ten days after notice of the adverse ruling complained of. Answer thereto may be filed within ten days after service of such appeal.

(2) The Commission, or such one or more of its members as it shall designate, shall consider the appeal forthwith, and may grant the appeal on finding that such ruling involves substantial rights and will materially affect the final decision and that a determination of its correctness before the conclusion of the trial would better serve the interests of justice. Such an appeal shall not operate to suspend the hearings unless otherwise ordered by the hearing examiner or by the Commission.

(c) No error in a ruling of a hearing examiner is waived by failure to take an interlocutory appeal. On appeal from the initial decision, any such ruling may be assigned as error where such ruling is shown to have substantially affected the rights of the complaining party.

SUBPART F—DECISION AND ORDER

§ 3.21 *Initial decision*—(a) *When filed and when effective.* Within thirty days after the date of the order closing a proceeding before the hearing examiner or from the date of submission of an agreement containing a consent cease and desist order which is accepted, the hearing examiner shall make and file an initial decision which shall become the decision of the Commission thirty days after service thereof upon the parties unless prior thereto (1) an appeal is perfected under § 3.22; (2) the Commission by order stays the effective date of the decision; or (3) the Commission issues an order placing the case on its own docket for review; provided, however, that failure to perfect an appeal pursuant to notice of intention to do so, by the filing of an appeal brief within the time prescribed in § 3.22 (a), shall extend for ten days the period within which the Commission may place the case on its own docket for review. A copy of the initial decision in an adjudicative proceeding shall be served upon each counsel or other representative who has appeared pursuant to § 3.29.

(b) *Content.* An initial decision shall include a statement of (1) findings and conclusions, with the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and (2) an appropriate order, and shall be based upon a consideration of the whole record and supported by reliable, probative, and substantial evidence.

(c) *By whom made.* The initial decision in an adjudicative proceeding shall be made and filed by the hearing examiner who presided therein, except when he shall have become unavailable to the Commission.

(d) *Reopening; termination of hearing examiner's jurisdiction.* (1) At any time prior to the filing of his initial decision, a hearing examiner may reopen the proceeding for the reception of further evidence.

(2) Except for the correction of clerical errors, the jurisdiction of the hearing examiner is terminated upon the filing of his initial decision, unless and until the proceeding is remanded to him by the Commission.

§ 3.22 *Appeal from initial decision*—(a) *Who may appeal: notice of intention.* Any party to a proceeding may appeal an initial decision to the Commission. The party, however, shall file a notice of intention to appeal with the Commission within ten days after service upon him of the initial decision.

(b) *Content of appeal brief.* (1) The appeal shall be in the form of a brief and shall contain, in the order indicated below, the following:

(i) A table of contents, with page references, and a table of the cases (alphabetically arranged), text books, statutes, and other material cited, with page references thereto;

(ii) A concise statement of the case;

(iii) A list of the questions involved and to be argued; and

(iv) An argument presenting clearly the points of fact and law relied upon in support of the position taken on each question, with specific page references to the transcript and the legal or other material relied upon.

(2) Material not included in the appeal may not be presented to the Commission in oral argument or otherwise.

(c) *Content of answering brief.* The answering brief shall also contain a table of contents, with page references, and a table of the cases (alphabetically arranged), text books, statutes, and other material cited, with page references thereto. It shall be limited to the questions raised in the appeal brief and shall present clearly the points of fact and law relied upon in support of the position taken on each question, with specific page references to the transcript and legal or other material relied upon.

(d) *Time for filing.* The appeal brief shall be filed within forty days after the service of the initial decision upon the party appealing, and the answering brief shall be filed within thirty days after service of the appeal brief. No further brief may be filed except by leave of the Commission.

(e) *Length of briefs.* No brief in excess of sixty pages shall be filed without leave of the Commission.

§ 3.23 *Oral argument before Commission.* Oral argument in a proceeding before the Commission on appeal or review may be granted on written application therefor made at the time of filing the appeal brief or the reply brief. Oral

arguments before the Commission shall be reported stenographically unless otherwise ordered by the Commission.

§ 3.24 *Decision on appeal or review.* (a) Upon appeal from or review of an initial decision, the Commission shall consider such parts of the record as are cited or as may be necessary to resolve the issues presented; and in addition shall, to the extent necessary or desirable, exercise all the powers which it could have exercised if it had made the initial decision.

(b) In rendering its decision, the Commission shall adopt, modify, or set aside the findings, conclusions and order contained in the initial decision, and shall include in the decision a statement of the reasons or bases for its action.

§ 3.25 *Consent order*—(a) *Negotiation.* At any time after the issuance of complaint and prior to the commencement of presentation of evidence any party respondent, or thereafter all such parties when joined by counsel supporting the complaint, may move to defer the reception of evidence for a reasonable time to permit negotiation of an agreement containing a consent cease and desist order disposing of the whole or any part of the proceeding. The allowance of such deferment, and the duration thereof, shall be in the discretion of the hearing examiner, after considering the nature of the proceeding, the requirements of the public interest, the representations of all parties and the probability of an agreement being reached which will result in a just disposition of all or a part of the issues involved.

(b) *Content.* Every agreement containing a consent cease and desist order disposing of the proceeding shall include also an admission by all respondent parties thereto of jurisdictional facts, a provision that the complaint may be used in construing the terms of the order; that the said order shall have the same force and effect as if entered after a full hearing and that the said agreement shall not become a part of the official record of the proceeding unless and until it becomes a part of the decision of the Commission; a waiver of the requirement that the decision must contain a statement of findings of fact and conclusion of law; and a waiver of further procedural steps before the hearing examiner and the Commission, and provision that the order may be altered, modified, or set aside in the manner provided by statute for other orders. The agreement shall also contain a waiver by the respondents of any right to challenge or contest the validity of the order entered in accordance with the agreement, and may contain a statement that the signing of said agreement is for settlement purposes only and does not constitute an admission by respondents that they have violated the law as alleged in the complaint.

(c) *Submission.* On or before the expiration of the time granted for negotiations, the parties or their counsel may:

(1) Submit the proposed agreement to the hearing examiner for his consideration;

(2) Request a conference before the hearing examiner for the discussion and consideration of such a proposed agreement; or

(3) Inform the hearing examiner that agreement cannot be reached.

(d) *Disposition.* In the event an agreement containing a consent cease and desist order is submitted within the time allowed therefor, the hearing examiner within thirty days thereafter shall either accept such agreement by issuing an initial decision based thereon in accordance with the requirements of § 3.21, or reject it by issuing a notice of rejection. If the proposed agreement is rejected and no appeal is filed under the provisions of paragraph (e) of this section, hearings shall proceed in regular course.

(e) *Appeal from rejection of agreement.* Within ten days after receipt of notification of the rejection by the hearing examiner of such agreement, counsel for all parties to such agreement, including counsel in support of the complaint, may file a joint appeal to the Commission from the hearing examiner's action. In due course, the Commission will consider such appeal and either accept the proposal and dispose of the proceeding on the basis thereof or reject it and remand the proceeding to the hearing examiner for adjudication in regular course.

(f) *Matters off the record.* When an agreement containing a consent order is rejected by the hearing examiner and not appealed, or is rejected by the Commission, the agreement and all negotiations and papers relating thereto shall not be part of the official record of the proceeding. An initial decision of a hearing examiner based upon an agreement containing a consent cease and desist order shall not become a part of the official record of the proceeding and shall not be published unless and until it becomes the official decision of the Commission under § 3.21 or § 3.24.

SUBPART G—MISCELLANEOUS

§ 3.26 *Report of compliance.* In every proceeding in which the Commission has issued an order to cease and desist, each respondent named in such order shall file with the Commission, within sixty days after service thereof, a report in writing, signed by the respondent, setting forth in detail the manner and form of his compliance with the order, and shall thereafter file with the Commission such further signed, written reports of compliance as it may require. Reports of compliance shall be under oath if so requested. Where the order prohibits the use of a false advertisement of a food, drug, device, or cosmetic, which may be injurious to health because of results from its use under the conditions prescribed in the advertisement, or under such conditions as are customary or usual, or if the use of such advertisement is with intent to defraud or mislead, an interim report stating whether and how respondents intend to comply shall be filed within ten days after service of the order. Where court review of an order of the Commission is pending, respondent shall file only such reports of compliance as the court may require. Thereafter, the time for filing report of compliance shall begin to run *de novo* from the final judicial determination.

§ 3.27 *Reopening of proceedings.* (a) In any case where an order to cease and desist has been issued by the Commission it may, upon notice to the parties, modify or set aside, in whole or in part, its report of findings as to the facts or order in such manner as it may deem proper at any time prior to expiration of the time allowed for filing a petition for review or prior to the filing of the transcript of record in the proceeding in a United States Court of Appeals pursuant to a petition for review or for enforcement of such order.

(b) In any case where an order to cease and desist issued by the Commission has become final by reason of court affirmance or expiration of the statutory period for court review without a petition for such review having been filed, the Commission may at any time after reasonable notice and opportunity for hearing as to whether changed conditions of fact or of law or the public interest so require, reopen and alter, modify or set aside in whole or in part its report of findings as to the facts or order therein whenever in the opinion of the Commission such action is required by said changed conditions or by the public interest.

(c) After an order dismissing a complaint has been issued, the Commission may, upon reasonable notice to the parties and opportunity for a hearing as to whether said proceeding should be reopened, issue an order reopening such proceeding whenever, in the opinion of the Commission, changed conditions of fact or of law or the public interest so require.

§ 3.28 *Ex parte consultation.* No official, employee, or agent engaged in the performance of investigative or prosecuting functions for the Commission and no party respondent or his agent or counsel in any adjudicative proceeding shall, in that or a factually related proceeding, participate or advise *ex parte* in any decision of the hearing examiner or of the Commission therein.

§ 3.29 *Appearances*—(a) *Qualifications.* (1) Members of the bar of a Federal Court, or the highest court of any State or Territory of the United States, may practice before the Commission.

(2) Any individual or member of a partnership named respondent in any proceeding before the Commission may appear on behalf of himself or of such partnership upon adequate identification. A respondent corporation or association may be represented by a *bona fide* officer thereof upon a showing of adequate authorization.

(b) *Restrictions as to former employees.* No former member or employee of this Commission shall appear as attorney or counsel in any adjudicative proceeding, the files of which came to the personal attention of such former member or employee during his employment on or by the Commission, and on which he performed any work of significant importance.

(c) *Notice of appearance.* Any attorney desiring to appear before the Commission or a hearing examiner thereof, on behalf of a respondent in a particular proceeding, shall file with the Secretary of the Commission a written notice of such appearance, which shall contain a statement of such attorney's eligibility as provided in this rule. No other application shall be required for admission to practice, and no register of attorneys shall be maintained.

(d) *Standards of conduct.* All counsel practicing before the Commission shall conform to the standards of ethical conduct required of practitioners in the Courts of the United States and by the Bars of which they are members.

(e) *Suspension or disbarment of attorneys.* (1) The hearing examiner shall have the authority, for good cause stated on the record, to suspend or bar, from participation in a particular proceeding, any attorney who shall refuse to comply with his directions, or who shall be guilty of disorderly conduct or contemptuous language in the course of such proceeding. Any attorney so suspended or barred shall have the right, within fifteen (15) days thereafter, to appeal to the Commission from such action of the hearing examiner, whereupon the Commission will review the action of the hearing examiner and take such action as it deems warranted by the circumstances.

(2) The Commission, for good cause shown, may issue an order requiring any alleged offender to show cause why he should not be suspended or disbarred from practice before the Commission. Such alleged offender shall be granted due opportunity to be heard in his own defense. Thereafter, if warranted by the facts, the Commission shall issue against such offender an order of reprimand, suspension or disbarment.

§ 3.30 *Requirements as to form and filing of documents other than correspondence*—(a) *Filing; title.* All documents to be filed in an adjudicative proceeding shall clearly show the title and docket number thereof and shall be filed with the Secretary of the Commission.

(b) *Form.* (1) Documents other than briefs before the Commission must be printed, typed, or otherwise neatly processed in not less than ten (10) point type, adequately leaded, on good unglazed paper, not less than eight (8) inches nor more than eight and one-half (8½) inches by not less than ten (10) inches nor more than ten and one-half (10½) inches with a one and one-half (1½) inch margin on the left and a one (1) inch margin on the right, bound on the left side.

(2) Typed documents shall be double spaced.

(3) Briefs before the Commission must be printed on good unglazed paper, seven (7) inches by ten (10) inches. The type shall be not less than ten (10) point, adequately leaded. Citations and quotations shall be not less than ten (10) point, single leaded, and footnotes shall be not less than eight (8) point, single leaded. Typed page shall be not more than four and three quarters (4¾) inches wide by eight (8) inches deep, with an inside margin of one (1) inch.

(c) *Signature.* (1) The originals of all documents shall be signed by an attorney of record for the party, or, in the case of respondents not represented by counsel, by the respondent himself, or by a partner if a partnership, or by an officer of respondent if it is a corporation or an unincorporated association. One copy of a printed or processed document shall be signed as the original. Signature by an attorney-at-law associated with and duly authorized by an attorney of record will constitute compliance with this rule.

(2) Signing a document constitutes a representation by the signer that he has read it, that to the best of his knowledge, information, and belief the statements made in it are true, and that it is not interposed for delay. If a document is not signed or is signed with intent to defeat the purpose of this rule, it may be stricken as sham and false and the proceeding may go forward as though the document had not been filed.

(d) *Number of copies.* Twenty copies shall be filed of a notice of intention to appeal and of all briefs; ten copies of all other documents shall be filed.

[F. R. Doc. 55-3705; Filed, May 5, 1955; 8:52 a. m.]

TITLE 7—AGRICULTURE

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas and Acreage Allotments), Department of Agriculture

[Amdt. 1]

PART 729—PEANUTS

INCREASE IN NATIONAL MARKETING QUOTA AND ACREAGE ALLOTMENT FOR 1955 CROP

Basis and purpose. The amendments set forth herein are for the purpose of increasing the national marketing quota proclaimed on September 29, 1954, for the 1955 crop of peanuts (19 F. R. 6393) and of increasing by the same ratio, each 1955 farm peanut acreage allotment heretofore established. The increases are made pursuant to subsections (a) and (c) of section 371 of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1371 (a), (c)).

The findings and determinations in § 729.602 (d) have been made after investigation and upon the basis of the latest available statistics of the Federal Government. During the course of such investigation, a public hearing was held in Washington, D. C. on April 29, 1955, after notice thereof was given (20 F. R. 2820) in accordance with section 371 (a) of the Agricultural Adjustment Act of 1938, as amended, and section 4 of the Administrative Procedure Act (5 U. S. C. 1003). The increase in the quota is made after due consideration of the data, views, and recommendations submitted at such hearing and in writing in response to such notice.

Farmers throughout the peanut-producing States have begun planting peanuts for the 1955 crop. It is therefore imperative that the increase in the quota become effective at the earliest possible date in order that State and county Agricultural Stabilization and Conservation committees in affected States may determine the increase in individual farm acreage allotment and notify farm operators of the additional acreage which may be grown in 1955 within the farm allotment. Accordingly, it is hereby determined and found that compliance with the thirty-day effective date provision of the Administrative Procedure Act is impracticable and contrary to the public interest. The provisions of these amendments shall be effective upon filing of this document with the Director, Division of the Federal Register.

1. Section 729.602 of the Proclamation of the National Marketing Quota for the 1955 Crop of Peanuts (19 F. R. 5062) is amended by adding new paragraph (d) as follows:

(d) *Increase in national marketing quota.* It is hereby found that the national marketing quota of 740,600 tons established in paragraph (a) of this section will cause the amount of peanuts which are free of marketing restrictions to be less than the normal supply; therefore, pursuant to section 371 (a) of the act, such quota is increased by 7.5 percent to 796,145 tons.

2. The Marketing Quota Regulations for the 1955 Crop of Peanuts (19 F. R. 6134) are amended by adding a new section as follows:

§ 729.631 *Increase in farm acreage allotments.* Notwithstanding the provisions of §§ 729.610 to 729.630, farm allotments established for the 1955 crop of peanuts pursuant to such provisions prior to any releases or reapportionments under § 729.625, are increased by 7.5 percent, pursuant to section 371 (c) of the act. In increasing farm allotments in accordance with this section, the amount of the farm allotment shall be rounded to the nearest one-tenth acre; and fractions of fifty-one thousandths of an acre or more shall be rounded upward, and fractions of fifty-thousandths of an acre or less shall be dropped (for example, 8.051 will be 8.1 and 8.050 will be 8.0). An official notice of the increased farm allotment shall be mailed to each farm operator in the manner provided in § 729.628.

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. 1375. Interpret or apply sec. 371, 52 Stat. 64, as amended; 7 U. S. C. 1371)

Done at Washington, D. C., this 4th day of May 1955. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 55-3723; Filed, May 4, 1955; 12:30 p. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 28]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

RADIO COMMUNICATIONS SYSTEM AND NAVIGATIONAL EQUIPMENT

The purpose of this supplement is to establish (1) interpretations of "approved types" of radio equipment re-

quired, and "independent means"; and (2) policies on the use of non-approved types of radio equipment. The following supplement to § 42.23 is hereby adopted:

1. Section 42.23–1 is revised to read:

§ 42.23–1 *Approved types of radio equipment (CAA interpretations which apply to § 42.23).* Radio equipment is of an approved type when it is approved in accordance with the terms of a CAA type certificate or a technical standard order issued by the Administrator.

2. Sections 42.23–2 and 42.23–3 are added to read:

§ 42.23–2 *Independent means (CAA interpretations which apply to § 42.23).* Radio systems are independent where each such system is separate and complete, and the function of any part or the whole of one system is not dependent on the continued functioning of any component of the other, and in event of failure in one system, the other system is capable of continued independent operation: *Provided,* That where rigidly supported non-wire antenna or other antenna installations of equivalent reliability are used, only one such antenna need be provided.

§ 42.23–3 *Installation and use of non-approved radio communication equipment (CAA policies which apply to § 42.23).* All radio communication and navigation equipment required for compliance with § 42.23 must be of approved types. However, additional non-approved radio communication equipment may be installed in aircraft for test and evaluation purposes or for the performance of a non-operational function. The non-approved equipment must be constructed and installed so that it will not interfere with the proper functioning of any approved operational equipment or create an unsafe condition aboard the aircraft.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply secs. 601, 603, 52 Stat. 1007, as amended; 1009; 49 U. S. C. 551, 553)

This supplement shall become effective May 31, 1955.

[SEAL] F. B. LEE,
Administrator of Civil Aeronautics.

[F. R. Doc. 55–3693; Filed, May 5, 1955; 8:50 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter IV—Joint Regulations of the Armed Forces

Subchapter I—Regulations Pertaining to Military Justice

PART 471—UNIFORM RULES OF PROCEDURE FOR PROCEEDINGS IN AND BEFORE BOARDS OF REVIEW

RECONSIDERATIONS

Pursuant to the Uniform Code of Military Justice, Article 66 (f), act of 5 May 1950 (64 Stat. 128), the following addendum to the rules of procedure for proceedings in and before boards of review is jointly promulgated by the Judge Advocates General of the armed forces, effective 1 May 1955.

§ 471.12 *Reconsiderations*—(a) *General provisions.* A board of review, in its discretion, may on its own motion or upon petition by appellate counsel reconsider its decision in any case within ten days from the time an accused is notified of the decision of the board, provided, a petition for Grant of Review or a Certificate for Review has not been filed with the Court of Military Appeals, or a record of trial for review under Article 67 (b) (1) of the Code has not been received by the court.

(b) *Petition for reconsideration.* A petition for reconsideration shall be supported by a certificate of appellate counsel to the effect that the petition is presented in good faith and not for delay, and shall briefly and directly state the grounds for reconsideration including a statement of facts showing jurisdiction in the board. No reply or oral argument will be received on a petition for reconsideration unless ordered by the board. Consecutive petitions, and petitions that are out of time under this rule, will not be received. A petition that is received will delay the inception of the thirty day appeal period prescribed by Article 67 (c) of the Code until the time the accused is notified of the final disposition of his petition by the board.

(Art. 66, 64 Stat. 128; 50 U. S. C. 653)

By direction of the Secretary of the Navy.

IRA N. NUNN,
Rear Admiral, U. S. Navy,
Judge Advocate General of the Navy.

APRIL 29, 1955.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations

[7th Gen. Rev. of Export Reg. Amdt. 30[1]]

PART 371—GENERAL LICENSES

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

PART 382—DENIAL OR SUSPENSION OF EXPORT PRIVILEGES

MISCELLANEOUS AMENDMENTS

1. Section 371.2 *General provisions,* paragraph (c) *Applicability* is amended in the following particulars:

The Note following subparagraph (1) *Prohibited shipments* is deleted.

2. Section 371.16 *General License GTF; goods imported for trade fairs,* paragraph (b) *Export to other destinations* is amended to read as follows:

(b) *Export to other destinations.* Commodities described in paragraph (a) of this section which are not excepted from the General License GIT provisions (§ 371.9 (c)) may be exported to destinations other than that from which imported, with the exception of Subgroup A destinations, Hong Kong, and Macao.

3. Section 373.41 *Nonferrous commodities, including ores, concentrates, or unrefined products* is amended in the following particulars:

a. Paragraph (b) *Nonferrous metal alloys* is amended to read as follows:

(b) *Nonferrous metal alloys, including alloy scrap.* Applications for licenses to export the nonferrous metal alloys, or alloy scrap, listed below, shall contain in the commodity description column of Form IT– or FC–419, a complete commodity description, including the percentage of each alloying element present or the recognized standard commercial brand or trade name of the commodity, such as is published in "Engineering Alloys" by the American Society for Metals, or as published in "Standard Specification" by the American Society for Testing Materials:

	Schedule B No.
Copper-base alloy ingots	644100
Nickel alloy scrap, including nickel-bearing stainless steel scrap	654502
Nickel-bearing cobalt scrap	664526

b. Paragraph (c) *Nickel alloy and nickel-bearing cobalt scrap* is amended to read as follows:

(c) *Nickel alloy and nickel-bearing cobalt scrap*—(1) *Nickel alloy scrap, including nickel-bearing stainless steel scrap, schedule B No. 654502.* Evidence of commercial unsalability in the domestic market, as provided in subparagraph (3) of this paragraph, shall be submitted in support of applications to export (i) clean nickel alloy scrap, containing less than 50 percent nickel, (ii) contaminated nickel alloy scrap, (iii) nickel-copper alloy scrap (including monel) containing 75 percent or less nickel, and (iv) contaminated nickel-chromium-iron alloy scrap (nickel-bearing stainless steel scrap) containing up to 36 percent nickel with a minimum chromium content of 10 percent.

(2) *Nickel-bearing cobalt scrap, Schedule B. No. 664526.* Applications for licenses to export clean cobalt scrap containing less than 50 percent nickel, and contaminated cobalt scrap shall be supported by evidence of commercial unsalability in the domestic market as provided in subparagraph (3) of this paragraph.

NOTE: For purposes of this section, material is considered to be contaminated when the contaminant cannot be readily sorted from the balance of the material.

(3) *Evidence of commercial unsalability.* As required in subparagraphs (1) and (2) of this paragraph, the exporter must submit evidence of commercial unsalability in the domestic market. This evidence may be in the form of a letter or other statement from the applicant, supplier, or persons to whom the scrap was offered for sale. Such evidence must be adequate to demonstrate that the scrap has been offered for sale without success in the normal domestic market at reasonable and competitive prices. It shall include, as a minimum, the names and addresses of the potential users to whom the scrap has been offered, the terms at which it has been offered, and the reason(s) for rejection of offers to sell.

(4) *Commodities not licensed.* Pure nickel scrap, clean nickel alloy scrap containing 50 percent or more nickel, clean nickel-chromium-iron alloy scrap (nickel-bearing stainless steel) containing up to 36 percent nickel with a minimum chromium content of 10 percent, and clean cobalt scrap containing 50 percent or more nickel, will not be considered for licensing.

c. Paragraph (d) *Refined copper, copper scrap, copper-base alloy scrap, and copper-base alloy ingots and other crude forms* is amended in the following particulars:

i. The title of paragraph (d) is amended to read as follows:

(d) *Refined copper, copper scrap, copper-base alloy scrap, and copper-base alloy ingots and other crude forms including remelt ingots.* * * *

ii. In subparagraph (1) *General* the words "including remelt ingots" are added preceding the words "Schedule B No. 644100".

iii. The title of subparagraph (3) *Copper scrap, copper-base alloy scrap, and copper-base alloy ingots and other crude forms* is amended to read "(3) *Copper scrap, copper-base alloy scrap, and copper-base alloy ingots and other crude forms including remelt ingots*", and the words "including remelt ingots" are added in the first sentence of subdivision (i) preceding the words "Schedule B No. 644100", and in subdivision (ii) preceding the words "Schedule B No. 644100".

iv. In subparagraph (6) *Time for submission of applications* the words "including remelt ingots" are added preceding the words "Schedule B No. 644100".

4. Section 373.49 *Machinery and parts,* paragraph (b) *Automotive replacement parts* is amended by deleting subparagraph (4) *Permitted substitutions.*

5. Section 373.55 *Chemicals and medicinals* is amended by deleting paragraph (b) *Cobalt-containing products.*

6. Section 373.67 *Switzerland* is amended in the following particulars:

a. Paragraphs (b) *Return of Blue Import Certificate,* (c) *Exceptions,* and (d) *Amendment requests for increased quantities* are redesignated respectively paragraphs (c), (d), and (e).

b. A new paragraph (b) is added to read as follows:

(b) *45-day grace period for Positive List additions.* When a commodity becomes subject to the requirements of this section by reason of having been added to the Positive List, export license applications for such commodities need not conform to these requirements for a period of 45 days from the time such commodities are added to the Positive List.

7. Section 373.70 *Yugoslavia* is amended in the following particulars:

a. Paragraphs (b) *Return of end-use certificate,* (c) *Exceptions,* and (d) *Amendment request for increased quantities* are redesignated respectively paragraphs (c), (d), and (e).

b. A new paragraph (b) is amended to read as follows:

(b) *45-day grace period for Positive List additions.* When a commodity becomes subject to the requirements of this section by reason of having been added to the Positive List, export license applications for such commodities need not conform to these requirements for a period of 45 days from the time such commodities are added to the Positive List.

8. Section 373.71 is amended to read as follows:

§ 373.71 *Supplement 1: Time schedules for submission of applications for licenses to export certain Positive List commodities.*

SECOND AND THIRD QUARTERS OF 1955[1]

Dept. of Commerce Schedule B No.	Commodity	Submission dates	
		Second quarter, 1955	Third quarter, 1955
630050	Aluminum scrap	Before June 7, 1955.	
630070	Aluminum remelt ingots		
641300	Copper scrap (new and old)	Before June 1, 1955.	
644000	Copper-base alloy scrap (new and old)		
644100	Copper-base alloy ingots and other crude forms		
619150	Selenium powder	Mar. 1–15, 1955	June 1–15, 1955.
622098	Ferroselenium		
664998	Selenium metal, except selenium-bearing scrap materials		
829810	Selenium-containing rubber compounding agents not of coal tar origin: accelerators		
839750	Selenium salts of organic compounds		
839900	Selenium salts and compounds, including selenium dioxide		
842900	Selenium-containing pigments		

[1] Applications for licenses to export commodities for which no specified filing dates are announced may be submitted at any time (see § 372.5 (c)). Export applications for commodities requiring a validated license when moving in transit through the United States may be submitted at any time and are not subject to specified filing dates (see Note following § 372.6 (d)).

9. Section 382.51 *Table of compliance orders currently in effect denying export privileges,* paragraph (b) *Table of compliance orders* is amended in the following particulars:

a. The following entries are added:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
KESCO, G.m.b.H., Mainlust Strasse #8, Frankfurt, Germany.	3–29–55	Until further notice.	General and validated licenses, all commodities, any destination, also exports to Canada.	20 F. R. 2093, 4–2–55.
Kessler, Hans Sr., Kessler, Hans Jr., Mainlust Strasse #8, Frankfurt, Germany.	3–29–55	do	do	20 F. R. 2093, 4–2–55.

b. The following entry is deleted:

Name and address	Effective date of order	Expiration date of order	Export privileges affected	FEDERAL REGISTER citation
Marnocha, Dorothy M., 5415 Connecticut Ave. NW., Washington, D. C.	3–8–54	4–15–55	General and validated licenses, all commodities, any destination, also exports to Canada.	19 F. R. 1426, 3–13–54.

This amendment shall become effective as of April 28, 1955.

(Sec. 3, 63 Stat. 7, as amended; 50 U. S. C. App. 2023. E. O. 9630, 10 F. R. 12245, 3 CFR, 1945 Supp., E. O. 9919, 13 F. R. 59, 3 CFR, 1948 Supp.)

NATHANIEL KNOWLES,
Acting Director.
Bureau of Foreign Commerce.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circular 1907]

PART 192—OIL AND GAS LEASES

ROYALTY INTERESTS AND ASSIGNMENTS THEREOF

Section 192.145 is amended to read:

§ 192.145 *Royalty interests in oil and gas leases and assignments thereof.* Royalty interests in oil and gas leases constitute holdings or control of lands and deposits within the meaning of section 27 of the act. In order that the holdings of the assignee may be verified, all assignments of royalty interests must be filed for record purposes but no formal approval will be given. Any such assignment will be deemed to be valid provided it is accompanied by a statement over the assignee's signature that he is a citizen of the United States and that his interests in oil and gas leases do not exceed the acreage limitation as

[1] This amendment was published in Current Export Bulletin No. 749, dated April 28, 1955, and in the reprint pages dated April 28, 1955.

provided in § 192.3 and by the statement as to over-riding royalties required by § 192.83. If any portion of this statement is found to be false the assignment shall be invalid.

(Sec. 32, 41 Stat. 450; 30 U. S. C. 189)

DOUGLAS MCKAY,
Secretary of the Interior.

Appendix C—Public Land Orders

[Public Land Order 1141]

ARIZONA

RESERVATION OF LANDS WITHIN TONTO NATIONAL FOREST FOR EXPERIMENTAL PURPOSES

By virtue of the authority vested in the President by the act of June 4, 1897 (30 Stat. 34, 36; 16 U. S. C. 473) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands within the Tonto National Forest in Arizona are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for use of the Forest Service, Department of Agriculture, as the Sierra Ancha Experimental Forest, in connection with research projects being conducted in furtherance of the act of May 22, 1928 (45 Stat. 699; 16 U. S. C. 581, 581a–581k) as amended:

GILA AND SALT RIVER MERIDIAN

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 998]

[Docket No. AO-259]

HANDLING OF MILK IN CORPUS CHRISTI, TEXAS MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900) a public hearing was conducted at Corpus Christi, Texas on June 15–23, 1954, pursuant to notice thereof which was issued on May 29, 1954 (19 F. R. 3196).

Upon the basis of the evidence introduced at the hearing and the record thereof the Deputy Administrator, Agricultural Marketing Service, on March 7, 1955, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of filing such recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on March 10, 1955 (20 F. R. 1441).

Within the period reserved therefor, exceptions were filed to certain of the findings, conclusions and actions recommended by the Deputy Administrator. In arriving at the findings, conclusions and regulatory provisions of this decision, such exceptions were carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings, conclusions and actions decided upon herein are at variance with any of the exceptions, such exceptions are overruled. To the extent that suggested findings and conclusions proposed by interested persons are inconsistent with the findings and conclusions contained herein, the specific or implied requests to make such findings and reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions herein set forth.

The material issues of record related to:

(1) Whether the handling of milk in the market is in the current of interstate commerce or directly burdens, obstructs or affects interstate commerce in milk or its products;

(2) Whether marketing conditions justify the issuance of a marketing agreement or order;

(3) If an order is issued, what its provisions should be with respect to:

(a) The scope of regulation;

(b) The classification of milk;

(c) The level and method of determining class prices;

(d) The method of distributing proceeds of milk to producers; and

(e) Administrative provisions.

Findings and conclusions. Upon the evidence adduced at the hearing and the record thereof it is hereby found and concluded that:

(1) *Character of commerce.* The handling of milk in the Corpus Christi, Texas, marketing area is in the current of interstate commerce or directly burdens, obstructs, or affects interstate commerce in milk and milk products.

Substantial quantities of milk produced in States other than Texas are imported by handlers in the Corpus Christi market. This market has depended upon outside sources of supply in most months of the year. Local supplies are particularly likely to be deficient in the fall months. Monthly data for the period September 1952 through April 1954 show that bulk milk was purchased by local handlers from plants located in Missouri and Wisconsin during most of this period. Milk supplies, of course, are normally obtained from the nearest available sources first in order to minimize transportation costs. Nevertheless, milk from Missouri as well as Wisconsin sources was obtained in every month from September 1952 through June 1953. One handler also obtained milk from a plant in Mississippi in November and December 1953. During the five-month period December 1953 through April 1954 supplies within the Corpus Christi milkshed were more nearly adequate than in the preceding period and such additional supplies as were needed were obtained from the Houston, Texas, milkshed. It is apparent, however, that during a period of unfavorable production conditions in Corpus Christi and other Texas milksheds, it would again be necessary to draw upon outside sources.

There is also a direct interstate movement in the distribution of milk packaged by handlers in the Corpus Christi marketing area. Regular sales of milk are made to ships taking on cargoes at Corpus Christi. These ships include both intercoastal and ocean-going vessels.

The procurement areas and distribution territories served by the Corpus Christi handlers overlap those of handlers who are engaged in marketing milk in other Federally regulated milk marketing areas in which the marketing of

milk is in the current of interstate commerce. San Antonio is the nearest Federal order area. San Antonio and Corpus Christi distributors compete actively for sales in Bee and Karnes Counties, northwest of Corpus Christi and in the Valley Counties of Cameron, Hidalgo and Willacy. At times, packaged milk for the Valley territory comes from as far north as the regulated North Texas marketing area.

Although the Corpus Christi producers supply milk primarily for fluid use, there are, at times, reserve supplies as a result of daily and seasonal variations in sales and production. Accordingly, in times of peak production some of the reserve milk is converted into manufactured dairy products. These products are sold in competition with similar products available and received from out-of-state sources. Some of the reserve milk is sold to cheese plants which market the finished product in other States. Butterfat and nonfat dried milk solids for ice cream are commonly purchased from outside sources. Concentrated skim milk in the form of condensed or nonfat solids, required to be made from "Grade A" milk, and which is imported from other States, is used to produce buttermilk and flavored milk for distribution through handlers' retail and wholesale outlets. Items such as butter and cheese for sale through retail and wholesale outlets are also purchased from outside sources.

(2) *Marketing conditions in relationship to purposes of regulation.* The issuance of an order to regulate the handling of milk in the proposed Corpus Christi, Texas marketing area will tend to effectuate the declared policy of the Agricultural Marketing Agreement Act.

The Coastal Bend Milk Producers Association, the proponent of the proposed order, has a membership of dairy farmers which constitutes a substantial majority of the dairy farmers supplying the later defined marketing area. This cooperative association of producers has been unable to represent its members in the sale of milk to one of the major distributors of milk in the marketing area. The association also has had difficulty in varying degrees in resolving its marketing problems with other handlers in the market. These difficulties result in an unusual degree of uncertainty and an unsatisfactory system for the sale of milk by producers who supply the proposed marketing area.

Producers are unable to make satisfactory pricing arrangements for the sale of their milk. The prices paid by handlers are determined by them without consultation with the producers. In the past, producers have been paid for their milk on the basis of a base and surplus plan and at times on "flat" prices without reference to the quantities utilized by the handlers for fluid or for manufacturing purposes. At the time of the hearing, nearly all handlers were paying essentially the same price for all milk received from producers. Under this system of pricing, however, those handlers who are able to sell a higher than average proportion of the milk for Class I purposes will have higher than average returns and thereby gain a competitive advantage over their competitors in the procurement of their milk supply. On the other hand, handlers with a lower than average proportion of Class I sales will have a comparative disadvantage in procurement of supplies. Stability of market conditions and the development of adequate supplies of pure and wholesome milk can be assured for the Corpus Christi area only when all milk handlers in the area have substantially equal costs of milk in accordance with use and when farmers supplying the market receive the same price for milk of equal quality.

When supplies of milk are in excess of the individual-handler fluid milk needs, most of the handlers in the area employ the base and excess plan for the payment of producers. Producers are unable to ascertain when their handler's total receipts of milk from local farmers are in excess of Class I needs or whether all producers are treated equally in the computation and allocation of bases. Although the handlers pay a substantially equal price for base milk, the amount paid for excess milk depends upon the prices received by the handlers at the processing plant to which such milk is sent less the transportation charges incurred in such disposition. Such excess prices have varied considerably.

The Corpus Christi handlers have frequently found it necessary to purchase substantial quantities of milk from outside sources in order to meet their fluid milk needs. However, the quantities so purchased, the prices paid by handlers for these supplemental supplies, and the times when such milk is needed are not known by the producers. Frequently, handlers have had to pay considerably more for such milk than the price generally paid to local dairymen. However, there have been circumstances in which milk in excess of Class I needs in other markets has been made available to Corpus Christi handlers at a lower price than handlers have paid local producers. The producers' lack of knowledge about such outside milk results in mistrust and is a serious handicap to local producers in planning production to supply the market. The sporadic availability of surplus milk from other fluid milk markets purchased on an "opportunity" basis is a serious threat to market stability.

The producers' association is unable to make check tests of the weights and butterfat content of milk delivered by producer members to some of the handlers. Obviously, a producer cannot be sure that he has obtained full value for his milk when he cannot check the accuracy of the weights and tests reported by the handler.

It is concluded that a Federal milk marketing order is needed to establish and maintain orderly marketing conditions in the Corpus Christi, Texas, marketing area. From the evidence of the record, it is clear that an order is the only available means of establishing uniformity among the handlers in the classification and pricing of milk; providing impartial audit of handlers' records and of check weighing and testing of producer milk, equalizing payments among producers; and for providing market-wide information on receipts, sales and other market-wide data related to milk marketing problems in this market.

(3) *Provisions of the order*—(a) *Scope of regulation; plants to be subject to regulation and milk to be priced.* The nature of regulation under a Federal milk order is essentially that of providing use-classification of milk and a method for determining minimum prices to be paid by milk distributors to dairy farmers who deliver milk to the market in accordance with the use or disposition of such milk. This can best be done by delineating the marketing area and providing other appropriate definitions which set forth categories of persons, plants and milk and milk products for the purpose of classifying and pricing the milk received from such dairy farmers.

(a) *Marketing area.* The Corpus Christi marketing area should include all the territory, including incorporated cities and villages and military installations, within the Counties of Nueces, Jim Wells, Kleberg, Brooks, Duval, Live Oak and San Patricio. The City of Corpus Christi is the largest population center in the marketing area. Its estimated population in 1953 was 130 thousand out of a total population of 310 thousand in the seven-county area.

The area included in these seven counties is served almost exclusively by a group of four milk distributors. Two of these have bottling plants in Corpus Christi at which milk is received from producers. Another distributor has a plant at Kingsville. In addition to supplying his own routes, he supplies bottled milk to a vendor who previously maintained a receiving and bottling plant in Corpus Christi. The other distributor operates a plant located at Falfurrias. All four of these distributors compete with each other for wholesale and retail sales throughout most of the marketing area.

Only a very small portion of the total sales in the defined area is made by other distributors whose plants are located outside of the area. A distributor associated primarily with the Houston market has a comparatively small volume of sales in Nueces and San Patricio Counties. A distributor with a plant located at Victoria also has a small portion of the sales in San Patricio County and another with a plant located at Laredo, Texas makes some sales in Duval County.

In addition to the sales competition, the four primary handlers also compete actively in the purchase of milk from dairy farmers. The milkshed area is, of course, somewhat larger than the defined marketing area but the farms of most of the producers supplying each of the four handlers are intermingled. The only producers who are not intermingled are a group located in the lower Rio Grande Valley area which supplies one of the plants located in Corpus Christi. A majority of the producers supplying these four handlers are members of the Coastal Bend Milk Producers Association. This is, of course, additional evidence of a historical community of pro-

ducer interest in supplying the defined marketing area.

On the basis of the distribution of milk, the defined area constitutes the minimum area for effective regulation. It includes all of the sales territory in which the four principal distributors supply the major portion of the Class I needs of the consumers without involving territory in which distributors from other areas are the major distributors.

The marketing area should be defined in terms of counties rather than being limited to the incorporated cities and villages. The sanitary regulations governing the production and sale of milk are on a county-wide basis. In some of the areas the health authority is a combined city-county body. Since there is no distinction between city and county sanitation standards, distributors commonly service both the cities and adjoining rural areas.

It is not administratively feasible nor necessary to include within the marketing area all of the territory in which handlers may be distributing any portion of their sales of milk or milk products. It would be impossible to establish a marketing area in which there is no overlapping of sales areas. It is impractical, therefore, to extend the boundaries of a marketing area to include the entire area in which regulated handlers distribute milk or compete for sales with unregulated handlers.

The Corpus Christi marketing area should not include the Counties of Goliad, Webb or Victoria. These were included in the notice of hearing but their inclusion was not supported by any party at the hearing. The lower Rio Grande Valley Counties, Cameron, Hidalgo and Willacy also should not be included in the marketing area. Only one of the four handlers who serves the Corpus Christi area has developed wholesale routes in the Valley Counties and he makes only a small proportion of the total sales in that area. Moreover, it appears unlikely that a Federal order for the Corpus Christi area will significantly affect this handler's competitive position in the Valley Counties since another distributor, who has plants located at San Antonio and Dallas, Texas which are subject to Federal orders, also maintains wholesale routes in this territory. There was no evidence at the hearing that the local handlers are providing unfair competition through the procurement of cheap milk; prices paid to producers are generally higher than in the Corpus Christi territory or areas further north in Texas.

The Counties of Karnes, Bee, Refugio, Aransas and Calhoun also should not be included in the marketing area. These counties are situated north and northeast of the defined marketing area. In this group of five counties the four handlers make less than half of the fluid milk sales. The remainder of the fluid milk sales are made by handlers whose principal sales areas are further north at such points as Victoria, Houston, San Antonio and Dallas.

Definition of plants. The primary factor in determining which dairy farmers are producers of milk for the marketing area is the disposition of milk from the plant to which they deliver their milk. Market conditions described in the record indicate that the most practical method of order regulation would be to establish minimum prices to all farmers delivering "Grade A" milk to plants from which an appreciable amount of milk from the plant is regularly distributed in the marketing area.

Milk sold for fluid consumption in the marketing area must meet the Grade A inspection requirements of the various city and county health authorities. These authorities issue permits to dairy farmers and to milk plants supplying Grade A milk to consumers. The local health ordinances and regulations of the State of Texas are based on the United States Public Health Ordinance and Code. Fluid milk may be imported for fluid consumption in the principal cities of the marketing area, provided that such milk meets the standards of the United States Public Health Ordinance and originates from a market with a United States Public Health Service rating.

In order to qualify under the definitions of the order, any dairy farmer or any milk plant should have the approval of an appropriate health authority for the production or disposition of milk for consumption as Grade A fluid milk. Since approval to produce or distribute milk in the proposed marketing area may be extended to farmers or plants under the inspection of other health authorities no requirement should be made that a dairy farm or a milk plant must hold a permit actually issued by a health authority in the marketing area.

In delineating the Corpus Christi marketing area, it has been noted that most of the milk plants located within this area have a preponderance of their Class I business within the defined marketing area. The major portion of the milk received at such plants is distributed in fluid form to consumers. All plants which fall in this category should be fully regulated under the order.

There are also minor quantities of milk distributed in the proposed marketing area by plants located outside of the marketing area. Some of these plants dispose of milk in the fringe of the marketing area but their primary sales territory is outside of the marketing area. There is also one distributor with plants located in the Austin and Houston markets from which sales are made through retail and wholesale routes in Corpus Christi.

It is not necessary to extend regulation to plants from which only minor quantities of milk are distributed in the marketing area. Such plants are selling primarily in competition with unregulated handlers outside the marketing area. So long as the limits are kept low as to the sales such a plant may make in the marketing area without subjecting the plant to regulation, the volume of unpriced milk will not disrupt the market. Under the individual-handler pool which is recommended hereinafter, the problem of pooling the milk of plants which are only remotely associated with the market is not present. It is concluded therefore, that the limit of route sales that a plant may make in the marketing area during the month without being subject to full regulation should be not more than 3 percent of the Grade "A" milk received at such plant from all sources or an average of less than 1,000 pounds of Class I milk per day, whichever is less. Any plant from which a greater volume of milk is disposed of in the marketing area should be designated as a fluid milk plant.

Any plant from which Class I milk is disposed of through routes in the marketing area but which does not meet the standards for a fluid milk plant should be defined as an "approved plant" and be required to file reports and submit to audit by the market administrator to verify the status of such plants.

At present, there are no plants serving as receiving stations or regular supply plants for fluid milk plants in this area. Such supplemental shipments as are needed by the market are in most cases of short duration and originate from widely scattered plants. It appears at this time that effective regulation in the marketing area may be accomplished without regulating supply plants which furnish only incidental shipments of bulk milk to fluid milk plants. This will remove the problem of providing location adjustments which would be necessary if such plants were to be subject to regulation. Since there was some confusion and uncertainty with respect to the application of location adjustments at the hearing, it appears that on the basis of this record and for the immediate future at least it is not necessary to include location adjustments in the order at this time. If in the future supply plants serve as regular sources of supply for the market or supplies from such sources displace local producer milk the question of pricing milk at such plants with appropriate location adjustments should be considered at another hearing. Under the recommended order the marketing area minimum order price for Class I milk will prevail at all plants which qualify as fluid milk plants through route distribution in the marketing area.

Shipments of milk from plants not subject to regulation should be designated as other source milk and allocated to the manufacturing or lowest priced uses of the reporting handler. This procedure is necessary to assign the fluid milk sales to the regular producers who supply milk to the fluid milk plant and to preserve the effectiveness of the classified pricing plan.

Fluid milk plants from which a higher proportion of the Class I sales from the plant is disposed of in the marketing area under another Federal order need not be subject to this regulation. It would not be feasible to extend regulation to such plants because to do so would subject them to duplicate regulation under the act. Provision should be made for the operators of such plants to report their receipts and utilization to the market administrator as may be necessary to determine their status under the order.

The term "route" is used in the definition of a fluid milk plant to cover a number of types of distributing operations in which handlers may engage in the proposed marketing area. "Route" should be defined as the operation of a vehicle or a plant store (including those operated by a vendor) from which Class I milk is disposed of to a wholesale or retail outlet(s). A "nonfluid milk plant" should be defined to include any milk manufacturing, processing, or bottling plant other than a fluid milk plant.

"Handler" should be defined as the operator of an approved plant. The operator of any "approved plant" is included in order to require such a person to report to the market administrator as may be needed to determine his status and apply other order provisions pertaining to such handlers. The handler is the person to whom the provisions of the regulation are applicable. He is the person who receives the milk from dairy farmers and who is responsible for reporting receipts and utilization of milk at each approved plant. If the milk is priced, he is responsible for paying producers minimum prices. In case a person operates more than one plant at which milk is to be priced, he is to be a handler with respect to the combined operations of such plants. In case a handler operates both approved plants and other unregulated plants, this definition is not intended to include such person as an operator of such latter plants.

"Producer" should be defined as any person who produces milk in compliance with inspection requirements of a duly constituted health authority for "Grade A" milk for fluid consumption and such milk is received at a fluid milk plant. This definition is intended to include the producers of milk for fluid use supplied by a fluid milk plant to Federal installations. Provision should also be made to include a producer whose milk is temporarily diverted to a nonfluid milk plant by the handler for his account. The milk of producers which is temporarily diverted by a handler should continue to be pooled with the milk of his other producers so that the producers whose milk is diverted will be paid the handler's uniform price for their milk. This will facilitate the movements of milk to nonfluid milk plants for the purposes of adjusting supplies to short-term variations in supply and preserve the producer status of such dairy farmers so that their milk production will be available to supply the market's fluid milk needs at other times. In order that milk which is diverted will be pooled, it should be deemed to have been received at the plant from which it was diverted.

Producer-handler. Persons who are engaged in the production of milk, distribute milk of their own herd and receive no milk from producers should be subject to the order only to the extent that they must submit reports to the market administrator as required and maintain and make available to the market administrator accounts, records and facilities so that he may verify that such persons are producer-handlers. It would serve no useful purpose to require that a producer-handler pay any particular price for milk produced on his own farm. Since producer-handlers dispose of most of their milk directly to consumers for fluid use, they could not, in any event, be required to pool their milk with other producers under a handler pool.

The classification provisions of the proposed order should provide that any milk, skim milk or cream transferred by a handler to a producer-handler will be Class I milk. Any supplemental milk which a producer-handler obtains from other handlers must, by virtue of the nature of the operation involved, be presumed to be needed for fluid use and should be classified in the supplying handler's plant as Class I milk. A producer-handler may receive milk from other handlers and still maintain his status as a producer-handler. Any milk which a handler receives from a producer-handler should be considered as other source milk and allocated to the lowest class utilization at the fluid milk plant of a handler after the allocation of shrinkage on producer milk. Milk disposed of to another handler by a producer-handler must be presumed to be surplus to the operation of the producer-handler.

Producer-handlers, as heretofore discussed, are not required to make reports each month or share in the cost of administering the order. It is concluded, however, that a large-scale producer-handler, should make regular utilization reports, subject to audit, and pay the administrative assessment on his milk. Therefore, a producer-handler who disposes of more than an average of 3,300 pounds per day of Class I milk in the marketing area during the month should be considered as a regular handler. Such persons constitute a substantial factor in the market and should share in the expense of administering the order.

Other source milk. "Other source milk" should be defined as all skim milk and butterfat contained in milk and milk products utilized by the handler in his operation except milk received from producers and Class I products received from other fluid milk plants. It will include all fluid milk and fluid milk products from plants other than fluid milk plants and all manufactured dairy products from any source which are reprocessed or converted into another product during the month. It will include those manufactured products from a plant's own production or from other fluid milk plants which are reprocessed or converted into another product in the plant during the same or a later month.

(b) *Classification of milk.* All milk and milk products received by a handler should be classified on the basis of skim milk and butterfat according to the form in which or the purpose for which it is used or disposed of as either Class I milk or Class II milk.

Skim milk and butterfat are not used in most products in the same proportion as contained in the milk received from producers and, therefore, should be classified separately according to their separate uses. The skim milk and butterfat content of milk products received and disposed of by handlers can be determined through recognized testing procedures. Some of these products such as ice cream and condensed products present an accounting problem in that some of the water contained in the milk has been removed. It is necessary in the case of such products to provide an acceptable means of ascertaining the amount of skim milk and butterfat used to produce them. This may be established through the use of adequate plant records made available to the market administrator for products produced by the handler or by means of standard conversion factors for products purchased by the handler. The accounting procedure to be used in the case of any milk product should be based on the pounds of milk or skim milk required to produce such products.

(1) *Classes of milk.* The products which should be included in Class I milk are those required by health authorities in the marketing area to be obtained from milk products from approved Grade A sources. The extra cost of getting quality milk produced and delivered to a market in the condition and in quantities required make it necessary to provide a price for milk for Class I utilization above the ungraded or manufacturing milk price.

Class I milk should comprise all skim milk (including concentrated or reconstituted nonfat milk solids) and butterfat disposed of in fluid form as milk, skim milk, buttermilk, flavored milk drinks, cream (except frozen cream) and any mixture of milk, skim milk, and cream (except ice cream mix, eggnog and sterilized milk products in bulk or contained in hermetically sealed containers). All of the enumerated forms of milk are required by the health authorities having jurisdiction in the defined marketing area to be made from milk produced on farms having permits to supply milk for fluid use. The plants at which such milk is received from producers, processed, and bottled must also meet the prescribed standards and be covered by permits. Sanitary standards applicable to the farms and plants respectively are substantially equal throughout the area and the price applicable to Class I milk sold anywhere in the area should, therefore, be equal.

The Class I products which contain forms of concentrated skim milk solids such as skim milk drinks, buttermilk to which extra solids have been added, or concentrated whole milk disposed of for fluid use should be included under the Class I definition. Products such as evaporated or condensed milk packaged in bulk or in hermetically sealed cans should not be considered as concentrated milk.

Handlers must be held responsible for the full accounting of all their receipts of skim milk and butterfat in any form. The handler who first receives milk from producers should be responsible for establishing classification and making payment to producers for such milk, except for limited quantities of shrinkage which may, under certain conditions, be classified as Class II milk. All skim milk and butterfat which is received and for which the handler cannot establish utilization should be classified as Class I milk. This provision is necessary to remove any advantage to handlers who fail to keep complete and accurate records and to assure that producers receive full value for their milk on the basis of its use disposition.

All skim milk and butterfat used to produce products other than the enumerated forms of Class I milk should be Class II milk. Included in Class II are products such as cottage cheese, ice cream, frozen cream, ice cream mix and other frozen desserts or mixes, butter, cheese, evaporated and condensed milk, nonfat dry milk solids, condensed or dry buttermilk and other products not designated as Class I milk. Skim milk and butterfat disposed of to commercial bakeries or food product manufacturing plants, other than dairy plants, and which do not dispose of milk for fluid consumption should be Class II milk.

Shrinkage not in excess of 2 percent of total receipts of skim milk and butterfat from producers and other sources should be considered as Class II milk. Shrinkage or plant loss above 2 percent should be Class I milk except that provision should be made for a Class II shrinkage allowance of 5 percent on skim milk only during the flush production season when it is sometimes necessary to dump small quantities of skim milk. A fluid milk plant efficiently operated and for which accurate and complete records are maintained generally will not experience shrinkage in excess of this amount.

Butterfat and skim milk used to produce Class II products should be considered to be disposed of when so used. Handlers will need to maintain stock records on such products, however, to permit audit of their utilization records by the market administrator. Class II products from any source which are used during the month in the production of another product should be considered to be a receipt of other source milk. This will maintain priority of assignment of current receipts of producer milk to Class I utilization.

Handlers have inventories of milk and milk products at the beginning and end of each month which enter into the accounting for current receipts and utilization. Inventory is intended to include stocks on hand of bulk milk, skim milk, and cream and bottled milk and other fluid milk products designated as Class I milk. Manufactured products (Class II) on hand are not included in the inventory account because the milk used to produce such products will already have been accounted for as Class II milk. As previously indicated, handlers will need to keep stock records of such products but they will not be included in inventory for the purpose of accounting for current receipts.

It is concluded that inventory should be accounted for as Class II milk. If fluid milk products in inventory are accounted for as Class II milk at the end of a month, it will be necessary to provide a method to deal with the producer milk inventory which is used in the current month for Class I purposes but which the handler accounted for to producers as Class II milk at the end of the previous month. In plants which engage primarily in a fluid milk business, it is quite possible that a decrease in inventory in any given month may exceed their total utilization of milk in Class II. Handlers, at times, also use other source milk in their operations. Producer milk from inventory should have prior claim on Class I sales over current receipts of other source milk. This can be accomplished by considering the ending inventory in one month as a receipt in the following month and subtracting such receipt (under the allocation procedure) in series starting with Class II milk following the subtraction of other source milk. To the extent that opening inventory is allocated to Class I milk and there was an equivalent amount of producer milk classified in Class II milk in the previous month (after the allocation of other source milk) a reclassification charge should be made at the difference between the Class I price in the current month and the Class II price in the preceding month. This will promote equality in the cost of milk among handlers and returns to producers, irrespective as to whether or not such producer milk is from the previous month's ending inventory or is a current receipt.

Transfers. Classification of butterfat and skim milk used in the production of Class II items should be considered to have been established when the product is made. Classification of Class I milk should be established when the butterfat or skim milk is disposed of. However, since some Class I items may be disposed of to other milk plants for processing, separate classification procedures should be prescribed for transfers to other plants.

Milk, skim milk, cream or other products designated as Class I milk transferred by a handler to the fluid milk plant of another handler, except that of a producer-handler, should be classified as Class I milk unless both handlers indicate in their reports to the market administrator that they desire such milk to be classified as Class II milk. However, sufficient Class II utilization must be available at the transferee plant for such assignment after prior allocation of shrinkage and other source milk, as described below. On the other hand, if the transferring handler had other source milk during the month, the assignment of products transferred to another plant to the Class I utilization of such plant should be limited so that other source milk in the transferring handler's plant will not be allocated to Class I milk while at the same time producer milk is allocated to Class II milk in the transferee handler's plant.

Milk or skim milk transferred in bulk to a nonfluid milk plant located more than 225 miles distant is presumed to be used for Class I purposes. The costs involved in transporting milk or skim milk in fluid form such a distance are so large that it would not be economically feasible to move the milk for Class II disposition. Also there are adequate facilities for the manufacture of excess milk into Class II products within a radius of 225 miles. The automatic classification as Class I of milk or skim milk moved more than 225 miles will reduce the administrative expense which would otherwise be involved in having the market administrator verify actual utilization in nonfluid milk plants located at extreme distances from the market.

Cream presents a somewhat different problem since its value is so much greater in relation to its bulk that it may be transported long distances for manufacture. Accordingly, it is provided that cream may be Class II, even if moved to a nonfluid milk plant located more than 225 miles distant from a fluid milk plant if it is clearly labelled as manufacturing grade cream and if prior notice of the intended shipment is furnished to the market administrator.

The more common form of transfer to a nonfluid milk plant by Corpus Christi handlers is the movement of excess milk to nearby manufacturing plants. There may, of course, be sales to such plants for fluid purposes. It is provided that transfers of milk, skim milk, or cream from a fluid milk plant to a nonfluid milk plant located less than 225 miles distant be Class I unless Class II use is affirmatively established. Evidence of Class II use consists of a certification by the fluid milk plant operator that the transfer was intended for Class II use, and verification by the market administrator of the records made available by the nonfluid milk plant operator shows that the milk was not utilized for other than manufacturing purposes. If the nonfluid milk plant operator engages in a fluid milk business at his plant, any amount by which his Class I sales exceed receipts from dairy farmers which constitute his regular source of supply is assignable to the transferred milk.

Allocation. In view of the fact that the order class prices apply only to producer milk it is necessary, if a fluid milk plant has butterfat or skim milk other than that received in producer milk, to determine the quantities of milk in each class to be assigned to current receipts from producers. The milk of producers who are regularly engaged in supplying the market should be assigned the Class I utilization first. This is necessary to insure the stability of the classified pricing program of the order. If the order permitted handlers to obtain other source milk whenever it was advantageous to do so for Class I use while producer milk in the plant was utilized in Class II, it could not be effective in carrying out the purposes of the act. Also, the market would be deprived of a dependable supply of milk. The system of assigning utilization of milk to receipts from different sources which will carry out this objective is set forth in § 998.46 of the order.

Under this procedure, the skim milk and butterfat, respectively, remaining in each class is assigned to producer milk by making the following deductions from the gross utilization of each handler starting with Class II milk, except as otherwise noted;

(1) Class II shrinkage of producer milk;

(2) Other source milk as defined in § 998.16;

(3) Beginning inventory;

(4) Receipts from other handlers (according to classification);

(5) Overage.

Since uniform prices paid producers by each handler are to be calculated monthly, the assignment of utilization

described above should be carried out with respect to all milk received during each month. To apply a shorter accounting period would place an accounting and reporting burden upon handlers and increase the cost of administering the order.

(c) *Class prices.* In order to stabilize marketing conditions, Class I prices should be established at a level which, together with appropriate Class II prices, will return blend prices to producers that will provide the market with a sufficient but not excessive supply of pure and wholesome milk.

The establishment of prices at a level that is too low will result in the production of insufficient milk to meet the Class I needs of the market. Conversely, production will be over-stimulated if prices are established at too high a level. The production of more milk than is required to satisfy the Class I demands would lead to the development of uneconomic reserves of Grade A milk and generally would tend to depress the price for all milk produced for the market.

Because of changing supply and demand conditions for milk both in the local market and throughout the country, it is necessary in order to maintain an appropriate balance between local supplies and sales, to provide a method for changing class prices to reflect such conditions. Pricing formulas which cause prices to change automatically with changes in market conditions should be applied in this market. This method of pricing is in general use for the pricing of milk to farmers in federally regulated markets.

Class I prices. Producers proposed that the Class I price for the Corpus Christi marketing area be determined by adding stated differentials to the North Texas Class I price. The North Texas Class I price is computed by adding a differential to a basic formula price which measures the local and national values of milk used to manufacture the major dairy products. This Class I differential is $2.00 per hundredweight during the months of March, April, May and June and $2.20 during the remainder of the year. The prices resulting from these differentials are further subject to a supply-demand adjustment which automatically increases or decreases the price whenever receipts of milk from producers are below or above normal, respectively, in relation to Class I sales. The supply-demand adjustment is limited to a maximum of plus or minus 50 cents per hundredweight.

The Class I price under the Federal order for the San Antonio, Texas market is related to the North Texas price by providing that it cannot exceed the North Texas Class I price by more than 50 cents per hundredweight. This provision has been effective in determining the order price under the San Antonio order in each month since it was incorporated in the order by amendment on February 1, 1954. The 50-cent differential reflects the fact that San Antonio is farther from the areas of regularly available supplemental supplies of Grade A milk than the North Texas market which is centered in Dallas-Ft. Worth. The additional cost of transporting milk from available sources to San Antonio over those involved in supplying milk from such sources to Dallas-Ft. Worth approximates 50 cents per hundredweight. This rate also approximates the cost of moving milk from the North Texas area to San Antonio. The level of prices resulting from a pricing formula for the Corpus Christi market likewise should reflect additional cost of transporting milk to the Corpus Christi market as compared to such cost to the North Texas or San Antonio markets. It is concluded that an average annual level of prices which is approximately 68 cents above the North Texas price will reflect the cost of transporting bulk milk the additional distances involved. It is not possible to determine whether or not the proposed Class I prices will assure the development of a full year-round supply of locally produced Grade A milk. However, it is concluded that the proposed differential is in line with current economic conditions. A full supply of locally produced milk should be developed over a period of time only to the extent that it can be obtained at prices which are no higher than those for milk of acceptable quality and regularly available from the major dairy regions. If prices were established which exceeded the cost of supplies from alternative sources over any extended period of time, there would be an incentive for handlers to reduce their purchases from local producers and purchase milk from outside sources.

The method of adding a stated differential to basic or manufacturing milk prices should be adopted to establish the Class I price in the Corpus Christi market. Although it is important that the average annual level of prices in this market be maintained at a reasonable relationship with the level of prices prevailing in other regulated markets, it is not necessary that this relationship be constant in each month. It is desirable to have a pricing formula that is not based solely on prices prevailing in another regulated market. In case the other order were terminated, the pricing provisions of the proposed order would be nullified.

Seasonal Class I pricing was proposed by producers. It is desirable to have seasonal Class I differentials to provide an additional degree of automatic change in Class I prices to reflect seasonal differences in the cost of milk imported from other fluid milk markets. Furthermore, some means should be provided for encouraging producers to maintain as nearly a uniform supply of milk as is possible in all months of the year. The North Texas market relies principally upon a base rating plan to encourage a more uniform seasonal pattern of production. Most of the Corpus Christi handlers have utilized the base rating plan in the past but only to a very limited extent because receipts of milk from local producers have seldom exceeded market requirements. No base rating plan was proposed at the hearing or recommended herein.

For the above stated reasons, the Class I price differentials to be added to the basic formula price should be $2.55 during March, April, May and June and $2.95 during all other months of the year. This proposed seasonality in Class I pricing will offer an inducement to producers to produce milk at the season of the year when it is most needed by the market. It will serve to align prices with the cost of unregulated supplemental milk at least in part, and with the cost of milk from more distant regulated markets employing a relatively large degree of seasonal pricing. The cost of milk from these latter sources tends to be comparatively low in the spring months and comparatively high during the fall and winter months when production is low.

The proposed seasonal pattern of prices will result in seasonal differences between the Corpus Christi Class I price and Class I prices under other Federal orders in other Texas markets. This will not be important with respect to any handler who might distribute milk regularly in the Corpus Christi area from one of these other markets since the average annual differential will reflect the appropriate relationship between prices in the two markets.

The basic price formulas proposed in the attached order and which apply manufacturing milk and dairy product prices are identical with those contained in the North Texas order. They are similar to those applied in many other orders. These formulas are based on widely accepted quotations in the dairy industry. The proposed basic prices are concluded to be appropriate to reflect general changes in the value of milk and manufactured products throughout the dairy industry.

The supply-demand adjustment provided in the North Texas order reflects production and sales conditions over a substantial portion of the State. Likewise, prices in several other Texas markets regulated by Federal orders or proposed to be regulated are directly related to the North Texas Class I price. At certain times, the North Texas area serves as a source of supplemental milk for other Texas areas. The Class I milk supplied to such other areas from the North Texas market is reflected in the supply-demand adjustment. Thus, the supply-demand adjustment not only reflects production changes in the North Texas area but it also indicates the availability of supplemental milk from this source. Therefore, in order that the desired average annual relationship of prices between the Corpus Christi market and the North Texas and other federally regulated markets in the State may be maintained, it is concluded that the supply-demand adjustment under the North Texas order should also be applied to the Corpus Christi Class I price.

Class II prices. The Class II price should be at such a level that handlers will accept and market whatever quantities of milk in excess of Class I needs as may arise from time to time. The price, however, should not be so low that handlers will be encouraged to procure milk supplies solely for the purpose of converting them into Class II products.

All products included in Class II milk may be made from unapproved milk. Approved milk which may be used in

such products by regulated handlers should be priced at a level which is competitive with the cost of milk or milk ingredients that they may need for Class II products processed in conjunction with their fluid milk business.

It appears that only comparatively small quantities of producer milk will be utilized in the Class II products in the Corpus Christi market. During a few months immediately preceding the hearing some handlers found it necessary to dispose of some of the milk received from local producers to manufacturing plants. However, this was an unusual development and supplemental milk to fulfill local Class I requirements is normally purchased from other markets in several months of the year. Ice cream and cottage cheese are the most important outlets for the relatively small reserve supplies of milk in the marketing area.

During most months of the year, the Class II price should be equal to the average of prices paid for four percent milk at a representative list of Texas manufacturing plants or a butter-powder formula, whichever is higher. The butter-powder formula proposed herein is similar to that contained in other Federal orders in Texas. The butterfat value portion of the formula is computed by multiplying the price of 92-score butter at Chicago by 120 percent and the nonfat value is an average of the prices of spray and roller nonfat dry milk solids f. o. b. plants in the Chicago area, multiplied by a factor of 8.16 per hundred pounds of four percent milk. An allowance equivalent to approximately 60 cents per hundredweight of milk is deducted from the prices of butter and skim milk in the computation of the Class II values.

More efficient utilization of Class II milk can be achieved by introducing a degree of seasonal variation into the Class II price. This can be accomplished by applying the highest of the above stated proposed formula prices during July through February and the prices paid by the Texas manufacturing plants during March through June.

The average of the designated plant prices (Carnation Company, Sulphur Springs, Texas; The Borden Company, Mt. Pleasant, Texas; and Lamar Creamery, Paris, Texas) represent the minimum level of the Class II price at all times of the year. Manufacturing plants constitute the outlet for any supplies which local handlers are unable to use for the manufacture of cottage cheese, ice cream or other Class II products. Although there is only one manufacturing plant located in the Corpus Christi production area which is available as an outlet for Class II milk, the record shows that prices paid for milk by this plant have been considerably lower than prices paid by other Texas manufacturing plants and, therefore, cannot be considered as affording a representative price for Class II milk in this market. Obviously, it is necessary to include more than one plant in any Class II price formula. Although the above stated plants are not located adjacent to the Corpus Christi market milk manufacturing plants are competitive in the procurement of milk in comparatively large territories. These manufacturing plants represent one of the competitive sources of products for Class II usage. Moreover, the products they manufacture are sold basically on a national market. It appears, therefore, that the prices paid for milk at the above named plants constitute an appropriate measure of the competitive price for Class II milk in the Corpus Christi area during the spring and summer months. In other periods, prices paid at the designated plants are not representative of the cost of alternative sources of Class II products in the Corpus Christi market. At most times of the year, handlers will be able to utilize such Class II milk as is received from producers in ice cream, cottage cheese or other products manufactured in their own plants. It is concluded that the proposed Class II price arrangement will maximize returns to producers for this class of milk without impeding the orderly and efficient disposal of milk not needed for fluid use.

Butterfat differentials. As pointed out previously herein, butterfat and skim milk should be accounted for separately for classification purposes. Since it is concluded that the class prices should be established for milk containing 4.0 butterfat, it will be necessary to adjust Class I and Class II prices in accordance with the average test of milk in each class by a butterfat differential which will reflect differences in the value of the milk due to variations in the butterfat content. The values resulting from multiplying the average price of 92-score butter of Chicago by 0.120 for Class I milk and by 0.110 for Class II milk will provide an appropriate basis for adjusting such prices in this market. These adjustments will reflect changes in the central market prices of butterfat. The Class II butterfat differential reflects the local value of butterfat in milk or cream utilized for manufacturing purposes in such products as butter and ice cream. The Class I butterfat differential reflects a somewhat higher value assigned to butterfat in milk, cream and other Class I uses. However, it will be noted that the major portion of the Class I price differential over manufacturing values is assigned to skim milk.

The use of butterfat differentials in this manner follows standard practices in most fluid milk markets for adjusting prices of milk of various butterfat contents. In order that the Class I butterfat differential may be announced early each month, it is provided that the Class I differential be based on the average price of butter in the preceding month. This will permit the announcement of the Class I differential at the same time that the Class I price is announced.

The Class II price and butterfat differential will not be announced until after the end of the month. Handlers, however, will know that the price of such milk will follow the central market prices for butter and nonfat solids and the competitive price for manufacturing milk.

The butterfat differential to producers for milk containing more or less than 4.0 percent butterfat should correspond to the weighted average values of the butterfat and skim milk in producer milk utilized by handlers in Class I and Class II. This follows the same principle as the payment of a uniform price to all producers. Each producer shares equally in the total value of the handlers' Class I and Class II utilization, at the basic test of 4.0 percent butterfat. It is equally appropriate that each should receive the average utilization value of the butterfat and skim milk components for milk testing above or below 4.0 percent. It is probable that the weighted average will be only slightly below the Class I differential of 0.120 times the butter price because it will be heavily weighted by Class I use. The net result will, therefore, be close to the differential of 0.120 proposed by producers.

(d) *Distribution to producers of proceeds from the sale of milk*—(1) *Individual-handler pool.* The individual-handler type of pool should be included in the order as a means of distributing to producers the proceeds from the sale of their milk.

The market-wide form of pooling was proposed by producers. Under the market-wide pool, all producers delivering milk to all fluid milk plants would receive uniform prices for all milk so delivered irrespective of the use made of such milk by the individual-handler to whom it is delivered. A proposal was made at the hearing for an individual-handler pool. Under the individual-handler pool, the producers supplying each of the regulated handlers would be paid a blend price based upon the proportion of the receipts of producer milk classified as Class I milk and Class II milk at the plant(s) of the particular handler receiving the milk. Under either type of pool, the uniform or blend prices, of course, are subject to location differentials and to adjustments for varying percentages of butterfat content. Producers may also be charged different rates for hauling their milk from the farm to the fluid milk plant. Such rates, however, are not established by the order.

Under the conditions existing in this area, the individual-handler pool will tend to result in optimum allocation of producer milk among handlers and in maximum returns to producers for their milk. The record indicates that no handler is carrying an undue proportion of the excess milk in order to supply other handlers with supplemental milk. Nearly all plants are engaged primarily in processing milk for fluid disposition. For this reason the blend or uniform prices received by producers from the different handlers will be substantially the same. However, in case the receipts of producer milk by some handlers become maladjusted in relation to their fluid milk sales, a price incentive will obtain for producers to shift their deliveries to those handlers who are in need of additional milk.

In the past, the cooperative association has pooled the proceeds from the sale of milk of some of its members. The individual-handler pool will not interfere with the pooling or payment activities of a cooperative association. Provision is made for handlers to pay an authorized cooperative association, which so requests, the proceeds from the sale of milk supplied by its members. This provision should assist the cooperative association in carrying out a more effective pooling and payment plan than could be accomplished in the absence of regulation.

It was also proposed to safeguard a market-wide pooling arrangement and the classified pricing plan by equalization payments on all unpriced or other source milk which was disposed of as Class I milk in the marketing area.

Other proposals would exclude a plant from the pricing and pooling arrangements of the order if such plant disposed of less than a specified percentage of its sales on routes in the marketing area. The milk disposed of by plants not qualifying for pool plant status would be considered as other source milk. Under these proposals, handlers would be required to equalize with the market pool the difference between the cost of such unpriced milk and the order Class I price. This was to assure that the users of such milk would not have a competitive advantage over the handlers using producer milk exclusively for Class I sales. The problem of unpriced fluid milk, however, can best be dealt with under the circumstances of this market, by extending regulation to all plants which dispose of sufficient milk to be an effective competitive factor in the market.

3. *Payments to individual producers and to members of cooperative associations.* Each handler should make payment to each producer for milk delivered by such producer at the appropriate uniform price on or before the 15th day of the month following receipt of the milk. Provision is made for partial payments on milk received during the first 15 days of the month on or before the 28th day of the month.

Payments due any producer for milk should be paid by the handler to a cooperative association if the cooperative association makes a written request for such payment and if the producer has given the cooperative association written authorization, in the form of a contract or in any other form, to collect such payments. The association's request should also provide to indemnify the handler for any loss incurred because of any improper claim.

Provision is made for handlers to make payments to a cooperative association two days in advance of the time the handler is required to make payments to individual producers in order that all producers will receive payment on approximately the same date.

In making such payments for producer milk to a cooperative association, the handler should at the same time furnish the cooperative association with a statement showing the name of each producer for whom payment is being made, the volume and average butterfat content of milk delivered by each such producer, and the amount of and reasons for any deductions which the handler withheld from the amount payable to each producer. This statement is necessary so the cooperative association can make proper distribution of the money to producers for whom it collects payment.

Unless a cooperative association can receive payment for the milk marketed on behalf of its producer-members, it cannot re-blend the sales proceeds from milk sold in various outlets. This important function is specifically provided for in the act. Such re-blending may be essential if it is necessary for the cooperative to divert milk to nonfluid milk plants.

(e) *Other administrative provisions.* In addition to those provisions herein determined to be appropriate, certain other provisions should be contained in the order to carry out, from an administrative viewpoint, the purposes of the regulation. Certain terms and definitions are desirable in the interest of brevity and to assure that the usage of a term always implies the same meaning. The terms that are defined in the proposed order are common to many other Federal milk orders. Provision should be made for the appointment by the Secretary of a market administrator to administer the order and to set forth the powers and duties for such agent.

Records and reports. Provisions should be included in the order for the purpose of requiring handlers to maintain adequate records of their operations and to make certain reports as may be required by the market administrator. Certain time limits must be prescribed for filing such reports and for making payments to producers. Dates must also be established for the announcement of prices by the market administrator. The following schedule will afford interested parties sufficient time to perform the functions as indicated below:

Day of month and function. 6th Announcement by market administrator of Class I price and butterfat differential for the current month and Class II price and butterfat differential for preceding month.

7th Submission by handlers of monthly report of receipts and utilization for preceding month.

12th Announcement by market administrator of uniform price for each handler and notification to handlers of value for their producer milk received during the preceding month.

13th Final payments by handlers to cooperative associations for milk received during the preceding month.

15th Final payments by handlers to individual-producers for milk received during preceding month and payments to market administrator for administrative assessment and marketing service deductions.

20th Submission of producer payroll report by handlers for preceding month.

26th Partial payments by handlers to cooperative associations.

28th Partial payments by handlers to individual producers.

Handlers should maintain and make available to the market administrator all records and accounts of their operations, and such facilities as are necessary to determine the accuracy of the information, submit such reports to the market administrator as he may deem necessary and furnish to him or his representative any other information upon which the classification of producer milk depends. The market administrator must likewise be permitted to check the accuracy of weights and tests of milk and milk products received and handled and to verify all payments required under the order.

Provision should be made for handlers to notify the market administrator of their intention to divert producer milk. Information such as this, on a market-wide basis, may help handlers to locate local sources of producer milk and thereby to expedite transfers of such milk among handlers.

It is necessary that handlers retain records to prove the utilization of the milk received from, and that proper payments were made to, producers. Since the books of all handlers associated with the market cannot be audited immediately after the milk has been delivered to a plant, it is necessary that such records be kept for a reasonable period of time.

The order should provide for specific limitations of the time that handlers should be required to retain their books and records and the period of time in which obligations under the order should terminate. Provision made in this regard is identical in principle with the general amendment made to all milk orders in operation on July 30, 1947 following the Secretary's decision of January 26, 1949 (14 F. R. 444). That decision covering the retention of records and limitation of claims is equally applicable in this situation and is adopted as a part of this decision.

Expense of administration. Each handler should be required to pay the market administrator, as the handler's pro rata share of the cost of administering the order, not more than five cents per hundredweight, or such lesser amounts as the Secretary may from time to time prescribe, on (a) receipts of producer milk (including such handler's own production), (b) other source milk in a fluid milk plant which is classified as Class I milk, and (c) Class I milk disposed of through routes in the marketing area from a nonfluid plant other than a plant which is subject to the payment provisions of another Federal order.

The market administrator must have sufficient funds to enable him to administer properly the terms of the order. The act provides that such cost of administration shall be financed through an assessment on handlers. One of the duties of the market administrator is to verify the receipts and disposition of milk from all sources. The record indicates that other source milk is received by handlers to supplement local producer supplies of milk. Equity in sharing the cost of administration of the order among handlers will be achieved, therefore, by applying the administrative assessment to all producer milk (including handler's own production) and other source milk allocated to Class I milk.

In view of the anticipated volume of milk and the cost of administering orders in markets of comparable circumstances, it is concluded that an initial rate of five cents per hundredweight is necessary to meet the expenses of administration. Provision should be made to enable the Secretary to reduce the rate of assessment below the five cents per hundredweight maximum without necessitating an amendment to the order. This should be done at any time experience in the market reveals that a lesser rate will produce sufficient revenue to administer the order properly.

Marketing services. A provision should be included in the order for furnishing marketing services to producers such as verifying tests and weights of milk and furnishing market information. These should be provided by the market administrator and the cost should be borne by the producer receiving the service. If a cooperative association is performing such services for any member-producers and is approved for such activities by the Secretary, the market administrator may accept this in lieu of his own service.

There is need for a marketing service program in connection with the administration of an order in this area. Orderly marketing will be promoted by assuring individual producers that payments received for their milk are based on the pricing provisions of the order, and reflect accurate weights and tests of such milk. To accomplish this fully, it is necessary that the butterfat tests and weights of individual producer deliveries of milk as reported by the handler be verified for accuracy.

An important phase of the marketing service program is to furnish producers with correct market information. As previously discussed, detailed information regarding market conditions is not now regularly available either to producers or to cooperative associations. Efficiency in the production, utilization and marketing of milk will be promoted by the dissemination of current information on a market-wide basis to all producers.

To enable the market administrator to furnish such services, provision should be made for a maximum deduction of six cents per hundredweight with respect to receipts of milk from producers for whom he renders marketing services. If later experience indicates that marketing services can be performed at a lesser rate, provision is made for the Secretary to adjust the rate downward without the necessity of a hearing.

General findings. (a) The proposed marketing agreement and the order and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The proposed order will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order of the Secretary directing the conduct of a referendum; determination of a representative period; and designation of referendum agent. Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608c (19)), it is hereby directed that a referendum be conducted among the producers (as defined in the attached order regulating the handling of milk in the Corpus Christi, Texas marketing area) who, during the month of March 1955, which month is hereby determined to be the representative period for such referendum, were engaged in the production of milk for sale in the marketing area specified in the aforesaid order, to determine whether such producers favor the issuance of the order which is filed herewith.

A. T. Radigan is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for the conduct of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177), such referendum to be completed on or before the 20th day from the date this decision is filed with the Hearing Clerk, United States Department of Agriculture.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled respectively, "Marketing Agreement Regulating the Handling of Milk in the Corpus Christi, Texas Marketing Area," and "Order Regulating the Handling of Milk in the Corpus Christi, Texas Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of §900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met:

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, which will be published with this decision.

This decision filed at Washington, D. C., on the 3d day of April 1955.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

Order,[1] Regulating the Handling of Milk in the Corpus Christi, Texas, Marketing Area

Sec.
998.0 Findings and determinations.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

998.21 Powers.
998.22 Duties.

REPORTS, RECORDS AND FACILITIES

998.30 Reports of receipts and utilization.
998.31 Payroll reports.
998.32 Other reports.
998.33 Records and facilities.
998.34 Retention of records.

CLASSIFICATION

998.40 Skim milk and butterfat to be classified.
998.41 Classes of utilization.
998.42 Shrinkage.
998.43 Responsibility of handlers and reclassification of milk.
998.44 Transfers.
998.45 Computation of the skim milk and butterfat in each class.
998.46 Allocation of skim milk and butterfat classified.

MINIMUM PRICES

998.50 Basic formula price.
998.51 Class prices.
998.52 Butterfat differential to handlers.

APPLICATION OF PROVISIONS

998.60 Producer-handlers.
998.61 Plants subject to other Federal orders.

DETERMINATION OF UNIFORM PRICE

998.70 Net obligation of handlers.
998.71 Computation of aggregate value used to determine uniform prices.
998.72 Computation of uniform prices for handlers.

PAYMENTS

998.80 Payments to producers.
998.81 Butterfat differential to producers.
998.82 Adjustment of accounts.
998.83 Marketing services.
998.84 Expense of administration.
998.85 Termination of obligations.

EFFECTIVE TIME, SUSPENSION, OR TERMINATION

998.90 Effective time.
998.91 Suspension or termination.
998.92 Continuing obligations.
998.93 Liquidation.

MISCELLANEOUS PROVISIONS

998.100 Agents.
998.101 Separability of provisions.

AUTHORITY: §§ 998.0 to 998.101 issued under sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c.

§ 998.0 *Findings and determinations.* (a) Findings upon the basis of the hearing record. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed order regulating the handling of milk in the Corpus Christi, Texas, marketing area. Upon the basis of the evidence introduced in such hearing and the record thereof, it is found that:

(1) The said order, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the said marketing area, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest;

(3) The said order regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held;

(4) All milk and milk products handled by handlers, as defined in this order, are in the current of interstate commerce or directly burden, obstruct or affect interstate commerce in milk or its products; and

(5) It is hereby found that the necessary expense of the market administrator for the maintenance and functioning of such agency will require the payment by each handler as his pro rata share of such expense, 5 cents per hundredweight, or such amount not exceeding 5 cents per hundredweight, as the Secretary may prescribe with respect to all (a) receipts of producer milk including such handler's own production, (b) other source milk at a fluid milk plant which is classified as Class I milk and, (c) Class I disposed of during the month on routes (including routes operated by vendors) to retail or wholesale outlets (except fluid milk plant) located in the marketing area from a nonfluid milk plant.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Corpus Christi, Texas, marketing area shall be in conformity to and in compliance with the following terms and conditions:

DEFINITIONS

§ 998.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 998.2 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States or any other officer or employee of the United States authorized to exercise the powers or to perform the duties of the said Secretary of Agriculture.

§ 998.3 *Department of Agriculture.* "Department of Agriculture" means the United States Department of Agriculture or any other Federal agency authorized to perform the price reporting functions specified in this part.

§ 998.4 *Person.* "Person" means any individual, partnership, corporation, association, or other business unit.

§ 998.5 *Cooperative association.* "Cooperative association" means any cooperative marketing association which the Secretary determines, after application by the association:

(a) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act"; and

(b) To have full authority in the sale of milk of its members and to be engaged in making collective sales of or marketing milk or its products for its members.

§ 998.6 *Corpus Christi, Texas, Marketing Area.* "Corpus Christi, Texas, Marketing Area", hereinafter called the "marketing area," means all the territory within the Counties of Nueces, Jim Wells, Kleberg, Brooks, Duval, Live Oak and San Patricio.

§ 998.7 *Fluid milk plant.* "Fluid milk plant" means any milk processing or packaging plant from which Class I milk equal to more than three percent of the Grade "A" milk and skim milk received from dairy farmers and other plants, or an average of 1,000 or more pounds of Class I milk per day, whichever is less, is disposed of during the month in the marketing area through a route(s).

§ 998.8 *Nonfluid milk plant.* "Nonfluid milk plant" means any milk manufacturing, processing, or bottling plant other than a fluid milk plant.

§ 998.9 *Approved plant.* "Approved plant" means: (a) A fluid milk plant and (b) any milk plant from which Class I milk is disposed of on a route in the marketing area.

§ 998.10 *Handler.* "Handler" means any person in his capacity as the operator of one or more approved plants.

§ 998.11 *Route.* "Route" means the operation of a vehicle or a plant store (including that operated by a vendor) through which milk, skim milk, buttermilk, cream or flavored milk drinks are disposed of to retail or wholesale outlets in the marketing area.

§ 998.12 *Producer.* "Producer" means any person except a producer-handler, who produces milk in compliance with Grade A inspection requirements of a duly constituted health authority, which milk is (a) received at a fluid milk plant or (b) diverted for his account by the operator of a fluid milk plant from such plant to a nonfluid milk plant during any of the months of March through July: *Provided,* That milk so diverted shall be deemed to have been received by the diverting handler at the plant from which it was diverted.

§ 998.13 *Producer milk.* "Producer milk" means all skim milk and butterfat contained in milk produced by a producer and received at a fluid milk plant directly from producers or diverted from such a plant pursuant to § 998.12.

§ 998.14 *Other source milk.* "Other source milk" means all skim milk and butterfat contained in:

(a) Receipts during the month in the form or products designated as Class I milk pursuant to § 998.41 (a) (1), except (1) such products received from other fluid milk plants, and (2) producer milk; and

(b) Products designated as Class II milk pursuant to § 998.41 (b) (1) from any source (including those produced at the plant) which are reprocessed or converted into another product during the month.

§ 998.15 *Producer-handler.* "Producer-handler" means any person who produces milk and operates an approved plant but who receives no milk from other dairy farmers and disposes during the month of less than a daily average of 3,300 pounds of Class I milk as defined pursuant to § 998.41 (a) (1) through a route(s) in the marketing area.

§ 998.16 *Chicago butter price.* "Chicago butter price" means the simple average, as computed by the market administrator, of the daily wholesale selling prices (using the midpoint of any price range as one price) per pound of 92-score bulk creamery butter at Chicago as reported during the month by the Department of Agriculture.

MARKET ADMINISTRATOR

§ 998.20 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of the Secretary.

§ 998.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 998.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including but not limited to the following:

(a) Within 45 days following the date on which he enters upon his duties or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon such duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who

handles funds entrusted to the market administrator;

(d) Pay out of the funds provided by § 998.85 the cost of his bond and of the bonds of his employees, his own compensation, and all other expenses (except those incurred under § 998.84) necessarily incurred by him in maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for in this part, and upon request by the Secretary, surrender the same to such other person as the Secretary may designate;

(f) Submit his books and records to examination by the Secretary and furnish such information and reports as may be requested by the Secretary;

(g) Verify all reports and payments of each handler by audit of such handler's records and the records of any other handler or person upon whose disposition of milk such handler claims classification of skim milk and butterfat and by such investigation as the market administrator deems necessary;

(h) Publicly announce, at his discretion, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who, after the date upon which he is required to perform such acts, has not made reports pursuant to § 998.30 to § 998.32, inclusive, or payments pursuant to § 998.80 to § 998.82, inclusive;

(i) Publicly announce, by posting in a conspicuous place in his office and by such other means as he deems appropriate, and notify each handler in writing;

(1) On or before the 6th day of each month, the minimum price for Class I milk computed pursuant to § 998.51 (a) and the Class I butterfat differential computed pursuant to § 998.52 (a), both for the current month, and the minimum price for Class II milk computed pursuant to § 998.51 (b) and the Class II butterfat differential computed pursuant to § 998.52 (b), both for the previous month; and

(2) On or before the 12th day after the end of each month the uniform price for each handler computed pursuant to § 998.72 and the butterfat differential computed pursuant to § 998.81;

(j) On or before the 12th day after the end of each month, mail to each handler at his last known address, a statement showing for such handler the amount and value of producer milk in each class and the totals thereof; and

(k) Prepare and make available for the benefit of producers, consumers, and handlers such general statistics and such information concerning the operations hereof as are necessary and essential to the proper functioning of this part.

REPORTS, RECORDS AND FACILITIES

§ 998.30 *Reports of receipts and utilization.* On or before the 7th day after the end of each month, each handler, except a producer-handler, shall report to the market administrator in the detail and on forms prescribed by the market administrator for each of his approved plants as follows:

(a) The quantities of skim milk and butterfat contained in producer milk;

(b) The quantities of skim milk and butterfat contained in products designated as Class I milk pursuant to § 998.41 (a) received from fluid milk plants of other handlers;

(c) The quantities of skim milk and butterfat in other source milk;

(d) The quantities of skim milk and butterfat contained in inventories of products designated as Class I milk pursuant to § 998.41 (a) on hand at the beginning and end of the month;

(e) The utilization of all skim milk and butterfat required to be reported pursuant to this section including a statement of the disposition of Class I milk outside the marketing area; and

(f) Such other information with respect to receipts and utilization as the market administrator may prescribe.

§ 998.31 *Payroll reports.* On or before the 20th day of each month each handler, except a producer-handler, shall submit to the market administrator his producer payroll for deliveries of milk for the preceding month for each of his fluid milk plants which shall show for each producer;

(a) His name and address;

(b) The total pounds and the average butterfat test of milk received; and

(c) Net amount of such handler's payment, together with the price(s) paid and the nature and amount of any deductions.

§ 998.32 *Other reports.* (a) Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may prescribe;

(b) Each handler who causes milk to be diverted for his account directly from producers' farms to a nonfluid milk plant shall, prior to such diversion, report to the market administrator and to the cooperative association of which such producer is a member his intention to divert such milk, the proposed date or dates of such diversion, and the plant to which such milk is to be diverted.

§ 998.33 *Records and facilities.* Each handler shall maintain and make available to the market administrator or to his representative during the usual hours of business such accounts and records of his operations and such facilities as are necessary for the market administrator to verify or establish the correct data with respect to:

(a) The receipts and utilization of producer milk and other source milk;

(b) The weights and tests for butterfat and other content of all milk, skim milk, cream and other milk products handled;

(c) The pounds of skim milk and butterfat contained in or represented by all milk, skim milk, cream and milk products on hand at the beginning and end of each month; and

(d) Payments to producers and cooperative associations including any deductions authorized by producers and disbursement of money so deducted;

§ 998.34 *Retention of records.* All books and records required under this subpart to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the month to which such books and records pertain: *Provided,* That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case, the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 998.40 *Skim milk and butterfat to be classified.* All skim milk and butterfat at approved milk plants which is required to be reported for the month pursuant to § 998.30, shall be classified by the market administrator pursuant to the provisions of §§ 998.41 to 998.46 inclusive.

§ 998.41 *Classes of utilization.* Subject to the conditions set forth in §§ 998.43 and 998.44, the classes of utilization shall be as follows:

(a) *Class I milk.* Class I milk shall be all skim milk (including reconstitued skim milk) and butterfat (1) disposed of in fluid form as milk, skim milk, buttermilk, flavored milk drinks, cream, cultured sour cream, any mixture of cream and milk or skim milk (other than frozen storage cream, aerated cream products, eggnog, ice cream, ice cream mix or other frozen mixes, evaporated or condensed milk and milk products contained in hermetically sealed containers), and (2) not accounted for as Class II milk.

(b) *Class II milk.* Class II milk shall be all skim milk and butterfat:

(1) Used to produce any product other than those designated as Class I milk pursuant to paragraph (a) of this section;

(2) Disposed of and used for livestock feed;

(3) Contained in inventory of milk and milk products designated as Class I milk pursuant to paragraph (a) (1) of this section on hand at the end of the month; and

(4) In shrinkage not to exceed 2 percent (5 percent with respect to skim milk during the months of April, May and June) of skim milk and butterfat, respectively, in producer milk and other source milk.

§ 998.42 *Shrinkage.* The market administrator shall assign shrinkage at the fluid milk plant(s) of each handler as follows:

(a) Compute the shrinkage at the fluid milk plant(s) of each handler as follows:

(a) Compute the shrinkage of skim milk and butterfat classified as Class II milk; and

(b) Assign the amounts pro rata to the handler's receipts of skim milk and butterfat, respectively, in producer milk and in other source milk.

§ 998.43 *Responsibility of handlers and reclassification of milk.* (a) All skim milk and butterfat shall be Class I milk unless the handler who first receives such skim milk or butterfat can prove to the market administrator that such skim milk or butterfat should be classified as Class II milk;

(b) Any skim milk or butterfat shall be reclassified if verification by the market administrator discloses that the original classification was incorrect.

§ 998.44 *Transfers.* Skim milk or butterfat disposed of each month from a fluid milk plant shall be classified:

(a) As Class I milk, if transferred in the form of products designated as Class I milk in § 998.41 (a) (1) to a fluid milk plant of another handler, except a producer-handler, unless utilization as Class II milk is claimed by both handlers in their reports submitted for the month to the market administrator pursuant to § 998.30: *Provided,* That the skim milk or butterfat so assigned to Class II milk shall be limited to the amount thereof remaining in Class II milk in the plant of the transferee-handler after the subtraction of other source milk pursuant to § 998.46 (a) (2) and the corresponding step of (b) and any additional amounts of such skim milk or butterfat shall be classified as Class I milk: *And provided further,* That if either or both handlers have other source milk as defined pursuant to § 998.14 during the month, the skim milk or butterfat so transferred shall be classified at both plants so as to allocate the greatest possible Class I utilization to the producer milk of both handlers;

(b) As Class I milk, if transferred to a producer-handler in the form of products designated as Class I milk in § 998.41 (a) (1);

(c) As Class I milk, if transferred or diverted in the form of milk, skim milk or cream in bulk to a nonfluid milk plant located more than 225 miles distant by the shortest highway distance as determined by the market administrator, except that cream so transferred may be classified as Class II milk if notice is given to the market administrator at least 24 hours prior to shipment, each container is labeled by the transferor as "ungraded cream for manufacturing only" and such shipment is so invoiced;

(d) As Class I milk, if transferred or diverted in the form of milk, skim milk or cream in bulk to a nonfluid milk plant located not more than 225 miles distant by the shortest highway distance as determined by the market administrator, unless the following conditions are met:

(1) The transferring-handler claims Class II utilization in a product specified in § 998.41 (b);

(2) The operator of such nonfluid milk plant keeps adequate books and records showing the utilization of all skim milk and butterfat received at such plant and the market administrator is permitted to examine such books and records for the purpose of verification; and

(3) The Class I milk, as defined pursuant to § 998.41 (a) in such nonfluid milk plant does not exceed the receipts of skim milk and butterfat in milk received during the month from dairy farmers, who the market administrator determines, constitute the regular source of supply for such plant: *Provided,* That any Class I milk in excess of receipts from such dairy farmers shall be assigned to milk, skim milk, or cream so transferred or diverted.

§ 998.45 *Computation of the skim milk and butterfat in each class.* For each month, the market administrator shall correct for mathematical and for other obvious errors the reports of receipts and utilization for the fluid milk plant(s) of each handler and shall compute the pounds of butterfat and skim milk in Class I milk and Class II milk for such handler: *Provided,* That if any of the water contained in the milk from which a product is made is removed before the product is utilized or disposed of by a handler, the pounds of skim milk disposed of in such product shall be considered to be an amount equivalent to the nonfat milk solids contained in such product, plus all of the water originally associated with such solids.

§ 998.46 *Allocation of skim milk and butterfat classified.* After making the computations pursuant to § 998.45 the market administrator shall determine the classification of producer milk received at the fluid milk plant(s) of each handler each month as follows:

(a) Skim milk shall be allocated in the following manner:

(1) Subtract from the total pounds of skim milk in Class II milk the pounds of skim milk assigned to producer milk pursuant to § 998.42 (b);

(2) Subtract from the remaining pounds of skim milk in series beginning with Class II milk, the pounds of skim milk in other source milk as defined pursuant to § 998.14;

(3) Subtract from the remaining pounds of skim milk in series beginning with Class II milk, the pounds of skim milk contained in inventory on hand at the beginning of the month and classified pursuant to § 998.41 (b) (3);

(4) Subtract from the remaining pounds of skim milk in each class the skim milk contained in products designated as Class I milk in § 998.41 (a) (1) received from the fluid milk plants of other handlers, according to the classification of such skim milk as determined pursuant to § 998.44 (a);

(5) Add to the remaining pounds of skim milk in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph; and

(6) If the remaining pounds of skim milk in both classes exceed the pounds of skim milk contained in producer milk, subtract such excess from the remaining pounds of skim milk in series beginning with Class II milk. Any amount so subtracted shall be known as "overage."

(b) Butterfat shall be allocated in accordance with the same procedure outlined for skim milk in paragraph (a) of this section;

(c) Determine the weighted average butterfat content of producer milk allocated to Class I and Class II milk; respectively.

MINIMUM PRICES

§ 998.50 *Basic formula price.* The basic formula price to be used in determining the price per hundredweight of Class I milk shall be the highest of the prices computed, pursuant to paragraphs (a), (b), and (c) of this section rounded to the nearest one-tenth cent.

(a) The average of the basic or field prices per hundredweight reported to have been paid or to be paid for milk of 3.5 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture, divided by 3.5 and multiplied by 4.0.

Present Operator and Location

Borden Co., Mount Pleasant, Mich.
Carnation Co., Sparta, Mich.
Pet Milk Co., Hudson, Mich.
Pet Milk, Co., Wayland, Mich.
Pet Milk Co., Coopersville, Mich.
Borden Co., Orfordville, Wis.
Borden Co., New London, Wis.
Carnation Co., Richland Center, Wis.
Carnation Co., Oconomowoc, Wis.
Pet Milk Co., New Glarus, Wis.
Pet Milk Co., Belleville, Wis.
White House Milk Co., Manitowoc, Wis.
White House Milk Co., West Bend, Wis.

(b) The price per hundredweight computed by adding together the plus values of subparagraphs (1) and (2) of this paragraph:

(1) From the Chicago butter price, subtract 3 cents, add 20 percent thereof, and multiply by 4.0.

(2) From the simple average as computed by the market administrator of the weighted averages of carlot prices per pound for nonfat dry milk solids, spray and roller process, respectively, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the preceding month through the 25th day of the current month by the Department of Agriculture, deduct 5.5 cents, multiply by 8.5, and then multiply by 0.96.

(c) The average of the basic or field prices per hundredweight reported to have been paid or to be paid for ungraded milk of 4.0 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture.

Present Operator and Location

Carnation Co., Sulphur Springs, Tex.
The Borden Co., Mount Pleasant, Tex.
Lamar Creamery, Paris, Tex.

§ 998.51 *Class prices.* Subject to the provisions of § 998.52, the minimum prices per hundredweight to be paid by each handler for milk received at his fluid milk plant from producers during the month shall be as follows:

(a) *Class I milk price.* The Class I milk price shall be the basic formula price as determined pursuant to § 998.50, plus the following amount:

Month:	*Amount*
March, April, May and June	$2.55
All other months	2.95

Provided, That the above amounts shall be increased or decreased, respectively, by the same amount as any increase or decrease respectively, provided by the supply-demand adjustment determined pursuant to Order No. 43 regulating the handling of milk in the North Texas marketing area.

(b) *Class II milk price.* The minimum price per hundredweight to be paid by each handler for producer milk received at his fluid milk plant and classified as Class II milk shall be the price computed pursuant to subparagraph (1) of this paragraph for the months of March, April, May and June; and for each of the other months the price computed pursuant to subparagraph (1) of this paragraph or the price computed pursuant to subparagraph (2) of this paragraph, whichever is higher:

(1) The average of the basic or field price reported to have been paid or to be paid for ungraded milk of 4.0 percent butterfat content received from dairy farmers at the following plants or places for which prices have been reported to the market administrator or to the Department:

Carnation Co., Sulphur Springs, Tex.
The Borden Co., Mount Pleasant, Tex.
Lamar Creamery, Paris, Tex.

(2) The sum of the plus values computed as follows:

(i) Subtract 3 cents from the Chicago butter price, add 20 percent thereof, and multiply by 4.0.

(ii) From the simple average, as computed by the market administrator, of the weighted averages of carlot prices per pound for nonfat dry milk solids, spray and roller process, respectively, for human consumption, f. o. b., manufacturing plants in the Chicago area, as published for the period from the 26th day of the preceding month through the 25th day of the current month by the Department of Agriculture, deduct 5.5 cents, multiply by 8.16.

§ 998.52 *Butterfat differential to handlers.* For milk containing more or less than 4 percent butterfat, the class prices pursuant to § 998.51 shall be increased or decreased, respectively, for each one-tenth of one percent butterfat by the appropriate rate, rounded in each case to the nearest one-tenth cent, determined as follows:

(a) *Class I milk.* Multiply the Chicago butter price for the preceding month by 0.120;

(b) *Class II milk.* Multiply the Chicago butter price for the current month by 0.110.

APPLICATION OF PROVISIONS

§ 998.60 *Producer-handlers.* Sections 998.40 through 998.46, 998.50 through 998.53, 998.70 through 998.72 and 998.80 through 998.85 shall not apply to a producer-handler.

§ 998.61 *Plants subject to other Federal orders.* (a) An approved plant will be considered to be a non-fluid milk plant during the month for the purpose of this part if (1) a larger volume of Class I milk is disposed of from such plant in the marketing area of another order issued pursuant to the act than is distributed in the Corpus Christi marketing area to wholesale or retail outlets (other than to a distributing plant(s)) during the month, and (2) such plant would be subject to regulation pursuant to such order.

(b) The operator of such approved plant shall, with respect to the total receipts and utilization or disposition of skim milk and butterfat at the plant, make reports to the market administrator at such time and in such manner as the market administrator may require in lieu of the reports required pursuant to § 998.30 and allow verification of such reports by the market administrator.

DETERMINATION OF UNIFORM PRICE

§ 998.70 *Net obligation of handlers.* The net obligation of each handler for producer milk received at his fluid milk plant(s) during each month shall be a sum of money computed by the market administrator as follows:

(a) Multiply the pounds of such milk in each class by the applicable class price and add together the resulting amounts;

(b) Add the amount computed by multiplying the pounds of overage deducted from each class pursuant to § 998.46 (a) (6) and the corresponding step of § 998.46 (b) by the applicable class price;

(c) Add an amount computed as follows:

(1) Determine the pounds if any, that the skim milk or butterfat in inventory, subtracted from Class I milk pursuant to § 998.46 (a) (3) and the corresponding step of § 998.46 (b) is not in excess of the pounds in producer milk classified as Class II milk (other than as shrinkage) for the preceding month; and (2) multiply such pounds by the difference between the Class I price in the current month and the Class II price in the preceding month adjusted by the appropriate butterfat differentials;

(d) Add or subtract, as the case may be, an amount necessary to correct errors discovered by the market administrator in the verification of reports of such handler of his receipts and utilization of skim milk and butterfat for previous months.

§ 998.71 *Computation of aggregate value used to determine uniform prices.* For each month the market administrator shall compute an aggregate value for each handler from which to determine the uniform price per hundredweight for producer milk of 4.0 percent butterfat content as follows:

(a) Add or subtract from the amount computed pursuant to § 998.70 for each one-tenth percent that the average butterfat content of producer milk received by such handler is less or more, respectively, than 4.0 percent, an amount computed by multiplying such difference by the butterfat differential to producers, as determined pursuant to § 998.81 and multiplying the result by the total hundredweight of producer milk; and

(b) Add the amount represented by any deductions made for eliminating fractions of a cent in computing the uniform price for such handler for the preceding month.

§ 998.72 *Computation of uniform prices for handlers.* The market administrator shall compute a uniform price for producer milk received by each handler as follows: Divide the aggregate value computed pursuant to § 998.71 by the total hundredweight of producer milk received by such handler. The result, less any fraction of a cent, shall be known as the uniform price for such handler for milk of 4.0 percent butterfat content, at a fluid milk plant.

PAYMENTS

§ 998.80 *Payments to producers.* Except as provided in paragraph (c) of this section, each handler shall make payment to each producer for milk received from such producers as follows:

(a) On or before the 28th day of each month, for milk received during the first 15 days of the month at not less than the Class II price for the preceding month;

(b) On or before the 15th day after the end of each month, for milk received during such month, an amount computed at not less than the uniform price per hundredweight pursuant to § 998.72 subject to the butterfat differential computed pursuant to § 998.81; plus or minus adjustments for errors made in previous payments to such producers; and less (1) payment made pursuant to paragraph (a) of this section, (2) marketing service deductions pursuant to § 998.83 and (3) proper deductions authorized by such producer;

(c) (1) Upon receipt of a written request from a cooperative association which the market administrator determines is authorized by its members to collect payment for their milk and receipt of a written promise to reimburse the handler the amount of any actual loss incurred by him because of any improper claim on the part of the cooperative association each handler shall pay to the cooperative association on or before the 13th and 26th day of each month, in lieu of payments pursuant to paragraphs (a) and (b) respectively, of this section an amount equal to the sum of the individual payments otherwise payable to such producers. The foregoing payment shall be made with respect to milk of each producer whom the cooperative association certifies is a member effective on and after the first day of the calendar month next following receipt of such certification through the last day of the month next preceding receipt of notice from the cooperative association of a termination of membership or until the original request is rescinded in writing by the cooperative association.

(2) A copy of each such request, promise to reimburse and certified list of members shall be filed simultaneously with the market administrator by the cooperative association and shall be subject to verification at his discretion, through audit of the records of the cooperative association pertaining thereto. Exceptions, if any, to the accuracy of such certification by a producer claimed to be a member, or by a handler, shall be made by written notice to the market administrator and shall be subject to his determination.

(d) In making the payments to producers pursuant to paragraphs (b) and (c) of this section, each handler shall furnish each producer or cooperative association from whom he has received milk with a supporting statement which shall show for each month:

(1) The month and the identity of the handler and of the producer;

(2) The total pounds and the average butterfat content of milk received from such producer;

(3) The minimum rate or rates at which payment to such producer is required pursuant to this part;

(4) The rate which is used in making the payment if such rate is other than the applicable minimum rate;

(5) The amount or the rate per hundredweight and nature of each deduction claimed by the handler; and

(6) The net amount of payment to such producer.

§ 998.81 *Butterfat differential to producers.* The applicable uniform prices to be paid pursuant to § 998.80 to producers delivering milk to each handler shall be increased or decreased for each one-tenth of one percent which the butterfat content of his milk is above or below 4.0 percent, respectively, by a butterfat differential equal to the average of the butterfat differentials determined pursuant to paragraphs (a) and (b) of § 998.52, weighted by the pounds of butterfat in producer milk in each class and the result rounded to the nearest tenth of a cent.

§ 998.82 *Adjustment of accounts.* Whenever audit by the market administrator of any handler's reports, books, records, or accounts, or verification of weights and butterfat tests of milk or milk products discloses errors resulting in money due a producer or the market administrator from such handler or due such handler from the market administrator, the market administrator shall notify such handler of any amount so due, and payment thereof shall be made on or before the next date for making payments, as set forth in the provisions under which such error occurred.

§ 998.83 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler, in making payments to producers for milk (other than milk of his own production) pursuant to § 998.80, shall deduct 6 cents per hundredweight, or such amount not exceeding 6 cents per hundredweight, as may be prescribed by the Secretary, and shall pay such deductions to the market administrator on or before the 15th day after the end of the month. Such money shall be used by the market administrator to provide market information and to check the accuracy of the testing and weighing of their milk for producers who are not receiving such service from a cooperative association;

(b) In the case of producers who are members of a cooperative association which the Secretary has determined is actually performing the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deduction specified in paragraph (a) of this section, such deductions from the payments to be made to such producers as may be authorized by the membership agreement or marketing contract between such cooperative association and such producers, and on or before the 15th day after the end of each month and pay such deductions to the cooperative association of which such producers are members, furnishing a statement showing the amount of any such deductions and the amount of milk for which such deduction was computed for each producer.

§ 998.84 *Expense of administration.* As his pro rata share of the expense of administration of this part, each handler shall pay to the market administrator on or before the 15th day after the end of the month, 5 cents per hundredweight, or such amount not exceeding 5 cents per hundredweight as the Secretary may prescribe, with respect to all (a) receipts of producer milk, including such handlers' own production; (b) other source milk at a fluid milk plant which is classified as Class I milk; and (c) Class I milk disposed of during the month through routes located in the marketing area from a nonfluid milk plant other than a plant defined in § 998.61.

§ 998.85 *Termination of obligations.* The provisions of this section shall apply to any obligation under this part for the payment of money.

(a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representatives all books and records required by this part to be made available the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler within the applicable period of time, files pursuant to section 8c (15) (A) of the act, a petition claiming such money.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

§ 998.90 *Effective time.* The provisions of this part or any amendment to this part shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated pursuant to § 998.101.

§ 998.91 *Suspension or termination.* The Secretary may suspend or terminate this part or any provisions of this part whenever he finds this part or any provision of this part obstructs or does not tend to effectuate the declared policy of the act. This part shall terminate in any event whenever the provisions of the act authorizing it cease to be in effect.

§ 998.92 *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this part, there are any obligations thereunder, the final accrual or ascertainment of which requires further acts by any person (including the market administrator), such further acts shall be performed notwithstanding such suspension or termination.

§ 998.93 *Liquidation.* Upon the suspension or termination of the provisions of this part, except this section, the market administrator, or such liquidating agent as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office, dispose of all property in his possession or control, including accounts receivable, and execute and deliver all assignment or other instruments necessary or appropriate to effectuate any such disposition. If a liquidating agent is so designated, all assets, books and records of the market administrator shall be transferred promptly to such liquidating agent. If, upon such liquidation, the funds on hand exceed the amounts required to pay outstanding obligations of the office of the market administrator and to pay necessary expenses of liquidating and distribution,

such excess shall be distributed to contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 998.100 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United State to act as his agent or representative in connection with any of the provisions of this part.

§ 998.101 *Separability of provisions.* If any provision of this part or its application to any person or circumstances is held invalid the application of such provision and of the remaining provisions of this part, to other persons or circumstances, shall not be affected thereby.

TELEVISION AUXILIARY BROADCAST STATIONS

NOTICE OF EXTENSION OF TIME FOR FILING COMMENTS

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of April 1955;

The Commission having under consideration a request of Radio-Electronics-Television Manufacturers Association, filed April 25, 1955, that the time for filing comments in connection with the further notice of proposed rule making herein issued April 1, 1955, be extended from April 29, 1955, to May 20, 1955; and

It appearing that good cause is shown in the request for such extension of time;

It is ordered, That the request is granted, and the time for filing comments herein is extended to May 20, 1955;

It is further ordered, That the time for filing replies to comments herein is extended to May 31, 1955.

Released: April 29, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

NOTICES

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of the Public Debt

[1955 Dept. Circ. 960]

2 PERCENT TREASURY NOTES OF SERIES B-1956

OFFERING OF NOTES

MAY 3, 1955.

I. *Offering of notes.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, from the people of the United States for notes of the United States, designated 2 percent Treasury Notes of Series B-1956.

2. Cash offering: Subscriptions are invited at par and accrued interest. The amount of the offering is $2,500,000,000, or thereabouts. The books will be open only on May 3 for the receipt of cash subscriptions.

3. Exchange offering: Exchange subscriptions are invited, at par, from holders of 1⅛ percent Treasury Certificates of Indebtedness of Series B-1955, maturing May 17, 1955. The books will be open only on May 3 through May 5 for the receipt of exchange subscriptions for this issue.

II. *Description of notes.* 1. The notes will be dated May 17, 1955, and will bear interest from that date at the rate of 2 percent per annum, payable on a semi-annual basis of February 15 and August 15, 1956. They will mature August 15, 1956, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached will be issued in denominations of $1,000, $5,000, $10,000, $100,000, $1,000,000, $100,000,000 and $500,000,000. The notes will not be issued in registered form.

5. The notes will be subject to the general regulations of the Treasury Department as now or hereafter prescribed in Department Circular No. 300, Revised.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington. Only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

Cash subscriptions. Commercial banks, which for this purpose are defined as banks accepting demand deposits, may submit subscriptions for account of customers. Others than commercial banks will not be permitted to enter cash subscriptions except for their own account. Subscriptions from commercial banks for their own account will be received without deposit, but will be restricted in each case to an amount not exceeding one-half of the combined capital, surplus and undivided profits, of the subscribing bank, as of December 31, 1954. Subscriptions from all others must be accompanied by payment of 10 percent of the amount of notes applied for, not subject to withdrawal until after allotment. Following allotment, any portion of the 10 percent payment in excess of 10 percent of the amount of notes allotted may be released upon the request of the subscribers.

Exchange subscriptions. Banking institutions generally may submit exchange subscriptions for account of customers.

2. The Secretary of the Treasury reserves the right to reject or reduce any subscription, and to allot less than the amount of notes applied for; and any action he may take in these respects shall be final. Subject to these reservations, exchange subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par and accrued interest, if any, for notes allotted hereunder must be made or completed on or before May 17, 1955, or on later allotment.

Cash subscriptions. In every case where payment is not so completed, the payment with application up to 10 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depositary will be permitted to make payment by credit for notes allotted to it for itself and its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its District.

Exchange subscriptions. Payment may be made only in Treasury Certificates of Indebtedness of Series B-1955, which will be accepted at par, and should accompany the subscription. Final interest due on May 17 on certificates surrendered will be paid by payment of May 17, 1955 coupons, which should be *detached* by holders before presentation of the certificates.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for notes allotted, to make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

Office of the Secretary

[T. D. Order 184]

HEADS OF BUREAUS

DELEGATING AUTHORITY TO MAKE BUY-AMERICAN ACT DETERMINATIONS

By virtue of the authority vested in me by Reorganization Plan No. 26 of 1950, there are transferred to the head of each bureau, to be exercised with respect to procurement by his bureau, the functions of the Secretary of the Treasury under the Buy-American Act (41 U. S. C. 10a-10d), laws supplementary to or requiring the application of the Buy-American Act, and Executive Order 10582, dated December 17, 1954.

The head of each bureau may make such provision as he deems appropriate for the performance by subordinates of any function transferred to him by this order.

Determinations under section 5 of Executive Order 10582 shall be made only after approval by the Secretary, and the reports required by that section shall be prepared for the signature of the Secretary.

Each bureau head will be responsible for insuring that procurement practices under his jurisdiction conform to the provisions of Executive Order 10582. After the close of each calendar year, a report summarizing the determinations made during the year shall be submitted to the Secretary by each bureau head.

Dated: May 2, 1955.

[SEAL] M. B. FOLSOM,
Acting Secretary of the Treasury.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

VIRGINIA

DESIGNATION OF AREAS FOR PRODUCTION EMERGENCY LOANS

For the purpose of making production emergency loans pursuant to section 2 (a) of Public Law 38, 81st Congress (12 U. S. C. 1143a—2 (a), as amended, it is determined that in the following named additional counties in the Commonwealth of Virginia a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

COMMONWEALTH OF VIRGINIA

Albemarle.	Patrick.
Carroll.	

Pursuant to the authority as set forth above, such loans will not be made in the above-named counties in the Commonwealth of Virginia after December 31, 1955, except to borrowers who previously received such assistance.

Done at Washington, D. C., this 3d day of May 1955.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 11124, 11125; FCC 55M-383]

HAROLD M. GADE AND MONMOUTH COUNTY BROADCASTERS

ORDER AFTER SECOND PREHEARING CONFERENCE SCHEDULING HEARING

In re applications of Harold M. Gade, Eatontown, New Jersey, Docket No. 11124, File No. BP-9096; Monmouth

County Broadcaters, Long Branch, New Jersey, Docket No. 11125, File No. BP-9231; for construction permits.

The Hearing Examiner having under consideration the establishment of schedules and procedures to be followed herein and the statements made on the record by and on behalf of each party at the prehearing conference held on April 27, 1955; and

It appearing that the parties were directed by statements on the record to conduct further informal conferences upon the legal and engineering and other evidentiary questions to be resolved herein so as to effect on or before May 23, 1955, an exchange of the direct affirmative case exhibits as required by § 1.841, the scope and details of the informal conference procedure being more fully stated on the record; and

It further appearing that a further prehearing conference after exchange of the direct affirmative cases as provided for in § 1.841 is necessary, and that the earliest date upon which this Hearing Examiner's schedule permits the conduct of such conference is May 26, 1955; and

It further appearing that all parties desire an early hearing in this proceeding and therefore consented that the hearing be commenced as soon as possible after conclusion of the prehearing conference on May 26, and that the earliest date reasonably available to this Hearing Examiner for such hearing in this proceeding is Thursday, June 2, 1955; and

It further appearing that no party suggested or urged any reasons why the procedural schedule hereinabove indicated could not be adhered to, and that the establishment by this order of the said schedule will conduce to the orderly dispatch of the Commission's business:

Now therefore it is ordered, This 28th day of April 1955, that (1) the parties shall submit their respective direct affirmative case exhibits as provided for in § 1.841 on or before Monday, May 23, 1955; (2) that a further prehearing conference in this proceeding shall be held on Thursday, May 26, 1955, at 10:00 a. m. in Washington, D. C.; and (3) that the hearing of evidence in this proceeding shall be commenced in Washington, D. C., at 10:00 a. m. on Thursday, June 2, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3690; Filed, May 5, 1955; 8:49 a. m.]

[Docket No. 11180; FCC 55M-371]

BILL MATHIS

ORDER CONTINUING HEARING

In re application of Bill Mathis, Abilene, Texas, Docket No. 11180, File No. BP-8917; for construction permit.

The Hearing Examiner having under consideration the above-entitled application, on which a hearing is now scheduled to be held in Washington, D. C., on Monday, May 2, 1955; and

It appearing that on March 31, 1955, a petition was filed by Bill Mathis, the applicant herein, requesting that the Commission reconsider its action in designating the above-entitled application for hearing and to grant the said application without hearing; and

It further appearing that the Commission will not be able to act on the said petition on or before May 2, 1955, the date now scheduled for hearing on the said application:

It is ordered, By the Hearing Examiner on his own motion, this 26th day of April 1955, that the hearing in the above-entitled proceeding be, and it is hereby, continued without date.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3691; Filed, May 5, 1955; 8:49 a. m.]

FEDERAL POWER COMMISSION

[Docket Nos. G-2952, G-4671, G-5261]

DEEP SOUTH OIL CO. OF TEXAS ET AL.

ORDER CHANGING DATE OF ORAL ARGUMENT

In the matters of Deep South Oil Company of Texas, Docket No. G-2952; Shell Oil Company, Docket No. G-4671; Humble Oil & Refining Company, Docket No. G-5261.

The date for oral argument before the full Commission upon the issues presented in the above-entitled status determination proceedings was fixed for June 3, 1955, by Commission order issued April 20, 1955.

Upon request of Humble Oil & Refining Company by letter dated April 25, 1955, and due to conflicting engagements of Counsel involved, it appears proper that the date for oral argument be changed to June 7, 1955.

Wherefore, the Commission orders: The date for oral argument as heretofore provided in paragraph (B) of the Commission's order issued April 25, 1955, is changed from June 3, 1955, and now fixed for June 7, 1955, at 10:00 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C.

Adopted: April 27, 1955.

Issued: May 2, 1955.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55-3672; Filed, May 5, 1955; 8:45 a. m.]

[Project No. 78]

PACIFIC GAS AND ELECTRIC CO.

NOTICE OF DATE OF HEARING

APRIL 29, 1955.

Pursuant to application for rehearing filed by Pacific Gas and Electric Company, licensee for water-power Project No. 78, and pursuant to section 313 (a) of the Federal Power Act, the Commission by order issued December 15, 1953 granted a rehearing at a time and place to be fixed by further order on that portion of its order issued October 20, 1953, amending the license for the project, as would include as part of the license certain provisions and conditions designated in said order as Article 27.

Take notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by the Federal Power Act, particularly sections 4, 6, 10, 18, 308, and 313, and the Commission's rules of practice and procedure, a hearing will be held on June 1, 1955, at 10:00 a. m., P. d. s. t., in Room 1152 Appraisers Building, 630 Sansome Street, San Francisco, California, concerning the matters involved and the issues presented by the aforesaid application for rehearing and the Commission's order issued December 15, 1953 granting same.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55-3674; Filed, May 5, 1955; 8:46 a. m.]

[Project No. 2059]

CITY OF EUGENE, OREG.

ORDER FIXING HEARING

On August 23, 1954, the City of Eugene, Oregon, by and through its Eugene Water & Electric Board (Applicant), filed an application under section 4 (e) of the Federal Power Act (16 U. S. C. 791a-825r) for a license for a proposed hydroelectric development on McKenzie River in Lane and Linn Counties, Oregon, known as the Beaver Marsh Project, designated by this Commission as Project No. 2059.

Notice of the application was duly published in newspapers in the City of Eugene, Lane County, Oregon, and in the City of Albany, Linn County, Oregon, and in the FEDERAL REGISTER on September 25, 1954 (19 F. R. 6171).

Numerous informal protests against the granting of the application have been filed by individuals, associations and civic groups, who maintain that the Upper McKenzie River area is more valuable as a scenic and recreational area than for any other use. Informal petitions by individuals in favor of granting the application have also been filed.

The State of Oregon, acting by and through the Oregon State Game Commission, filed formal protest against the application, provided, however, that if any license issued contain special conditions in the interest of the protection, promulgation, preservation, and promotion of game fish in the McKenzie River—as set forth in the formal protest—then the State of Oregon does not protest the granting of the application. The Oregon State Fish Commission has also requested that the license be conditioned in the interest of the food fishery resources involved.

The Secretary of Agriculture, in reporting on the application, urged the Commission to conduct a public hearing before acting on the application in order that full and proper consideration to the timber and recreational values of the Upper McKenzie River in comparison to the power values of the proposed project may be given.

The Commission finds: In the circumstances recited herein, it is in the public interest that a public hearing be held on this matter as hereinafter provided.

The Commission orders: Pursuant to the authority contained in and subject to the jurisdiction conferred upon it by the Federal Power Act, particularly sections 4 and 308 thereof, and the Commission's rules of practice and procedure, a public hearing shall be held on June 7, 1955, at 10:00 a. m., P. s. t., in Room 200, Veterans Memorial Building, 1600 Willamette Street, Eugene, Oregon, concerning the issue of whether the proposed project is best adapted to a comprehensive plan of development for all public purposes as required by section 10 (a) of the act, and whether the Commission should find under section 7 (b) of the act that the United States itself should undertake the development of the water resources involved for public purposes.

Adopted: April 27, 1955.

Issued: May 2, 1955.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55-3673; Filed, May 5, 1955; 8:45 a. m.]

FEDERAL TRADE COMMISSION

STATEMENT OF ORGANIZATION

The Federal Trade Commission hereby issues the following statement of organization.

Sec.
1. The Commission.
2. The Chairman.
3. General description of organization.
4. Executive Director.
5. The Secretary.
6. Office of the General Counsel.
7. Bureau of Investigation.
8. Bureau of Litigation.
9. Bureau of Economics.
10. Bureau of Consultation.
11. Hearing Examiners.
12. Legal Aides to the Commissioners.

SECTION 1. *The Commission.* The Federal Trade Commission is composed of five members appointed by the President and confirmed by the Senate. Commissioners are appointed for terms of seven years.

SEC. 2. *The Chairman.* The Chairman of the Commission, pursuant to Presidential Reorganization Plan No. 8 of 1950, is authorized to exercise the executive and administrative functions of the Commission. In carrying out those functions the Chairman is governed by general policies of the Commission and by such regulatory decisions, findings and determinations as the Commission may by law be authorized to make. The Chairman of the Commission is chosen from the membership of the Commission by the President.

SEC. 3. *General description of organization.* The Commission's staff is divided into the following principal units:
(a) Executive Director.
(b) The Secretary.
(c) Office of the General Counsel.
(d) Bureau of Investigation.
(e) Bureau of Litigation.
(f) Bureau of Economics.
(g) Bureau of Consultation.
(h) Hearing Examiners.
(i) Legal Aides to the Commissioners.

SEC. 4. *Executive Director.* The Executive Director, as the chief operating official under the direction of the Chairman, exercises executive and administrative supervision over all the Bureaus and the staff of the Commission. The Office of the Executive Director includes the following divisions:

(a) *Division of Management and Organization.* This Division is responsible for organization planning, systems and procedures work, forms control, records management program, designing management control systems, and for auditing administrative practices for the Executive Director.

(b) *Division of Budget and Finance.* This Division administers the budget planning and the finances and accounts of the Commission.

(c) *Division of Personnel.* This Division plans and administers the personnel program, including position classification, employee relations, examining, recruiting, employee utilization and first aid.

(d) *Division of General Services.* This Division procures and maintains the Commission's supplies, equipment and communications; supervises space planning and controls; composes and prints various Commission publications; and maintains the Commission's library.

SEC. 5. *The Secretary.* The Secretary of the Commission is legal custodian of the seal, papers, records and property of the Commission. All orders of the Commission are signed by the Secretary. In addition, the Secretary has responsibility for the Commission minutes and legal and public records. Under the supervision of the Secretary, the Office of Information prepares and disseminates press releases and other information to the public and provides liaison between the Commission and members of the press and the public at large.

SEC. 6. *Office of the General Counsel.* The General Counsel is chief law officer and consultant to the Commission. The Office includes the following Divisions:

(a) *Appellate Division.* This Division defends or prosecutes proceedings in the United States Courts of Appeals for review of Commission orders or enforcement of such orders through contempt proceedings. It also prepares for Commission consideration drafts of reports upon legislative proposals requested of the Commission.

(b) *Division of Special Legal Assistants.* This Division renders special legal aid to the Commission or to individual Commissioners in the drafting of findings, orders and decisions in adjudicative proceedings and in other matters.

(c) *Division of Compliance.* This Division supervises and directs compliance by respondents with orders to cease and desist and, in the event of noncompliance, prepares complaints and assists in the trial of civil penalty suits in the various United States district courts.

(d) *Division of Export Trade.* This Division administers the Webb-Pomerene Export Trade Act.

SEC. 7. *Bureau of Investigation.* The legal investigational work of the Commission is centered in this Bureau. Investigations conducted by the Commission's branch offices are under the jurisdiction of the Director. Project Attorneys under the supervision of the Chief Project Attorney have responsibility for investigations from initial screening, through field investigation, to final disposition. The Director of the Bureau has responsibility also for the administration of the following divisions:

(a) *Division of Wool, Fur, and Flammable Fabrics.* This Division administers the Wool, Fur, and Flammable Fabrics Acts.

(b) *Division of Accounting.* This Division performs accounting services in connection with the investigation and trial of cases, as well as in connection with general economic investigations. It prepares cost and price studies, and its staff members act as expert witnesses in proceedings arising under the Clayton Act and the Federal Trade Commission Act.

(c) *Division of Scientific Opinions.* This Division furnishes advice, information and assistance to the Commission's staff with respect to the composition, nature, effectiveness and safety of food, drugs, devices, cosmetics, and related commodities and conducts liaison with other Federal agencies, private institutions, laboratories, and hospitals in matters concerning such commodities.

SEC. 8. *Bureau of Litigation.* (a) As the prosecuting arm of the Commission, the Bureau of Litigation is responsible for the preparation and trial of all formal cases alleging violations of laws which the Commission enforces. The staff of the Bureau reviews and forwards to the Commission, with appropriate recommendations for action, all investigational files in cases in which the Bureau of Investigation has recommended issuance of a formal complaint. It handles all stages of litigation, from the initial preparation of a complaint, through pretrial procedures, settlement negotiations and the conduct of hearings before hearing examiners, to the briefing and argument of cases before the Commission.

(b) The staff of the Bureau also represents the public interest in quantity limit proceedings under section 2 (a) of the Clayton Act; conducts proceedings instituted under the Export Trade Act; and represents the Commission in the prosecution or defense of actions in United States District Courts, including injunctive proceedings under the Federal Trade Commission Act and injunctive and condemnation proceedings under the Wool Products Labeling Act,

the Fur Products Labeling Act and the Flammable Fabrics Act. In addition, the staff of the Bureau cooperates with the General Counsel's Office in the briefing and argument of cases on appeal in United States Courts of Appeals and the Supreme Court.

SEC. 9. *Bureau of Economics.* The work of the Commission in the field of economics is centered in this Bureau. The Bureau consists of the following divisions:

(a) *Division of Economic Evidence and Reports.* This Division furnishes the economic information and advice required in the Commission's anti-monopoly program and conducts general economic surveys and investigations.

(b) *Division of Financial Statistics.* This Division collects, summarizes and analyzes the financial statements made to the Commission by corporations and prepares therefrom quarterly reports on the financial position and operating results of the nation's manufacturing industries and distributive trades.

SEC. 10. *Bureau of Consultation.* The Commission's cooperative work with industries and industry members, designed to effect and maintain a maximum degree of observance of the laws administered by the Commission on a voluntary basis, is conducted by this Bureau.

(a) *Small Business Division.* This special Division provides advice and guidance for small business.

(b) *Division of Trade Practice Conferences.* This Division administers the Trade Practice Conference program of the Commission.

(c) *Division of Stipulations.* This Division represents the Commission in the negotiation of informal agreements to cease and desist.

SEC. 11. *Hearing Examiners.* Hearing Examiners are officials to whom the Commission delegates the initial exercise of its adjudicative powers. They are appointed to office by the Commission by authority of and subject to the prior approval of the Civil Service Commission in accordance with the provisions of Section Eleven of the Administrative Procedure Act. In the performance of their duties as adjudicative officers, Hearing Examiners are exempt from all direction, supervision or control except for administrative purposes.

SEC. 12. *Legal Aides to the Commissioners.* To each Commissioner there is assigned an attorney who functions as a Special Legal Aide.

ROBERT M. PARRISH,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-127]

ELECTRIC BOND AND SHARE CO.

ORDER GRANTING RECITALS

MAY 2, 1955.

The Commission having heretofore approved a plan filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act") by Electric Bond and Share Company ("Bond and Share"), a registered holding company, providing, among other things, for a distribution of a portion of its holdings of the common stock of United Gas Corporation ("United Gas"); and

Bond and Share having notified the Commission pursuant to Rule U-44 (c) of the rules and regulations under the act of the declaration of a dividend on the common stock of Bond and Share payable June 13, 1955, to stockholders of record on May 13, 1955, in shares of the common stock of United Gas at the rate of 1.8 shares of United Gas stock for each 100 shares of Bond and Share stock, which will require an aggregate of 94,506 shares of United Gas stock.

No fractional shares of United Gas stock will be delivered. In lieu thereof Bond and Share's dividend agent, Bankers Trust Company, will be instructed to sell on behalf of stockholders that number of shares of United Gas stock which would otherwise be delivered as fractional shares and to pay to the stockholders entitled thereto the gross proceeds to be derived from such sales. Bond and Share will assume expenses of sales.

The Commission having notified Bond and Share that no declaration need be filed with respect to this matter; and

Bond and Share having requested that the Commission enter an order containing recitals required by the Internal Revenue Code, and the Commission deeming it appropriate that such request be granted:

It is ordered and recited, That the payment by Electric Bond and Share Company as a dividend to its stockholders of 94,506 shares of common stock of United Gas Corporation is necessary or appropriate to the integration or simplification of the holding company system of which Electric Bond and Share Company is a member and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 68-164]

PENNSYLVANIA ELECTRIC CO.

NOTICE OF FILING OF DECLARATION REGARDING INCREASE IN NUMBER OF AUTHORIZED SHARES OF STOCK AND ORDER MAKING PROXY MATERIAL EFFECTIVE

MAY 2, 1955.

Notice is hereby given that Pennsylvania Electric Company ("Penelec"), a direct public utility subsidiary company of Associated Electric Company ("Aelec"), a registered holding company, and an indirect subsidiary company of General Public Utilities Corporation ("GPU"), also a registered holding company, has filed a declaration and an amendment thereto pursuant to sections 6 (a) (2), 7, and 12 (e) of the Public Utility Holding Company Act of 1935 ("act") and Rules U-62 and U-65 promulgated thereunder regarding certain proposed transactions which are summarized as follows:

Penelec proposes to increase its authorized capital stock from $99,000,000, consisting of 370,000 shares of authorized preferred stock of the par value of $100 per share, of which 315,000 shares are presently outstanding, and 3,100,000 shares of authorized common stock of the par value of $20 per share, of which 2,711,750 shares are presently outstanding, to $112,500,000, consisting of 475,000 shares of authorized preferred stock of the par value of $100 per share and 3,250,000 shares of authorized common stock of the par value of $20 per share, without other change in the rights of such two classes of stock.

The proposed transactions will be voted upon at a special meeting of stockholders of Penelec to be held on May 24, 1955. It is stated that the increase of the number of authorized shares of preferred stock requires the consent and approval of the holders of a majority of the outstanding preferred stock and also a favorable vote of the persons holding the larger amount in value of the total capital stock of Penelec, and that Aelec, as the owner of all the common stock of Penelec, has advised Penelec that it proposes to vote in favor of such increase. It is further stated that the increase in the number of shares of authorized common stock requires the consent and approval of Aelec as the only holder of Penelec's outstanding common stock, and that Aelec, as such holder, has advised Penelec that it proposes to vote in favor of such increase.

Penelec proposes to solicit proxies from its preferred stockholders and has filed a declaration pursuant to section 12 (e) of the act and Rule U-62 promulgated thereunder regarding its proposed proxy solicitation material.

Penelec states that expenses in connection with the proxy solicitation, other than ordinary expenditures in connection with preparing, assembling and mailing the proxy material, should not be in excess of $1,000.

It appearing to the Commission that the proxy solicitation material, as amended, is in appropriate form and that the declaration, as amended, with respect thereto pursuant to section 12 (e) of the act and Rule U-62 promulgated thereunder should become effective forthwith.

It is ordered, That Penelec's declaration regarding the proxy solicitation material as amended be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 promulgated under said act.

Notice is further given that any interested person may, not later than May 12, 1955, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on the matters relating to sections 6 (a) and 7 and Rule U-65 stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said filing which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said declaration, as filed or as amended, may be granted and permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-3357]

CENTRAL COAL CO.

ORDER PERMITTING EFFECTIVENESS TO DECLARATION REGARDING RECLASSIFICATION OF COMMON STOCK AND PAYMENT OF CASH DIVIDENDS OUT OF CAPITAL SURPLUS ARISING FROM SUCH RECLASSIFICATION

MAY 2, 1955.

Central Coal Company ("Central Coal"), an indirect subsidiary of American Gas and Electric Company ("American Gas"), a registered holding company, has filed a declaration subject to the provisions of sections 6 (a) (2), 7 (e), and 12 (c) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-46 (a) promulgated thereunder regarding the following proposed transaction:

Central Coal, a coal mining company, temporarily closed its mine in June 1953 and is presently on a standby basis as a reserve source of coal for its two parents, Appalachian Electric Power Company ("Appalachian") and Ohio Power Company ("Ohio Power"). The latter two companies are operating electric company subsidiaries of American Gas and each owns 50 percent of the common stock, the only outstanding securities, of Central Coal.

Central Coal proposes to reduce, by charter amendment, the par value of its 57,500 shares of Common Stock from $100 per share to $1 per share, a total reduction of $5,692,500, and to transfer this total amount to capital surplus. Thereafter, from time to time, as Central Coal accumulates excess cash, it proposes to distribute this cash to Appalachian and to Ohio Power as partial liquidating dividends and to charge the amounts of these dividends to capital surplus.

The filing represents that prior to, or in connection with, the first dividend payment Central Coal will pay and charge to Earned Surplus a dividend equal to the balance of said Earned Surplus, which at December 31, 1954 amounted to $4,051.07.

The fees and expenses of Central Coal, including legal fees of West Virginia counsel estimated at $100, will not exceed $250.

No State commission and no Federal commission (other than the Securities and Exchange Commission) has jurisdiction over the proposed transaction.

Central Coal has requested that the Commission's order herein become effective forthwith upon issuance.

Due notice having been given of the filing of said declaration in the manner prescribed by Rule U-23 and no hearing having been requested of or ordered by the Commission; and the Commission finding that the applicable standards of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary; and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration, be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-3361]

GEORGIA POWER CO.

ORDER AUTHORIZING ISSUE AND SALE AT COMPETITIVE BIDDING OF PRINCIPAL AMOUNT OF FIRST MORTGAGE BONDS

MAY 2, 1955.

Georgia Power Company ("Company"), a public-utility subsidiary of The Southern Company, a registered holding company, has filed an application and amendments thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder regarding the following proposed transaction:

The Company proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, $12,000,000 principal amount of First Mortgage Bonds, __ percent Series due 1985. The interest rate (which shall be a multiple of ⅛ of 1 percent) and the price to be paid to the Company (which shall be not less than 100 percent nor more than 102¾ percent of the principal amount,

exclusive of accrued interest from May 1, 1955, to date of delivery) will be determined by competitive bidding. The new bonds will be secured by a Mortgage and Deed of Trust executed by the Company to The New York Trust Company, Trustee, dated as of March 1, 1941, as heretofore supplemented and as further supplemented by a Supplemental Indenture to be dated as of May 1, 1955.

The Company proposes to use the net proceeds from the sale of the new bonds, together with other available funds, for the construction or acquisition of permanent improvements, extensions, and additions to its property. The Company contemplates making total expenditures of approximately $33,400,000 during 1955 for such purposes.

The issue and sale of said bonds have been expressly authorized by the Public Service Commission of Georgia, in which State the Company is organized and doing business.

Due notice of the filing of the application having been given in the manner provided by Rule U-23 promulgated under the act, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules thereunder have been satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers to grant the application, effective forthwith, subject to the terms and conditions below set out:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the application as amended be, and it hereby is, granted, effective forthwith, subject to the provisions of Rule U-50 and Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 55-3678; Filed, May 5, 1955; 8:46 a. m.]

[File No. 70-3372]

ALABAMA POWER CO.

NOTICE OF PROPOSED ISSUANCE AND SALE OF PRINCIPAL AMOUNT OF BONDS AT COMPETITIVE BIDDING

MAY 2, 1955.

Notice is hereby given that Alabama Power Company ("Company"), a public-utility subsidiary of The Southern Company, a registered holding company, has filed with this Commission an application and an amendment thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder regarding the following proposed transaction:

The Company proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, $15,000,000 principal amount of First Mortgage Bonds, __ Series due 1985. The interest rate (which shall be a multiple of ⅛ of 1 percent) and the price to be paid to the Company (which shall be not less than 100 percent nor more than 102¾ percent of the principal amount, exclusive of accrued interest to date of delivery) will be determined by competitive bidding. The new bonds will be issued under the Company's Indenture dated as of January 1, 1942, as heretofore supplemented and as to be further supplemented by a Supplemental Indenture dated as of June 1, 1955.

The Company proposes to use the net proceeds from the sale of the new bonds for the construction or acquisition of permanent improvements, extensions and additions to its property and for the payment of short-term bank loans in the amount of $6,000,000 incurred or to be incurred for such purpose. The Company estimates that its total construction expenditures for 1955 will aggregate approximately $35,355,000 and it expects to raise the additional funds required from internal sources and the sale (prior to the end of the year) of additional common stock to its parent company.

The fees and expenses to be paid in connection with the proposed transaction are estimated at $98,645, and include taxes, filing fees and recording fees aggregating $42,045, cost of definitive bonds, printing and miscellaneous expenses aggregating $28,100, charges of trustee $7,000, services of Southern Services, Inc. $7,000, legal fees $10,000, and accounting fees $4,500. The foregoing estimate does not include the fees of counsel for the successful bidders, estimated at $7,000.

The issuance and sale of the new bonds have been expressly authorized by the Public Service Commission of Alabama, in which State the Company is organized and doing business.

The Company requests that the order of the Commission herein be made effective upon issuance.

Notice is further given that any interested person may, not later than May 13, 1955 at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said application, as now amended or as further amnded, may be granted as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may take such other action as it may deem appropriate under the circumstances.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 55-3679; Filed, May 5, 1955; 8:47 a. m.]

[File No. 70-3373]

SOUTHWESTERN GAS AND ELECTRIC CO.

NOTICE OF FILING REGARDING ISSUANCE AND SALE AT COMPETITIVE BIDDING OF PREFERRED STOCK AND AN ORDER AUTHORIZING SOLICITATION OF PROXIES

MAY 2, 1955.

Notice is hereby given that Southwestern Gas and Electric Company ("Southwestern"), a public utility and an exempt holding company subsidiary of Central and South West Corporation, a registered holding company, has filed a declaration pursuant to the Public Utility Holding Company Act of 1935 ("act") designating sections 6 (a) and 7 of the act and Rule U-50 thereunder as applicable to the proposed transactions which are summarized as follows:

Southwestern proposes to solicit proxies from its stockholders, both common and preferred, with respect to an amendment to its charter to effect certain changes in the terms and provisions of its preferred stock. The principal changes are: (i) An increase in the amount of unsecured indebtedness which Southwestern may issue or assume without the consent of the preferred stockholders, from 10 percent to 20 percent of the aggregate of secured debt and capital stock and surplus, provided, however, that no more than an amount equal to 10 percent of such aggregate may be of a maturity of less than 10 years; (ii) a relaxation of the restrictions on the payment of common stock dividends so as to permit the payment of any dividends which Southwestern could have paid, but had not paid, in any previous year or years; (iii) a reduction in the vote required, from the holders of two-thirds to the holders of a majority of the preferred stock, to authorize the issuance of additional preferred stock ranking on a parity with the outstanding preferred stock unless specified requirements as to gross income and common stock equity are met; and (iv) a prohibition of the acquisition or redemption of preferred stock when dividends are in arrears unless all outstanding stock shall be redeemed or retired, or approval is obtained under the act.

Upon effectuation of the above described charter amendment, which requires an affirmative vote of the holders of at least two thirds of the outstanding shares of the preferred stock and a majority of the outstanding shares of the common stock, Southwestern proposes to issue and sell 60,000 shares of __ percent Preferred Stock, par value $100 per share. The price to be paid Southwestern (which shall be not less than $100 per share nor more than $102.75 per share) and the dividend rate (which is to be expressed in a multiple of .04 of 1 percent) are to be fixed at competitive bidding pursuant to the provisions of Rule U-50.

The filing states that the net proceeds from the sale of the Preferred Stock will be used by Southwestern to pay for a part of the cost of its construction program, it being represented that for the calendar years 1955 and 1956 construction expenditures will approximate $15,900,000 and $20,700,000, respectively.

Southwestern states that the fees and expenses to be paid or incurred by it in connection with the proposed solicitation of proxies, other than the costs of preparing, assembling, and mailing such statements, will not exceed $2,000.

The filing states that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Southwestern has requested that the Commission permit the declaration to become effective forthwith insofar as it relates to the proposed solicitation of proxies.

The Commission having examined the declaration and the proxy material proposed to be used in connection with the solicitation of proxies, and finding that the applicable provisions of section 12 (e) of the act and Rules U-62 and U-65 promulgated thereunder have been satisfied, and deeming it appropriate in the public interest, and in the interest of investors and consumers, to grant declarant's request and permit the declaration to become effective forthwith insofar as it relates to the solicitation of proxies:

It is ordered, That the declaration, insofar as it relates to the proposed solicitation of proxies, be, and it hereby is, permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24 promulgated under the act.

Notice is further given that any interested person may, not later than May 26, 1955, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on the declaration in respect of the issuance and sale of the 60,000 shares of __ Percent Preferred Stock by Southwestern, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert, or may request that he be notified if the Commission shall order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may take such other action as it deems appropriate.

By the Commission.

MISSISSIPPI VALLEY GENERATING CO. ET AL.

ORDER POSTPONING HEARING

MAY 2, 1955.

In the matter of Mississippi Valley Generating Company, Middle South Utilities, Inc., The Southern Company; File No. 70-3375.

The Commission by its order of April 27, 1955 (Holding Company Act Release No. 12857), having set the foregoing matter down for hearing on May 16, 1955, at 10:00 a. m., e. d. s. t., at the offices of the Commission, 425 Second Street NW., Washington 25, D. C.; and

It now appearing to the Commission, for good cause shown, that it is appropriate in the public interest that such hearing be postponed until June 6, 1955, at 10:00 a. m., e. d. s. t., and that the time within which any person desiring to be heard or otherwise wishing to participate in this proceeding may file with the Commission relative thereto as provided in Rule XVII of the Commission's rules of practice be extended to June 3, 1955:

It is ordered, That the hearing in the foregoing matter be, and the same hereby is, postponed until June 6, 1955, at 10:00 a. m., e. d. s. t., at the offices of the Commission, 425 Second Street NW., Washington 25, D. C., and that the time within which any person desiring to be heard or otherwise wishing to participate in this proceeding may file with the Commission a request relative thereto as provided in Rule XVII of the Commission's rules of practice be, and the same hereby is, extended to June 3, 1955.

By the Commission.

[File No. 812-920]

EQUITY CORP. AND BELL AIRCRAFT CORP.

NOTICE OF APPLICATION FOR ORDER EXEMPTING TRANSACTION BETWEEN AFFILIATES

MAY 2, 1955.

Notice is hereby given that The Equity Corporation ("Equity"), a registered closed-end non-diversified management investment company, incorporated under the laws of Delaware, and Bell Aircraft Corporation ("Bell"), incorporated under the laws of New York, have filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 ("act"), requesting an order exempting from the provisions of section 17 (a) of the act the sale of 29,989 shares of Erie Insurance Company ("Iowa Erie") owned by Bell to Equity pursuant to a Purchase Agreement dated February 23, 1955.

Equity and a wholly owned subsidiary own 1,320,266 shares or 51.11 percent of the common stock of Bell. Bell will sell to Equity 29,989 shares of common stock of Iowa Erie, which except for 11 directors' qualifying shares, constitute all of its authorized and outstanding stock, for a cash consideration of $499,817.

Bell organized Iowa Erie in 1954 so it could maintain an insurance subsidiary to handle helicopter insurance on helicopters manufactured by Bell for civilian use. Bell has reached the conclusion that an insurance company is not, under existing conditions, needed for its helicopter operations, and also that, due to its greatly expanded operations, it will have use for its funds now invested in Iowa Erie. In view of the fact that certain of Equity's affiliates are engaged directly in the insurance business, Bell proposed to Equity that Equity acquire the Iowa Erie stock. The sum of $499,817 represents the amount of paid-in capital attributable to the 29,989 shares of common stock issued by Iowa Erie and Bell's cost of such shares. This amount compares with the net worth of these shares of $477,473; the difference being attributable to organization expense and initial operating costs.

Neither Bell nor Equity is under any obligation to pay any commission, finder's fee or similar charge in connection with the purchase of the shares of stock of Iowa Erie.

Section 17 (a) of the act prohibits an affiliated person of a registered investment company from selling to such registered company any security or other property (with certain exceptions not applicable here) unless the Commission, upon application pursuant to section 17 (b) of the act, grants an exemption from the provisions of section 17 (a) thereof upon the basis of findings by the Commission that the terms of the proposed transaction, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned and that the proposed transaction is consistent with the policy of the registered investment company as recited in its registration statement and reports filed under the act and is consistent with the general purposes of the act. Equity has represented that in its opinion these statutory requirements are met.

Notice is further given that any interested person may, not later than May 16, 1955, at 5:30 p. m. submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

SUBVERSIVE ACTIVITIES CONTROL BOARD

[Docket No. 105-53]

HERBERT BROWNELL, JR., ATTORNEY GENERAL OF THE UNITED STATES, PETITIONER, v. THE JOINT ANTI-FASCIST REFUGEE COMMITTEE, RESPONDENT

Notice is hereby given that, pursuant to the Subversive Activities Control Act of 1950 (Title I of the Internal Security Act of 1950, Pub. Law 831, 81st Cong., 50 U. S. C. 781 et seq.), particularly section 13 of said act (50 U. S. C. 792), a hearing in the above-entitled proceeding on the petition of the Attorney General for an order of the Board requiring the Respondent to register as a Communist-front organization pursuant to section 7 of said act (50 U. S. C. 786), will be held commencing on Tuesday, May 31, 1955, at 10:00 a. m., e. d. t., in Hearing Room 111, Lafayette Building, 811 Vermont Avenue NW, Washington, D. C.

Dated at Washington, D. C., May 2, 1955.

[SEAL] THOMAS J. HERBERT, *Chairman.*

FEDERAL REGISTER

VOLUME 20 NUMBER 90

Washington, Saturday, May 7, 1955

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10608

UNITED STATES AUTHORITY AND FUNCTIONS IN GERMANY

By virtue of the authority vested in me by the Constitution and the statutes, including the Foreign Service Act of 1946 (60 Stat. 999), as amended, and as President of the United States and Commander in Chief of the armed forces of the United States, it is ordered as follows:

1. Executive Order No. 10062 of June 6, 1949, and Executive Order No. 10144 of July 21, 1950, amending that order, are hereby revoked, and the position of United States High Commissioner for Germany, established by that order, is hereby abolished.

2. The Chief of the United States Diplomatic Mission to the Federal Republic of Germany, hereinafter referred to as the Chief of Mission, shall have supreme authority, except as otherwise provided herein, with respect to all responsibilities, duties, and governmental functions of the United States in all Germany. The Chief of Mission shall exercise his authority under the supervision of the Secretary of State and subject to ultimate direction by the President.

3. The United States Military Commander having area responsibility in Germany, hereinafter referred to as the Commander, shall have authority with respect to all military responsibilities, duties, and functions of the United States in all Germany, including the command, security, and stationing of United States forces in Germany, the assertion and exercise of their rights and discharge of their obligations therein, and emergency measures which he may consider essential for their protection or the accomplishment of his mission. The Commander may delegate the authority conferred upon him. If action by the Commander or any representative of the Commander, pursuant to the authority herein conferred, affects the foreign policy of the United States or involves relations or negotiations with non-military German authorities, such action shall be taken only after consultation with and agreement by the Chief of Mission or pursuant to procedures previously agreed to between the Chief of Mission and the Commander or his representative. Either the Chief of Mission or the Commander may raise with the other any question which he believes requires such consultation. If agreement is not reached between them, any differences may be referred to the Department of State and the Department of Defense for resolution.

4. The Chief of Mission and the Commander or his designated representatives shall, to the fullest extent consistent with their respective missions, render assistance and support to each other in carrying out the agreements and policies of the United States.

5. With regard to the custody, care, and execution of sentences and disposition (including pardon, clemency, parole, or release) of war criminals confined or hereafter to be confined in Germany as a result of conviction by military tribunals (A) the Chief of Mission shall share the four-power responsibility in the case of persons convicted by the International Military Tribunal, (B) the Chief of Mission shall exercise responsibility in the case of persons convicted by military tribunals established by the United States Military Governor pursuant to Control Council Law No. 10, and (C) the Commander shall exercise responsibility in the case of persons convicted by other military tribunals established by United States Military Commanders in Germany and elsewhere. The Commander shall, on request of the Chief of Mission, take necessary measures for carrying into execution any sentences adjudged against such persons in category (B) as to whom the Chief of Mission has responsibility and control. Transfer of custody of persons in categories (B) and (C) to the Federal Republic of Germany as provided in the Convention on the Settlement of Matters Arising out of the War and Occupation shall terminate the responsibility of the Chief of Mission and the Commander with respect to such persons to the extent that the responsibility of the United States for them is thereupon terminated pursuant to the provisions of the said Convention.

6. If major differences arise over matters affecting the United States Forces in Germany, such differences may be referred to the Department of State and the Department of Defense for resolution.

TITLE 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 52—PROCESSED FRUITS, VEGETABLES, AND OTHER PRODUCTS (INSPECTION, CERTIFICATION, AND STANDARDS)

SUBPART—UNITED STATES STANDARDS FOR GRADES OF FROZEN BLUEBERRIES [1]

MISCELLANEOUS AMENDMENTS

Pursuant to the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., 7 U. S. C. 1621 et seq.) and by virtue of the authority vested in me by the Secretary of Agriculture, the United States Standards for Grades of Frozen Blueberries (7 CFR 52.611 to 52.620) are amended as hereinafter set forth.

The amendments provide for a rewording of the footnote pertaining to this subpart and that the blueberries be sound and properly washed prior to freezing.

The following amendments are promulgated to become effective upon publication in the FEDERAL REGISTER:

1. Footnote 1 to the subpart title is amended in its entirety as set forth below.

2. Section 52.611 is amended in its entirety to read as follows:

§ 52.611 *Product description.* Frozen blueberries are prepared from sound, properly ripened fresh fruit of the blueberry bush (Genus Vaccinium), including species or varieties often called "huckleberries," but not of the Genus Gaylussacia; are cleaned and stemmed; are properly washed; are packed with or without packing media; and are frozen and maintained at temperatures necessary for the preservation of the product.

Notice of proposed rule making, public procedure thereon, and the delaying of the making of this document effective later than the date of its publicaton in the FEDERAL REGISTER (see section 4 of the Administrative Procedure Act; 5 U. S. C. 1001 et seq.) are impracticable, unnecessary and contrary to the public interest because: (1) The processing season for freezing blueberries will begin soon and it is desirable that these amendments be in effect by that time; and (2) additional time will not be needed for the industry to make preparation for compliance with these amendments.

(Sec. 205, 60 Stat. 1090, 7 U. S. C. 1624)

Dated: May 3, 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator,
Marketing Services.

[F. R. Doc. 55-3718; Filed, May 6, 1955; 8:47 a. m.]

[1] Compliance with the requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 34]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 922.334 *Valencia Orange Regulation 34*—(a) *Findings.* (1) Pursuant to Order No. 22 (19 F. R. 1741), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective March 31, 1954, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Valencia Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The Valencia Orange Administrative Committee held an open meeting on May 5, 1955, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date hereof.

(b) *Order.* (1) The quantity of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., May 8, 1955, and ending at 12:01 a. m., P. s. t., May 15, 1955, is hereby fixed as follows:

(i) District 1: 231,000 boxes;

(ii) District 2: 92,400 boxes;

(iii) District 3: Unlimited movement.

(2) Valencia oranges handled pursuant to the provisions of this section shall be subject to any size restrictions applicable thereto which have heretofore been issued on the handling of such oranges and which are effective during the period specified herein.

(3) As used in this section, "handled," "handler," "boxes," "District 1," "District 2," and "District 3," shall have the same meaning as when used in said order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: May 6, 1955.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 55-3794; Filed, May 6, 1955; 11:32 a. m.]

[Lemon Reg. 588]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATIONS OF SHIPMENTS

§ 953.695 *Lemon Regulation 588*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 19 F. R. 7175), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication

thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on May 4, 1955, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., May 8, 1955, and ending at 12:01 a. m., P. s. t., May 15, 1955, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 500 carloads;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "carloads," "District 1," "District 2," and "District 3" shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: May 5, 1955.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 55-3761; Filed, May 6, 1955; 8:55 a. m.]

[Grapefruit Reg. 103]

PART 955—GRAPEFRUIT GROWN IN ARIZONA; IN IMPERIAL COUNTY, CALIFORNIA, AND IN THAT PART OF RIVERSIDE COUNTY, CALIFORNIA, SITUATED SOUTH AND EAST OF THE SAN GORGONIO PASS

LIMITATION OF SHIPMENTS

§ 955.364 *Grapefruit Regulation 103*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 55, as amended (7 CFR Part 955), regulating the handling of grapefruit grown in the State of Arizona; in Imperial County, California, and in that part of Riverside County, California, situated south and east of the San Gorgonio Pass, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the Administrative Committee established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than May 8, 1955. Shipments of grapefruit, grown as aforesaid, have been subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, since October 17, 1954, and will so continue until May 8, 1955; the recommendation and supporting information for continued regulation subsequent to May 7, 1955, was promptly submitted to the Department after an open meeting of the Administrative Committee on April 28; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time thereof, are identical with the aforesaid recommendation of the committee and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., May 8, 1955, and ending at 12:01 a. m., P. s. t., August 31, 1955, no handler shall ship:

(i) Any grapefruit of any variety grown in the State of Arizona; in Imperial County, California; or in that part of Riverside County, California, situated south and east of the San Gorgonio Pass unless such grapefruit grade at least U. S. No. 2: *Provided,* That not to exceed a total of 20 percent, by count, of the grapefruit in any lot may fail to meet the requirements of the U. S. No. 2 grade, but such total of 20 percent may not include more than 15 percent, by count, of grapefruit failing to meet the requirements of the U. S. No. 2 grade because of serious damage by dryness or mushy condition; or

(ii) From the State of California or the State of Arizona to any point outside thereof, any grapefruit, grown as aforesaid, which are of a size smaller than $3^{3}/_{16}$ inches in diameter ("diameter" to be measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit), except that a tolerance of 5 percent, by count, of grapefruit smaller than the foregoing minimum size shall be permitted which tolerance shall be applied in accordance with the provisions for the application of tolerance, specified in the revised United States Standards for Grapefruit (California and Arizona), 7 CFR 51.925–955: *Provided,* That, in determining the percentage of grapefruit in any lot which are smaller than $3^{3}/_{16}$ inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $3^{1}0/_{16}$ inches in diameter and smaller.

(2) As used in this section, "handler," "variety," "grapefruit," and "ship" shall have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2," "serious damage," and "dryness or mushy condition" shall have the same meaning as when used in the revised United States Standards for Grapefruit (California and Arizona), §§ 51.925 to 51.955 of this title.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: May 4, 1955.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 55-3731; Filed, May 6, 1955; 8:49 a. m.]

PART 971—MILK IN THE DAYTON-SPRINGFIELD, OHIO, MARKETING AREA

ORDER TERMINATING CERTAIN PROVISION; CLASS III MILK PRICES

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), hereinafter referred to as the "act," and of the order, as amended (7 CFR Part 971), regulating the handling of milk in the Dayton-Springfield, Ohio, marketing area, hereinafter referred to as the "order", it is hereby found and determined that:

(a) In § 971.53 (b) of the order the provision "in barrels" does not tend to effectuate the declared policy of the act;

(b) Notice of proposed rule making and public procedure thereon in connection with the issuance hereof is impracticable, unnecessary and contrary to the public interest, in that (1) the infor-

mation on which this action is based did not become available in sufficient time for such compliance; (2) the issuance of this termination order effective as set forth below is necessary to reflect current marketing conditions and facilitate, promote and maintain the orderly marketing of milk produced for the said marketing area; (3) on April 8, 1955, the Market News Service of the Department of Agriculture stopped reporting Chicago price quotations for roller process nonfat dry milk solids for human consumption in drums and barrels. This was done because too few sales were being made in drums and barrels to report such prices. Most price quotations now relate to sales in bags and this series is being continued by the Market News Service.

It is therefore ordered, That in § 971.53 (b) the provision "in barrels" be and hereby is terminated effective immediately.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Done at Washington, D. C., this 3d day of May 1955.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[F. R. Doc. 55-3719; Filed, May 6, 1955; 8:47 a. m.]

TITLE 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 20—SPECIAL REGULATIONS

OLYMPIC NATIONAL PARK

1. Subparagraph (4) of paragraph (a) *Fishing; open season* paragraph (b) *Fishing; closed waters* paragraph (c) *Fishing; size limits* paragraph (g) *Fishing; license* paragraph (h) *Speed* of § 20.28 *Olympic National Park* are amended to read as follows:

(a) *Fishing; open season.* • • •

(4) In that part of the Olympic National Park known as the Queets Corridor and Olympic Ocean Strip and other areas, which were added to the Park by Proclamation of the President, dated January 6, 1953 (18 F. R. 169), fishing shall be done in conformity with the laws and regulations promulgated by the State of Washington for these areas.

(b) *Fishing; closed waters.* The following waters and their tributaries are closed to fishing:

Cat Creek.
Entire Morse Creek watershed except Lake Angeles and P. J. Lake.

(c) *Fishing; size limits.* Steelheads less than 12 inches in length and fish of any other species less than 6 inches in length, when caught, shall be released by carefully handling with moist hands and returned at once to the water.

• • • • •

(g) *Fishing; license.* A State or County Fishing license is required for fishing in Lake Angeles located in Section 15, T. 29 N., R. 6 W., W. M.; and within those portions of Olympic National Park known as the Queets Corridor and Olympic Ocean Strip, and in Sections 1 to 6 inclusive, T. 27 N., R. 11 W., W. M., and in Sections 1 to 3, inclusive, T. 27 N., R. 12 W., W. M., which were added to the park by proclamation of the President, dated January 6, 1953 (18 F. R. 169).

(h) *Speed.* Speed limits in the Park, except in emergencies as provided in § 1.42 (b) of this chapter are as follows:

(1) Basic Speed Rules:

(i) Every person operating or driving a vehicle of any character upon the roads in Olympic National Park shall operate the same in a careful and prudent manner and at a rate of speed no greater than is reasonable and proper under the conditions existing at the point of operation, taking into account the amount and character of the traffic, weight of vehicle, grade and width of highway, condition of surface and freedom of obstruction to view ahead and consistent with any and all conditions existing at the point of operation so as not to unduly or unreasonably endanger the life, limb, property or other rights of any person entitled to the use of such roads.

(ii) The operator of any motorized vehicle, when entering a curve on any narrow road, must exercise due care to the extent that he or she is at all times able to bring the vehicle to a full stop within one-half of the unobstructed sight distance ahead.

(iii) No vehicle shall pass a school bus loading or unloading passengers.

(2) Maximum speed 25 miles per hour.

(i) When upon that portion of any highway which passes through or borders upon a public campground, parking area, or other place of public assemblage and when upon the following public roads:

Deer Park road.
Dosewallips road.
Hurricane Ridge road above Elwha Ranger Station area.
North Fork Quinault road east of Finley Creek.
Staircase road.

(ii) When approaching or traversing a section of highway posted as "Construction" or "Men Working" or similarly, unless a lesser speed limit is posted.

(3) Maximum speed 35 miles per hour:

(i) When upon the following roads:

East Beach road—Lake Crescent.
East Fork Quinault road.
Elwha to Olympic Hot Springs road.
Hoh road.
North Fork Quinault road west of Finley Creek.
North Shore road—Lake Crescent.
Queets road.
Rialto Beach road.
Soleduck road.

(ii) Maximum speed of trucks, or combinations of trucks and trailers, having a gross weight of 10,000 pounds is limited to 35 miles per hour on U. S. Highway 101 and to 25 miles per hour on all other park roads.

(4) Special speed limits:

(i) Whenever the Superintendent, Olympic National Park, determines that a temporary condition or situation exists upon or adjacent to a road, which requires a reduced speed limit, the Superintendent may designate a lesser speed limit, which shall be effective when appropriate signs giving notice thereof are erected upon such road.

(5) Due care required: Compliance with speed requirements as set forth in this paragraph shall not relieve the operator of any vehicle from the further exercise of due care and caution as further circumstances shall require.

2. A new paragraph (j), reading as follows, is added to § 20.28:

(j) *Dogs and cats.* Dogs and cats, under physical restrictive control, are permitted on public highways only while in transit status, and are permitted only in such developed areas as are accessible by road. Such animals are prohibited in public eating establishments, community kitchens, and swimming pools located on Government lands.

(Sec. 3, 39 Stat. 535, as amended, 16 U. S. C. 3)

Issued this 15th day of April 1955.

[SEAL] FRED J. OVERLY,
Superintendent,
Olympic National Park.

[F. R. Doc. 55-3707; Filed, May 6, 1955; 8:45 a. m.]

TITLE 46—SHIPPING

Chapter II—Federal Maritime Board, Maritime Administration, Department of Commerce

Subchapter C—Regulations Affecting Subsidized Vessels and Operators

[Gen. Order 27, Rev., Supp. 1]

PART 281—INFORMATION AND PROCEDURE REQUIRED UNDER OPERATING-DIFFERENTIAL SUBSIDY AGREEMENTS

METHOD OF COMMENCING AND TERMINATING VOYAGES AND OF LAY-UP PERIODS

Effective May 1, 1955, § 281.3 *Method of commencing and terminating voyages and of lay-up periods* (General Order 27, Rev., 18 F. R. 910, February 14, 1953) is hereby amended by adding a new paragraph designated "(e)" at the end thereof to read as follows:

(e) *Excessive delays in United States Ports.* Whenever a vessel is delayed in a continental United States port during a voyage for a period of ten days or more in excess of its normal period of operations in said port, the operator immediately shall report said circumstance, together with all pertinent facts, to the Coast Director. The Coast Director shall determine whether or not said delay was justified and if operating costs for said period were reduced to a minimum in accordance with sound commercial practice.

(Sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1114)

Dated: May 5, 1955.

By order of the Maritime Administrator.

[SEAL] GEO. A. VIEHMANN,
Assistant Secretary.

[F. R. Doc. 55-3758; Filed, May 6, 1955; 8:55 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 140]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (ILFR, VAR, ADF, ILS, GCA, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is canceled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.
If an LFR instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall correspond with those established for en route operation in the particular area or as set forth below.

City and State; airport name, elevation; facility; class and identification; procedure No.; effective date	Initial approach to facility from—	Course and distance	Minimum altitude (ft.)	Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Ceiling and visibility minimums: Condition	Ceiling and visibility minimums: Type aircraft: 75 m. p. h. or less	Ceiling and visibility minimums: Type aircraft: More than 75 m. p. h.	If visual contact not established at authorized landing minimums after passing facility or within distance specified, or if landing not accomplished	Minimum altitude over facility on final approach course (ft.)	Course and distance, facility to airport

4. The instrument landing system procedures prescribed in § 609.11 are amended to read in part:

ILS STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.
If an ILS instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below:

City and State; airport name, elevation; facility: class and identification; procedure No.; effective date	Transition to ILS: From—	Transition to ILS: To—	Transition to ILS: Course and distance	Transition to ILS: Minimum altitudes (ft.)	Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Minimum altitude at glide slope intercept in bound (ft.)	Altitude of glide slope and distance to approach end of runway at—: Outer marker	Altitude of glide slope and distance to approach end of runway at—: Middle marker	Ceiling and visibility minimums: Condition	Type aircraft: 75 m.p.h. or less	Type aircraft: More than 75 m. p. h.	If visual contact not established upon descent to authorized landing minimums or if landing not accomplished

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

PART 146c—CERTIFICATION OF CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended by 61 Stat. 11, 63 Stat. 409, 67 Stat. 389; sec. 701, 52 Stat. 1055; 21 U. S. C. 357, 371) and delegated to the Commissioner of Food and Drugs by the Secretary (20 F R. 1996), the regulations for the certification of antibiotic and antibiotic-containing drugs (21 CFR, 1953 Supp., Parts 146, 146a, 146c; 19 F. R. 673, 1141, 2140, 4405, 7998; 20 F. R. 882) are amended as indicated below:

1. Section 146.26 (b) is amended by adding the following new subparagraph (25):

§ 146.26 *Animal feed containing penicillin.* * * *

(b) * * *

(25) (i) It is intended for use solely in the control of outbreaks of coccidiosis in poultry flocks and it contains in a quantity, by weight of feed, not less than 0.003 percent and not more than 0.006 percent of 2,4-diamino-5-(p-chlorophenyl)-6-ethylpyrimidine and not less than 0.01 percent and not more than 0.02 percent of sulfaquinoxaline, and there has been submitted to the Commissioner, in triplicate, the information referred to in § 146.7, as well as any additional information necessary to establish the safety and efficacy of the article and to guarantee its identity, strength, quality, and purity. The exemption shall expire at the beginning of any act changing the composition or labeling of such drug or the methods used in its manufacturing, processing, or repackaging, or the facilities and controls used for such manufacturing, processing, or repackaging, unless the person who obtains the exemption has submitted to the Commissioner, in triplicate, amended information describing such proposed changes and such amendment has been accepted by the Commissioner.

(ii) It is intended for use in the dissubparagraph, it contains the ingredients in the amounts and under the conditions specified in that subdivision, and it contains one, but only one, of the ingredients prescribed by paragraph (a) of this section and in the amounts specified in that paragraph.

2. In § 146a.85 *Benzathine-procaine-buffered crystalline penicillins for aqueous injection* paragraph (a) is amended by changing the number "300,000" to read "200,000".

3. In § 146c.204 *Chlortetracycline capsules* * * *, paragraph (c) (1) (iv) is changed to read as follows:

(iv) The statement "Expiration date ------", the blank being filled in with the date that is 48 months after the month during which the batch was certified if it is chlortetracycline hydrochloride, or with the date that is 36 months after the month during which the batch was certified if it is tetracycline hydrochloride or tetracycline, or with the date that is 24 months after the month during which the batch was certified if it contains one or more vitamin substances: *Provided, however,* That such expiration date may be omitted from the immediate container if such immediate container is packaged in an individual wrapper or container.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry, since it would be against public interest to delay providing for the amendments set forth above, and since it conditionally relaxes existing requirements.

I further find that animal feeds containing the antibiotic drugs and other ingredients specified in amendment 1, above, need not comply with the requirements of sections 502 (1) and 507 of the Federal Food, Drug, and Cosmetic Act in order to insure their safety and efficacy, provided that they are used in the amounts and for the condition specified in that amendment.

This order shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371)

Dated: May 2, 1955.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F. R. Doc. 55-3717; Filed, May 6, 1955; 8:47 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 655—NEEDLEWORK AND FABRICATED TEXTILE PRODUCTS INDUSTRY IN PUERTO RICO

MINIMUM WAGE ORDER

Pursuant to the provisions of the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001), notice was published in the FEDERAL REGISTER on March 4, 1955 (20 F. R. 1345) of the Administrator's proposed decision to approve as to 15 divisions and to disapprove as to the remaining five divisions the recommendations of Special Industry Committee No. 15 for Puerto Rico for the Needlework and Fabricated Textile Products Industry in Puerto Rico, together with the amended wage order which he proposed to issue to carry such decision into effect.

As indicated in the notice, the Administrator's findings and conclusions in this matter were set forth in a document entitled "Findings and Opinion of the Administrator in the Matter of the Recommendations of Special Industry Committee No. 15 for Puerto Rico for Minimum Wage Rates in the Needlework and Fabricated Textile Products Industry in Puerto Rico."

The period of 30 days from March 4, 1955, within which exceptions to the proposed decision might be filed has now expired. Exceptions have been received from 13 different interested parties relative to the findings in many of the divisions in the Industry.

The only exception in the art linen and needlepoint division is one of a very general nature which was filed by Mrs. Gustavo Saliva, an employer. Her objection is based upon the pressure of foreign competition and the loss of business which has already occurred as a result of that competition. She urges that a further increase in the minimum wage, particularly for hand-sewing, will serve only to intensify this loss of business. The effect of foreign competition was one of the factors which was specifically considered and discussed in the Administrator's findings and opinion, so that it is clear that it was fully taken into account by him and given such weight, along with other factors, as seemed appropriate under the circumstances. No further comment seems needed at this time, since the weight to be given to specific evidence which he has considered is peculiarly a matter within the Administrator's discretion under the act.

There have been three exceptions filed which relate to the handerchief and square scarf division. One was the previously mentioned general exception of Mrs. Saliva which also extended to this division. The comments with reference to it which have already been made in connection with the preceding division are equally applicable here. A similar exception was filed by Villari Handkerchief Company and no further comment is required. The third exception was filed by the Handkerchief Industry Association, Inc. It is to substantially the same effect, although it contains some information in addition to that in the record to show the increasing impact of foreign competition. It does not, however, seem sufficiently conclusive to warrant any change in the conclusion reached by the Administrator.

There have also been three exceptions filed which relate to the fabric glove division. One is the same general objection from Mrs. Saliva which has already been sufficiently discussed. The other two are from the Amalgamated Clothing Workers of America and the International Ladies' Garment Workers' Union. Both unions object to the increase for hand-sewing and regard it as insufficient. Since it appears from the findings and opinion of the Administrator that this point was fully considered by him, no further comment seems essential at this time.

In the knit glove division an exception was filed by one employer, Corozal Knitting Mills, Inc. This exception opposes the failure to establish a separate classification for hand-sewing, as was done in other glove divisions, and urges that the rate which will consequently have to be paid for hand-sewing is excessive. This entire matter was discussed by the Administrator at some length in his findings and opinion for the express purpose of meeting these very objections. No additional comment seems required at this time.

An exception has been filed in the silk, rayon, and nylon underwear division by the International Ladies' Garment Workers' Union. It is urged that in spite of the steady decline in this division the increases recommended by the Committee would not result in any substantial curtailment of employment, and should any such curtailment occur it would be due entirely to factors other than the increase. The basic contention here is that the Administrator did not properly evaluate the various factors which he had to take into account rather than that he failed to consider any relevant factors. The findings and opinion indicate that the various factors stressed by the union in its exception were taken into account by the Administrator and evaluated by him. This evaluation caused him to conclude that no matter what effect other factors might have there was no substantial evidence in the record to support a conclusion that increases of the magnitude recommended would not at least contribute to a further curtailment of employment. The suggestion in the exception that firms operating in this division might be able to keep up employment by taking on other lines which fall in other divisions does not show that employment in this particular division would not be curtailed. Since the Administrator appears to have taken all of the relevant factors into account, no further comment appears to be required.

An exception by Baylis Brothers Company, an employer operating in both the infants' wear division and the children's and dolls' wear division, may be considered as a unit. The points which are raised relate, with a single possible exception, to the weight to be given certain specific evidence in the record. The findings and opinion indicate that these matters were considered by the Administrator along with many other factors in reaching what he regarded as a proper evaluation of them. The findings and opinion do not, however, specifically refer to the fact that the Puerto Rico Minimum Wage Board set lower minimum rates for operations which were not in interstate commerce. Since such rates are designed for activities of a purely local nature and are not established on the basis of the requirements of the Fair Labor Standards Act, the level at which such rates are established should not be given substantial weight in evaluating the propriety of rates which have been recommended on the basis of criteria specified in the Fair Labor Standards Act. This factor alone would not be sufficient to warrant any change in the Administrator's conclusions.

An exception has been filed in the sweater and bathing suit division by the National Knitted Outerwear Association. The exception relates primarily to the definition of this division. It is urged that the definition is too vague and improperly includes bathing suits, a product which admittedly is not currently being produced in Puerto Rico. It is apparent from the exception itself that the same arguments were previously made to and considered by the

Administrator. The findings and opinion refer specifically to the inclusion of bathing suits in the definition, and there is also a finding approving the various definitions after consideration of relevant economic and competitive factors. The exception points out certain difficulties which may arise in applying the definition. It is always possible, of course, that problems will arise in determining the applicability of any definition to a particular item, and each situation will have to be decided when it arises on its own facts. However, it should be noted that the definition is specifically confined to women's, misses' and girls' sweaters and bathing suits. With this delimitation, the products intended to be included seem sufficiently clear. The exception which has been filed presents nothing which has not already been considered by the Administrator.

In the millinery division an exception has been filed by the United Hatters, Cap and Millinery Workers International Union. It singles out the relationship between costs and wholesale selling prices to support its contention that the recommendations of the Committee should have been approved. This is but one of many factors taken into account by the Administrator in reaching his conclusion that there was not substantial evidence in the record as a whole to indicate that the recommended increase would be economically feasible at this time. The mere fact that specific portions of the evidence, when taken alone, might support a contrary conclusion, cannot serve as a substitute for the lack of substantial evidence in the record as a whole.

In the crochet beading, bullion embroidery, machine embroidered lace, insignia and chevron division an exception has been filed by Texco Textiles, an employer engaged in the production of machine embroidered lace. This company indicates that although it was unable to have representatives attend the hearings, its employment has steadily declined during the last 14 months. The recent experience of this single firm, engaged in only one of the numerous activities included in this division, does not indicate that there should be any change in the conclusions reached by the administrator after weighing all of the evidence in the record as to the division as a whole. In this connection, the embroideries and trimmings industry is characterized by relatively severe market fluctuations from season to season. These fluctuations, however, have no direct connection with wage rates.

In the corde and bonnaz embroidery and corde handbag division exceptions have been filed by the National Hand Embroidery and Novelty Manufacturers Association, Inc. and the International Ladies' Garment Workers' Union, AFL. The principal contention is that the evidence in the record regarding the competitive relation between the mainland and Puerto Rico was not properly evaluated.

I have studied carefully the exceptions presented. Upon reviewing all the evidence adduced in this proceeding, in the light of the contentions now advanced by the union and adopted by the National Hand Embroidery and Novelty Manufacturers' Association, Inc., I have concluded that the Committee's recommendation of a minimum wage rate of 51 cents an hour for this division is supported by substantial evidence and would carry out the purposes of the act. I have set forth the basis for my approval of this recommendation in greater detail than would be appropriate here in a document entitled "Supplement to Findings and Opinion of the Administrator in the Matter of the Recommendation of Special Industry Committee No. 15 for Puerto Rico for Minimum Wage Rates in the Needlework and Fabricated Textile Products Industry in Puerto Rico," a copy of which may be had upon request to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. A new notice of proposed decision as to this Division is being published in the FEDERAL REGISTER simultaneously with this wage order.

In the handbag (except corde) division an exception was filed by the International Handbag, Luggage, Belt and Novelty Workers Union, AFL. The principal contention is that the competitive advantage which Puerto Rico possesses over the mainland is alone sufficient to justify approval of the Committee's recommendation. The findings and opinion specifically recognize that Puerto Rican producers have an advantage over mainland producers with respect to labor costs and point out that an increase in the minimum appears warranted. When all of the evidence in the record was weighed by the Administrator, however, including other factors which he was also required to take into account, he was unable to find substantial evidence in the record as a whole to support a conclusion that the specific increase recommended would have been economically feasible at the time of the hearing without substantial curtailment of employment. His only alternative was to disapprove the recommended increase, which he did. The stress which this exception places upon one of the factors which the Administrator specifically took into account cannot make up for the lack of evidence in the record as a whole.

For the general division, an exception has been filed by the International Ladies' Garment Workers' Union. Here, too, the Union contended that Puerto Rico had a competitive advantage over the mainland that would justify approval of the recommended increase. The Administrator took this factor into account when he recognized in the findings and opinion that the evidence indicated that an increase in the minimum wage was warranted. He concluded, however, that the evidence as a whole was not substantial enough to support the conclusion that the minimum wage rate recommended by the Committee should be approved at this time for this entire division, since such a rate would apply to the production of a variety of articles.

The Puerto Rico Needlework Association, Inc., submitted exceptions directed toward the entire proposed decision. The Association urges that the employee members of the Committee did not actually represent employees in the industry, and consequently, the actions of the Committee were not made in accordance with the requirements of the act. This matter was raised previously and has been fully considered and discussed in the findings and opinion. In addition the Association expresses concern about the adequacy of certain division definitions. The recommended definitions have been fully considered and no further discussion seems warranted at this time.

The Association also urges that undue emphasis has been given to competitive relationships between Puerto Rico and the northeastern section of the United States mainland. Actually, competitive considerations have been related to whatever states or regions produce any of the particular goods in question in competition with Puerto Rico. Mainland production of many needlework products is concentrated heavily, if not exclusively, in the northeastern states, whereas certain other products, such as dungarees, are manufactured primarily in the South.

The Association has also requested that the effective date for any new wage order for the needlework and fabricated textile products industry be postponed until July 15 so that it will not take effect in the middle of a season. While I agree that a new order should not be made applicable to style lines which have already been priced for a season, analysis of shipment statistics reveals that May and June are normally the lowest months of the year. It appears from the record that production for the spring season is completed around the middle of April and that fall production begins around the first of July. Since production of goods for summer sales are minor and show no particular pattern, it seems reasonable that an effective date of June 6 will not cause any undue inconvenience to the industry. The present order for this industry was made effective on June 4, 1951 and there was no indication that this date fell in the middle of a season or unreasonably affected operations.

I have reviewed the exceptions which have been filed in the light of the entire record in this matter and I have concluded that the only modification which is warranted is in the corde and bonnaz embroidery and corde handbag division, in which the recommendation of the Committee should be approved as previously indicated. Pending the issuance of a new wage order for that division, the following amended wage order will issue in accordance with the notice of proposed decision which was published in the FEDERAL REGISTER on March 4, 1955 (20 F. R. 1345), and under the authority in section 8 of the Fair Labor Standards Act of 1938 (29 U. S. C. 201 et seq.), Reorganization Plan No. 6 of 1950 (5 U. S. C. 611), General Order No. 45–A (15 F. R. 3290), and, the position of the Administrator being presently vacant, General Order No. 85 (20 F. R. 2066). Formal changes in § 655.4 (a) (1) have been made in the order as it appeared in that notice by reason of the fact that there is now a separate wage order for the corsets, brassieres and allied garment industry and that the hairnet industry has been included under the wage order for the textile and textile products industry.

Sec.
655.1 Approval of recommendations of industry committee.
655.2 Wage rates.
655.3 Notice of order.
655.4 Definitions of the needlework and fabricated textile products industry in Puerto Rico and its divisions.

AUTHORITY: §§ 655.1 to 655.4 issued under sec. 8, 63 Stat. 915; 29 U. S. C. 208. Interpret or apply sec. 5, 63 Stat. 911; 29 U. S. C. 205.

§ 655.1 *Approval of recommendations to Industry Committee.* The Committee's recommendations are hereby approved, except as hereinafter noted.

§ 655.2 *Wage rates.* (a) (1) Wages at a rate of not less than 22½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the art linen and needlepoint division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, embroidering and embellishing by hand and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the art linen and needlepoint division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, stamping, sorting, finishing, and packing, and who is engaged in commerce or in the production of goods for commerce.

(b) (1) Wages at a rate of not less than 22½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the handkerchief and square scarf division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the handkerchief and square scarf division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, ribboning, washing, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

(c) (1) Wages at a rate of not less than 22½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the fabric glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 57½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the fabric glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in machine operating or in operations known to the industry as cutting, laying off, sizing, banding, and boxing, and who is engaged in commerce or in the production of goods for commerce.

(3) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the fabric glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in operations other than hand sewing, machine operating, and operations known to the industry as cutting, laying off, sizing, banding, and boxing, and who is engaged in commerce or in the production of goods for commerce.

(d) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the knit glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(e) (1) Wages at a rate of not less than 30 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the leather glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 57½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the leather glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in machine operating, or in any operations known to the industry as cutting, laying off, sizing, banding and boxing, and who is engaged in commerce or in the production of goods for commerce.

(3) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the leather glove division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in operations other than hand sewing, machine operating, and operations known to the industry as cutting, laying off, sizing, banding, and boxing, and who is engaged in commerce or in the production of goods for commerce.

(f) (1) Wages at a rate of not less than 21 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the silk, rayon, and nylon underwear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 34 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the silk, rayon, and nylon underwear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, cleaning, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

N. B.: Special Industry Committee No. 15 for Puerto Rico recommended minimum wage rates of 26 cents and 45 cents respectively for activities in this division. These recommendations are hereby disapproved and the foregoing rates will remain in effect until a new wage order is issued to replace them.

(g) (1) Wages at a rate of not less than 22½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the cotton underwear and infants' underwear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the cotton underwear and infants' underwear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, washing, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

(h) (1) Wages at a rate of not less than 25 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the infants' wear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing,

hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the infants' wear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, pinning, washing, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

(i) (1) Wages at a rate of not less than 35 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the children's and dolls' wear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the children's and dolls' wear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, cleaning, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

(j) (1) Wages at a rate of not less than 35 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the blouse, dress, and neckwear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 45 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the blouse, dress, and neckwear division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, cleaning, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

(k) Wages at a rate of not less than 47½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the dungarees, slacks and related products division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(l) Wages at a rate of not less than 50 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the sweater and bathing suit division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(m) Wages at a rate of not less than 57½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the hat body division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(n) Wages at a rate of not less than 36 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the corde and bonnaz embroidery and corde handbag division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

N. B.: Special Industry Committee No. 15 recommended a minimum wage rate of 51 cents an hour for activities in this division. That recommendation was disapproved in the notice of proposed decision of March 4, 1955, but is being approved in the notice of proposed decision for that division in this issue of the FEDERAL REGISTER. The foregoing rate of 36 cents an hour will continue in effect until a new wage order is issued for this Division.

(o) Wages at a rate of not less than 45 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the crochet slipper division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(p) Wages at a rate of not less than 47½ cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the crochet beading, bullion embroidery, machine embroidered lace, insignia, and chevron division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(q) (1) Wages at a rate of not less than 35 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the crocheted hats and infants' bootee division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 45 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the crocheted hats and infants' bootee division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations, including, but not by way of limitation, cutting, machine operating, stamping, sorting, cleaning, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

(r) (1) Wages at a rate of not less than 21 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the miscellaneous division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in hand sewing operations, including, but not by way of limitation, hand drawing, hand rolling, and embroidering and embellishing by hand, and who is engaged in commerce or in the production of goods for commerce.

(2) Wages at a rate of not less than 30 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the miscellaneous division of the needlework and fabricated textile products industry in Puerto Rico who is engaged in other operations including, but not by way of limitation, cutting, machine operating, stamping, sorting, cleaning, finishing, pressing, examining, and packing, and who is engaged in commerce or in the production of goods for commerce.

N. B.: Special Industry Committee No. 15 for Puerto Rico recommended a minimum wage of 50 cents an hour for the millinery division, 45 cents an hour for the handbag (except corde) division, and 45 cents an hour for the general division. It defined the millinery division as "the manufacture of all headwear, except knitted or crocheted headwear, for women, misses, girls, and infants three years of age or under, from any material, but not including the manufacture of hat bodies," the handbag (except corde) division as "the manufacture of handbags and purses (except corde) for women, misses, and girls," and the general division as "all products and activities in the needlework and fabricated textile products industry, as defined in Administrative Order No. 433, which are not included in any of the other divisions of the industry as defined therein." The activities in those three divisions, as thus defined, are at present included in the above miscellaneous division. The recommendations of the Committee for those three divisions are hereby disapproved. The activities included in the definitions for those divisions will accordingly remain subject to the applicable minimum wage rates provided for the above miscellaneous division until a new wage order is issued covering such activities.

§ 655.3 *Notices of order.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the needlework and fabricated textile products industry in Puerto Rico shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed, from time to time, by the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Division may prescribe.

§ 655.4 *Definition of the needlework and fabricated textile products industry in Puerto Rico and its divisions.* (a) (1) The manufacture from any material of all apparel and apparel furnishings and accessories made by the knitting, crocheting, cutting, sewing, embroidering, or other processes; the manufacture of all textile products and the manufacture of like articles in which a synthetic material in sheet form is the basic component: *Provided, however,* That the definition shall not cover products or activities included in the following industries in Puerto Rico as defined in the wage order for such industries: The artificial flower industry, the button, buckle, and jewelry industry, the corsets, brassieres and allied garments industry, the handicraft products industry, the hosiery industry, the hooked rug industry, the men's and boys' clothing and related products industry, the shoe manufacturing and allied industries, and the textile and textile products industry. This definition includes, but without limitation, handkerchiefs, scarves and mufflers; gloves; women's, misses', girls' and infants' outerwear, underwear, and nightwear; handbags (except handbags made by hand out of raffis, maguey, straw or similar materials); household art linens; needlepoint; embroideries and trimmings; curtains, draperies, and bedspreads; and miscellaneous fabricated textile products.

(2) This definition supersedes the definitions contained in any and all wage orders heretofore issued for other industries in Puerto Rico to the extent that such definitions include products or operations covered by the definition of this industry.

(b) The separable divisions of the industry, as defined in paragraph (a) of this section, to which this part and its several provisions shall apply, are hereby defined as follows:

(1) *Art linen and needlepoint division.* The manufacture of household art linens including, but not by way of limitation, table cloths, napkins, bridge sets, luncheon cloths, table covers, sheets, pillow cases, and towels, and the manufacture of needlepoint on canvas or other material.

(2) *Handkerchief and square scarf division.* The manufacture of plain, scalloped or ornamented handkerchiefs and square scarves.

(3) *Fabric glove division.* The manufacture of gloves and mittens from woven or knitted fabrics.

(4) *Knit glove division.* The manufacture of knit or crocheted gloves and mittens.

(5) *Leather glove division.* The manufacture of gloves and mittens from leather or from leather in combination with other material.

(6) *Silk, rayon, and nylon underwear division.* The manufacture, from any fabric except cotton, or from any fabric containing a mixture of cotton and other fibers, of women's, misses', and girls' underwear and nightwear, including, but not by way of limitation, slips, nightgowns, negligees, panties, step-ins, pajamas, and similar articles.

N. B.: See note in connection with this division in § 655.2 (f).

(7) *Cotton underwear and infants' underwear division.* The manufacture from cotton fabric of women's, misses', and girls' underwear including, but not by way of limitation, slips, nightgowns, negligees, panties, step-ins, pajamas, and similar articles, and the manufacture of underwear and nightwear for infants three years of age or under.

(8) *Infants' wear division.* The manufacture of dresses, rompers, creepers, sportswear, and play apparel for infants three years of age or under.

(9) *Children's and dolls' wear division.* The manufacture of dresses, blouses, shirts, and similar articles for girls over three years of age and the manufacture of clothing for dolls.

(10) *Blouse, dress, and neckwear division.* The manufacture of women's and misses' blouses, shirts, waists, dresses, smocks, aprons, neckwear (including collar and cuff sets) and scarves (except square scarves).

(11) *Dungarees, slacks, and related products division.* The manufacture of dungarees, slacks, pedal pushers, culottes, shorts and similar apparel for women, misses and girls.

(12) *Sweater and bathing suit division.* The manufacture of women's, misses', and girls' sweaters and bathing suits.

(13) *Corde and bonnaz embroidery and corde handbag division.* The manufacture of corde handbags, corde plates for handbags, and other articles or trimmings made on a bonnaz embroidery machine.

N. B.: See note in connection with this division in § 655.2 (n).

(14) *Hat body division.* The processing of hatters' fur and the manufacture of all types of hat bodies for women's, misses', girls' and infants' hats.

(15) *Crocheted hat and infants' bootee division.* The manufacture of crocheted or knitted headwear for women, misses, girls, and infants three years of age or under and the manufacture of crocheted or knitted bootees for infants.

(16) *Crocheted slipper division.* The manufacture of slippers, slipper socks, mukluks, and similar types of footwear (except infants' bootees) made by a crocheting or knitting process.

(17) *Crochet beading, bullion embroidery, machine embroidered lace, insignia and chevron division.* The manufacture of emblems, insignia, and chevrons; and the outlining or embroidery of lace by machine and the embroidery of any article by a crochet beading process or with bullion threads and all operations immediately incidental to such outlining or embroidery.

(18) *Miscellaneous division.* All products and activities included in the needlework and fabricated textile products industry, as defined in paragraph (a) of this section, which are not included in any of the other divisions of the industry as defined in this section.

N. B.: See note in connection with this division in § 655.2 (r).

The wage order above shall become effective June 6, 1955.

Signed at Washington, D. C., this 5th day of May 1955.

STUART ROTHMAN,
Solicitor.

[F. R. Doc. 55-3750; Filed, May 6, 1955; 8:50 a. m.]

TITLE 45—PUBLIC WELFARE

Subtitle A—Department of Health, Education, and Welfare, General Administration

PART 20—VENDING STANDS FOR THE BLIND ON FEDERAL PROPERTY IN THE CUSTODY OF THE DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Part 20 is added to 45 CFR Subtitle A pursuant to section 4 (a) of Public Law 565, 83d Congress, (68 Stat. 663) which imposes upon each head of a department or agency in control of the maintenance, operation, and protection of Federal property a duty to prescribe regulations with the approval of the President to carry out the statutory policy of providing blind persons with the opportunity to operate vending stands on Federal property.

Part 20 reads as follows:

Sec.
20.0 Scope.
20.1 General.
20.2 Department policy on permits for vending stands.
20.3 Provisions of the permit.
20.4 Report on noncompliance with provisions of permit or on other matters.
20.5 Referral of disagreements on provisions of permit.
20.6 Termination of other existing arrangements for vending stands.
20.7 Constituents to maintain procedures for assuring preference.
20.8 Definitions.

AUTHORITY: § 20.0 to 20.8 issued under sec. 4, 68 Stat. 663; 20 U. S. C. 107.

§ 20.0 *Scope.* This part applies to all Federal property of which this Department is in control of the maintenance, operation, and protection.

§ 20.1 *General.* Congress has directed that blind persons licensed by State agencies under the provisions of the Randolph-Sheppard Vending Stand Act, be authorized, and, so far as feasible, be given preference to operate vending stands on any Federal property where such vending stands may be properly and satisfactorily operated by blind persons. Section 4 (a), Public Law 565, 68 Stat. 663, (20 U. S. C. 107). That law further directs the head of each department or agency in control of the maintenance, operation, and protection of Federal property to prescribe regulations, with the approval of the President, to assure that preference including assignment of vending machine income to achieve and protect that preference.

§ 20.2 *Department policy on permits for vending stands.* (a) Pursuant to these responsibilities and subject to paragraph (b) of this section, it will be the policy of this Department with respect to property of which it is in control of the maintenance, operation, and protection, to issue a permit authorizing the operation of such vending stands (which term includes vending machines) without charge for space or necessary utilities as, in the opinion of the State licensing agency, are suitable for operation by a licensed blind person and for which the State licensing agency makes application.

(b) The application of a State licensing agency for a permit may be denied or revoked if the Secretary determines that the interest of the United States would be adversely affected or this Department unduly inconvenienced by its issuance or continuance. Loss of revenue by reason of granting a rent-free permit for operation of a vending stand by a licensed blind person shall not be a basis for denying such permit as unduly inconveniencing this Department or adversely affecting the interest of the United States. If a constituent believes factors other than loss of revenue justify denial or revocation of a permit for the operation of a vending stand by a licensed blind person, it shall refer the matter to the Secretary, together with the recommendation of the Director of the Office of Vocational Rehabilitation.

(c) No permit, lease, or other arrangement for the operation of a vending stand (which term includes vending machines) on property, the maintenance, operation, and protection of which is in a constituent, shall be entered into or renewed without first consulting the State licensing agency, unless express permission is given therefor by the head of the constituent after consultation with the Director of the Office of Vocational Rehabilitation.

(d) After a permit to operate a vending stand is in effect, no article shall be offered for sale on the property (through over the counter sales, by vending machine, or otherwise) which competes with articles approved for sale under the permit, except that this regulation shall not prevent a cafeteria or restaurant from selling articles of a type considered as food and usually sold as part of a meal, nor shall it prevent the sale of articles by vending machines. However, the income from any vending machines which are located within reasonable proximity to and are in direct competition with a vending stand for which a permit has been issued shall be assigned to the operator of such stand. If a vending machine vends articles of a type authorized by the permit and is so located that it attracts customers who would otherwise patronize the vending stand, such machine is in reasonable proximity to and direct competition with the stand.

(e) In the exercise of any function of this Department in connection with planning for the construction, alteration, or remodeling of buildings which are, or will become, Federal property (including those to be leased or otherwise acquired under Public Law 519, 83d Congress, 68 Stat. 518), provision shall be made for suitable space for a vending stand or stands, if the operation of one on such property will be feasible. This shall include the facilities which will be necessary to the operation of such a stand, such as adequate electrical wiring and outlets, heating, plumbing, and ventilation. The constituent will consult with the State licensing agency in carrying out this subsection.

§ 20.3 *Provisions of the permit.* (a) The permit will be conditioned upon the vending stand meeting specified standards, including standards relating to appearance, safety, sanitation, and efficiency of operation. Due regard shall be given to provisions of laws and regulations for the public welfare which are applicable, or would be applicable, if the property involved were not under the jurisdiction of the Federal Government.

(b) The permit will specify the types of articles which may be sold. The types of articles specified in section 4 (b) (4) of the act (newspapers, periodicals, confections, tobacco products, articles dispensed automatically or in containers or wrapping in which they are placed before receipt by the vending stand) and such related articles as the State licensing agency asks to be included, will be permited to be sold, unless such factors as the inadequacy of the facilities which are or can reasonably be made available, or safety, health, or legal requirements demand otherwise. Due regard shall be given to provisions of laws and regulations for the public welfare which are applicable, or would be applicable, if the property involved were not under the jurisdiction of the Federal Government. The permit shall also contain adequate provisions to prevent material defacement or damage to property, including a provision that when alterations are to be made by other than the United States, they will be made with the approval of and under the supervision of the appropriate official of the Federal Government. The permit may contain other reasonable conditions necessary for the protection of the Government and the prospective patrons of the vending stand. However, no condition shall be imposed which would require a vending stand to provide a service not usually associated with such stands.

(c) The permit shall describe the location of the vending stand proper and the locations of the vending machines to be operated on the property. Where feasible, each vending stand will be located in a room, affording easy access to potential patrons.

§ 20.4 *Report on noncompliance with provisions of permit or on other matters.* The permit together with the applicable rules, regulations, and policies of the State licensing agency shall govern the operation of a vending stand, and all officials and employees of this Department shall encourage conduct and operation in accordance with such permit, rules, regulations, and policies. The constituent shall cooperate with the State licensing agency with respect to the foregoing and report to it any significant violations or other relevant matters which come to its attention. If a constituent believes that the State licensing agency is not taking proper action in such matters, it shall inform the Director of the Office of Vocational Rehabilitation.

§ 20.5 *Referral of disagreements on provisions of permit.* If the individual representing the constituent and responsible for granting the permit is unable to agree with the State licensing agency upon a suitable location, whether a vending machine is in competition with a vending stand or upon other terms of the permit (including the articles which may be sold), the matter shall be referred to the head of the constituent who, after consultation with the Director of the Office of Vocational Rehabilitation, shall determine the action to be taken. This provision shall be equally applicable whether the disagreement relates to terms and conditions of a new permit or of an amendment thereof.

§ 20.6 *Termination of other existing arrangements for vending stands.* (a) When a permit is issued to a State licensing agency for operation of a vending stand on any property location, steps shall be taken to terminate any existing arrangement for the sale of articles by other than a licensed blind person which are not permitted to be sold under § 20.2 (d). In terminating a permit, contract, or other arrangement with other than a State licensing agency, notice shall be given as required under the terms of the arrangement, or if none is provided, a reasonable notice of termination may be given in the discretion of the constituent.

(b) In the application of this section, this Department will cooperate with the non-licensed vendor and the licensing agency to prevent interruption of vending stand service, or where interruption is necessary in preparing for the vending stand for which a permit is issued, to keep such interruption to a minimum.

§ 20.7 *Constituents to maintain procedures for assuring preference.* (a) The head of each constituent of this Department in control of the maintenance, operation, and protection of any Federal property shall maintain the procedures to insure compliance with the regulations of this part.

(b) A constituent shall designate a representative for each property location under its control to cooperate with the State licensing agency.

(c) The State licensing agency of the State in which the property is located shall be notified in writing of the name of such representative.

(d) The representative will make such joint surveys with the State licensing agency as it may request to ascertain whether, and if so, in what locations, vending stands may be properly, profitably, and satisfactorily operated by blind persons.

(e) Such alterations or repairs as are reasonable and feasible in order to accommodate the vending stand will be made.

§ 20.8 *Definitions.* As used in this part, the following terms shall have the meaning indicated:

(a) "Act" means the Randolph-Sheppard Vending Stand Act (Public Law 732, 74th Congress, 49 Stat. 1559, as amended by Public Law 565, 83d Congress, 68 Stat. 663; 20 U. S. C. 107, chapter 6A).

(b) "Secretary" means the Secretary of Health, Education, and Welfare.

(c) "Constituent" means the Public Health Service, Social Security Administration, Food and Drug Administration, Office of Education, Office of Vocational Rehabilitation, Saint Elizabeths Hospital and such comparable administrative units as may hereafter be formed. Where this Department is in control of the maintenance, operation, and protection of Federal property, but such property is not operated by a constituent as defined above, the Director of the Division of Administration of this Department shall exercise the authority and responsibility of a constituent under this part with respect to such property.

(d) "Federal property" means any building, land, or other real property owned, leased, or occupied by any department or agency of the United States or any instrumentality wholly owned by the United States, or by any department or agency of the District of Columbia or any Territory or possession of the United States.

(e) "Property" or "property location," unless the context indicates otherwise, means any real property location of which this Department, or a constituent thereof is in control of the maintenance, operation, and protection.

(f) "Permit," unless the context indicates otherwise, means the official authorization given by a constituent on behalf of the United States Government to carry out the statutory policy described in this part, whereby the State licensing agency is authorized to place a licensed blind person (or persons) to operate a vending stand (or stands).

(g) "Denial of a permit" shall include the termination of a permit or the refusal to renew a permit.

(h) "Vending stand," unless the context indicates otherwise, means:

(1) Such shelters, counters, shelving, display and wall cases, refrigerating apparatus, and other appropriate auxiliary equipment as are necessary for the vending of such articles as may be approved by the State licensing agency and the constituent.

(2) Manual or coin-operated vending machines or similar devices for vending such articles.

(i) "State licensing agency" means the State agency designated by the Director of the Office of Vocational Rehabilitation pursuant to the act to issue licenses to blind persons for the operation of vending stands on Federal and other properties.

(j) "Licensed blind person" means a blind person licensed to operate a vending stand on Federal or other property by a State licensing agency.

[SEAL] OVETA CULP HOBBY,
Secretary.

Approved: May 3, 1955.

PERCIVAL F. BRUNDAGE,
Acting Director,
Bureau of the Budget.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[27 CFR Part 7]

ALCOHOL AND TOBACCO TAX DIVISION

LABELING AND ADVERTISING OF MALT BEVERAGES; NOTICE OF HEARING

Notice is hereby given, pursuant to the provisions of section 5 of the Federal Alcohol Administration Act (49 Stat. 981 as amended; 27 U. S. C. 205), of a public hearing to be held on June 1, 1955, at 10 a. m., at Room 5615, Internal Revenue Building, Washington, D. C., at which time and place all interested parties will be afforded opportunity to be heard, in person or by authorized representative, with reference to the proposals, the substance of which is stated below, to amend Regulations No. 7 (27 CFR Part 7), relating to labeling and advertising of malt beverages.

Written data, views or arguments relevant and material to these proposals may be submitted in duplicate for incorporation into the record of hearing (1) by mailing the same to the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Washington 25, D. C., provided that they are received prior to the termination of the hearing, or (2) by presenting the same at the said hearing. At the conclusion of the hearing a reasonable opportunity will be afforded interested parties for examination of the record and for the submission of briefs.

1. To amend § 7.27 (article II, section 27) and other pertinent sections of regulations to:

a. Provide that (subject to the limitations on Federal jurisdiction of section 5 of the Federal Alcohol Administration Act) no malt beverages bottled or packed in the United States (other than malt beverages packed in casks, barrels, or kegs of a capacity of 3 gallons or more) shall be bottled, or packed other than in standard malt beverage containers of sizes to be specified, such as the following:

7 ounce.
12 ounce.
1 quart.
11 ounce (for a specified limited period only).
1 pint.
½ gallon.

b. Provide that (subject to the limitations on Federal jurisdiction of section 5 of the Federal Alcohol Administration Act) no standard malt beverage container shall be filled so as to have a headspace in excess of 6 percent of its capacity after closure, or be so designed as to be deceptive as to its capacity.

2. To amend § 7.31 (article III, section 31) to eliminate the present requirement that Form 1652 "Affidavit for Release of Distilled Spirits, Wine, or Malt Beverages Under the Federal Alcohol Administration Act" must be deposited with the appropriate Customs officer at the Port of Entry before imported malt beverages may be released from Customs custody.

[SEAL] DWIGHT E. AVIS,
Director, Alcohol and Tobacco Tax Division, Internal Revenue Service.

[F. R. Doc. 55-3757; Filed, May 6, 1955; 8:51 a. m.]

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 145]

[Docket No. FDC-30 (a)]

CHEMICAL DERIVATIVES OF SUBSTANCES DESIGNATED AS HABIT-FORMING

NOTICE OF HEARING

In the matter of amending the regulations designating certain chemical derivatives of substances named in section 502 (d) of the Federal Food, Drug, and Cosmetic Act as habit forming by removing acetylcarbromal and bromural from the list of habit-forming chemical derivatives of carbromal:

Pursuant to authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act, and delegated to the Commissioner of Food and Drugs by the Secretary (20 F. R. 1996), notice is hereby given that upon application of a substantial portion of the interested industry, stating reasonable grounds therefor, and in accordance with sections 502 (d) as amended, and 701 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1050; 53 Stat. 854; 52 Stat. 1055; 21 U. S. C. 352 (d), 701), a public hearing will be held commencing at 10:00 a. m., eastern daylight time, on June 7, 1955, in room G-751, Health, Education, and Welfare Building, 330 Independence Avenue SW., Washington, D. C., for the purpose of receiving evidence upon applicant's proposal to remove acetylcarbromal and bromural from the list of habit-forming

chemical derivatives of carbromal (21 CFR 145.1).

At the hearing evidence will be restricted to testimony and exhibits relevant and material to such proposal. The hearing will be conducted in accordance with the rules of practice provided therefor. Mr. Leonard D. Hardy is hereby designated as presiding officer to conduct the hearing in place of the Secretary, with full authority to administer oaths and affirmations and to do all other things appropriate to the conduct of the hearing. The presiding officer is required to certify the entire record of the proceedings to the Commissioner for initial decision.

The proposed amendment is subject to adoption, rejection, or modification as the evidence adduced at the hearing may require.

Dated: May 3, 1955.

[SEAL] GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F. R. Doc. 55-3729; Filed, May 6, 1955; 8:49 a. m.]

CIVIL AERONAUTICS BOARD

[14 CFR Parts 6, 7]

[Draft Release No. 55-11]

ROTORCRAFT AIRWORTHINESS; TRANSPORT CATEGORIES AND SIMPLIFICATION OF REQUIREMENTS FOR SMALL ROTORCRAFT

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board the adoption of a new Part 7 and amendments to Part 6 of the Civil Air Regulations as hereinafter set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rules, communications must be received by June 15, 1955. Copies of such communications will be available after June 20, 1955, for examination by interested persons at the Docket Section of the Board, Room 5412, Department of Commerce Building, Washington, D. C.

The presently effective airworthiness requirements for rotorcraft are contained in Part 6 of the Civil Air Regulations. No distinction is made in the present requirements between large and small rotorcraft or between rotorcraft intended for general and air carrier service. The requirements of Part 6 have been based mainly upon experience with rotorcraft of relatively small size and consequently they would not be suitable for larger rotorcraft such as those which have been under study and development by manufacturers more recently. During the past few years studies have been conducted toward the establishment of airworthiness requirements for rotorcraft which not only would be larger in size but which also would be intended for use in air carrier service. These studies have resulted in the following proposal for the categorization of rotorcraft and the corresponding airworthiness requirements.

It is proposed to establish three categories of rotorcraft, namely, "Normal Category" for relatively small rotorcraft and "Transport Categories A and B" applicable to large rotorcraft intended for air carrier service. Rotorcraft certificated in the "Normal Category" would be eligible for all passenger and cargo operations, for hire, except in certificated scheduled and irregular air carrier service. However, such helicopters would be eligible for operations only under HVR (helicopter visual rules). Furthermore, certification in the "Normal Category" would be limited to rotorcraft of 6,000 pounds or less maximum weight.

"Transport Category A" helicopters would be eligible for all types of operations including air carrier service under both HVR and HIR (helicopter instrument rules). No limitation on maximum weight would be established for such rotorcraft. "Transport Category A" rotorcraft would be subject to compliance with appropriate perfomance operating limitations when used in air carrier service. In addition, they would be required to be multiengined. "Transport Category B" helicopters would be eligible for air carrier and other operations only under HVR conditions. However, when used in air carrier service they would be subject to compliance with performance operating limitations and with certain route limitations. Only rotorcraft of 17,500 pounds or less maximum weight would be eligible for certification in "Transport Category B".

In establishing requirements for the aforementioned three rotorcraft categories it is proposed to amend presently effective Part 6 of the Civil Air Regulations by making it applicable only to "Normal Category" rotorcraft. In so doing it is proposed to simplify some of the provisions of Part 6. The most significant of these would be the limitation of the requirement for scheduling performance and the necessity of providing a flight manual for helicopters.

In establishing the two transport categories it is proposed to promulgate a new Part 7 of the Civil Air Regulations applicable to both the "A" and "B" categories. The provisions for "Transport Category B" are intended to be essentially similar to those now contained in the presently effective Part 6 although a few new requirements are being proposed. With respect to the requirements for "Transport Category A", a number of provisions are being proposed particularly with regard to one-engine-inoperative performance, fire prevention, engine installation, structural, and detail design requirements.

Accordingly, notice is hereby given that it is proposed to amend Part 6 and to adopt a new Part 7 of the Civil Air Regulations as set forth in the proposals which are attached hereto.

These regulations are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended. The proposal may be changed in the light of comments received in response to this notice of proposed rule making.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs 601-610, 52 Stat. 1007-1012, as amended 49 U. S. C. 551-560)

Dated at Washington, D. C., April 25, 1955.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN,
Director.

Part 6 is proposed to be amended as follows:

1. By amending title of Part 6 to read "Rotorcraft Airworthiness — Normal Category".

2. By amending § 6.0 to read as follows:

§ 6.0 *Applicability of this part.* This part contains standards with which compliance shall be demonstrated for the issuance of and changes to type certificates for rotorcraft. This part, until superseded or rescinded, shall apply to rotorcraft of any weight for which applications for type certification under this part were made between the effective date of this part (January 15, 1951) and . For applications for type certificates made after this part shall apply only to rotorcraft which have a maximum weight of 6,000 pounds or less.

3. By amending § 6.111 to read as follows:

§ 6.111 *Take-off.* The take-off shall be demonstrated in a manner such that a landing can be made safely at any point along the flight path in case of an engine failure and shall not require an exceptional degree of skill on the part of the pilot or exceptionally favorable conditions. Pertinent information concerning the take-off procedure including appropriate climb-out air speeds shall be specified in the operating procedures section of the Rotorcraft Flight Manual (see § 6.742).

4. By amending § 6.112 (a) by adding the words "except helicopters" between the words "rotorcraft" and "the" in the first sentence and deleting the phrase "for all rotorcraft except helicopters" from the second sentence.

5. By amending § 6.112 (b) to read as follows:

§ 6.112 *Climb.* • • •

(b) For helicopters the best rate of climb speed shall be determined at sea level at maximum certificated weight with all engines operating at maximum continuous power.

6. By amending § 6.112 by adding a new paragraph (c) to read as follows:

§ 6.112 *Climb.* • • •

(c) For multiengine helicopters the steady rate of climb or descent shall be determined at maximum certificated weight, with one engine inoperative, and the remaining engine(s) operating at a maximum continuous power.

7. By amending § 6.113 (a) to read as follows:

§ 6.113 *Minimum operating speed performance.* (a) Hovering ceilings for helicopters shall be determined over the range of weights, altitudes, and temperatures for which certification is sought with take-off power and landing gear extended in the ground effect at a height above the ground consistent with normal take-off procedures.

8. By amending § 6.114 by deleting the introductory paragraph and inserting in lieu thereof the following: "Landings shall be demonstrated in accordance with the provisions of paragraphs (a) through (d) of this section. Pertinent information concerning the landing procedure including appropriate approach and glide air speeds shall be specified in the Operating Procedure Section of the Rotorcraft Flight Manual (see § 6.742)."

9. By amending § 6.114 by deleting paragraph (e).

10. By amending § 6.203 (d) to read as follows:

§ 6.203 *Structural and dynamic tests.*
• • •

(d) Flight stress measurements (see §§ 6.221 and 6.230).

11. By amending § 6.203 by deleting paragraph (f) and by redesignating paragraph (g) as paragraph (f).

12. By amending § 6.230 (c) by deleting the last sentence and inserting in lieu thereof "Higher values of rotor lift shall be acceptable if substantiated by tests and/or data which are applicable to the particular rotorcraft."

13. By amending § 6.234 by revising the title to read "Side load conditions."

14. By amending the first sentence of § 6.234 (a) to read "The rotorcraft shall be assumed to be in a level attitude."

15. By amending the first sentence of § 6.234 (b) to read "Only the wheels aft of the c. g. shall be assumed to be in contact with the ground."

16. By amending the first sentence of § 6.234 (c) to read "The forward and aft wheels shall be assumed to be in contact with the ground."

17. By amending § 6.237 (a) by adding the following sentence to the end of the definition of $W=W_M$: "A rational method may be used in computing a main gear static reaction, taking into consideration the distance between the direction of the main wheel reaction and the aircraft c. g."

18. By amending § 6.237 (a) by deleting the phrase "not in excess of 0.5" from the definition of L.

19. By amending § 6.237 (b) by deleting the phrase "and the rotor lift is assumed to be not greater than 0.75 times the rotorcraft maximum weight" and inserting in lieu thereof "and the rotor lift is assumed to be not greater than 1.5 times the rotor lift used in the limit drop tests".

20. By amending § 6.337 by deleting the first sentence and inserting in lieu thereof "Landing gear wheels may be equipped with any make or type of tire provided that the tire is a proper fit on the rim of the wheel and provided that the approved tire rating is not exceeded."

21. By amending § 6.338 by deleting the first sentence.

22. By deleting § 6.339.

23. By amending § 6.340 to read as follows:

§ 6.340 *General.* The requirements of §§ 6.341 and 6.342 shall apply to the design of floats.

24. By amending § 6.341 (a) (2) to read as follows:

(2) 60 percent in the case of multiple floats.

25. By amending § 6.342 (a) by deleting the phrase "maximum altitude for which the rotorcraft is designed" in the first sentence and inserting in lieu thereof "maximum altitude for which certification with floats is sought".

26. By amending § 6.342 (b) by deleting the second sentence and inserting in lieu thereof "The loads specified may be distributed along the length of the floats."

27. By amending § 6.350 by deleting paragraph (c) and redesignating paragraph (d) as paragraph (c).

28. By amending § 6.420 by deleting the first three sentences.

29. By amending § 6.440 (b) by deleting from the second sentence the words "the total oil capacity of 1 gallon for each 30 gallons of fuel capacity" and inserting in lieu thereof "the usable oil capacity of 1 gallon for each 40 gallons of usable fuel quantity".

30. By deleting § 6.452.

31. By deleting § 6.487.

32. By deleting § 6.488.

33. My amending § 6.604 (a) by deleting subparagraph (4) and redesignating subparagraph (5) as (4).

34. By amending § 6.604 (b) by deleting subparagraph (1) and redesignating the remaining subparagraphs as (1) through (4).

35. By amending § 6.604 by adding a new paragraph (c) to read as follows:

§ 6.604 *Powerplant instruments.* • • •

(c) Means of warning of transmission lubrication malfunction shall be provided for each transmission having an independent oil system (see §§ 6.445 and 6.446).

36. By amending § 6.715 by changing the title to *"Limiting height-speed envelope"* and adding the following sentence at the end of the section: "Such an envelope shall be established in full auto rotation for single engine helicopters and with one engine inoperative for multiengine helicopters (see § 6.741 (f))."

37. By amending § 6.740 (a) to read as follows:

§ 6.740 *General.* (a) A Rotorcraft Flight Manual shall be furnished with each rotorcraft, except that a Rotorcraft Flight Manual is not required for helicopters certificated under this part; instead, the information prescribed in this part for inclusion in the Rotorcraft Flight Manual shall be made available to the operator by the manufacturer in the form of clearly stated placards, markings, or manuals. If all of the operating limitations are not included in the form of placards and markings on the helicopter then the portion of the manual supplied by the manufacturer containing the operating limitations prescribed in § 6.741 shall be approved and furnished with each helicopter.

38. By amending § 6.742 by adding between the words "information" and "peculiar" the words "including take-off and landing procedures and their appropriate air speeds".

39. By amending § 6.743 by deleting the words "(a) through (d)" and inserting in lieu thereof "(a) and (b)".

40. By amending § 6.743 by deleting paragraphs (a) and (c) and redesignating paragraphs (b) and (d) as paragraphs (a) and (b).

Part 7—Rotorcraft Airworthiness; Transport Categories; is proposed to be added as follows:

NOTE: All references to Part 6 in this proposal refer to currently effective Part 6. Also, in the sections which are to be the same in new Part 7 as in currently effective Part 6, references to other sections will be amended so as to refer to the same sections in the new part unless otherwise indicated.

SUBPART A—GENERAL

§ 7.0 *Applicability of this part.* This part establishes standards with which compliance shall be demonstrated for the issuance of and changes to type certificates for transport category A and transport category B rotorcraft. This part, until superseded or rescinded, shall apply to all transport category rotorcraft for which applications for type certification in the transport categories are made after the effective date of this part ( ).

§ 7.1 Same as corresponding section in Part 6 with the following addition:

(j) *Miscellaneous*—(1) *Protective breathing equipment.* Protective breathing equipment is equipment designed to prevent the breathing of noxious gases which might be present as contaminants in the air within the rotorcraft in emergency situations (see § 7.646).

§§ 7.10 through 7.19 Same as corresponding sections in Part 6.

ROTORCRAFT CATEGORIES

§ 7.20 *Rotorcraft categories.* (a) For the purpose of certification under this part, rotorcraft are divided upon the basis of their size and complexity into the following categories:

(1) *Transport category A—suffix A.* Rotorcraft in this category shall be multiengined and may be operated in either scheduled or irregular passenger or cargo service.

(2) *Transport category B—suffix B.* Rotorcraft in this category are limited to 17,500 pounds or less, can be single or multiengined, and may be operated in either scheduled or irregular passenger or cargo service under limited operating conditions.

(b) A multiengined rotorcraft may be certificated under the requirements of a particular category, or in both categories, if all of the requirements of each category are met. Sections of this part which apply to only one category are identified by the appropriate suffix added to the section number, as indicated in paragraph (a) of this section. All sections not identified by a suffix are applicable to both categories except as otherwise specified.

SUBPART B—FLIGHT

GENERAL

§ 7.100 Same as corresponding section of Part 6.

§ 7.101 Same as corresponding section of Part 6 except change subparagraph (b) (2) to read "usable fuel appropriate to the operation contemplated with full pay load."

§§ 7.102 through 7.105 Same as corresponding section of Part 6.

PERFORMANCE

§ 7.110 *General.* (a) The performance prescribed in this subpart shall be determined using normal pilot skill. Compliance shall be shown for sea level standard conditions in still air and for the range of atmospheric variables as selected by the applicant. The performance as affected by engine power, instead of being based on dry air, shall be based on 80 percent relative humidity or 0.7" Hg. vapor pressure whichever is less.

(b) Each set of performance data required for a particular flight condition shall be determined with the powerplant accessories absorbing the normal amount of power appropriate to that flight condition.

§ 7.111 *Limiting height and speeds for safe landing following power failure*—(a) *Category A.* (1) If a range of heights exists at any speed, including zero, within which it is not possible to make a safe landing when the critical engine is suddenly made inoperative with take-off power on the operating engines, the range of heights and its variation with forward speed shall be established (see §§ 7.715 and 7.741 (f)).

(2) A range of heights and its variation with forward speed within which it is not possible to make a safe landing following complete power loss shall also be established (see § 7.743).

(b) *Category B.* If a range of heights exists at any speed, including zero, within which it is not possible to make a safe landing following complete power failure, the range of heights and its variation with forward speed shall be established (see §§ 7.715 and 7.741 (f)).

(c) *Category B: Optional requirements for multiengined rotorcraft.* In lieu of compliance with paragraph (b) of this section, a multiengine rotorcraft that is certificated in accordance with transport category A powerplant installation requirements as well as the transport category A requirement of § 7.384 may, at the option of the applicant, comply with paragraph (a) of this section, provided the rate of climb as determined in accordance with § 7.115 (b) applicable to transport category B rotorcraft at sea level conditions shall not be less than 150 feet per minute.

§ 7.112 *Take-off; general.* (a) The take-off data required by §§ 7.113 and 7.114 shall be determined under the following conditions:

(1) At all weights, altitudes, and temperatures selected by the applicant, and within the range of these variables for which compliance with the minimum climb requirements (§ 7.115) and hovering performance (§ 7.116) can be shown.

(2) With the operating engines not exceeding their approved limitations.

(b) All take-off data, when corrected, shall assume a level take-off surface, and shall be determined on a smooth, dry, hard-surfaced runway, and in such a manner that reproduction of the performance does not require exceptional skill or alertness on the part of the pilot or exceptionally favorable conditions. (For wind and runway gradient corrections see appropriate operating rules of the Civil Air Regulations.)

§ 7.113 *Critical decision point (Category A).* The critical decision point shall be any combination of height and speed as selected by the applicant in demonstrating the distances as defined in § 7.114. The method used to attain the critical decision point shall be such as to avoid flight within the critical areas of the limiting height-speed envelope as established in accordance with § 7.111 (a) (1).

§ 7.114 *Take-off (Category A).* (a) The take-off distance and the take-off flight path shall be established. The take off shall be initiated from a hovering start and shall be accomplished in such a manner that:

(1) If one engine becomes inoperative at or at any point prior to the critical decision point, a safe landing and stop can be made within the take-off area.

(2) If one engine becomes inoperative at or at any point subsequent to the critical decision point, a safe climb-out can be made reaching the end of the take-off area at a height of 25 feet and at the climb-out safety speed not less than the air speed used in meeting the rate of climb specified in § 7.115 (a) and (b) Transport Category A, the remaining operating engines not exceeding their approved limitations.

(3) A safe and smooth transition is provided between the subsequent climb-out configurations with one engine inoperative.

§ 7.114 *Take-off (Category B).* (a) The distance required to take off and climb over a 25-foot obstacle shall be determined under the most unfavorable combination of weight and center of gravity location.

(b) The take off shall be made in a manner such that a landing can be made safely at any point along the flight path in the case of an engine failure (see § 7.111 (b)).

(c) For helicopters the take off shall be initiated from a hovering start.

§ 7.115 *Climb; one-engine-inoperative (Category A)*—(a) *Take-off climb, gear extended.* The steady rate of climb without ground effect shall not be less than 50 feet per minute for each weight, altitude, and temperature condition for which take-off data are to be scheduled with:

(1) The critical engine inoperative and the remaining engines at the take-off power,

(2) Take-off weight,

(3) Center of gravity in the most unfavorable position permitted for take off,

(4) Landing gear extended,

(5) The speed as selected by the applicant (see § 7.114 (a) (2) for Category A),

(6) Cowl flaps or other means of controlling the engine-cooling air supply in the position which provides adequate cooling in the hot-day condition.

(b) *Take-off climb; gear retracted.* The steady rate of climb without ground effect shall not be less than 150 feet per minute for each weight, altitude, and temperature condition for which take-off data are to be scheduled with:

(1) The critical engine inoperative and the remaining engine(s) operating at maximum continuous power,

(2) Take-off weight,

(3) Center of gravity in the most unfavorable position permitted for take off,

(4) Landing gear retracted, if retractable,

(5) The speed as selected by the applicant (see § 7.114 (a) (2) for Category A),

(6) Cowl flaps or other means of controlling the engine-cooling air supply in the position which provides adequate cooling in the hot-day condition.

(c) *En route climb.* The steady rate of climb in feet per minute at any altitude at which the rotorcraft is expected to operate, and at any weight within the range of weights to be specified in the airworthiness certificate, shall be determined with:

(1) The critical engine inoperative, and the remaining engine(s) operating at the maximum continuous power available at such altitude,

(2) Center of gravity in the most unfavorable position,

(3) The landing gear retracted,

(4) The speed as selected by the applicant,

(5) Cowl flaps or other means of controlling the engine-cooling air supply in the position which provides adequate cooling in the hot-day condition.

§ 7.115 *Climb (Category B).* (a) For all rotorcraft, the steady rate-of-climb at the best rate-of-climb speed with maximum continuous power on all engines and landing gear retracted shall be determined over the range of weights, altitudes, and temperatures for which certification is sought (see § 7.740). For all rotorcraft except helicopters this rate-of-climb shall provide a steady angle of climb under standard sea level conditions of not less than 1:6.

(b) For multiengine helicopters, the steady rate-of-climb or descent at maximum weight shall be determined at the best rate-of-climb speed with one-engine-inoperative and the remaining engine(s) operating at a maximum continuous power.

(c) For all helicopters, the steady angle of glide shall be determined at the minimum rate of descent-speed in autorotation at maximum weight.

§ 7.116 *Hovering performance (Category A).* Ability to hover shall be provided and the hovering ceilings determined over the range of weights, altitudes, and temperatures for which take-off data are scheduled with not more than take-off power on all engines, landing gear extended, and in the ground effect at a height above the ground consistent with the procedure used in the establishment of take-off and accelerate-stop distances.

§ 7.116 *Hovering or minimum operating speed performance (Category B).* (a) Hovering ceilings for helicopters shall be determined over the range of weights, altitudes, and temperatures for which certification is sought with take-off power, landing gear extended, and in the ground effect at a height above the ground consistent with normal take-off procedures.

(b) At maximum weight, under standard atmospheric conditions and under conditions prescribed in paragraph (a) of this section, the hovering ceiling for helicopters shall not be less than 4,000 feet.

(c) For rotorcraft other than helicopters, the steady rate-of-climb at the minimum operating speed appropriate to the type with take-off power and landing gear extended shall be determined over the range of weights, altitudes, and temperatures for which certification is sought.

§ 7.117 *Landing; general.* (a) The landing data required by § 7.118 shall be determined under the following conditions:

(1) At all weights, altitudes, and temperatures selected by the applicant.

(2) With the operating engines not exceeding their approved limitations.

(3) The approach and landing shall be made in such a manner that its reproduction does not require an exceptional degree of skill on the part of the pilot or exceptionally favorable conditions.

(4) During the landing there shall be no excessive vertical acceleration and no tendency to bounce, nose over, ground loop, porpoise, or water loop. All landing data, when corrected, shall assume a level landing surface, and shall be determined on a smooth, dry, hard-surfaced runway. (For wind and runway gradient corrections see appropriate operating rules of the Civil Air Regulations.)

§ 7.118 *Landing (Category A)*—(a) *One-engine-inoperative.* The horizontal distance required to land and to come to a complete stop (to a speed of approximately 3 mph for rotorcraft equipped with floats) from a point at a height of 50 feet above the landing surface shall be determined. In making this determination the following conditions shall apply:

(1) The approach shall be made in such a manner that at any point down to the 50 foot height, a safe climb-out can be made reaching the end of the landing area at a height of 25 feet and at the speed used in meeting the rate-of-climb requirement specified in § 7.115 (a) and (b) Transport Category A, with power settings on the operative engines as selected by the applicant but not exceeding take-off power.

(2) The approach and landing path shall be such as to avoid flight within the critical areas of the limiting height-speed envelope as established in accordance with § 7.111 (a) (1).

(b) *Complete failure of all power.* It shall be possible to make a safe landing on a prepared runway surface following complete failure of all power during normal cruising operating conditions.

§ 7.118 *Landing (Category B)*—(a) *Autorotative.* The horizontal distance required to land and come to a complete stop (to a speed of approximately 3 mph for seaplanes or float planes) from a point at a height of 50 feet above the landing surface shall be determined. In making this determination the following shall apply:

(1) The approach speed or speeds in the glide shall be appropriate to the type of rotocraft and shall be chosen by the applicant.

(2) The approach and landing shall be made with power off and shall be entered from steady autorotation.

(3) The approach and landing path shall be such as to avoid flight within the critical areas of the limiting height-speed envelope as established in accordance with § 7.111 (b).

(b) *Optional requirements for multiengined rotorcraft certificated in Transport Category B.* In lieu of compliance with the autorotative landing distance requirements specified in paragraph (a) of this section, a multiengined rotorcraft that complies with the powerplant installation requirements for Category A and § 7.384 for Category A, may, at the option of the applicant, comply with § 7.118, Transport Category A, omitting the climb-out requirement specified in paragraph (a) (1) of that section; provided the rate-of-climb as determined in accordance with § 7.115 (b) for Transport Category B, at standard sea-level conditions, shall be at least 150 feet per minute.

FLIGHT CHARACTERISTICS

7.120 Same as corresponding section in Part 6 except change paragraph (c) to read as follows:

(c) *Night and instrument flight*—(1) *Category A.* Rotorcraft in this category are eligible for night and instrument flight. To be eligible for night and instrument flight the rotorcraft shall be certificated in accordance with such additional flight characteristic rules as the Administrator finds are required for safe operations under these conditions.

(2) *Category B.* In accordance with § 7.20 (a) (2), rotorcraft in this category are not eligible for unlimited night and instrument flight. Rotorcraft in this category, however, are eligible for limited night flight, i. e., night flight under VFR conditions. To be eligible for limited night flight the rotorcraft shall show compliance with such requirements as the Administrator finds are necessary for safe operation under these conditions.

§§ 7.121 through 7.123 Same as corresponding sections in Part 6.

GROUND AND WATER HANDLING CHARACTERISTICS

§§ 7.130 through 7.132 Same as corresponding sections in Part 6.

MISCELLANEOUS FLIGHT REQUIREMENTS

§ 7.140 Same as corresponding section in Part 6.

SUBPART C—STRUCTURES

GENERAL

§§ 7.200 and 7.201 Same as corresponding sections in Part 6.

§ 7.202 Same as corresponding section in Part 6.

§ 7.203 *Structural and dynamic tests.* At least the following structural tests shall be conducted to show compliance with the strength criteria:

(a) Dynamic and endurance tests of rotors and rotor drives, including controls (see § 7.406).

(b) Control surface and system limit load tests (see § 7.323).

(c) Control system operation tests (see § 7.324).

(d) Flight stress measurements (see §§ 7.221, 7.250, and 7.251).

(e) Landing gear shock absorption tests (see § 7.332).

(f) Ground vibration tests to determine the natural frequencies of the blades and major structural components of the rotorcraft.

(g) Such additional tests as may be found necessary by the Administrator to substantiate new and unusual features of the design.

§ 7.204 Same as corresponding section in Part 6 except change paragraph (a) to read: "Maximum and minimum design weights."

FLIGHT LOADS

§ 7.210 Same as corresponding section in Part 6.

§ 7.211 *Flight load factor.* The flight load factor shall be assumed to act normal to the longitudinal axis of the rotorcraft, shall be equal in magnitude, and shall be opposite in direction to the rotorcraft inertia load factor at the center of gravity.

§ 7.212 *Maneuvering conditions.* (a) The rotorcraft structure shall be designed for a positive maneuvering limit load factor of 3.5 and a negative maneuvering limit load factor of 1.0, except that lesser values shall be allowed if the applicant shows by analytical study and flight demonstrations that the probability of exceeding the values selected is extremely remote. Where such lesser values of maneuvering load factor are selected, the values selected shall be appropriate to each design weight condition between design minimum and design maximum values. In no case shall the limit load factors be less than 2.0 positive and 0.5 negative.

(b) Air loads shall be assumed to be applied at the center(s) of the rotor hub(s) and at any auxiliary lifting surface(s) and to act in such directions with distributions of load among the rotor(s) and auxiliary lifting surfaces as necessary to represent all critical maneuvering motions of the rotorcraft applicable to the particular type, including flight at the maximum design rotor tip speed ratio under power-on and power-off conditions.

§ 7.213 *Gust conditions.* The rotorcraft structure shall be designed to withstand the loading due to vertical and horizontal gusts of 30 feet per second

in velocity in conjunction with the critical rotorcraft air speeds, including hovering.

§ 7.214 *Yawing conditions.* The rotorcraft shall be designed for loads resulting from conditions specified in paragraph (a) of this section. Unbalanced aerodynamic moments about the center of gravity shall be reacted in a rational or a conservative manner considering the principal masses furnishing the reacting inertia forces.

(a) At a forward speed of V_{NE} or V_H, whichever is lesser, the following maneuvers shall be considered. The main rotor speed shall be the maximum rotor speed.

(1) With the rotorcraft in unaccelerated flight at zero yaw, it shall be assumed that the cockpit directional control is displaced to the maximum deflection as limited by the control stops in a time interval not greater than 0.4 second.

(2) With the directional control deflected as in subparagraph (1) of this paragraph, it shall be assumed that the rotorcraft yaws to a resulting sideslip angle.

(3) With the rotorcraft yawed to the static sideslip angle corresponding with the directional control deflection specified in subparagraph (1) of this paragraph, it shall be assumed that the directional control is returned to neutral in a time interval not greater than 0.4 second.

CONTROL SURFACE AND SYSTEM LOADS

§ 7.220 Same as corresponding section in Part 6 except change references from §§ 6.221 through 6.225 to §§ 7.221 through 7.226.

§ 7.221 *Auxiliary rotor assemblies.* Auxiliary rotor assemblies shall be tested in accordance with the provisions of § 7.405 for rotor drives. In addition, auxiliary rotor assemblies with detachable blades shall be substantiated for centrifugal loads resulting from the maximum design rotor rpm. In the case of auxiliary rotors with highly stressed metal components, the vibration stresses shall be determined in flight, and it shall be demonstrated that these stresses do not exceed safe values for continuous operation.

§§ 7.222 through 7.224 Same as corresponding sections in Part 6.

§ 7.225 *Primary control systems; general.* Longitudinal, lateral, vertical (collective pitch) and directional control systems shall be designed to the minimum requirements set forth in paragraphs (a) and (b) of this section.

(a) Manually operated control systems, including their supporting structure between the point of application of the pilot applied loads and swash plate(s), rotor blade pitch-control arm or control surface horn shall be designed to withstand the limit pilot applied forces as set forth in subparagraphs (1) through (3) of this paragraph, unless it is shown that the pilot is unable to apply such loads to the system. In the latter event the system shall be designed for the maximum loads which the pilot is able to apply, except that in any case values less than 0.60 of those specified shall not be employed. These pilot loads shall be assumed to act at the appropriate control grips or pads and proper consideration shall be given to effects of servo-mechanisms and automatic pilot systems in assisting the pilot.

(1) Foot type controls—130 pounds.

(2) Stick type controls—100 pounds fore and aft—67 pounds laterally.

(3) Wheel type controls—100 pounds fore and aft—53D inch-pounds couple at the rim of the control wheel (where D is wheel diameter, inches).

(b) The reaction to the applied loads shall be provided as follows:

(1) By the control stops only,

(2) By the control locks only,

(3) By the irreversible mechanism only (with the irreversible mechanism locked and with the control surface in any position within its limit of motion),

(4) By the attachment of the control system to the rotor blade pitch control horn only (with the control in any position within the limits of its motion),

(5) By the attachment of the control system to the control surface horn (with the control in any position within the limits of its motion).

§ 7.226 *Dual primary flight control systems.* (a) When dual controls are provided, the system shall be designed for the pilots operating in opposition, using individual pilot loads equal to 75 percent of those obtained in accordance with § 7.225.

(b) The control system shall be designed for the pilots acting in conjunction using individual pilot loads equal to 75 percent of those obtained in accordance with § 7.225.

LANDING LOADS

§ 7.230 Same as corresponding section in Part 6, except change reference § 6.237 to § 7.332 and §§ 6.231 through 6.236 to §§ 7.231 through 7.236, and revise last sentence of paragraph (c) to read "Higher values of rotor lift shall be acceptable if substantiated by tests and/or data which are applicable to the particular rotorcraft.

§ 7.231 Same as corresponding section in Part 6 except change the words "in paragraph (b)" in paragraph (a) to "in paragraphs (b) and (c)" and add a new section (c) to read as follows:

(c) Drag components simulating the forces required to accelerate the wheel rolling assembly up to the specified ground speed shall be combined with the vertical reactions existing at the instant of peak drag loads. The ground speed for determination of the spin-up loads shall be assumed equal to 75 percent of the optimum forward flight speed for minimum rate of descent in autorotative flight. The vertical loads under this loading condition shall be in accordance with the provisions of § 7.230 (d). It shall be acceptable to apply this condition only to the landing gear and the attaching structure.

§§ 7.232 and 7.233 Same as corresponding section in Part 6.

§ 7.234 Same as corresponding section in Part 6 except for the following revisions:

Revision 1. Change the title of the section to read *"Side load conditions."*

Revision 2. Change the first sentence of paragraph (a) to read "The rotorcraft shall be assumed to be in level flight."

Revision 3. Change the first sentence of paragraph (b) to read "Only the wheels aft of the center of gravity shall be assumed to be in contact with the ground."

Revision 4. Change the first sentence of paragraph (c) to read "The forward and aft wheels shall be assumed to be in contact with the ground."

§§ 7.235 and 7.236 Same as corresponding section in Part 6.

§ 7.240 Same as corresponding section in Part 6.

§ 7.245 Same as corresponding section in Part 6.

MAIN COMPONENT REQUIREMENTS

§ 7.250 *Main rotor structure.* The requirements of paragraphs (a) through (g) of this section shall apply to the main rotor assemblies including hubs and blades.

(a) The hubs, blades, blade attachments, and blade controls which are subject to alternating stresses shall be designed to withstand the repeated loading conditions likely to occur within the established service life for such parts. The stresses of critical parts shall be determined in flight in all altitudes appropriate to the type of rotorcraft throughout the ranges of limitations prescribed in § 7.204. The service life of such parts shall be established by the applicant on the basis of fatigue tests or other methods found acceptable to the Administrator.

(b) The main rotor structure shall be designed to withstand the critical flight loads prescribed in §§ 7.210 through 7.214.

(c) The main rotor structure shall be designed to withstand the limit loads prescribed in §§ 7.210 through 7.214 under conditions of autorotation necessary for normal operation.

(d) The rotor blades, hubs, and flapping hinges shall be designed to withstand a loading condition simulating the force of the blade impact against its stop during operation on the ground.

(e) The rotor assembly shall be designed to withstand loadings simulating other critical conditions which might be encountered in normal operation.

(f) The rotor assembly shall be designed to withstand, at all rotational speeds, including zero, the maximum torque likely to be transmitted thereto by the rotor drive in both directions. If a torque limiting device is provided in the transmission system, the design limit torque need not be greater than the torque defined by the limiting device, except that in no case shall the design limit torque be less than the limit torque specified in § 7.251 (c). The design torque shall be distributed to the rotor blades in a rational manner.

(g) The rotor assembly shall be designed to withstand the maximum torque likely to be transmitted thereto from sudden applications of the rotor brake if provided. The design torque shall be equally distributed among the rotor blades.

§ 7.251 *Fuselage, landing gear, and rotor pylon structure.* The requirements of paragraphs (a) through (e) of this section shall apply to the fuselage, landing gear, and rotor pylon structure.

(a) The structure shall be designed to withstand the critical loads prescribed in §§ 7.210 through 7.214. The balancing air loads and inertia loads occurring under the accelerated flight conditions as well as the thrust from auxiliary rotors shall be considered.

(b) The structure shall be designed to withstand the applicable ground loads prescribed in §§ 7.230 through 7.245.

(c) The engine mount and adjacent fuselage structure shall be designed to withstand loads occurring in the rotorcraft under the accelerated flight and landing conditions, including the effects of engine torque loads. In the case of engines having 5 or more cylinders, the limit torque shall be obtained by multiplying the mean torque as defined by the power conditions in § 7.1 (g) (3) by a factor of 1.33. For 4-, 3-, and 2-cylinder engines, the factors shall be 2, 3, and 4, respectively.

(d) The structure shall be designed to withstand the loads prescribed in § 7.250 (d), (f), and (g).

(e) Those parts of the basic structure which are directly subjected to alternating stresses and the sudden failure of which would threaten the structural integrity of the rotorcraft shall be designed to withstand the repeated loading conditions likely to occur within the established service life for such parts. The stresses of critical parts shall be determined in flight in all attitudes appropriate to the type of rotorcraft throughout the ranges of limitations prescribed in § 7.204. The service life of such parts shall be established by the applicant on the basis of fatigue tests or other methods found acceptable to the Administrator.

§ 7.252 *Auxiliary lifting surfaces.* The requirements of paragraphs (a) through (c) of this section shall apply to the auxiliary lifting surfaces.

(a) The structure shall be designed to withstand the critical flight loads prescribed in §§ 7.210 through 7.214.

(b) The structure shall be designed to withstand the applicable ground loads of §§ 7.230 through 7.245.

(c) The structure shall be designed to withstand loadings simulating other critical conditions which might be encountered in normal operations.

EMERGENCY LANDING CONDITIONS

§ 7.260 Same as corresponding section in Part 6.

§ 7.261 *Fuel tank protection.* When fuel tanks are located within the fuselage and below the passenger floor level in such an area where there is a likelihood of tank rupture from ground impact in a crash of a survivable nature (see § 7.260), the fuselage structure in the area of such fuel tanks shall be designed to resist the crash impact and protect the fuel tank from rupture.

NOTE: Fuselage keels whose design and structural strength are such as to resist crash impacts associated with the emergency landing conditions of § 7.260 without extreme distortion which might tend to rupture the fuel tank shall be considered to comply with the requirements of this section.

SUBPART D—DESIGN AND CONSTRUCTION

GENERAL

§§ 7.300 through 7.307 Same as corresponding sections in Part 6.

MAIN ROTOR

§§ 7.310 through 7.312 Same as corresponding sections in Part 6.

§ 7.313 *Rotor blade clearance.* In all flight regimes, clearance between main rotor blades and all other parts of the helicopter shall not be less than 12 inches. For coaxial, inter-meshing, tandem, and laterally disposed multirotor configurations, clearance between main rotor blades of adjacent rotors shall not be less than 6 inches during operation.

CONTROL SYSTEMS

§§ 7.320 and 7.321 Same as corresponding sections in Part 6.

§ 7.322 Same as corresponding section in Part 6 except revise paragraph (a) to read:

(a) The device shall either automatically disengage when the pilot operates the controls in a normal manner, or it shall limit the operation of the rotorcraft in such a manner that the pilot receives unmistakable warning at the start of take off.

§§ 7.323 and 7.324 Same as corresponding sections in Part 6.

§ 7.325 *Control system details; General.* All details of control systems shall be designed and installed to prevent jamming, chafing, and interference from cargo, passengers, and loose objects. Precautionary means shall be provided in the cockpit to prevent the entry of foreign objects into places where they would jam the control systems. Provisions shall be made to prevent the slapping of cables or tubes against other parts of the rotorcraft. The following detailed requirements shall be applicable with respect to cable systems and joints:

(a) *Cable systems.* (1) Cables, cable fittings, turnbuckles, splices, and pulleys shall be of an acceptable type.

(2) The design of cable systems shall preclude any hazardous change in cable tension throughout the range of travel under operating conditions and temperature variations.

(3) Cables smaller than 1/8 inch diameter shall not be used in the primary control system.

(4) Pulley types and sizes shall correspond to the cables with which they are used. ANC–5 pulley-cable combinations and strength values shall be used unless shown to be inapplicable for a particular installation.

(5) All pulleys shall be provided with closely fitted guards to prevent the cables being displaced or fouled.

(6) Pulleys shall lie in the plane passing through the cable within such limits that the cable does not rub against the pulley flange.

(7) Fairleads shall be so installed that they do not cause a change in cable direction of more than 3°.

(8) Clevis pins (excluding those not subject to load or motion) retained only by cotter pins shall not be used in the control system.

(9) Turnbuckles attached to parts having angular motion shall be installed to prevent positively any binding throughout the range of travel.

(10) Provision for visual inspection shall be made at all fairleads, pulleys, terminals, and turnbuckles.

(b) *Joints.* (1) Control system joints subjected to angular motion in push-pull systems, excepting ball and roller bearing systems, shall incorporate a special factor of not less than 3.33 with respect to the ultimate bearing strength of the softest material used as a bearing.

(2) It shall be acceptable to reduce the factor specified in subparagraph (1) of this paragraph to a value of 2.0 for joints in cable control systems.

(3) The approved rating of ball and roller bearings shall not be exceeded.

§§ 7.326 and 7.327 Same as corresponding sections in Part 6.

§ 7.328 *Power boost systems.* If the rotorcraft is equipped with power boost controls, the design of the control system shall be such that the rotorcraft can be flown and landed safely in the event of any single failure in the power boost system.

LANDING GEAR

§ 7.330 *General.* The requirements of §§ 7.331 through 7.338 shall apply to the complete landing gear.

§ 7.331 *Shock absorbers.* (a) The shock absorbing elements for the main, nose, and rear wheel units shall be substantiated by the tests specified in § 7.332.

(b) The shock absorbing ability of the landing gear in taxying shall limit the taxying loads to those values considered under § 7.236.

§ 7.332 Same as § 6.237 except amend the note in paragraphs (a) and (b) as follows:

NOTE: In lieu of more rational computations, the following may be employed when use is made of an effective mass:

$$W_e = W\left[\frac{h+(1-L)d}{h+d}\right]$$

where:

W_e = the effective weight to be used in the drop test (pounds).

$W = W_M$ for main gear units (pounds), equal to the static reaction on the particular unit with the rotorcraft in the most critical attitude; a rational method may be used in computing the main gear static reaction, taking into consideration the distance between the direction of the main wheel reaction and the aircraft c. g.

$W = W_T$ for tail gear units (pounds), equal to the static weight on the tail unit with the rotorcraft in the tail-down attitude.

$W = W_N$ for nose wheel units (pounds), equal to the vertical component of the ground reaction which would exist at the nose wheel, assuming the mass of the rotorcraft acting at the center of gravity and exerting a force of 1.0_g downward and 0.25_g forward.

n = specified free drop height (inches).

L = ratio of assumed rotor lift to the rotorcraft weight.

d = deflection under impact of the tire (at the approved inflation pressure) plus the vertical component of the axle travel relative to the drop mass (inches).

§ 7.332 (b) Same as § 6.237 (b) except change the phrase "and the rotor lift is assumed to be not greater than 0.75 times the rotorcraft maximum weight" to read "and the rotor lift is assumed to be not greater than 1.5 times the rotor lift used in the limit drop tests."

§ 7.333 *Limit load factor determination.* In determining the rotorcraft inertia load factor "n" from the free drop tests specified in § 7.332, the following formula shall be used:

$$n = nj\frac{W_e}{W} \pm L;$$

where nj = the load factor during impact developed on the mass used in the drop tests (i. e., the acceleration dv/dt in g's recorded in the drop tests, plus 1.0).

§ 7.334 *Retracting mechanism*—(a) *General.* (1) The landing gear retracting mechanism, wheel well doors, and supporting structure shall be designed for the loads occurring in the flight maneuvering conditions when the gear is in the retracted position, and for the combination of friction, inertia, and air loads occurring during retraction and extension at any air speed up to the design maximum landing gear extended speed.

(2) The landing gear, the retracting mechanism, and the rotorcraft structure including wheel well doors shall be designed to withstand flight loads, including those in yawed flight, occurring with the landing gear in the extended position at any air speed up to the design maximum landing gear extended speed.

(b) *Landing gear lock.* A positive means shall be provided for the purpose of maintaining the landing gear in the extended position.

(c) *Emergency operation.* When other than manual power for the operation of the landing gear is employed, emergency means of extending the landing gear shall be provided, so that the landing gear can be extended in the event of any reasonably probable failure in the normal retraction system. In any case, the emergency system shall provide for the failure of any single source of hydraulic, electric, or equivalent energy supply.

(d) *Operation test.* Proper functioning of the landing gear retracting mechanism shall be demonstrated by operation tests.

(e) *Position indicator and warning device.* (1) When a retractable landing gear is used, means shall be provided for indicating to the pilot when the gear is secured in the extended and in the retracted positions.

(2) In addition to the requirement of subparagraph (1) of this paragraph, an aural warning device shall be provided which will function continuously if the gear is not fully extended and locked upon approach for a landing.

(3) If a manual shut-off for the warning device prescribed in subparagraph (2) of this paragraph is provided, it shall be installed so that the next retraction of the landing gear will reset the warning mechanism.

(f) *Control.* The location and operation of the landing gear retraction control shall be according to the provisions of § 7.353.

§ 7.335 Same as corresponding section in Part 6.

§ 7.336 *Brakes.* (a) The rotorcraft shall be equipped with brakes of an approved type. The following provisions shall apply:

(1) The maximum kinetic energy capacity rating of each brake assembly shall not be less than the kinetic energy absorption requirement determined as follows:

$$\text{K. E.} = \frac{0.0334\ W\ V^2}{N}$$

where:

K. E. = Kinetic energy per wheel (ft. lbs.)

W = Design landing weight (lbs.)

V = 40 mph unless it is shown that a lesser value would be more applicable for the particular helicopter configuration.

N = Number of wheel-brake assemblies.

NOTE: The expression for kinetic energy assumes an equal distribution of braking between wheel-brake assemblies. In cases of unequal distribution, the expression requires appropriate modification.

(2) The speed rating of each wheel-brake assembly, i. e., the initial speed used in the dynamometer tests, shall not be greater than the "V" used in the determination of kinetic energy in accordance with subparagraph (1) of this paragraph.

NOTE: The provision of this paragraph is based upon the assumption that the testing procedures for wheel-brake assemblies involve a specified rate of deceleration and, therefore, for the same amount of kinetic energy, the rate of energy absorption (the power absorbing ability of the brake) varies inversely with the initial speed.

(b) *Brake system.* The brake system shall be so designed and constructed that in the event of a single failure in any connection or transmitting element in the brake system (excluding the operating pedal or handle), or the loss of any single source of hydraulic or other brake operating energy supply, it shall be possible to bring the rotorcraft to rest under conditions specified in § 7.118 with a mean deceleration during the landing roll of at least 50 percent of that obtained in determining the landing distance as prescribed in that section.

(1) In applying the requirement of paragraph (b) of this section to hydraulic brakes, the brake drum, shoes, and actuators (or their equivalents) shall be considered as connecting or transmitting elements, unless it is shown that the leakage of hydraulic fluid resulting from failure of the sealing elements in these units would not reduce the braking effectiveness below that specified in paragraph (b) of this section.

(2) *Brake controls.* Brake controls shall not require excessive control forces in their operation, and shall be controllable by the pilot and usable during power-off landings.

(3) *Parking brake controls.* A parking brake control shall be provided and installed so that it can be set by the pilot and, without further attention, will maintain sufficient braking to prevent the rotorcraft from rolling on a smooth 10° sloped pavement during moderately high ground-wind conditions. The capacity of this braking device shall be of such adequacy as to insure counteraction of any normal unbalanced torque when starting or stopping the rotors, or during critical engine run-up prior to take off.

§ 7.337 *Tires.* (a) Landing gear tires shall be of a proper fit on the rim of the wheel, and their approved rating shall be such that it is not exceeded under the following conditions:

(1) Rotorcraft weight equal to the maximum design weight.

(2) Load on each main wheel tire equal to the corresponding static ground reaction when considering the critical center of gravity position.

(3) Load on nose wheel tires (to be compared with the dynamic rating established for such tires) equal to the reaction obtained at the nose wheel assuming the mass of the rotorcraft concentrated at the most critical center of gravity and exerting a force of 1.0g downward and 0.25g forward, the reactions being distributed to the nose and main wheels by the principles of statics with the drag reaction at the ground applied only at those wheels which have brakes.

§ 7.338 *Skis.* (a) Landing gear skis shall have load ratings appropriate to the limit loads determined in accordance with the applicable ground load requirements of this part (see § 7.240).

(b) A stabilizing means shall be provided to maintain the ski in an appropriate position during flight and shall have sufficient strength to withstand the maximum aerodynamic and inertia loads to which the ski is subjected.

FLOATS

§ 7.340 *Buoyancy (main floats).* (a) Main floats shall have a buoyancy in excess of that required to support the maximum weight of the rotorcraft in fresh water as follows:

(1) 50 percent in the case of single floats;

(2) 60 percent in the case of multiple floats.

(b) Main floats shall contain at least 5 water-tight compartments of approximately equal volume.

§ 7.341 *Float strength.* Floats shall be designed for the condition set forth in paragraphs (a) and (b) of this section:

(a) *Bag type floats.* Bag type floats shall withstand the maximum pressure differential which might be developed at the maximum altitude for which certification with floats is sought. In addition, the floats shall withstand the maximum expected vertical load distributed along the length of the bag over three-quarters of the projected bag area.

(b) *Rigid floats.* Rigid type floats shall withstand the maximum expected vertical, aft, and side loads. An appropriate load distribution under critical conditions shall be used.

PERSONNEL AND CARGO ACCOMMODATIONS

§ 7.350 Same as corresponding section in Part 6 except add following statement after paragraph (d): "At all unaccelerated flight conditions within the operating ranges of forward speed, rotor rpm and weight, including hovering flight, the vibration level of the pilots' seats and the cyclic pitch control grip shall be limited as follows: Vibrations at the pilots' seats, in the vertical, longitudinal and lateral directions, shall neither exceed a maximum vibratory acceleration of 0.1g for frequencies up to 32 c. p. s. nor exceed a maximum vibratory single amplitude of 0.001 inch for frequencies greater than 32 c. p. s. Vibrations at the grip of the cyclic control stick, in both lateral and longitudinal directions, shall neither exceed a maximum vibratory acceleration of 0.4g for frequencies up to 32 c. p. s. nor exceed a maximum single amplitude of 0.004 inch for frequencies greater than 32 c. p. s."

Add a new paragraph as follows:

(e) A passageway between the pilot compartment and the passenger compartment shall be provided. Suitable means shall be provided to prevent passengers from entering the pilots' compartment without permission.

§ 7.351 *Pilot compartment vision*—(a) *Non-precipitation conditions.* (1) The pilot compartment shall be arranged to afford the pilot(s) a sufficiently extensive clear and undistorted view for the safe operation of the rotorcraft.

(2) It shall be demonstrated during the day and during the night, where appropriate, by flight tests that the pilot compartment is free of glare and reflection which would tend to interfere with the pilot's vision.

(b) *Precipitation conditions.* (1) Means shall be provided so that the pilot(s) is afforded a sufficiently extensive view to permit safe operation under the following conditions:

(i) In heavy rain at forward speeds up to V_H.

(ii) In the most severe icing condition in which operation of the rotorcraft is approved.

(2) In addition to the means provided in subchapter (1) of this paragraph, the pilot shall be provided with a window openable under the conditions prescribed in subparagraph (1) and which provides the view prescribed in that subparagraph.

§§ 7.352 and 7.353 Same as corresponding sections in Part 6.

§ 7.354 *Doors.* (a) Closed cabins shall be provided with at least one adequate and easily accessible external door.

(b) No passenger door shall be so located with respect to the rotor discs as to endanger persons using the door when appropriate operating instructions are employed.

(c) Means shall be provided for locking crew and external passenger doors and for safeguarding against their opening in flight either inadvertently by persons or as a result of mechanical failure. It shall be possible to open external doors from either the inside or the outside of the cabin while the rotorcraft is on the ground. The means of opening shall be simple and obvious and shall be so arranged and marked that it can be readily loacted and operated.

(d) Reasonable provisions shall be made to prevent the jamming of any external door as a result of fuselage deformation in a minor crash.

(e) Means shall be provided for a direct visual inspection of the locking mechanism by crew members to ascertain whether all external doors, including passenger, crew, service and cargo doors are fully locked. In addition, visual means shall be provided to signal to appropriate crew members that all normally used external doors are closed and in the fully locked position.

(f) For outwardly opening external doors usable by persons for entrance or egress, an auxiliary safety latching device shall be provided which will prevent the door from coming open in the event of difficulties with the primary latching mechanism. If the door will not meet the requirements of paragraph (c) of this section with the auxiliary safety latching device in place, then suitable operating procedures shall be established to insure that the device shall not be in place during take off or landing.

§ 7.355 *Seats and safety belts*—(a) *General.* At all stations designated as occupiable during take off and landing, the seats, belts, harnesses, and adjacent parts of the aircraft shall be such that a person making proper use of these facilities will not suffer serious injury in the emergency landing conditions as a result of inertia forces specified in § 7.260. Seats shall be of an approved type (see also § 7.643 concerning safety belts).

(b) *Arrangement.* (1) Passengers and crew shall be afforded protection from head injuries by one of the following means:

(i) Safety belt and shoulder harness which will prevent the head from contacting any injurious object;

(ii) Safety belt and the elimination of all injurious objects within striking radius of the head;

(iii) Safety belt and a cushioned rest which will support the arms, shoulders, head, and spine.

(2) For arrangements which do not provide a firm handhold on seat backs, hand grips or rails shall be provided along aisles to enable passengers or crew members to steady themselves while using the aisles in moderately rough air.

(3) All projecting objects which would cause injury to persons seated or moving about the aircraft in normal flight shall be padded.

(c) *Strength.* All seats and their supporting structure shall be designed for an occupant weight of 170 pounds with due account taken of the maximum load factors, inertia forces, and reactions between occupant, seat, and safety belt or harness corresponding with all relevant flight and ground load conditions, including the emergency landing conditions prescribed in § 7.260. In addition, the following shall apply:

(1) Pilot seats shall be designed for the reactions resulting from the application of pilot forces to the flight controls as prescribed in § 7.225.

(2) In determining the strength of the seat attachments to the structure and the safety belt or shoulder harness attachments to the seat or structure, the inertia forces specified in § 7.260 (a) shall be multiplied by a factor of 1.33.

§ 7.356 Same as corresponding section in Part 6.

§ 7.357 *Emergency evacuation.* Crew and passenger areas shall be provided with emergency evacuation means to permit rapid egress in the event of crash landings, whether with the landing gear extended or retracted, taking account of the possibility of the rotorcraft being on fire. Passenger entrance, crew, and service doors shall be considered as emergency exits if they meet the applicable requirements of this section.

(a) *Flight crew emergency exits.* Flight crew emergency exits shall be located in the flight crew area on both sides of the rotorcraft or as a top hatch to provide for rapid evacuation. Such exits shall not be required on small rotorcraft where the Administrator finds that the proximity of passenger emergency exits to the flight crew area renders them convenient and readily accessible to the flight crew.

(b) *Passenger emergency exits; type and location.* The types of exits and their location shall be as follows:

(1) Type I: A rectangular opening of not less than 24 inches wide by 48 inches high, with corner radii not greater than 4 inches, located in the passenger area in the side of the fuselage at floor level and as far away as practicable from areas which might become potential fire hazards after a crash.

(2) Type II: Same as Type I (subparagraph (1) of this paragraph) except that the opening is not less than 20 inches wide by 44 inches high.

(3) Type III: A rectangular opening of not less than 20 inches wide by 36 inches high, with corner radii not greater than 4 inches, located in the passenger area in the side of the fuselage and as far away as practicable from areas which might become potential fire hazards after a crash.

(4) Type IV: A rectangular opening of not less than 19 inches wide by 26 inches high, with corner radii not greater than 4 inches, located in the side of the fuselage with a step-up inside the rotorcraft of not more than 29 inches.

NOTE: Larger openings than those specified in paragraph (b) of this section will be acceptable, whether or not of rectangular shape, provided the specified rectangular openings can be inscribed therein, and further provided that the base of the opening affords a flat surface not less than the width specified.

(c) *Passenger emergency exits; number required.* Emergency exits of type and location prescribed in paragraph (b) of this section shall be accessible to the passengers, and shall be provided in accordance with the following table:

Passenger seating capacity	Emergency exits required on side of fuselage			
	Type I	Type II	Type III	Type IV
1–19 inclusive			1	
20–39 inclusive		1		1
40–69 inclusive	1			1

Where more than one emergency exit is required in the side of the fuselage, at least one should be on each side. In addition to the number of exits required for the side of the fuselage an equal number of required types of emergency exits shall be provided in other parts of the fuselage (top, bottom, or ends) so that, in the event of a crash landing in which the fuselage comes to rest on its side, emergency exits shall be available for egress.

(d) *Emergency exit arrangement.* (1) Emergency exits shall consist of movable doors or hatches in the external walls of the fuselage and shall provide an unobstructed opening to the outside.

(2) All emergency exits shall be openable from the inside and from the outside.

(3) The means of opening emergency exits shall be simple and obvious and shall not require exceptional effort of a person opening them.

(4) Means shall be provided for locking each emergency exit and for safeguarding against their opening in flight either inadvertently by persons or as a result of mechanical failure.

(5) Provision shall be made to minimize the possibility of jamming of emergency exits as a result of fuselage deformation in a minor crash landing.

(6) For all emergency exits other than Type IV located above a wing (see paragraph (b) of this section) which are more than 6 feet from the ground with the rotorcraft on the ground and the landing gear extended, acceptable means shall be provided to assist the occupants in descending to the ground.

(7) The proper functioning of emergency exit installations shall be demonstrated by test.

(e) *Emergency exit marking.* (1) All emergency exits, their means of access, and their means of opening shall be marked conspicuously. The identity and location of emergency exits shall be recognizable from a distance equal to the width of the cabin. The location of the emergency exit operating handle and the instructions for opening shall be marked on or adjacent to the emergency exit and shall be readable from a distance of 30 inches.

(2) A source or sources of light, with an emergency supply independent of the main lighting system, shall be installed to illuminate all emergency exit markings. Such lights shall be designed to function automatically in a crash landing and shall also be operable manually.

(3) All emergency exits and their means of opening shall be marked on the outside of the rotorcraft for guidance of rescue personnel.

(f) *Emergency exit access.* Passageways between individual compartments of the passenger area and passageways leading to Type I and Type II emergency exits (see paragraph (b) of this section) shall be unobstructed and shall be not less than 20 inches wide. Adjacent to emergency exits where assisting means are required by paragraph (d) (6) of this section, there shall be sufficient additional space to allow a crew member to assist in the evacuation of passengers without reduction in the unobstructed width of the passageway to such exit.

(g) *Width of main aisle.* The main passenger aisle at any point between seats shall not be less than 15 inches wide up to a height above the floor of 25 inches and not less than 20 inches wide above that height.

§ 7.358 *Ventilation.* (a) All passenger and crew compartments shall be ventilated and crew compartments shall be provided with a sufficient amount of fresh air to enable crew members to perform their duties without undue discomfort or fatigue.

NOTE: A fresh air supply of 10 cubic feet per minute is considered a minimum for each crew member.

(b) Crew and passenger compartment air shall be free from harmful or hazardous concentrations of gases or vapors. The concentration of carbon monoxide shall not exceed 1 part in 20,000 of air under conditions of forward flight. For other configurations of operation, suitable operating restrictions shall be provided if the carbon monoxide concentration exceeds this value.

(c) Provision shall be made to insure the conditions prescribed in paragraph (b) of this section in the event of reasonably probable failures of the ventilating, heating, or other systems and equipment.

NOTE: Examples of acceptable provisions include secondary isolation, integral protective devices, and crew warning and shut-off provisions for equipment the malfunctioning of which could introduce harmful or hazardous quantities of smoke or gases.

§ 7.359 *Heaters.* Combustion heaters shall be of an approved type and shall comply with the fire protection requirements of § 7.383. Engine exhaust heaters shall comply with the provisions of § 7.467 (c) and (d).

FIRE PREVENTION

§ 7.380 *General.* Compliance shall be shown with the fire prevention requirements of §§ 7.380 through 7.385. Additional fire prevention requirements are prescribed in Subparts E and F of this part.

(a) *Hand fire extinguishers.* Hand fire extinguishers shall be of an approved type. The types and quantities of extinguishing agents shall be appropriate for the types of fires likely to occur in the compartments where the extinguishers are intended for use. Extinguishers intended for use in personnel compartments shall be such as to minimize the hazard of toxic gas concentrations.

(b) *Built-in fire extinguishers.* Where a built-in fire extinguishing system is required, its capacity in relation to the compartment volume and ventilation rate shall be sufficient to combat any fire likely to occur in the compartment. All built-in fire extinguishing systems shall be so installed that any extinguishing agent likely to enter personnel compartments will not be hazardous to the occupants and that any discharge of the extinguisher cannot result in structural damage.

§ 7.381 *Cabin interiors.* All compartments occupied or used by the crew or passengers shall comply with the provisions of paragraphs (a) through (f) of this section.

(a) The materials in no case shall be less than flash-resistant.

(b) The wall and ceiling linings, the covering of all upholstery, floors, and furnishings shall be flame-resistant.

(c) Compartments where smoking is to be permitted shall be equipped with ash trays of the self-contained type which are completely removable. All other compartments shall be placarded against smoking.

(d) All receptacles for used towels, paper, waste, shall be of fire-resistant materials and shall incorporate covers or other provisions for containing possible fires.

(e) At least one hand fire extinguisher shall be provided for use by the flight crew.

(f) In addition to the requirements of paragraph (e) of this section, at least the following number of hand fire extinguishers conveniently located for use in passenger compartments shall be provided according to the passenger capacity of the rotorcraft:

Passenger capacity:	*Minimum number of fire extinguishers*
6 or less	0
7 thru 30	1
31 thru 60	2

§ 7.382 *Cargo and baggage compartments.* (a) Cargo and baggage compartments shall be constructed of or completely lined with fire-resistant material. Compartments shall include no controls, wiring, lines, equipment, or accessories, the damage or failure of which would affect the safe operation of the rotorcraft, unless such items are shielded, isolated, or otherwise protected so that they cannot be damaged by movement of cargo in the compartment, and so that any breakage or failure of such items will not create a fire hazard. Design of inaccessible compartments and sealing of these compartments shall be such as to contain cargo compartment fires for a period of time sufficient to permit landing and safe evacuation of the occupants.

NOTE: For compartments having a volume not in excess of 500 cubic feet an airflow of not more than 1,000 cubic feet per hour is considered acceptable. For larger compartments lesser airflow may be applicable.

(b) Cargo and baggage compartments shall be designed or provided with detection devices to insure detection of fires by a crew member while at his proper station, and to preclude the entrance of harmful quantities of smoke, flame, etc., into crew or passenger compartments.

(c) If compartments are intended to be accessible in flight, protective breathing equipment shall be installed for the use of the appropriate crew member (see § 7.646).

(d) Compliance with the provisions of this section which refer to fire detection and the entry of hazardous quantities of smoke, extinguishing agents, or other noxious gases into the crew and passenger compartments shall be demonstrated in flight.

§ 7.383 *Combustion heater fire protection*—(a) *Combustion heater fire zones.* The following shall be considered as combustion heater fire zones and shall be protected against fire in accordance with the applicable provisions of §§ 7.480 through 7.486 and 7.489:

(1) Region surrounding the heater, if such region contains any flammable fluid system components including the heater fuel system which might be damaged by heater malfunctioning or which, in case of leakage or failure, might permit flammable fluids or vapors to reach the heaters.

(2) That portion of the ventilating air passage which surrounds the combustion chamber, except that this area need not be provided with an extinguishing system if the passage is so constructed that it will contain and withstand any fire which may occur within the passage without damage to other rotorcraft components.

(b) *Ventilating air ducts.* (1) Ventilating air ducts which pass through fire zones shall be of fireproof construction.

(2) Unless isolation is provided by the use of fireproof valves or other equivalently effective means, the ventilating air duct downstream of the heater shall be of fireproof construction for a sufficient distance to assure that any fire originating from within the heater can be contained within the duct.

(3) Portions of ventilating ducts passing through regions in the rotorcraft where flammable fluid systems are located shall be so constructed or isolated from such systems that failure or malfunctioning of the flammable fluid system components cannot introduce flammable fluids or vapors into the ventilating airstream.

(c) *Combustion air ducts.* (1) Combustion air ducts shall be of fireproof construction for a distance sufficient to prevent damage from backfiring or reverse flame propagation.

(2) Combustion air ducts shall not communicate with the ventilating airstream unless it is demonstrated that flames from backfires or reverse burning cannot enter the ventilating airstream under any conditions of ground or flight operation including conditions of reverse flow or malfunctioning of the heater or its associated components.

(3) Combustion air ducts shall not restrict prompt relief of backfires which can cause heater failure due to pressures generated within the heater.

(d) *Heater controls; general.* Provision shall be made to prevent hazardous accumulations of water or ice on or within any heater control components, control system tubing, or safety controls.

(e) *Heater safety controls.* (1) In addition to the components provided for normal continuous control of air temperature, air flow, and fuel flow, means independent of such components shall be provided with respect to each heater to shut off automatically that heater's ignition and fuel supply at a point remote from the heater when the heat exchanger temperature or ventilating air temperature exceeds safe limits or when either the combustion air flow or the ventilating air flow becomes inadequate for safe operation. The means provided for this purpose for any individual heater shall be independent of all components serving other heaters, the heat output of which is essential to the safe operation of the rotorcraft. The means shall also be such that the heater will remain off until restarted by the crew.

(2) Warning means shall be provided to indicate to the crew when a heater, the heat output of which is essential to the safe operation of the rotorcraft, has been shut off by the operation of the automatic means prescribed in subparagraph (1) of this paragraph.

(f) *Air intakes.* Combustion and ventilating air intakes shall be so located that no flammable fluids or vapors can enter the heater system under any conditions of ground or flight operation either during normal operation or as a result of malfunctioning, failure, or improper operation of other rotorcraft components.

(g) *Heater exhaust.* Heater exhaust systems shall comply with the provisions of § 7.467 (a) and (b). In addition, the following shall apply:

(1) Exhaust shrouds shall be sealed so that flammable fluids and hazardous quantities of vapors cannot reach the exhaust systems through joints.

(2) Exhaust systems shall not restrict the prompt relief of backfires which can cause heater failure due to pressures generated within the heater.

(h) *Heater fuel systems.* Heater fuel systems shall comply with all portions of the powerplant fuel system requirements which affect safe heater operation. In addition, heater fuel system components within the ventilating airstream shall be protected by shrouds so that leakage from such components cannot enter the ventilating airstream.

(i) *Drains.* Means shall be provided for safe drainage of fuel accumulations which might occur within the combustion chamber or the heat exchanger. Portions of such drains which operate at high temperatures shall be protected in the same manner as heater exhausts (see paragraph (g) of this section). Drains shall be protected against hazardous ice accumulations in flight and during ground operation.

§ 7.384 *Fire protection of structure, controls, and other parts.*

Category A. All structure, controls, rotor mechanism, and other parts essential to controlled flight and landing of the rotorcraft which would be affected by powerplant fires shall be of fireproof construction.

Category B. Same as § 6.384.

§ 7.385 *Flammable fluid fire protection.* In areas of the rotorcraft where flammable fluids or vapors might be liberated by leakage or failure in fluid systems, design precautions shall be taken to safeguard against the ignition of such fluids or vapors due to the operation of other equipment or to control any fire resulting from such ignition.

MISCELLANEOUS

§ 7.390 Same as corresponding section in Part 6.

§ 7.391 Same as corresponding section in Part 6.

§ 7.392 *Ice protection.* Rotorcraft to be flown in atmospheric icing conditions shall be capable of operating safely in the range of conditions applicable to the operating limitations of the design.

SUBPART E—POWERPLANT INSTALLATION

GENERAL

§ 7.400 *General.* General paragraph same as present § 6.400 (a). Add a new paragraph (a) to read as follows:

(a) Reciprocating engine installations shall comply with the provision of this subpart. Turbine engine installations shall comply with such of the provisions of this subpart as are found applicable to the specific type of installation and such other requirements as may be deemed necessary by the Administrator.

§§ 7.400 (b) through (d). Same as corresponding paragraphs § 6.400.

§ 7.401 *Engines*—(a) *Type certification.* Same as corresponding section in Part 6.

(b) *Category A; engine isolation.* The powerplants shall be arranged and isolated each from the other to permit operation in at least one configuration in a manner such that the failure or malfunctioning of any engine, or of any system of the rotorcraft the failure of which can affect an engine, will not prevent the continued safe operation of the remaining engine(s) or require immediate action by crew members for their continued safe operation.

(c) *Category A; control of engine rotation.* Means shall be provided for stopping and restarting the rotation of any engine individually in flight. All components provided for this purpose which are located on the engine side of the fire wall and which might be exposed to fire shall be of fireproof construction unless more than one means is available for this purpose and provided further that the duplicate controls are so located that all are not likely to be damaged at the same time in case of fire.

§ 7.402 *Engine vibration.* Same as corresponding section in Part 6, except delete last sentence.

ROTOR DRIVE SYSTEM

§ 7.403 *Rotor drive system*—(a) *General.* The rotor drive system shall be considered to include all parts necessary to transmit power between the engine(s) and the main and/or auxiliary rotor hubs. This includes gear boxes, shafting, universal joints, coupling, rotor brake assembly, overrunning and other clutches, supporting bearings for shafting, and any attendant accessory pads

or drives. Cooling fans which are not certificated as part of the engine shall also be considered a part of the rotor drive system.

(b) *Arrangement.* (1) The rotor drive system of a multiengine rotorcraft shall be so arranged that all rotors necessary for operation and control of the rotorcraft will continue to be driven by the remaining engine(s) in the event of failure of any of the engines.

(2) *Category B.* On single-engine rotorcraft the rotor drive system shall be so arranged that all rotors necessary for control of the rotorcraft in autorotative flight will continue to be driven by the main rotor(s) after disengagement of the engine from the main and auxiliary rotors.

(3) The rotor drive system shall incorporate a unit for each engine which will automatically disengage the engine from the drive system in the event of a power failure of any engine.

(4) If a torque limiting device is employed in the rotor drive system (see § 7.250 (f)), such device shall be located to permit continued control of the rotorcraft after the device becomes operative.

(5) On rotorcraft employing rotors which must be phased for intermeshing purposes, the rotor drive system shall provide constant and positive phase relationship under all operating conditions. If a rotor de-phasing device is incorporated, means shall be provided to insure the rotors are locked in proper phase prior to operation.

§ 7.404 *Rotor brakes.* Same as present § 6.411.

§ 7.405 *Rotor drive system and control mechanism tests*—(a) *Endurance tests.* (1) The rotor drive system and rotor control mechanism shall be tested for not less than 200 hours. The test shall be conducted on the rotor craft and the power shall be absorbed by the actual rotors to be installed. The endurance tests shall be conducted in 10-hour test cycles composed of the tests prescribed in subparagraphs (2) through (10) of this paragraph. Compliance with these endurance tests will be accepted for helicopter engine certification in lieu of the endurance testing specified in Part 13 of this subchapter. (The other phases of helicopter engine certification such as vibration, calibration, detonation, operation, and engine inspection will of course require compliance in accordance with Part 13 of this subchapter.)

(2) *Take-off power run.* The take-off power run shall consist of one hour of alternate runs of 5 minutes at take-off power and speed, and 5 minutes at as low an engine idle speed as practicable. The engine shall be declutched from the rotor drive system and the rotor brake, if furnished and so intended, shall be applied during the first minute of the idle run. During the remaining 4 minutes of the idle run, the clutch shall be engaged so that the engine drives the rotors at the minimum practical rpm. Acceleration of the engine and the rotor drive system shall be accomplished at the maximum rate. When declutching the engine, it shall be decelerated at a rate sufficiently rapid to permit the operation of the overrunning clutch. In the absence of a take-off rating, maximum continuous power and speed shall be substituted for take-off power and speed.

(3) *Maximum continuous run.* Three hours of continuous operation at maximum continuous power and speed as follows:

(i) During the run, the main rotor controls shall be operated at a minimum of 15 times each hour through the main rotor pitch positions of full vertical thrust, maximum forward thrust component, maximum aft thrust component, maximum left thrust component, and maximum right thrust component, except that the control movements need not produce loads or blade flapping motion exceeding the maximum loads or motions encountered in flight.

(ii) The directional controls shall be operated at a minimum of 15 times each hour through the control extremes of maximum right turning torque, neutral torque as required by the power applied to the main rotor, and maximum left turning torque.

(iii) Each control position shall be held at maximum for at least 10 seconds and the rate of change or control position shall be at least as rapid as for normal operation.

(4) *90 percent maximum continuous run.* One hour of continuous operation at 90 percent maximum continuous power at maximum continuous speed.

(5) *80 percent maximum continuous run.* One hour of continuous operation at 80 percent maximum continuous power and speed.

(6) *60 percent maximum continuous run.* Two hours of continuous operation at 60 percent maximum continuous power at minimum desired cruising speed or at 90 percent maximum continuous speed, whichever speed is lower.

(7) *Engine malfunctioning run.* It shall be determined whether malfunctioning of such components as the engine fuel or ignition systems or unequal power output from the various engines can result in dynamic conditions which might be detrimental to the drive system. If so, a suitable number of hours of operation shall be accomplished under such conditions, one hour of which shall be included in each cycle, and the remaining hours accomplished at the conclusion of the 20 cycles. Otherwise an additional hour of operation as prescribed in subparagraph (2) of this paragraph shall be substituted.

(8) *Overspeed run.* One hour of continuous operation at 110 percent maximum continuous speed at maximum continuous power.

(9) *Rotor control positions.* Whenever the rotor controls are not being cycled during the tie-down tests, the rotor shall be operated to produce each of the maximum thrust positions for the percentages of test time as follows, using the procedures of subparagraph (3) of this paragraph:

(i) Full vertical thrust, 20 percent.

(ii) Forward thrust component, 50 percent.

(iii) Right thrust component, 10 percent.

(iv) Left thrust component, 10 percent.

(v) Aft thrust component, 10 percent.

(10) *Clutch and brake engagements.* A total of at least 400 clutch and brake engagements including the engagements of subparagraph (2) of this paragraph shall be made during the take-off power runs and, as necessary, at each change of power and speed throughout the test. In each clutch engagement, the shaft on the driven side of the clutch shall be accelerated from rest. The clutch engagements shall be accomplished at the speed and by the method prescribed in the operations manual. During deceleration after each clutch engagement, the engine(s) shall be stopped rapidly enough to allow the engine(s) and rotor(s) drive to be automatically disengaged from the rotor(s). If a rotor brake is installed for the purpose of stopping the rotor, the clutch, during brake engagements, shall be disengaged above 40 percent maximum continuous rotor speed and the rotor(s) allowed to decelerate to 40 percent maximum continuous rotor speed at which time the rotor brake shall be applied. If the clutch design does not permit stopping the rotor(s) with engine running, or if no clutch is provided, the engine shall be stopped before each application of the rotor brake, and then immediately restarted after the rotors have stopped.

(b) *Overspeed test.* After completion of the 200-hour tie-down test and without intervening major disassembly, the rotor drive system shall be subjected to 50 overspeed runs, each 30±3 seconds in duration at 120 percent maximum continuous speed. Overspeed runs shall be alternated with stabilizing runs of 1 to 5 minutes duration each at from 60 to 80 percent maximum continuous speed. Acceleration and deceleration shall be accomplished in a period not longer than 10 seconds, and the time for changing speeds shall not be deducted from the specified time for the overspeed runs. Overspeed runs should be made with the rotor(s) in the flattest pitch at which smooth operation can be obtained. In the event that the engine(s) installed is limited by the engine manufacturer to an overspeed of less than 120 percent of maximum continuous speed for the periods required, the speed employed shall be the highest speed permissible with the engines involved.

(c) *Critical component reliability tests.* Each component within the rotor drive system whose failure will result in an uncontrolled landing, or, in multirotor rotorcraft, which is essential to the phasing of the rotors, or which is common, on multiengine rotorcraft, to more than one engine, shall be designed to have a level of safety equivalent to the main rotors. The stresses in such parts shall be determined for all operating conditions included in paragraph (a) of this section. Components which are affected by flight maneuvering and gust loads shall be additionally investigated for the same flight conditions as the main rotor(s). The service life of such parts shall be determined by fatigue tests or by other methods found acceptable by the Administrator.

(d) *Special tests.* Rotor drive systems designed to operate at two or more gear ratios shall be subjected to special testing and durations found necessary by the Administrator to substantiate the airworthiness of the rotor drive system.

(e) *Category A; gear box bench tests.* Each gear box employed in the rotor drive system shall be tested for 150 hours at 110 percent of its maximum continuous power and speed. The components employed in this test need not be the same as those employed in the tests of paragraph (a) of this section.

(f) *Category B.* Only those components of the drive system whose failure will result in an uncontrolled landing or which are essential either to rotor phasing in a multirotor rotorcraft or as a driving link for essential control rotors in autorotation, need be substantiated in accordance with paragraph (c) of this section. If a complex speed reduction unit is considered a critical component the reliability substantiation may be demonstrated by compliance with paragraph (e) of this section for the particular unit involved.

§ 7.406 *Additional tests.* Same as present § 6.413.

§ 7.407 *Shafting critical speed.* First sentence same as first sentence of § 6.414. Remainder of section to read: "If critical vibration conditions (persistent or momentary) are found in the entire range of operations from and including clutch engagement to maximum overspeed, either during acceleration or deceleration, it shall be demonstrated in the rotorcraft that such vibration is within safe limits. Such demonstration may be made during the endurance testing (see § 7.405 (a)), in which case the test schedule may be altered to include the critical vibratory conditions in lieu of equivalent time in appropriate portions of the endurance test procedure."

§ 7.408 *Shafting joints.* Same as present § 6.415.

FUEL SYSTEM OPERATION AND ARRANGEMENT

§ 7.410 *General.* (a) The fuel system shall be constructed and arranged in such a manner as to assure a flow of fuel to each engine at a rate and pressure which have been established for proper engine functioning under all normal conditions, including all maneuvers for which the rotorcraft is intended. (For fuel system instruments see § 7.604.)

(b) The fuel system shall be so arranged that no one engine or fuel pump can draw fuel from more than one tank at a time unless means are provided to prevent introducing air into the system.

§ 7.411 *Fuel system independence*—(a) *Category A.* The design of the fuel system shall comply with the requirements of § 7.401 (b). Unless other provisions are made in compliance with this requirement, the fuel system shall be arranged to permit the supply of fuel to each engine through a system independent of any portion of a system supplying fuel to any other engine.

(b) *Category B.* The design of the fuel system for multiengine rotorcraft shall be arranged to permit supplying fuel to each engine through a system independent of all portions of systems supplying fuel to the other engines, except that separate fuel tanks need not be provided for each engine.

§ 7.412 *Fuel lines in personnel and cargo compartments.* (a) Fuel lines shall not pass through portions of the rotorcraft intended to carry personnel or cargo, unless they are so located or protected by drained and ventilated shrouds or other means which will assure that in case of leakage fuel and fumes will be carried safely overboard. Means shall be provided to permit the flight personnel to shut off the supply of fuel to such lines without affecting operation of more than one engine.

(b) Lines which can be isolated from the remainder of the fuel system by means of valves at each end shall incorporate provisions for the relief of excessive pressures which might result from exposure of the isolated line to high ambient temperatures.

§ 7.413 *Fuel flow and feed.* (a) The fuel supply system shall be arranged so that, insofar as practicable, the entire fuel supply can be utilized in the maximum inclinations of the rotorcraft for any sustained conditions of flight and so that the feed ports will not be uncovered during normal maneuvers involving moderate rolling or sideslipping. On rotorcraft with more than one fuel tank, the system shall feed promptly after depleting the usable fuel supply in one tank and another tank is turned on.

(b) The ability of the fuel system to provide the required fuel flow rate shall be demonstrated when the rotorcraft is in the attitude which represents the most adverse sustained condition, from the standpoint of fuel feed, which the rotorcraft is designed to attain. This demonstration may be accomplished by a ground test of the rotorcraft or on a representative operating mock-up of the fuel system. The following conditions are applicable to such demonstration:

(1) *Category A.* The critical attitude (or attitudes) selected shall be verified by a flight demonstration which takes into consideration all operating speeds, power settings, accelerated maneuvers, and engine inoperative conditions.

(2) The quantity of fuel in the tank being considered shall not exceed the amount established as the unusable fuel supply for that tank, as determined by demonstrating compliance with the provisions of § 7.416 (see also §§ 7.418 and 7.613 (b)), together with whatever minimum quantity of fuel it may be necessary to add for the purpose of conducting the flow test.

(3) The fuel shall be delivered to the engine at a pressure not less than the minimum inlet pressure established for proper engine operation in accordance with Part 13 of this subchapter.

(4) If a fuel flowmeter is provided, the meter shall be blocked during the flow test and the fuel shall flow through the meter by-pass.

(c) The fuel flow rate required for the demonstration specified in paragraph (b) of this section shall be as follows:

(1) For gravity feed systems: The fuel flow rate shall be 150 percent of the actual take-off-power fuel consumption of the engine.

(2) For pump systems: The fuel flow rate shall be 0.9 pounds per hour for each rated take-off horsepower or 125 percent of the actual take-off fuel consumption of the engine, whichever is greater.

§ 7.414 *Pump systems.* (a) The fuel flow rate specified in § 7.413 (c) shall be applicable to both the primary engine-driven pump and to the emergency pumps. The fuel flow rate shall be available when the pump is running at the speed at which it normally would be operating during take off. In the case of hand-operated pumps, the speed required shall be not more than 60 complete cycles (120 single strokes) per minute.

(b) Emergency pumps shall be provided to permit supplying all engines with fuel in case of failure of any one main fuel pump, except in the case of installations in which the only fuel pump necessary is an engine fuel injection or fuel metering pump which is approved as an integral part of the engine.

(c) Category A: If the arrangement of the fuel system necessitates a fuel boost pump to maintain operating fuel flow and pressure for the range of altitudes and temperatures in which flight is expected, a duplicate boost pump shall be provided to serve as an emergency pump in case of failure of the main boost pump. Each pump shall be capable of supplying fuel flow at the rate specified in § 7.413 (c).

(d) Category A: Where the provisions of paragraph (c) of this section are applicable, and both boost pumps are dependent upon a common source of power, it shall be possible with these components inoperative to maintain cruising fuel flow and pressure for all engines. The limiting weights, speeds, and altitudes shall be demonstrated and the results recorded in the operating procedures portion of the rotorcraft flight manual.

§ 7.415 *Transfer systems.* The provisions of § 7.413 shall apply to transfer systems, except that the required fuel flow rate for the engine or engines involved shall be established upon the basis of maximum continuous power and its corresponding speed.

§ 7.416 *Determination of unusable fuel supply.* The unusable fuel supply in each tank shall be that quantity at which the first evidence of malfunctioning occurs in any sustained flight condition at the most critical weight and center of gravity position within the approved limitations. The unusable fuel supply shall be determined for each tank used in normal operation. (See also § 7.613 (b).)

§ 7.417 *Fuel system hot weather operation.* (a) The fuel system shall be so arranged as to minimize the possibility of the formation of vapor in the system under all normal conditions of operation. Rotorcraft with suction lift fuel systems or systems which have features likely to produce vapor shall be demonstrated to be free from vapor lock when using fuel at a temperature of 110° F. under critical operating conditions.

(b) Category A: To prove satisfactory hot weather operation the rotorcraft shall be climbed from the altitude of the airport chosen by the applicant to an altitude of 5,000 feet above the terrain, or to the altitude at which the rotorcraft is expected to operate, whichever is the greater. There shall be no evidence of vapor lock or other malfunctioning. The climb test shall be conducted under the following conditions:

(1) All engines shall operate at maximum continuous power, except that take-off power shall be used at the beginning of the demonstration for the maximum time interval for which take-off power is approved for use on the rotorcraft.

(2) The weight shall be with full fuel tanks, minimum crew, and only such ballast as is required to maintain the center of gravity within allowable limits.

(3) The speed of climb shall be the speed for best rate of climb under the conditions of the test.

(4) The fuel temperature shall be not less than 110° F. at the beginning of the demonstration.

(c) Category A: The test prescribed in paragraph (b) of this section shall be performed either in flight or on the ground closely simulating flight conditions. If a flight test is performed in weather sufficiently cold to interfere with the proper conduct of the test, the fuel tank surfaces, fuel lines, and other fuel system parts subjected to cooling action from cold air shall be insulated to simulate, insofar as practicable, flight in hot weather.

§ 7.418 *Flow between interconnected tanks.* (a) Where tank outlets are interconnected and permit flow through the interconnection due to gravity or flight accelerations, it shall not be possible for fuel to flow between tanks in quantities sufficient to cause an overflow of fuel from the tank vent when the rotorcraft is operated in the flight conditions found to be critical for the determination of unusable fuel.

(b) If it is possible to pump fuel from one tank to another in flight, the design of the fuel tank vents and the fuel transfer system shall be such that structural damage to tanks will not occur in the event of overfilling. In addition means shall be provided to warn the crew before overflow through the vents occurs.

FUEL TANK CONSTRUCTION AND INSTALLATION

§ 7.420 *General.* (a) Fuel tanks shall be capable of withstanding without failure all vibration, inertia, fluid, and structural loads to which they may be subjected in operation.

(b) Fuel tanks and their installation shall be designed or protected so as to retain the fuel supply without leakage when the rotorcraft is subjected to the emergency landing conditions specified under § 7.260.

(c) Flexible fuel tank liners shall be of an approved type or shall be shown to be suitable for the particular application.

(d) Integral type fuel tanks shall be provided with facilities for inspection and repair of the tank interior.

§ 7.421 *Fuel tank tests.* (a) Fuel tanks shall be capable of withstanding the following pressure tests without failure or leakage. It shall be acceptable to apply the pressures in a manner simulating the actual pressure distribution in service (where this is practicable.)

(1) Conventional metal tanks, nonmetallic tanks, and integral tanks shall be submitted to a pressure of 3.5 p. s. i. unless the pressure developed during the maximum limit acceleration or emergency deceleration (see § 7.260) of the rotorcraft with a full tank exceeds this value, in which case a hydrostatic head, or equivalent test, shall be applied to duplicate the acceleration loads insofar as possible, except that the pressure need not exceed 3.5 p. s. i. on surfaces not exposed to the acceleration loading.

(2) Nonmetallic tanks the walls of which are supported by the rotorcraft structure shall be submitted to the pressure test of subparagraph (1) of this paragraph when mounted in the rotorcraft structure.

(b) Tanks with large unsupported or unstiffened flat areas or other design or construction features which may possess questionable characteristics from the standpoint of vibration or sloshing shall be capable of withstanding the following test, or other equivalent test, without leakage or failure:

(1) The complete tank assembly together with its supports shall be subjected to a vibration test when mounted in a manner simulating the actual installation.

(2) The tank assembly shall be vibrated for 25 hours at an amplitude of not less than one thirty-second of an inch while filled two-thirds full of water.

(3) The frequency of vibration shall be 90 percent of the maximum continuous rated speed of the engine unless some other frequency within the normal operating range of speeds of the engine or rotor system is more critical, in which case the latter speed shall be employed and the time of test shall be adjusted to accomplish the same number of vibration cycles.

(4) In conjunction with the vibration test, the tank assembly shall be rocked through an angle of 15° on either side of the horizontal (30° total) at the rate of 16 to 20 complete cycles per minute.

(5) The rocking during one-half of the test shall be about an axis parallel to the longitudinal axis of the rotorcraft. For the other half of the test the axis shall be the horizontal axis at right angles to the logitudinal axis of the rotorcraft. If only one axis is critical for tanks with large fineness ratio, the entire test may be conducted by rocking about that axis.

§ 7.422 *Fuel tank installation.* (a) The method of support for fuel tanks shall not permit harmful concentration of loads, resulting from the weight of the fuel in the tank, on unsupported tank surfaces. The following shall be applicable:

(1) Pads shall be provided, if necessary, to prevent chafing between the tank and its supports.

(2) Materials employed for padding shall be nonabsorbent or shall be treated to prevent the absorption of fluids.

(3) If flexible tank liners are employed they shall be so supported that the liner is not required to withstand fluid loads.

(4) Interior surfaces of tank compartments shall be smooth and free of projections which could cause wear of the liner, unless provisions are made for protection of the liner at such points or unless the construction of the liner itself provides such protection.

(b) Spaces adjacent to the surfaces of the tank shall be ventilated consistent with the size of the compartment to avoid accumulation of fuel or fumes in these spaces due to minor leakage. If the tank is in a sealed compartment, it shall be acceptable to limit the ventilation to that provided by drain holes of sufficient size and disposition to prevent clogging and to prevent excessive pressure resulting from altitude changes. If flexible tank liners are installed, the design of the venting arrangement for the spaces between the liner and its container shall take into consideration the need for maintaining proper relationship to tank vent pressures for all expected flight conditions.

(c) Location of fuel tanks shall comply with the provisions of § 7.481 (b).

(d) No portion of rotorcraft skin which lies immediately adjacent to a major air egress opening from the engine compartment shall act as the wall of an integral tank.

(e) Fuel tanks shall be isolated from personnel compartments by means of fumeproof and fuelproof enclosures.

(f) Fuel tanks located in close proximity to personnel compartments, engines, or combustion heaters shall be so designed or protected and installed as to assure that they will retain their contents in accidents of a severity which will produce the decelerations specified in § 7.260.

§ 7.423 *Fuel tank expansion space.* Fuel tanks shall be provided with an expansion space of not less than 2 percent of the tank capacity. It shall not be possible to fill the fuel tank expansion space inadvertently when the rotorcraft is in the normal ground attitude.

§ 7.424 *Fuel tank sump.* (a) Each fuel tank shall be provided with a sump having a capacity of not less than either 0.25 percent of the tank capacity or one-sixteenth of a gallon, whichever is the greater.

(b) The fuel tank sump capacity specified in paragraph (a) of this section shall be effective with the rotorcraft in the normal flight and ground attitudes, and shall be located so that the sump contents cannot be drawn out through the tank outlet opening. The fuel tank shall be constructed to permit drainage of any hazardous quantity of water from all portions of the tank to the sump when the rotorcraft is in the ground attitude.

(c) Fuel tank sumps shall be provided with an accessible and easily operable drain to permit complete drainage of the sump on the ground. The drain shall discharge clear of all portions of the rotorcraft and shall be provided with means for positive locking of the drain in the closed position, either manually or automatically.

§ 7.425 *Fuel tank filler connection.* (a) The design of fuel tank filler connections shall be such as to prevent the entrance of fuel into the fuel tank compartment or to any other portion of the rotorcraft other than the tank itself. The fuel tank filler shall be marked as prescribed in § 7.738 (b) (1).

(b) Recessed fuel tank filler connections which retain any appreciable quantity of fuel shall incorporate a drain, and the drain shall discharge clear of all portions of the rotorcraft.

(c) The fuel tank filler cap shall provide a fuel-tight seal under the pressure expected to be encountered in normal operation.

(d) *Category A.* Fuel tank filler caps or filler cap covers shall incorporate features which provide a warning indication when caps are not fully locked or seated on the filler connection.

§ 7.426 *Fuel tank vents and carburetor vapor vents.* (a) Fuel tanks shall be vented from the top portion of the expansion space in such a manner that venting of the tank is effective under all normal flight conditions. The following shall be applicable:

(1) The vents shall be arranged to avoid stoppage by dirt or ice formation.

(2) The vent arrangement shall be constructed to preclude the possibility of siphoning fuel during normal operation.

(3) The venting capacity and vent pressure levels shall be appropriate for the tank installation so as to maintain acceptable differences of pressure between the interior and exterior of the tank during normal flight operation, during maximum rate of ascent and descent, and, if applicable, during refueling and defueling.

(4) Air spaces of tanks with interconnected outlets shall also be interconnected.

(5) There shall be no points in the vent line where moisture could accumulate with the rotorcraft in either the ground or the level flight attitude unless drainage is provided.

(6) Vents and drainage shall not terminate at points where the discharge of fuel from the vent outlet would constitute a fire hazard or from which fumes could enter personnel compartments.

(b) Carburetors which are provided with vapor elimination connections shall be provided with a vent line to lead vapors back to one of the fuel tanks. The vents shall comply with the following:

(1) Provisions shall be incorporated in the vent system to avoid stoppage by ice.

(2) If more than one fuel tank is provided and it is necessary to use the tanks in a definite sequence, the vapor vent return line shall lead back to the fuel tank used for take-off and landing.

§ 7.427 *Fuel tank outlet.* A fuel strainer of 8 to 16 meshes per inch shall be provided either for the fuel tank outlet or for the booster pump. Strainers shall comply with the following:

(a) The clear area of the fuel tank outlet strainer shall not be less than 5 times the area of the fuel tank outlet line.

(b) The diameter of the strainer shall not be less than the diameter of the fuel tank outlet.

(c) Finger strainers shall be accessible for inspection and cleaning.

§ 7.428 *Pressure refueling and fueling provisions below fuel level in the tank.* Fueling connections located below the fuel level in a tank shall be provided with means to prevent the escape of hazardous quantities of fuel from the tank in the event of malfunctioning of the fuel entry valve. For systems intended for pressure refueling, in addition to the normal means provided in the rotorcraft for limiting the tank content, a means shall be installed to prevent damage to the tank in case of failure of the normal means.

FUEL SYSTEM COMPONENTS

§ 7.430 *Fuel pumps*—(a) *Main pumps.* (1) If the engine fuel supply is maintained by means of pumps which are not an integral part of the fuel control system certificated as part of the engine, at least one fuel pump for each engine shall be engine-driven.

(2) All positive displacement fuel pumps shall incorporate an integral bypass unless provision is made for a continuous supply of fuel to all engines in case of failure of any one pump. Engine fuel injection pumps which are approved as an integral part of the engine need not incorporate a by-pass.

(b) *Emergency pumps.* Emergency fuel pumps shall be available for immediate use in case of failure of any other fuel pump. No manipulation of fuel valves shall be necessary on the part of the crew to make an emergency fuel pump available to the engine which it is normally intended to serve when the fuel system is being operated in the configuration complying with the provisions of § 7.411.

§ 7.431 *Fuel pump installation.* (a) Provision shall be made to maintain the fuel pressure at the inlet to the carburetor within the range of limits established for proper engine operation.

(b) When necessary for the maintenance of the proper fuel delivery pressure, a connection shall be provided to transmit the carburetor air intake static pressure to the proper fuel pump relief valve connection. In such cases, to avoid erroneous fuel pressure reading, the gauge balance lines shall be independently connected to the carburetor inlet pressure.

(c) The installation of fuel pumps having seals or diaphragms which may be susceptible to leakage shall incorporate provisions for draining away leaking fuel. Drain lines shall terminate at points where discharge of fuel will not create a fire hazard.

§ 7.432 *Fuel system lines and fittings.* (a) Fuel lines shall be installed and supported to prevent excessive vibration and to withstand loads due to fuel pressure, valve actuation, and accelerated flight conditions.

(b) Fuel lines which are connected to components of the rotorcraft between which relative motion could exist shall incorporate provisions for flexibility.

(c) Flexible connections in fuel lines which may be under pressure or subjected to axial loading shall employ flexible hose assemblies rather than hose clamp connections.

(d) Flexible hose shall be of an approved type suitable for the application.

(e) Flexible hoses which might be adversely affected by exposure to high temperatures shall not be employed in locations where excessive temperature will exist during operation or after engine shut-down.

§ 7.433 *Fuel lines and fittings in designated fire zones.* Fuel lines and fittings in all designated fire zones (see § 7.480) shall comply with the provisions of § 7.483.

§ 7.434 *Fuel valves.* In addition to the requirements of § 7.482 for shut-off means, all fuel valves shall be provided with positive stops or suitable index provisions in the "on" and "off" positions, and they shall be supported so that loads resulting from their operation or from accelerated flight conditions are not transmitted to the lines attached to the valve.

§ 7.435 *Fuel strainer.* (a) A strainer incorporating a sediment trap and drain shall be provided in the fuel system between the fuel tanks and the engine and shall be installed in an accessible location.

(b) The strainer shall provide the necessary degree of protection for the fuel pumps, fuel controls, and the engine against dirt, sediment, and other foreign matter which might be present in the fuel. The screen or straining element shall be easily cleaned.

(c) The strainer shall be mounted in a manner not to cause its weight to be supported by the connecting lines or by the inlet or outlet connections of the strainer itself.

§ 7.436 *Fuel system drains.* Complete drainage of the system shall be accomplished by fuel strainer drains and other drains as provided in § 7.424 with the rotorcraft in its normal ground attitude. The following shall apply:

(a) Drains shall discharge clear of all portions of the rotorcraft and shall incorporate means for positive locking of the drain in the closed position, either manually or automatically.

(b) All fuel system drains shall be accessible.

(c) If drainage of the fuel strainer permits compliance with paragraphs (a) and (b) of this section, no additional drains need be provided unless it is possible for a hazardous quantity of water or sediment to be trapped therein. (See also § 7.483 (c).)

§ 7.437 *Fuel quantity indicator.* The fuel quantity indicator (see § 7.613) shall be installed to clearly indicate to the flight crew the quantity of fuel in each tank in flight. When two or more tanks are closely interconnected by a gravity feed system and vented, and it is impossible to feed from each tank

separately, only one fuel quantity indicator need be installed.

§ 7.438 *Low fuel warning device.* On rotorcraft with more than one fuel tank there shall be installed in addition to the fuel quantity indicator (see § 7.604), a warning device to indicate when the fuel in any tank becomes low.

NOTE: The fuel in any tank is considered to be low when there remains approximately a five-minute supply with the rotorcraft in the most critical sustained flight attitude.

OIL SYSTEM

§ 7.440 *General.* (a) Each engine shall be provided with an independent oil system capable of supplying the engine with an appropriate quantity of oil at a temperature not exceeding the maximum which has been established as safe for continuous operation. The oil system for components of the rotor drive system which require continuous lubrication shall be independent of the lubrication systems of the engines to whatever extent is necessary to assure the ability to operate with any engine inoperative and to assure the ability to autorotate safely. (For oil system instruments see §§ 7.604 and 7.735.)

(b) The usable oil capacity shall not be less than the product of the endurance of the rotorcraft under critical operating conditions and the maximum permissible oil consumption of the engine under the same conditions to which product a suitable margin shall be added to assure adequate circulation and cooling of the oil system. In lieu of a rational analysis of rotorcraft endurance and oil consumption, the total usable oil capacity of 1 gallon for each 40 gallons of usable fuel capacity, by volume, shall be considered acceptable.

(c) Oil-fuel ratios lower than those prescribed in paragraph (b) of this section shall be acceptable if substantiated by data on the actual oil consumption of the engine.

(d) The ability of the engine and rotor drive system oil cooling provisions to maintain the oil temperature at or below the maximum established value shall be demonstrated in accordance with pertinent provisions of §§ 7.450 through 7.455.

§ 7.441 *Oil tank construction.* The following requirements shall apply to the construction of the oil tank:

(a) *Oil tank expansion space.* (1) Oil tanks shall have an expansion space of not less than either 10 percent of the tank capacity or 0.5 gallon, whichever is the greater.

(2) Reserve oil tanks which have no direct connection to any engine shall have an expansion space which is not less than 2 percent of the tank capacity.

(3) It shall not be possible to fill the oil tank expansion space inadvertently when the rotorcraft is in the normal ground attitude.

(b) *Oil tank filler connection.* (1) Recessed oil tank filler connections which retain any appreciable quantity of oil shall discharge clear of all portions of the rotorcraft.

(2) The oil tank filler cap shall provide an oil-tight seal under the pressure expected to be encountered in operation.

(3) Category A: Oil tank filler caps or filler cap covers shall incorporate features which provide a warning indication when caps are not fully locked or seated on the filler connection.

(4) The oil filler shall be marked as prescribed in § 7.738 (b) (2).

(c) *Oil tank vent.* (1) Oil tanks shall be vented from the top portion of the expansion space in such a manner that venting of the tank is effective under all normal flight conditions.

(2) Oil tank vents shall be arranged so that condensation of water vapor which might freeze and obstruct the line cannot accumulate at any point. (See also § 7.483 (c).)

(d) *Oil tank outlet.* Provision shall be made either to prevent entrance into the tank itself or into the tank outlet of any foreign object which might obstruct the flow of oil through the system. The oil tank outlet shall not be enclosed by any screen or guard which would reduce the flow of oil below a safe value at any operating temperature condition.

(e) *Flexible oil tank liners.* Flexible oil tank liners shall be of an approved type or shall be shown to be suitable for the particular application.

§ 7.442 *Oil tank tests.* (a) Oil tanks shall be capable of withstanding without failure all vibration, inertia, and fluid loads to which they would be subjected in operation.

(b) The provisions of § 7.421 shall be applicable to oil tanks, except that the test pressure specified in § 7.421 (a) shall be 5 p. s. i.

§ 7.443 *Oil tank installation.* The oil tank installation shall comply with the provisions of § 7.422, except that the location of an engine oil tank in a designated fire zone shall be acceptable if the tank and its supports are of fireproof construction to the extent that damage by fire to any nonfireproof parts would not result in leakage or spillage of oil.

§ 7.444 *Oil lines and fittings*—(a) *General.* The provisions of § 7.432 shall be applicable to oil lines.

(b) *Lines and fittings in designated fire zones.* Oil lines and fittings in all designated fire zones (see § 7.480) shall comply with the provisions of § 7.483.

(c) *Breather lines.* (1) Breather lines shall be arranged so that condensation of water vapor which might freeze and obstruct the line cannot accumulate at any point.

(2) Breathers shall discharge in a location which will not constitute a fire hazard in case foaming occurs and in a manner so that the emitted oil will not impinge upon the pilot windshield.

(3) The breather shall not discharge into the engine air induction system. (See also § 7.483 (c).)

§ 7.445 *Oil valves.* (a) The requirements of § 7.482 for shut-off means shall be complied with. Closing of oil shut-off means shall not prevent autorotation of the rotors.

(b) All oil valves shall be provided with positive stops or suitable index provisions in the "on" and "off" positions, and they shall be supported so that loads resulting from their operation or from accelerated flight conditions are not transmitted to the lines attached to the valve.

§ 7.446 *Oil radiators.* (a) Oil radiators shall be capable of withstanding without failure all vibration, inertia, and oil pressure loads to which they would be subjected in operation.

(b) Oil radiator air ducts shall be located so that, in case of fire, flames cannot impinge directly upon the radiator with the air flow as it would exist either with the engine operating or inoperative.

§ 7.447 *Oil filters.* If the rotorcraft is equipped with an oil filter, the filter shall be constructed or installed in such a manner that complete blocking of the flow through the filter element will not prevent the safe operation of the engine or rotor drive oil supply systems.

§ 7.448 *Oil system drains.* Accessible drains shall be provided to permit safe drainage of the entire oil system and shall incorporate means for the positive locking of the drain in the closed position, either manually or automatically. (See also § 7.483 (c).)

COOLING SYSTEM

§ 7.450 *General.* The powerplant cooling provisions shall be capable of maintaining the temperatures of all powerplant components, engine and transmission fluids, and the carburetor intake air within safe values under all conditions of ground and flight operation. (For cooling system instruments see §§ 7.604 and 7.734.)

§ 7.451 *Cooling tests*—(a) *General.* Compliance with the provisions of § 7.450 shall be demonstrated by flight tests in which the temperatures of selected powerplant components, engine, and transmission fluids are obtained under critical ground, water, and flight operating conditions. If the tests are conducted under conditions which deviate from the maximum anticipated air temperature (see paragraph (b) of this section), the recorded powerplant temperatures shall be corrected in accordance with the provisions of paragraphs (c) and (d) of this section. The corrected temperatures determined in this manner shall not exceed the maximum established safe values. The fuel used during the cooling tests shall be of the minimum octane number approved for the engines involved, and the mixture settings shall be those used in normal operation. The test procedures shall be as outlined in §§ 7.452 through 7.455.

(b) *Maximum anticipated air temperature.* The maximum anticipated air temperature (hot day condition) shall be 100° F., at sea level, decreasing from this value at the rate of 3.6° F. per thousand feet of altitude above sea level until a temperature of −67° F. is reached above which altitude the temperature shall be constant at −67° F.

(c) *Correction factor for cylinder head, oil inlet, carburetor air, and engine and transmission coolant outlet temperatures.* The cylinder head, oil inlet, carburetor air, and engine coolant outlet temperatures shall be corrected by adding the difference between the maximum anticipated air temperature and the temperature of the ambient air at the time of the first occurrence of maximum head, air, oil, or coolant temperature recorded during the cooling test, unless a more rational correction is shown to be applicable.

(d) *Correction factor for cylinder barrel temperatures.* Cylinder barrel temperatures shall be corrected by adding 0.7 of the difference between the maximum anticipated air temperature and the temperature of the ambient air at the time of the first occurrence of the maximum cylinder barrel temperature recorded during the cooling test, unless a more rational correction is shown to be applicable.

§ 7.452 *Climb cooling test procedure (multiengine rotorcraft only).* (a) The climb cooling test shall be conducted with the engine inoperative which produces the most adverse cooling conditions for the engines and powerplant components remaining in operation.

(b) All remaining engines shall be operated at their maximum continuous power or at full throttle when above the critical altitude.

(c) After stabilizing temperatures in flight, the climb shall be started at or below the lower of the two following altitudes and shall be continued until at least 5 minutes after the occurrence of the highest temperature recorded, or until the maximum altitude is reached for which certification is desired:

(1) 1,000 feet below the engine critical altitude,

(2) 1,000 feet below the maximum altitude at which the rate of climb is equal to 150 fpm.

(d) The climb shall be conducted at an air speed selected to represent a normal operational practice for the configuration being tested. However, if it is determined that characteristics of the cooling provisions make them sensitive to rotorcraft speed, the most critical air speed shall be used, but need not exceed the speed used in determining the rate of climb required in § 7.115 (c). It shall be acceptable to conduct the climb cooling test in conjunction with the take-off cooling test of § 7.453.

§ 7.453 *Category A; take-off cooling test procedure.* A take-off cooling test shall be conducted to demonstrate cooling during take-off and during subsequent climb with one engine inoperative. The following procedure shall be applicable:

(a) The take-off cooling test shall be commenced by stabilizing temperatures while hovering just above ground effect with all engines operating at necessary power with the appropriate cowl flap and shutter settings.

(b) After all temperatures have stabilized, the climb shall be started at the lowest practicable altitude and shall be conducted with one engine inoperative.

(c) The remaining engines shall be operated at take-off rpm and power (or at full throttle when above the take-off critical altitude) for the same time interval as take-off power is used during determination of the take-off flight path (see § 7.114).

(d) At the end of the time interval prescribed in paragraph (c) of this section the power shall be reduced to the maximum continuous power and the climb continued until at least 5 minutes after the occurrence of the highest temperature recorded.

(e) The speed used during take-off power operation (paragraph (c) of this section) shall be the speed used during determination of the take-off flight path (see § 7.114).

§ 7.454 *Category B; cooling test procedure (single engine rotorcraft).* This test shall be conducted as follows:

(a) The cooling test shall be commenced by stabilizing temperatures while hovering just above ground effect with necessary power and appropriate cowl flap and shutter settings.

(b) After all temperatures have stabilized, the climb shall be started at the lowest practicable altitude with take-off power.

(c) Take-off power shall be used for the same time interval as take-off power is used during determination of the take-off flight path (see § 7.114).

(d) At the end of the time interval prescribed in paragraph (c) of this section the power shall be reduced to the maximum continuous power and the climb continued until at least 5 minutes after the occurrence of the highest temperature recorded.

(e) The cooling test shall be conducted at an air speed corresponding to normal operational practice for the configuration being tested. However, if it is determined that characteristics of the cooling provisions make them sensitive to rotorcraft speed, the most critical air speed shall be used, but need not exceed the best rate-of-climb speed with maximum continuous power.

§ 7.455 *Hovering cooling test procedure.* Hovering cooling tests shall be conducted as follows:

(a) With all engines operating at the power required for hovering at maximum certificated weight just above the ground effect at sea level and still wind, until at least 5 minutes after the occurrence of the highest temperature recorded.

(b) With all engines operating at maximum continuous power, rotorcraft at maximum certificated weight, and the altitude resulting in zero rate-of-climb for this configuration, until at least 5 minutes after the occurrence of the highest temperature recorded.

INDUCTION AND EXHAUST SYSTEMS

§ 7.460 *General.* (a) The engine air induction system shall permit supplying the proper quantity of air to the engine under all conditions of operation.

(b) The induction system shall provide air for proper fuel metering and mixture distribution with the induction system valves in any position.

(c) Air intakes shall not open within the engine accessory section nor other areas of the powerplant compartment where emergence of backfire flame would constitute a fire hazard.

(d) Each engine shall be provided with an alternate air source.

(e) Alternate air intakes shall be so located as to preclude the entrance of rain, ice, or any other foreign matter.

§ 7.461 *Induction system de-icing and anti-icing provisions*—(a) *General.* The engine air induction system shall incorporate means for the prevention and elimination of ice accumulations.

(b) *Heat rise.* Unless it is demonstrated that other means will accomplish the intent of paragraph (a) of this section, compliance with the following heat-rise provisions shall be demonstrated in air free of visible moisture at a temperature of 30°F.

(1) Rotorcraft equipped with sea level engines employing conventional venturi carburetors shall have a preheater capable of providing a heat rise of 90°F. when the engine is operating at 60 percent of its maximum continuous power.

(2) Rotorcraft equipped with sea level engines employing carburetors which embody features tending to reduce the possibility of ice formation shall have a preheater capable of providing a heat rise of 70°F. when the engine is operating at 60 percent of its maximum continuous power.

(3) Rotorcraft equipped with altitude engines employing conventional venturi carburetors shall have a preheater capable of providing a heat rise of 120°F. when the engine is operating at 60 percent of its maximum continuous power.

(4) Rotorcraft equipped with altitude engines employing carburetors which embody features tending to reduce the possibility of ice formation shall have a preheater capable of providing a heat rise of 100°F. when the engine is operating at 60 percent of its maximum continuous power.

§ 7.462 *Carburetor air preheater design.* Carburetor air preheaters shall incorporate the following provisions.

(a) Means shall be provided to assure ventilation of the preheater when the engine is being operated with cold air.

(b) The preheater shall be constructed to permit inspection of exhaust manifold parts which it surrounds and also to permit inspection of critical portions of the preheater itself.

§ 7.463 *Induction system ducts.* Induction system ducts shall incorporate the following provisions:

(a) Induction system ducts ahead of the first stage of the supercharger shall be provided with drains to prevent hazardous accumulations of fuel and moisture in the ground attitude. The drains shall not discharge in locations which might cause a fire hazard.

(b) Sufficient strength shall be incorporated in the ducts to prevent induction system failures resulting from normal backfire conditions.

(c) Ducts which are connected to components of the rotorcraft between which relative motion could exist shall incorporate provisions for flexibility.

(d) Induction system ducts within any fire zone for which a fire-extinguishing system is required shall be of fire-resistant construction.

NOTE: Fireproof ducts are required in instances in which the duct may pass through a fire wall.

§ 7.464 *Induction system screens.* If induction system screens are employed,

they shall comply with the following provisions:

(a) Screens shall be located upstream from the carburetor.

(b) Screens shall not be located in portions of the induction system which constitute the only passage through which air can reach the engine, unless the screen is so located that it can be de-iced by heated air.

(c) De-icing of induction system screens by means of alcohol alone in lieu of heated air shall not be acceptable.

(d) It shall not be possible for fuel to impinge upon the screens.

§ 7.465 *Carburetor air cooling.* Installations employing two-stage superchargers shall be provided with means to maintain the air temperature at the inlet to the carburetor at or below the maximum established value. Demonstration of compliance with this provision shall be accomplished in acordance with § 7.451.

§ 7.466 *Inter-coolers and after-coolers.* Inter-coolers and after-coolers shall be capable of withstanding without failure all vibration, inertia, and air pressure loads to which they would be subjected in operation.

§ 7.467 *Exhaust system and installation components*—(a) *General.* (1) The exhaust system shall be constructed and arranged to assure the safe disposal of exhaust gases without the existence of a fire hazard or carbon monoxide contamination of air in personnel compartments.

(2) Unless appropriate precautions are taken, exhaust system parts shall not be located in hazardous proximity to portions of any system carrying flammable fluids or vapors nor shall they be located under portions of such systems where the latter could be subject to leakage.

(3) All rotorcraft components upon which hot exhaust gases might impinge, or which could be subjected to high temperatures due to proximity to exhaust system parts, shall be constructed of firepoof material. All exhaust system components shall be separated by means of fireproof shields from adjacent portions of the rotorcraft which are outside the engine compartment.

(4) Exhaust gases shall not discharge in a manner to cause a fire hazard with respect to any flammable fluid vent or drain.

(5) Exhaust gases shall not discharge at a location which will cause a glare seriously affecting pilot visibility at night.

(6) All exhaust system components shall be ventilated to prevent the existence of points of excessively high temperature.

(7) Exhaust shrouds shall be ventilated or insulated to avoid during normal operation a temperature sufficiently high to ignite any flammable fluids or vapors external to the shrouds.

(b) *Exhaust piping.* (1) Exhaust piping shall be constructed of material resistant to heat and corrosion, and shall incorporate provisions to prevent failure due to expansion when heated to operating temperatures.

(2) Exhaust pipes shall be supported to withstand all vibration and inertia loads to which they would be subjected in operation.

(3) Portions of the exhaust piping which are connected to components between which relative motion could exist shall incorporate provisions for flexibility.

(c) *Exhaust heat exchangers.* (1) Exhaust heat exchangers shall be constructed and installed to assure their ability to withstand without failure all vibration, inertia, and other loads to which they would be subjected in operation.

(2) Heat exchangers shall be constructed of materials which are suitable for continued operation at high temperatures and which are resistant to corrosion due to elements contained in exhaust gases.

(3) Provision shall be made for the inspection of all critical portions of exhaust heat exchangers.

(4) Heat exchangers shall incorporate cooling provisions wherever they are subject to contact with exhaust gases.

(5) Heat exchangers or muffs shall incorporate no stagnant areas or liquid trap which would increase the possibility of ignition of flammable fluids or vapors which might be present in case of failure or malfunctioning of components carrying flammable fluids.

(d) *Exhaust heating of ventilating air.* If an exhaust heat exchanger is used for heating ventilating air used by personnel, a secondary heat exchanger shall be provided between the primary exhaust gas heat exchanger and the ventilating air system, unless it is demonstrated that other means used preclude harmful contamination of the ventilating air.

POWERPLANT CONTROLS AND ACCESSORIES

§ 7.470 *Powerplant controls; general.* Same as corresponding section in Part 6 except add: "In addition, all powerplant controls shall comply with the following:

(a) Controls shall be so located that they cannot be inadvertently operated by personnel entering, leaving, or making normal movements in the cockpit.

(b) Controls shall maintain any set position without constant attention by flight personnel. They shall not creep due to control loads or vibration.

(c) Controls shall have strength and rigidity to withstand operating loads without failure and without excessive deflection."

§ 7.471 *Throttle and A. D. I. system controls.* (a) A separate throttle control shall be provided for each engine. Throttle controls shall be grouped and arranged to permit separate control of each engine and also simultaneous control of all engines in such a manner that proper synchronization of the power of all engines can be readily achieved.

(b) Same of § 6.471 (b).

(c) If an antidetonant injection system is provided, the control shall be incorporated in the throttle controls, except that a separate control may be provided for the antidetonant injection pump.

§ 7.472 *Ignition switches.* (a) Ignition switches shall provide control for each ignition circuit on each engine. Means shall be provided for quickly shutting off all ignition by the grouping of switches or by providing a master ignition control. If a master ignition control is provided, a guard shall be incorporated to prevent inadvertent operation of the control.

§ 7.473 *Mixture controls.* (a) Same as § 6.473.

(b) Any intermediate position of the mixture controls which corresponds with a normal operating setting shall be provided with a means of identification by feel and by vision.

§ 7.474 *Carburetor air preheat controls.* Separate carburetor air preheat controls shall be provided to regulate the temperature of the carburetor air for each engine.

§ 7.475 *Supercharger controls.* Supercharger controls shall be accessible to the pilots, except where a separate flight engineer station with a control panel is provided, in which case they shall be accessible to the flight engineer.

§ 7.476 *Rotor brake controls.* It shall be mechanically impossible to apply the rotor brake in flight.

(a) Means shall be provided to warn the crew if the rotor brake has not been completely released prior to take off.

§ 7.477 *Powerplant accessories.* (a) Same as § 6.474.

(b) Items of electrical equipment subject to arcing or sparking shall be installed in such a way as to minimize the possibility of their contact with any flammable fluids or vapors which might be present in a free state.

(c) If continued rotation of an engine-driven cabin supercharger or any remote accessory driven by the engine will constitute a hazard in case malfunctioning occurs, means shall be provided to prevent hazardous rotation of such accessory without interfering with the continued operation of the engine. (See also § 7.358 (c).)

NOTE: Hazardous rotation may involve consideration of mechanical damage or sustained air flows which may be dangerous under certain conditions.

§ 7.478 *Engine ignition systems.* (a) Battery ignition systems shall be supplemented with a generator which is automatically made available as an alternate source of electrical energy to permit continued engine operation in the event of the depletion of any battery.

(b) The capacity of batteries and generators shall be sufficient to meet the simultaneous demands of the engine ignition system and the greatest demands of any rotorcraft electrical system components which draw electrical energy from the same source.

(1) The design of the engine ignition system shall take into consideration the condition of an inoperative generator and the condition of a completely depleted battery when the generator is running at its normal operating speed.

(2) If only one battery is provided, the design of the engine ignition system shall take into consideration the condition in which the battery is completely depleted and the generator is operating at idling speed.

(3) Portions of magneto ground wires for separate ignition circuits which lie on the engine side of the fire wall shall be installed, located, or protected so as to minimize the possibility of simultaneous failure of two or more wires as a result of mechanical damage, electrical faults, etc.

(4) Ground wires for any engine shall not be routed through fire zones, except those associated with the engine which the wires serve, unless those portions of the wires which are located in such fire zones are fireproof or are protected against the possibility of damage by fire in a manner to render them fireproof. (See § 7.472 for ignition switches.)

(5) Ignition circuits shall be electrically independent of all other electrical circuits except circuits used for analyzing the operation of the ignition system.

(c) Means shall be provided to warn flight personnel if malfunctioning of any part of the electrical system is causing the continuous discharging of a battery which is necessary for engine ignition. (See § 7.472 for ignition switches.)

POWERPLANT FIRE PROTECTION

§ 7.480 *Designated fire zones.* (a) Designated fire zones shall comprise the following regions: (See also § 7.385.)

(1) Engine power section,

(2) Engine accessory section,

(3) Complete powerplant compartments in which no isolation is provided between the engine power section and the engine accessory section,

(4) Auxiliary power unit compartments,

(5) Fuel-burning heaters and other combustion equipment installations as defined by § 7.383.

(b) Designated fire zones shall be protected from fire by compliance with §§ 7.481 through 7.489.

NOTE: (Category B) For category B rotorcraft, the powerplant fire protection provisions are intended to insure that the main and auxiliary rotors and controls remain operable, the essential rotorcraft structure remains intact, and that the passengers and crew are otherwise protected for a period of at least 5 minutes after the start of an engine fire to permit a controlled autorotational landing.

§ 7.481 *Flammable fluids.* (a) No tanks or reservoirs which are a part of a system containing flammable fluids or gases shall be located in designated fire zones, except where the fluid contained, the design of the system, the materials used in the tank and its supports, the shut-off means, all connections, lines, and controls are such as to provide an equally high degree of safety.

(b) Fuel tanks shall be isolated from the engines by a fire wall or shroud. Not less than one-half inch of clear air space shall be provided between any tank or reservoir and a fire wall or shroud isolating a designated fire zone, unless other equivalent means are used to protect against heat transfer from the fire zone to the flammable fluid.

(c) No component of a flammable fluid-carrying system shall be located in close proximity to materials which can absorb such a fluid.

§ 7.482 *Shut-off means.* (a) Means for each individual engine and for each individual fire zone specified in § 7.480 (a) shall be provided for shutting off or otherwise preventing hazardous quantities of fuel, oil, de-icer, and other flammable fluids from flowing into, within, or through any designated fire zone, except that means need not be provided to shut-off flow in lines forming an integral part of an engine.

Category B: In installations using engines of less than 500 cu. in. displacement, shut-off means need not be provided for engine oil systems.

Category A: It shall be shown that no hazardous quantity of flammable fluid could drain into any designated fire zone after shutting off has been accomplished. Closing the fuel shut-off valve for any engine shall not make any of the fuel supply unavailable to the remaining engines.

(b) Operation of the shut-off means shall not interfere with the subsequent emergency operation of other equipment, such as declutching the engine from the rotor drive.

(c) The shut-off means shall be located outside of designated fire zones, unless an equally high degree of safety is otherwise provided (see § 7.481).

(d) Provision shall be made to guard against inadvertent operation of the shut-off means, and to make it possible for the crew to reopen the shut-off means in flight after it has once been closed.

§ 7.483 *Lines and fittings.* Same as § 6.485.

§ 7.484 *Fire extinguishing systems*—(a) *General.* (1) Fire extinguishing systems shall be provided to serve all designated fire zones.

Category B: In installations employing engines of 1,500 cu. in. or less displacement, fire extinguishing systems need not be provided.

(2) The fire extinguishing system, the quantity of extinguishing agent, and the rate of discharge shall be such as to provide two adequate discharges. It shall be possible to direct both discharges to any main engine installation. Individual "one-shot" systems shall be acceptable in the case of auxiliary power units, fuel-burning heaters, and other combustion equipment.

Category B: On single-engine rotorcraft, the quantity of extinguishing agent and the rate of discharge shall be such as to provide one adequate discharge for the engine compartment.

(3) The fire extinguishing system for a powerplant shall be capable of protecting simultaneously all zones of the powerplant compartment for which protection is provided,

(b) *Fire extinguishing agents.* Same as § 6.488 (b).

(c) *Extinguishing agent container pressure relief.* Same as § 6.488 (c).

(d) *Extinguishing agent container compartment temperature.* Same as § 6.488 (d).

(e) *Fire extinguishing system materials.* Same as § 6.488 (e).

§ 7.485 *Fire detector systems.* Quick-acting fire detectors of an approved type shall be provided in all designated fire zones, and they shall be sufficient in number and location to assure prompt detection of fire in such zones. Fire detectors shall comply with the following provisions:

(a) through (d) same as § 6.487 (a) through (d).

(e) Detector system components for any fire zone shall not pass through other fire zones, unless they are protected against the possibility of false warnings resulting from fires in zones through which they pass. This requirement shall not be applicable with respect to zones which are simultaneously protected by the same detector and extinguishing systems.

Category B: In installations employing engines of 900 cu. in. or less displacement, fire detectors need not be provided.

§ 7.486 *Fire wall.* Engines shall be isolated from personnel compartment by means of fire walls, shrouds, or other equivalent means. They shall be similarly isolated from the structure, controls, rotor mechanism, and other parts essential to controlled flight and landing of the rotorcraft, unless such parts are protected in accordance with the provisions of § 7.384. All auxiliary power units, fuel-burning heaters, and other combustion equipment which are intended for operation in flight shall be isolated from the remainder of the rotorcraft by means of fire walls, shrouds, or other equivalent means. In complying with the provisions of this section, account shall be taken of the probable path of a fire as affected by the air flow in normal flight and in autorotation. The following shall apply:

(a) through (c) same as § 6.483 (b) through (d) respectively.

§ 7.487 *Cowling.* (a) Same as § 6.484 (a).

(b) Cowling shall have drainage and ventilation provisions as prescribed in § 7.489.

(c) On rotorcraft equipped with a diaphragm complying with § 7.488, the parts of the accessory section cowling which might be subject to flame in the event of a fire in the engine power section of the powerplant shall be constructed of fireproof material and shall comply with the provisions of § 7.486.

(d) Same as § 6.484 (d).

(e) Category A: The rotorcraft shall be so designed and constructed that fire originating in any fire zone cannot enter, either through openings or by burning through external skin, into any other zone or region where such fire would create additional hazards. If the rotorcraft is provided with a retractable landing gear, this provision shall apply with the landing gear retracted. Fireproof materials shall be used for all skin areas which might be subjected to flame in the event of a fire originating in the engine power or accessory sections.

§ 7.488 *Category A; engine accessory section diaphragm.* Unless equivalent protection can be shown by other means, a diaphragm shall be provided on air-

cooled engines to isolate the engine power section and all portions of the exhaust systems from the engine accessory compartment. This diaphragm shall comply with the provisions of § 7.486.

§ 7.489 *Drainage and ventilation of fire zones.* (a) Provision shall be made for the rapid and complete drainage of all portions of designated fire zones in the event of failure or malfunctioning of components containing flammable fluids. The drainage provisions shall be so arranged that the discharged fluid will not cause an additional fire hazard.

(b) All designated fire zones shall be ventilated to prevent the accumulation of flammable vapors. Ventilation openings shall not be placed in locations which would permit the entrance of flammable fluids, vapors, or flame from other zones. The ventilation provisions shall be so arranged that the discharged vapors will not cause an additional fire hazard.

(c) Category A: Except with respect to the engine power section of the powerplant compartment, provision shall be made to permit the crew to shut off sources of forced ventilation in any fire zone, unless the amount of extinguishing agent and rate of discharge are based on maximum air flow through the zone.

SUBPART F—EQUIPMENT

GENERAL

§§ 7.600 through 7.602 Same as corresponding sections in Part 6.

§ 7.603 *Flight and navigational instruments.* (See § 7.612 for installation requirements.)

(a) Air-speed indicating system,
(b) Altimeter (sensitive),
(c) Clock (sweep-second),
(d) Free air temperature indicator,
(e) Gyroscopic bank and pitch indicator (non-tumbling type),
(f) Gyroscopic rate-of-turn indicator (with slip indicator),
(g) Gyroscopic direction indicator,
(h) Magnetic direction indicator,
(i) Rate-of-climb indicator (vertical speed).

§ 7.604 *Powerplant instruments.* (See § 7.613 for installation requirements.)

(a) Carburetor air temperature indicator for each engine.

(b) Cylinder head temperature indicator for each air-cooled engine, or coolant temperature for each liquid-cooled engine.

(c) (1) Category A: An individual fuel pressure indicator for each engine and either an independent warning device for each engine or a master warning device for all engines with means for isolating the individual warning circuit from the master warning device.

(2) Category B: An individual fuel pressure indicator for each engine.

(d) Category A: Fuel flowmeter indicator or fuel mixture indicator for each engine not equipped with an automatic altitude mixture control.

(e) Fuel quantity indicator for each fuel tank (see § 7.437).

(f) Low fuel warning device for each tank if a multi-tank system is employed (see § 7.416).

(g) Manifold pressure indicator for each engine, if altitude engines are used.

(h) (1) Category A: An individual oil pressure indicator for each engine and either an independent warning device for each engine or a master warning device for all engines with means for isolating the individual warning circuit from the master warning device.

(2) Category B: An individual oil pressure indicator for each engine.

(i) An oil pressure warning device for each pressure lubricated gear box to indicate when the oil pressure falls below a safe value.

(j) Oil quantity indicator for each oil tank and each rotor drive gear box, if lubricant is self-contained.

(k) Oil temperature indicator for each engine.

(l) An oil temperature warning device to indicate when the oil temperature in any rotor drive gear box exceeds a safe value.

(m) Tachometer for each engine. (These tachometers may be combined in a single instrument with that required by paragraph (n), except that such an instrument shall indicate rotor rpm during autorotation.)

(n) Tachometer(s) to indicate rotor rpm of the main rotor(s), or for each main rotor, the speed of which can vary appreciably with respect to another main rotor.

(o) Category A: Fire warning indicators (see § 7.485).

(o) Category B: Fire warning indicators when fire detection is required (see § 7.485).

(p) A device for each engine capable of indicating to the flight crew during flight any change in the power output, if the total engine cylinder displacement is more than 2,000 cubic inches.

§ 7.605 *Miscellaneous equipment.* There shall be installed:

(a) Approved seats for all occupants (see § 7.355).

(b) Approved individual safety belts for all occupants (see § 7.643).

(c) A master switch arrangement for electrical circuits other than ignition (see § 7.622 (c)).

(d) A source(s) of electrical energy (see § 7.620).

(e) Electrical protective devices (see § 7.624).

(f) Hand fire extinguishers (see §§ 7.380 (a) and 7.381 (e) and (f)).

(g) Windshield wiper or equivalent for each pilot (see § 7.351 (b)).

(h) Radio communication system (two-way).

(i) Ignition switch for each and all engines (see § 7.472).

§ 7.606 *Equipment, systems, and installations*—(a) *Functioning and reliability.* All equipment, systems, and installations, the functioning of which is necessary in showing compliance with the Civil Air Regulations shall be designed and installed to insure that they will perform their intended functions reliably under all reasonably foreseeable operating conditions.

(b) *Hazards.* All equipment, systems, and installations shall be designed to safeguard against hazards to the rotorcraft in the event of their malfunctioning or failure.

(c) *Category A; power supply.* Where an installation, the functioning of which is necessary in showing compliance with the Civil Air Regulations, requires a power supply, such installation shall be considered an essential load on the power supply, and the power sources and the system shall be capable of supplying the following power loads in probable operating combinations and for probable durations:

(1) All loads connected to the system with the system fuctioning normally;

(2) All essential loads after failure of any one prime mover, power converter, or energy storage device;

(3) All essential loads after failure of any one engine on two- or three-engine rotorcraft, or after failure of any two engines on rotorcraft with four or more engines.

(4) In determining the probable operating combinations and durations of essential loads for the partial power failure conditions prescribed in subparagraphs (2) and (3) of this paragraph, it shall be permissible to assume that the power loads are reduced in accordance with a monitoring procedure which is consistent with safety in the types of operations authorized. If a particular load is not required to maintain controlled flight, it need not be considered for the two-engine inoperative condition on rotorcraft with four or more engines as prescribed in subparagraph (3) of this paragraph.

INSTRUMENTS; INSTALLATION

§ 7.610 *General.* The provisions of §§ 7.611 through 7.613 shall apply to the installation of instruments in rotorcraft.

NOTE: It may be necessary to duplicate certain instruments at two or more crew stations for either of the following reasons:

(1) When necessary to meet the instrument visibility requirements specified in § 7.611, or

(2) When required by the operating rules for reliability or cross check purposes in particular types of operations. In this case independent operating systems are required in accordance with the provisions of § 7.612 (f).

§ 7.611 *Arrangement and visibility of instrument installations.* (a) Flight, navigation, and powerplant instruments for use by each pilot shall be plainly visible to him from his station with the minimum practicable deviation from his normal position and line of vision when he is looking out and forward along the flight path.

(b) The required instruments consisting of the airspeed indicator, gyroscopic direction indicator, gyroscopic bank and pitch indicator, gyroscopic turn and bank indicator, altimeter, rate of climb indicator, rotor tachometer(s) and manifold pressure indicator, shall be grouped and shall be centered as nearly as practicable about the vertical plane of the pilot's forward vision. Additional instruments considered of prime importance to the safe operation of the rotorcraft shall be included in the grouping.

(c) All other required powerplant instruments shall be closely grouped on the instrument panel.

(d) Identical powerplant instruments for the several engines shall be located to prevent any misleading impression as the engines to which they relate.

(e) Powerplant instruments vital to the safe operation of the rotorcraft shall be plainly visible to the appropriate crew members.

(f) The vibration characteristics of the instrument panel shall be such as not to impair seriously the accuracy of the instruments or to damage them.

§ 7.612 *Flight and navigational instruments*—(a) *Air-speed indicating systems.* (1) Air-speed indicating instruments shall be calibrated to indicate true air speed at sea level in the standard atmosphere with a minimum practicable instrument calibration error when the corresponding pitot and static pressures are applied to the instrument.

(2) The air-speed indicating system shall be calibrated in flight to determine the system error, i. e., the relation between IAS and CAS.

(3) The air-speed error of the installation, excluding the air-speed indicator instrument calibration error, shall not exceed 3 percent or 5 mph, whichever is the greater, throughout the speed range at forward speeds of 10 mph or over.

(4) The air-speed indicating system shall be arranged insofar as practicable to preclude malfunctioning or serious error due to the entry of moisture, dirt, or other substances.

(5) The air-speed indicating system shall be provided with a heated pitot tube or equivalent means of preventing malfunctioning due to icing.

(b) *Static air vent and pressure altimeter systems.* (1) All instruments provided with static air case connections shall be vented to the outside atmosphere through an appropriate piping system.

(2) The vent(s) shall be so located on the rotorcraft that its orifices will be least affected by air flow variation, moisture, or other foreign matter.

(3) The installation shall be such that the system will be air-tight, except for the vent into the atmosphere.

(4) Pressure altimeters shall be of an approved type and shall be calibrated to indicate pressure altitude in standard atmosphere with a minimum practicable instrument calibration error when the corresponding static pressures are applied to the instrument.

(5) The design and installation of the altimeter system shall be such that the error in indicated pressure altitude at sea level in standard atmosphere, excluding instrument calibration error, does not result in a reading more than 10 feet high nor more than 30 feet low in the speed range 0 mph to 0.9 of V_H.

(c) *Magnetic direction indicator.* (1) The magnetic direction indicator shall be installed so that its accuracy will not be excessively affected by the rotorcraft's vibration or magnetic fields of a permanent or transient nature.

(2) After the magnetic direction indicator has been compensated, the calibration shall be such that the deviation in level flight does not exceed ±10° on any heading.

(3) A calibration placard shall be provided as specified in § 7.733.

(d) *Automatic pilot system.* If an automatic pilot system is installed, it shall be of an improved type, and the following shall be applicable:

(1) The system shall be so designed that the automatic pilot can either:

(i) Be quickly and positively disengaged by the human pilots to prevent it from interfering with their control of the rotorcraft, or

(ii) Be sufficiently overpowered by one human pilot to enable him to control the rotorcraft.

(2) A means shall be provided to indicate readily to the pilot the alignment of the actuating device in relation to the control system which it operates, except when automatic synchronization is provided.

(3) The manually operated control(s) for the system's operation shall be readily accessible to the pilots.

(4) The automatic pilot system shall be of such design and so adjusted that, within the range of adjustment available to the human pilot, it cannot produce hazardous loads on the rotorcraft or create hazardous deviations in the flight path under any conditions of flight appropriate to its use either during normal operation or in the event of malfunctioning, assuming that corrective action is initiated within a reasonable period of time.

(e) *Instruments utilizing a power supply.* Each required flight instrument utilizing a power supply shall be provided with two independent sources of power, a means of selecting either power source, and a means of indicating the adequacy of the power being supplied to the instrument. The installation and power supply system shall be such that failure of any flight instrument connected to one source, or of the energy supply from one source, or a fault in any part of the power distribution system, will not interfere with the proper supply of energy from the other source. (See also §§ 7.606, 7.620, and 7.658.)

(f) *Duplicate instrument systems.* If duplicate flight instruments are required by the regulations of this subchapter (see note under § 7.610), the operating system for a duplicate instrument shall be completely independent of the operating system for the duplicated instrument. Additional instruments shall not be connected to the first pitot system. If additional instruments are connected to the other system, provision shall be made to disconnect or isolate in flight such additional instruments.

§ 7.613 *Powerplant instruments*—(a) *Instrument lines.* (1) Powerplant instrument lines carrying flammable fluids or gases under pressure shall be provided with restricted orifices or equivalent safety devices at the source of the pressure to prevent the escape of excessive fluid or gas in case of line failure.

(2) The provisions of §§ 7.432 and 7.433 shall be made applicable to powerplant instrument lines.

(b) *Fuel quantity indicator.* Means shall be provided to indicate to the flight crew the quantity in gallons or equivalent units of usable fuel in each tank during flight. The following shall apply:

(1) Tanks, the outlets and air spaces of which are interconnected, shall be considered as one tank for the purpose of providing separate indicators.

(2) Exposed sight gauges shall be protected against damage.

(3) Fuel quantity indicators shall be calibrated to read zero during level flight when the quantity of fuel remaining in the tank is equal to the unusable fuel supply as defined by § 7.416 (see § 7.736).

(c) *Fuel flowmeter system.* When a flowmeter system is installed, the metering component shall include a means for by-passing the fuel supply in the event that malfunctioning of the metering component results in a severe restriction to fuel flow.

(d) *Oil quantity indicator.* (1) A stick gauge or other equivalent means shall be provided to indicate the quantity of oil in each tank and in each transmission gear box (see § 7.735).

ELECTRICAL SYSTEM AND EQUIPMENT

§ 7.620 *General.* The provisions of §§ 7.621 through 7.627 shall apply to all electrical systems and equipment (see also § 7.606).

§ 7.621 *Electrical system capacity.* The required generating capacity and the number and type of power sources shall be determined by an electrical load analysis and shall comply with § 7.606 (c) and (d).

§ 7.622 *Generating system.* (a) The generating system shall be considered to include electrical power sources, main power busses, transmission cables, and associated control, regulation, and protective devices.

(b) The generating system shall be so designed that the power sources function properly both when connected in combination and independently, and the failure or malfunctioning of any power source cannot create a hazard or impair the ability of the remaining sources to supply essential loads.

(c) Means accessible in flight to appropriate crew members shall be provided for the individual and collective disconnection of electrical power sources for the main bus.

(d) Means shall be provided to indicate to appropriate crew members those generating system quantities which are essential for the safe operation of the system.

NOTE: The voltage and current supplied by each generator are quantities considered essential.

§ 7.623 *Distribution system.* (a) The distribution system shall be considered to include all distribution busses, their associated feeders, and control and protective devices.

(b) Individual distribution systems shall be designed to insure that essential load circuits can be supplied in the event of reasonably probable faults or open circuits.

(c) Where two independent sources of electrical power for particular equipment or systems are required by the Civil Air

Regulations, their electrical energy supply shall be assured.

NOTE: Various means may be used to assure a supply, such as duplicate electrical equipment, throw-over switching, and multi-channel or loop circuits separately routed.

§ 7.624 *Electrical protection.* (a) Automatic protective devices shall be provided to minimize distress to the electrical system and hazard to the rotorcraft in the event of wiring faults or serious malfunctioning of the system or connected equipment.

(b) In the generating system, means shall be provided to automatically deenergize and disconnect from the main bus any power source which develops hazardous overvoltage.

(c) All resettable type circuit protective devices shall be so designed that, when an overload or circuit fault exists, they will open the circuit irrespective of the position of the operating control.

(d) Protective devices or their controls used in essential load circuits shall be accessible for resetting in flight.

(e) Circuits for essential loads shall have individual circuit protection.

NOTE: This provision does not necessarily require individual protection for each circuit in an essential load system, e. g., each position light in the system.

(f) If fuses are used, there shall be provided spare fuses for use in flight equal to at least 50 percent of the number of fuses of each rating required for complete circuit protection.

§ 7.625 *Electrical equipment and installation.* (a) In showing compliance with § 7.606 (a) and (b) with respect to the electrical system, equipment, and installation, consideration shall be given to critical environmental conditions.

NOTE: Critical environmental conditions may include temperature, pressure, humidity, ventilation, position, acceleration, vibration, and presence of detrimental substances.

(b) All electrical equipment, controls, and wiring shall be so installed that operation of any one unit or system of units will not affect adversely the simultaneous operation of any other electrical unit or system of units essential to the safe operation of the rotorcraft.

(c) Cables shall be grouped, routed, and spaced so that damage to essential circuits will be minimized in the event of faults in heavy current-carrying cables.

(d) Batteries and their installations shall provide for ventilation, drainage of fluids, venting of gases, and protection of other parts of rotorcraft from corrosive battery fluids.

§ 7.626 *Electrical system fire and smoke protection.* The design and installation of all components of the electrical system shall be in compliance with pertinent fire and smoke protection provisions of §§ 7.358 (c) and 7.385. All electrical cables, terminals and equipment which are necessary in emergency procedures and which are located in designated fire zones shall be fire resistant.

LIGHTS

§§ 7.630 and 7.631 Same as corresponding sections in Part 6.

§ 7.632 *Position light system installation*—(a) *General.* The provisions of §§ 7.632 through 7.635 shall be applicable to the position light system as a whole. The position light system shall include the items specified in paragraphs (b) through (g) of this section.

(b) *Forward position lights.* Forward position lights shall consist of a red and a green light spaced laterally as far apart as practicable and installed forward on the rotorcraft in such a location that, with the rotorcraft in normal flying position, the red light is displayed on the left side and the green light is displayed on the right side. The individual lights shall be of an approved type.

(c) *Rear position lights.* Rear position lights shall consist of a red and a white light mounted on the rotorcraft as far aft as practicable and located in close proximity to each other. Individual lights shall be of an approved type.

(d) *Fuselage lights.* Fuselage lights shall consist of two white lights installed approximately in the same vertical plane as the forward position lights. One of these lights shall be mounted on the top of the fuselage, the other on the bottom. The individual lights shall be of an approved type.

(e) *Flasher.* A position light flasher of an approved type shall be installed and shall comply with subparagraphs (1) through (3) of this paragraph.

(1) The flashing frequency shall not be less than 65 and not more than 85 flashes per minute.

(2) The sequence of position lights shall conform to either one of the following:

(i) The forward position lights and fuselage lights flashing simultaneously at the rate specified in subparagraph (1) of this paragraph, with the rear red position light flashing simultaneously with one flash of the forward position and fuselage lights and the rear white position light flashing simultaneously with the next flash of the forward position and fuselage lights, or

(ii) The forward position lights and fuselage lights flashing alternatively at the rate specified in subparagraph (1) of this paragraph, with the rear white light flashing simultaneously with the forward position lights and the rear red light flashing simultaneously with the fuselage lights.

(3) A switch shall be provided in the system to disconnect the flasher from the circuit so that continuous light can be supplied by the forward position lights and the white rear position light with the remaining lights unenergized.

(f) *Light covers and color filters.* Light covers or color filters used shall be of flame resistant material and shall be constructed so that they will not change color or shape or suffer any appreciable loss of light transmission during normal use.

§ 7.633 Same as corresponding section in Part 6.

§ 7.634 *Position light distribution and intensities*—(a) *General.* The intensities prescribed in this section are those to be provided by new equipment with all light covers and color filters in place. Intensities shall be determined with the light source operating at a steady value equal to the average luminous output of the light source at the normal operating voltage of the rotorcraft. The light distribution and intensities of position lights shall comply with the provisions of paragraphs (b) and (c) of this section.

(b) *Forward and rear position lights.* The light distribution and intensities of forward and rear position lights shall be expressed in terms of minimum intensities in the horizontal plane, minimum intensities in any vertical plane, and maximum intensities in overlapping beams, within dihedral angles L, R, and A, and shall comply with the provisions of subparagraphs (1) through (3) of this paragraph.

(1) *Intensities in horizontal plane.* The intensities in the horizontal plane shall not be less than the values given in Figure A. (The horizontal plane is the plane containing the logitudinal axis of the rotocraft and is perpendicular to the plane of symmetry of the rotorcraft.)

(2) *Intensities above and below horizontal.* The intensities in any vertical plane shall not be less than the appropriate value given in Figure B, where I is the minimum intensity prescribed in Figure A for the corresponding angles in the horizontal plane. (Vertical planes are planes perpendicular to the horizontal plane.)

(3) *Overlaps between adjacent signals.* The intensities in overlaps between adjacent signals shall not exceed the values given in Figure C, except that higher intensities in the overlaps shall be acceptable with the use of main beam intensities substantially greater than the minima specified in Figures A and B if the overlap intensities in relation to the main beam intensities are such as not to affect adversely signal clarity.

(c) *Fuselage lights.* The illuminating intensity of the top and the bottom fuselage lights individually shall be equivalent to that which would be furnished by a 32-candlepower lamp installed in a reflector of high reflective properties. The lights shall have a clear cover and the light distribution shall be reasonably uniform throughout approximately a hemisphere.

Figure A

Minimum Intensities in the Horizontal Plane of Forward and Rear Position Lights

(See Figure 4b–18)

Figure B

Minimum Intensities in Any Vertical Plane of Forward and Rear Position Lights

(See Figure 4b–19)

Figure C

Maximum Intensities in Overlapping Beams of Forward and Rear Position Lights

(See Figure 4b–20 but add the following note:)

NOTE: Area A includes all directions in the adjacent dihedral angle which pass through the light source and which intersect the common boundary plane at more than 10 degrees but less than 20 degrees. Area B includes all directions in the adjacent dihedral angle which pass through the light source and which intersect the common boundary plane at more than 20 degrees.

§§ 7.635 and 7.636 Same as corresponding sections in Part 6.

§ 7.637 *Anti-collision light.* In addition to the position light system prescribed in §§ 7.632 through 7.635, an approved anti-collision light shall be installed.

SAFETY EQUIPMENT

§§ 7.640 through 7.642 Same as corresponding sections in Part 6.

§ 7.643 *Safety belts.* Safety belts shall be of an approved type (see § 7.355 (c) (2)). When means are provided to indicate to the passengers when seat belts should be fastened, the device shall be so installed that it can be operated from the seat of either the pilot or copilot.

§ 7.644 *Emergency flotation and signaling equipment.* When emergency flotation and signaling equipment is required by the operating rules of the Civil Air Regulations, such equipment shall comply with the provisions of paragraphs (a) through (d) of this section.

(a) *Life rafts.* Life rafts shall be of an approved type. Unless excess rafts of sufficient capacity are provided, the buoyancy and seating capacity beyond the rated capacity of the rafts shall be such as to accommodate all occupants of the rotorcraft in the event of a loss of one life raft of the largest rated capacity on board. Each life raft shall be equipped with a trailing line and with a static line, the latter designed to hold the raft near the rotorcraft but to release it in case the rotorcraft becomes totally submerged. Each raft shall contain obvious markings of instruction on its operation.

(b) *Life raft equipment.* Approved equipment intended for survival shall be attached to each life raft and marked for identification and method of operation.

NOTE: The extent and type of survival equipment will depend upon the route over which the rotorcraft is operated.

(c) *Long-range signaling device.* An approved long-range signaling device shall be provided for use in one of the life rafts.

(d) *Life preservers.* Life preservers shall be of an approved type. They shall be reversible and shall contain obvious markings of instruction on their use.

§ 7.645 *Stowage of safety equipment.* Special stowage provisions shall be made for all prescribed safety equipment to be used in emergencies. The stowage provisions shall be such that the equipment is directly accessible and its location is obvious. All safety equipment shall be protected against inadvertent damage. The stowage provisions shall be marked conspicuously to identify the contents and to facilitate removal of the equipment. In addition, the following shall specifically apply:

(a) *Emergency exit means.* The stowage provisions for the emergency exit descent device required by § 7.357 (d) (6) shall be located at the exits which they are intended to serve.

(b) *Life rafts.* Life rafts shall be stowed near exits through which the rafts can be launched during an unplanned ditching. Rafts automatically or remotely released on the outside of the rotorcraft shall be attached to the rotorcraft by means of the static line prescribed in § 7.644 (a).

(c) *Long-range signaling device.* The stowage provisions for the long-range signaling device required by § 7.644 (c) shall be located near an exit to be available during an unplanned ditching.

(d) *Life preservers.* Life preservers shall be so located that they are within easy reach of each occupant while seated.

§ 7.646 *Oxygen equipment and supply*—(a) *Protective breathing system.* When protective breathing equipment is required by the operating rules of the Civil Air Regulations, it shall be designed to protect the flight crew from the effects of smoke, carbon dioxide, and other harmful gases while on flight deck duty. The protective breathing equipment and the necessary supply of oxygen shall be in accordance with the following provisions:

(1) The protective breathing equipment shall include masks covering the eyes, nose, and mouth, or only the nose and mouth where accessory equipment is provided to protect the eyes.

(2) A supply of protective oxygen per crew member shall be of 10-minute duration at a pressure altitude of 8,000 feet and a respiratory minute volume of 30 liters per minute BTPD.

NOTE: When a demand type oxygen system is employed, a supply per crew member of 200 liters of free oxygen at 70° F. and 760 mm Hg. pressure is considered to be of 10-minute duration at the prescribed altitude and minute volume. BTPD refers to body temperature conditions, i. e., 37° F. at ambient pressure, dry.

MISCELLANEOUS EQUIPMENT

§ 7.650 *Hydraulic systems; strength*—(a) *Structural loads.* All elements of the hydraulic system shall be designed to withstand, without detrimental permanent deformation, all structural loads which may be imposed simultaneously with the maximum hydraulic loads occurring in operation.

(b) *Proof pressure tests.* All elements of the hydraulic system shall be tested to a proof pressure of 1.5 times the maximum pressure to which the part will be subjected in normal operation. In such test, no part of the hydraulic system shall fail, malfunction, or suffer detrimental deformation.

(c) *Burst pressure strength.* Individual hydraulic system elements shall be designed to withstand pressures which are sufficiently increased over the pressures prescribed in paragraph (b) of this section to safeguard against rupture under service conditions.

NOTE: The following pressures, in terms of percentage of maximum operating pressure for the particular element, in most instances are sufficient to insure against rupture in service: 250 percent in units under oil pressure, 400 percent in units containing air and oil under pressure and in lines, hoses, and fittings, 300 percent in units of system subjected to back pressure.

§ 7.651 *Hydraulic systems; design.* The provisions of § 7.606 shall apply to hydraulic systems and equipment.

(a) *Pressure indication.* A means shall be provided to indicate the pressure in each main hydraulic power system.

(b) *Pressure limiting provisions.* Provision shall be made to assure that pressures in any part of the system will not exceed a safe limit above the maximum operating pressure of the system and to insure against excessive pressures resulting from fluid volumetric changes in all lines which are likely to remain closed long enough for such changes to take place. In addition, consideration shall be given to the possible occurrence of detrimental transient (surge) pressures during operation.

(c) *Installation.* Hydraulic lines, fittings, and components shall be installed and supported to prevent excessive vibration and to withstand inertia loads. All elements of the installation shall be protected from abrasion, corrosion, and mechanical damage.

(d) *Connections.* Flexible hose, or other means of providing flexibility, shall be used to connect points in a hydraulic fluid line between which there is relative motion or differential vibration.

§ 7.652 *Hydraulic system fire protection.* When flammable type hydraulic fluid is used, the hydraulic system shall comply with the provisions of §§ 7.384 and 7.481 through 7.483.

§ 7.653 *Radio installation.* (a) Radio communication and navigation equipment installations in the rotorcraft should be free from hazards in themselves, in their method of operation, and in their effects on other components of the rotorcraft. In showing compliance with this requirement, consideration shall be given to critical environmental conditions.

NOTE: Critical environmental conditions may include temperature, pressure, humidity, ventilation, position, acceleration, vibration, and presence of detrimental substances.

(b) All radio communication and navigation equipment, controls and wiring shall be so installed that operation of any one unit or system of units will not affect adversely the simultaneous operation of any other radio or electronic unit or system of units required by the Civil Air Regulations.

§ 7.654 *Vacuum systems.* (a) Means, in addition to the normal pressure relief, shall be provided to relieve automatically the pressure in the discharge lines from the vacuum air pump if the delivery temperature of the air reaches an unsafe value.

(b) Vacuum air system lines and fittings on the discharge side of the pump which might contain flammable vapors or fluids shall comply with § 7.483 if they are located in a designated fire zone. Other vacuum air system components located in designated fire zones shall be fire resistant.

SUBPART G—OPERATING LIMITATIONS AND INFORMATION

GENERAL

§ 7.700 Same as corresponding section in Part 6.

OPERATING LIMITATIONS

§§ 7.710 through 7.713 Same as corresponding sections in Part 6.

§ 7.714 *Powerplant limitations.* The powerplant limitations set forth in paragraphs (a) through (c) of this section shall be established for the rotorcraft. They shall not exceed the corresponding limits established as a part of the type certification of the engine installed on the rotorcraft.

(a) *Take-off operation.* The take-off operation shall be limited by:

(1) The maximum rotational speed, which shall not be greater than the maximum value determined by the rotor design, nor greater than the maximum value demonstrated during type tests,

(2) The maximum permissible manifold pressure,

(3) The time limit for use of the power which corresponds with the values established in subparagraphs (1) and (2) of this paragraph,

(4) Where the time limit established in subparagraph (3) of this paragraph exceeds two minutes, the maximum allowable cylinder head or coolant outlet, and oil temperatures,

(5) Maximum cylinder head or coolant outlet and oil temperatures, if these differ from the maximum limits for continuous operation.

(b) *Continuous operation.* The continuous operation shall be limited by:

(1) The maximum rotational speed, which shall not be greater than the maximum value determined by the rotor design, nor greater than the maximum value demonstrated during type tests,

(2) Maximum permissible manifold pressure,

(3) Maximum allowable cylinder head or coolant outlet, and oil temperatures, and

(4) The minimum rotational speed demonstrated in compliance with the rotor speed requirements as prescribed in § 7.713 (b) (2).

(c) *Fuel octane rating.* The minimum octane rating of fuel required for satisfactory operation of the powerplant within the limitations prescribed in paragraphs (a) and (b) of this section.

(d) *Cooling limitations.* The maximum sea level temperature for which satisfactory cooling has been demonstrated.

§ 7.715 Change title from *"Limiting height for autorotative landing"* to *"Limiting height-speed envelope"*. Change references to read (see §§ 7.11 (a) (1), 7.111 (b), 7.741 (f)).

§§ 7.716 through 7.719 Same as corresponding sections in Part 6.

MARKINGS AND PLACARDS

§ 7.730 through 7.733 Same as corresponding sections in Part 6.

§ 7.734 *Powerplant instruments; general.* All required powerplant instruments shall be marked as follows:

(a) The maximum and the minimum (if applicable) safe operational limits shall be marked with red radial lines.

(b) The normal operating ranges shall be marked with a green arc not extending beyond the maximum and minimum safe operational limits.

(c) The take-off and precautionary ranges shall be marked with a yellow arc.

(d) Engine or rotor speed ranges which are restricted because of excessive vibration stresses shall be marked with red arcs.

§§ 7.735 through 7.738 Same as corresponding sections in Part 6.

ROTORCRAFT FLIGHT MANUAL

§§ 7.740 and 7.741 Same as corresponding sections in Part 6.

§ 7.742 Same as § 6.742 except add the following sentence at the end thereof: "If applicable, the procedure to be followed in the event of engine failure including minimum speeds, trim, operation of remaining engines, etc., shall be described."

§ 7.743 *Performance information (Category A)*—(a) *Performance data.* A summary of all performance data shall be given, including performance data necessary for the application of the operating rules of this subchapter, together with descriptions of the conditions, air speeds, etc., under which these data were determined.

(b) *Air speeds.* The calibrated air speeds corresponding with those determined for take-off shall be listed together with the procedures to be followed in the event the critical engine becomes inoperative during take-off (see § 7.742).

(c) *Limiting heights; complete failure of all power.* The range of heights and its variation with forward speed within which it is not possible to make a safe landing following complete power loss shall be shown (see § 7.111 (a) (2)).

(d) *Maximum allowable wind.* Information relative to the maximum allowable wind for safe operation near the ground shall be included (see § 7.121 (d)).

§ 7.743 *Performance information (Category B).* Information relative to the items of performance set forth in paragraphs (a) through (d) of this section shall be included.

(a) The take-off distance and the air speed at the 25-foot height together with any pertinent information defining the flight path with respect to the required autorotative landing in the event of an engine failure, including the calculated effect of altitude and temperature (see § 7.114).

(b) The steady rates of climb and hovering ceilings together with the corresponding air speeds and other pertinent information, including the calculated effect of altitude and temperature (see §§ 7.115 and 7.116).

(c) The landing distance and the type of landing surface together with any pertinent information which might affect this distance, including the calculated effect of altitude and temperature (see §§ 7.117 and 7.118).

(d) Maximum wind allowable for safe operation near the ground (see § 7.121 (d)).

[F. R. Doc. 55-3735; Filed, May 6, 1955; 8:50 a. m.]

[14 CFR Part 297]

[Order No. E-9179; Docket No. 7132]

INTERNATIONAL AIR FREIGHT FORWARDERS

ORDER OF INVESTIGATION

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 3d day of May 1955.

Part 297 of the Economic Regulations was promulgated by the Board after it found in the Air Freight Forwarder Case (International), 11 CAB 182 (1949), that the services of International Air Freight Forwarders should be authorized on a temporary basis and for a limited period during which experience could be developed upon which a permanent policy might be soundly determined. The trial period envisaged for such forwarders in the Air Freight Forwarder Case (International) is now drawing to a close since Part 297 of the Economic Regulations, and consequently the present authority of the International Air Freight Forwarders to operate, expires August 24, 1955.[1] This requires a thorough inquiry at this time into all matters relating to or affecting the services of indirect air carriers of property in overseas and foreign air transportation and an analysis of the record of forwarder experience under Part 297 with a view to determining a sound regulatory policy for the future with respect thereto.

The Board has concluded that it is not in the public interest to enforce against International Air Freight Forwarders section 401 of the Act which requires the issuance of certificates of public convenience and necessity after notice and hearing. The system of certificates of public convenience and necessity envisaged in the act for the regulation of direct air carriers becomes unnecessarily restrictive and burdensome when applied to indirect air carriers. Accordingly, the Board wishes to announce that while no party or other interested person is precluded from filing an application for a certificate of public convenience and necessity to engage indirectly in overseas and foreign air transportation of property, such authority, if any, as may be granted as a result of this proceeding will be the authority provided for under the exemption provisions of the act. In the event that the record to be made in this proceeding demonstrates that persons seeking authority to engage indirectly in overseas and foreign air transportation of property should be authorized to provide such services under certificates of public convenience and necessity, a further proceeding will be ordered to entertain and dispose of applications for such certificates.

The first formal application for a foreign air carrier permit to operate indirectly in foreign air transportation of property from the United States to a foreign country is pending before the Board in Docket No. 6523. The Board has received inquiries indicating a desire or intent by a substantial number of other foreign citizens to seek in the near future various indirect foreign air carrier of property authorizations. As a consequence, certain questions relating to its assertion of jurisdiction over the conduct of indirect air transportation of property by foreign citizens between the United States and foreign countries have assumed a practical significance. Since the Board does not possess the power to exempt or similarly relieve foreign air carriers from any of the economic provisions of the act as is the case with the United States air carriers, the Board may only authorize the conduct of such operations by foreign citizens through the issuance of a permit after hearing and presidential approval, as is provided in sections 402 and 801 of the act. However, as would be the case if the Board were to enforce the certificate requirements of section 401 of the act with respect to U. S. indirect air carriers, the enforcement of a system of foreign air carrier permits envisaged by the act for the regulation of direct foreign air carriers might become unnecessarily unwieldy and burdensome when applied to indirect foreign air carriers. The Board is therefore faced with the problem of balancing the detriments to U. S. indirect air carriers, U. S. direct air carriers and the public interest in general that might result if the Board does not regulate the conduct of indirect foreign air transportation of property by foreign citizens, against considerations of international comity, the difficulties of enforcing such requirements effectively and equitably, and the burdens to such foreign citizens and the Board which might result if the Board exercised jurisdiction thereover.

Many of the foreign citizens who contemplate the making of applications with the Board for foreign indirect air carrier permits appear to be engaged in foreign air transportation only to the extent of consolidating cargo in foreign countries for air shipment into the United States. It appears to the Board at this time that it would be unduly burdensome for such persons to comply with the hearing and other requirements of sections 402 and 801 of the act. If it became necessary to hold hearings outside the United States, it would impose upon the Board an exceedingly burdensome administrative problem. Also, the Board is not aware of any regulation by a foreign country of the air freight forwarding operations to such country by U. S. indirect air carriers and is therefore reluctant to take any action which might disturb the status quo in this respect unless and until it receives evidence to support a different policy. Moreover, no compelling facts have been presented to the Board by U. S. indirect air carriers or other persons which would establish that there are considerations in the public interest offsetting these circumstances so as to warrant our enforcing section 402 of the act against such foreign indirect air carriers at this time. Accordingly, the Board concludes that it is not in the public interest at this time for it to seek to exercise its jurisdiction under section 402 with respect to the authorization of foreign air carriers engaging indirectly in foreign air transportation of property solely from foreign countries to the United States.

Foreign citizens who are engaged within the United States in the business of solicitation and consolidation of air freight for shipment indirectly in foreign air transportation from the United States do not appear to pose substantial administrative or geographic problems such as are characteristic of those foreign indirect air carriers operating from foreign countries to the United States. Also, it is apparent that the conduct of forwarding operations from points in the United States constitutes an activity in which citizens of the United States engage to a substantial degree and which should be granted to foreign citizens only if they meet the requirements of section 402 of the act as to their individual fitness, willingness and ability to perform properly such air transportation and to conform to the provisions of the act and the rules, regulations and requirements thereunder and make the prerequisite showing that the transportation which each proposes will be in the public interest. Accordingly, we will continue to process applications and otherwise enforce the requirements of section 402 of the act with respect to such foreign indirect air carriers.

Our decision herein respecting the exercise of our jurisdiction over foreign indirect air carriers is a matter which may have an important effect upon the operations of U. S. International Air Freight Forwarders and direct air carriers. In the light of that decision, whether we should accord U. S. International Air Freight Forwarders any relief from restrictions heretofore applicable to them or otherwise take such decision into account should be investigated herein with a view to giving all persons interested an opportunity to be heard. Moreover, we should point out that our decision not to exercise jurisdiction at this time over indirect foreign air carriers will be subject to reexamination should the record in this proceeding indicate that such action is desirable.

Inasmuch as the renewal of the authority of every holder of a Letter of Registration under Part 297 will be in issue in this proceeding, we are making each such holder, and every applicant for such a letter, as of the date of the prehearing conference herein, a party to this proceeding. These persons need not file applications for renewal of their respective authorizations but will automatically be considered as applicants for authority as an air carrier to engage indirectly in overseas and foreign air transportation of property if they make a due showing respecting those matters in issue herein, and file an appropriate application covering relationships or changes in relationships not heretofore approved by the Board and within the purview of sections 408 and/or 409 of the act.

In order that we may have a complete record of all types of indirect air carriers, we are including Railway Express Agency, Inc. (REA) within the scope of this proceeding. This is not to be taken as an indication that we may not continue the present exemption under section 1 (2) of the act authorizing REA to engage as an indirect carrier in the transportation of property by air.

The Board, acting pursuant to sections 1 (2), 205 (a), 416 (a) and 1002 (b) of the Civil Aeronautics Act of 1938, as amended, and deeming its action necessary to carry out the provisions of said act, and to exercise and perform its powers and duties thereunder: *It is ordered,* That:

1. An investigation be and hereby is instituted by the Board into all matters relating to and concerning services of air carriers indirectly engaged in overseas and/or foreign air transportation of property. Such investigation shall include, inter alia, an inquiry into the following matters:

(a) The question of whether the public interest requires the renewal and/or amendment of Part 297 of the Economic Regulations;

(b) The extent to which there is or may be a general need for indirect air carrier services;

(c) The extent to which there is a need for the classification of indirect air carriers engaging in overseas and foreign air transportation of property, and the extent to which there is a need for subclassifications by areas of operation, or otherwise, within such possible indirect air carrier classifications e. g. air freight forwarders using direct air carriers; air freight forwarders using indirect air carriers; shippers' associations; air express forwarders, and other similar indirect air carrier services;

(d) The extent to which existing requirements of law should be modified in their application to such classifications;

(e) The types of operation best adapted to performance of the services required to meet such need;

(f) The extent to which other activities may be engaged in by such indirect air carriers to meet such need;

(g) The extent to which indirect air carrier operations should be subjected to restrictions to prevent discriminatory and destructive practices and the nature of any such restrictions;

(h) The extent to which the services and operations of air carriers of property indirectly engaged in foreign and/or overseas air transportation of property have been, are, or could be, affected by similar or related services and operations of foreign citizens;

(i) The extent to which any interdependence that may be established as a result of the inquiry in (h) next hereinabove should affect future regulation of air carriers engaging indirectly in overseas and/or foreign air transportation of property;

2. The following be and they hereby are made parties to this proceeding: (a) Every holder of an effective Letter of Registration as an International Air Feight Forwarder as of the date of the prehearing conference herein; (b) every applicant for a Letter of Registration as an International Air Freight Forwarder as of the date of the prehearing conference herein; (c) Railway Express Agency, Inc.;

3. This proceeding be and hereby is set down for hearing before an Examiner of the Board at a time and place here-

[1] The Board will shortly institute a rule making proceeding to extend the effectiveness of Part 297 until 60 days after disposition of the investigation contemplated herein.

after to be designated, at which all interested parties will be afforded an opportunity to present their views and any relevant data relating to the subject matter of this proceeding;

4. This order be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

DEPARTMENT OF LABOR

Public Contracts Division

[41 CFR Part 202]

OFFICE MACHINERY INDUSTRY

NOTICE OF SUPPLEMENTAL HEARING ON PREVAILING MINIMUM WAGES

Pursuant to the provisions of the Walsh-Healey Public Contracts Act (act of June 30, 1936, 49 Stat. 2036, 41 U. S. C. secs. 35, et seq.) a hearing was held on October 25, 1950, in Room 1214, Department of Labor, Washington, D. C., for the purpose of determining the prevailing minimum wage in the office machines industry. Subsequent thereto no proposed determination was issued.

In order to provide interested parties an opportunity for the submission of evidence with respect to changes in prevailing minimum wages which have occurred since the October 1950 hearing, the hearings herein are reopened, and notice is hereby given that a supplemental hearing will be held on May 25, 1955, beginning at 10:00 a. m. in Room 5406, Department of Labor Building, Fourteenth and Constitution Avenue NW., Washington, D. C., at which hearing all interested parties may appear and submit data, views and argument (1) as to the propriety of the proposed definition of the industry; (2) as to what are the prevailing wages in the industry; (3) as to what changes in prevailing minimum wages in the industry have occurred since the October 1950 hearing; (4) as to whether there should be included in any determination for this industry provision for the employment of learners, beginners, or apprentices at subminimum rates and on what terms or limitations, if any, such employment should be permitted; (5) as to whether a single determination for all of the area in which the industry operates or a separate determination for each of several different geographic areas (including the appropriate limits of such areas) should be determined for this hearing.

Persons intending to appear are requested to notify the Office of the Administrator, Wage and Hour and Public Contracts Divisions, of their intention in advance of the hearing.

Written statements of position or argument may be filed with the Office of the Administrator at any time prior to the date of the hearing by persons who cannot appear personally. An original and three copies of any such statement shall be filed and shall include the reason or reasons for non-appearance. Such statements as contain factual matter shall be sworn to and will be offered in evidence at the hearing. If objection is made to any such offer, the statement will be received in evidence subject to the objection which will be considered to affect the weight rather than the admissibility of the statement.

The following information is particularly invited with respect to the subject matter of the testimony or statements of each witness: (1) The identity of any products not now included in the definition of the industry which should be included and of any products now included which should not be included; (2) the number of workers covered in the presentation; (3) the number and location of establishments in the industry; (4) the minimum job rates paid and the number of workers receiving such wages and the occupations in which they are employed; (5) the minimum wages paid to apprentices, learners or beginners; the scale of wages paid during the apprenticeship, learning or probationary period; the length of such periods; the number of workers receiving such wages and the occupations in which they are employed; and (6) the extent to which there is competition in this industry between plants in different geographical areas.

To the extent possible, data should be submitted in such a manner as to permit evaluation thereof on a plant by plant basis.

This hearing shall be conducted pursuant to the rules of practice set forth in Part 203, Subpart C (41 CFR Part 203).

Signed at Washington, D. C., this 5th day of May 1955.

JAMES P. MITCHELL, *Secretary of Labor.*

[F. R. Doc. 55-3748; Filed, May 6, 1955; 8:50 a. m.]

Wage and Hour Division

[29 CFR Part 655]

NEEDLEWORK AND FABRICATED TEXTILE PRODUCTS INDUSTRY IN PUERTO RICO

MINIMUM WAGE RATES

On March 4, 1955, a notice of proposed decision in the above matter was published in the FEDERAL REGISTER (20 F. R. 1345). Interested parties were given 30 days from that date within which to file exceptions. Upon consideration of all of the exceptions which were duly filed within that time, in the light of the entire record, I concluded that I would be warranted in modifying the decision which was originally proposed only as to the corde and bonnaz embroidery and corde handbag division. My reasons for not modifying the decision in other respects are fully set forth in the minimum wage order[1] which is published in this issue of the FEDERAL REGISTER. I have also indicated there my general conclusion that reconsideration of the record as a whole justifies a modification as to that particular division, but because of the need for a more detailed statement in that connection than seemed appropriate for inclusion in the wage order I have set forth my decision as to that division in a document entitled "Supplement to Findings and Opinion of the Adminstrator in the Matter of the Recommendation of Special Industry Committee No. 15 for Minimum Wage Rates in the Needlework and Fabricated Textile Products Industry in Puerto Rico," a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C.

Accordingly, notice is hereby given pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) and the rules of practice governing this proceeding, that under the authority in section 8 of the Fair Labor Standards Act of 1938 (29 U. S. C. 201 et seq.), Reorganization Plan No. 6 of 1950 (5 U. S. C. 611), General Order No. 45-A (15 F. R. 3290), and, the position of the Administrator being presently vacant, General Order No. 85 (20 F. R. 2066), I propose to approve the recommendations of the Committee for the corde and bonnaz embroidery and corde handbag division for a minimum wage rate of 51 cents an hour. I also propose to amend the wage order for the needlework and fabricated textile products industry in Puerto Rico, 29 CFR Part 655, which will be published in this issue of the FEDERAL REGISTER by changing the minimum wage specified in § 655.2 (n) to 51 cents an hour and deleting the explanatory note which appears in parentheses therein.

Within 15 days from the publication of this notice in the FEDERAL REGISTER, interested parties may submit written exceptions to the proposed action above described. Exceptions should be addressed to the Office of the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. They should be submitted in quadruplicate, and should include supporting reasons for any exceptions.

Signed at Washington, D. C., this 5th day of May 1955.

STUART ROTHMAN, *Solicitor of Labor.*

NOTICES

DEPARTMENT OF THE TREASURY

United States Coast Guard

[CGFR 55-18]

APPROVAL OF EQUIPMENT AND CHANGE IN MANUFACTURER'S ADDRESS

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authority cited with each item of equipment: *It is ordered,* That:

(a) All of the approvals listed in this document which extend approvals published in the FEDERAL REGISTER, except approvals for standard and non-standard buoyant cushions under Specifications Subparts 160.007 and 160.008, respectively, covered in paragraph (b) below, are prescribed and shall be in effect for a period of five years from the respective dates indicated at the end of each approval, unless sooner canceled or suspended by proper authority; and,

(b) All the approvals for standard and non-standard buoyant cushions under Specifications Subparts 160.007 and 160.008, respectively, listed in this document which extend approvals previously published in the FEDERAL REGISTER are prescribed and shall be in effect until October 1, 1955, from the respective dates indicated at the end of each approval, unless sooner canceled or suspended by proper authority; and,

(c) All the approvals for standard kapok buoyant cushions under Specification Subpart 160.007 and for non-standard buoyant cushions under Specification Subpart 160.008 listed in this document (which are not covered by paragraph (b) above) are prescribed and shall be in effect until October 1, 1955, from the date of publication of this document in the FEDERAL REGISTER, unless sooner canceled or suspended by proper authority; and,

(d) All the other approvals listed in this document (which are not covered by paragraphs (a) to (c), inclusive, above) are prescribed and shall be in effect for a period of five years from the date of publication of this document in the FEDERAL REGISTER, unless sooner canceled or suspended by proper authority; and,

(e) The change in address of the manufacturer of approved equipment shall be made as indicated below.

BUOYANT CUSHIONS, KAPOK, STANDARD

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.007/93/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by the Elvin Salow Co., 31-33 South Street, Boston 11, Mass., for James Bliss & Co., Inc., 342 Atlantic Avenue, Boston 10, Mass. (Extension of the approval published in FEDERAL REGISTER March 25, 1950, effective March 25, 1955.)

Approval No. 160.007/94/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by Chic's Manufacturing Co., Inc., 725 Asbury Avenue, Ocean City, N. J. (Extension of the approval published in FEDERAL REGISTER March 25, 1950, effective March 25, 1955.)

Approval No. 160.007/162/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn 1, N. Y., for Revere Supply Co., Inc., 30 Front Street, New York 4, N. Y.

Approval No. 160.007/163/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by Georgia Tent and Awning Co., 228 Margaret Street, SE, Atlanta, Ga.

Approval No. 160.007/164/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn 1, N. Y., for The Durkee Company, Inc., 29-30 South Street, New York 4, N. Y.

(R. S. 4405, as amended, and 4462, as amended, 46 U. S. C. 375, 416. Interpret or apply secs. 6 and 17, 54 Stat. 164, 166, as amended; 46 U. S. C. 526e, 526p; 46 CFR 160.007)

BUOYANT CUSHIONS, NON-STANDARD

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Rectangular kapok buoyant cushions manufactured by the Elvin Salow Co., 31-33 South Street, Boston 11, Mass., Dwg. No. 400, dated January 2, 1950, and Specifications dated January 2, 1950, in the following sizes with the amount of kapok indicated for each size:

Approval No.	Size (inches)	Kapok (ounces)
160.008/427/0	13 x 24 x 2	28
160.008/428/0	18 x 18 x 2	30
160.008/429/0	15 x 24 x 2	32
160.008/430/0	16 x 28 x 2	40
160.008/431/0	13 x 36 x 2	42
160.008/432/0	17 x 33 x 2	50
160.008/433/0	15 x 40 x 2	54
160.008/434/0	15 x 45 x 2	60
160.008/435/0	18 x 40 x 2	64

(Extension of the approvals published in FEDERAL REGISTER March 25, 1950, effective March 25, 1955.)

Approval No. 160.008/631/0, 15" x 15" x 3" rectangular buoyant cushion, 54 oz. fibrous glass, dwg. No. 1, dated February 1, 1955, manufactured by Jenkins & Frey, 1233 Northeast First Avenue, Miami 36, Fla.

Approval No. 160.008/632/0, 17" x 18" x 3" fishing chair design buoyant cushion, 64 oz. fibrous glass, dwg. No. 2, dated February 1, 1955, manufactured by Jenkins & Frey, 1233 Northeast First Avenue, Miami 36, Fla.

Approval No. 160.008/634/0, 15" x 26" x 2" rectangular buoyant cushion, 35 oz. kapok, dwg. No. BC-1, dated February 4, 1955, manufactured by Georgia Tent and Awning Co., 228 Margaret Street SE., Atlanta, Ga.

Approval No. 160.008/635/0, 15" x 29¾" x 2" rectangular buoyant cushion, 40 oz. kapok, dwg. No. BC-2, dated February 4, 1955, manufactured by Georgia Tent and Awning Co., 228 Margaret Street SE., Atlanta, Ga.

Approval No. 160.008/636/0, 15" x 27¼" x 28¾" x 2" trapezoidal buoyant cushion, 39 oz. kapok, dwg. No. BC-2, dated February 4, 1955, manufactured by Georgia Tent and Awning Co., 228 Margaret Street SE., Atlanta, Ga.

Approval No. 160.008/637/0, 14" x 19¾" x 2" rectangular buoyant cushion, 25 oz. kapok, dwg. No. BC-3, dated February 4, 1955, manufactured by Georgia Tent and Awning Co., 228 Margaret Street SE., Atlanta, Ga.

Approval No. 160.008/638/0, 14" x 17¾" x 19¾" x 2" trapezoidal buoyant cushion, 25 oz. kapok, dwg. No. BC-3, dated February 4, 1955, manufactured by Georgia Tent and Awning Co., 228 Margaret Street SE., Atlanta, Ga.

Approval No. 160.008/639/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, Iowa Fibre Products Inc., dwg. dated September 15, 1953, manufactured by Iowa Fibre Products Inc., 316 Court Avenue, Des Moines 9, Iowa, for Hawkeye Sporting Goods Co., Box 613, Des Moines, Iowa.

(R. S. 4405, as amended, and 4462, as amended, 46 U. S. C. 375, 416. Interpret or apply secs. 6 and 17, 54 Stat. 164, 166, as amended; 46 U. S. C. 526e, 526p; 46 CFR 160.008)

LIFEBOATS

Approval No. 160.035/230/2, 22.0' x 7.5' x 3.17' aluminum, oar-propelled lifeboat, 31-person capacity, identified by construction and arrangement dwg. No. 22-2D dated July 29, 1948, and revised February 25, 1955, manufactured by Marine Safety Equipment Corporation, Point Pleasant, N. J. (Supersedes Approval No. 160.035/230/1 published in FEDERAL REGISTER May 10, 1950.)

Approval No. 160.035/262/1, 26.0' x 8.33' x 3.54' steel, oar-propelled lifeboat, 46-person capacity, identified by construction and arrangement dwg. No. 26-6 dated February 3, 1949, and revised March 2, 1955, manufactured by Marine Safety Equipment Corp., Point Pleasant, N. J. (Supersedes Approval No. 160.035/262/0 published in FEDERAL REGISTER May 10, 1950.)

(R. S. 4405, as amended, and 4462, as amended, 46 U. S. C. 375, 416. Interpret or apply R. VALVES, PRESSURE-VACUUM RELIEF AND SPILL

Approval No. 162.017/79/0, Figure No. CG–AL–120, pressure only relief and spill valve, atmospheric pattern, weight-loaded poppets, aluminum alloy body and stainless steel poppets and fittings, dwg. No. CG–AL–120, dated Mar. 2, 1955, approved for sizes 3", 4", 6" and 8", manufactured by the Mechanical Marine Co., Inc., 17 Battery Place, New York 4, N. Y.

Approval No. 162.017/80/0, Figure No. CG–AL–130, pressure-vacuum relief valve, enclosed pattern, weight-loaded poppets, aluminum alloy body and stainless steel poppets and fittings, dwg. No. CG–AL–130, dated Mar. 2, 1955, approved for sizes 3", 4", 5" and 6", manufactured by the Mechanical Marine Co., Inc., 17 Battery Place, New York 4, N. Y.

(R. S. 4405, as amended, and 4462, as amended, 46 U. S. C. 375, 416. Interpret or apply R. S. 4417a, as amended, and 4491, as amended; P. L. 569, 83d Cong.; 46 U. S. C. 391a, 489; E. O. 10402, 17 F. R. 9917, 3 CFR, 1952 Supp.; 46 CFR 162.017)

APPLIANCES, LIQUEFIED PETROLEUM GAS CONSUMING

Approval No. 162.020/28/2, Magic Chef Model No. GC–10 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–5.901 and Supplement Serial No. 13, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo. (Supersedes approval No. 162.020/28/1, published in the FEDERAL REGISTER December 7, 1951.)

Approval No. 162.020/29/2, Magic Chef Model No. GC–11 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–5.901 and Supplement Serial No. 13, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo. (Supersedes Approval No. 162.020/29/1, published in the FEDERAL REGISTER December 7, 1951.)

Approval No. 162.020/30/2, Magic Chef Model No. GC–16 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–5.901 and Supplement Serial No. 13, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo. (Supersedes Approval No. 162.020/30/1, published in the FEDERAL REGISTER December 7, 1951.)

Approval No. 162.020/42/2, Magic Chef Model No. GC–12 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–9.901 and Supplement Serial No. 7, manufactured by Magic Chef, Inc., 4931 Dagget Avenue, St. Louis 10, Mo. (Supersedes Approval No. 162.020/42/1, published in the FEDERAL REGISTER December 7, 1951.)

Approval No. 162.020/43/2, Magic Chef Model No. GC–14 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–5.901 and Supplement Serial No. 13, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo. (Supersedes Approval No. 162.020/43/1, published in the FEDERAL REGISTER December 7, 1951.)

Approval No. 162.020/44/2, Magic Chef Model No. GC–15 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–9.901 and Supplement Serial No. 7, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo. (Supersedes Approval No. 162.020/44/1, published in the FEDERAL REGISTER December 7, 1951.)

Approval No. 162.020/46/1, Magic Chef Model No. GC–17 roast oven for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–28.901 and Supplement Serial No. 3, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo. (Supersedes Approval No. 162.020/46/0, published in the FEDERAL REGISTER June 26, 1951.)

Approval No. 162.020/91/0, Magic Chef Model GR–28 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 1–689–3.801, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo.

Approval No. 162.020/92/0, Magic Chef Model No. GC–29A deep fat fryer for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 13–(18–1.0 and –1.1) .001, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo.

Approval No. 162.020/93/0, Magic Chef Model No. GC–29–AS deep fat fryer for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 13–(18–1.0 and –1.1) .001, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo.

Approval No. 162.020/94/0, Magic Chef Model No. GC–26 range for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 11–22–5.901 and Supplement Serial Nos. 12 and 13, manufactured by Magic Chef, Inc., 4931 Daggett Avenue, St. Louis 10, Mo.

[CGFR 55–19]

TERMINATIONS OF APPROVALS OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below, the following approvals of equipment are terminated because (1) the manufacturer is no longer in business; or (2) the manufacturer does not desire to retain the approval; or (3) the item is no longer being manufactured; or (4) the item of equipment no longer complies with present Coast Guard requirements; or (5) the approval has expired. Except for those approvals which have expired, all other terminations of approvals made by this document shall be made effective upon the thirty-first day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval of any item of equipment as listed in this document, such equipment in service may be continued in use so long as such equipment is in good and serviceable condition.

BUOYANT CUSHIONS, NON-STANDARD

Termination of Approval No. 160.008/591/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. dated September 15, 1953, manufactured by Iowa Fibre Products Inc., 316 Court Avenue, Des Moines 9, Iowa. (Approved FEDERAL REGISTER December 15, 1953.)

(R. S. 4405, as amended, and 4462, as amended, 46 U. S. C. 375, 416. Interpret or apply secs. 6 and 17, 54 Stat. 164, 166, as amended; 46 U. S. C. 526e, 526p; 46 CFR 160.008)

BOILERS, HEATING

Termination of Approval No. 162.003/109/0, Model 526 "C", bare fire tube heating boiler, welded steel plate construction, 30 pounds per square inch maximum pressure, dwg. No. 38–8817, dated January 17, 1950, manufactured by The International Boiler Works Co., East Stroudsburg, Pa. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4434, 4491, as amended, secs. 1, and 2, 49 Stat. 1544, and sec. 3, 54 Stat. 346, as amended, P. L. 569, 83d Cong.; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 412, 489, 1333; 46 CFR Part 52)

APPLIANCES, LIQUEFIED PETROLEUM GAS CONSUMING

Termination of Approval No. 162.020/20/0, South Bend gas range, Model No. 1000–L, approved by the American Gas Association, Inc., under certificate No. 11–(44.0, –4.0 and –6.01).001, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/21/0, South Bend gas range, Model No. 1002–L, approved by the American Gas Association, Inc., under Certificate No. 11–44–6.011, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/22/0, South Bend gas range, Model No. 1003–L, approved by the American Gas Association, Inc., under Certificate No. 11–(44.0, –4.0 and –6.01).001, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/23/0, South Bend gas range, Model No. 1020–L, approved by the American Gas Association, Inc., under Certificate No. 11–(44.0, –4.0 and –6.01).001, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/24/0, South Bend gas range, Model No. 1022–L, approved by the American Gas Association, Inc., under Certificate No. 11–44–6.011, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/25/0, South Bend gas range, Model No. 1023–L, approved by the American Gas Association, Inc., under Certificate No. 11–(44.0, –4.0 and –6.01) .001, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/26/0, South Bend gas range, Model No. 1025–L, approved by the American Gas Association, Inc., under Certificate No. 11–(44.0, –4.0 and –6.01).001, for liquefied petroleum gas service, manufactured by the Malleable Steel Range Manufacturing Co., South Bend 21, Ind. (Approved FEDERAL REGISTER March 25, 1950. Termination of approval effective March 25, 1955.)

Termination of Approval No. 162.020/47/0, Magic Chef Model No. HD–18 deep fat fryer for liquefied petroleum gas service, approved by the American Gas Association, Inc., under Certificate No. 13–9–1.011 and Supplement Serial No. 3, manufactured by Magic Chef, Inc., 4931 Daggett Ave., St. Louis 10, Mo. (Approved FEDERAL REGISTER June 26, 1951.)

DEPARTMENT OF AGRICULTURE

Office of the Secretary

ARIZONA AND TEXAS

DISASTER ASSISTANCE; DELINEATION AND CERTIFICATION OF CERTAIN COUNTIES IN THE DROUGHT AREAS

Pursuant to Public Law 875, 81st Congress (42 U. S. C. 1855 et seq.), the President determined on the dates indicated that a major disaster occasioned by drought existed in the following states:

Arizona: April 26th, 1955.
Texas: July 21st, 1954.

Pursuant to the authority delegated to me by the Administrator, Federal Civil Defense Administration (18 F. R. 4609; 19 F. R. 2148; 19 F. R. 5364), and for the purposes of section 2 (d) of Public Law 38, 81st Congress, as amended by Public Law 115, 83d Congress, and section 301 of Public Law 480, 83d Congress certain counties in the State of Arizona were on April 27th, 1955 and certain counties in the State of Texas were on August 10th, 1954 (19 F. R. 5155), as amended (19 F. R. 5388; 19 F. R. 5957; 19 F. R. 6127; 19 F. R. 6417; 19 F. R. 6557; 19 F. R. 7547; 19 F. R. 8635; 20 F. R. 140; 20 F. R. 813 and 20 F. R. 1384) determined to be the areas affected by the major disaster by drought.

Pursuant to the aforesaid delegations, the counties set forth below were determined, on April 27th, 1955, to be the aforesaid major disaster area in the State of Arizona:

ARIZONA

Apache.	Greenlee.
Coconino.	Mohave.
Gila.	Navajo.
Graham.	Yavapai.

Pursuant to the aforesaid delegations, the delineation and certification of counties in the drought area in the State of Texas, as above described are herewith amended by adding the counties as set forth below on April 26th, 1955 to the major disaster area in the State of Texas:

TEXAS

Andrews.	Martin.
Howard.	Nueces.
Kleberg.	

Done at Washington, D. C., this 3d day of May 1955.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[F. R. Doc. 55–3722; Filed, May 6, 1955; 8:48 a. m.]

OFFICE OF THE GENERAL COUNSEL

DELEGATIONS OF AUTHORITY

The statement on delegations of authority made to the Soliictor and published in the FEDERAL REGISTER of April 2, 1949 (14 F. R. 923), is amended to read as follows:

The General Counsel, the Deputy General Counsel, the Assistant General Counsels, and the Staff Legal Officer, or persons acting in their stead, are authorized to certify documents as true copies of those on file in the Department pursuant to Title 28, United States Code, section 1733. The same officers and Attorneys in Charge of field offices of the Office of the General Counsel, or persons acting in their stead, are authorized to sign releases of claims of the United States against private persons for damage to or destruction of personal property of the Department. The General Counsel and the Staff Legal Officer, or persons acting in their stead, are authorized to allow or disallow claims pursuant to Title 28, United States Code, sections 2401 (b), 2671–2680.

Done at Washington, D. C., this 3d day of May 1955.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[Docket No. G–6884]

HERMAN AND GEORGE R. BROWN

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 3, 1955.

Take notice that Herman and George R. Brown (hereinafter referred to as "Applicant"), a co-partnership whose address is 12th Floor, San Jacinto Building, Houston, Texas, filed an application on November 30, 1954, for a certificate of public convenience and necessity, pursuant to Section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas produced from the Bloomington Field, Victoria County, Texas, to United Gas Pipe Line Company at 16.1968 cents per Mcf for transportation in interstate commerce for resale.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 26, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 20, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55–3709; Filed, May 6, 1955; 8:45 a. m.]

[Docket No. G–7285]

GEORGE E. OSTROM

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 3, 1955.

Take notice that George E. Ostrom (Applicant), an individual whose address is 200 Alworth Building, Duluth 2, Minnesota, filed an application on December 1, 1954, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas produced in Randolph County, West Virginia, to Cumberland and Allegheny Gas Company at 20 cents per Mcf, for transportation in interstate commerce for resale. The rate of delivery will be 30,000 Mcf per day.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 24, 1955, at 9:35 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 19, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55–3711; Filed, May 6, 1955; 8:46 a. m.]

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 26, 1955, at 9:35 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

[Docket No. G–8598]

MICHAELIS DRILLING CO. ET AL.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 3, 1955.

Take notice that Michaelis Drilling Company, et al., (Applicant), a partnership whose address is 1019 East Second Street, Wichita, Kansas, filed an application on March 17, 1955, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas produced from the Hugoton Field, Haskell and Seward Counties, Kansas, to Colorado Interstate Gas Company at 12 cents per Mcf, for transportation in interstate commerce for resale.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 24, 1955, at 9:40 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 19, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-1675]

AMERICAN MACHINE & FOUNDRY CO.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 2d day of May 1955.

The Boston Stock Exchange pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 thereunder, has made application for unlisted trading privileges in Common Stock, $7 Par Value, of American Machine & Foundry Company, a security listed and registered on New York Stock Exchange and Midwest Stock Exchange.

Rule X-12F-1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to May 18, 1955, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

DEPARTMENT OF JUSTICE

Office of Alien Property

[Vesting Order 19281, Amdt.]

LOUISE BARBARA RICHTER KEHL ET AL.

In re: Interest in real property owned by Louise Barbara Richter Kehl and others; D-28-13133.

Vesting Order 19281, as amended, is hereby amended to read as follows:

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567) 3 CFR, 1943 Cum. Supp.; 3 CFR, 1945 Supp.); Executive Order 9788 (3 CFR, 1946 Supp.) and Executive Order 9989 (3 CFR, 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Louise Barbara Richter Kehl, Gottlieb Richter and Richard Albert, also known as Richard Albert Richter, each of whose last known address is Germany, on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany and are, and prior to January 1, 1947, were, nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. An undivided eleven-twentieths (11/20ths) interest in certain real property situated in the City of Margate, County of Atlantic, State of New Jersey, particularly described as Lot Seven (7) and Lot Twelve (12), in Block 304B, on Map of Margate City, New Jersey, by W. I. Risley, C. E. and Surveyor, revised March 1926, filed November 8, 1945, File #1023, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, and

b. All right, title and interest of the persons named in subparagraph 1 hereof, in and to all insurance policies covering the premises described in subparagraph 2 hereof, and any and all extensions or renewals thereof.

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that the persons identified in subparagraph 1 hereof, be treated as persons who are and prior to

January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 2 hereof, to be held, used, administered, liquidated, sold, or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on May 4, 1955.

For the Attorney General.

[SEAL] DALLAS S. TOWNSEND,
Assistant Attorney General,
Director, Office of Alien Property.

FEDERAL REGISTER

VOLUME 20 NUMBER 91

Washington, Tuesday, May 10, 1955

TITLE 3—THE PRESIDENT

PROCLAMATION 3092

MOTHER'S DAY, 1955

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS since the earliest days of our history American mothers have inspired our most exalted national ideals through their teachings and by example in their daily lives; and

WHEREAS it has become our felicitous custom to set aside one day each year for commemorating motherhood and for showing our reverence and love for all the mothers of the land; and

WHEREAS in recognition of the fitness of such commemoration, the Congress, by a joint resolution approved May 8, 1914 (38 Stat. 770), has designated the second Sunday in May of each year as Mother's Day and has requested the President to issue a proclamation calling for the observance of that day:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby request that Sunday, May 8, 1955, be celebrated as Mother's Day; and I direct the appropriate officials of the Government to arrange for the display of the flag on all Government buildings on that day.

I also call upon the people of the Nation to give public and private expression to the esteem in which our country holds its mothers, through the display of the flag at their homes and other suitable places, through prayers at their places of worship, and through appropriate manifestations of respect and devotion.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this fifth day of May in the year of our Lord nineteen hundred and fifty-five, [SEAL] and of the Independence of the United States of America the one hundred and seventy-ninth.

DWIGHT D. EISENHOWER

By the President:

JOHN FOSTER DULLES,
Secretary of State.

[F. R. Doc. 55-3846; Filed, May 9, 1955; 12:21 p. m.]

EXECUTIVE ORDER 10609

DELEGATING TO THE SECRETARY OF STATE AUTHORITY TO APPOINT ALTERNATE UNITED STATES COMMISSIONERS TO THE CARIBBEAN COMMISSION

By virtue of the authority vested in me by section 301 of title 3 of the United States Code (65 Stat. 713), and as President of the United States, it is ordered that the Secretary of State be, and he is hereby, designated and empowered to exercise, without the approval, ratification, or other action of the President, so much of the authority vested in the President by the first section of the Joint Resolution of March 4, 1948, entitled "Joint Resolution providing for membership and participation by the United States in the Caribbean Commission and authorizing an appropriation therefor" (62 Stat. 66; 22 U. S. C. 280h) as consists of authority to appoint alternate United States Commissioners to the Caribbean Commission.

DWIGHT D. EISENHOWER

THE WHITE HOUSE,
May 7, 1955.

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 19 F. R. 7175), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) of § 953.694 (Lemon Regulation 587; 20 F. R. 2919) are hereby amended to read as follows:

(ii) District 2: 550 carloads.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c)

Dated: May 5, 1955.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 55-3760; Filed, May 9, 1955; 8:49 a. m.]

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 53792]

COMPTROLLER'S COPIES OF ENTRIES, MANIFESTS, AND MANIPULATION PERMITS ELIMINATED; FORM AND CONTENT OF WAREHOUSE WITHDRAWALS

On October 1, 1954, the Bureau of Customs established an on-the-site audit procedure for the examination of the accounts of collectors of customs and other customs accountable officers. As a result of this change, certain copies of many import and other customs documents which were formerly required for internal administration are no longer needed. In order to eliminate the requirement for these copies, the Customs Regulations are being amended to incorporate the following changes:

(1) Discontinue the requirement that the master of a vessel send a copy of his manifest to the comptroller.

(2) Eliminate one copy of each post entry; free consumption entry; warehouse and rewarehouse entry; temporary importation entry; application for destruction, abandonment, or manipulation; immediate exportation entry; transportation and exportation entry; inventory of supplies on international trains; entry of merchandise in transit through the United States, manifest of merchandise arriving in sealed vessels or vehicles; letter of diversion; report of discrepancies; and two copies of each immediate transportation entry; warehouse and rewarhouse withdrawal for transportation; manifest of baggage shipped in bond.

(3) Certificates regarding vessel repairs or no vessel repairs, on customs Forms 3415 and 3417, are to be presented to the boarding officer with the vessel manifest.

The Customs Regulations are also being amended to require quantity balances to be shown on certain types of warehouse withdrawals, in order to permit certain changes to be made in the control of merchandise in customs bonded warehouses.

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

1. Section 4.7 is amended as follows:

a. Paragraph (b) is amended to read as follows:

(b) (1) The master shall deliver the original and one copy of the manifest to the boarding officer.[16] The original manifest shall list all the inward foreign cargo on board, regardless of the port of discharge, whereas the other copy is required to list only the cargo manifested for the port in question. The preceding sentence does not refer to sea or ships' stores or crews' purchases or curios.

(2) The master of a vessel documented under the laws of the United States to engage in the foreign or coasting trade, or intended to be employed in such trade, shall at each port of first arrival from a foreign country, certify on customs Form 3415 or 3417 as to whether or not any equipment, repair part, or material has been purchased for the vessel, or any expense for repairs has been incurred, in a foreign country,[16b] within the purview of section 466, Tariff Act of 1930, as amended. The certificate shall be ready for production on demand, and for inspection by the boarding officer, and shall be presented with the original manifest when making formal entry of the vessel.

b. A footnote is appended to paragraph (b) (2) to read:

[16b] See footnote 26, § 4.14 (a).

c. The citation of authority for § 4.7 is amended to read as follows:

(Secs. 431, 439, 465, 581, 583, 46 Stat. 710, as amended, 712, as amended, 718, 747, as amended, 748; 19 U. S. C. 1431, 1439, 1465, 1581, 1583)

2. Section 4.12 (c) is amended to read as follows:

(c) If there is on board any merchandise, including bulk merchandise and baggage, which is not included in, or does not agree with, the manifest,[24] the manifest shall be corrected by the execution of a post entry in original only on customs Form 3257, which shall be filed with the collector.

(Secs. 440, 624, 46 Stat. 712, as amended, 759; 19 U. S. C. 1440, 1624)

3. Section 4.14 is amended as follows:

a. Paragraph (a) is amended to read:

(a) The master's certificate on customs Form 3415 required by § 4.7 (b) (2), covering equipment, repair parts, or material acquired, or expense for repairs incurred, in a foreign country,[26] within the purview of section 466, Tariff Act of 1930, as amended,[27] shall be filed, whether or not the items, or any of them, may be exempt from entry as stated in paragraph (b) (1) of this section.

b. The citation of authority for § 4.14 is amended to read as follows:

(R. S. 3114, as amended, 3115, as amended, sec. 498, 46 Stat. 728, as amended; 19 U. S. C. 257, 258, 1498)

4. Section 4.81 (f) is amended by deleting the fifth sentence.

5. Section 4.85 is amended by deleting from the third sentence of paragraph (c) ", each such list to show the port where and the date the vessel first entered in that comptroller district"; by transferring the citation of authority from the end of paragraph (f) to the end of paragraph (e); and by deleting the remainder of paragraph (f).

6. Section 4.87 (d) is amended by deleting from the second sentence ", each such list to show the port where and the date the vessel first entered in that comptroller district" and by deleting the third sentence.

(Secs. 435, 624, 46 Stat. 711, 759; 19 U. S. C. 1435, 1624)

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624)

PART 5—CUSTOMS RELATIONS WITH CONTIGUOUS FOREIGN TERRITORY

1. Section 5.3 (a) is amended by substituting "(See §§ 4.7 (b) (2) and 4.14.)" for "(See § 4.14.)" at the end thereof.

2. Section 5.7 is amended as follows:

a. Paragraph (b) is amended by changing "triplicate" in the first sentence to "duplicate."

b. Paragraph (c) is amended by substituting "both" for "all" and "other copy" for "other copies."

c. Paragraph (d) is amended by substituting "copy" for "two copies" and "was" for "were."

(Sec. 465, 46 Stat. 718; 19 U. S. C. 1465)

(Sec. 624, 46 Stat. 759; 19 U. S. C. 1624)

PART 8—LIABILITY FOR DUTIES, ENTRY OF IMPORTED MERCHANDISE

1. Section 8.27 is amended to read as follows:

§ 8.27 *Form of entry.* Entry for consumption shall be made on customs Form 7501. Such entries shall be numbered in two separate series, one for dutiable consumption entries and the other for free consumption entries. The dutiable entries shall be made in triplicate and the free entries in duplicate.

(Sec. 484, 46 Stat. 722, as amended; 19 U. S. C. 1484)

2. Section 8.30 (a) is amended by substituting "duplicate" for "triplicate".

3. Section 8.33 (a) is amended by substituting "duplicate" for "triplicate" in the second sentence.

4. Section 8.37 is amended by designating the present paragraph as "(a)"; by deleting the citation of authority; and by adding a new paragraph "(b)", as follows:

(b) Each withdrawal filed shall have indicated thereon, preferably in the top margin toward the right-hand corner, a summary statement of the account to which it is related. The statement shall indicate (1) the quantity (i. e., number of outer containers, or tons, etc.) in the warehouse account before the withdrawal, (2) the amount included on the particular withdrawal, and (3) the quantity remaining in warehouse after the withdrawal. The quantity in each instance aforementioned, although it may include a group of varied units, such as boxes, cases, or cartons, and may consist of more than one commodity, such as distilled spirits, chinaware, etc., may be shown as a cumulative total. When all or a portion of an original lot is transferred to a new owner, withdrawals by the transferee shall show only the quantity transferred, the quantity withdrawn by the transferee, and the transferred quantity remaining in warehouse. In such case, the quantity retained by the original importer and the quantity transferred shall be treated as separate accounts. (See § 8.39.)

(Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

5. Section 8.39 (d) is amended by adding the following at the end thereof: "Each withdrawal of any type filed by the transferee shall contain a summary statement thereon indicating the quantity on hand in the transferee's name before the withdrawal, the amount withdrawn on the particular withdrawal, and the quantity remaining in the warehouse to the credit of the transferee, if any. (See § 8.37.)"

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624)

PART 10—ARTICLES CONDITIONALLY FREE, SUBJECT TO A REDUCED RATE, ETC.

1. Section 10.31 (a) is amended by substituting "in original only" for "in duplicate" in the first sentence.

2. Section 10.60 (a) is amended by inserting a new sentence following the first sentence to read: "Each withdrawal shall contain the statement prescribed for withdrawals in § 8.37 (b) of this chapter."

3. Section 10.80 is amended by inserting a new sentence following the fourth sentence to read: "Each withdrawal shall contain the statement prescribed for withdrawals in § 8.37 (b) of this chapter."

4. Section 10.91 (a) is amended by adding as the final sentence the following: "The withdrawal shall contain the statement prescribed for withdrawals in § 8.37 (b) of this chapter."

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624)

PART 15—RELIEF FROM DUTIES ON MERCHANDISE LOST, STOLEN, DESTROYED, INJURED, ABANDONED, OR SHORT-SHIPPED

Section 15.4 (a) is amended by deleting ", in duplicate," from the first sentence.

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624)

PART 18—TRANSPORTATION IN BOND AND MERCHANDISE IN TRANSIT

1. The first sentence of § 18.2 (c) is amended to read as follows: "The manifest shall be filed in triplicate and, after the goods have been laden and the carrier has receipted all copies, one copy shall be delivered to the conductor, master, or person in charge to accompany the conveyance and be delivered to the collector at destination for his record."

2. Section 18.5 is amended as follows:

a. Paragraph (a) is amended by adding the following sentence at the end thereof: "An application to divert made under this section shall be furnished in the number of copies required for the purposes of local administration."

b. Paragraph (c) is amended by deleting therefrom "or a certificate of delivery has been issued".

c. Paragraph (d) is amended by deleting "forward a certificate of delivery to the port of origin", and substitute therefor "notify the port of origin".

3. Section 18.10 (b) is amended by deleting the second and third sentences and inserting the following in lieu thereof: "In the case of shipments to the Virgin Islands (U. S.) under subparagraph (3), (4), or (5), of paragraph (a) of this section, one additional copy of the entry or withdrawal on customs Form 7512 shall be filed and shall be mailed by the receiving collector to the collector of customs, Charlotte Amalie, St. Thomas, Virgin Islands (U. S.)."

4. Section 18.11 (i) is amended by substituting "seven" for "nine" in the first tentence.

5. Section 18.13 (c) is amended by substituting "quadruplicate" for "sextuple" in the first sentence.

6. Section 18.16 (a) is amended by substituting "eight copies" for "10 copies" in the second sentence.

7. Section 18.16 (b) is amended by inserting a new sentence following the second sentence to read: "Each withdrawal for transportation shall contain the statement prescribed for withdrawals in § 8.37 (b) of this chapter."

8. Section 18.19 is amended by deleting the citation of authority at the end of paragraph (b) and adding a new paragraph designated (c) to read:

(c) Each withdrawal for exportation or withdrawal for transportation and exportation shall contain the summary statement prescribed for withdrawals in § 8.37 (b) of this chapter.

(Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

9. Section 18.20 (a) is amended by substituting "seven" for "eight" therein.

10. Section 18.25 (a) is amended by substituting "quadruplicate" for "quintuple" therein.

11. Section 18.30 (a) is amended by substituting "seven" for "nine" therein.

12. Section 18.30 (d) is amended by substituting "three copies" for "four copies" therein.

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624)

PART 19—CUSTOMS WAREHOUSES AND CONTROL OF MERCHANDISE THEREIN

1. Section 19.11 (d) is amended by deleting "in duplicate" in the first sentence.

2. Section 19.11 (g) is amended by inserting after the first sentence a new sentence to read: "Each type of withdrawal filed shall contain a summary statement indicating the quantity in the warehouse account after manipulation and immediately before the withdrawal, the quantity withdrawn on the particular withdrawal, and the quantity remaining in the warehouse after the withdrawal."

3. Section 19.15 is amended by redesignating paragraphs (e) through (l) as (f) through (m), respectively, and inserting a new paragraph (e) to read as follows:

(e) Each withdrawal covering the items which are permitted to be withdrawn for consumption shall contain a summary statement thereon, showing for each class of merchandise the quantity on hand in the account, the quantity covered by the withdrawal presented, and the quantity remaining in the warehouse account, if any.

and by deleting the third sentence of redesignated paragraph (g).

(Sec. 311, 46 Stat. 691, as amended; 19 U. S. C. 1311)

4. Section 19.18 is amended by substituting "entry account" for "ledger entry" in the second sentence.

5. Section 19.20 (b) (2) is amended by inserting "and" before "the imported material" and by deleting ", and the credit on the warehouse ledger shall be made accordingly".

6. Section 19.23 is amended by substituting "entry" for "ledger" in the headnote; by deleting "and to each comptroller of customs concerned" at the end of the second sentence; and by amending the third and fourth sentences to read: "Such withdrawals shall designate the plant or plants which are to receive the credit, shall specify the warehouse entry number or numbers to which the credit is to be applied, and shall state the quantity of metal producible which is to be applied to each warehouse entry specified, and when any of the credits specified represent the last withdrawal against a particular warehouse entry, the words "final withdrawal" shall be shown on the withdrawal. When two or more plants in a given collection district are designated to receive credit, sufficient copies of the withdrawals shall be prepared to cover each such plant and entry."

(Sec. 312, 46 Stat. 692; 19 U. S. C. 1312)

7. Section 19.25 is amended by substituting "entry" for "ledger" in the first clause of paragraph (a) and in the second and third sentences of paragraph (c).

(Sec. 556, 46 Stat. 759; 19 U. S. C. 1556)

(R. S. 251, sec. 624, 46 Stat. 743; 19 U. S. C. 66, 1624)

[SEAL] RALPH KELLY,
Commissioner of Customs.

Approved:

H. CHAPMAN ROSE,
Acting Secretary of the Treasury.

[F. R. Doc. 55-3752; Filed, May 9, 1955; 8:47 a. m.]

[T. D. 53790]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADE

WAIVER OR COASTWISE TOWING LAWS

MAY 4, 1955.

Upon the written recommendation of the Deputy Secretary of Defense in the interest of national defense and by virtue of the authority vested in me by the act of December 27, 1950 (64 Stat. 1120), and revised Treasury Department Order No. 165 (T. D. 53654), I hereby waive compliance with section 316, title 46, United States Code, to the extent necessary to permit the use of Canadian vessels in towing barges owned or chartered by Dwight W. Winkelman Co., Inc., between Oswego and the Grass River Bridge cofferdam site, a part of the St. Lawrence Seaway Development Project, and between Buffalo and the same site. This waiver shall be effective immediately and shall remain in effect until June 1, 1955.

(R. S. 161, 251, secs. 2, 3, 23 Stat. 118, as amended, 119, as amended, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 19 U. S. C. 66, 1624, 46 U. S. C. 213)

[SEAL] RALPH KELLY,
Commissioner of Customs.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Subchapter A—Alaska

[Circ. 1508]

PART 80—TOWNSITES

RIGHTS OF WAY

A new section to Part 80 is added as follows:

§ 80.14b *Rights of way.* Notwithstanding any other provisions of this part, the trustee is authorized to grant rights of way for public purposes across any unentered lands within the townsite. This authority is expressly limited to grants of rights of way to the townsite itself, or to the city after its incorporation.

(Sec. 11, 26 Stat. 1099; 48 U. S. C. 355)

DOUGLAS MCKAY,
Secretary of the Interior.

MAY 3, 1955.

Appendix C—Public Land Orders

[Public Land Order 1142]

ALASKA

WITHDRAWING PUBLIC LAND FOR USE OF DEPARTMENT OF THE AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public land in Alaska is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for use of the Department of the Air Force for military purposes:

Beginning at a point from which Triangulation Station "Sparr", established in September 1951 by the Corps of Engineers, in latitude 61°07'30" N., longitude 155°39'00" W., bears South, 4,580 feet, thence East, 10,360 feet; South, 4,000 feet; West 2,560 feet; South, 4,000 feet; West, 2,000 feet; South, 10,000 feet; West 6,000 feet; North, 10,000 feet; West, 2,000 feet; North, 8,000 feet; East, 2,000 feet to point of beginning.

The tract described contains approximately 3,462 acres.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

MAY 4, 1955.

[F. R. Doc. 55-3738; Filed, May 9, 1955; 8:45 a. m.]

[Public Land Order 1143]

ALASKA

RESERVING LANDS FOR USE OF FOREST SERVICE AS ADDITIONS TO KETCHIKAN AND JUNEAU ADMINISTRATIVE SITES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described lands in Alaska are hereby reserved for use of the Forest Service, Department of Agriculture, in connection with the administration of the Tongass National Forest, as additions to administrative sites established by (a) Public Land Order No. 564 of February 21, 1949, and (b) No. 567 of February 25, 1949, and Executive Order No. 2412 of June 30, 1916:

(a) Ketchikan Marine Station:
Beginning at corner No. 1 M. C., U. S. Survey 1079, thence by meanders thereof, S. 55° 30' E., 106 feet; S. 69° 45' E., 46 feet; S. 60° 15' E., 248 feet.
Thence leaving meanders, S. 24° 04' W., 245 feet; N. 63° 58' W., 398 feet; N. 24° 04' E., 270 feet to point of beginning.

The tract described contains 2.34 acres.

(b) Juneau Administrative Site:
Beginning at corner No. 5 M. C., U. S. Survey 2313, thence S. 47° 00' W., 450 feet; N. 40° 15' W., 1,884 feet; N. 47° 00' E., 450 feet to corner No. 1 M. C., U. S. S. 2306.
Thence by meanders of U. S. S. 2306 and U. S. S. 2313, S. 38° 34' E., 1,023.7 feet; S. 50° 45' E., 229.0 feet; S. 38° 14' E., 450.0 feet; S. 42° 21' E., 181.1 feet to point of beginning.

The tract described contains 18.94 acres.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

MAY 4, 1955.

[F. R. Doc. 55-3737; Filed, May 9, 1955; 8:45 a. m.]

[Public Land Order 1144]

OREGON

RESERVING LANDS WITHIN NATIONAL FORESTS FOR USE OF FOREST SERVICE AS RECREATION AREAS

By virtue of the authority vested in the President by the act of June 4, 1897 (30 Stat. 34, 36; 16 U. S. C. 473) and otherwise, and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands within the national forests hereinafter designated are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining but not the mineral-leasing laws, and reserved for use of the Forest Service, Department of Agriculture, as recreation areas:

WILLAMETTE MERIDIAN

OCHOCO NATIONAL FOREST

Delintment Lake Recreation Area

T. 19 S., R. 26 E.,
Sec. 29, S½NE¼, E½SW¼, SE¼, SE¼ NW¼.

The areas described aggregate 360 acres.

Kings Reservoir Recreation Area

T. 13 S., R. 20 E.,
Sec. 21, NE¼, E½NW¼.

The areas described aggregate 240 acres.

DESCHUTES NATIONAL FOREST

Miller Lake Recreation Area

T. 27 S., R. 6½ E.,
Sec. 11;
Sec. 12, SW¼, SW¼SE¼;
Sec. 13, lots 1, 2, 3, 4, 5, 6 and 7, NW¼ SW¼;
Sec. 14, NE¼, NE¼NW¼.

The areas described aggregate 1,274.43 acres.

FREMONT NATIONAL FOREST

Dairy Creek Recreation Area

T. 36 S., R. 17 E.,
Sec. 2, SW¼NW¼, N½SW¼;
Sec. 3, lot 4, S½NE¼, S½NW¼, N½S½;
Sec. 4, E½SW¼, SE¼.

The areas described aggregate 723.28 acres.

MALHEUR NATIONAL FOREST

Beech Creek Recreation Area

T. 11 S., R. 30 E.,
Sec. 33, NW¼NE¼SW¼.

The area described contains 10.00 acres.

ROGUE RIVER NATIONAL FOREST

Woodruff Meadows Bridge Recreation Area

T. 31 S., R. 3 E.,
Sec. 19, NE¼SW¼NE¼, N½SE¼SW¼ NE¼, NW¼SE¼NE¼, N½SW¼SE¼ NE¼.

The areas described aggregate 30.00 acres.

SISKIYOU NATIONAL FOREST

Grayback Recreation Area

T. 39 S., R. 6 W.,
Sec. 30, E½E½ of lot 4, SE¼SW¼, S½S½ SE¼;
Sec. 31, E½E½ of lot 1, NW¼NE¼, N½ NE¼NE¼, SW¼NE¼NE¼, NE¼NW¼.

The areas described aggregate 250.97 acres.

SIUSLAW NATIONAL FOREST

Cape Perpetua Recreation Area

T. 15 S., R. 12 W.,
Sec. 2, lots 11, 12, 13 and 14;
Sec. 3, lots 2 and 3, SW¼ of lot 4, lots 5, 6 and 7.

The areas described aggregate 308.10 acres.

WALLOWA NATIONAL FOREST

Hurricane Creek Recreation Area

T. 3 S., R. 44 E.,
Sec. 3, lot 4, W½ of lot 5, NE¼NE¼SW¼, S½NE¼SW¼, SE¼SW¼, NW¼SE¼, N½SW¼SE¼, SW¼SW¼SE¼;
Sec. 10, NW¼NW¼NE¼, E½NW¼, E½ SW¼NW¼, E½W½SW¼, E½SW¼, SW¼NW¼SE¼, NW¼SW¼SE¼;
Sec. 15, W½E½NW¼, E½W½NW¼.

The areas described aggregate 530.00 acres.

WILLAMETTE NATIONAL FOREST

Shady Dell Recreation Area

T. 20 S., R. 2 E.,
Sec. 35, lot 11.

The area described contains 43.5 acres.

This order shall be subject to existing withdrawals for power transmission line purposes so far as they affect any of the above-described lands, and shall take precedence over, but not otherwise affect the existing reservation of the lands for national forest purposes.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

MAY 4, 1955.

[F. R. Doc. 55-3736; Filed, May 9, 1955; 8:45 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR (1954) Part 1]

INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

DISCHARGE OF INDEBTEDNESS

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Attention T:P, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U. S. C. 7805).

[SEAL] T. COLEMAN ANDREWS,
Commissioner of Internal Revenue.

The following regulations are hereby prescribed under section 108 (relating to income from discharge of indebtedness) and section 1017 (relating to adjustment to basis in certain cases of discharge of indebtedness) of the Internal Revenue Code of 1954, and are effective for taxable years beginning after December 31, 1953 and ending after August 16, 1954.

§ 1.108 (a) *Statutory provisions; income from discharge of indebtedness; special rule of exclusion.*

SEC. 108. *Income from discharge of indebtedness*—(a) *Special rule of exclusion.* No amount shall be included in gross income by reason of the discharge, in whole or in part, within the taxable year, of any indebtedness for which the taxpayer is liable, or subject to which the taxpayer holds property, if—

(1) The indebtedness was incurred or assumed—

(A) By a corporation, or

(B) By an individual in connection with property used in his trade or business, and

(2) Such taxpayer makes and files a consent to the regulations prescribed under section 1017 (relating to adjustment of basis) then in effect at such time and in such manner as the Secretary or his delegate by regulations prescribes.

In such case, the amount of any income of such taxpayer attributable to any unamortized premium (computed as of the first day of the taxable year in which such discharge occurred) with respect to such indebtedness shall not be included in gross income, and the amount of the deduction attributable to any unamortized discount (computed as of the first day of the taxable year in which such discharge occurred) with respect to such indebtedness shall not be allowed as a deduction.

§ 1.108 (a)–1 *Income from discharge of indebtedness.* (a) Section 108 (a) provides a specific exclusion from gross income, at the taxpayer's election, of the amount of income attributable to the discharge of indebtedness, in whole or in part, within the taxable year. In order to take advantage of the exclusion, the taxpayer must file a consent to applicable regulations relating to the adjustment of basis, in accordance with § 1.108 (a)–2. This section applies to indebtedness incurred or assumed either (1) by a corporation, or (2) by an individual in connection with property used in his trade or business; and it covers any such indebtedness for which the corporate or individual taxpayer is liable or subject to which the taxpayer holds property.

(b) (1) If, as of the first day of the taxable year in which a discharge of indebtedness occurs, there is unamortized premium, the amount of the income attributable to such premium shall be excluded from gross income.

Example. On January 1, 1955, the M Corporation (which files its return on a calendar year basis) had outstanding an issue of A bonds of the face value of $10,000, and as of that day there was $100 unamortized premium on this bond issue. On September 1, 1955, the M Corporation purchased these bonds for $9,000. The total amount to be excluded from gross income under this section is $1,100.

(2) If, as of the first day of the taxable year in which a discharge of indebtedness occurs, there is unamortized discount, the amount of the deduction attributable to such discount shall be disallowed as a deduction.

Example. On January 1, 1955, the N Corporation (which files its return on a calendar year basis) had outstanding an issue of B bonds of the face value of $10,000, and as of that day there was $50 unamortized discount on this bond issue. On September 1, 1955, the N Corporation purchased these bonds for $9,000. The total amount to be excluded from gross income under this section is $950.

(c) Section 108 (a) and this section are inapplicable in the case of any discharge occurring in any proceeding under section 77B of the Bankruptcy Act (48 Stat. 912, repealed June 22, 1938), under Chapter X or X1 of such act (11 U. S. C., c. 10, 11), or under Chapter XV of such act (53 Stat. 1134, expired July 31, 1940) if the proceeding under such Chapter XV was initiated by a petition filed on or before July 31, 1940, and with respect to any discharge of indebtedness to which section 108 (b) applies.

§ 1.108 (a)–2 *Making and filing of consent.* In order to take advantage of the exclusion from gross income provided by section 108 (a), a taxpayer must file with his return for the taxable year a consent to have the basis of his property adjusted in accordance with the regulations prescribed under section 1017 which are in effect at the time of filing such return. See §§ 1.1017–1 and 1.1017–2. In special cases, however, where the taxpayer establishes to the satisfaction of the Commissioner reasonable cause for failure to file the necessary consent with his original return, he may file the consent with an amended return or claim for credit or refund; and in such cases, the consent shall be to the regulations which, at the time of filing the consent, are applicable to the taxable year for which such consent is filed. In all cases the consent shall be made by or on behalf of the taxpayer on Form 982, in duplicate, in accordance with these regulations and the instructions on the form or issued therewith.

§ 1.108 (b) *Statutory provisions; income from discharge of indebtedness; railroad corporations.*

SEC. 108. *Income from discharge of indebtedness.* • • •

(b) *Railroad corporations.* No amount shall be included in gross income by reason of the discharge, cancellation, or modification, in whole or in part, within the taxable year, of any indebtedness of a railroad corporation, as defined in section 77 (m) of the Bankruptcy Act (11 U. S. C. 205 (m)), if such discharge, cancellation, or modification is effected pursuant to an order of a court in a receivership proceeding or in a proceeding under section 77 of the Bankruptcy Act. In such cases, the amount of any income of the taxpayer attributable to any unamortized premium (computed as of the first day of the taxable year in which such discharge occurred) with respect to such indebtedness shall not be included in gross income, and the amount of the deduction attributable to any unamortized discount (computed as of the first day of the taxable year in which such discharge occurred) with respect to such indebtedness shall not be allowed as a deduction. Subsection (a) of this section shall not apply with respect to any discharge of indebtedness to which this subsection applies. This subsection shall not apply to any discharge occurring in a taxable year beginning after December 31, 1955.

§ 1.108 (b)–1 *Income from discharge of indebtedness of railroad corporations.* (a) Under section 108 (b), the amount of any income attributable to the discharge, cancellation, or modification, in whole or in part, within the taxable year, of any indebtedness of a railroad corporation as a result of an order of a court in a receivership proceeding, or in a railroad reorganization proceeding under section 77 of the Bankruptcy Act (11 U. S. C. 205) is excluded from the gross income of the railroad corporation. The section is applicable only in a case where income accrues to a taxpayer from the discharge, modification, or cancellation of the corporate indebtedness (whether in whole or in part) pursuant to a court order.

(b) The railroad corporations to which this section and section 108 (b) apply are those defined in section 77 (m) of the Bankruptcy Act (11 U. S. C. 205 (m)), namely, any common carrier by railroad engaged in the transportation of persons or property in interstate commerce, except a street, a suburban, or interurban electric railway which is not opeated as a part of a general railroad system of transportation or which does not derive more than 50 percent of its operating revenues from the transportation of freight in standard steam railroad freight equipment.

(c) As used in section 108 (b) and this section, the term "indebtedness" means an obligation, absolute and not contingent, to pay on demand or within a given time, in cash or another medium, a fixed amount.

(d) If, as of the first day of the taxable year in which a discharge of indebtedness occurs, there is unamortized premium, the amount of the income attributable to such premium shall be excluded from gross income. If, as of the first day of the taxable year in which a discharge of indebtedness occurs, there is unamortized discount, the amount of the deduction attributable to such discount shall be disallowed as a deduction. See § 1.108 (a)–1 (b) for examples illustrating the application of this principle.

(e) The provisions of section 108 (b) and this section are applicable with respect to any discharge occurring in a taxable year beginning before January 1, 1956.

§ 1.1017 *Statutory provisions; basic rules of general application; discharge of indebtedness.*

SEC. 1017. *Discharge of indebtedness.* Where any amount is excluded from gross income under section 108 (a) (relating to income from discharge of indebtedness) on account of the discharge of indebtedness the whole or a part of the amount so excluded from gross income shall be applied in reduction of the basis of any property held (whether before or after the time of the discharge) by the taxpayer during any portion of the taxable year in which such discharge occurred. The amount to be so applied (not in excess of the amount so excluded from gross income, reduced by the amount of any deduction disallowed under section 108 (a)) and the particular properties to which the reduction shall be allocated, shall be determined under regulations (prescribed by the Secretary or his delegate) in effect at the time of the filing of the consent by the taxpayer referred to in section 108 (a). The reduction shall be made as of the first day of the taxable year in which the discharge occurred, except in the case of property not held by the taxpayer on such first day, in which case it shall take effect as of the time the holding of the taxpayer began.

§ 1.1017–1 *Adjusted basis; discharge of indebtedness; general rule.* (a) In addition to the adjustments provided in section 1016 and the regulations thereunder which are required to be made with respect to the cost or other basis of property, and except as otherwise provided in section 372 (a), 373 (b) (2), or 1018, a further adjustment shall be made in any case in which there shall have been an exclusion from gross income under section 108 (a) on account of a discharge of indebtedness during the taxable year. Such further adjustments shall, except as otherwise provided in § 1.1017–2, be made in the following manner and order:

(1) In the case of indebtedness incurred to purchase specific property (other than inventory or notes or accounts receivable), whether or not a lien is placed against such property securing the payment of all or part of such indebtedness, which indebtedness shall have been discharged, the cost or other basis of such property shall be decreased by an amount equal to the amount excluded from gross income under section 108 (a) and attributable to the discharge of the indebtedness so incurred with respect to such property;

(2) In the case of specific property (other than inventory or notes or accounts receivable) against which, at the time of the discharge of the indebtedness, there is a lien (other than a lien securing indebtedness incurred to purchase such property) the cost or other basis of such property shall be decreased by an amount equal to the amount excluded from gross income under section 108 (a) and attributable to the discharge of the indebtedness secured by such lien;

(3) Any excess of the total amount excluded from gross income under section 108 (a) over the sum of the adjustments made under subparagraphs (1) and (2) of this paragraph shall next be applied to reduce the cost or other basis of all the property of the debtor (other than inventory and notes and accounts receivable) as follows: The cost or other basis of each unit of property shall be decreased in an amount equal to such proportion of such excess as the adjusted basis (without reference to this section) of each such unit of property bears to the sum of adjusted bases (without reference to this section) of all the property of the debtor other than inventory and notes and accounts receivable; and

(4) Any excess of the total amount excluded from gross income under section 108 (a) over the sum of the adjustments made under subparagraphs (1), (2) and (3) of this paragraph shall next be applied to reduce the cost or other basis of inventory and notes and accounts receivable, as follows: The cost or other basis of inventory or notes or accounts receivable, as the case may be, shall be decreased in an amount equal to such proportion of such excess as the adjusted basis of inventory, notes receivable or accounts receivable, as the case may be, bears to the sum of the adjusted bases of such inventory and notes and accounts receivable.

In the application of subparagraphs (1), (2), (3) and (4) of this paragraph, no decrease in the cost or other basis of any property shall exceed the amount of adjusted basis of such property without reference to this section.

(b) For the purposes of this section:

(1) Except where the context otherwise requires, property means all of the debtor's property, other than money;

(2) The phrase "indebtedness incurred to purchase" includes (i) indebtedness for money borrowed and applied in the purchase of property and (ii) an existing indebtedness secured by a lien against the property which the debtor, as purchaser of such property, has assumed to pay;

(3) The phrase "amount excluded from gross income under section 108 (a)" means the amount of income excluded under that section reduced by any deduction disallowed under that section for unamortized discount;

(4) Adjustments to basis shall be made:

(i) In the case of property owned on the first day of the taxable year, as of that day;

(ii) In the case of property acquired after the first day of the taxable year, as of the date so acquired—

regardless of the time such property was subsequently sold, exchanged, or otherwise disposed of by the taxpayer;

(5) Whenever a discharge of indebtedness is accomplished by a transfer of the taxpayer's property in kind, the difference between the amount of the obligation discharged and the fair market value of the property transferred is the amount which may be applied in reduction of basis;

(6) Regardless of the amount excluded by the taxpayer from his gross income under section 108 (a) and so stated on Form 982, the maximum amount by which basis may be reduced in respect of the discharge of any indebtedness is the amount of income resulting from the discharge of such indebtedness.

(7) Any reduction in basis which remains to be taken (by reason of an exclusion from gross income under section 108 (a)) after the application of subparagraph (1) of paragraph (a) of this section shall be applied first against property of a character subject to the allowance for depreciation under section 167, property with respect to which a deduction for amortization is allowable under section 168 or 169, and property with respect to which a deduction for depletion is allowable under section 611 (but not including property specified in section 613), in the order in which such property is described in subparagraphs (2) and (3) of paragraph (a) of this section. Any further adjustment in basis required to be made under section 108 (a) shall be applied against other property in the order prescribed in subparagraphs (2), (3) and (4) of paragraph (a) of this section.

(c) The application of paragraph (a) of this section may be illustrated by the following examples:

Example (1). On January 1, 1954, the N Corporation owned an office building, which it sold in March 1954. In June 1954 it purchased a factory building. In October 1954 the N Corporation bought in its outstanding bonds at less than their face value. Assuming that there is a proper exclusion from gross income under section 108 (a), the basis of each building shall be adjusted under section 1017 for the taxable year 1954. (But see § 1.1017–2.)

Example (2). The M Corporation had outstanding an issue of A bonds which it had sold at a premium and an issue of B bonds which it had sold at a discount. In July 1954 the M Corporation purchased such outstanding bonds for less than face value. The amount of income attributable to the discharge of the A bonds is $1,000 and the amount of unamortized premium (as of the first day of the taxable year in which the discharge occurred) is $200. The amount of income attributable to the discharge of the B bonds is $1,000 and the amount of unamortized discount (as of the first day of the taxable year in which the discharge occurred) is $50. Each issue of bonds is regarded as a separate indebtedness and the M Corporation may elect under section 108 (a) with respect to each issue or both issues. If the M Corporation elects under section

108 (a) to have excluded from gross income the amount of income attributable to the discharge of the issue of A bonds, the total reduction in basis of property of the M Corporation shall not exceed $1,200. If the M Corporation elects with respect to the B bonds, the total reduction in basis shall not exceed $950. If the M Corporation elects with respect to both bond issues, the total reduction in basis shall not exceed $2,150.

§ 1.1017–2 *Adjusted basis; discharge of indebtedness; special cases.* (a) Section 1.1017–1 prescribes the general rule to be followed in adjusting basis of property where there is a proper exclusion from gross income under section 108 (a). The taxpayer may, however, have the basis of his property adjusted in a manner different from that set forth in § 1.1017–1 upon a proper showing to the satisfaction of the Commissioner. Such adjustment, however, shall be consistent with the principles of § 1.1017–1. Variations from such general rule may, for example, involve adjusting the basis of only part of the taxpayer's property or adjusting the basis of all the taxpayer's property, according to a fixed allocation.

(b) A request for variations from the general rule prescribed in § 1.1017–1 shall be filed by the taxpayer with his return for the taxable year in which the discharge of indebtedness occurred unless a consent is permitted (under § 1.108 (a)–2) after the original return has been filed, in which case such request shall be filed with the amended return or claim for credit or refund, as the case may be. Agreement between the taxpayer and the Commissioner as to any variations from such general rule shall be effected only by a closing agreement entered into under the provisions of section 7121. If no agreement is reached between the taxpayer and the Commissioner as to variations from the general rule prescribed in § 1.1017–1, then the consent filed on Form 982 shall be deemed to be a consent to the application of such general rule and such general rule shall prevail in the determination of the basis of the taxpayer's property. If no agreement is reached between the taxpayer and the Commissioner as to variations from the general rule and the taxpayer specifically states that he does not consent to the application of the general rule, then section 108 (a) and section 1017 shall not apply.

[F. R. Doc. 55–3754; Filed, May 9, 1955; 8:47 a. m.]

[26 CFR (1954) Part 270]

CIGARS AND CIGARETTES; MANUFACTURERS, IMPORTERS, AND DEALERS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Washington 25, D. C., within the period of 15 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U. S. C. 7805).

[SEAL] T. COLEMAN ANDREWS,
Commissioner of Internal Revenue.

Preamble. 1. These regulations, 26 CFR Part 270, "Cigars and Cigarettes—Manufacturers, Importers, and Dealers," are promulgated to implement the Internal Revenue Code of 1954 and supersede 26 CFR (1939) Part 140, as last amended by Treasury Decision 6052, approved November 10, 1953, and Part 457, as added by Treasury Decision 4744, approved June 24, 1937, insofar as they relate to cigars and cigarettes.

2. These regulations shall not affect any act done, or any liability or right accruing or accrued, or any suit or proceeding had or commenced, before the effective date of these regulations.

Subpart A—Scope of Regulations

Sec.
270.1 Cigars and cigarettes; manufacturers, importers, and dealers.
270.2 Forms prescribed.

Subpart B—Definitions

270.10 Meaning of terms.
270.11 Assistant regional commissioner.
270.12 Black Fat.
210.13 Cigar.
270.14 Cigarette.
270.15 Clippings.
270.16 Commissioner.
270.17 Cuttings.
270.18 Dealer in tobacco materials.
270.19 Director, Alcohol and Tobacco Tax Division.
270.20 District director.
270.21 Factory.
270.22 Importer.
270.23 Inclusive language.
270.24 I. R. C.
270.25 Large cigarettes.
270.26 Large cigars.
270.27 Leaf tobacco.
270.28 Manufacturer of cigars and cigarettes.
270.29 Manufacturer of tobacco.
270.30 Package.
270.31 Parcel.
270.32 Perique.
270.33 Person.
270.34 Region.
270.35 Regional commissioner.
270.36 Removal or remove.
270.37 Revenue officer.
270.38 Scraps.
270.39 Siftings.
270.40 Small cigarettes.
270.41 Small cigars.
270.42 Stems.
270.43 Tobacco in process.
270.44 Tobacco materials.
270.45 Tobacco products.
270.46 U. S. C.
270.47 Waste.

Subpart C—Taxes

270.60 Cigar tax rates.
270.61 Classification of large cigars.
270.62 Cigarette tax rates.
270.63 Classification of cigarettes.
270.64 Liability for tax and method of payment.
270.65 Assessment.

Subpart D—General

270.70 Authority of revenue officers to enter premises.
270.71 Interference with administration.
270.72 Disposal of forfeited, condemned, and abandoned cigars, cigarettes, and tobacco materials.
270.73 Restamping packages from which the stamps have been lost or destroyed.
270.74 Variations from requirements.
270.75 Penalties and forfeitures.

Subpart E—Qualification Requirements for Manufacturers

270.80 Persons required to qualify.
270.81 Application for permit.
270.82 Corporate documents.
270.83 Articles of partnership or association.
270.84 Trade name certificate.
270.85 Bond.
270.86 Power of attorney.
270.87 Factory premises.
270.88 Additional information.
270.89 Investigation of applicant.
270.90 Issuance of permit.

Subpart F—Changes Subsequent to Original Qualification of Manufacturers

CHANGES IN NAME

270.100 Change in individual name.
270.101 Change in trade name.
270.102 Change in corporate name.

CHANGES IN OWNERSHIP AND CONTROL

270.103 Fiduciary successor.
270.104 Transfer of ownership.
270.105 Change in officers or directors of a corporation.
270.106 Change in stockholders of a corporation.

CHANGES IN LOCATION AND PREMISES

270.107 Change in location within same region.
270.108 Change in location to another region.
270.109 Change in factory premises.
270.110 Emergency premises.

Subpart G—Bonds and Extensions of Coverage of Bonds

270.120 Corporate surety.
270.121 Deposit of bonds, notes, or obligations in lieu of corporate surety.
270.122 Amount of bond.
270.123 Strengthening bond.
270.124 Superseding bond.
270.125 Extension of coverage of bond.
270.126 Approval of bond and extension of coverage of bond.
270.127 Termination of liability of surety under bond.
270.128 Release of bonds, notes, and obligations.

Subpart H—Operations by Manufacturers

270.140 Sign.
270.141 Inventories.
270.142 Records.
270.143 Reports.
270.144 Packages.
270.145 Class designation for large cigars.
270.146 Mark.
270.147 Dummy packages for display purposes.
270.148 Stamps.
270.149 Affixture of stamps.
270.150 Cigars and cigarettes furnished to employees for personal consumption.
270.151 Use of cigars and cigarettes for experimental purposes.

Sec.
270.152 Transfer of cigars and cigarettes.
270.153 Return of cigars and cigarettes to factory.
270.154 Reduction of cigars and cigarettes to tobacco materials.
270.155 Destruction of cigars and cigarettes.
270.156 Storage of tobacco materials.
270.157 Shipment or delivery of tobacco materials.
270.158 Fumigation of tobacco materials.
270.159 Samples of tobacco materials.
270.160 Destruction of tobacco materials.
270.161 Credit for loss of tobacco materials by theft or destruction.
270.162 Claim for remission of tax on cigars and cigarettes.
270.163 Claim for abatement of assessment.
270.164 Claim for refund of tax.
270.165 Claim for redemption, or refund of the value, of stamps.
270.166 Tobacco materials, cigars, and cigarettes released from customs custody.
270.167 Use of the United States.
270.168 Exportation.

Subpart I—Suspension and Discontinuance of Operations by Manufacturers

270.180 Discontinuance of operations.
270.181 Suspension and revocation of permit.

Subpart J—Operations by Importers

270.190 Packages.
270.191 Class designation for large cigars.
270.192 Stamps.
270.193 Affixture of stamps.
270.194 Stamps for affixture in foreign countries.
270.195 Stamps for affixture in Puerto Rico and the Virgin Islands.
270.196 Exemption of consular officers and employees of foreign states.
270.197 Claim for refund of tax.
270.198 Claim for redemption, or refund of the value, of stamps.

Subpart K—Operations by Dealers

270.210 Purchase, receipt, possession, or sale of cigars and cigarettes.
270.211 Sales at retail from packages.
270.212 Vending machines.
270.213 Restrictions relating to used stamps and packages.

AUTHORITY: §§ 270.1 to 270.213 issued under 68A Stat. 917; 26 U. S. C. 7805. Other statutory provisions interpreted or applied are cited to text in parentheses.

SUBPART A—SCOPE OF REGULATIONS

§ 270.1 *Cigars and cigarettes—manufacturers, importers, and dealers.* This part contains the regulations governing the manufacture, importation, and sale of cigars and cigarettes; the qualification of, and maintenence of records by, manufacturers of cigars and cigarettes; and the operations of manufacturers and importers of, and dealers in, cigars and cigarettes.

§ 270.2 *Forms prescribed.* The Director, Alcohol and Tobacco Tax Division, is authorized to prescribe all forms required by this part, including bonds, applications, permits, records, returns, and reports. Information called for thereon shall be furnished in accordance with the instructions on the forms or issued in respect thereto.

SUBPART B—DEFINITIONS

§ 270.10 *Meaning of terms.* The terms used in this part shall have the meanings ascribed in this subpart, unless the context otherwise indicates.

§ 270.11 *Assistant regional commissioner.* "Assistant regional commissioner" shall mean the Assistant Regional Commissioner, Alcohol and Tobacco Tax, who is responsible to and functions under the direction and supervision of the Regional Commissioner.

§ 270.12 *Black Fat.* "Black Fat" shall mean tobacco which is normally treated with oil under pressure and results in black tobacco, and shall include all tobacco similarly treated and referred to by such other terms as Black Horse, etc.

§ 270.13 *Cigar.* "Cigar" shall mean any roll of tobacco wrapped in tobacco.

§ 270.14 *Cigarette.* "Cigarette" shall mean any roll of tobacco, wrapped in paper or any substance other than tobacco.

§ 270.15 *Clippings.* "Clippings" shall mean the tobacco which is clipped or cut off the ends of cigars in the manufacture thereof.

§ 270.16 *Commissioner.* "Commissioner" shall mean the Commissioner of Internal Revenue.

§ 270.17 *Cuttings.* "Cuttings" shall mean the tobacco remaining after the binders and wrappers for cigars are cut out of the leaf.

§ 270.18 *Dealer in tobacco materials.* "Dealer in tobacco materials" shall mean every person who handles tobacco materials for sale, shipment, or delivery solely to another qualified dealer in such materials, to a qualified manufacturer of tobacco products, or to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States. Dealer in tobacco materials shall include every person who produces Perique or Black Fat for sale, shipment, or delivery, in accordance with Part 280 of this chapter. Dealer in tobacco materials shall not include (a) an operator of a warehouse who stores tobacco materials solely for a dealer in tobacco materials, for a manufacturer of tobacco products, for a farmer or grower of tobacco, or for a bona fide association of farmers or growers of tobacco; or (b) a farmer or grower of tobacco who sells leaf tobacco of his own growth or raising, or a bona fide association of farmers or growers of tobacco which sells only leaf tobacco grown by farmer or grower members, if the tobacco so sold is in the condition as cured on the farm.

§ 270.19 *Director, Alcohol and Tobacco Tax Division.* "Director, Alcohol and Tobacco Tax Division" shall mean the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Treasury Department, Washington, D. C.

§ 270.20 *District director.* "District director" shall mean the District Director of Internal Revenue.

§ 270.21 *Factory.* "Factory" shall mean the premises of a manufacturer of cigars and cigarettes in which he carries on such business.

§ 270.22 *Importer.* "Importer" shall mean any person in the United States to whom nontaxpaid cigars or cigarettes manufactured in a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States are shipped or consigned, and any person who smuggles or otherwise unlawfully brings such nontaxpaid products into the United States.

§ 270.23 *Inclusive language.* Words in the plural form shall include the singular, and vice versa, and words in the masculine gender shall include the feminine, partnerships, associations, companies, corporations, estates, and trusts.

§ 270.24 *I. R. C.* "I. R. C." shall mean the Internal Revenue Code of 1954.

§ 270.25 *Large cigarettes.* "Large cigarettes" shall mean cigarettes weighing more than three pounds per thousand.

§ 270.26 *Large cigars.* "Large cigars" shall mean cigars weighing more than three pounds per thousand.

§ 270.27 *Leaf tobacco.* "Leaf tobacco" shall mean:

(a) *Unstemmed.* Tobacco from which the stem or mid-rib has not been removed, and

(b) *Stemmed.* Tobacco from which the stem or mid-rib has been removed, also known as "strips."

§ 270.28 *Manufacturer of cigars and cigarettes.* "Manufacturer of cigars and cigarettes" shall mean every person who produces cigars or cigarettes, except for his own personal consumption.

§ 270.29 *Manufacturer of tobacco.* "Manufacturer of tobacco" shall mean every person who manufactures tobacco by any method of preparing, processing, or manipulating, except for his own personal consumption or use; or who packages any tobacco for consumption by smoking or for use in the mouth or nose; or who sells or delivers any tobacco, not exempt from tax under Chapter 52, I. R. C., to any person, contrary to the provisions of such chapter and regulations thereunder. The term "manufacturer of tobacco" shall not include (a) a farmer or grower of tobacco who sells leaf tobacco of his own growth or raising, or a bona fide association of farmers or growers of tobacco which sells only leaf tobacco grown by farmer or grower members, if the tobacco so sold is in the condition as cured on the farm; or (b) a dealer in tobacco materials who handles tobacco solely for sale, shipment, or delivery, in bulk, to another dealer in such materials or to a manufacturer of tobacco products, or to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States.

§ 270.30 *Package.* "Package" shall mean the container in which cigars or cigarettes are put up bearing the stamps, class designation, and mark, as required by this part.

§ 270.31 *Parcel.* "Parcel" shall mean a subdivision of a package of cigars or cigarettes.

§ 270.32 *Perique.* "Perique" shall mean tobacco, such as that produced in Louisiana, cured in its own juices and given other treatment peculiar to this type of tobacco.

§ 270.33 *Person.* "Person" shall mean and include an individual, partnership, association, company, corporation, estate, or trust.

§ 270.34 *Region.* "Region" shall mean the area, designated by the Secretary or his delegate, comprising the geographical jurisdiction of a regional commissioner of internal revenue.

§ 270.35 *Regional commissioner.* "Regional commissioner" shall mean the Regional Commissioner of Internal Revenue of an internal revenue region.

§ 270.36 *Removal or remove.* "Removal" or "remove" shall mean the removal of cigars or cigarettes or tobacco materials from the factory, or from customs custody, and shall also include the smuggling or other unlawful importation of such nontaxpaid products into the United States.

§ 270.37 *Revenue officer.* "Revenue officer" shall mean any officer or employee of the United States acting in connection with any internal revenue law of the United States.

§ 270.38 *Scraps.* "Scraps" shall mean portions of leaf tobacco.

§ 270.39 *Siftings.* "Siftings" shall mean the particles of tobacco salvaged in the process of sifting or screening the residue of tobacco.

§ 270.40 *Small cigarettes.* "Small cigarettes" shall mean cigarettes weighing not more than three pounds per thousand.

§ 270.41 *Small cigars.* "Small cigars" shall mean cigars weighing not more than three pounds per thousand.

§ 270.42 *Stems.* "Stems" shall mean the stems or mid-ribs of tobacco.

§ 270.43 *Tobacco in process.* "Tobacco in process" shall mean tobacco which has been, or is being, manipulated or processed, but is to undergo further manipulation, processing or handling, prior to removal for consumption by smoking or for use in the mouth or nose.

§ 270.44 *Tobacco materials.* "Tobacco materials" shall mean tobacco in process, Perique, Black Fat, leaf tobacco, and tobacco scraps, cuttings, clippings, siftings, dust, stems, and waste.

§ 270.45 *Tobacco products.* "Tobacco products" shall mean manufactured tobacco, cigars, and cigarettes.

§ 270.46 *U. S. C.* "U. S. C." shall mean the United States Code.

§ 270.47 *Waste.* "Waste" shall mean tobacco, including dust, and foreign substances resulting from the handling, manipulation, or processing of tobacco, and which are worthless for use in the manufacture of tobacco products and have no market value for that purpose.

SUBPART C—TAXES

§ 270.60 *Cigar tax rates.* On cigars, manufactured in or imported into the United States, the following taxes are imposed by law:

(a) *Small cigars.* 75 cents per thousand.

(b) *Large cigars.* (1) If removed to retail at not more than 2½ cents each, $2.50 per thousand;

(2) If removed to retail at more than 2½ cents each and not more than 4 cents each, $3 per thousand;

(3) If removed to retail at more than 4 cents each and not more than 6 cents each, $4 per thousand;

(4) If removed to retail at more than 6 cents each and not more than 8 cents each, $7 per thousand;

(5) If removed to retail at more than 8 cents each and not more than 15 cents each, $10 per thousand;

(6) If removed to retail at more than 15 cents each and not more than 20 cents each, $15 per thousand; and

(7) If removed to retail at more than 20 cents each, $20 per thousand.

(68A Stat. 705; 26 U. S. C. 5701)

§ 270.61 *Classification of large cigars.* Large cigars are divided into seven classes, for tax purposes, corresponding with the rates of tax imposed by section 5701 (b) (2), I. R. C., and determined by the retail price intended by the manufacturer or importer for such cigars. The classes are designated, from the lowest to the highest rate of tax, as class A, class B, class C, class D, class E, class F, and class G, respectively. In determining the retail price, for tax purposes, regard shall be had to the ordinary retail price of a single cigar in its principal market. Where there is more than one price for the same cigar in its principal market, the tax to be paid shall be determined, at the time of removal, according to the price at which the majority are sold therein. Subsequent retail sale at a price in excess of the maximum for the class at which taxpaid will not, in itself, cause the manufacturer or importer to incur any additional tax liability.

(68A Stat. 705; 26 U. S. C. 5701)

§ 270.62 *Cigarette tax rates.* On cigarettes, manufactured in or imported into the United States, the following taxes are imposed by law:

(a) *Small cigarettes.* $4 per thousand.

(b) *Large cigarettes.* $8.40 per thousand. Where such cigarettes are more than 6½ inches in length, the rate of tax imposed is $4 per thousand, counting each 2¾ inches, or fraction thereof, of the length of each as one cigarette.

(68A Stat. 705; 26 U. S. C. 5701)

§ 270.63 *Classification of cigarettes.* Small cigarettes are designated class A, for tax purposes. Large cigarettes are designated class B, for such purposes.

(68A Stat. 705; 26 U. S. C. 5701)

§ 270.64 *Liability for tax and method of payment.* The taxes imposed on cigars and cigarettes shall be determined at the time of removal of such products and shall be paid by the manufacturer or importer by the affixture of internal revenue tax stamps to each package of such products before removal.

(68A Stat. 707; 26 U. S. C. 5703)

§ 270.65 *Assessment.* Whenever any person required by law to pay tax on cigars and cigarettes fails to pay such tax in accordance with the provisions of this part, the tax shall be determined and assessed, subject to the limitations prescribed in section 6501, I. R. C., against such person. The tax so assessed shall be in addition to any penalties prescribed by law for failure to pay such tax: *Provided*, That, except in cases where delay may jeopardize collection of the tax, or where the amount is nominal or the result of an evident mathematical error, no such assessment shall be made until and after notice has been afforded such person to show cause against assessment. The person will be allowed 30 days from the date of such notice to show cause, in writing, against such assessment.

(68A Stat. 707, 836; 26 U. S. C. 5703, 6862)

SUBPART D—GENERAL

§ 270.70 *Authority of revenue officers to enter premises.* Any revenue officer may enter in the daytime any premises where cigars or cigarettes are produced or kept, so far as it may be necessary for the purpose of examining such products. When such premises are open at night, any revenue officer may enter them, while so open, in the performance of his official duties. The owner of such premises, or person having the superintendence of the same, who refuses to admit any revenue officer or permit him to examine such products shall be liable to the penalties prescribed by law for the offense.

(68A Stat. 872, 903; 26 U. S. C. 7342, 7606)

§ 270.71 *Interference with administration.* Whoever, corruptly or by force or threats of force, endeavors to hinder or obstruct the administration of this part, or endeavors to intimidate or impede any revenue officer acting in his official capacity, or forcibly rescues or attempts to rescue or causes to be rescued any property, after it has been duly seized for forfeiture to the United States in connection with a violation or intended violation of this part, shall be liable to the penalties prescribed by law.

(68A Stat. 855; 26 U. S. C. 7212)

§ 270.72 *Disposal of forfeited, condemned, and abandoned cigars, cigarettes, and tobacco materials.* When in the opinion of any officer having custody of forfeited, condemned, or abandoned cigars, cigarettes, or tobacco materials, upon which the Federal tax has not been paid, the sale thereof will not bring a price equal to such tax due and payable thereon, and the expenses incident to the sale thereof, he shall not sell, nor cause to be sold, such products or materials for consumption in the United States. Where the products or materials are not sold, the officer may deliver them to a Federal or State hospital or institution (if they are fit for human consumption) or cause their destruction in the manner provided in §§ 270.155 and 270.160. Where such products or materials are sold, they shall not be released by the officer having custody thereof until they are properly packaged and internal revenue stamps (the cost of which stamps shall be considered as a portion of the sales price) are affixed to each package to denote the payment of tax. In the case of such products or materials held by or for the Federal Government, the sale thereof shall be subject to the applicable provisions of the Regulations of the General Services Administration, Title 1, Personal Property Management.

(68A Stat. 716, 831; 26 U. S. C. 5753, 6807)

§ 270.73 *Restamping packages from which the stamps have been lost or destroyed.* Where the stamps originally affixed to packages of cigars or cigarettes have been lost or destroyed, after removal of such products, the manufacturer, importer, or dealer possessing such products shall make application, in duplicate, to the assistant regional commissioner for the region in which the products are held, for new stamps, without cost, to be used for restamping such packages. Such person shall state in detail the location and quantity of the packages, description of the contents, the kind, denomination, and class of the stamps lost or destroyed, and the nature of the applicant's interest in the products. The application shall be accompanied by affidavits of persons with knowledge of the facts, sufficient to establish the original affixture of stamps and the manner and extent of the loss or destruction of such stamps. Where the packages are in such condition as to require repacking before new stamps can be affixed, such repacking may be authorized by the assistant regional commissioner. The assistant regional commissioner may assign a revenue officer to supervise such repacking and restamping, or he may authorize the applicant to perform such functions.

§ 270.74 *Variations from requirements*—(a) *Construction and separation of premises.* The Director, Alcohol and Tobacco Tax Division, may approve a manner of construction and separation of factory premises in lieu of that specified in this part, where it is shown that it is impracticable to conform to the requirements, and the proposed construction and separation will afford as much or more security and protection to the revenue as is intended by the requirements in this part, and where such variation is not contrary to any provision of law. Where it is proposed to employ a manner of construction and separation of premises other than that provided for by this part, prior approval shall be obtained in accordance with the provisions of paragraph (c) of this section.

(b) *Methods of operation.* The Director, Alcohol and Tobacco Tax Division, may in case of emergency approve methods of operation other than those provided for by this part, where it is shown that variations from the requirements are necessary, will not hinder the effective administration of this part, will not jeopardize the revenue, and where such variations are not contrary to any provision of law. Where it is proposed to employ methods of operation other than those provided for by this part, prior approval shall be obtained in accordance with the provisions of paragraph (c) of this section.

(c) *Application.* Any person, subject to the provisions of this part, who proposes to employ methods of operation, or of construction and separation of factory premises, other than as provided in this part, shall submit an application so to do, in triplicate, to the assistant regional commissioner. Such application shall describe the proposed variations and state the necessity therefor. With respect to variations in construction and separation of factory premises, where they cannot be adequately described in the application, drawings or photographs thereof shall also be submitted. The assistant regional comissioner shall make such inquiry as is necessary to ascertain the necessity for the variations and whether approval thereof will hinder the effective administration of this part or result in jeopardy to the revenue. On completion of the inquiry, the assistant regional commissioner will forward two copies of the application to the Director, Alcohol and Tobacco Tax Division, together with a report of his findings and his recommendation.

§ 270.75 *Penalties and forfeitures.* Anyone who fails to comply with the provisions of this part becomes liable to the civil and criminal penalties, and forfeitures, provided by law.

(68A Stat. 717, 718; 26 U. S. C. 5761, 5762, 5763)

SUBPART E—QUALIFICATION REQUIREMENTS FOR MANUFACTURERS

§ 270.80 *Persons required to qualify.* Every person who produces cigars and cigarettes, except for his own personal consumption, shall qualify as a manufacturer of cigars and cigarettes in accordance with the provisions of this part.

(68A Stat. 706; 26 U. S. C. 5702)

§ 270.81 *Application for permit*—(a) *Persons entering business.* Every person, before commencing business as a manufacturer of cigars and cigarettes, shall make application, on Form 2093, to the assistant regional commissioner for, and obtain, the permit provided for in § 270.90. All documents required under this part to be furnished with such application shall be made a part thereof.

(b) *Manufacturers operating on effective date.* Manufacturers of cigars and cigarettes operating on the effective day of this part shall also make application for permit in the manner required by paragraph (a) of this section within 30 days after such date. Such persons may continue their operations pending final action by the assistant regional commissioner with respect to such application.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.82 *Corporate documents.* Every corporation, before commencing business as a manufacturer of cigars and cigarettes, shall furnish with its application for permit required by § 270.81, a true copy of the corporate charter or a certificate of corporate existence or incorporation, executed by the appropriate officer of the State in which incorporated. The corporation shall also furnish, in duplicate, evidence which will establish the authority of the officer or other person who executes the application for permit to execute the same; the authority of persons to sign other documents, required by this part, for the corporation; and the identity of the officers and directors, and each person who holds more than ten percent of the stock of such corporation. Where a corporation has previously filed such documents or evidence with the same assistant regional commissioner, a written statement by the corporation, in duplicate, to that effect will be sufficient for the purpose of this section.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.83 *Articles of partnership or association.* Every partnership or association, before commencing business as a manufacturer of cigars and cigarettes, shall furnish with its application for permit, required by § 270.81, a true copy of the articles of partnership or association, if any, or certificate of partnership or association where required to be filed by any State, county, or municipality. Where a partnership or association has previously filed such documents with the same assistant regional commissioner, a written statement by the partnership or association, in duplicate, to that effect will be sufficient for the purpose of this section.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.84 *Trade name certificate.* Every person, before commencing business under a trade name as a manufacturer of cigars and cigarettes, shall furnish with his application for permit, required by § 270.81, true copies, in duplicate, of the certificate or other document, if any, issued by a State, county, or municipal authority in connection with the transaction of business under such trade name. If no such certificate or other document is so issued, a written statement by such person, in duplicate, to that effect will be sufficient for the purpose of this section.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.85 *Bond.* Every person, before commencing business as a manufacturer of cigars and cigarettes, shall file, in connection with his application for permit, a bond, Form 2100, in accordance with the applicable provisions of Subpart G of this part, conditioned upon compliance with the provisions of Chapter 52, I. R. C., and regulations thereunder, including, but not limited to, the timely payment of taxes imposed by such chapter and penalties and interest in connection therewith for which he may become liable to the United States.

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.86 *Power of attorney.* If the application for permit or other qualifying documents are signed by an attorney in fact for an individual, partnership, association, company, or corporation, or by one of the partners for a partnership, or by an officer of an association or company, or, in the case of a corporation, by an officer or other person not authorized to sign by the corporate documents described in § 270.82, power of attorney

conferring authority upon the person signing the documents shall be manifested on Form 1534 and furnished to the assistant regional commissioner.

§ 270.87 *Factory premises*—(a) *Description and diagram.* The premises to be used by a manufacturer of cigars and cigarettes as his factory or plant shall be described, in the application for permit required by § 270.81, by number, street, and city, town, or village, and State. Such premises may consist of more than one building, which need not be contiguous, but shall be located in the same city, town, or village. Where such premises consist of less than an entire building, a diagram, in duplicate, shall also be furnished showing the particular floor or floors, or room or rooms, comprising the factory, and also showing any adjoining retail store, operated by such manufacturer, where tobacco products are sold.

(b) *Separation.* Where the factory premises consist of less than an entire building, the premises shall be completely separated from adjoining portions of the building, which separation shall be constructed of materials generally used in the construction of buildings and may include any necessary doors or other openings. The premises shall be accessible directly from the street, yard, or common passageway or means of entrance.

(c) *Factories established prior to effective date.* Factories established prior to the effective date of this part shall not be subject to the provisions of paragraph (b) of this section if, in the opinion of the assistant regional commissioner, the existing premises afford adequate protection to the revenue.

(d) *Restrictions.* Factory premises shall be used exclusively for the purposes of manufacturing and storing cigars and cigarettes; storing materials, equipment, and supplies related thereto or used or useful in the conduct of the business; and carrying on activities in connection with the business of the manufacturer.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.88 *Additional information.* The assistant regional commissioner may require such additional information as he may deem necessary in connection with the qualification of persons under this subpart.

§ 270.89 *Investigation of applicant.* The assistant regional commissioner shall promptly cause such inquiry or investigation to be made, as he deems necessary, to verify the information furnished in connection with an application for permit and to ascertain whether the applicant is, by reason of his business experience, financial standing, and trade connections, likely to maintain operations in compliance with Chapter 52, I. R. C., and regulations thereunder; whether such person has disclosed all material information required or made any material false statement in the application for such permit; and whether the premises on which it is proposed to establish the factory are adequate to protect the revenue. If the assistant regional commissioner has reason to believe that the applicant is not entitled to a permit, he shall promptly give the applicant notice of the contemplated disapproval of his application and opportunity for hearing thereon in accordance with 26 CFR (1939) Part 200, which part (including the provisions relating to the recommended decision and to appeals) is made applicable to such proceedings. If, after such notice and opportunity for hearing, the assistant regional commissioner finds that the applicant is not entitled to a permit, he shall, by order stating the findings on which his decision is based, deny the permit.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.90 *Issuance of permit.* If the application for permit, bond, and supporting documents, required under this part, are approved by him, the assistant regional commissioner shall issue a permit, Form 2095, to the manufacturer of cigars and cigarettes who shall keep it posted conspicuously at all times within his factory. Where the factory consists of more than one building, the permit shall be posted in the building in which the record, required by § 270.142, is kept. The permit shall bear a number and shall fully set forth where the business of the manufacturer is to be conducted.

(68A Stat. 712; 26 U. S. C. 5713)

SUBPART F—CHANGES SUBSEQUENT TO ORIGINAL QUALIFICATION OF MANUFACTURERS

CHANGES IN NAME

§ 270.100 *Change in individual name.* Where there is merely a change in the name of an individual operating as a manufacturer of cigars and cigarettes, he shall, within 30 days of such change, make application, on Form 2098, for an amended permit, which shall be supported by an extension of coverage of his bond, in accordance with the provisions of § 270.125.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 270.101 *Change in trade name.* Where there is merely a change in the trade name of a manufacturer of cigars and cigarettes, he shall, within 30 days of the adoption of the new trade name, make application, on Form 2098, for an amended permit, which shall be supported by an extension of coverage of bond, in accordance with the provisions of § 270.125. The manufacturer shall also furnish true copies, in duplicate, of any new trade name certificate or document issued to him, or statement in lieu thereof, required by § 270.84.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 270.102 *Change in corporate name.* Where there is merely a change in the name of a corporate manufacturer of cigars and cigarettes, the manufacturer shall, within 30 days of such change, make application, on Form 2098, for an amended permit, which shall be supported by an extension of the coverage of bond, in accordance with the provisions of § 270.125. The manufacturer shall also furnish such documents as may be reasonably necessary to establish that the corporate name has been changed.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

CHANGES IN OWNERSHIP AND CONTROL

§ 270.103 *Fiduciary successor.* If an administrator, executor, receiver, trustee, assignee, or other fiduciary, is to take over the business of a manufacturer of cigars and cigarettes, as a continuing operation, such fiduciary shall, before commencing operations, make application for permit and file bond as required by Subpart E of this part, furnish certified copies, in duplicate, of the order of the court, or other pertinent documents, showing his appointment and qualification as such fiduciary, and make an opening inventory, in accordance with the provisions of § 270.141: *Provided,* That where a diagram has been furnished by the predecessor, in accordance with the provisions of § 270.87, the successor may adopt such diagram. However, where a fiduciary intends merely to liquidate the business, qualification as a manufacturer of cigars and cigarettes will not be required if he promptly files with the assistant regional commissioner a statement to that effect, together with an extension of coverage of the precedessor's bond, executed by the fiduciary, also by the surety on such bond, in accordance with the provisions of section 270.125.

(68A Stat. 711, 713; 26 U. S. C. 5711, 5712, 5721)

§ 270.104 *Transfer of ownership.* If a transfer is to be made in ownership of the business of a manufacturer of cigars and cigarettes (including a change in the identity of the members of a partnership or association), such manufacturer shall give notice, in writing, to the assistant regional commissioner, naming the proposed successor and the desired effective date of such transfer. The proposed successor shall, before commencing operations, qualify as a manufacturer of cigars and cigarettes, in accordance with the applicable provisions of Subpart E of this part: *Provided,* That where a diagram has been furnished by the manufacturer in accordance with the provisions of § 270.87, the proposed successor may adopt such diagram. The manufacturer shall give such notice of transfer, and the proposed successor shall make application for permit and file bond, as required, in ample time for examination and approval thereof before the desired date of such change. The predecessor shall make a closing inventory and closing report, in accordance with the provisions of §§ 270.141 and 270.143, respectively, and surrender, with such inventory and report, his permit, and the successor shall make an opening inventory, in accordance with the provisions of § 270.141.

(68A Stat. 711, 712, 713; 26 U. S. C. 5711, 5712, 5713, 5721, 5722)

§ 270.105 *Change in officers or directors of a corporation.* Where there is any change in the officers or directors of a corporation operating the business of a manufacturer of cigars and cigarettes, the manufacturer shall furnish to the assistant regional commissioner notice, in writing, of the election of the new officers or directors within 30 days after such election.

(68A Stat. 711; 26 U. S. C. 5712)

§ 270.106 *Change in stockholders of a corporation.* Where the issuance, sale, or transfer of the capital stock of a corporation, operating as a manufacturer of cigars and cigarettes, results in a change in the identity of the principal stockholders exercising actual or legal control of the operations of the corporation, the corporate manufacturer shall, within 30 days after the change occurs, make application for a new permit; otherwise, the present permit shall be automatically terminated at the expiration of such 30 day period, and the manufacturer shall dispose of all tobacco materials, cigars, cigarettes, and stamps on hand, in accordance with this part, make a closing inventory and closing report, in accordance with the provisions of §§ 270.141 and 270.143, respectively, and surrender his permit with such inventory and report. If the application for a new permit is timely made, the present permit shall continue in effect pending final action by the assistant regional commissioner with respect to such application.

(68A Stat. 711, 712, 713; 26 U. S. C. 5712, 5713, 5721, 5722)

CHANGES IN LOCATION AND PREMISES

§ 270.107 *Change in location within same region*—(a) *Transfer to a new location.* Whenever a manufacturer of cigars and cigarettes contemplates changing the location of his factory within the same region, the manufacturer shall, before commencing operations at the new location, make application, on Form 2098, for an amended permit. The application shall be supported by an extension of coverage of the bond filed under this part, in accordance with the provisions of § 270.125.

(b) *Mere change in address.* Whenever any change occurs in the address, but not the location, of the factory of a manufacturer of cigars and cigarettes, as a result of action of local authorities, the manufacturer shall, within 30 days of such change, make application, on Form 2098, for an amended permit, which shall be supported by an extension of coverage of the bond filed under this part, in accordance with the provisions of § 270.125.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 270.108 *Change in location to another region.* Whenever a manufacturer of cigars and cigarettes contemplates changing the location of his factory to another region, the manufacturer shall, before commencing operations at the new location, qualify as such a manufacturer in the new region, in accordance with the applicable provisions of Subpart E of this part. The manufacturer shall notify the assistant regional commissioner of the region from which he is removing of his qualification in the new region, giving the address of the new location of his factory and the number of the permit issued to him in the new region, make a closing inventory and closing report, in accordance with the provisions of §§ 270.141 and 270.143, respectively, and surrender, with such inventory and report, the permit for his old location.

(68A Stat. 711, 712, 713; 26 U. S. C. 5711, 5712, 5713, 5721, 5722)

§ 270.109 *Change in factory premises.* Where the premises of a cigar and cigarette factory are to be changed to an extent which will make inaccurate the description of such premises as set forth in the last application by the manufacturer for permit, or the diagram, if any, furnished with such application, the manufacturer shall first make an application, Form 2098, for an amended permit, to the assistant regional commissioner, describing the proposed change in such premises, and furnish a diagram thereof, if required under the provisions of § 270.87. The application shall be supported by an extension of coverage of bond in accordance with the provisions of § 270.125.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 270.110 *Emergency premises.* In cases of emergency, the assistant regional commissioner may authorize, for a stated period, the temporary use of a place for the temporary storage of tobacco materials, cigars, and cigarettes, without making the application or furnishing the extension of coverage required under §§ 270.109 and 270.156, or the temporary separation of factory premises by means other than those specified in paragraph (b) of § 270.87, where such action will not hinder the effective administration of this part, is not contrary to law, and will not jeopardize the revenue.

SUBPART G—BONDS AND EXTENSIONS OF COVERAGE OF BONDS

§ 270.120 *Corporate surety.* Surety bonds, required under the provisions of this part, may be given only with corporate sureties holding certificates of authority from the Secretary of the Treasury as acceptable sureties on Federal bonds. Power of attorney and other evidence of appointment of agents and officers to execute bonds on behalf of such corporate sureties shall be filed with, and passed upon by, the Surety Bonds Branch, Division of Deposits and Investments, Bureau of Accounts, Treasury Department. Limitations concerning corporate sureties are prescribed by the Secretary in Treasury Department Form 356, revised. The surety shall have no interest whatever in the business covered by the bond.

(68A Stat. 711, 61 Stat. 646; 26 U. S. C. 5711, 6 U. S. C. 6)

§ 270.121 *Deposit of bonds, notes, or obligations in lieu of corporate surety.* Bonds or notes of the United States, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, may be pledged and deposited by the manufacturer of cigars and cigarettes as security in connection with bond to cover his operations, in lieu of the corporate surety, in accordance with the provisions of Treasury Department Circular No. 154, revised (31 CFR Part 225). Such bonds or notes which are nontransferable, or the pledging of which will not be recognized by the Treasury Department, are not acceptable as security in lieu of corporate surety.

(68A Stat. 711, 61 Stat. 646; 26 U. S. C. 5711, 6 U. S. C. 15)

§ 270.122 *Amount of bond.* The amount of a manufacturer's bond to cover the manufacture of cigars and cigarettes shall be equal to the amount of the tax liability on such products manufactured in his factory during the twelve months preceding the month in which the bond is to be filed, divided by twelve. In the case of a manufacturer commencing business, his production shall be estimated for the purpose of this section. The amount of any such bond (or the total amount where original and strengthening bonds are filed) shall not exceed $200,000 nor be less than $1,000.

(68A Stat. 711; 26 U. S. C. 5177)

§ 270.123 *Strengthening bond.* Where the assistant regional commissioner determines that the amount of the bond, under which a manufacturer of cigars and cigarettes is currently carrying on such business, no longer adequately protects the revenue, the assistant regional commissioner may require the manufacturer to file a strengthening bond in an appropriate amount with the same surety as that on the bond already in effect, in lieu of a superseding bond to cover the full liability on the basis of § 270.122. The assistant regional commissioner shall refuse to approve any strengthening bond where any notation is made thereon which is intended or which may be construed as a release of any former bond, or as limiting the amount of either bond to less than its full amount. Such strengthening bonds shall have placed thereon, by the obligors at the time of execution, the notation "Strengthening Bond."

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.124 *Superseding bond.* A manufacturer of cigars and cigarettes shall file a new bond to supersede his current bond, immediately when (a) the corporate surety on the current bond becomes insolvent, (b) the assistant regional commissioner approves a request from the surety on the current bond to terminate his liability under the bond, (c) payment of any liability under a bond is made by the surety thereon, or (d) the assistant regional commissioner considers such a superseding bond necessary for the protection of the revenue.

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.125 *Extension of coverage of bond.* An extension of the coverage of any bond filed under this part shall be manifested on Form 2105 by the manufacturer of cigars and cigarettes and by the surety on the bond with the same formality and proof of authority as required for the execution of the bond.

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.126 *Approval of bond and extension of coverage of bond.* No person shall commence operations under any

bond, nor extend his operations, until he receives from the assistant regional commissioner notice of his approval of the bond or of an appropriate extension of coverage of the bond required under this part.

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.127 *Termination of liability of surety under bond.* The liability of a surety on any bond required by this part shall be terminated only as to operations on and after the date of approval of a superseding bond, or the date of approval of the discontinuance of operations by the manufacturer of cigars and cigarettes, or otherwise in accordance with the termination provisions of the bond. The surety shall remain bound in respect of any liability for unpaid taxes, penalties, and interest, not in excess of the amount of the bond, incurred by the manufacturer while the bond is in force.

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.128 *Release of bonds, notes, and obligations.* Bonds, notes, and other obligations of the United States, pledged and deposited as security in connection with bonds required by this part, shall be released only in accordance with the provisions of Treasury Department Circular No. 154, revised (31 CFR Part 225). When the assistant regional commissioner who has accepted such security is satisfied that it is no longer necessary to hold such security, he shall fix the date or dates on which a part or all of such security may be released. At any time prior to the release of such security, the assistant regional commissioner may, for proper cause, extend the date of release of such security for such additional length of time as in his judgment may be appropriate.

(68A Stat. 711, 61 Stat. 646; 26 U. S. C. 5711, 6 U. S. C. 15)

SUBPART H—OPERATIONS BY MANUFACTURERS

§ 270.140 *Sign.* Every manufacturer of cigars and cigarettes shall place and keep, on the outside of the building in which his factory is located, or at the entrance of his factory, where it can be plainly seen, a sign, in plain and legible letters, exhibiting the name under which he operates, and (a) the type of business ("Manufacturer of Cigars and Cigarettes," "Manufacturer of Cigars," or "Manufacturer of Cigarettes," as the case may be) or (b) the number of the permit issued to the manufacturer under this part. Such sign shall be in the English language.

§ 270.141 *Inventories*—(a) *General.* Every manufacturer of cigars and cigarettes shall make a true and accurate inventory, on Form 2131, to the assistant regional commissioner, of the quantity of tobacco materials, cigars, cigarettes, and stamps held by him at the times specified in this section, which inventory shall be subject to verification by a revenue officer.

(b) *Opening.* An opening inventory shall be made by the manufacturer at the time of commencing business. The date of commencing business under this part shall be the effective date indicated on the permit issued under § 270.90. A similar inventory shall be made by the manufacturer when he files a superseding bond. The date of such inventory shall be the effective date of such superseding bond as indicated thereon by the assistant regional commissioner.

(c) *Special.* A special inventory shall be made by the manufacturer whenever required by any revenue officer.

(d) *Closing.* A closing inventory shall be made by the manufacturer when he transfers ownership, or changes his location to another region, or concludes business. Such inventory at the time of transfer of ownership shall be made as of the day preceding the date of the opening inventory of the successor.

(68A Stat. 713; 26 U. S. C. 5721)

§ 270.142 *Record.* Every manufacturer of cigars and cigarettes shall keep a record and enter therein daily all (a) tobacco materials received (except with respect to samples as provided by § 270.159), shipped, and lost or destroyed, (b) cigars and cigarettes manufactured, received, removed, furnished for personal consumption by employees, used for experimental purposes, reduced to material, and lost or destroyed, and (c) stamps received, used, and lost or destroyed. Such record, with respect to large cigars, shall be kept on Form 2142 and, with respect to large and small cigarettes and small cigars, on Form 2143. The entries in the record for each day will be considered timely if made by the close of the business day following that on which occur the operations or transactions required to be recorded. Such record shall be retained for two years following the close of the year covered in the record, and made available for inspection by any revenue officer upon his request.

(68A Stat. 715; 26 U. S. C. 5741)

§ 270.143 *Reports*—(a) *General.* Every manufacturer of cigars and cigarettes shall make a monthly report, on Form 2136, to the assistant regional commissioner, of all (1) tobacco materials received (except with respect to samples as provided by § 270.159), shipped, used, and lost or destroyed, (2) cigars and cigarettes manufactured, rereceived, removed, furnished for personal consumption by employees, used for experimental purposes, reduced to material, and lost or destroyed, and (3) stamps received, used, and lost or destroyed. The report shall be made on or before the 20th day following the end of the month covered in the report. A copy of each such report shall be retained by the manufacturer for two years following the close of the year covered in such reports, and made available for inspection by any revenue officer upon his request.

(b) *Opening.* An opening report, covering the period from the date of the opening inventory, or inventory made in connection with a superseding bond, to the end of the month, shall be made on or before the 20th day following the end of the month in which the business was commenced.

(c) *Special.* A special report, covering the unreported period to the day preceding the date of any special inventory required by a revenue officer, shall be made with such inventory. Another report, covering the period from the date of such inventory to the end of the month, shall be made on or before the 20th day following the end of the month in which the inventory was made.

(d) *Closing.* A closing report, covering the period from the first of the month to the date of the closing inventory, or the day preceding the date of an inventory made in connection with a superseding bond, shall be made with such inventory.

(68A Stat. 713; 26 U. S. C. 5722)

§ 270.144 *Packages*—(a) *General.* All cigars and cigarettes shall, before removal, be put up by the manufacturer in packages which shall bear the stamps and mark, also the class designation in the case of large cigars, required by this subpart. Such packages shall be of such construction as will securely contain the cigars and cigarettes therein and maintain the stamps, class designation, and mark thereon: *Provided*, That cigars and cigarettes transferred to another manufacturer of such products, removed for export, furnished for consumption by employees, or used for experimental purposes, shall be exempt from the provisions of this paragraph.

(b) *Subdivision into parcels.* Packages may be subdivided into parcels which shall not bear the stamps, class designation, or mark.

(c) *Lottery features.* No certificate, coupon, or other device purporting to be or to represent a ticket, chance, share, or an interest in, or dependent on, the event of a lottery shall be contained in, attached to, or stamped, marked, written, or printed on any package of cigars or cigarettes removed for domestic consumption.

(d) *Indecent or immoral material.* No indecent or immoral picture, print, or representation shall be contained in, attached to, or stamped, marked, written, or printed on any package of cigars or cigarettes.

(68A Stat. 713; 26 U. S. C. 5723)

§ 270.145 *Class designation for large cigars.* Every package of large cigars subject to tax shall, before removal, have legibly imprinted thereon, or on a label securely affixed thereto, a class designation, for tax purposes, corresponding with the rate of tax imposed by section 5701 (b) (2), I. R. C., on the cigars contained therein. The class designation shall consist of the appropriate statement:

Class A. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be not more than 2½ cents each;

Class B. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be more than 2½ cents each and not more than 4 cents each;

Class C. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be more than 4 cents each and not more than 6 cents each;

Class D. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be more than 6 cents each and not more than 8 cents each;

Class E. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be more than 8 cents each and not more than 15 cents each;

Class F. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be more than 15 cents each and not more than 20 cents each; or

Class G. The ordinary retail price of the cigars herein contained is intended by the manufacturer to be more than 20 cents each.

(68A Stat. 713; 26 U. S. C. 5723)

§ 270.146 *Mark.* Every package of cigars and cigarettes subject to tax shall, before removal, have legibly imprinted thereon, or on a label securely affixed thereto, the name and location of the manufacturer, or his permit number, and a warning reading "Law forbids the reuse of the Federal stamps hereon and requires the person who empties this package to destroy such stamps when the package is emptied."

§ 270.147 *Dummy packages for display purposes.* So-called "dummy" packages to be used for display purposes in advertising cigars and cigarettes, which do not contain such products, shall not bear the stamps required by this part.

(68A Stat. 716, 865; 26 U. S. C. 5752, 7271)

§ 270.148 *Stamps*—(a) *Classes and denominations provided.* Stamps for the payment of taxes on cigars and cigarettes are provided, for sale to manufacturers of such products, in the following classes and denominations:

(1) *For small cigars.* In denominations of 5, 8, 10, 12, 15, 16, 20, 24, 40, 50, 80, and 100.

(2) *For large cigars.* Classes A through G, in denominations of 3, 5, 7, 10, 12, 13, 20, 25, 50, 100, 200, 250, and 500.

(3) *For small and large cigarettes.* Classes A and B, in denominations of 5, 8, 10, 12, 15, 16, 20, 24, 40, 50, 80, and 100.

(b) *Method of purchase.* Manufacturers of cigars and cigarettes shall purchase stamps, for the payment of tax on such products, from the district director. Manufacturers shall use Form 485 in ordering stamps for small cigars and small and large cigarettes, and Form 168 in ordering stamps for large cigars. Each order form shall be accompanied by remittance in the proper amount. A copy of each such order form which has been marked paid by the district director shall be retained by the manufacturer for two years following the close of the year in which the stamps were purchased, and made available for inspection by any revenue officer upon his request.

(68A Stat. 707; 26 U. S. C. 5703)

§ 270.149 *Affixture of stamps.* Every manufacturer of cigars and cigarettes shall, before removal subject to tax, securely affix to each package of such products one or more stamps of such proper class and denominations as will fully taxpay the contents of such package.

(68A Stat. 713; 26 U. S. C. 5723)

§ 270.150 *Cigars and cigarettes furnished to employees for personal consumption.* Manufacturers of cigars and cigarettes may furnish such products, without payment of tax, for personal consumption by employees in the factory, in such quantities as desired. Each employee may also be furnished, for off-factory personal consumption, not more than 5 large cigars or cigarettes, or 20 small cigars or cigarettes, by the manufacturer, without payment of tax, for each day the employee is at work. For the purpose of this section the term "employee" shall include all persons who work for and receive compensation from the manufacturer, or a parent, subsidiary, or auxiliary company or corporation of the manufacturer, in the city, town, or village, where the cigars or cigarettes so furnished to employees are produced. Such cigars or cigarettes furnished for off-factory consumption shall be taken from the factory by the employee on the day furnished. Employees shall not sell, offer for sale, or give away cigars and cigarettes so furnished to them.

(68A Stat. 708; 26 U. S. C. 5704)

§ 270.151 *Use of cigars and cigarettes for experimental purposes.* Manufacturers of cigars and cigarettes may use such products, without payment of tax, for experimental purposes in their factories, in such quantities as desired. Such manufacturers may also remove such products, under his bond, without payment of tax for experimental purposes outside their factories, when authorized by the assistant regional commissioner.

(68A Stat. 708; 26 U. S. C. 5704)

§ 270.152 *Transfer of cigars and cigarettes.* A manufacturer of cigars and cigarettes may transfer such products, under his bond, without the payment of tax, to any qualified manufacturer of such products.

(68A Stat. 708; 26 U. S. C. 5704)

§ 270.153 *Return of cigars and cigarettes to factory.* Cigars and cigarettes which have been removed from the factory may be returned thereto without internal revenue supervision when so authorized by the assistant regional commissioner. If the cigars or cigarettes are contained in packages to which stamps denoting the tax are affixed and the manufacturer desires to file claim for refund of the value of such stamps, the procedure in § 270.165 shall be followed.

§ 270.154 *Reduction of cigars and cigarettes to tobacco materials.* Manufacturers may reduce cigars and cigarettes to tobacco materials without internal revenue supervision. If the products have been entered in the factory record as manufactured, an entry shall be made in such record of the number of cigars or cigarettes to be reduced to material and an entry shall also be made of the quantity of tobacco resulting from the reduction to material. If the products to be reduced to material are contained in packages bearing stamps denoting the tax and the manufacturer desires to file claim for refund of the value of such stamps, the applicable procedure in § 270.165 shall be followed.

(68A Stat. 715; 26 U. S. C. 5741)

§ 270.155 *Destruction of cigars and cigarettes.* When a manufacturer desires to destroy cigars or cigarettes which have been entered in the factory record as manufactured, without salvaging the tobacco material, such destruction shall be accomplished under the supervision of a revenue officer. The cigars and cigarettes may be burned completely or they may be broken up and the resulting material destroyed in accordance with the provisions of § 270.160. If the products to be destroyed are contained in packages bearing stamps denoting the tax and the manufacturer desires to file claim for refund of the value of such stamps, the applicable procedure in § 270.165 shall be followed.

(68A Stat. 715; 26 U. S. C. 5741)

§ 270.156 *Storage of tobacco materials*—(a) *Within the factory.* Tobacco materials may be stored, under the provisions of this part, only within the premises of a cigar and cigarette factory, except as provided in paragraph (b) of this section.

(b) *Outside the factory.* Tobacco materials may be stored outside the premises of a cigar or cigarette factory, in the same region in which the factory is situated, if an extension of coverage of the bond for such purpose has been approved by the assistant regional commissioner.

(68A Stat. 711; 26 U. S. C. 5711)

§ 270.157 *Shipment or delivery of tobacco materials.* A manufacturer of cigars and cigarettes may ship or deliver tobacco materials, under his bond, without payment of tax, to (a) a qualified dealer in tobacco materials; (b) a qualified manufacturer of tobacco products; (c) a State institution; (d) a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States; or (e) any person for experimental or display purposes when authorized by the assistant regional commissioner. A manufacturer of cigars and cigarettes may similarly ship stems and waste to any person for use by him as fertilizer or insecticide or in the production of fertilizer, insecticide, or nicotine.

(68A Stat. 708; 26 U. S. C. 5704)

§ 270.158 *Fumigation of tobacco materials.* Tobacco materials held by, or released or in transit to, a manufacturer of cigars and cigarettes may be delivered, without payment of tax, to a person, who is not qualified as a dealer in tobacco materials or manufacturer of tobacco products, solely for purposes of fumigation by such peron and return or delivery to the manufacturer. Such tobacco materials shall be covered by the bond of the manufacturer and shall not be regarded as shipped by the manufacturer for purposes of §§ 270.142 and 270.143. Therefore, no entries shall be made in

the revenue record of the manufacturer showing delivery of the tobacco materials to the fumigator.

§ 270.159 *Samples of tobacco materials.* Samples of tobacco materials, received by a manufacturer of cigars and cigarettes, which are to be consumed, used or destroyed for purposes of sampling, testing, and experimenting, shall be exempt from the provisions of §§ 270.142 and 270.143.

(68A Stat. 715; 26 U. S. C. 5741)

§ 270.160 *Destruction of tobacco materials*—(a) *Stems and waste.* Where a manufacturer of cigars and cigarettes desires to destroy stems and waste, he shall do so by burning or by mixing thoroughly with lime, sulphur, bone dust, ashes, or other such substance.

(b) *Other materials.* Where a manufacturer of cigars and cigarettes desires to destroy tobacco in process, Perique, Black Fat, leaf tobacco, scraps, cuttings, clippings, and siftings, and obtain credit therefor in the record kept by him under § 270.142, he shall notify the assistant regional commissioner of the kind and quantity of such tobacco materials and the date on which he desires to destroy such tobacco materials. The assistant regional commissioner may assign a revenue officer to supervise the destruction of the tobacco materials, or he may authorize the manufacturer to destroy the tobacco materials in the manner provided in paragraph (a) of this section.

(68A Stat. 715; 26 U. S. C. 5741)

§ 270.161 *Credit for loss of tobacco materials by theft or destruction.* Every loss of tobacco materials by theft, or destruction by fire, casualty, or act of God, while in the possession or ownership of a manufacturer of cigars and cigarettes, shall be reported to the assistant regional commissioner and the facts of such loss shall be established to his satifaction, in order that credit therefor in the records of such manufacturer may be authorized.

(68A Stat. 715; 26 U. S. C. 5741)

§ 270.162 *Claim for remission of tax on cigars and cigarettes.* Every loss (otherwise than by theft) or destruction, by fire, casualty, or act of God, of cigars or cigarettes upon which the tax has not been paid and which are in the possession or ownership of the manufacturer of such cigars and cigarettes, shall be reported by the manufacturer to the assistant regional commissioner and the facts of such loss or destruction shall be established to his satisfaction. Claim for remission of such tax may be filed with the assistant regional commissioner. Such claim shall be in letter form, in duplicate, setting forth the reasons why such tax should be remitted, and shall be accompanied by evidence necessary to support the claim.

(68A Stat. 709; 26 U. S. C. 5705)

§ 270.163 *Claim for abatement of assessment.* Claim for abatement of the unpaid portion of the assessment of any tax on cigars and cigarettes, or any liability in respect of such tax, alleged to be excessive in amount, assessed after the expiration of the period of limitation applicable thereto, or erroneously or illegally assessed, shall be filed on Form 843, in duplicate, with the assistant regional commissioner. Such claim shall set forth the reasons why the claim shall be allowed, and shall be accompanied by evidence necessary to support the claim.

(68A Stat. 792; 26 U. S. C. 6404)

§ 270.164 *Claim for refund of tax.* The tax paid on cigars or cigarettes (otherwise than by stamp) may be refunded where the tax has been paid in error. Any person, who paid the tax (except an importer of such products who may file claim for refund of the tax under § 270.197) may file claim for refund thereof under this section. The claim for refund, Form 843, shall be filed in duplicate within three years from the date of payment of the tax, with the assistant regional commissioner for the region in which the tax was paid, and the claim shall be supported by evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(68A Stat. 709; 26 U. S. C. 5705)

§ 270.165 *Claim for redemption, or refund of the value, of stamps.* Stamps to denote the tax on cigars and cigarettes may be redeemed, or the value thereof may be refunded, subject to the following provisions:

(a) *Redemption of stamps.* Stamps which have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the manufacturer of such products may have no use, or which through mistake may have been improperly or unnecessarily used, or where the taxes represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected, may be redeemed by such manufacturer. Claim for redemption of such stamps shall be filed on Form 843, in duplicate, with the assistant regional commissioner, within three years after the stamps were purchased from the Government. Stamps may be destroyed under internal revenue supervision, or they may be presented with the claim, or satisfactory evidence submitted showing the reason why they cannot be so destroyed or presented. Where the stamps are to be destroyed under internal revenue supervision, a schedule on Form 178 shall be prepared by the manufacturer with respect to the stamps covered by the claim. When the schedule has been prepared, the manufacturer shall notify the assistant regional commissioner in order that he may detail a revenue officer to verify the schedule and supervise the destruction of the stamps. A copy of the verified schedule, returned to the manufacturer, shall be attached to his claim when filed. If required, the manufacturer shall satsifactorily trace the history of the stamps from their issuance to the filing of his claim.

(b) *Refund of the value of stamps.* The value of stamps affixed to packages of cigars or cigarettes may be refunded to the manufacturer thereof, where such products are withdrawn from the market by such manufacturer, or the products are lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the manufacturer. Claim for refund of the value of such stamps shall be filed on Form 843, in duplicate, within three years from the date of payment of the tax.

(1) *Stamps affixed to packages of cigars or cigarettes completely lost or destroyed.* Where the packages of cigars or cigarettes to which stamps were affixed have been completely lost or destroyed beyond recognition by fire, casualty, or act of God, the claim for refund shall be filed with the assistant regional commissioner, for the region in which the stamps were affixed, and the claim shall be supported by such evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(2) *Stamps affixed to packages of cigars or cigarettes damaged or withdrawn from the market.* Where the packages of cigars or cigarettes to which stamps were affixed have been merely damaged by fire, casualty, or act of God, so that the identity of the products and the manufacturer thereof, and the rate of tax paid, can be established, or where the cigars or cigarettes are merely withdrawn from the market by the manufacturer, which would permit a similar identification and a determination of the tax paid, such cigars or cigarettes shall be assembled by the manufacturer in a suitable place in his factory or where such products are held or withdrawn from the market. The manufacturer shall group the cigars or cigarettes according to the kind of product, the rate of tax paid, and the sizes of packages, and shall prepare a schedule on Form 177, listing the cigars or cigarettes in each such group. Such cigars or cigarettes which are not taken back into the factory of the manufacturer shall be destroyed under internal revenue supervision, in which event the manufacturer shall so notify the assistant regional commissioner, for the region in which such products are assembled, and request the detail of a revenue officer to inspect the products, verify the schedule thereof, and supervise destruction of the stamps and products, and disposition of the packages as desired by the manufacturer. Upon completion of his detail, the revenue officer shall execute the certificate on both copies of the schedule of the cigars or cigarettes, to show the disposition of such stamps, and the packages involved, and return one copy to the manufacturer, which shall be attached to, and made a part of, his claim, which claim shall be filed with the assistant regional commissioner for the region in which the cigars or cigarettes were so destroyed. Where the cigars or cigarettes are returned to the factory of the manufacturer in accordance with the provisions of § 270.153, the manufacturer shall then notify the assistant regional commissioner, for the region in which the factory is situated, and request the detail of a revenue officer to inspect the products, verify the schedule thereof, and supervise the destruction of the stamps affixed to the packages of such products, and the proper disposition of the products and packages as desired by the manufacturer. Upon completion of his detail, the revenue officer shall properly execute his certificate on both copies of the schedule of such cigars or cigarettes. The revenue officer shall return one copy of the completed schedule to the manufacturer which shall be attached to, and make a part of, the manufacturer's claim, which shall be filed with the appropriate assistant regional commissioner.

(68A Stat. 709, 830; 26 U. S. C. 5705, 6805)

§ 270.166 *Tobacco materials, cigars, and cigarettes released from customs custody.* Tobacco materials, cigars, and cigarettes imported into the United States from a foreign country, or brought in from Puerto Rico, the Virgin Islands, or a possession of the United States, may be released from customs custody, without the payment of tax, for delivery to a qualified manufacturer of cigars and cigarettes under his bond, solely for receipt into premises covered by the manufacturer's bond. Before such tobacco materials, cigars, and cigarettes are released to him, the manufacturer shall furnish to the collector of customs having custody of the tobacco materials, cigars, and cigarettes, evidence that he operates as a qualified manufacturer of cigars and cigarettes. The manufacturer shall also prepare a notice of release of tobacco materials, Form 2146, or a notice of release of cigars and cigarettes, Form 2145, as the case may be. All copies of the applicable form shall be presented to the collector of customs who, after stamping the date of release of the tobacco materials or cigars and cigarettes described thereon, shall return one copy to the manufacturer, retain one copy for his records, and transmit one copy to the assistant regional commissioner shown thereon. The copy returned to the manufacturer shall be retained by him for two years after the close of the year of such release, and shall be made available for inspection by any revenue officer upon his request.

(68A Stat. 708; 26 U. S. C. 5704)

§ 270.167 *Use of the United States.* A manufacturer of cigars and cigarettes may remove such cigars and cigarettes, under his bond, without payment of tax, for use of the United States. Such removal shall be made in accordance with the provisions of Part 295 of this chapter.

(68A Stat. 708; 26 U. S. C. 5704)

§ 270.168 *Exportation.* A manufacturer of cigars and cigarettes may remove such cigars and cigarettes and tobacco materials, under his bond without payment of tax, for shipment to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States, or for consumption beyond the jurisdiction of the internal revenue laws of the United States, in accordance with the applicable provisions of Part 290 of this chapter.

(68A Stat. 708; 26 U. S. C. 5704)

SUBPART I—SUSPENSION AND DISCONTINUANCE OF OPERATIONS BY MANUFACTURERS

§ 270.180 *Discontinuance of operations.* Every manufacturer of cigars and cigarettes who desires to discontinue operations and close out his factory shall dispose of all tobacco materials, cigars, cigarettes, and stamps on hand, in accordance with this part, make a closing inventory and closing report, in accordance with the provisions of §§ 270.141 and 270.143, respectively, and surrender, with such inventory and report, his permit to the assistant regional commission as notice of such discontinuance and to permit the assistant regional commissioner to terminate the liability of the surety on the bond of the manufacturer.

(68A Stat. 713; 26 U. S. C. 5721, 5722)

§ 270.181 *Suspension and revocation of permit.* Where the assistant regional commissioner has reason to believe that a manufacturer of cigars and cigarettes has not in good faith complied with the provisions of Chapter 52, I. R. C., and regulations thereunder or with any other provision of the I. R. C. with intent to defraud, or has violated any condition of his permit, or has failed to disclose any material information required or made any material false statement in the application for the permit, or has failed to maintain his premises in such manner as to protect the revenue, the assistant regional commissioner shall issue an order, stating the facts charged, citing such manufacturer to show cause why his permit should not be suspended or revoked after hearing thereon in accordance with 26 CFR (1939) Part 200, which part (including the provisions relating to appeals) is made applicable to such proceedings. If the hearing examiner, or the Director, Alcohol and Tobacco Tax Division, on appeal, decides the permit should be revoked or suspended for such time as to him seems proper, the assistant regional commissioner shall by order give effect to such decision.

(68A Stat. 712; 26 U. S. C. 5713)

SUBPART J—OPERATIONS BY IMPORTERS

§ 270.190 *Packages*—(a) *General.* All cigars and cigarettes shall, before removal, be put up by the importer in packages which shall bear the stamps and, in the case of large cigars, the class designation thereof, required by this subpart. The packages shall be of such construction as will securely contain the cigars and cigarettes therein and maintain the stamps and necessary class designation thereon.

(b) *Subdivision into parcels.* Packages may be subdivided into parcels which shall not bear the stamps or class designation.

(c) *Lottery features.* No certificate, coupon, or other device purporting to be or to represent a ticket, chance, share, or an interest in, or dependent on, the event of a lottery shall be contained in, attached to, or stamped, marked, written, or printed on any package of cigars or cigarettes removed for domestic consumption.

(d) *Indecent or immoral material.* No indecent or immoral picture, print, or representation shall be contained in, attached to, or stamped, marked, written, or printed on any package of cigars or cigarettes.

(68A Stat. 713; 26 U. S. C. 5723)

§ 270.191 *Class designation for large cigars.* Every package of large cigars subject to tax shall, before removal, have legibly imprinted thereon, or on a label securely affixed thereto, a class designation, for tax purposes, corresponding with the rate of tax imposed by section 5701 (b) (2), I. R. C., on the cigars contained therein. The class designation shall consist of the appropriate statement:

Class A. The ordinary retail price of the cigars herein contained is intended by the importer to be not more than 2½ cents each;

Class B. The ordinary retail price of the cigars herein contained is intended by the importer to be more than 2½ cents each and not more than 4 cents each;

Class C. The ordinary retail price of the cigars herein contained is intended by the importer to be more than 4 cents each and not more than 6 cents each;

Class D. The ordinary retail price of the cigars herein contained is intended by the importer to be more than 6 cents each and not more than 8 cents each;

Class E. The ordinary retail price of the cigars herein contained is intended by the importer to be more than 8 cents each and not more than 15 cents each;

Class F. The ordinary retail price of the cigars herein contained is intended by the importer to be more than 15 cents each and not more than 20 cents each; or

Class G. The ordinary retail price of the cigars herein contained is intended by the importer to be more than 20 cents each.

(68A Stat. 713; 26 U. S. C. 5723)

§ 270.192 *Stamps*—(a) *Classes and denominations provided.* Stamps for the payment of taxes on cigars and cigarettes are provided, for sale to importers of cigars and cigarettes, in the following classes and denominations:

(1) *For small cigars.* In denominations of 5, 8, 10, 12, 15, 16, 20, 24, 40, 50, 80, and 100.

(2) *For large cigars.* Classes A through G, in denominations of 3, 5, 7, 10, 12, 13, 20, 25, 50, 100, 200, 250, and 500.

(3) *For small and large cigarettes.* Classes A and B, in denominations of 5, 8, 10, 12, 15, 16, 20, 24, 40, 50, 80, and 100.

(b) *Method of purchase.* Importers of cigars and cigarettes shall purchase stamps, for the payment of tax on such products, from the district director. Importers shall use Form 923, certified by the customs officer having custody of such products, in ordering such stamps, except as provided in §§ 270.194 and 270.195 with respect to the purchase of stamps for affixture to packages in foreign countries, Puerto Rico, and the Virgin Islands. Each order form shall be accompanied by remittance in the proper amount. A copy of each such order form which has been marked paid by the district director shall be retained by the importer for two years following

the close of the year in which the stamps were purchased, and made available for inspection by any revenue officer upon his request.

(68A Stat. 707; 26 U. S. C. 5703)

§ 270.193 *Affixture of stamps.* Every importer of cigars and cigarettes shall, before removal subject to tax, securely affix to each package of such products one or more stamps of such proper class and denominations as will fully taxpay the contents of such package.

(68A Stat. 713; 26 U. S. C. 5723)

§ 270.194 *Stamps for affixture in foreign countries.* Stamps in payment of the tax on imported cigars and cigarettes may be affixed to such products in the foreign country in which manufactured, provided the laws of such foreign country grant a like privilege in respect of similar products manufactured in the United States and exported to such foreign country. An importer desiring to have the stamps in payment of the tax on imported cigars and cigarettes affixed to these products in such foreign country shall file with any district director an order for the necessary stamps. No particular form for such order is prescribed, but the order shall show (a) the name and address of the person by whom such products are to be imported, (b) the name of the foreign country, (c) the quantity of each such product to be imported, and (d) the number, class, and value of the stamps of each denomination, and the total value of all the stamps. Each order shall be accompanied by remittance in the proper amount.

§ 270.195 *Stamps for affixture in Puerto Rico and the Virgin Islands.* Stamps denoting the tax on cigars and cigarettes, manufactured in Puerto Rico and the Virgin Islands for shipment to the United States, may be affixed to packages of such products in Puerto Rico and the Virgin Islands. Such stamps may be purchased by the manufacturers from the Internal Revenue Service office in Puerto Rico.

(68A Stat. 829; 26 U. S. C. 6801)

§ 270.196 *Exemption of consular officers and employees of foreign states—*(a) *Rule of exemption.* No internal revenue tax shall be due with respect to cigars and cigarettes imported by a consular officer of a foreign state, or by an employee of a consulate of a foreign state, whether such products accompany the officer or employee to his post in the United States, its insular possessions, or the Panama Canal Zone, or are imported by him at any time during the exercise of his functions therein, if:

(1) Such officer or employee is a national of the state appointing him and is not engaged in any profession, business, or trade within the territory specified in this section;

(2) The cigars and cigarettes are imported by the officer or employee for his personal or official use; and

(3) The foreign state grants an equivalent exemption to corresponding officers or employees of the Government of the United States stationed in such foreign state.

(b) *Certificate by Secretary of State.* The Secretary of State shall certify to the Secretary of the Treasury the names of the foreign states which grant an equivalent exemption to the consular officers or employees of the Government of the United States stationed in such foreign states.

(68A Stat. 900; 26 U. S. C. 7511)

§ 270.197 *Claim for refund of tax.* The tax paid on cigars or cigarettes by the importer thereof (otherwise than by stamp) may be refunded where the tax has been paid in error. Only the importer who paid the tax may file claim for refund thereof under this section. The claim for refund, Form 843, shall be filed in duplicate within three years from the date of payment of the tax, with the assistant regional commissioner for the region in which the tax was paid, and the claim shall be supported by evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(68A Stat. 709; 26 U. S. C. 5705)

§ 270.198 *Claim for redemption, or refund of the value, of stamps.* Stamps to denote the tax on cigars and cigarettes may be redeemed, or the value thereof may be refunded, subject to the following provisions:

(a) *Redemption of stamps.* Stamps which have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the importer of such products may have no use, or which through mistake may have been improperly or unnecessarily used, or where the taxes represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected, may be redeemed by such importer. Claim for redemption of such stamps shall be filed on Form 843, in duplicate, with the assistant regional commissioner, within three years after the stamps were purchased from the Government. Stamps may be destroyed under internal revenue supervision, or they may be presented with the claim, or satisfactory evidence submitted showing the reason why they cannot be so destroyed or presented. Where the stamps are to be destroyed under internal revenue supervision, a schedule on Form 178 shall be prepared by the importer with respect to the stamps covered by the claim. When the schedule has been prepared, the importer shall notify the assistant regional commissioner in order that he may detail a revenue officer to verify the schedule and supervise the destruction of the stamps. A copy of the verified schedule, returned to the importer, shall be attached to his claim when filed. If required, the importer shall satisfactorily trace the history of the stamps from their issuance to the filing of his claim.

(b) *Refund of the value of stamps.* The value of stamps affixed to packages of cigars or cigarettes may be refunded to the importer thereof, where such products are withdrawn from the market by such importer, or the products are lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the importer. Claim for refund of the value of such stamps shall be filed on Form 843, in duplicate. within three years from the date of payment of the tax.

(1) *Stamps affixed to packages of cigars or cigarettes completely lost or destroyed.* Where the packages of cigars or cigarettes to which stamps were affixed have been completely lost or destroyed beyond recognition by fire, casualty, or act of God, the claim for refund shall be filed with the assistant regional commissioner, for the region in which the stamps were affixed, and the claim shall be supported by such evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(2) *Stamps affixed to packages of cigars or cigarettes damaged or withdrawn from the market.* Where the packages of cigars or cigarettes to which stamps were affixed have been merely damaged by fire, casualty, or act of God, so that the identity of the products and the importer thereof, and the rate of tax paid, can be established, or where the cigars or cigarettes are merely withdrawn from the market by the importer, which would permit a similar identification and determination of the tax paid, such cigars or cigarettes shall be assembled by the importer in a suitable place in the city where such products are held or withdrawn from the market. The importer shall group the cigars or cigarettes according to the kind of product, the rate of tax paid, and the sizes of packages, and shall prepare a schedule on Form 177, listing the cigars or cigarettes in each such group. Such cigars or cigarettes, if not taken into a domestic factory, or repacked and restamped by the importer, or exported with drawback of tax, shall be destroyed under internal revenue supervision. The importer shall notify the assistant regional commissioner, for the region in which such products are assembled, and request the detail of a revenue officer to inspect the products, verify the schedule thereof, and supervise destruction of the stamps and the proper disposition of the products and packages as desired by the importer. Upon completion of his detail, the revenue officer shall properly execute his certificate on both copies of the schedule of such cigars or cigarettes. The revenue officer shall return one copy of the completed schedule to the importer, which shall be attached to, and made a part of, the importer's claim, which claim shall be filed with the appropriate assistant regional commissioner.

(68A Stat. 709, 830; 26 U. S. C. 5705, 6805)

SUBPART K—OPERATIONS BY DEALERS

§ 270.210 *Purchase, receipt, possession, or sale of cigars and cigarettes—*(a) *Restriction.* No person shall purchase, receive, possess, sell, or offer for sale cigars or cigarettes not exempt from tax, after removal, which are not put up in packages bearing stamps to denote the tax, and the class designation, and mark, required under this part: *Provided, however,* That this section is not intended to prevent the sale of cigars and cigarettes at retail directly from proper packages nor to apply to such cigars and cigarettes when so sold.

(b) *Liability to tax.* Any person who possesses cigars or cigarettes not exempt from tax after removal, which are not put up in packages bearing the stamps to denote the tax, is liable for the tax thereon, in addition to any other penalties prescribed by law for the offense.

(68A Stat. 716; 26 U. S. C. 5751)

§ 270.211 *Sales at retail from packages.* Cigars and cigarettes may be sold, or offered for sale, from proper packages, bearing the stamps, class designation, and mark, as required under this part, only by retail dealers. The cigars and cigarettes must remain in such packages until removed therefrom by the customer or in the presence of the customer.

(68A Stat. 716; 26 U. S. C. 5751)

§ 270.212 *Vending machines.* Vending machines may be used for vending only cigars and cigarettes which have been packed and stamped by the manufacturers of such products. The cigars and cigarettes may be vended either in such packages or directly from such packages. Such machines shall have panels through which the packages are plainly visible. Machines for vending cigars or cigarettes directly from a package shall have the panel so placed that the stamps, class designation, and mark, required under this part, are plainly visible. The mechanism for delivery shall provide for practically a direct feed of such product from the package.

(68A Stat. 716; 26 U. S. C. 5751)

§ 270.213 *Restrictions relating to used stamps and packages.* No person shall (a) empty any package of cigars or cigarettes without destroying the stamp affixed thereto to denote the tax; or (b) remove, or cause to be removed, any such stamp, or purchase, receive, possess, sell, or dispose of, by gift or otherwise, any such stamp which has been so removed; or (c) purchase, receive, possess, sell, or dispose of, by gift or otherwise, any such package which has been emptied, upon which such a stamp has not been destroyed.

(68A Stat. 716; 26 U. S. C. 5752)

[F. R. Doc. 55-3756; Filed, May 9, 1955; 8:48 a. m.]

[26 CFR (1954) Part 275]

MANUFACTURED TOBACCO; MANUFACTURERS, IMPORTERS, AND DEALERS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Washington 25, D. C., within the period of 15 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U. S. C. 7805).

[SEAL] T. COLEMAN ANDREWS,
Commissioner of Internal Revenue.

Preamble. 1. The regulations in this part (26 CFR Part 275) "Manufactured Tobacco; Manufacturers, Importers, and Dealers," are promulgated to implement the Internal Revenue Code of 1954 and supersede 26 CFR (1939) Part 140, as last amended by Treasury Decision 6052, approved November 10, 1953, and Part 457, as added by Treasury Decision 4744, approved June 24, 1937, insofar as they relate to manufactured tobacco.

2. The regulations in this part shall not affect any act done, or any liability or right accruing or accrued, or any suit or proceeding had or commenced, before the effective date of the regulations in this part.

Subpart A—Scope of Regulations

Sec.
275.1 Manufactured tobacco; manufacturers, importers, and dealers.
275.2 Forms prescribed.

Subpart B—Definitions

275.10 Meaning of terms.
275.11 Assistant regional commissioner.
275.12 Black Fat.
275.13 Clippings.
275.14 Commissioner.
275.15 Cuttings.
275.16 Dealer in tobacco materials.
275.17 Director, Alcohol and Tobacco Tax Division.
275.18 District director.
275.19 Factory.
275.20 Importer.
275.21 Inclusive language.
275.22 I. R. C.
275.23 Leaf tobacco.
275.24 Manufactured tobacco.
275.25 Manufacturer of cigars and cigarettes.
275.26 Manufacturer of tobacco.
275.27 Package.
275.28 Parcel.
275.29 Perique.
275.30 Person.
275.31 Region.
275.32 Regional commissioner.
275.33 Removal or remove.
275.34 Revenue officer.
275.35 Scraps.
275.36 Siftings.
275.37 Stems.
275.38 Tobacco in process.
275.39 Tobacco materials.
275.40 Tobacco products.
275.41 U. S. C.
275.42 Waste.

Subpart C—Taxes

275.50 Rate of tax.
275.51 Liability for tax and method of payment.
275.52 Assessment.

Subpart D—General

275.60 Authority of revenue officers to enter premises.
275.61 Interference with administration.
275.62 Disposal of forfeited, condemned, and abandoned manufactured tobacco and tobacco materials.
275.63 Restamping packages from which the stamps have been lost or destroyed.
275.64 Variations from requirements.
275.65 Penalties and forfeitures.

Subpart E—Qualification Requirements for Manufacturers

275.70 Persons required to qualify.
275.71 Application for permit.
275.72 Corporate documents.
275.73 Articles of partnership or association.
275.74 Trade name certificate.
275.75 Bond.
275.76 Power of attorney.
275.77 Factory premises.
275.78 Additional information.
275.79 Investigation of applicant.
275.80 Issuance of permit.

Subpart F—Changes Subsequent to Original Qualification of Manufacturers

CHANGES IN NAME

275.90 Change in individual name.
275.91 Change in trade name.
275.92 Change in corporate name.

CHANGES IN OWNERSHIP AND CONTROL

275.93 Fiduciary successor.
275.94 Transfer of ownership.
275.95 Change in officers or directors of a corporation.
275.96 Change in stockholders of a corporation.

CHANGES IN LOCATION AND PREMISES

275.97 Change in location within same region.
275.98 Change in location to another region.
275.99 Change in factory premises.
275.100 Emergency premises.

Subpart G—Bonds and Extensions of Coverage of Bonds

275.110 Corporate surety.
275.111 Deposit of bonds, notes, or obligations in lieu of corporate surety.
275.112 Amount of bond.
275.113 Strengthening bond.
275.114 Superseding bond.
275.115 Extension of coverage of bond.
275.116 Approval of bond and extension of coverage of bond.
275.117 Termination of liability of surety under bond.
275.118 Release of bonds, notes, and obligations.

Subpart H—Operations by Manufacturers

275.130 Sign.
275.131 Inventories.
275.132 Record.
275.133 Reports.
275.134 Packages.
275.135 Mark.
275.136 Dummy packages for display purposes.
275.137 Stamps.
275.138 Affixture of stamps.
275.139 Manufactured tobacco furnished to employees for personal consumption or use.
275.140 Use of manufactured tobacco for experimental purposes.
275.141 Transfer of manufactured tobacco.
275.142 Return of manufactured tobacco to factory.
275.143 Reduction of manufactured tobacco to tobacco materials.
275.144 Destruction of manufactured tobacco.
275.145 Storage of tobacco materials.
275.146 Shipment or delivery of tobacco materials.
275.147 Fumigation of tobacco materials.
275.148 Samples of tobacco materials.
275.149 Destruction of tobacco materials.
275.150 Credit for loss of tobacco materials by theft or destruction.

Sec.
275.151 Claim for remission of tax on manufactured tobacco.
275.152 Claim for abatement of assessment.
275.153 Claim for refund of tax.
275.154 Claim for redemption, or refund of the value, of stamps.
275.155 Tobacco materials and manufactured tobacco released from customs custody.
275.156 Use of the United States.
275.157 Exportation.

Subpart I—Suspension and Discontinuance of Operations by Manufacturers

275.170 Discontinuance of operations.
275.171 Suspension and revocation of permit.

Subpart J—Operations by Importers

275.180 Packages.
275.181 Stamps.
275.182 Affixture of stamps.
275.183 Stamps for affixture in foreign countries.
275.184 Stamps for affixture in Puerto Rico and the Virgin Islands.
275.185 Exemption of consular officers and employees of foreign states.
275.186 Claim for refund of tax.
275.187 Claim for redemption, or refund of the value, of stamps.

Subpart K—Operations by Dealers

275.200 Purchase, receipt, possession, or sale of manufactured tobacco.
275.201 Sales at retail from packages.
275.202 Restrictions relating to used stamps and packages.

AUTHORITY: §§ 275.1 to 275.202 issued under 68A Stat. 917; 26 U. S. C. 7805. Other statutory provisions interpreted or applied are cited to text in parentheses.

SUBPART A—SCOPE OF REGULATIONS

§ 275.1 *Manufactured tobacco; manufacturers, importers, and dealers.* This part contains the regulations governing the manufacture, importation, and sale of manufactured tobacco; the qualification of, and maintenance of records by, manufacturers of tobacco; and the operations of manufacturers and importers of, and dealers in, such tobacco.

§ 275.2 *Forms prescribed.* The Director, Alcohol and Tobacco Tax Division, is authorized to prescribe all forms required by this part, including bonds, applications, permits, records, returns, and reports. Information called for thereon shall be furnished in accordance with the instructions on the forms or issued in respect thereto.

SUBPART B—DEFINITIONS

§ 275.10 *Meaning of terms.* The terms used in this part shall have the meanings ascribed in this subpart, unless the context otherwise indicates.

§ 275.11 *Assistant regional commissioner.* "Assistant regional commissioner" shall mean the Assistant Regional Commissioner, Alcohol and Tobacco Tax, who is responsible to and functions under the direction and supervision of the Regional Commissioner.

§ 275.12 *Black Fat.* "Black Fat" shall mean tobacco which is normally treated with oil under pressure and results in black tobacco, and shall include all tobacco similarly treated and referred to by such other terms as Black Horse, etc.

§ 275.13 *Clippings.* "Clippings" shall mean the tobacco which is clipped or cut off the ends of cigars in the manufacture thereof.

§ 275.14 *Commissioner.* "Commissioner" shall mean the Commissioner of Internal Revenue.

§ 275.15 *Cuttings.* "Cuttings" shall mean the tobacco remaining after the binders and wrappers for cigars are cut out of the leaf.

§ 275.16 *Dealer in tobacco materials.* "Dealer in tobacco materials" shall mean every person who handles tobacco materials for sale, shipment, or delivery solely to another qualified dealer in such materials, to a qualified manufacturer of tobacco products, or to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States. Dealer in tobacco materials shall include every person who produces Perique or Black Fat for sale, shipment, or delivery, in accordance with 26 CFR Part 280. Dealer in tobacco materials shall not include (a) an operator of a warehouse who stores tobacco materials solely for a dealer in tobacco materials, for a manufacturer of tobacco products, for a farmer or grower of tobacco, or for a bona fide association of farmers or growers of tobacco; or (b) a farmer or grower of tobacco who sells leaf tobacco of his own growth or raising, or a bona fide association of farmers or growers of tobacco which sells only leaf tobacco grown by farmer or grower members, if the tobacco so sold is in the condition as cured on the farm.

§ 275.17 *Director, Alcohol and Tobacco Tax Division.* "Director, Alcohol and Tobacco Tax Division" shall mean the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Treasury Department, Washington, D. C.

§ 275.18 *District director.* "District director" shall mean the District Director of Internal Revenue.

§ 275.19 *Factory.* "Factory" shall mean the premises of a manufacturer of tobacco, in which he carriers on such business.

§ 275.20 *Importer.* "Importer" shall mean any person in the United States to whom nontaxpaid manufactured tobacco produced in a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States is shipped or consigned, and any person who smuggles or otherwise unlawfully brings such nontaxpaid product into the United States.

§ 275.21 *Inclusive language.* Words in the plural form shall include the singular, and vice versa, and words in the masculine gender shall include the feminine, partnerships, associations, companies, corporations, estates, and trusts.

§ 275.22 *I. R. C.* "I. R. C." shall mean the Internal Revenue Code of 1954.

§ 275.23 *Leaf tobacco.* "Leaf tobacco" shall mean:

(a) Unstemmed—tobacco from which the stem or mid-rib has not been removed, and

(b) Stemmed—tobacco from which the stem or mid-rib has been removed, also known as "strips."

§ 275.24 *Manufactured tobacco.* "Manufactured tobacco" shall mean all tobacco, other than cigars and cigarettes, prepared, processed, manipulated, or packaged for consumption by smoking or for use in the mouth or nose. Any other tobacco not exempt from tax under Chapter 52, I. R. C., which is sold or delivered to any person contrary to such chapter and regulations thereunder shall be regarded as manufactured tobacco.

§ 275.25 *Manufacturer of cigars and cigarettes.* "Manufacturer of cigars and cigarettes" shall mean every person who produces cigars or cigarettes, except for his own personal consumption.

§ 275.26 *Manufacturer of tobacco.* "Manufacturer of tobacco" shall mean every person who manufactures tobacco by any method of preparing, processing, or manipulating, except for his own personal consumption or use; or who packages any tobacco for consumption by smoking or for use in the mouth or nose; or who sells or delivers any tobacco, not exempt from tax under Chapter 52, I. R. C., to any person, contrary to the provisions of such chapter and regulations thereunder. The term "manufacturer of tobacco" shall not include (a) A farmer or grower of tobacco who sells leaf tobacco of his own growth or raising, or a bona fide association of farmers or growers of tobacco which sells only leaf tobacco grown by farmer or grower members, if the tobacco so sold is in the condition as cured on the farm; or (b) a dealer in tobacco materials who handles tobacco solely for sale, shipment, or delivery, in bulk, to another dealer in such materials or to a manufacturer of tobacco products, or to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States.

§ 275.27 *Package.* "Package" shall mean the container in which manufactured tobacco is put up bearing the stamps and mark, as required by this part.

§ 275.28 *Parcel.* "Parcel" shall mean a subdivision of a package of manufactured tobacco.

§ 275.29 *Perique.* "Perique" shall mean tobacco, such as that produced in Louisiana, cured in its own juices and given other treatment peculiar to this type of tobacco.

§ 275.30 *Person.* "Person" shall mean and include an individual, partnership, association, company, corporation, estate, or trust.

§ 275.31 *Region.* "Region" shall mean the area, designated by the Secretary or his delegate, comprising the geographical jurisdiction of a regional commissioner of internal revenue.

§ 275.32 *Regional commissioner.* "Regional commissioner" shall mean the Regional Commissioner of Internal Revenue of an internal revenue region.

§ 275.33 *Removal or remove.* "Removal" or "remove" shall mean the removal of manufactured tobacco or tobacco materials from the factory, or from customs custody, and shall also include the smuggling or other unlawful importation of such nontaxpaid manufactured tobacco into the United States.

§ 275.34 *Revenue officer.* "Revenue officer" shall mean any officer or employee of the United States acting in connection with any internal revenue law of the United States.

§ 275.35 *Scraps.* "Scraps" shall mean portions of leaf tobacco.

§ 275.36 *Siftings.* "Siftings" shall mean the particles of tobacco salvaged in the process of sifting or screening the residue of tobacco.

§ 275.37 *Stems.* "Stems" shall mean the stems or mid-ribs of tobacco.

§ 275.38 *Tobacco in process.* "Tobacco in process" shall mean tobacco which has been, or is being, manipulated or processed, but is to undergo further manipulation, processing, or handling, prior to removal for consumption by smoking or for use in the mouth or nose.

§ 275.39 *Tobacco materials.* "Tobacco materials" shall mean tobacco in process, Perique, Black Fat, leaf tobacco, and tobacco scraps, cuttings, clippings, siftings, dust, stems, and waste.

§ 275.40 *Tobacco products.* "Tobacco products" shall mean manufactured tobacco, cigars, and cigarettes.

§ 275.41 *U. S. C.* "U. S. C." shall mean the United States Code.

§ 275.42 *Waste.* "Waste" shall mean tobacco, including dust, and foreign substances resulting from the handling, manipulation, or processing of tobacco, and which are worthless for use in the manufacture of tobacco products and have no market value for that purpose.

SUBPART C—TAXES

§ 275.50 *Rate of tax.* On tobacco, manufactured in or imported into the United States, a tax of 10 cents per pound is imposed by law.

(68A Stat. 705; 26 U. S. C. 5701)

§ 275.51 *Liability for tax and method of payment.* The tax imposed on manufactured tobacco shall be determined at the time of removal of such tobacco and shall be paid by the manufacturer or importer by the affixture of internal revenue tax stamps to each package of such tobacco before removal.

(68A Stat. 707; 26 U. S. C. 5703)

§ 275.52 *Assessment.* Whenever any person required by law to pay tax on manufactured tobacco fails to pay such tax in accordance with the provisions of this part, the tax shall be determined and assessed, subject to the limitations prescribed in section 6501, I. R. C., against such person. The tax so assessed shall be in addition to any penalties prescribed by law for failure to pay such tax: *Provided*, That, except in cases where delay may jeopardize collection of the tax, or where the amount is nominal or the result of an evident mathematical error, no such assessment shall be made until and after notice has been afforded such person to show cause against assessment. The person will be allowed 30 days from the date of such notice to show cause, in writing, against such assessment.

(68A Stat. 707, 836; 26 U. S. C. 5703, 6862)

SUBPART D—GENERAL

§ 275.60 *Authority of revenue officers to enter premises.* Any revenue officer may enter in the daytime any premises where manufactured tobacco is produced or kept, so far as it may be necessary for the purpose of examining such tobacco. When such premises are open at night, any revenue officer may enter them, while so open, in the performance of his official duties. The owner of such premises, or person having the superintendence of the same, who refuses to admit any revenue officer or permit him to examine such tobacco shall be liable to the penalties prescribed by law for the offense.

(68A Stat. 872, 903; 26 U. S. C. 7342, 7606)

§ 275.61 *Interference with administration.* Whoever, corruptly or by force or threats of force, endeavors to hinder or obstruct the administration of this part, or endeavors to intimidate or impede any revenue officer acting in his official capacity, or forcibly rescues or attempts to rescue or causes to be rescued any property, after it has been duly seized for forfeiture to the United States in connection with a violation or intended violation of this part, shall be liable to the penalties prescribed by law.

(68A Stat. 855; 26 U. S. C. 7212)

§ 275.62 *Disposal of forfeited, condemned, and abandoned manufactured tobacco and tobacco materials.* When in the opinion of any officer having custody of forfeited, condemned, or abandoned manufactured tobacco or tobacco materials, upon which the Federal tax has not been paid, the sale thereof will not bring a price equal to such tax due and payable thereon, and the expenses incident to the sale thereof, he shall not sell, nor cause to be sold, such tobacco or materials for consumption in the United States. Where the tobacco or materials are not sold, the officer may deliver them to a Federal or State hospital or institution (if they are fit for human consumption) or cause their destruction in the manner provided in §§ 275.144 and 275.149. Where such manufactured tobacco or tobacco materials are sold, they shall not be released by the officer having custody thereof until they are properly packaged and internal revenue stamps (the cost of which stamps shall be considered as a portion of the sales price) are affixed to each package to denote the payment of tax. In the case of such tobacco or materials held by or for the Federal Government, the sale thereof shall be subject to the applicable provisions of the regulations of the General Services Administration, Title 1, Personal Property Management.

(68A Stat. 716, 831; 26 U. S. C. 5753, 6807)

§ 275.63 *Restamping packages from which the stamps have been lost or destroyed.* Where the stamps originally affixed to packages of manufactured tobacco have been lost or destroyed, after removal of such product, the manufacturer, importer, or dealer possessing such product shall make application, in duplicate, to the assistant regional commissioner for the region in which the product is held, for new stamps, without cost, to be used for restamping such packages. Such person shall state in detail the location and quantity of the packages, description of the contents, the kind, and denomination of the stamps lost or destroyed, and the nature of the applicant's interest in the product. The application shall be accompanied by affidavits of persons with knowledge of the facts, sufficient to establish the original affixture of stamps and the manner and extent of the loss or destruction of such stamps. Where the packages are in such condition as to require repacking before new stamps can be affixed, such repacking may be authorized by the assistant regional commissioner. The assistant regional commissioner may assign a revenue officer to supervise such repacking and restamping, or he may authorize the applicant to perform such functions.

§ 275.64 *Variations from requirements*—(a) *Construction and separation of premises.* The Director, Alcohol and Tobacco Tax Division, may approve a manner of construction and separation of factory premises in lieu of that specified in this part, where it is shown that it is impracticable to conform to the requirements, and the proposed construction and separation will afford as much or more security and protection to the revenue as is intended by the requirements in this part, and where such variation is not contrary to any provision of law. Where it is proposed to employ a manner of construction and separation of premises other than that provided for by this part, prior approval shall be obtained in accordance with the provisions of paragraph (c) of this section.

§ 275.65 *Penalties and forfeitures.* Anyone who fails to comply with the provisions of this part becomes liable to the civil and criminal penalties, and forfeitures, provided by law.

(68A Stat. 717, 718; 26 U. S. C. 5761, 5762, 5763)

(b) *Methods of operation.* The Director, Alcohol and Tobacco Tax Division, may in case of emergency approve methods of operation other than those provided for by this part, where it is shown that variations from the requirements are necessary, will not hinder the effective administration of this part, will not jeopardize the revenue, and where such variations are not contrary to any provision of law. Where it is proposed to employ methods of operation other than those provided for by this part, prior approval shall be obtained in accordance with the provisions of paragraph (c) of this section.

(c) *Application.* Any person, subject to the provisions of this part, who proposes to employ methods of operation, or of construction and separation of factory premises, other than as provided in this part, shall submit an application so to

do, in triplicate, to the assistant regional commissioner. Such application shall describe the proposed variations and state the necessity therefor. With respect to variations in construction and separation of factory premises, where they cannot be adequately described in the application, drawings or photographs thereof shall also be submitted. The assistant regional commissioner shall make such inquiry as is necessary to ascertain the necessity for the variations and whether approval thereof will hinder the effective administration of this part or result in jeopardy to the revenue. On completion of the inquiry, the assistant regional commissioner will forward two copies of the application to the Director, Alcohol and Tobacco Tax Division, together with a report of his findings and his recommendation.

SUBPART E—QUALIFICATION REQUIREMENTS FOR MANUFACTURERS

§ 275.70 *Persons required to qualify.* Every person who produces manufactured tobacco, except for his own personal consumption or use, shall qualify as a manufacturer of tobacco in accordance with the provisions of this part.

(68A Stat. 706; 26 U. S. C. 5702)

§ 275.71 *Application for permit*—(a) *Persons entering business.* Every person, before commencing business as a manufacturer of tobacco, shall make application, on Form 2093, to the assistant regional commissioner for, and obtain, the permit provided for in § 275.80. All documents required under this part to be furnished with such application shall be made a part thereof.

(b) *Manufacturers operating on effective date.* Manufacturers of tobacco operating on the effective date of this part shall also make application for permit in the manner required by paragraph (a) of this section within 30 days after such date. Such persons may continue their operations pending final action by the assistant regional commissioner with respect to such application.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.72 *Corporate documents.* Every corporation, before commencing business as a manufacturer of tobacco, shall furnish with its application for permit, required by § 275.71, a true copy of the corporate charter or a certificate of corporate existence or incorporation, executed by the appropriate officer of the State in which incorporated. The corporation shall also furnish, in duplicate, evidence which will establish the authority of the officer or other person who executes the application for permit to execute the same; the authority of persons to sign other documents, required by this part, for the corporation; and the identity of the officers, and directors, and each person who holds more than ten percent of the stock of such corporation. Where a corporation has previously filed such documents or evidence with the same assistant regional commissioner, a written statement by the corporation, in duplicate, to that effect will be sufficient for the purpose of this section.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.73 *Articles of partnership or association.* Every partnership or association, before commencing business as a manufacturer of tobacco, shall furnish with its application for permit, required by § 275.71, a true copy of the articles of partnership or association, if any, or certificate of partnership or association where required to be filed by any State, county, or municipality. Where a partnership or association has previously filed such documents with the same assistant regional commissioner, a written statement by the partnership or association, in duplicate, to that effect will be sufficient for the purpose of this section.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.74 *Trade name certificate.* Every person, before commencing business under a trade name as a manufacturer of tobacco, shall furnish with his application for permit, required by § 275.71, true copies, in duplicate, of the certificate or other document, if any, issued by a State, county, or municipal authority in connection with the transaction of business under such trade name. If no such certificate or other document is so issued, a written statement by such person, in duplicate, to that effect will be sufficient for the purpose of this section.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.75 *Bond.* Every person, before commencing business as a manufacturer of tobacco, shall file, in connection with his application for permit, a bond, Form 2099, in accordance with the applicable provisions of Subpart G of this part, conditioned upon compliance with the provisions of Chapter 52, I. R. C., and regulations thereunder, including, but not limited to, the timely payment of taxes imposed by such chapter and penalties and interest in connection therewith for which he may become liable to the United States.

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.76 *Power of attorney.* If the application for permit or other qualifying documents are signed by an attorney in fact for an individual, partnership, association, company, or corporation, or by one of the partners for a partnership, or by an officer of an association or company, or, in the case of a corporation, by an officer or other person not authorized to sign by the corporate documents described in § 275.72, power of attorney conferring authority upon the person signing the documents shall be manifested on Form 1534 and furnished to the assistant regional commissioner.

§ 275.77 *Factory premises*—(a) *Description and diagram.* The premises to be used by a manufacturer of tobacco as his factory or plant shall be described, in the application for permit required by § 275.71, by number, street, and city, town, or village, and State. Such premises may consist of more than one building, which need not be contiguous, but shall be located in the same city, town, or village. Where such premises consist of less than an entire building, a diagram, in duplicate, shall also be furnished showing the particular floor or floors, or room or rooms, comprising the factory, and also showing any adjoining retail store, operated by such manufacturer, where tobacco products are sold.

(b) *Separation.* Where the factory premises consist of less than an entire building, the premises shall be completely separated from adjoining portions of the building, which separation shall be constructed of materials generally used in the construction of buildings and may include any necessary doors or other openings. The premises shall be accessible directly from the street, yard, or common passageway or means of entrance.

(c) *Factories established prior to effective date.* Factories established prior to the effective date of this part shall not be subject to the provisions of paragraph (b) of this section if, in the opinion of the assistant regional commissioner, the existing premises afford adequate protection to the revenue.

(d) *Restrictions.* Factory premises shall be used exclusively for the purposes of manufacturing and storing tobacco; storing materials, equipment, and supplies related thereto or used or useful in the conduct of the business; and carrying on activities in connection with the business of the manufacturer.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.78 *Additional information.* The assistant regional commissioner may require such additional information as he may deem necessary in connection with the qualification of persons under this subpart.

§ 275.79 *Investigation of applicant.* The assistant regional commissioner shall promptly cause such inquiry or investigation to be made, as he deems necessary, to verify the information furnished in connection with an application for permit and to ascertain whether the applicant is, by reason of his business experience, financial standing, and trade connections, likely to maintain operations in compliance with Chapter 52, I. R. C., and regulations thereunder; whether such person has disclosed all material information required or made any material false statement in the application for such permit; and whether the premises on which it is proposed to establish the factory are adequate to protect the revenue. If the assistant regional commissioner has reason to believe that the applicant is not entitled to a permit, he shall promptly give the applicant notice of the contemplated disapproval of his application and opportunity for hearing thereon in accordance with 26 CFR Part 200, "Rules of Practice in Permit Proceedings," which part (including the provisions relating to the recommended decision and to appeals) is made applicable to such proceedings. If, after such notice and opportunity for hearing, the assistant regional commissioner finds that the applicant is not entitled to a permit, he shall, by order stating the findings on which his decision is based, deny the permit.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.80 *Issuance of permit.* If the application for permit, bond, and supporting documents, required under this part, are approved by him, the assistant regional commissioner shall issue a permit, Form 2094, to the manufacturer of tobacco who shall keep it posted conspicuously at all times within his factory. Where the factory consists of more than one building, the permit shall be posted in the building in which the record, required by § 275.132, is kept. The permit shall bear a number and shall fully set forth where the business of the manufacturer is to be conducted.

(68A Stat. 712; 26 U. S. C. 5713)

SUBPART F—CHANGES SUBSEQUENT TO ORIGINAL QUALIFICATION OF MANUFACTURERS

CHANGES IN NAME

§ 275.90 *Change in individual name.* Where there is merely a change in the name of an individual operating as a manufacturer of tobacco, he shall, within 30 days of such change, make application, on Form 2098, for an amended permit, which shall be supported by an extension of coverage of his bond, in accordance with the provisions of § 275.115.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 275.91 *Change in trade name.* Where there is merely a change in the trade name of a manufacturer of tobacco, he shall, within 30 days of the adoption of the new trade name, make application, on Form 2098, for an amended permit, which shall be supported by an extension of coverage of bond, in accordance with the provisions of § 275.115. The manufacturer shall also furnish true copies, in duplicate, of any new trade name certificate or document issued to him, or statement in lieu thereof, required by § 275.74.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 275.92 *Change in corporate name.* Where there is merely a change in the name of a corporate manufacturer of tobacco, the manufacturer shall, within 30 days of such change, make application, on Form 2098, for an amended permit, which shall be supported by an extension of the coverage of bond, in accordance with the provisions of § 275.115. The manufacturer shall also furnish such documents as may be reasonably necessary to establish that the corporate name has been changed.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

CHANGES IN OWNERSHIP AND CONTROL

§ 275.93 *Fiduciary successor.* If an administrator, executor, receiver, trustee, assignee, or other fiduciary, is to take over the business of a manufacturer of tobacco, as a continuing operation, such fiduciary shall, before commencing operations, make application for permit and file bond as required by Subpart E of this part, furnish certified copies, in duplicate, of the order of the court, or other pertinent documents, showing his appointment and qualification as such fiduciary, and make an opening inventory, in accordance with the provisions of § 275.131: *Provided,* That where a diagram has been furnished by the predecessor, in accordance with the provisions of § 275.77, the successor may adopt such diagram. However, where a fiduciary intends merely to liquidate the business, qualification as a manufacturer of tobacco will not be required if he promptly files with the assistant regional commissioner, a statement to that effect, together with an extension of coverage of the predecessor's bond, executed by the fiduciary, also by the surety on such bond, in accordance with the provisions of § 275.115.

(68A Stat. 711, 713; 26 U. S. C. 5711, 5712, 5721)

§ 275.94 *Transfer of ownership.* If a transfer is to be made in ownership of the business of a manufacturer of tobacco (including a change in the identity of the members of a partnership or association), such manufacturer shall give notice, in writing, to the assistant regional commissioner, naming the proposed successor and the desired effective date of such transfer. The proposed successor shall, before commencing operations, qualify as a manufacturer of tobacco, in accordance with the applicable provisions of Subpart E of this part: *Provided,* That where a diagram has been furnished by the manufacturer in accordance with the provisions of § 275.77, the proposed successor may adopt such diagram. The manufacturer shall give such notice of transfer, and the proposed successor shall make application for permit and file bond, as required, in ample time for examination and approval thereof before the desired date of such change. The predecessor shall make a closing inventory and closing report, in accordance with the provisions of §§ 275.131 and 275.133, respectively, and surrender, with such inventory and report, his permit, and the successor shall make an opening inventory, in accordance with the provisions of § 275.131.

(68A Stat. 711, 712, 713; 26 U. S. C. 5711, 5712, 5713, 5721, 5722)

§ 275.95 *Change in officers or directors of a corporation.* Where there is any change in the officers or directors of a corporation operating the business of a manufacturer of tobacco, the manufacturer shall furnish to the assistant regional commissioner notice, in writing, of the election of the new officers or directors within 30 days after such election.

(68A Stat. 711; 26 U. S. C. 5712)

§ 275.96 *Change in stockholders of a corporation.* Where the issuance, sale, or transfer of the capital stock of a corporation, operating as a manufacturer of tobacco, results in a change in the identity of the principal stockholders exercising actual or legal control of the operations of the corporation, the corporate manufacturer shall, within 30 days after the change occurs, make application for a new permit; otherwise, the present permit shall be automatically terminated at the expiration of such 30 day period, and the manufacturer shall dispose of all tobacco materials, manufactured tobacco, and stamps on hand, in accordance with this part, make a closing inventory and closing report, in accordance with the provisions of §§ 275.131 and 275.133, respectively, and surrender his permit with such inventory and report. If the application for a new permit is timely made, the present permit shall continue in effect pending final action by the assistant regional commissioner with respect to such application.

(68A Stat. 711, 712, 713; 26 U. S. C. 5712, 5713, 5721, 5722)

CHANGES IN LOCATION AND PREMISES

§ 275.97 *Change in location within same region*—(a) *Transfer to a new location.* Whenever a manufacturer of tobacco contemplates changing the location of his factory within the same region, the manufacturer shall, before commencing operations at the new location, make an application, on Form 2098, for an amended permit. The application shall be supported by an extension of coverage of the bond filed under this part, in accordance with the provisions of § 275.115.

(b) *Mere change in address.* Whenever any change occurs in the address, but not the location, of the factory of a manufacturer of tobacco, as a result of action of local authorities, the manufacturer shall, within 30 days of such change, make application, on Form 2098, for an amended permit, which shall be supported by an extension of coverage of the bond filed under this part, in accordance with the provisions of § 275.115.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 275.98 *Change in location to another region.* Whenever a manufacturer of tobacco contemplates changing the location of his factory to another region, the manufacturer shall, before commencing operations at the new location, qualify as such a manufacturer in the new region, in accordance with the applicable provisions of Subpart E of this part. The manufacturer shall notify the assistant regional commissioner of the region from which he is removing of his qualification in the new region, giving the address of the new location of his factory and the number of the permit issued to him in the new region, make a closing inventory and closing report, in accordance with the provisions of §§275.131 and 275.133, respectively, and surrender, with such inventory and report, the permit for his old location.

(68A Stat. 711, 712, 713; 26 U. S. C. 5711, 5712, 5713, 5721, 5722)

§ 275.99 *Change in factory premises.* Where the premises of a tobacco factory are to be changed to an extent which will make inaccurate the description of such premises as set forth in the last application by the manufacturer for permit, or the diagram, if any, furnished with such application, the manufacturer shall first make an application, Form 2098, for an amended permit, to the assistant regional commissioner, describing the proposed change in such premises, and furnish a diagram thereof, if required under the provisions of § 275.77. The application shall be supported by an extension of coverage of bond, in accordance with the provisions of § 275.115.

(68A Stat. 711; 26 U. S. C. 5711, 5712)

§ 275.100 *Emergency premises.* In cases of emergency, the assistant regional commissioner may authorize, for a stated period, the temporary use of a place for the temporary storage of tobacco materials and manufactured tobacco, without making the application or furnishing the extension of coverage required under §§ 275.99 and 275.145, or the temporary separation of factory premises by means other than those specified in paragraph (b) of § 275.77, where such action will not hinder the effective administration of this part, is not contrary to law, and will not jeopardize the revenue.

SUBPART G—BONDS AND EXTENSIONS OF COVERAGE OF BONDS

§ 275.110 *Corporate surety.* Surety bonds, required under the provisions of this part, may be given only with corporate sureties holding certificates of authority from the Secretary of the Treasury as acceptable sureties on Federal bonds. Power of attorney and other evidence of appointment of agents and officers to execute bonds on behalf of such corporate sureties shall be filed with, and passed upon by, the Surety Bonds Branch, Division of Deposits and Investments, Bureau of Accounts, Treasury Department. Limitations concerning corporate sureties are prescribed by the Secretary in Treasury Department Form 356, revised. The surety shall have no interest whatever in the business covered by the bond.

(68A Stat. 711, 61 Stat. 646; 26 U. S. C. 5711, 6 U. S. C. 6)

§ 275.111 *Deposit of bonds, notes, or obligations in lieu of corporate surety.* Bonds or notes of the United States, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, may be pledged and deposited by the manufacturer of tobacco as security in connection with bond to cover his operations, in lieu of the corporate surety, in accordance with the provisions of Treasury Department Circular No. 154, revised (31 CFR Part 225). Such bonds or notes which are nontransferable, or the pledging of which will not be recognized by the Treasury Department, are not acceptable as security in lieu of corporate surety.

(68A Stat. 711, 61 Stat. 646; 26 U. S. C. 5711, 6 U. S C. 15)

§ 275.112 *Amount of bond.* The amount of a manufacturer's bond to cover the manufacture of tobacco shall be equal to the amount of the tax liability on such product manufactured in his factory during the twelve months preceding the month in which the bond is to be filed, divided by twelve. In the case of a manufacturer commencing business, his production shall be estimated for the purpose of this section. The amount of any such bond (or the total amount where original and strengthening bonds are filed) shall not exceed $20,000 nor be less than $1,000.

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.113 *Strengthening bond.* Where the assistant regional commissioner determines that the amount of the bond under which a manufacturer of tobacco is currently carrying on such business no longer adequately protects the revenue, the assistant regional commissioner may require the manufacturer to file a strengthening bond in an appropriate amount with the same surety as that on the bond already in effect, in lieu of a superseding bond to cover the full liability on the basis of § 275.112. The assistant regional commissioner shall refuse to approve any strengthening bond where any notation is made thereon which is intended or which may be construed as a release of any former bond, or as limiting the amount of either bond to less than its full amount. Such strengthening bonds shall have placed thereon, by the obligors at the time of execution, the notation "Strengthening Bond."

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.114 *Superseding bond.* A manufacturer of tobacco shall file a new bond to supersede his current bond, immediately when (a) the corporate surety on the current bond becomes insolvent, (b) the assistant regional commissioner approves a request from the surety on the current bond to terminate his liability under the bond, (c) payment of any liability under a bond is made by the surety thereon, or (d) the assistant regional commissioner considers such a superseding bond necessary for the protection of the revenue.

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.115 *Extension of coverage of bond.* An extension of the coverage of any bond filed under this part shall be manifested on Form 2105 by the manufacturer of tobacco and by the surety on the bond with the same formality and proof of authority as required for the execution of the bond.

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.116 *Approval of bond and extension of coverage of bond.* No person shall commence operations under any bond, nor extend his operations, until he receives from the assistant regional commissioner notice of his approval of the bond or of an appropriate extension of coverage of the bond required under this part.

(68A Stat 711; 26 U. S. C. 5711)

§ 275.117 *Termination of liability of surety under bond.* The liability of a surety on any bond required by this part shall be terminated only as to operations on and after the date of approval of a superseding bond, or the date of approval of the discontinuance of operations by the manufacturer of tobacco, or otherwise in accordance with the termination provisions of the bond. The surety shall remain bound in respect of any liability for unpaid taxes, penalties, and interest, not in excess of the amount of the bond, incurred by the manufacturer while the bond is in force.

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.118 *Release of bonds, notes, and obligations.* Bonds, notes, and other obligations of the United States pledged and deposited as security in connection with bonds required by this part, shall be released only in accordance with the provisions of Treasury Department Circular No. 154, revised (31 CFR Part 225). When the assistant regional commissioner who has accepted such security is satisfied that it is no longer necessary to hold such security, he shall fix the date or dates on which a part or all of such security may be released. At any time prior to the release of such security, the assistant regional commissioner may, for proper cause, extend the date of release of such security for such additional length of time as in his judgment may be appropriate.

(68A Stat. 711, 61 Stat. 646; 26 U. S. C. 5711, 6 U. S. C. 15)

SUBPART H—OPERATIONS BY MANUFACTURERS

§ 275.130 *Sign.* Every manufacturer of tobacco shall place and keep, on the outside of the building in which his factory is located, or at the entrance of his factory, where it can be plainly seen, a sign, in plain and legible letters, exhibiting the name under which he operates, and (a) the type of business ("Manufacturer of Tobacco") or (b) the number of the permit issued to the manufacturer under this part. Such sign shall be in the English language.

§ 275.131 *Inventories*—(a) *General.* Every manufacturer of tobacco shall make a true and accurate inventory, on Form 2130, to the assistant regional commissioner, of the quantity of tobacco materials, manufactured tobacco, and stamps held by him at the times specified in this section, which inventory shall be subject to verification by a revenue officer.

(b) *Opening.* An opening inventory shall be made by the manufacturer at the time of commencing business. The date of commencing business under this part shall be the effective date indicated on the permit issued under § 275.80. A similar inventory shall be made by the manufacturer when he files a superseding bond. The date of such inventory shall be the effective date of such superseding bond as indicated thereon by the assistant regional commissioner.

(c) *Special.* A special inventory shall be made by the manufacturer whenever required by any revenue officer.

(d) *Closing.* A closing inventory shall be made by the manufacturer when he transfers ownership, or changes his location to another region, or concludes business. Such inventory at the time of transfer of ownership shall be made as of the day preceding the date of the opening inventory of the successor.

(68A Stat. 713; 26 U. S. C. 5721)

§ 275.132 *Record.* Every manufacturer of tobacco shall keep a record, on Form 2141, and enter therein daily all (a) tobacco materials received (except with respect to samples as provided by § 275.148), shipped, and lost or destroyed, (b) manufactured tobacco produced, received, removed, furnished for personal consumption or use by employees, used for experimental purposes, reduced to material, and lost or destroyed, and (c) stamps received, used, and lost or destroyed. The entries in the record for

each day will be considered timely if made by the close of the business day following that on which occur the operations or transactions required to be recorded. Such record shall be retained for two years following the close of the year covered in the record, and made available for inspection by any revenue officer upon his request.

(68A Stat. 715; 26 U. S. C. 5741)

§ 275.133 *Reports*—(a) *General.* Every manufacturer of tobacco shall make a monthly report, on Form 2134, to the assistant regional commissioner, of all (1) tobacco materials received (except with respect to samples as provided by § 275.148), shipped, used, and lost or destroyed, (2) manufactured tobacco produced, received, removed, furnished for personal consumption or use by employees, used for experimental purposes, reduced to material, and lost or destroyed, and (3) stamps received, used, and lost or destroyed. The report shall be made on or before the 20th day following the end of the month covered in the report. A copy of each such report shall be retained by the manufacturer for two years following the close of the year covered in such reports, and made available for inspection by any revenue officer upon his request.

(b) *Opening.* An opening report, covering the period from the date of the opening inventory, or inventory made in connection with a superseding bond, to the end of the month, shall be made on or before the 20th day following the end of the month in which the business was commenced.

(c) *Special.* A special report, covering the unreported period to the day preceding the date of any special inventory required by a revenue officer, shall be made with such inventory. Another report, covering the period from the date of such inventory to the end of the month, shall be made on or before the 20th day following the end of the month in which the inventory was made.

(d) *Closing.* A closing report, covering the period from the first of the month to the date of the closing inventory, or the day preceding the date of an inventory made in connection with a superseding bond, shall be made with such inventory.

(68A Stat. 713; 26 U. S. C. 5722)

§ 275.134 *Packages*—(a) *General.* All manufactured tobacco shall, before removal, be put up by the manufacturer in packages which shall bear the stamps and mark, required by this subpart. Such packages shall be of such construction as will securely contain such tobacco therein and maintain the stamps and mark thereon: *Provided,* That manufactured tobacco transferred to another such manufacturer, removed for export, furnished for consumption or use by employees, or used for experimental purposes, shall be exempt from the provisions of this paragraph.

(b) *Subdivision into parcels.* Packages may be subdivided into parcels which shall not bear the stamps or mark.

(c) *Lottery features.* No certificate, coupon, or other device purporting to be or to represent a ticket, chance, share, or an interest in, or dependent on, the event of a lottery shall be contained in, attached to, or stamped, marked, written, or printed on any package of manufactured tobacco removed for domestic consumption or use.

(d) *Indecent or immoral material.* No indecent or immoral picture, print, or representation shall be contained in, attached to, or stamped, marked, written, or printed on any package of manufactured tobacco.

(68A Stat. 713; 26 U. S. C. 5723)

§ 275.135 *Mark.* Every package of manufactured tobacco subject to tax shall, before removal, have legibly imprinted thereon, or on a label security affixed thereto, the name and location of the manufacturer, or his permit number, and a warning reading "Law forbids the reuse of the Federal stamps hereon and requires the person who empties this package to destroy such stamps when the package is emptied."

§ 275.136 *Dummy packages for display purposes.* So-called "dummy" packages to be used for display purposes in advertising manufactured tobacco, which do not contain such product, shall not bear the stamps required by this part.

(68A Stat. 716, 865; 26 U. S. C. 5752, 7271)

§ 275.137 *Stamps*—(a) *Kinds and denominations provided.* Stamps to denote the payment of tax on manufactured tobacco are provided, for sale to manufacturers of tobacco, in the following denominations: 1/8, 3/8, 1/2, 5/8, 3/4, 7/8, 1, 1 1/8, 1 1/4, 1 3/8, 1 1/2, 1 5/8, 1 3/4, 1 7/8, 2, 2 1/8, 2 1/4, 2 3/8, 2 1/2, 2 5/8, 2 3/4, 2 7/8, 3, 3 1/4, 3 1/2, 3 3/4, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, and 18 1/2 ounces; 1/2, 1, 1 1/4, 1 1/2, 1 3/4, 2, 2 1/2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 14, 15, 19, 20, 24, 29, 30, 39, 40, 49, 50, 59, 60, and 69 pounds.

(b) *Method of purchase.* Manufacturers of tobacco shall purchase stamps, for the payment of tax on such product, from the district director. Manufacturers shall use Form 173 in ordering stamps for snuff and Form 172 in ordering stamps for other kinds of manufactured tobacco. A copy of each such order form which has been marked paid by the district director shall be retained by the manufacturer for two years following the close of the year in which the stamps were purchased, and made available for inspection by any revenue officer upon his request. Each order form shall be accompanied by remittance in the proper amount.

(68A Stat. 707; 26 U. S. C. 5703)

§ 275.138 *Affixture of stamps.* Every manufacturer of tobacco, shall, before removal subject to tax, securely affix to each package of manufactured tobacco one or more stamps of such denominations as will fully taxpay the contents of such package.

(68A Stat. 713; 26 U. S. C. 5723)

§ 275.139 *Manufactured tobacco furnished to employees for personal consumption or use.* Manufacturers of tobacco may furnish manufactured tobacco, without payment of tax, for personal consumption or use by employees in the factory in such quantities as desired. Each employee may also be furnished, for off-factory personal consumption or use, not more than one ounce of manufactured tobacco by the manufacturer, without payment of tax, for each day the employee is at work. For the purpose of this section the term "employee" shall include all persons who work for and receive compensation from the manufacturer, or a parent, subsidiary, or auxiliary company or corporation of the manufacturer, in the city, town, or village, where the manufactured tobacco so furnished to employees is produced. Such tobacco furnished for off-factory consumption or use shall be taken from the factory by the employee on the day furnished. Employees shall not sell, offer for sale, or give away manufactured tobacco so furnished to them.

(68A Stat. 708; 26 U. S. C. 5704)

§ 275.140 *Use of manufactured tobacco for experimental purposes.* Manufacturers of tobacco may use manufactured tobacco, without payment of tax, for experimental purposes, in their factories, in such quantities as desired. Such manufacturers may also remove such manufactured tobacco, under his bond, without payment of tax, for expermental purposes outside their factories, when authorized by the assistant regional commissioner.

(68A Stat. 708; 26 U. S. C. 5704)

§ 275.141 *Transfer of manufactured tobacco.* A manufacturer of tobacco may transfer manufactured tobacco, under his bond, without payment of tax, to any qualified manufacturer of tobacco.

(68A Stat. 708; 26 U. S. C. 5704)

§ 275.142 *Return of manufactured tobacco to factory.* Manufactured tobacco which has been removed from the factory may be returned thereto without internal revenue supervision when so authorized by the assistant regional commissioner. If the tobacco is contained in packages to which stamps denoting the tax are affixed and the manufacturer desires to file claim for refund of the value of such stamps, the procedure in § 275.154 shall be followed.

§ 275.143 *Reduction of manufactured tobacco to tobacco materials.* Manufacturers may reduce manufactured tobacco to tobacco materials without internal revenue supervision. If the product has been entered in the factory record as manufactured, an entry shall be made in such record of the quantity of manufactured tobacco to be reduced to material and an entry shall also be made of the resultant quantity of tobacco materials. If the products to be reduced to material are contained in packages bearing stamps denoting the tax and the manufacturer desires to file claim for refund of the value of such stamps, the applicable procedure in § 275.154 shall be followed.

(68A Stat. 715; 26 U. S. C. 5741)

§ 275.144 *Destruction of manufactured tobacco.* When a manufacturer desires to destroy manufactured tobacco which has been entered in the factory

record as manufactured, without salvaging the tobacco material, such destruction shall be accomplished under the supervision of a revenue officer, by burning completely or by mixing thoroughly with lime, sulphur, bone dust, ashes, or other such substance. If the products to be destroyed are contained in packages bearing stamps denoting the tax and the manufacturer desires to file claim for refund of the value of such stamps, the applicable procedure in § 275.154 shall be followed.

(68A Stat. 715; 26 U. S. C. 5741)

§ 275.145 *Storage of tobacco materials*—(a) *Within the factory.* Tobacco materials may be stored, under the provisions of this part, only within the premises of a tobacco factory, except as provided in paragraph (b) of this section.

(b) *Outside the factory.* Tobacco materials may be stored outside the premises of a tobacco factory, in the same region in which the factory is situated, if an extension of coverage of the bond for such purpose has been approved by the assistant regional commissioner.

(68A Stat. 711; 26 U. S. C. 5711)

§ 275.146 *Shipment or delivery of tobacco materials.* A manufacturer of tobacco may ship or deliver tobacco materials, under his bond, without payment of tax, to (a) a qualified dealer in tobacco materials; (b) a qualified manufacturer of tobacco products; (c) a State institution; (d) a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States; or (e) any person for experimental or display purposes when authorized by the assistant regional commissioner. A manufacturer of tobacco may similarly ship stems and waste to any person for use by him as fertilizer or insecticide or in the production of fertilizer, insecticide, or nicotine.

(68A Stat. 708; 26 U. S. C. 5704)

§ 275.147 *Fumigation of tobacco materials.* Tobacco materials held by, or released or in transit to, a manufacturer of tobacco may be delivered, without payment of tax, to a person, who is not qualified as a dealer in tobacco materials or manufacturer of tobacco products, solely for purposes of fumigation by such person and return or delivery to the manufacturer. Such tobacco materials shall be covered by the bond of the manufacturer and shall not be regarded as shipped by the manufacturer for purposes of §§ 275.132 and 275.133. Therefore, no entries shall be made in the revenue record of the manufacturer showing delivery of the tobacco materials to the fumigator.

§ 275.148 *Samples of tobacco materials.* Samples of tobacco materials, received by a manufacturer of tobacco, which are to be consumed, used, or destroyed for purposes of sampling, testing, and experimenting, shall be exempt from the provisions of §§ 275.132 and 275.133.

(68A Stat. 715; 26 U. S. C. 5741)

§ 275.149 *Destruction of tobacco materials*—(a) *Stems and waste.* Where a manufacturer of tobacco desires to destroy stems and waste, he shall do so by burning or by mixing thoroughly with lime, sulphur, bone dust, ashes, or other such substance.

(b) *Other materials.* Where a manufacturer of tobacco desires to destroy tobacco in process, Perique, Black Fat, leaf tobacco, scraps, cuttings, clippings, and siftings, and obtain credit therefor in the record kept by him under § 275.132, he shall notify the assistant regional commissioner of the kind and quantity of such tobacco materials and the date on which he desires to destroy such tobacco materials. The assistant regional commissioner may assign a revenue officer to supervise the destruction of the tobacco materials, or he may authorize the manufacturer to destroy the tobacco materials in the manner provided in paragraph (a) of this section.

(68A Stat. 715; 26 U. S. C. 5741)

§ 275.150 *Credit for loss of tobacco materials by theft or destruction.* Every loss of tobacco materials by theft, or destruction by fire, casualty, or act of God, while in the possession or ownership of a manufacturer of tobacco, shall be reported to the assistant regional commissioner and the facts of such loss shall be established to his satisfaction, in order that credit therefor in the records of such manufacturer may be authorized.

(68A Stat. 715; 26 U. S. C. 5741)

§ 275.151 *Claim for remission of tax on manufactured tobacco.* Every loss (otherwise than by theft) or destruction, by fire, casualty, or act of God, of manufactured tobacco upon which the tax has not been paid and which is in the possession or ownership of the manufacturer of such tobacco, shall be reported by the manufacturer to the assistant regional commissioner and the facts of such loss or destruction shall be established to his satisfaction. Claim for remission of such tax may be filed with the assistant regional commissioner. Such claim shall be in letter form, in duplicate, setting forth the reasons why such tax should be remitted, and shall be accompanied by evidence necessary to support the claim.

(68A Stat. 709; 26 U. S. C. 5705)

§ 275.152 *Claim for abatement of assessment.* Claim for abatement of the unpaid portion of the assessment of any tax on manufactured tobacco, or any liability in respect of such tax, alleged to be excessive in amount, assessed after the expiration of the period of limitation applicable thereto, or erroneously or illegally assessed, shall be filed on Form 843, in duplicate, with the assistant regional commissioner. Such claim shall set forth the reasons why the claim shall be allowed, and shall be accompanied by evidence necessary to support the claim.

(68A Stat. 792; 26 U. S. C. 6404)

§ 275.153 *Claim for refund of tax.* The tax paid on manufactured tobacco (otherwise than by stamp) may be refunded where the tax has been paid in error. Any person who paid the tax (except an importer of such products who may file claim for refund of the tax under § 275.186) may file claim for refund thereof under this section. The claim for refund, Form 843, shall be filed in duplicate within three years from the date of payment of the tax, with the assistant regional commissioner for the region in which the tax was paid, and the claim shall be supported by evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(68A Stat. 709; 26 U. S. C. 5705)

§ 275.154 *Claim for redemption, or refund of the value, of stamps.* Stamps to denote the tax on manufactured tobacco may be redeemed, or the value thereof may be refunded, subject to the following provisions:

(a) *Redemption of stamps.* Stamps which have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the manufacturer of such product may have no use, or which through mistake may have been improperly or unnecessarily used, or where the taxes represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected, may be redeemed by such manufacturer. Claim for redemption of such stamps shall be filed on Form 843, in duplicate, with the assistant regional commissioner, within three years after the stamps were purchased from the Government. Stamps may be destroyed under internal revenue supervision, or they may be presented with the claim, or satisfactory evidence submitted showing the reason why they cannot be so destroyed or presented. Where the stamps are to be destroyed under internal revenue supervision, a schedule on Form 178 shall be prepared by the manufacturer with respect to the stamps covered by the claim. When the schedule has been prepared, the manufacturer shall notify the assistant regional commissioner in order that he may detail a revenue officer to verify the schedule and supervise the destruction of the stamps. A copy of the verified schedule, returned to the manufacturer, shall be attached to his claim when filed. If required, the manufacturer shall satisfactorily trace the history of the stamps from their issuance to the filing of his claim.

(b) *Refund of the value of stamps.* The value of stamps affixed to packages of manufactured tobacco may be refunded to the manufacturer thereof, where such product is withdrawn from the market by such manufacturer, or the product is lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the manufacturer. Claim for refund of the value of such stamps shall be filed on Form 843, in duplicate, within three years from the date of payment of the tax.

(1) *Stamps affixed to packages of manufactured tobacco completely lost or destroyed.* Where the packages of manufactured tobacco to which stamps were affixed have been completely lost or destroyed beyond recognization by fire, casualty, or act of God, the claim for refund shall be filed with the assistant regional commissioner, for the region in which the stamps were affixed, and the claim shall be supported by such evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(2) *Stamps affixed to packages of manufactured tobacco damaged or withdrawn from the market.* Where the packages of manufactured tobacco to which stamps were affixed have been merely damaged by fire, casualty, or act of God, so that the identity of the product and the manufacturer thereof, and the amount of tax paid, can be established, or where the manufactured tobacco is merely withdrawn from the market by the manufacturer, which would permit a similar identification and a determination of the tax paid, such manufactured tobacco shall be assembled by the manufacturer in a suitable place in his factory or where such tobacco is held or withdrawn from the market. The manufacturer shall group such tobacco according to the sizes of packages, and shall prepare a schedule on Form 177, listing such packages of manufactured tobacco. Such manufactured tobacco which is not taken back into the factory of the manufacturer shall be destroyed under internal revenue supervision, in which event the manufacturer shall so notify the assistant regional commissioner, for the region in which such tobacco is assembled, and request the detail of a revenue officer to inspect the manufactured tobacco, verify the schedule thereof, and supervise destruction of the stamps and manufactured tobacco, and disposition of the packages as desired by the manufacturer. Upon completion of his detail, the revenue officer shall execute the certificate on both copies of the schedule of the manufactured tobacco, to show the disposition of such stamps, and the packages involved, and return one copy to the manufacturer, which shall be attached to, and made a part of, his claim, which claim shall be filed with the assistant regional commissioner for the region in which the manufactured tobacco was so destroyed. Where the manufactured tobacco is returned to the factory of the manufacturer in accordance with the provisions of § 275.142, the manufacturer shall then notify the assistant regional commissioner, for the region in which the factory is situated, and request the detail of a revenue officer to inspect the product, verify the schedule thereof, and supervise the destruction of the stamps affixed to the packages of such product, and the proper disposition of the product and packages as desired by the manufacturer. Upon completion of his detail, the revenue officer shall properly execute his certificate on both copies of the schedule of such manufactured tobacco. The revenue officer shall return one copy of the completed schedule to the manufacturer which shall be attached to, and made a part of, the manufacturer's claim, which shall be filed with the appropriate assistant regional commissioner.

(68A Stat. 709, 830; 26 U. S. C. 5705, 6805)

§ 275.155 *Tobacco materials and manufactured tobacco released from customs custody.* Tobacco materials and manufactured tobacco imported into the United States from a foreign country, or brought in from Puerto Rico, the Virgin Islands, or a possession of the United States, may be released from customs custody, without the payment of tax, for delivery to a qualified manufacturer of tobacco under his bond, solely for receipt into premises covered by the manufacturer's bond. Before such tobacco materials and manufactured tobacco are released to him, the manufacturer shall furnish to the collector of customs having custody of the tobacco materials and manufactured tobacco, evidence that he operates as a qualified manufacturer of tobacco. The manufacturer shall also prepare a notice of release of tobacco materials, Form 2146, or a notice of release of manufactured tobacco, Form 2145, as the case may be. All copies of the applicable form shall be presented to the collector of customs who, after stamping the date of release of the tobacco materials or manufactured tobacco described thereon, shall return one copy to the manufacturer, retain one copy for his records, and transmit one copy to the assistant regional commissioner shown thereon. The copy returned to the manufacturer shall be retained by him for two years after the close of the year of such release, and shall be made available for inspection by any revenue officer upon his request.

(68A Stat. 708; 26 U. S. C. 5704)

§ 275.156 *Use of the United States.* A manufacturer of tobacco may remove such manufactured tobacco, under his bond, without payment of tax, for use of the United States. Such removal shall be made in accordance with the provisions of 26 CFR Part 295.

(68A Stat. 708; 26 U. S. C. 5704)

§ 275.157 *Exportation.* A manufacturer of tobacco may remove such manufactured tobacco and tobacco materials, under his bond, without payment of tax, for shipment to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States, or for consumption or use beyond the jurisdiction of the internal revenue laws of the United States, in accordance with the applicable provisions of 26 CFR Part 290.

(68A Stat. 708; 26 U. S. C. 5704)

SUBPART I—SUSPENSION AND DISCONTINUANCE OF OPERATIONS BY MANUFACTURERS

§ 275.170 *Discontinuance of operations.* Every manufacturer of tobacco who desires to discontinue operations and close out his factory shall dispose of all tobacco materials, manufactured tobacco, and stamps on hand, in accordance with this part, make a closing inventory and closing report, in accordance with the provisions of §§ 275.131 and 275.133, respectively, and surrender, with such inventory and report, his permit to the assistant regional commissioner as notice of such discontinuance and to permit the assistant regional commissioner to terminate the liability of the surety on the bond of the manufacturer.

(68A Stat. 713; 26 U. S. C. 5721, 5722)

§ 275.171 *Suspension and revocation of permit.* Where the assistant regional commissioner has reason to believe that a manufacturer of tobacco has not in good faith complied with the provisions of Chapter 52, I. R. C., and regulations thereunder, or with any other provisions of the I. R. C. with intent to defraud, or has violated any condition of his permit, or has failed to disclose any material information required or made any material false statement in the application for the permit, or has failed to maintain his premises in such manner as to protect the revenue, the assistant regional commissioner shall issue an order, stating the facts charged, citing such manufacturer to show cause why his permit should not be suspended or revoked after hearing thereon in accordance with 26 CFR Part 200, "Rules of Practice in Permit Proceedings," which part (including the provisions relating to appeals) is made applicable to such proceedings. If the hearing examiner, or the Director, Alcohol and Tobacco Tax Division, on appeal, decides the permit should be revoked or suspended for such time as to him seems proper, the assistant regional commissioner shall by order give effect to such decision.

(68A Stat. 712; 26 U. S. C. 5713)

SUBPART J—OPERATIONS BY IMPORTERS

§ 275.180 *Packages*—(a) *General.* All manufactured tobacco shall, before removal, be put up by the importer in packages which shall bear the stamps required by this subpart. The packages shall be of such construction as will securely contain the manufactured tobacco therein and maintain the stamps thereon.

(b) *Subdivision into parcels.* Packages may be subdivided into parcels which shall not bear the stamps.

(c) *Lottery features.* No certificate, coupon, or other device purporting to be or to represent a ticket, chance, share, or an interest in, or dependent on, the event of a lottery shall be contained in, attached to, or stamped, marked, written, or printed on any package of manufactured tobacco removed for domestic consumption or use.

(d) *Indecent or immoral material.* No indecent or immoral picture, print, or representation shall be contained in, attached to, or stamped, marked, written, or printed on any package of manufactured tobacco.

(68A Stat. 713; 26 U. S. C. 5723)

§ 275.181 *Stamps*—(a) *Kinds and denominations provided.* Stamps to denote the payment of tax on manufactured tobacco are provided, for sale to importers of such tobacco, in the following denominations: ⅛, ⅜, ½, ⅝, ¾, ⅞, 1, 1⅛, 1¼, 1⅜, 1½, 1⅝, 1¾, 1⅞, 2, 2⅛, 2¼, 2⅜, 2½, 2⅝, 2¾, 2⅞, 3, 3¼, 3½, 3¾, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, and 18½ ounces; ½, 1, 1¼, 1½, 1¾, 2, 2½, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 14, 15, 19, 20, 24, 29, 30, 39, 40, 49, 50, 59, 60, and 69 pounds.

(b) *Method of purchase.* Importers of manufactured tobacco shall purchase

stamps, for the payment of tax on such product, from the district director. Importers shall use Form 923, certified by the customs officer having custody of such products, in ordering such stamps, except as provided in §§ 275.183 and 275.184 with respect to the purchase of stamps for affixture to packages in foreign countries, Puerto Rico, and the Virgin Islands. Each order form shall be accompanied by remittance in the proper amount. A copy of each such order form which has been marked paid by the district director shall be retained by the importer for two years following the close of the year in which the stamps were purchased, and made available for inspection by any revenue officer upon his request.

(68A Stat. 707; 26 U. S. C. 5703)

§ 275.182 *Affixture of stamps.* Every importer of manufactured tobacco shall, before removal subject to tax, securely affix to each package of such product one or more stamps of such denominations as will fully taxpay the contents of such package.

(68A Stat. 713; 26 U. S. C. 5723)

§ 275.183 *Stamps for affixture in foreign countries.* Stamps in payment of the tax on imported manufactured tobacco may be affixed to such product in the foreign country in which manufactured, provided the laws of such foreign country grant a like privilege in respect of manufactured tobacco produced in the United States and exported to such foreign country. An importer desiring to have the stamps in payment of the tax on imported manufactured tobacco affixed to this product in such foreign country shall file with any district director an order for the necessary stamps. No particular form for such order is prescribed, but the order shall show (a) the name and address of the person by whom such product is to be imported, (b) the name of the foreign country, (c) the quantity of such product to be imported, and (d) the number and value of the stamps of each denomination, and the total value of all the stamps. Each order shall be accompanied by remittance in the proper amount.

§ 275.184 *Stamps for affixture in Puerto Rico and the Virgin Islands.* Stamps denoting the tax on manufactured tobacco, produced in Puerto Rico and the Virgin Islands for shipment to the United States, may be affixed to packages of such product in Puerto Rico and the Virgin Islands. Such stamps may be purchased by the manufacturers from the Internal Revenue Service office in Puerto Rico.

(68A Stat. 829; 26 U. S. C. 6801)

§ 275.185 *Exemption of consular officers and employees of foreign states—*(a) *Rule of exemption.* No internal revenue tax shall be due with respect to manufactured tobacco imported by a consular officer of a foreign state or by an employee of a consulate of a foreign state, whether such product accompanies the officer or employee to his post in the United States, its insular possessions, or the Panama Canal Zone, or is imported by him at any time during the exercise of his functions therein, if—

(1) Such officer or employee is a national of the state appointing him and not engaged in any profession, business, or trade within the territory specified in this section;

(2) The manufactured tobacco is imported by the officer or employee for his personal or official use; and

(3) The foreign state grants an equivalent exemption to corresponding officers or employees of the Government of the United States stationed in such foreign state.

(b) *Certificate by Secretary of State.* The Secretary of State shall certify to the Secretary of the Treasury the names of the foreign states which grant an equivalent exemption to the consular officers or employees of the Government of the United States stationed in such foreign states.

(68A Stat. 900; 26 U. S. C. 7511)

§ 275.186 *Claim for refund of tax.* The tax paid on manufactured tobacco by the importer thereof (otherwise than by stamp) may be refunded where the tax has been paid in error. Only the importer who paid the tax may file claim for refund thereof under this section. The claim for refund, Form 843, shall be filed in duplicate within three years from the date of payment of the tax, with the assistant regional commissioner for the region in which the tax was paid, and the claim shall be supported by evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(68A Stat. 709; 26 U. S. C. 5705)

§ 275.187 *Claim for redemption, or refund of the value, of stamps.* Stamps to denote the tax on manufactured tobacco may be redeemed, or the value thereof may be refunded, subject to the following provisions:

(a) *Redemption of Stamps.* Stamps which have been spoiled, destroyed, or rendered useless or unfit for the purpose intended, or for which the importer of such product may have no use, or which through mistake may have been improperly or unnecessarily used, or where the taxes represented thereby have been excessive in amount, paid in error, or in any manner wrongfully collected, may be redeemed by such importer. Claim for redemption of such stamps shall be filed on Form 843, in duplicate, with the assistant regional commissioner, within three years after the stamps were purchased from the Government. Stamps may be destroyed under internal revenue supervision, or they may be presented with the claim, or satisfactory evidence submitted showing the reason why they cannot be so destroyed or presented. Where the stamps are to be destroyed under internal revenue supervision, a schedule on Form 178 shall be prepared by the importer with respect to the stamps covered by the claim. When the schedule has been prepared, the importer shall notify the assistant regional commissioner in order that he may detail a revenue officer to verify the schedule and supervise the destruction of the stamps. A copy of the verified schedule, returned to the importer, shall be attached to his claim when filed. If required, the importer shall satisfactorily trace the history of the stamps from their issuance to the filing of his claim.

(b) *Refund of the value of stamps.* The value of stamps affixed to packages of manufactured tobacco may be refunded to the importer thereof, where such product is withdrawn from the market by such importer, or the product is lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the importer. Claim for refund of the value of such stamps shall be filed on Form 843, in duplicate, within three years from the date of payment of the tax.

(1) *Stamps affixed to packages of manufactured tobacco completely lost or destroyed.* Where the packages of manufactured tobacco to which stamps were affixed have been completely lost or destroyed beyond recognition by fire, casualty, or act of God, the claim for refund shall be filed with the assistant regional commissioner, for the region in which the stamps were affixed, and the claim shall be supported by such evidence necessary to establish to the satisfaction of the assistant regional commissioner that the claim is valid.

(2) *Stamps affixed to packages of manufactured tobacco damaged or withdrawn from the market.* Where the packages of manufactured tobacco to which stamps were affixed have been merely damaged by fire, casualty, or act of God, so that the identity of the product and the importer thereof, and the amount of tax paid, can be established, or where the manufactured tobacco is merely withdrawn from the market by the importer, which would permit a similar identification and a determination of the tax paid, such manufactured tobacco shall be assembled by the importer in a suitable place in the city where such tobacco is held or withdrawn from the market. The importer shall group such tobacco according to the sizes of packages, and shall prepare a schedule on Form 177, listing such packages of manufactured tobacco. Such manufactured tobacco, if not taken into a domestic factory, or repacked and restamped by the importer, or exported with drawback of tax, shall be destroyed under internal revenue supervision. The importer shall notify the assistant regional commissioner, for the region in which such manufactured tobacco is assembled, and request the detail of a revenue officer to inspect the tobacco, verify the schedule thereof, and supervise destruction of the stamps and the proper disposition of the product and packages as desired by the importer. Upon completion of his detail, the revenue officer shall properly execute his certificate on both copies of the schedule of such manufactured tobacco. The revenue officer shall return one copy of the completed schedule to the importer, which shall be attached to, and made a part of, the importer's claim, which claim shall be filed with the appropriate assistant regional commissioner.

(68A Stat. 709, 830; 26 U. S. C. 5705, 6805)

SUBPART K—OPERATIONS BY DEALERS

§ 275.200 *Purchase, receipt, possession, or sale of manufactured tobacco—*(a) *Restriction.* No person shall purchase, receive, possess, sell, or offer for sale manufactured tobacco not exempt from tax, after removal, which is not put up in packages bearing stamps to denote the tax and mark, required under this part: *Provided, however,* That this section is not intended to prevent the sale of manufactured tobacco at retail directly from proper packages nor to apply to such tobacco when so sold.

(b) *Liability to tax.* Any person who possesses manufactured tobacco not exempt from tax after removal, which is not put up in packages bearing the stamps to denote the tax, is liable for the tax thereon, in addition to any other penalties prescribed by law for the offense.

(68A Stat. 716; 26 U. S. C. 5751)

§ 275.201 *Sales at retail from packages.* Manufactured tobacco may be sold, or offered for sale, from proper packages, bearing the stamps and mark, as required under this part, only by retail dealers. The manufactured tobacco must remain in such packages until removed therefrom by the customer or in the presence of the customer.

(68A Stat. 716; 26 U. S. C. 5751)

§ 275.202 *Restrictions relating to used stamps and packages.* No person shall (a) empty any package of manufactured tobacco without destroying the stamp affixed thereto to denote the tax; or (b) remove, or cause to be removed, any such stamp, or purchase, receive, possess, sell, or dispose of, by gift or otherwise, any such stamp which has been so removed; or (c) purchase, receive, possess, sell, or dispose of, by gift or otherwise, any such package which has been emptied, upon which such a stamp has not been destroyed.

(68A Stat. 716; 26 U. S. C. 5752)

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

IDAHO

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

APRIL 19, 1955.

The United States Department of Agriculture has filed an application, Serial No. Idaho 05883, for the withdrawal of the lands described below, from all forms of appropriation under the General Mining Laws, subject to existing valid claims. The applicant desires the land for public service sites within the Idaho National Forest.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

BOISE MERIDIAN, IDAHO

Red Top Meadow Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 23 N., R. 9 E.,
Sec. 1, SE¼SE¼;
Sec. 12, N½NE¼.

Moose Meadows Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 23 N., R. 11 E.,
Sec. 28, NW¼.

Dillinger Meadow Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 25 N., R. 10 E.,
Sec. 24, SW¼.

Meadow of Doubt Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 24 N., R. 11 E.,
Sec. 6, N½NW¼.

Whitebird Meadow Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 25 N., R. 10 E.,
Sec. 11, SE¼SE¼.

Cottonwood Middle Meadow Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 23 N., R. 13 E.,
Sec. 31, SE¼SE¼;
Sec. 32, W½SW¼.

Cottonwood Lower Meadow Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 23 N. R. 13 E.,
Sec. 28, N½NW¼, N½NE¼.

Coyote Spring Public Service Site

Unsurveyed, but when surveyed will probably be:
T. 22 N., R. 13 E.,
Sec. 22, NW¼NE¼, NE¼NW¼.

Total area: 920 acres, more or less.

J. R. PENNY,
State Supervisor.

[Docket No. DA-130]

WASHINGTON

RESTORATION ORDER UNDER FEDERAL POWER ACT

MAY 2, 1955.

Pursuant to determination DA-130, Washington, by the Federal Power Commission and in accordance with section 2.5 Part 2 of the Redelegation Order No. 541 approved April 21, 1954, by the Director, Bureau of Land Management, 19 F. R. 2473, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawal the lands hereinafter described so far as they are withdrawn and reserved for power purposes are hereby restored to location and entry for mining purposes only, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. sec. 818), as amended, and subject to the stipulation that if and when the lands are restored, and particularly as the restoration affects that portion or portions of the lands lying between the Cascade River and Cascade Wagon Road in Section 21, are required for purposes of power development, any structures or improvements placed thereon which shall be found to interfere with such development shall be removed or so relocated as to eliminate interference therewith without expense to the United States, its power permittees or its licensees.

WILLAMETTE MERIDIAN, WASHINGTON

T. 35 N., R. 12 E.,
Sec. 21, Lot 8, SE¼NE¼, NE¼SE¼;
Sec. 22, W½SW¼ (unsurveyed).

The areas described aggregate 212.60 acres.

The subject lands are located in Power Site Classification No. 207 of November 13, 1928, and lie within the Mt. Baker National Forest, Washington.

The State of Washington has waived the usual 90-day preference period to make application for right-of-way for public highways or as a source of materials on the lands involved as provided by the act of May 28, 1948 (62 Stat. 275).

This order shall not otherwise affect the status of the lands until 10:00 a. m. on the thirty-fifth day after date of publication of the order in the FEDERAL REGISTER at which time the lands will become available to location and entry under the mining laws only, subject to valid existing rights, the provisions of existing withdrawals, the requirements of the applicable laws, and the reservations, stipulations and conditions herein provided.

J. M. HONEYWELL,
State Supervisor.

Bureau of Reclamation

MILK RIVER PROJECT, MONTANA

ORDER OF REVOCATION

MARCH 22, 1955.

Pursuant to the authority delegated by Departmental Order No. 2765 of July 30, 1954 (19 F. R. 5004), I hereby revoke Departmental Orders of August 18 and 26, 1902, insofar as said orders affect the following described lands: *Provided, however,* That such revocation shall not affect the withdrawal of any other lands by said orders or affect any other orders withdrawing or reserving the lands hereinafter described:

PRINCIPAL MERIDIAN, MONTANA

T. 30 N., R. 32 E.,
Sec. 21, SW¼NE¼, NE¼SW¼, W½SE¼.

The above area aggregates 160 acres.

N. B. BENNETT,
Acting Assistant Commissioner.

[Misc. 68613]

MAY 4, 1955.

I concur; the records of the Bureau of Land Management will be noted.

The lands are included in an allowed entry and are not subject to the provisions of the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284) as amended granting a preference right of application to veterans and others.

EARL G. HARRINGTON,
Acting Associate Director,
Bureau of Land Management.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7–1668]

TXL OIL CORP.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

In the matter of application by the Boston Stock Exchange for unlisted trading privileges in The TXL Oil Corporation, Common Stock, $1 Par Value, File No. 7–1668.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 4th day of May 1955.

The Boston Stock Exchange pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F–1 thereunder, has made application for unlisted trading privileges in the Common Stock, $1 Par Value, of The TXL Oil Corporation, a security listed and registered on the New York Stock Exchange. Rule X-12F–1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to May 20, 1955, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 55–3746; Filed, May 9, 1955; 8:47 a. m.]

[File No. 70–3358]

PUBLIC SERVICE CO. OF OKLAHOMA AND CENTRAL AND SOUTH WEST CORP.

ORDER REGARDING ISSUANCE AND SALE BY SUBSIDIARY PUBLIC UTILITY COMPANY OF PREFERRED STOCK; ISSUANCE BY SUBSIDIARY PUBLIC UTILITY COMPANY TO PARENT REGISTRERD HOLDING COMPANY OF COMMON STOCK AS STOCK DIVIDEND; AND AMENDMENT BY PUBLIC UTILITY COMPANY OF ARTICLES OF INCORPORATION

MAY 4, 1955.

Central and South West Corporation ("Central"), a registered holding company, and its public-utility subsidiary, Public Service Company of Oklahoma ("Public Service"), an Oklahoma corporation, have filed a joint application-declaration and amendments thereto with this Commission pursuant to sections 6 (a), 6 (b), 7, 7 (e), 9 (a), 10 and 12 (e) of the Public Utility Holding Company Act of 1935 ("act"), and Rules U-50, U-62 and U-65 promulgated thereunder regarding the following proposed transactions:

Public Service will, by amendment of its Articles of Incorporation, increase the total number of authorized shares of its preferred stock from 203,500 shares, par value $100 per share, of which 148,500 shares are presently outstanding, to 350,000 shares, par value $100 per share, and thereupon issue and sell 100,000 shares of the authorized but unissued shares of its preferred stock. The price to be paid to the company for the preferred stock (which shall be not less than $100 nor more than $102.75 per share) and the dividend rate thereof (which shall be a multiple of 1/100 of 1 percent) will be determined by competitive bidding pursuant to Rule U-50.

The net proceeds to be received by Public Service from the sale of its preferred stock will be applied to its construction program, which for the calendar years 1955 and 1956 is estimated at approximately $52,500,000.

Public Service also will issue and deliver to Central, and Central will acquire, 300,000 shares of common stock, par value $10 per share, as a stock dividend. In connection therewith, Public Service will transfer on its books from earned surplus to stated capital the sum of $10 for each of said additional shares of common stock, or an aggregate of $3,000,000.

Public Service has, pursuant to an Order of the Commission dated April 14, 1955, solicited proxies from its stockholders (preferred and common) to be voted at a special meeting to be held on May 17, 1955 on amendments to its Articles of Incorporation, including an increase in the number of authorized shares of preferred stock from 203,500 shares to 350,000 shares and changes in the terms and provisions of said stock. The adoption of the proposed amendments of Public Service's Articles of Incorporation will require the affirmative vote of the holders of at least two-thirds of the outstanding shares of preferred stock and the affirmative vote of the holders of a majority of the common stock. Central, which owns all of Public Service's outstanding common stock, represents that it will vote said shares in favor of the adoption of the amendments.

The fees and expenses to be paid or incurred by Public Service in connection with the issue and sale of the additional shares of its preferred stock, exclusive of underwriting commissions, are estimated as follows:

S. E. C. Filing fee	$1,050
Federal issue stamp tax	11,000
Printing	8,000
Preparation of stock certificates	925
Fees:	
Arthur Andersen & Co., accountants	1,800
Illinois Stock Transfer Co., transfer agent	320
City National Bank & Trust Co. of Chicago, registrar	250
Middle West Service Co	4,000
Stevenson, Dendtler, Bailey & McCabe, counsel	[1] 5,000
Reimbursement of underwriters for "Blue Sky" expense	1,000
Miscellaneous	2,655
Total	36,000

[1] Estimated amount of annual retainer allocable to issue and sale of preferred stock.

The legal fee of Isham, Lincoln & Beale, independent counsel for the successful bidder or bidders for the preferred stock, estimated at $5,500, and related out-of-pocket expenses of $250 will be paid by the successful bidder or bidders.

Expenses in connection with the issue of 300,000 shares of common stock by Public Service to Central are estimated at $3,800, consisting of $3,300 Federal issue stamp tax and $500 miscellaneous expenses.

The issue and sale by Public Service of the additional shares of its preferred stock and the issue of the additional shares of its common stock as a dividend have been expressly approved by the Corporation Commission of the State of Oklahoma and no other State commission and no Federal regulatory agency, other than this Commission, has jurisdiction over any of the transactions proposed herein.

Public Service has requested that there be no waiting period between the issuance of the Commission's order and the effective date thereof.

Due notice of the filing of said application-declaration having been given in the manner prescribed by Rule U-23 of the rules and regulations promulgated under the act and no hearing having been requested of, or ordered by, the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder have been satisfied, and that the fees and expenses set forth above, if they do not exceed the estimates, are not unreasonable; and deeming it appropriate in the public interest and in the interest of investors and consumers that said amended application-declaration should be granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50, and to the additional condition that the transactions proposed by Public Service shall not be consummated unless and until the amendments of Public Service's Articles of Incorporation shall have been approved by its stockholders:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said amended application-declaration be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50 and subject to the additional condition that the amendments of Public Service's Articles of Incorporation shall have been approved by its stockholders.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70–3363]

JERSEY CENTRAL POWER & LIGHT CO.

ORDER AUTHORIZING ISSUANCE AND SALE OF PRINCIPAL AMOUNT OF FIRST MORTGAGE BONDS AT COMPETITIVE BIDDING

MAY 3, 1955.

Jersey Central Power & Light Company ("Jersey Central"), a public utility subsidiary of General Public Utilities Corporation ("GPU"), a registered holding company, has filed an application and an amendment thereto with this Commission pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder in respect of the following transactions:

Jersey Central proposes to issue and sell, pursuant to the competitive bidding provisions of Rule U-50, $20,000,000 principal amount of First Mortgage Bonds, -- percent Series due 1985. The bonds will be issued and secured by the company's Mortgage Indenture dated March 1, 1946, as heretofore supplemented and as to be further supplemented by a Fourth Supplemental Indenture to be dated May 1, 1955.

The net proceeds from the sale of the bonds are to be used to the extent of $12,250,000 to prepay indebtedness of Jersey Central. This indebtedness, which is to be prepaid, consists of Jersey Central's outstanding First Mortgage Bonds, 4 percent Series due 1983, in the aggregate principal amount of $8,500,000 and Notes, issued under a Credit Agreement, in the face amount of $3,750,000. The redemption premium and accrued interest applicable to the bonds and the accrued interest on the Notes will be paid from Jersey Central's treasury funds. The balance of $7,750,000 will be applied by Jersey Central to its construction program which for the year 1955 contemplates the expenditure of $18,200,000.

The Board of Public Utility Commissioners of the State of New Jersey has authorized the issuance of the proposed mortgage bonds and the solicitation of competitive bids in connection with the sale thereof and has stated that when the interest rate, the price to the company, and other pertinent data in respect of the bonds have been determined by the bidding and found reasonable, it will issue a supplemental certificate authorizing the sale of the new bonds.

The fees and expenses paid or to be paid by Jersey Central in connection with the issuance and sale of its mortgage bonds have been estimated by it to be as follows:

Filing fees, SEC and New Jersey Commission		$2,560.00
Federal issue tax		22,000.00
Printing and engraving		29,000.00
Legal fees and expenses:		
Authenrieth & Rochester:		
Fee	5,500.00	
Expenses	250.00	
Berlack, Israels & Liberman:		
Fee	4,000.00	
Expenses	250.00	
Other counsel, various (title search and recording fees)	500.00	
Accounting Services, Lybrand, Ross Bros. & Montgomery:		
Fees	2,500.00	
Expenses	150.00	
Trustee's fee, including counsel fee		16,500.00
Reimbursement of underwriters for "Blue Sky" expense		200.00
Miscellaneous		4,590.00
Total		88,000.00

Beekman & Bogue, independent counsel for the successful bidder, have requested a fee of $5,000 for their services and have estimated their expenses at $100, such fees and expenses to be paid by the successful bidder.

Jersey Central has requested that the Commission's order herein become effective forthwith upon issuance.

Due notice having been given of the filing of said application and a hearing not having been requested of or ordered by the Commission; the Commission finding that the applicable provisions of the act and rules promulgated thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application as amended shall be granted forthwith, except that the Commission considers it inappropriate to approve or disapprove the proposed accounting treatment as described therein and as set forth in some detail in the Notice of Filing in this proceeding (Holding Company Act Release No. 12843):

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application as amended be, and hereby is, granted forthwith subject to the terms and conditions prescribed in Rules U-24 and U-50: *Provided, however,* That nothing herein contained shall be deemed to constitute approval or disapproval of the accounting treatment in respect of the proposed transactions.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70–3371]

BROCKTON EDISON CO.

NOTICE OF FILING REGARDING PROPOSED ISSUANCE AND SALE OF BONDS AT COMPETITIVE BIDDING

MAY 3, 1955.

Notice is hereby given that an application has been filed with the Commission, pursuant to the Public Utility Holding Company Act of 1935 (the "act"), by Brockton Edison Company ("Brockton"), a public-utility subsidiary of Eastern Utilities Associates, a registered holding company. Brockton has designated sections 6 and 12 of the act and Rules U-42 (b) (2) and U-50 thereunder as applicable to the proposed transactions which are summarized as follows:

Brockton proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $6,000,000 principal amount of First Mortgage and Collateral Trust Bonds, -- percent Series, due 1985. The bonds will be issued under an Indenture of First Mortgage and Deed of Trust, dated September 1, 1948, as last supplemented by a Second Supplemental Indenture, dated as of May 1, 1954, and to be further supplemented by a Supplemental Indenture to be dated June 1, 1955.

The interest rate on the bonds (which shall be a multiple of 1/8 of 1 percent) and the price to be paid the company (which shall be not less than the principal amount thereof and not more than 102¾ percent of such principal amount plus accrued interest) will be determined by competitive bidding. The proceeds from the sale of the bonds will be used to retire $4,100,000 principal amount of outstanding First Mortgage and Collateral Trust Bonds, 3⅝ percent Series, due 1983, to prepay without premium short-term promissory notes outstanding in the aggregate principal amount of $1,400,000, and to provide funds for the construction, completion and extension or improvement of Brockton's facilities.

The fees and expenses to be paid in connection with the proposed transactions are estimated by Brockton to aggregate $44,600 of which $6,000 is for company counsel fees and disbursements and $4,600 for the fee and expenses of counsel to the underwriters. It is stated in the application that the proposed sale of bonds is subject to the jurisdiction of the Department of Public Utilities of Massachusetts, the State Commission of the State in which Brockton is organized and doing business.

Brockton requests that this Commission's order to be entered herein become effective upon issuance.

Notice is further given that any interested person may, not later than May 16, 1955, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may take such other action as it may deem appropriate under the circumstances.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

DEPARTMENT OF COMMERCE

Federal Maritime Board

MONTSHIP LINES, LTD., AND NIAGARA LIJN N. V.

NOTICE OF AGREEMENTS FILED WITH THE BOARD FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, as amended; 39 Stat. 733, 46 U. S. C. 814.

(1) Agreement No. 8270, between Montship Lines, Limited, and Niagara Lijn N. V., provides for the creation of a conference to be known as the Mediterranean-Great Lakes Westbound Conference, for the establishment and maintenance of agreed rates, charges and practices for or in connection with the transportation of cargo in the westbound trade from ports in the Mediterranean and on the Atlantic Coast of Morocco, Spain and Portugal, to ports of the Great Lakes of the United States and Canada.

(2) Agreement No. 8280, between Montship Lines, Limited and Niagara Lijn N. V., provides for the creation of a conference to be known as the Great Lakes-Mediterranean Eastbound Conference, for the establishment and maintenance of agreed rates, charges and practices for or in connection with the transportation of cargo in the eastbound trade from ports on the Great Lakes of the United States and Canada to ports in the Mediterranean and on the Atlantic Coast of Morocco, Spain and Portugal.

Interested parties may inspect these agreements and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to either of the agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

By order of the Federal Maritime Board.

Dated: May 4, 1955.

MAIN READING ROOM

TITLE 3—THE PRESIDENT

PROCLAMATION 3093

CHILD HEALTH DAY, 1955

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Congress, by a joint resolution of May 18, 1928 (45 Stat. 617), has authorized and requested the President of the United States to issue annually a proclamation setting apart May 1 as Child Health Day; and

WHEREAS the health we seek for our children includes their spiritual, emotional, and intellectual, as well as their physical, well-being; and

WHEREAS Child Health Day provides us with an occasion for dedicating ourselves to enlarging the opportunities of children for achieving such health; and

WHEREAS Child Health Day has been given added significance this year by the recently announced discovery of a means of protecting our children from the crippling scourge of poliomyelitis:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby designate Sunday, the first day of May 1955, as Child Health Day; and I invite all citizens, meeting in their various places of worship and elsewhere on that day, to unite in observances that will emphasize the importance of abundant health for all children throughout the coming year.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 26th day of April in the year of our Lord nineteen hundred and [SEAL] fifty-five, and of the Independence of the United States of America the one hundred and seventy-ninth.

DWIGHT D. EISENHOWER

By the President:

JOHN FOSTER DULLES, *Secretary of State.*

[F. R. Doc. 55-3861; Filed, May 9, 1955; 4:46 p. m.]

EXECUTIVE ORDER 10610

ADMINISTRATION OF MUTUAL SECURITY AND RELATED FUNCTIONS

By virtue of the authority vested in me by the Mutual Security Act of 1954, including particularly sections 521 and 525 thereof (68 Stat. 855, 856), and as President of the United States, it is ordered as follows:

PART I. DEPARTMENT OF STATE; INTERNATIONAL COOPERATION ADMINISTRATION

SECTION 101. Exclusive of the functions transferred by the provisions of section 201 of this order, all functions conferred by law upon, or delegated or otherwise assigned by the President to, the Director of the Foreign Operations Administration, and all functions conferred by law upon, or otherwise placed under the jurisdiction of, the Foreign Operations Administration (including, subject to the provisions of sections 102 (b) and (c) of this order, all functions of agencies, officials, and employees of the Foreign Operations Administration), are hereby transferred to the Secretary of State and the Department of State, respectively.

SEC. 102. The following are hereby transferred to the Department of State:

(a) All offices of the Foreign Operations Administration, exclusive of the office of Director of the Foreign Operations Administration.

(b) The Institute of Inter-American Affairs and the functions vested in it by law, which functions shall remain therewith.

(c) The International Development Advisory Board (68 Stat. 842) and the functions vested in it by law, which functions shall remain therewith.

(d) The Office of Small Business, provided for in section 504 (b) of the Mutual Security Act of 1954 (68 Stat. 851), and in section 101 (d) of Executive Order No. 10575 of November 6, 1954 (19 F. R. 7251).

SEC. 103. (a) The Secretary of State shall establish, with the offices, personnel, and facilities transferred to the Department of State by or under section 102 (a) and 302 of this order, an agency

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

in the Department of State which shall be known as the International Cooperation Administration. The agencies transferred by sections 102 (b), (c), and (d) of this order shall be made a part of or attached to the International Cooperation Administration. The International Cooperation Administration shall be headed by the Director of the International Cooperation Administration referred to in the first sentence of section 103 (b) of this order. The said Director shall report directly to the Secretary of State. Except as may be otherwise provided by the Secretary of State in respect of the matters referred to in section 104 of this order, the functions transferred by section 101 hereof shall be carried out by or under the International Cooperation Administration or the Director thereof. The said Administration, including all its officers and agencies, and all functions transferred by this Part shall be subject to the direction and control of the Secretary of State. To such extent as the Secretary of State shall prescribe, consistent with law and without diminishing assignments made or required to be made by this order to the International Cooperation Administration or the Director thereof, the said Administration and Director shall be deemed to be the successors of the Foreign Operations Administration and the Director thereof, respectively, in respect of transfers to the Department of State and the Secretary of State made by this order.

(b) The title of Deputy Director of the Foreign Operations Administration is hereby changed to Director of the International Cooperation Administration. The Director of the International Cooperation Administration may, as he deems proper, change the title of and utilize in connection with the functions transferred by this order any other office of the Foreign Operations Administration transferred hereby.

SEC. 104. (a) The Secretary of State, after consultation with the Secretary of Defense, shall make appropriate arrangements for carrying out the function of coordination referred to in section 102 (c) (1) of Executive Order No. 10575 of November 6, 1954.

(b) The Secretary of State or, if he shall so direct, the Director of the International Cooperation Administration shall (1) carry out the functions under the Mutual Defense Assistance Control Act of 1951 transferred by section 101 of this order, (2) carry out the functions under section 501 (a) (2) of the Mutual Security Act of 1951 (as continued by section 525 of the Mutual Security Act of 1954), (3) make the determinations authorized by the last sentence of section 524 (b) of the Mutual Security Act of 1954, and (4) coordinate the functions of the International Cooperation Administration and other affairs of the Department of State.

PART II. DEPARTMENT OF DEFENSE

SEC. 201. So much of the functions under chapter 2 of Title I of the Mutual Security Act of 1954 now vested in or delegated to or otherwise conferred upon the Director of the Foreign Operations Administration or the Foreign Operations Administration as consists of furnishing to recipients eligible under that chapter, equipment, materials, or services which are delivered or rendered directly to the military forces of the recipient country or its agent (including a civilian contractor with such force) for the exclusive use, or to be under the exclusive control, of such military forces and without entering into or being processed by the civilian economy of the recipient country except as above provided is hereby transferred to the Secretary of Defense and the Department of Defense, respectively.

SEC. 202. The determination of the value of the program for any country under so much of chapter 2 of Title I of the Mutual Security Act of 1954 as pertains to the functions transferred by section 201 of this order shall be made by the Secretary of State.

PART III. GENERAL PROVISIONS

SEC. 301. As used in this order, the term functions includes powers, duties, authority, responsibilities, and discretion.

SEC. 302. So much of the records, property, personnel, positions, and unexpended balances of appropriations, allocations, and other funds of the Foreign Operations Administration as the Director of the Bureau of the Budget shall determine shall be transferred to the Department of Defense. There are hereby transferred to the Department of State all other records, property, personnel, positions, and unexpended balances of appropriations, allocations, and other funds of the Foreign Operations Administration (including those of the Institute of Inter-American Affairs, the International Development Advisory Board, and the Office of Small Business, which shall be transferred with those agencies, respectively). Such further measures and dispositions as the Director of the Bureau of the Budget may deem necessary in order to effectuate the transfers provided for in this section shall be carried out in such manner as he shall direct and by such agencies as he shall designate.

SEC. 303. (a) The Foreign Operations Administration, including the office of Director of the Foreign Operations Administration but excluding all other offices of, and all agencies and positions of, the Foreign Operations Administration, and excluding also all functions transferred by the provisions of this order, is hereby abolished.

(b) The memberships of the Director of the Foreign Operations Administration on the following bodies, together with the functions of the said Director in his capacity as member of each thereof, are hereby abolished: (1) The National Security Council, (2) the Operations Coordinating Board, (3) the Council on Foreign Economic Policy, (4) the Interagency Committee on Agricultural Surplus Disposal, (5) the Defense Mobilization Board, and (6) the Interdepartmental Committee on Trade Agreements: *Provided*, That the Director of the International Cooperation Administration or his designated representative shall participate in the deliberations, and assist in connection with the affairs, of the bodies mentioned in items (2) to (6), inclusive, above, and of the Committee for Reciprocity Information.

SEC. 304. Nothing in this order shall be construed to derogate from the authority of the President, after the date of approval of this order, (1) to delegate functions conferred upon him by the Mutual Security Act of 1954 or by other law other than as transferred or otherwise assigned by this order, (2) to transfer to any agency or officer of the United States, or to modify or abolish, any function, office, or entity of the Foreign Operations Administration or the successor thereof or any officer or employee thereof, or (3) to transfer such personnel, property, records, and funds as may be necessary incident thereto.

SEC. 305. Except to the extent inconsistent with this order, all determinations, authorizations, regulations, rulings, certificates, orders, directives, contracts, agreements, and other actions issued, undertaken, or entered into with respect to any function affected by this order and not heretofore revoked, superseded, or otherwise made inapplicable, shall continue in full force and effect until amended, modified, or terminated by appropriate authority; but any reference therein to any officer or agency abolished by this order shall hereafter be deemed to be a reference to the appropriate successor officer or agency under this order.

SEC. 306. This order shall become effective at the close of June 30, 1955.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 224—DISCOUNT RATES

MISCELLANEOUS AMENDMENTS

Pursuant to section 14 (d) of the Federal Reserve Act, and for the purpose of adjusting discount rates with a view to accommodating commerce and business in accordance with other related rates and the general credit situation of the country, Part 224 is amended as set forth below:

1. Section 224.2 is amended to read as follows:

§ 224.2 *Advances and discounts for member banks under sections 13 and 13a.* The rates for all advances and discounts under sections 13 and 13a of the Federal Reserve Act (except advances under the last paragraph of such section 13 to individuals, partnerships or corporations other than member banks) are:

Federal Reserve Bank of—	Rate	Effective
Boston	1¾	Apr. 15, 1955
New York	1¾	Do.
Philadelphia	1¾	Apr. 22, 1955
Cleveland	1¾	Apr. 15, 1955
Richmond	1¾	Do.
Atlanta	1¾	May 2, 1955
Chicago	1¾	Apr. 22, 1955
St. Louis	1¾	Apr. 15, 1955
Minneapolis	1¾	Do.
Kansas City	1¾	Apr. 14, 1955
Dallas	1¾	Apr. 15, 1955
San Francisco	1¾	Apr. 22, 1955

2. Section 224.3 is amended to read as follows:

§ 224.3 *Advances to member banks under section 10 (b).* The rates for advances to member banks under section 10 (b) of the Federal Reserve Act are:

Federal Reserve Bank of—	Rate	Effective
Boston	2¼	Apr. 15, 1955
New York	2¼	Do.
Philadelphia	2¼	Apr. 22, 1955
Cleveland	2¼	Apr. 15, 1955
Richmond	2¼	Do.
Atlanta	2¼	May 2, 1955
Chicago	2¼	Apr. 22, 1955
St. Louis	2¼	Apr. 15, 1955
Minneapolis	2¼	Do.
Kansas City	2¼	Feb. 12, 1954
Dallas	2¼	Apr. 15, 1955
San Francisco	2¼	Apr. 22, 1955

3. Section 224.4 is amended to read as follows:

§ 224.4 *Advances to persons other than member banks.* The rates for advances to individuals, partnerships or corporations other than member banks secured by direct obligations of the United States under the last paragraph of section 13 of the Federal Reserve Act are:

Federal Reserve Bank of—	Rate	Effective
Boston	3	Apr. 15, 1955
New York	3	Jan. 16, 1953
Philadelphia	3	Apr. 22, 1955
Cleveland	3	Aug. 17, 1953
Richmond	3	Jan. 23, 1953
Atlanta	3½	Feb. 9, 1954
Chicago	3	Apr. 22, 1955
St. Louis	3	May 18, 1953
Minneapolis	3	Jan. 26, 1953
Kansas City	3	Apr. 14, 1955
Dallas	3½	Apr. 15, 1955
San Francisco	3	Jan. 20, 1953

For the reasons and good cause found as stated in § 224.7, there is no notice, public participation, or deferred effective date in connection with this action.

(Sec. 11, 38 Stat. 262; 12 U. S. C. 248. Interpret or apply sec. 14, 38 Stat. 264, as amended; 12 U. S. C. 357)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

[F. R. Doc. 55-3812; Filed, May 10, 1955; 8:53 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 54]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

1. Section 600.15 *Green civil airway No. 5 (Los Angeles, Calif., to Boston, Mass.)* is amended after Tucson, Ariz., by deleting the portion which reads: "the intersection of the southeast course of the Tucson, Ariz., radio range and west course of the Cochise, Ariz., radio range;".

2. Section 600.211 *Red civil airway No. 11 (Enid, Okla., to Boston, Mass.)* is amended by deleting the portion which reads: "From the Erie, Pa., radio range station via the Bradford, Pa., nondirectional radio beacon; Elmira, N. Y., radio range station; Albany, N. Y., radio range station to the" and by changing the last portion to read: "From the Albany, N. Y., radio range station to the intersection of the northeast course of the Hartford, Conn., radio range and the west course of the Boston, Mass., radio range. From the Boston, Mass., radio range station to the intersection of the east course of the Boston, Mass., radio range and the northeast course of the Squantum, Mass., (Navy) radio range."

3. Section 600.212 is amended to read:

§ 600.212 *Red civil airway No. 12 (Joliet, Ill., to Erie, Pa.).* From the Joliet, Ill., radio range station via the intersection of the east course of the Joliet, Ill., radio range and the west course of the South Bend, Ind., radio range; South Bend, Ind., radio range station to the Detroit, Mich., radio range station. That airspace over United States territory from the Windsor, Ont., Canada, radio range station to the Erie, Pa., radio range station.

4. Section 600.219 *Red civil airway No. 19 (Detroit, Mich., to Norfolk, Va.)* is amended by deleting the portion which reads: "Akron, Ohio, radio range station; Morgantown, W. Va., radio range station to the intersection of the southeast course of the Morgantown, W. Va., radio range and the west course of the Front Royal, Va., radio range." and by changing the first portion to read: "From the Detroit, Mich., radio range station via the intersection of the southeast course of the Detroit, Mich., radio range and the west course of the Akron, Ohio, radio range to the Akron, Ohio, radio range station."

5. Section 600.221 is amended by changing caption to read: *"Red civil airway No. 21 (New York, N. Y., to Boston, Mass.)"* and by deleting the first portion which reads: "From the Selinsgrove, Pa., nondirectional radio beacon to the Wilkes-Barre, Pa., radio range station."

6. Section 600.226 *Red civil airway No. 26 (Syracuse, N. Y., to Allentown, Pa.)* is revoked.

7. Section 600.229 is amended by changing caption to read: *"Red civil airway No. 29 (Elmira, N. Y., to Baltimore, Md.)"* and by deleting the first portion which reads: "From the intersection of the southwest course of the Rochester, N. Y., radio range and the east course of the Buffalo, N. Y., radio range to the intersection of the southwest course of the Rochester, N. Y., radio range and the northwest course of the Elmira, N. Y., radio range."

8. Section 600.233 is amended to read:

§ 600.233 *Red civil airway No. 33 (Norfolk, Va., to Boston, Mass.).* From the intersection of the east course of the Langley, Va., AFB radio range and the north course of the Norfolk, Va., radio range via the Langley, Va., AFB radio range station, excluding the portion which overlaps the Plum Tree Island Restricted Area (R-49), to the Richmond, Va., radio range station. From the Gordonsville, Va., radio range station via the Arcola, Va., radio range station to the intersection of the northeast course of the Arcola, Va., radio range and the southeast course of the Harrisburg, Pa., radio range. From the intersection of the east course of the Poughkeepsie, N. Y., radio range and the southwest course of the Chicopee, Westover AFB, Mass., radio range via the Chicopee, Westover AFB, Mass., radio range station to the intersection of the northeast course of the Chicopee, Westover AFB, Mass., radio range and the west course of the Boston, Mass., radio range.

9. Section 600.279 is amended to read:

§ 600.279 *Red civil airway No. 79 (Neah Bay, Wash., to Everett, Wash.).* That airspace over United States territory from the Neah Bay, Wash., radio range station via the Port Angeles, Wash., CGAS nondirectional radio beacon to the Dungeness, Wash., fan marker (located near the intersection of the south course of the Patricia Bay, B. C., radio range and the northwest course of the Seattle, Wash., radio range), excluding the portion below 6,000 feet which overlaps Restricted Area (R-236) and excluding the portion which conflicts with the Albert Head Restricted Area (R-407). From the intersection of the west course of the Everett, Wash., radio range and the northwest course of the Seattle, Wash., radio range to the Everett, Wash., radio range station.

10. Section 600.602 *Blue civil airway No. 2 (Montgomery, Ala., to Erie, Pa.)* is amended by deleting the words which read: "From the Elkins, W. Va., radio range station via the Pittsburgh, Pa., radio range station;" and by changing the last portion to read: "From the Pittsburgh, Pa., radio range station via the Butler, Pa., nondirectional radio beacon; the intersection of the east course of the Youngstown, Pa., radio range and the south course of the Erie, Pa., radio range to the Erie, Pa., radio range station."

11. Section 600.615 is amended to read:

§ 600.615 *Blue civil airway No. 15 (Huntington, W. Va., to Youngstown, Ohio).* From the Huntington, W. Va., nondirectional radio beacon to the Columbus, Ohio, radio range station. From the Akron, Ohio, Akron-Canton County Airport ILS outer marker to the Hubbard, Ohio, nondirectional radio beacon.

12. Section 600.621 *Blue civil airway No. 21 (Pittsburgh, Pa., to Erie, Pa.)* is revoked.

13. Section 600.666 is amended to read:

§ 600.666 *Blue civil airway No. 66 (Bridgeport, Conn., to Poughkeepsie, N. Y.)* From the Bridgeport, Conn., radio range station to the intersection of the northwest course of the Bridgeport, Conn., radio range and the east course of the Poughkeepsie, N. Y., radio range.

14. Section 600.673 *Blue civil airway No. 73 (Pittsburgh, Pa., to Buffalo, N. Y.)* is revoked.

15. Section 600.6001 *VOR civil airway No. 1 (Charleston, S. C., to New York, N. Y.)* is amended by changing all before the Salisbury, Md., omnirange station to read: "From the Charleston, S. C., omnirange station to the Myrtle Beach, S. C., omnirange station. From the point of intersection of the Norfolk, Va., VAR northeast course and the Norfolk, Va., Navy radio range east course via the intersection of the Norfolk, VAR northeast course and the Salisbury omnirange 206° True radial; Salisbury, Md., omnirange station;".

16. Section 600.6004 *VOR civil airway No. 4 (Seattle, Wash., to Washington, D. C.)* is amended by changing the portion between the St. Louis, Mo., omnirange station and the Evansville, Ind., omnirange station to read: "St. Louis, Mo., omnirange station, including a north and a south alternate; Troy, Ill., omnirange station; Centralia, Ill., omnirange station, including a south alternate from the St. Louis omnirange station to the Centralia omnirange station via the intersection of the St. Louis omnirange 128° True and the Centralia omnirange 279° True radials; Evansville, Ind., omnirange station, including a south alternate;".

17. Section 600.6013 *VOR civil airway No. 13 (Houston, Tex., to Duluth, Minn.)* is amended by changing the portion between the Fort Smith, Ark., omnirange station and the Butler, Mo., omnirange station to read: "From the Fort Smith, Ark., omnirange station via the Fayetteville, Ark., omnirange station; Neosho, Mo., omnirange station; Butler, Mo., omnirange station, including a west alternate;".

18. Section 600.6016 *VOR civil airway No. 16 (Los Angeles, Calif., to Boston, Mass.)* is amended by changing the portion between the Abilene, Tex., omnirange station and the Sulphur Springs, Tex., omnirange station to read: "Abilene, Tex., omnirange station, including

a south alternate; Mineral Wells, Tex., omnirange station, including a north alternate and also a south alternate via the intersection of the Abilene omnirange 096° True and the Mineral Wells omnirange 247° True radials; Fort Worth, Tex., omnirange station; Dallas Tex., omnirange station, including a south alternate via the intersection of the Fort Worth omnirange 109° True and the Dallas omnirange 247° True radials; Sulphur Springs, Tex., omnirange station, including a north alternate from the Fort Worth omnirange station to the Sulphur Springs omnirange station via the intersection of the Fort Worth omnirange 069° True and the Sulphur Springs omnirange 268° True radials;".

19. Section 600.6030 is amended by changing caption to read: *"VOR civil airway No. 30 (Milwaukee, Wis., to Nantucket, Mass.)"* and by changing the last portion to read: "From the Idlewild, N. Y., omnirange station via the point of intersection of the Idlewild omnirange 083° True and the Nantucket omnirange 252° True radials to the Nantucket, Mass., omnirange station."

20. Section 600.6031 is amended to read:

§ 600.6031 *VOR civil airway No. 31 (Baltimore, Md., to Syracuse, N. Y.).* From the Baltimore, Md., omnirange station via the Harrisburg, Pa., omnirange station; Selinsgrove, Pa., omnirange station; Williamsport, Pa., omnirange station; Elmira, N. Y., omnirange station; to the Syracuse, N. Y., omnirange station.

21. Section 600.6035 *VOR civil airway No. 35 (Tallahassee, Fla., to Syracuse, N. Y.)* is amended by changing all after the Elmira, N. Y., omnirange station to read: "Elmira, N. Y., omnirange station; to the Syracuse, N. Y., omnirange station, including an east alternate via the intersection of the Elmira omnirange 048° True and the Syracuse omnirange 177° True radials."

22. Section 600.6037 is amended to read:

§ 600.6037 *VOR civil airway No. 37 (Elkins, W. Va., to Erie, Pa.).* From the Elkins, W. Va., omnirange station via the Morgantown, W. Va., omnirange station; Pittsburgh, Pa., omnirange station; to the Erie, Pa., omnirange station.

23. Section 600.6038 is amended to read:

§ 600.6038 *VOR civil airway No. 38 (Chicago, Ill., to Elkins, W. Va.).* From the Peotone, Ill., omnirange station via the Fort Wayne, Ind., omnirange station; Findlay, Ohio, omnirange station; Columbus, Ohio, omnirange station, including a south alternate; Parkersburg, W. Va., omnirange station; to the Elkins, W. Va., omnirange station.

24. Section 600.6046 is amended to read:

§ 600.6046 *VOR civil airway No. 46 (New York, N. Y., to Nantucket, Mass.).* From the point of intersection of the Riverhead, N. Y., omnirange 262° True and the Wilton, Conn., omnirange 198° True radials via the Riverhead, N. Y., omnirange station; intersection of the Riverhead omnirange 085° True and the Nantucket omnirange 252° True radials to the Nantucket, Mass., omnirange station, including a south alternate from the Riverhead omnirange station to the Nantucket, Mass., omnirange station via the intersection of the Riverhead omnirange 109° True and the Nantucket omnirange 252° True radials. The portions of this airway and its associated south alternate below 7,950 feet above mean sea level which lie within the confines of the Montauk Point Restricted Area (R–487) and the Montauk Point Warning Area (W–487) (published in § 608.40 of this Chapter) shall be used only after obtaining prior approval from the Civil Aeronautics Administration Air Traffic Control.

25. Section 600.6053 *VOR civil airway No. 53 (Charleston, S. C., to Milwaukee, Wis.)* is amended by deleting the following words, "Louisville omnirange 309° True" and substituting in lieu thereof the following words, "Louisville omnirange 310° True".

26. Section 600.6056 is amended by changing the caption to read: *"VOR civil airway No. 56 (Montgomery, Ala., to Florence, S. C.)"* and by changing all before the Augusta, Ga., omnirange station to read: "From the Montgomery, Ala., omnirange station via the Columbus, Ga., omnirange station, including a north alternate via the intersection of the Montgomery omnirange 049° True and the Columbus omnirange 270° True radials; intersection of the Columbus omnirange 020° True and the Macon omnirange 272° True radials; Macon, Ga., omnirange station; Augusta, Ga., omnirange station;" and by adding a last portion to read: "The portions of this airway which conflict with the Fort Benning Restricted Area (R–129) are excluded."

27. Section 600.6058 *VOR civil airway No. 58 (Pittsburgh, Pa., to Hartford, Conn.)* is amended by changing all before the Wilkes-Barre-Scranton, Pa., omnirange station to read: "From the Pittsburgh, Pa., omnirange station via the Philipsburg, Pa., omnirange station; Williamsport, Pa., omnirange station; Wilkes-Barre-Scranton, Pa., omnirange station;".

28. Section 600.6063 is amended by changing the caption to read: *"VOR civil airway No. 63 (McAlester, Okla., to Milwaukee, Wis.)"* and by changing all before the Quincy, Ill., omnirange station to read: "From the McAlester, Okla., omnirange station via the Fayetteville, Ark., omnirange station; Springfield, Mo., omnirange station; Columbia, Mo., omnirange station; Quincy, Ill., omnirange station;".

29. Section 600.6069 *VOR civil airway No. 69 (Walnut Ridge, Ark., to Chicago, Ill.)* is amended to read: "From the Walnut Ridge, Ark., omnirange station via the Farmington, Mo., omnirange station; Troy, Ill., omnirange station; Springfield, Ill., omnirange station; Pontiac, Ill., omnirange station; Joliet, Ill., omnirange station; to the Chicago, Ill., Midway Airport terminal omnirange station."

30. Section 600.6072 is amended by changing the caption to read: *"VOR civil airway No. 72 (Vichy, Mo., to Albany, N. Y.)"* and by changing the first portion to read: "From the Vichy, Mo., omnirange station via the intersection of the Vichy omnirange 069° True and the Troy omnirange 246° True radials; Troy, Ill., omnirange station; Vandalia, Ill., omnirange station; Lafayette, Ind., omnirange station; to the point of intersection of the Lafayette omnirange 080° True and the Fort Wayne, Ind., omnirange 226° True radials."

31. Section 600.6097 *VOR civil airway No. 97 (Miami, Fla., to Minneapolis, Minn.)* is amended by deleting the following words, "Lexington, Ky., omnirange station; Cincinnati, Ohio, omnirange station;" and substituting the following words in lieu thereof, "Lexington, Ky., omnirange station; intersection of the Lexington omnirange 347° True and the Cincinnati omnirange 175° True radials; Cincinnati, Ohio, omnirange station;".

32. Section 600.6103 is added to read:

§ 600.6103 *VOR civil airway No. 103 (Elkins, W. Va., to Cleveland, Ohio).* From the Elkins, W. Va., omnirange station via the Wheeling, W. Va., omnirange station; intersection of the Wheeling omnirange 313° True and the Mansfield, Ohio, omnirange 100° True radials; intersection of the Mansfield omnirange 100° True and the Cleveland omnirange 150° True radials; to the Cleveland, Ohio, omnirange station.

33. Section 600.6106 is amended by changing the caption to read: *"VOR civil airway No. 106 (Charleston, W. Va., to Kennebunk, Maine)"* and by changing all before the Philipsburg, Pa., omnirange station to read: "From the Charleston, W. Va., omnirange station via the Morgantown, W. Va., omnirange station; Johnstown, Pa., omnirange station, including a north alternate via the intersection of the Morgantown omnirange 021° True and the Johnstown omnirange 268° True radials; Philipsburg, Pa., omnirange station;".

34. Section 600.6108 *VOR civil airway No. 108 (Charleston, W. Va., to Richmond, Va.)* is revoked.

35. Section 600.6119 *VOR civil airway No. 119 (Huntington, W. Va., to Bradford, Pa.)* is amended by changing all after the Wheeling, W. Va., omnirange station to read: "Wheeling, W. Va., omnirange station; Fitzgerald, Pa., omnirange station; to the Bradford, Pa., omnirange station."

36. Section 600.6136 is amended to read:

§ 600.6136 *VOR civil airway No. 136 (Pulaski, Va., to Raleigh, N. C.).* From the Pulaski, Va., omnirange station via the intersection of the Pulaski omnirange 094° True and the Danville omnirange 298° True radials; Danville, Va., omnirange station; to the Raleigh, N. C., omnirange station.

37. Section 600.6140 *VOR civil airway No. 140 (Tulsa, Okla., to New York, N. Y.)* is amended by changing all before the Flippin, Ark., omnirange station to read: "From the Tulsa, Okla., omnirange station via the Fayetteville, Ark., omnirange station, including a north alternate via the intersection of the Tulsa

omnirange 065° True and the Fayetteville omnirange 287° True radials; Flippin, Ark., omnirange station;".

38. Section 600.6143 is amended to read:

§ 600.6143 *VOR civil airway No. 143 (Greensboro, N. C., to Washington, D. C.).* From the Greensboro, N. C., omnirange station to the Montebello, Va., omnirange station. From the Front Royal, Va., omnirange station to the intersection of the Front Royal omnirange 087° True and the Washington, D. C., terminal omnirange 319° True radials.

39. Section 600.6147 *VOR civil airway No. 147 (Allentown, Pa., to Rochester, N. Y.)* is amended by changing all after the Elmira, N. Y., omnirange station to read: "Elmira, N. Y., omnirange station; intersection of the Elmira omnirange 305° True and the Rochester omnirange 183° True radials; to the Rochester, N. Y., omnirange station, including an east alternate from the Elmira omnirange station to the Rochester omnirange station via the intersection of the Elmira omnirange 353° True and the Rochester omnirange 130° True radials."

40. Section 600.6149 is amended to read:

§ 600.6149 *VOR civil airway No. 149 (Allentown, Pa., to Utica, N. Y.)* . From the Allentown, Pa., omnirange station via the intersection of the Allentown omnirange 329° True and the Binghamton omnirange 167° True radials; Binghamton, N. Y., omnirange station; to the point of intersection of the Binghamton omnirange 023° True and the southwest course of the Utica, N. Y., radio range.

41. Section 600.6154 is amended by changing the caption to read: *"VOR civil airway No. 154 (Meridian, Miss., to Macon, Ga.)"* by putting a semicolon after the word "radials", and by deleting the worlds, "to the Montgomery, Ala., omnirange station." and substituting in lieu thereof the following words: "Montgomery, Ala., omnirange station; Columbus, Ga., omnirange station, including a north alternate via the intersection of the Montgomery omnirange 049° True and the Columbus omnirange 270° True radials; intersection of the Columbus omnirange 020° True and the Macon omnirange 272° True radials; to the Macon, Ga., omnirange station. The portions of this Airway which conflict with the Fort Benning Restricted Area (R–129) are excluded."

42. Section 600.6155 *VOR civil airway No. 155 (Gordonsville, Va., to Front Royal, Va.)* is revoked.

43. Section 600.6164 *VOR civil airway No. 164 (Canton, Pa., to New York, N. Y.)* is revoked.

44. Section 600.6164 is added to read:

§ 600.6164 *VOR civil airway No. 164 (Bradford, Pa., to New York, N. Y.).* From the Bradford, Pa., omnirange station via the intersection of the Bradford omnirange 097° True and the Williamsport omnirange 306° True radials; Williamsport, Pa., omnirange station; to the Caldwell, N. J., omnirange station.

45. Section 600.6174 is amended to read:

§ 600.6174 *VOR civil airway No. 174 (St. Louis, Mo., to Washington, D. C.).* From the St. Louis, Mo., omnirange station via the Troy, Ill., omnirange station; Scotland, Ind., omnirange station; Louisville, Ky., omnirange station; York, Ky., omnirange station; Elkins, W. Va., omnirange station; Front Royal, Va., omnirange station; intersection of the Front Royal omnirange 112° True and the Washington terminal omnirange 245° True radials; to the Washington, D. C., terminal omnirange station.

46. Section 600.6182 is added to read:

§ 600.6182 *VOR civil airway No. 182 (Portland, Oreg., to Baker, Oreg.).* From the Portland, Oreg., omnirange station via the The Dalles, Oreg., omnirange station; to the Baker, Oreg., omnirange station.

47. Section 600.6184 is amended to read:

§ 600.6184 *VOR civil airway No. 184 (Erie, Pa., to Philipsburg, Pa.).* From the Erie, Pa., omnirange station via the Fitzgerald, Pa., omnirange station; to the Philipsburg, Pa., omnirange station.

48. Section 600.6188 is added to read:

§ 600.6188 *VOR civil airway No. 188 (Detroit, Mich., to New York, N. Y.).* From the Carleton, Mich., omnirange station via the Perry, Ohio, nondirectional radio beacon; Fitzgerald, Pa., omnirange station; Williamsport, Pa., omnirange station; to the Caldwell, N. J., omnirange station.

49. Section 600.6189 is added to read:

§ 600.6189 *VOR civil airway No. 189 (Pittsburgh, Pa., to Brookville, Pa.).* From the Pittsburgh, Pa., omnirange station to the point of intersection of the Pittsburgh omnirange 040° True and the Bradford, Pa., omnirange 210° True radials.

50. Section 600.6173 *VOR civil airway No. 173 (Springfield, Ill., to Chicago, Ill.)* is amended by deleting the following: "Roberts omnirange 013° True" and by substituting the following in lieu thereof: "Roberts omnirange 012° True".

(Sec. 205, 52 Stat. 984, amended; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective 0001 e. s. t., May 19, 1955.

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 55–3767; Filed, May 10, 1955; 8:46 a. m.]

[Amdt. 54]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

1. Section 601.212 is amended to read:

§ 601.212 *Red civil airway No. 12 control areas (Joliet, Ill., to Erie, Pa.).* All of Red civil airway No. 12.

2. Section 601.221 is amended to read:

§ 601.221 *Red civil airway No. 21 control areas (New York, N. Y. to Boston, Mass.).* All of Red Civil airway No. 21.

3. Section 601.226 *Red civil airway No. 26 control areas (Syracuse, N. Y., to Allentown, Pa.)* is revoked.

4. Section 601.229 is amended to read:

§ 601.229 *Red civil airway No. 29 control areas (Elmira, N. Y., to Baltimore, Md.).* All of Red civil airway No. 29.

5. Section 601.279 is amended to read:

§ 601.279 *Red civil airway No. 79 control areas (Neah Bay, Wash., to Everett, Wash.).* All of Red civil airway No. 79.

6. Section 601.621 *Blue civil airway No. 21 control areas (Pittsburgh, Pa., to Erie, Pa.)* is revoked.

7. Section 601.673 *Blue civil airway No. 73 control areas (Pittsburgh, Pa., to Buffalo, N. Y.)* is revoked.

8. Section 601.1146 *Control area extension (New York, N. Y.)* is amended by adding the following to present control area extension to read: "In addition, that portion below 7,950 feet MSL which lies within the confines of the Montauk Point Restricted Area (R–487) and the Montauk Point Warning Area (W–487) (published in § 608.40 of this chapter) shall be used only after obtaining prior approval from the Civil Aeronautics Administration Air Traffic Control."

9. Section 601.1169 is amended to read:

§ 601.1169 *Control area extension (Idlewild, N. Y.).* That airspace within 5 miles either side of a direct line extending from the intersection of the southeast course of the Mitchel AFB, N. Y., radio range and the Riverhead, N. Y., omnirange 223° True radial to the Nantucket, Mass., nondirectional radio beacon excluding the airspace below 2000 feet. In addition, that portion below 7,950 feet MSL which lies within the confines of the Montauk Point Restricted Area (R–487) and the Montauk Point Warning Area (W–487) (published in § 608.40 of this chapter) shall be used only after obtaining prior approval from the Civil Aeronautics Administration Air Traffic Control.

10. Section 601.1186 is added to read:

§ 601.1186 *Control area extension (Tucson, Ariz.).* Within 5 miles either side of the west course of the Tucson radio range extending from the radio range station to a point 25 miles west.

11. Section 601.1217 is added to read:

§ 601.1217 *Control area extension (Kodiak, Alaska).* That airspace within tangent lines drawn from the circumference of a circle 5 miles in radius centered on the Kodiak, Alaska, radio range station to the circumference of a circle 10 miles in radius centered at the point of intersection of a line bearing 107° True from the Kodiak radio range station with the northwestern boundary of the Anchorage Oceanic Control Area.

12. Section 601.1218 is added to read:

§ 601.1218 *Control area extension (Homer, Alaska).* That airspace within tangent lines drawn from the circumference of a circle 5 miles in radius centered on the Homer, Alaska, radio range station to the circumference of a circle 10 miles in radius centered at the point of intersection of a line bearing 118° True from the Homer radio range station with the northwestern boundary of the Anchorage Oceanic Control Area.

13. Section 601.2211 is added to read:

§ 601.2211 *Beeville, Tex., control zone.* Within a 5-mile radius of NAAS Chase Field, Beeville, Tex., and within 2 miles either side of a line bearing 139° True from Chase Field extending to a point 8 miles south of Chase Field and within 2 miles either side of a direct line extending from Chase Field to the Normanna nondirectional radio beacon.

14. Section 601.4211 is amended to read:

§ 601.4211 *Red civil airway No. 11 (Enid, Okla., to Boston, Mass.).* Springfield, Mo., radio range station; Vichy, Mo., radio range station; the intersection of the northeast course of the Westover AFB, Chicopee, Mass., radio range and the west course of the Boston, Mass., radio range.

15. Section 601.4212 is amended by changing caption to read: *"Red civil airway No. 12 (Joliet, Ill., to Erie, Pa.)."*

16. Section 601.4219 is amended to read:

§ 601.4219 *Red civil airway No. 19 (Detroit, Mich., to Norfolk, Va.).* No reporting point designation.

17. Section 601.4221 is amended by changing caption to read: *"Red civil airway No. 21 (New York, N. Y., to Boston, Mass.)."*

18. Section 601.4223 *Red civil airway No. 23 (United States-Canadian border to New York, N. Y.)* is amended after "the intersection of the northeast course of the Buffalo, N. Y., radio range and the southeast course of the Toronto, Ont., Canada radio range;" by adding the following reporting points: "Elmira, N. Y., radio range station; the intersection of the southeast course of the Elmira, N. Y., radio range and the north course of the Wilkes-Barre, Pa., radio range;".

19. Section 601.4226 *Red civil airway No. 26 (Syracuse, N. Y., to Allentown, Pa.)* is revoked.

20. Section 601.4229 is amended by changing caption to read: *"Red civil airway No. 29 (Elmira, N. Y., to Baltimore, Md.)."*

21. Section 601.4279 is amended by changing caption to read: *"Red civil airway No. 79 (Neah Bay, Wash., to Everett, Wash.)."*

22. Section 601.4621 *Blue civil airway No. 21 (Pittsburgh, Pa., to Erie, Pa.)* is revoked.

23. Section 601.4639 *Blue civil airway No. 39 (Savannah, Ga., to Elmira, N. Y.)* is amended after "Paynesville, W. Va., nondirectional radio beacon;" by adding the following reporting point: "Morgantown, W. Va., radio range station;".

24. Section 601.4647 *Blue civil airway No. 47 (Blackstone, Va., to Dunkirk, N. Y.)* is amended by adding the following reporting point: "Bradford, Pa., nondirectional radio beacon."

25. Section 601.4673 *Blue civil airway No. 73 (Pittsburgh, Pa., to Buffalo, N. Y.)* is revoked.

26. Section 601.5001 *Other reporting points* is amended by adding the following reporting points:

Granite Intersection: The intersection of a line bearing 118° True from the Homer, Alaska, radio range station with the northwestern boundary of the Anchorage Oceanic Control Area.

Marble Intersection: The intersection of a line bearing 107° True from the Kodiak, Alaska, radio range station with the northwestern boundary of the Anchorage Oceanic Control Area.

27. Section 601.6030 is amended to read:

§ 601.6030 *VOR civil airway No. 30 control areas (Milwaukee, Wis., to Nantucket, Mass.).* All of VOR civil airway No. 30 including a south alternate, but excluding all the airspace below 2,000 feet above mean sea level which lies beyond the continental limits of the United States.

28. Section 601.6035 is amended to read:

§ 601.6035 *VOR civil airway No. 35 control areas (Tallahassee, Fla., to Syracuse, N. Y.).* All of VOR civil airway No. 35, including an east alternate from the Elmira, N. Y., omnirange station to the Syracuse, N. Y., omnirange station but excluding the airspace between the main airway and this east alternate airway.

29. Section 601.6037 is amended to read:

§ 601.6037 *VOR civil airway No. 37 control areas (Elkins, W. Va., to Erie, Pa.).* All of VOR civil airway No. 37.

30. Section 601.6038 is amended to read:

§ 601.6038 *VOR civil airway No. 38 control areas (Chicago, Ill., to Elkins, W. Va.).* All of VOR civil airway No. 38, including a south alternate.

31. Section 601.6046 is amended to read:

§ 601.6046 *VOR civil airway No. 46 control areas (New York, N. Y., to Nantucket, Mass.).* All of VOR civil airway No. 46 including a south alternate and the airspace between the main airway and this south alternate, but excluding the airspace below 2,000 feet above mean sea level which lies beyond the continental limits of the United States. The airspace between the main airway and the south alternate below 7,950 feet above mean sea level which lies within the confines of the Montauk Point Restricted Area (R–487) and the Montauk Point Warning Area (W–487) (published in § 608.40 of this chapter) shall be used only after obtaining prior approval from the Civil Aeronautics Administration Air Traffic Control.

32. Section 601.6056 is amended to read:

§ 601.6056 *VOR civil airway 56 control areas (Montgomery, Ala., to Florence, S. C.).* All of VOR civil airway No. 56 including a north alternate.

33. Section 601.6063 is amended to read:

§ 601.6063 *VOR civil airway No. 63 control areas (McAlester, Okla., to Milwaukee, Wis.).* All of VOR civil airway No. 63, including west alternates.

34. Section 601.6072 is amended to read:

§ 601.6072 *VOR civil airway No. 72 control areas (Vichy, Mo., to Albany, N. Y.).* All of VOR civil airway No. 72.

35. Section 601.6103 is added to read:

§ 601.6103 *VOR civil airway No. 103 control areas (Elkins, W. Va., to Cleveland, Ohio).* All of VOR civil airway No. 103.

36. Section 601.6106 is amended to read:

§ 601.6106 *VOR civil airway No. 106 control areas (Charleston, W. Va., to Kennebunk, Maine).* All of VOR civil airway No. 106, including a north alternate.

37. Section 601.6108 *VOR civil airway No. 108 control areas (Charleston, W. Va., to Richmond, Va.)* is revoked.

38. Section 601.6136 is amended to read:

§ 601.6136 *VOR civil airway No. 136 control areas (Pulaski, Va., to Raleigh, N. C.).* All of VOR civil airway No. 136.

39. Section 601.6140 is amended to read:

§ 601.6140 *VOR civil airway No. 140 control areas (Tulsa, Okla., to New York, N. Y.).* All of VOR civil airway No. 140, including a north and a south alternate.

40. Section 601.6143 is amended to read:

§ 601.6143 *VOR civil airway No. 143 control areas (Greensboro, N. C., to Washington, D. C.).* All of VOR civil airway No. 143.

41. Section 601.6147 is amended to read:

§ 601.6147 *VOR civil airway No. 147 control areas (Allentown, Pa., to Rochester, N. Y.).* All of VOR civil airway No. 147, including an east alternate from the Elmira, N. Y., omnirange station to the Rochester, N. Y., omnirange station but excluding the airspace between the main airway and this east alternate airway.

42. Section 601.6149 is amended to read:

§ 601.6149 *VOR civil airway No. 149 control areas (Allentown, Pa., to Utica, N. Y.).* All of VOR civil airway No. 149.

43. Section 601.6154 is amended to read:

§ 601.6154 *VOR civil airway No. 154 control areas (Meridian, Miss., to Macon, Ga.).* All of VOR civil airway No. 154, including a north alternate.

44. Section 601.6155 *VOR civil airway No. 155 control areas (Gordonsville, Va., to Front Royal, Va.)* is revoked.

45. Section 601.6164 *VOR civil airway No. 164 control areas (Canton, Pa., to New York, N. Y.)* is revoked.

46. Section 601.6164 is added to read:

§ 601.6164 *VOR civil airway No. 164 control areas (Bradford, Pa., to New York, N. Y.).* All of VOR civil airway No. 164.

47. Section 601.6174 is amended to read:

§ 601.6174 *VOR civil airway No. 174 control areas (St. Louis, Mo., to Washington, D. C.).* All of VOR civil airway No. 174.

48. Section 601.6182 is added to read:

§ 601.6182 *VOR civil airway No. 182 control areas (Portland, Oreg., to Baker, Oreg.).* All of VOR civil airway No. 182.

49. Section 601.6188 is added to read:

§ 601.6188 *VOR civil airway No. 188 control areas (Detroit, Mich., to New York, N. Y.).* All of VOR civil airway No. 188.

50. Section 601.6189 is added to read:

§ 601.6189 *VOR civil airway No. 189 control areas (Pittsburgh, Pa., to Brookville, Pa.).* All of VOR civil airway No. 189.

51. Section 601.7001 *Domestic VOR reporting points* is amended by adding the following reporting points:

Lakeland, Fla., omnirange station.

LaBelle Intersection: The intersection of the Miami, Fla., omnirange 315° True and the Fort Myers, Fla., omnirange 036° True radials.

Pinehurst Intersection: The intersection of the Raleigh, N. C., omnirange 232° True and the Florence, S. C., omnirange 008° True radials.

by revoking the following reporting points:

Bradford Intersection: The intersection of the Buffalo, N. Y., omnirange 178° True and the Elmira, N. Y., omnirange 254° True radials.

Grottoes Intersection: The intersection of the Gordonsville, Va., omnirange 301° True and the Montebello, Va., omnirange 031° True radials.

Olean Intersection: The intersection of the Buffalo, N. Y., omnirange 178° True and the Elmira, N. Y., omnirange 269° True radials.

and by changing the following reporting point to read:

Belle Glade Intersection: The intersection of the Vero Beach, Fla., omnirange 192° True and the Miami, Fla., omnirange 338° True radials.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1107, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001, e. s. t., May 19, 1955.

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 55–3768; Filed, May 10, 1955; 8:46 a. m.]

[Amdt. 114]

PART 608—RESTRICTED AREAS

ALTERATIONS

The restricted area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedure, and effective date provisions of section 4 of the Administrative Procedure Act is not required.

Part 608 is amended as follows:

1. In § 608.39, the Clovis, New Mexico, area (R–185 formerly D–185), published on February 21, 1952, in 17 F. R. 1612, is amended by substituting the name "Melrose, New Mexico" for "Clovis, New Mexico", and by changing the "Name and Location (Chart)" column to read: "Melrose (R–185) Albuquerque Chart", and by changing the "Designated Altitudes" column to read: "Unlimited."

2. In § 608.40, the Wilson, New York, area (R–11 formerly D–11), amended on September 7, 1951, in 16 F. R. 9070, is further amended by changing the "Designated Altitudes" column to read: "Surface to 10,000 feet MSL."

3. In § 608.40, the Lake Ontario, New York, area (R–94 formerly D–94), published on May 12, 1950, in 15 F. R. 2839, is amended by changing the "Time of Use" column to read: "Daylight Hours Annually."

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on May 19, 1955.

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 55–3766; Filed, May 10, 1955; 8:45 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Defense Mobilization

[Defense Mobilization Order VII–9]

DMO VII–9—ESTABLISHMENT OF MOBILIZATION PRODUCTION COMMITTEE

By virtue of the authority vested in me pursuant to the National Security Act of 1947, as amended; Reorganization Plan No. 3, effective June 12, 1953; the Defense Production Act of 1950, as amended; and Executive Order 10480 of August 15, 1953, there is hereby established:

1. *Mobilization Production Committee.* The Mobilization Production Committee shall consist of the ODM Assistant Director for Production as Chairman, the ODM Deputy Assistant Director for Production as Vice Chairman, and a representative from each of the following functional areas:

a. Petroleum, gas, solid fuels, electric power;
b. Food and agriculture;
c. Transportation;
d. Communications;
e. Industrial production;
f. Construction;
g. Industrial manpower;
h. Civilian requirements;
i. Military requirements;
j. Foreign requirements.

The membership of the Committee may be increased from time to time, at the discretion of the Chairman, to include representatives of other functional areas with mobilization planning and production responsibilities or interests pursuant to ODM delegations.

2. *Operations of the Mobilization Production Committee.* a. The Mobilization Production Committee shall be used primarily to assure comprehensive review of plans and programs for dealing with mobilization problems relating to the production and distribution of production resources (basic production materials,[1] components, subassemblies, end items, capital equipment, facilities, power and fuels) among various civilian, industrial, foreign and military requirements. Findings with respect to the total supply of production resources and necessary proposals for bringing supply and demand for such resources into balance will be an initial responsibility of the delegate agencies. Such initial proposals will be developed in collaboration with the Office of the ODM Assistant Director for Production, and will be subject to review by the Mobilization Production Committee, by an appropriate sub-committee or both, as determined by the Chairman or upon request of a member of the Mobilization Production Committee.

b. The Mobilization Production Committee in the present situation shall review:

(1) Requirements and related mill set-asides under the Defense Materials System and current and proposed programs for the distribution of critical materials pursuant to section 101 b. of the Defense Production Act.

(2) Plans and programs for dealing with production problems in the event of a future mobilization.

c. In the event of mobilization, the Mobilization Production Committee, as an interim measure until such time as an emergency government organization is activated, shall evaluate requirements

[1] Excluding production of raw materials assigned to the ODM Assistant Director for Materials.

in relation to the available supply of production resources, review possible methods for balancing supply and demand and recommendations as to policies and programs to assure effective utilization of production resources found to be in short supply.

3. *Responsibilities of the Chairman of the Mobilization Production Committee.* The Chairman of the Mobilization Production Committee, after consulting with members of the Committee, shall make such determinations as he deems necessary and appropriate relative to:

a. Program decisions relative to production and distribution controls in operation pursuant to the Defense Production Act of 1950 as amended:

(1) Allotments of controlled materials to the Department of Defense and the Atomic Energy Commission for use under the Defense Materials System.

(2) Establishing the size of the "mill set-asides" of steel, copper and aluminum to be reserved to fill military and atomic energy requirements.

(3) Programs governing the distribution of critical materials pursuant to section 101 b. of the Defense Production Act of 1950, as amended.

b. Adequacy of plans and programs for dealing with production problems in the event of mobilization before submission to the Director of the Office of Defense Mobilization.

c. Program decisions in the event of mobilization:

(1) Allocation of available production resources among military, civilian, industrial and foreign demands.

(2) Approved levels of industrial production and related materials procurement authority.

(3) Programs to assure the most effective use of production resources found to be in short supply.

d. The Chairman shall communicate such determinations to the appropriate operating agencies for implementation in accordance with their respective responsibilities. He may also require reports of such implementations from the responsible agencies.

This order shall take effect on May 6, 1955.

OFFICE OF DEFENSE MOBILIZATION,
ARTHUR S. FLEMMING,
Director.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 11387; FCC 55-535]

TELEVISION BROADCAST STATIONS; TABLE OF ASSIGNMENTS

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of § 3.606 *Table of assignments* rules governing Television Broadcast Stations; Docket No. 11387.

1. Notice is hereby given that the Commission has received a proposal for rule making in the above-entitled matter.

2. The Commission has before it for consideration a petition filed on December 31, 1954, by E. Anthony and Sons, Inc., New Bedford, Massachusetts, requesting an amendment of § 3.606 *Table of assignments*, rules governing Television Broadcast Stations, so as to assign Channel 6 to Nashaquitsa, Massachusetts.

3. In support of the requested amendment, petitioner urges that the assignment of Channel 6 to Nashaquitsa may be made in conformance with the Commission's rules and standards; that it would not affect any other assignment in the Table; that it would be in accord with the mandate of section 307 (b) of the Communications Act; and that it would provide a primary VHF service to southern Massachusetts. The Commission has received a number of letters from residents of Martha's Vineyard expressing opposition to the instant proposal.

4. The Commission is of the view that rule-making proceedings should be instituted in this matter in order that all interested parties may submit their views to the Commission and the Commission may have the benefit of such views prior to taking further action. The petition of E. Anthony and Sons, Inc., is made part of this Docket.

5. Authority for the adoption of the amendment herein is contained in sections 4 (i), 301, 303 (c), (d), (f) and (r), and 307 (b) of the Communications Act of 1934, as amended.

6. Any interested party who is of the opinion that the amendment proposed by petitioner should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before June 4, 1955, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: May 4, 1955.

Released: May 5, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3763; Filed, May 10, 1955; 8:45 a. m.]

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of Customs

[T. D. 53793; Customs Delegation Order 9]

ASSISTANT COMMISSIONER OF CUSTOMS ET AL.

ORDER OF SUCCESSION OF PERSONS TO ACT AS COMMISSIONER OF CUSTOMS

MAY 5, 1955.

Under the authority conferred upon me by Treasury Department Order No. 129, Revision No. 2, dated April 22, 1955, it is hereby ordered that the following officers of Customs, in the order of succession enumerated, shall act as Commissioner of Customs during the absence or disability of the Commissioner of Customs, or when there is a vacancy in such office:

1. The Assistant Commissioner of Customs.
2. The Deputy Commissioner of Customs for Investigations.
3. The Deputy Commissioner of Customs for Appraisement Administration.
4. The Deputy Commissioner of Customs for Management and Controls.
5. The Chief, Division of Classification and Drawbacks.
6. The Chief, Division of Entry, Value, and Penalties.
7. The Chief, Division of Marine Administration.
8. The Collector of Customs, Tampa, Fla.
9. The Assistant Collector of Customs, Tampa, Fla.
10. The Collector of Customs, Charleston, S. C.
11. The Assistant Collector of Customs, Charleston, S. C.
12. The Collector of Customs, Mobile, Ala.
13. The Collector of Customs, El Paso, Tex.
14. The Assistant Collector of Customs, El Paso, Tex.
15. The Collector of Customs, Savannah, Ga.

This order supersedes the order of succession established in paragraph C, Bureau of Customs, of Treasury Department Order No. 129, Revised, dated December 11, 1952, and amended March 15, 1954.

[SEAL] RALPH KELLY,
Commissioner of Customs.

[F. R. Doc. 55-3808; Filed, May 10, 1955; 8:52 a. m.]

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[61417]

FLORIDA

NOTICE OF FILING OF PLATS OF SURVEY

MAY 5, 1955.

Notice is given that the plats of original survey of the following described lands, accepted November 23, 1954, will be officially filed in the Bureau of Land Management, effective at 10:00 a. m. on the 35th day after the date of this notice:

TALLAHASSEE MERIDIAN, FLORIDA

T. 65 S., R. 29 E.,
Sec. 36, lot 2, containing 2 acres.
T 66 S., R. 29 E.,
Sec. 5, lot 6, containing 0.38 acre.
Sec. 8, lot 2, containing 0.53 acre.
T. 66 S., R. 30 E.,
Sec. 6, lot 2, containing 8.78 acres.
Sec. 25, lot 4, containing 0.97 acre.
Sec. 29, lot 2, containing 0.28 acre.
Sec. 34, lot 4, containing 0.42 acre.
T. 66 S., R. 31 E.,
Sec. 20, lot 1, containing 0.68 acre.
Sec. 21, lot 1, containing 2.00 acres; lot 2, containing 0.10 acre.
Sec. 22, lot 1, containing 2.54 acres.
T. 65 S., R. 32 E.,
Sec. 36, lot 1, containing 7.91 acres.
T. 66 S., R. 32 E.,
Sec. 2, lot 7, containing 0.25 acre.
Sec. 3, lot 1, containing 0.12 acre.
Sec. 8, lot 3, containing 1.07 acres.
Sec. 9, lot 3, containing 1.15 acres; lot 4A, containing 0.70 acre; lot 4B, containing 0.15 acre; lot 4C, containing 0.05 acre; lot 5, containing 0.17 acre.
Sec. 10, lot 6, containing 0.06 acre; lot 7, containing 0.06 acre; lot 8, containing 0.10 acre; lot 9, containing 0.19 acre.
Sec. 22, lot 3, containing 0.74 acre.
Sec. 23, lot 2, containing 0.87 acre.
T. 65 S., R. 33 E.,
Sec. 26, lot 4, containing 0.44 acre; lot 5, containing 1.07 acres.
Sec. 31, lot 5, containing 0.16 acre.
Sec. 32, lot 2, containing 0.11 acre.
Sec. 33, lot 3, containing 0.32 acre.
Sec. 35, lot 3, containing 0.13 acre.
T. 65 S., R. 34 E.,
Sec. 20, lot 6, containing 1.35 acres.
T. 60 S., R. 39 E.,
Sec. 2, lot 1, containing 0.40 acre.

The plats of survey represent the survey of islands and keys within the Florida Key area which have not been included in any original plats of survey of the above-mentioned townships approved June 30, 1874, except the original survey of T. 60 S., R. 39 E., approved February 1, 1875, and T. 65 S., R. 29 E., approved January 21, 1874. T. 65 S., R. 32 E. has not heretofore been surveyed.

Available information indicates that the islands and keys are of two general types. Approximately half are of coral sand overlying a base coral formation and the other half are of solid coral with little or no appreciable soil coverage. Vegetation on the islands varies with the individual island, ranging from being completely bare to a dense tropical growth. The islands are stable in position and are from one to eight feet above mean high tide. They are situated offshore of the major keys at a distances from 100 feet to one-half mile. Access to all but one is only by boat, all being surrounded by navigable waters.

Lot 6 sec. 5, T. 66 S., R. 29 E., lot 2 sec. 36, T. 65 S., R. 29 E. and lot 2 sec. 6, T. 66 S., R. 30 E. were withdrawn by Executive Order No. 7993 on October 27, 1938, for the Great White Heron National Wildlife Refuge.

No application for the remaining lands may be allowed under the small tract laws unless the lands have already been classified as valuable or suitable for such application, or shall be so classified upon consideration of an application.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Bureau of Land Management, Washington 25, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257, of that title.

Inquiries concerning these lands shall be addressed to the Supervisor, Eastern States Office, Bureau of Land Management, Department of the Interior, Washington 25, D. C.

For the Supervisor.

W. O. HANCOCK,
Chief, Lands Unit,
Adjudication Section.

[F. R. Doc. 55-3771; Filed, May 10, 1955; 8:46 a. m.]

WASHINGTON

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS; CORRECTION

MAY 3, 1955.

In Federal Register Document 55-3450, April 28, 1955, at page 2875, the description of the land involved is corrected as follows: The township now reading as Township 28 North, should read as Township 38 North.

J. M. HONEYWELL,
State Supervisor.

[F. R. Doc. 55-3770; Filed, May 10, 1955; 8:46 a. m.]

CALIFORNIA

SMALL TRACT CLASSIFICATION ORDER

1. Pursuant to authority delegated to me by the California State Supervisor, Bureau of Land Management, under Part II, Document 4, California State Office, dated November 19, 1954 (19 F. R. 7697), I hereby classify under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, the public lands described below, for lease and sale for homesite purposes only:

SMALL TRACT CLASSIFICATION ORDER CALIFORNIA NO. 456

MT. DIABLO MERIDIAN

T. 26 S., R. 32 E., Kern County, California,
Sec. 12, S½SW¼, N½SE¼, SW¼SE¼;
Sec. 13, E½NW¼, W½NE¼, SE¼NE¼.

The lands comprise 160 small tracts and contain approximately 400 acres.

2. Classification of the above-described lands by this order segregates them from all forms of appropriation, including locations under the mining laws, except as to applications under the Small Tract Act and applications under the mineral leasing laws.

3. The lands are located on the crest of a rolling ridge, approximately four miles west of the small settlement of Isabella, and three miles west of the Isabella reservoir. The topography is gently to steeply rolling, with a generally southwesterly aspect. A gravelled county road passes east and west through the south half of Section 12. The only source of domestic water is a trough located just south of the road in the NE¼SE¼, Section 12, which is fed by a spring. There are no existing electric power facilities on or near the land. A school, various small stores, and other limited public facilities are available in several small communities in the Kern River Valley, east of the land. The tracts classified are not known to command a view of the Isabella reservoir. The native vegetation consists of brush and more or less open woodland, with digger pine, live oak and sagebrush predominating. The climate is hot and dry during the summer months, and warm during the winter.

4. No leases on the lands described in this order shall be issued until conflicting applications under the public land laws, and mineral claims under the mining laws, shall have been disposed of in accordance with established procedures.

5. The lands will be leased and sold in square tracts of 2½ acres each, being approximately 330 x 330 feet in size, and described as aliquot parts of the section. The tracts will be subject to all existing rights-of-way, and to rights-of-way not exceeding 33 feet in width on or as near as practicable to the boundary thereof for access road purposes and public utilities. Such rights-of-way may be utilized by the Federal Government, or the State, County or municipality in which the tract is located, or by any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to issuance of patent. If not so located, they may be subject to location after patent is issued.

6. Subject to the provisions of paragraph 4 above, this order will become effective upon the date of signature as to applications filed prior to 11:30 a. m., local time, California, on April 28, 1955, provided such applications are made to conform to the provisions of this order as to size of tract and type of use.

7. This order shall not otherwise become effective to change the status of such lands until 10:00 a. m., local time, California, on the 35th day following the date of the order, which date shall be June 7, 1955. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to applications under the Small Tract Act as follows:

(a) For a period of 91 days, commencing at the hour and on the date specified above, and extending to 10:00 a. m., local time, California, on September 6, 1955, the public lands affected by this order shall be subject to application by qualified veterans of World War II and the Korean Conflict. All applications filed under this paragraph either on or before 10:00 a. m., local time, California, on June 7, 1955, shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m., local time, California on June 7, 1955, shall be considered in the order of filing.

(b) Commencing at 10:00 a. m., local time, California, on the 126th day after the date of this order, which date shall be September 6, 1955, any lands remaining shall become subject to application under the Small Tract Act by the public generally. All such applications filed either on or before 10:00 a. m., local time California, on the 126th day, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

8. A veteran shall accompany his application with a complete photostat, or other copy, (both sides) of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in 43 CFR 181.36, or constitute evidence of any facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference right through settlement or otherwise and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

9. (a) Leases will issue to qualified applicants for a term of 3 years, at an annual rental of $5.00 per tract, payable in advance for the entire period of lease.

(b) Leases will contain an option to purchase at the appraised price of $150 per tract. Application to purchase may be filed at any time during the life of the lease, provided the terms and conditions of the lease have been complied with, and improvements as specified in paragraph 10 have been completed.

(c) Leases issued under the terms of this order shall not be subject to assignment unless and until improvements as specified in paragraph 10 shall have been made.

(d) Leases will not be renewable unless failure to construct the required improvements during the term of the lease is justified under the circumstances and nonrenewal would work an extreme hardship on the lessee.

10. To qualify for purchase of lands classified by this order, each lessee will be required to construct in a workmanlike manner, a substantial dwelling built of appropriate materials affixed to a permanent foundation, and suitable to year-long use. Such improvements must conform to all health, sanitation and construction requirements of applicable local ordinances, and must, in addition, contain a minimum floor space of 400 square feet. Sale of tracts classified by this order will not be authorized unless adequate disposal and sanitary facilities are installed.

11. The lessees and/or their successors in interest shall comply with all Federal, State, County and municipal laws and ordinances, especially those governing health and sanitation, and failure to do so may be cause for cancellation of the lease in the discretion of the authorized officer of the Bureau of Land Management.

12. All inquiries relating to these lands should be addressed to the Manager, Land Office, Bureau of Land Management, Room 352 New Federal Building, Sacramento, California.

EUGENE L. SCHMIDT,
Officer in Charge,
Northern Field Group, Sacramento.

NEW MEXICO

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

APRIL 25, 1955.

An application, serial number New Mexico 018313, for the withdrawal from all forms of appropriation under the public land laws, including the mining laws but not the mineral-leasing laws, of the lands described below was filed on March 15, 1955, by the United States Department of Agriculture.

The purposes of the proposed withdrawal: Administrative sites.

For a period of thirty days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the State Supervisor, New Mexico, Bureau of Land Management, Department of the Interior at P. O. Box 1251, Santa Fe, New Mexico. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a notice of determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

NEW MEXICO PRINCIPAL MERIDIAN

GILA NATIONAL FOREST

Walnut Creek Administrative Site

T. 17 S., R. 14 W.,
Sec. 10, SW¼NE¼, NW¼, NW¼SE¼.

The areas described aggregate 240 acres.

APACHE NATIONAL FOREST

Reserve Administrative Site

T. 7 S., R. 19 W.,
Sec. 11, lots 8, 9, 16.

The areas described aggregate 109.55 acres.

A. S. BAKER,
Acting State Supervisor.

[Doc. 41]

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The United States Department of Agriculture has filed an application, Serial No. Arizona 08582, for the withdrawal of the lands described below, from all forms of appropriation.

The applicant desires the land for administrative purposes in connection with the construction of and maintenance of public roads within Coconino County.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior.

If circumstances warrant it, a public hearing will be held at a convenient time and place which will be announced.

The determination of the Secretary will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

GILA AND SALT RIVER MERIDIAN

COCONINO NATIONAL FOREST

T. 21 N., R. 7 E.,
Sec. 28: E½NE¼SW¼NW¼, W½NW¼SE¼NW¼, NW¼SW¼SE¼NW¼, NE¼SE¼SW¼NW¼.

Total area: 15 acres more or less.

E. A. TRAGITT,
Acting State Supervisor.

MAY 3, 1955.

[Doc. 42]

ARIZONA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

The Bureau of Public Roads has filed an application, Serial No. Arizona 06110, for the withdrawal of the lands described below, from all forms of appropriation.

The applicant desires the land for road construction materials for use on a portion of Arizona Forest Highway Route 9, Verde Valley—Roosevelt Dam Highway and a portion of Arizona Highway Route 11, Payson-Colcord Mountain Highway.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior.

If circumstances warrant it, a public hearing will be held at a convenient time and place which will be announced.

The determination of the Secretary will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

GILA AND SALT RIVER MERIDIAN

T. 10 N., R. 10 E.,
Sec. 3: W½SW¼NW¼;
Sec. 4: E½SE¼NE¼.

Total area described: 40 acres.

E. A. TRAGITT,
Acting State Supervisor.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 11268-11270; FCC 55-537]

WISCONSIN TELEPHONE CO. AND OHIO BELL TELEPHONE CO.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Wisconsin Telephone Company, Milwaukee, Wisconsin, Docket No. 11268, File No. 5300-F1-P-H; for construction permit for new VHF Public Class III-B coast station; Ohio Bell Telephone Company, Docket No. 11269, File No. 5301-F1-P-H; Ohio Bell Telephone Company, Docket No. 11270, File No. 5745-F1-P-H; for construction permits for new VHF Public Class III-B coast stations at Cleveland, Ohio and Toledo, Ohio.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 4th day of May 1955;

The Commission having under consideration petitions to enlarge issues in the hearings on the above-entitled applications filed on March 11, 1955 by Lorain County Radio Corporation, oppositions to said petitions filed on March 31, 1955 by Wisconsin Telephone Company and on March 31, 1955 by The Ohio Bell Telephone Company, replies to said petitions filed on March 22, 1955 by the Chiefs of the Commission's Common Carrier Bureau and Safety and Special Radio Services Bureau, and reply to oppositions filed on April 7, 1955 by Lorain County Radio Corporation;

It appearing that by orders of February 10, 1955 the Commission designated for hearing on issues specified therein the above-entitled applications and named Lorain County Radio Corporation as a party respondent in each of these proceedings and Michigan Bell Telephone Company a party respondent in the proceeding on the application of the Ohio Bell Telephone Company for construction permit for new VHF Public Class III-B coast station at Toledo, Ohio and on this same date granted the applications of Michigan Bell Telephone Company for new VHF Public Class III-B coast stations at Hancock, Port Huron, Escanaba, East Tawas, and Marquette, Michigan and the application of Wisconsin Telephone Company for a new VHF Public Class III-B coast station at Green Bay (Glenlore), Wisconsin; and

It further appearing that on March 11, 1955 Loraine County Radio Corporation and Central Radio Telegraph Company filed protests to the said grants under the provisions of section 309 (c) of the Communications Act of 1934, as amended; and that the petition herein of Lorain County Radio Corporation incorporates by reference its said protest and requests that any issues which may be set for hearing as a result of this protest be added as issues in the hearings on the above-entitled applications; and

It further appearing that by order of April 27, 1955, the Commission granted the said protests of Loraine County Radio Corporation and Central Radio Telegraph Company, postponed the effective dates of the protested grants, designated the applications involved for hearing in a consolidated proceeding and named Lorain County Radio Corporation, Central Radio Telegraph Company, the Chief, Common Carrier Bureau and the Chief, Safety and Special Radio Services Bureau parties to the proceedings; and

It further appearing that the matters in issue in the said consolidated proceeding directly affect the determinations to be made in the hearings on the above-entitled applications and therefore the hearings on these applications should be consolidated with the protest hearing and the issues amended to include all issues therein;

It is ordered, That the said petition of Lorain County Radio Corporation is granted, and that the hearings on the above-entitled applications are consolidated with the hearing in Dockets Nos. 11375, 11376, 11377, 11378, 11379 and 11380; and

It is further ordered, That the issues previously specified in the orders designating the above-entitled applications for hearing are deleted and the following issues substituted therefor:

1. To determine the facts with respect to the proposed facilities, personnel, rates, regulations, practices and services of each applicant.

2. To determine the nature and amount of traffic to be handled by each of the proposed stations, and from what sources such traffic will be derived.

3. To determine the amount of revenues to be received by each of the proposed stations; the costs to each applicant for constructing and operating each proposed station, and the net operating revenues, if any, therefrom.

4. To determine the full scope and extent of the "coordinated move" by the Bell companies on the Great Lakes; namely, to determine Bell's complete plans with respect to applications for other and additional stations on the Great Lakes, and the reasons therefor.

5. To determine whether the existing public radio maritime service on the Great Lakes is adequate to serve the present and reasonably foreseeable future public need therefor.

6. To determine the full effect of the proposed service on the MF-HF-VHF service furnished by existing stations on the Great Lakes and upon the companies furnishing such service.

7. To determine whether the rates, charges, classifications, practices and regulations proposed to be made effective by the applicants for the instant service will result in the establishment of rates and charges which are compensatory to such applicants for such service.

8. If the answer to issue 7 is in the negative, to determine whether the establishment by the applicants of non-compensatory rates and charges for such service will result in unfair competition to Lorain County Radio Corporation or Central Radio Telegraph Company.

9. To determine whether the provisions of Section 314 of the Communications Act of 1934, as amended, are applicable to the instant mobile service.

10. If the answer to issue 9 is in the affirmative, to determine whether a grant of the instant applications will have the purpose or effect which may be to substantially lessen competition or to restrain commerce between any place in any state, territory, or possession of the United States, or in the District of Columbia, and any place in any foreign country, or unlawfully to create monopoly in any line of commerce.

11. To determine whether the establishment of the proposed facilities will result in public benefit or advantage, and if so, the nature and extent of such benefit or advantage.

12. To determine the areas to be served by the stations proposed in the above-entitled applications, the areas served by Stations KSA740, KQA-761, KQB668, and KQB666 respectively, and the extent to which duplication of service may result from the establishment of the proposed stations.

13. To determine the need for such duplication of service, if any, as may be shown under Issue 12.

14. To determine, in the light of the provisions of § 7.308 (c) of the Commission's rules, whether the extent of the mutual interference which might occur from the use of the frequency 161.9 Mc by the proposed stations, as well as by Stations KSA740, KQA761, KQB668, and KQB666, respectively, would be such as to justify the assignment of the frequency 162.0 Mc, respectively to the proposed stations.

15. To determine, in the light of the evidence adduced on all the foregoing issues, whether the public interest, convenience or necessity will be served by a grant of any or all of the above-entitled applications.

It is further ordered, That, the burden of proof on issues 1, 2, 3, 4, 7, 11, 12, 13, 14, and 15 is placed upon the respective applicants and the burden of proceeding with the introduction of evidence on issues 5, 6, 8, 9, and 10 is placed upon Lorain County Radio Corporation and Central Radio Telegraph Company;

It is further ordered, That Lorain County Radio Corporation, Central Radio Telegraph Company, the Chief, Common Carrier Bureau, and the Chief, Safety and Special Radio Services Bureau are made parties to the proceeding herein.

It is further ordered, That, if not previously filed, the parties desiring to participate herein shall file their appearances not later than May 13, 1955.

Released: May 6, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[Docket No. 11382]

SOUTHWESTERN BELL TELEPHONE CO. AND DERBY TELEPHONE CO., INC.

ORDER ASSIGNING MATTER FOR PUBLIC HEARING

In the matter of the application of Southwestern Bell Telephone Company, Docket No. 11382, File No. P-C-3549; for a certificate under section 221 (a) of the Communications Act of 1934, as amended, to acquire certain telephone plant and properties of Derby Telephone Company, Inc., Derby, Kansas.

The Commission having under consideration an application filed by Southwestern Bell Telephone Company for a certificate under section 221 (a) of the Communications Act of 1934, as amended, that the proposed acquisition by it of certain telephone plant and properties of Derby Telephone Company, Inc. furnishing telephone service in and around Derby, Kansas, will be of advantage to the persons to whom service is to be rendered and in the public interest;

It is ordered, This 4th day of May 1955, that pursuant to the provisions of section 221 (a) of the Communications Act of 1934, as amended, the above application is assigned for public hearing for the purpose of determining whether the proposed acquisition will be of advantage to the persons to whom service is to be rendered and in the public interest;

It is further ordered, That the hearing upon said application be held at the offices of the Commission in Washington, D. C., beginning at 10:00 a. m. on the 21st day of June 1955, and that a copy of this order shall be served upon Derby Telephone Company, Inc., the Governor of Kansas, Kansas State Corporation Commission, and the Postmaster of Derby, Kansas;

It is further ordered, That within ten days after the receipt from the Commission of a copy of this order, the applicant herein shall cause a copy hereof to be published in a newspaper or newspapers having general circulation in Derby and Sedgwick County, Kansas, and shall furnish proof of such publication at the hearing herein.

Released: May 6, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3815; Filed, May 10, 1955; 8:54 a. m.]

[Docket No. 11383; FCC 55-526]

PARAMOUNT TELEVISION PRODUCTIONS, INC.

ORDER DESIGNATING MATTER FOR HEARING

In the matter of Paramount Television Production, Inc., Licensee of Station KTLA-TV & Auxiliaries, Los Angeles, California, Docket No. 11383; order to show cause why an order to cease and desist should not be issued against Paramount Television Productions, Inc., Licensee of Station KTLA-TV & Auxiliaries.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 4th day of May 1955;

The Commission having under consideration the matter of a television program called "Play Marco" presently being broadcast by Station KTLA-TV; and

It appearing that the licensee has been, and now is permitting the use of its station facilities for the broadcast of "Play Marco," which is a scheme offering prizes dependent in whole or in part upon lot or chance for a consideration; and

It further appearing that the broadcast of "Play Marco" is in violation of Title 18, U. S. Criminal Code, section 1304 and § 3.656 of the Commission's rules governing lotteries and give-away program.

It is ordered, Pursuant to the provision of section 312 (c) of the Communications Act of 1934, as amended, that the said Paramount Television Productions, Inc., show cause why an order should not be issued commanding it to cease and desist from broadcasting the "Play Marco" program in violation of Title 18, U. S. Criminal Code, Section 1304, and § 3.656 of the Commission's rules, and appear and give evidence with respect to this issue at a hearing[1] to be held before this Commission at Washington, D. C., at a time and date to be specified by the Chief Hearing Examiner; and

It is further ordered, That the Secretary send a copy of this order to the licensee by Registered Mail—Return Receipt Requested.

[1] Section 1.402 of the Commission's rules provides that in order to have the opportunity to appear before the Commission at the time and place specified in an order to show cause, a licensee shall within thirty (30) days from the date of the receipt of a show cause order submit a written statement informing the Commission whether said licensee will appear at the designated hearing and present evidence upon the matters specified, or whether the rights to such a hearing are waived. Waiver of the hearing may be accompanied by a statement setting forth the reasons why the licensee believes that an order of revocation should not be issued. A waiver unaccompanied by such a statement will be deemed to be an admission of the allegations specified in the order to show cause. Failure to respond to a show cause order within the above-mentioned thirty (30) day period, or, having informed the Commission in writing within the above-mentioned thirty (30) day period that the licensee will appear at the hearing and present evidence upon the matter specified and then failing to appear at the hearing, will be deemed to be a waiver of the right to a hearing and an admission of the allegations specified in the order to show cause.

Released: May 5, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3816; Filed, May 10, 1955; 8:54 a. m.]

[Docket No. 11384; FCC 55-527]

WGNS, INC.

ORDER TO SHOW CAUSE

In the matter of WGNS, Incorporated, Murfreesboro, Tennessee, Docket No. 11384; order to show cause why the license of AM Radio Station WGNS should not be revoked.

There being under consideration the matter of a certain alleged violation of the cease and desist order issued by the Commission on the 25th day of March 1953 (FCC 53-327) in connection with the operation of AM Radio Station WGNS, licensed to WGNS, Incorporated, Murfreesboro, Tennessee.

It appearing that a certified copy of the cease and desist order issued by the Commission on the 25th day of March 1953, was sent to the licensee, WGNS, Incorporated, Murfreesboro, Tennessee, by Registered U. S. Mail on or about March 31, 1953, and received by said WGNS, Incorporated on April 2, 1953; and that said order stated, among other things:

It is ordered, Pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that WGNS, Inc., be and it is hereby commanded to cease and desist from • • • violating § 3.181 of the Commission's rules by failing to keep the required operating and program logs • • •

It further appearing that, despite the issuance of said cease and desist order, said licensee on January 31, 1955, and again on February 3, 1955, allowed Station WGNS to be operated in violation of § 3.181 of the Commission's rules in that on January 31, 1955, at 2:37 p. m. the last entry in the station operating log was made at 1:00 p. m. and on February 3, 1955, at 11:40 a. m. the last entry in said log was made at 11:00 a. m.

It further appearing that on the same dates, supra, that WGNS, Incorporated, licensee of Station WGNS, Murfreesboro, Tennessee, allowed its station to be operated with power calculated by the indirect method of 269 watts in violation of § 3.57 of the Commission's rules and failed to post the authority granted by the Commission on January 17, 1955, authorizing indirect measurement of power as required by § 3.164.

It is ordered, This 4th day of May 1955, pursuant to the provisions of section 312 (a) of the Communications Act of 1934, as amended, that the said licensee, WGNS, Incorporated, Murfreesboro, Tennessee, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing[1] to be held before this Commission at Washington, D. C., on the 13th day of June, 1955.

It is further ordered, That the Secretary send a copy of this order by Registered Mail—Return Receipt Requested to the said WGNS, Incorporated, Murfreesboro, Tennessee.

Released: May, 5, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3817; Filed, May 10, 1955; 8:54 a. m.]

[1] Section 1.402 of the Commission's rules provides that in order to have the opportunity to appear before the Commission at the time and place specified in the order to show cause, the licensee shall within thirty (30) days from the date of the receipt of this order submit a written statement informing the Commission whether said licensee will appear at this hearing and present evidence upon the matter specified, or whether the rights to such a hearing are waived. Waiver of the hearing may be accompanied by a statement setting forth the reasons why the licensee believes that an order of revocation should not be issued. A waiver unaccompanied by such a statement will be deemed to be an admission of the allegations specified in the order to show cause. Failure to respond to this order within the above-mentioned thirty (30) day period or failure to appear at the hearing will be deemed to be a waiver of the right to a hearing and an admission of the allegations specified in the order to show cause.

[Docket No. 11385, 11386; FCC 55-528]

AMERICAN TELEVISION CO., INC., AND SOUTHWESTERN PUBLISHING CO.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of American Television Company, Inc. (assignor) and Southwestern Publishing Company (assignee), Docket No. 11385, File No. BAPCT-136; for assignment of construction permit for Station KNAC-TV Fort Smith, Arkansas; American Television Company, Inc., Docket No. 11386, File No. BMPCT-2757; for extension of time to complete construction of Station KNAC-TV Fort Smith, Arkansas.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 4th day of May 1955;

The Commission having under consideration the above-entitled applications to assign the construction permit for and extension of time to complete construction of Station KNAC-TV, Channel 5, Fort Smith, Arkansas; and

It appearing, that the Commission on February 16, 1955, forwarded a notice to the applicants apprising them, pursuant to section 309 (b) of the Communications Act of 1934, as amended, of all objections to the above applications, particularly with respect to the amount of consideration to be received for the assignment of the construction permit; that the Commission was unable to determine that a grant of the said applications would be in the public interest; and that the applicants were afforded an opportunity to reply to the Commission's letter; and

It further appearing, that upon due consideration of the above-entitled applications, the Commission's letter of February 16, 1955, and the applicants' reply thereto filed March 22, 1955, the Commission finds that the above-entitled applicants are legally, technically and financially qualified except as to the matters specified in Issues 1 and 2 below;

It is ordered, That, pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-entitled applications are designated for hearing at the offices of the Commission in Washington, D. C., at a time and date to be specified by the Chief Hearing Examiner, upon the following issues:

1. To determine whether, in light of the consideration to be received by American Television Company, Inc., H. S. Nakdimen and George T. Hernreich from Southwestern Publishing Company for the assignment of the permit for Station KNAC-TV and the agreement of of said individuals not to re-enter the broadcasting field, the above-entitled applications involve "trafficking" in a construction permit, contrary to the public interest.

2. To determine whether, on the basis of the evidence adduced with respect to Issue 1 above, a grant of the above-entitled applications would serve the public interest, convenience and necessity.

Released: May 6, 1955.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 55-3818; Filed, May 10, 1955; 8:54 a. m.]

[Docket No. 11227; FCC 55M-399]

CITY OF NEW YORK MUNICIPAL BROADCASTING SYSTEM (WNYC) AND MIDWEST RADIO-TELEVISION INC. (WCCO)

ORDER CONTINUING HEARING

In re application of City of New York Municipal Broadcasting System (WNYC) New York, New York, for special service authorization to operate additional hours from 6:00 a. m., e. s. t., to sunrise New York City and from sunset Minneapolis, Minnesota to 10:00 p. m., e. s. t.; in repetition of Midwest Radio-Television, Inc. (WCCO) Minneapolis, Minnesota, to cancel SSA and deny or withhold action on application for extension of SSA without hearing: and, in any event, to hold any hearing on limited, noncomparative issues; Docket No. 11227; File No. BSSA-266.

The Hearing Examiner having under consideration a joint petition filed on April 29, 1955, by City of New York Municipal Broadcasting System (WNYC) and Midwest Radio-Television, Inc. (WCCO), requesting that the hearing in the above-entitled proceeding presently scheduled for May 23, 1955, be continued until September 7, 1955;

It appearing, that extensive preparations for the hearing by both petitioners are under way, but that, in spite of numerous meetings and discussions with each other in order to expedite presentation of their respective cases, it will not be possible to be ready for actual hearing by the presently scheduled date;

It further appearing, it has been agreed that:

(a) On May 23, 1955, WNYC and WCCO will exchange with each other, and will furnish the Hearing Examiner and all other parties, their respective proposed exhibits on the engineering issues;

(b) On June 23, 1955, WNYC will furnish to all other parties and the Hearing Examiner, its proposed exhibits on the non-engineering issues; and

(c) On July 23, 1955, WCCO will furnish to all other parties and the Hearing Examiner, its proposed exhibits on the non-engineering issues;

It further appearing, that all other counsel in the proceeding have informally agreed to a waiver of the so-called "four-day" rule and to an immediate consideration and grant of the instant petition;

It is ordered, This 3d day of May 1955, that the agreement for exchange of exhibits, as hereinabove set forth, is approved and the joint petition be and it is hereby granted; and that the hearing in the above-entitled proceeding be and it is hereby continued to September 7, 1955, at 10 o'clock a. m., in Washington, D. C.

[Docket No. 11290; FCC 55M-400]

IOWA STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS (WOI)

ORDER CONTINUING HEARING

In re application of Iowa State College of Agriculture and Mechanic Arts (WOI) Ames, Iowa, Docket No. 11290, File No. BSSA-276; for special service authorization to operate additional hours from 6:00 a. m. to local sunrise CST with 1 kw.

The Hearing Examiner having under consideration a request for clarification of the procedural schedule heretofore set forth in an order dated March 17, 1955:

It appearing that an informal conference was held on the morning of May 4, at which the procedure to be followed in this case was discussed; and

It further appearing that a substantial amount of the respective direct cases of the parties will be submitted in written form, consisting of (a) affidavits which a party proposes to introduce in evidence without calling the identifying witness, and (b) exhibits which will be introduced through a witness; and

It further appearing that the parties will exchange all such written evidence which is part of their direct and affirmative cases on May 31, 1955, for the purpose of permitting other parties to examine it prior to the actual hearing; and

It further appearing that all such written evidence will be offered at a hearing session on June 7, 1955, excepting only such exhibits as will thereafter be identified by witnesses;

It is ordered, This 4th day of May 1955, that the date for the commencement of hearing is continued from May 31 to June 7, 1955, at 10:00 a. m. in Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[Notice 59]

MOTOR CARRIER APPLICATIONS

MAY 6, 1955.

Protests, consisting of an original and two copies, to the granting of an application must be filed with the Commission within 30 days from the date of publication of this notice in the FEDERAL REGISTER and a copy of such protest served on the applicant. Each protest must clearly state the name and street number, city and state address of each protestant on behalf of whom the protest is filed (49 CFR 1.240 and 1.241). Failure to seasonably file a protest will be construed as a waiver of opposition and participation in the proceeding unless an oral hearing is held. In addition to other requirements of Rule 40 of the general rules of practice of the Commission (49 CFR 1.40), protests shall include a request for a public hearing, if one is desired, and shall specify with particularity the facts, matters and things, relied upon, but shall not include issues or allegations phrased generally. Protests containing general allegations may be rejected. Requests for an oral hearing must be supported by an explanation as to why the evidence cannot be submitted in the form of affidavits. Any interested person, not a protestant, desiring to receive notice of the time and place of any hearing, prehearing conference, taking of depositions, or other proceedings shall notify the Commission by letter or telegram within 30 days from the date of publication of this notice in the FEDERAL REGISTER.

Except when circumstances require immediate action, an application for approval, under section 210a (b) of the act, of the temporary operation of motor carrier properties sought to be acquired in an application under section 5 (a) will not be disposed of sooner than 10 days from the date of publication of this notice in the FEDERAL REGISTER. If a protest is received prior to action being taken, it will be considered.

APPLICATIONS OF MOTOR CARRIERS OF PROPERTY

No. MC 252 Sub 5, filed April 25, 1955, MANNING FREIGHT LINES, INC., Post Office Box 1551, Yakima, Wash. Applicant's attorney: James T. Johnson, Central Building, Seattle 4, Wash. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, except commodities of unusual value, class A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, between Portland, Oreg., and the junction of U. S. Highway 830 and The Dalles Bridge (known as The Dalles Dam), near North Dalles, Wash., from Portland, Oreg., over U. S. Highway 30 to The Dalles Bridge, near Seufert, Oreg., and thence over said bridge to junction U. S. Highway 830, and return over the same route, serving no intermediate points, and serving the junction of U. S. Highway 830 and The Dalles Bridge for joinder purpose only, as an alternate route, in connection with the carrier's regular route operation between Portland, Oreg., and Yakima, Wash. Applicant is authorized to conduct operations in Oregon and Washington.

No. MC 263 Sub 73, filed May 2, 1955, GARRETT FREIGHTLINES, INC., 2055 Pole Line Road, Pocatello, Idaho. Applicant's attorney: Maurice H. Greene, P. O. Box 1554, Boise, Idaho. For authority to operate as a common carrier, over a regular route, transporting: *General commodities, including Class A and B explosives*, but excluding commodities of unusual value, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, between Henderson, Nev., and Las Vegas, Nev., over U. S. Highway 95, serving all intermediate points. Applicant is authorized to conduct operations in California, Idaho, Montana, Nevada, New Mexico, Oregon and Utah.

No. MC 623 Sub 11, filed April 13, 1955. H. MESSICK, INC., P. O. Box 214, Duquesne Rd., Joplin, Mo. Applicant's attorney: Stanley P. Clay, 209 First National Bank Building, P. O. Box 578, Joplin, Mo. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Blasting supplies, blasting materials*, and *blasting agents*, (1) from the plant site of the Hercules Powder Company, located approximately 5 miles southwest of Carthage, Mo., and the plant site of the Hercules Powder Company, located approximately 2 miles west of Webb City, Mo., to Collinsville, Ill., Hobbs and Tatum, N. Mex., and points in Arkansas, Kansas, Missouri, Oklahoma, Texas, Iowa, Nebraska, and Louisiana, and (2) from points in Jasper County, Mo., to points in Illinois, Michigan, Wisconsin, Minnesota, North Dakota, South Dakota, and Montana. Applicant is authorized to conduct operations in Montana, Illinois, New Mexico, Arkansas, Kansas, Missouri, Oklahoma, Texas, Iowa, Nebraska, Louisiana, Michigan, Wisconsin, Minnesota, North Dakota, and South Dakota.

No. MC 906 Sub 41, filed April 5, 1955. CONSOLIDATED FORWARDING CO., INC., 1300 No. 10th Street, St. Louis, Mo. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between junction U. S. Highways 71 and 160, near Lamar, Mo., and junction U. S. Highways 69 and 160, over U. S. Highway 160, serving no intermediate points, as an alternate or connecting route for operating convenience only, in connection with regular route operations (a) between Kansas City, Mo., and junction U. S. Highways 69 and 66, north of Commerce, Okla., and (b) between Joplin, Mo., and Kansas City, Mo. Applicant is authorized to conduct operations in Illinois, Indiana, Kansas, Kentucky, Missouri, Ohio, Oklahoma, Texas, and Wisconsin.

No. MC 954 Sub 47, filed April 22, 1955, MID-STATES FREIGHT LINES, INC., 5200 S. Pulaski Road, Chicago, Ill. Applicant's attorney: Lee Reeder, Suite 1010, 1012 Baltimore Ave., Kansas City 5, Mo. For authority to operate as a common carrier, serving Cumberland, Md. as an off-route point in connection with carrier's regular route operations between Chicago, Ill. and Boston, Mass., as described in Certificate No. MC 954, dated March 30 ,1949, wherein applicant is authorized to transport *general commodities*, except Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, from Chicago over U. S. Highway 41 to junction Indiana Highway 8, thence over Indiana Highway 8 to junction Indiana Highway 53, thence over Indiana Highway 53 to Remington, Ind., thence over U. S. Highway 24 to Wolcott, Ind., thence over Indiana Highway 53 to Montmorenci, Ind., thence over U. S. Highway 52 to Indianapolis, Ind., thence over U. S. Highway 40 to Cambridge, Ohio, thence over U. S. Highway 22 to Harrisburg, Pa., thence over U. S. Highway 230 to Lancaster, Pa., thence over U. S. Highway 30 to Philadelphia, Pa., thence over U. S. Highway 1 to Boston, and return over the same route. Service is authorized to and from the intermediate points in Indiana, Pittsburgh and Philadelphia, Pa., New Haven, Conn., and Providence, R. I., and the off-route points of Kentland, Mulberry, and Crawfordsville, Ind., Dayton, Ohio, and Aliquippa, East Liberty, McKeesport, Charleroi, and Johnstown, Pa., unrestricted, and to and from points within one and one-half miles of North Wales, Pa., except with respect to shipments originating at or destined to points in Maryland, New York, New Jersey, Delaware and the District of Columbia; and from Chicago to Harrisburg, Pa., as specified above, thence over U. S. Highway 22 to Newark, N. J., for operating convenience only, thence as specified above to Boston, and return over the same route. Service is not authorized to or from Harrisburg, Pa., or intermediate points between Harrisburg, Pa. and Newark, N. J. Applicant is authorized to conduct operations in Connecticut, Illinois, Indiana, Iowa, Kansas, Massachusetts, Missouri, New Jersey, New York, Ohio, and Pennsylvania.

No. MC 981 Sub 14, filed March 30, 1955, THE SAWYER LINES, INC., 114 East Court Ave., Winterset, Iowa. Applicant's attorney: Stephen Robinson, 1020 Savings & Loan Bldg., Des Moines 9, Iowa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Fly spray* and *mange oil*, in cans and drums, *empty bags* and *empty sacks*, such as paper, cloth, and burlap, and *advertising material* used solely in connection with the sale and distribution of (a) animal feed and poultry feed and (b) fly spray and mange oil, from Burlington, Wis., to points in Keith, Perkins, Chase, Dundy, Logan, Lincoln, Hayes, Hitchcock, Frontier, Redwillows, Custer, Dawson, Gosper, Furnas, Valley, Sherman, Buffalo, Kearney, Phelps, Harlan, Webster, Adams, Hall, Greeley, Knox, Cedar, Dixon, Antelope, Wayne, Thurston, Madison, Stanton, Cuming, Boone, Burt, Nance, Platte, Colfax, Dodge, Washington, Polk, Hamilton, Clay, Nuckolls, Pierce, Merrick, Dakota, Franklin, Howard, Thayer, Fillmore, York, Butler, Seward, Saline, Jefferson, Gage, Lancaster, Saunders, Douglas, Sarpy, Cass, Otoe, Johnson, Nemaha, Richardson, and Pawnee Counties, Nebr., those in that part of Iowa on and west of U. S. Highway 65 and on and south of U. S. Highway 30, and those in that part of Missouri on and west of U. S. Highway 65 and on and north of U. S. Highway 36, and *empty containers or other such incidental facilities* (not specified) used in transporting the above-specified commodities on return.

NOTE: Applicant states the above-described commodities are to be transported at the same time and in the same vehicle in which the applicant herein transports animal feed and poultry feed, which it is now authorized to transport in Certificate No. MC 981, dated December 2, 1953, from Burlington, Wis., to the same territory covered by the instant application.

No. MC 1313 Sub 6, filed April 25, 1955, RIDGELY TRANSPORT, a corporation, doing business as PIONEER-RIDGELY FREIGHT LINES, 1509 Bent Avenue, Cheyenne, Wyo. Applicant's attorney: Louis A. Mankus, 410 Bell Building, Cheyenne, Wyo. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except those of unusual value, and except Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, (1) between Denver, Colo., and Scottsbluff, Nebr., from Denver over U. S. Highway 6 to Sterling, Colo., thence over U. S. Highway 138 to junction Colorado Highway 113, thence over Colorado Highway 113 to the Colorado-Nebraska State line, thence over Nebraska Highway 19 to junction U. S. Highway 26, thence over U. S. Highway 26 to Scottsbluff, and return over the same route, serving no intermediate points, as an alternate or connecting route, for operating convenience only, in

connection with carrier's regular route operations between Denver, Colo., and Cheyenne, Wyo., over U. S. Highways 85 and 87, respectively, between Scottsbluff, Nebr., and Cheyenne, Wyo., and the applied-for alternate or connecting routes between Cheyenne, Wyo., and junction U. S. Highway 30 and Nebraska Highway 19 near Sidney, Nebr., and between Kimball, Nebr., and Scottsbluff, Nebr., (2) between Cheyenne, Wyo., and junction U. S. Highway 30 and Nebraska Highway 19 near Sidney, Nebr., over U. S. Highway 30, serving no intermediate points, as an alternate or connecting route, for operating convenience only, in connection with carrier's regular route operations between Denver, Colo., and Cheyenne, Wyo., over U. S. Highways 85 and 87, respectively, between Scottsbluff, Nebr., and Cheyenne, Wyo., and the applied-for alternate or connecting routes between Denver, Colo., and Kimball and Scottsbluff, Nebr., and (3) between Kimball, Nebr., and Scottsbluff, Nebr., over Nebraska Highway 29, serving no intermediate points, for operating convenience only, as an alternate or connecting route, in connection with carrier's regular route operations between Scottsbluff, Nebr., and Cheyenne, Wyo., and the applied-for alternate or connecting routes between Denver, Colo., and Scottsbluff, Nebr., and between Cheyenne, Wyo., and junction U. S. Highway 30 and Nebraska Highway 19, near Sidney, Nebr. Applicant is authorized to conduct operations in Colorado, Nebraska and Wyoming.

No. MC 1477 Sub 3, filed April 26, 1955, YORKOFF TRUCKING CORP., 180 Erie Street, Jersey City, N. J. Applicant's attorney: Bernard F. Flynn, Jr., Industrial Building, 1060 Broad Street, Newark 2, N. J. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Edible animal oils*, and *edible vegetable oils*, in bulk, in tank vehicles, from Newark, N. J., to Richmond, Va.

No. MC 2392 Sub 13, filed April 21, 1955 (Amended) published page 3001 issue of May 4, 1955, WHEELER TRANSPORT SERVICE, INC., Genoa, Nebr. Applicant's attorney: Einar Viren, 904 City National Bank Bldg., Omaha 2, Nebr. For authority to operate as a *common carrier*, over irregular routes, transporting: *Liquid fertilizers and liquid mixed fertilizers*, in bulk, in tank vehicles, and *dry fertilizers*, in packages and in bulk in appropriate equipment, from Omaha, Nebr.; to points in Iowa and South Dakota; *empty containers or other such incidental facilities* (not specified) used in transporting the commodities specified in this application on return.

No. MC 4405 Sub 263, filed March 21, 1955 (amended), DEALER'S TRANSPORT COMPANY, a corporation, 12933 S. Stony Island Ave., Chicago 33, Ill. Applicant's attorney: Glenn W. Stephens, 121 West Doty St., Madison 3, Wis. For authority to operate as a *common carrier*, over irregular routes, transporting: (1) *Trailers, trailer chassis, semi-trailers*, and *semi-trailer chassis*, in initial movements, from the site of new Utility Trailer Manufacturing Company plant on Chestnut Street between Puente Road and Rowland Street, approximately two and one half miles South and East of the intersection of Valley Boulevard, Glendora Avenue (State Highway 39), and Main Street in the unincorporated community of Puente, Los Angeles County, Calif., in (a) both truckaway and driveaway service, to points in California, Colorado, Idaho, Missouri, Montana, New Mexico, Oklahoma, Texas, Utah, Washington, and Wyoming, and (b) truckaway service only, to points in Arizona, Nevada, and Oregon, and (2) *trailer bodies*, assembled and/or knocked down, from the site of new Utility Trailer Manufacturing Company plant, as specified under (1) above, to points in Arizona, California, Colorado, Idaho, Missouri, Montana, Nevada, New Mexico, Oklahoma, Oregon, Texas, Utah, Washington and Wyoming. The applicant is authorized to conduct operations throughout the United States, including the District of Columbia.

No. MC 7246 Sub 1, MARY PHILLIPS, GEORGE PHILLIPS, AND ANDREW PHILLIPS, doing business as PHILLIPS BROS., 7712 Norbush Avenue, Dundalk, Baltimore 22, Md. For authority to operate as a *contract carrier*, over irregular routes, transporting: *Corrugated shipping containers and solid fibre shipping containers, and interior packing* (such as dividers, liners or similar separators) set up and broken down or folded, from Baltimore, Md., to points in Cumberland, Delaware, Lebanon and Montgomery Counties, Pa., and *refused and returned shipments* of the above-specified commodities on return. Applicant is authorized to conduct operations in Delaware, District of Columbia, Maryland and Pennsylvania.

No. MC 8752 Sub 2, filed April 4, 1955. COLLINS TRANSFER CO., INC., 214 Pearl Street, Sioux City, Iowa. Applicant's attorney: Donald R. Wigton, 1221 Badgerow Building, Sioux City, Iowa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Pianos*, not packed, *organs*, not packed, and *piano or organ benches or stools*, not packed, from Sioux City, Iowa, to points in Minnesota, Nebraska, and South Dakota and *traded-in, exchanged, or returned pianos, organs, or piano or organ benches or stools*, not packed, on return movement.

No. MC 10761 Sub 53, filed April 29, 1955, TRANSAMERICAN FREIGHT LINES, INC., 1700 North Waterman Ave., Detroit 9, Mich. Applicant's attorney: Howell Ellis, 520 Illinois Building, Indianapolis, Ind. For authority to operate as a *common carrier* over alternate or connecting routes, transporting: *General commodities*, except loose bulk commodities; livestock; explosives, excepting small arms ammunition; currency; bullion; commodities that are contaminating or injurious to other lading; and commodities exceeding ordinary equipment and loading facilities, between (1) Grand Rapids, Mich., and Benton Harbor, Mich., over Michigan Highway 21 from Grand Rapids to Holland, Mich., thence over U. S. Highway 31 to Benton Harbor, and return over the same route, serving no intermediate points, and (2) Grand Rapids, Mich., and Battle Creek, Mich., over Michigan Highway 37, serving no intermediate points, for operating convenience only in connection with regular route operations between (a) Chicago, Ill., and Detroit, Mich., (b) Chicago, Ill., and Flint, Mich., (c) Chicago, Ill., and Grand Rapids, Mich., and (d) Chicago, Ill., and Jackson, Mich. Applicant is authorized to conduct regular route operations in Connecticut, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Nebraska, New Jersey, New York, Ohio, Pennsylvania, and Wisconsin.

No. MC 10761 Sub 54, filed April 29, 1955, TRANSAMERICAN FREIGHT LINES, INC., 1700 North Waterman Ave., Detroit 9, Mich. Applicant's attorney: Howell Ellis, 520 Illinois Building, Indianapolis, Ind. For authority to operate as a *common carrier* transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, serving the Ford Motor Co. plant located at the northeast intersection of Mound Road and Seventeen Mile Road in Sterling Township, Macomb County, Mich. one mile beyond the northern limits of the Detroit, Mich. Commercial Zone, as an off-route point, in connection with regular route operations to and from Detroit, Mich. and the commercial zone thereof over U. S. Highways 10, 12, 24, and 112, and Michigan Highway 53. Applicant is authorized to conduct operations in Connecticut, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Nebraska, New Jersey, New York, Ohio, Pennsylvania, and Wisconsin.

No. MC 18112 Sub 18, filed April 29, 1955, HOLLYWOOD CARTAGE COMPANY, INC., 5858 Plumer Avenue, Detroit 9, Mich. Applicant's attorney: Walter N. Bieneman, Guardian Building, Detroit 26, Mich. For authority to operate as a *common carrier*, over irregular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment, (1) between Gibraltar, Mich. and points within two miles thereof (including the site of the McLouth Steel Company Plant) on the one hand, and, on the other, points in that part of Ohio bounded by a line beginning at Cleveland, Ohio, and extending along U. S. Highway 21 to Massillon, thence along U. S. Highway 62 to Salem, thence along Ohio Highway 14 to junction Ohio-Pennsylvania State line, thence along Ohio-Pennsylvania State line to junction U. S. Highway 422, and thence along U. S. Highway 422 to point of origin, including points on the indicated portions of the highways specified, (2) from Gibraltar, Mich. and points within two miles thereof (including the site of the McLouth Steel Company Plant) to Sharon, Pa., Toledo, Fostoria, Tiffin, Norwalk, Sandusky, Wellington, Ashland, Mansfield, Lorain, Hubbard, Elyria, Rittman, and Wooster, Ohio, and points within five miles of Cleveland, Ohio, except those on and east of U. S. Highway 21, and on and south of U. S. Highway 422; *iron and steel, iron and steel products, automobile parts, machinery, burlap* and *paper*, from Dover, Fostoria, and points within 10 miles of Youngstown, Ohio (not including Youngstown and points on and south of U. S. Highway 422), Ellwood City, New Castle, Pittsburgh and Sharon, Pa., and points within 10 miles of Sharon to Gibraltar, Mich. and points within two miles thereof (including the site of the McLouth Steel Company Plant). Applicant is authorized to conduct operations in Michigan, Ohio and Pennsylvania.

No. MC 20080 Sub 1, filed March 29, 1955 (Amended), MASKELYNE TRANSFER AND STORAGE, INC., 944 North Ninth Street, Walla Walla, Wash. Applicant's attorney: Charles Snyder, 301 Baker Building, Walla Walla, Wash. For authority to operate as a *common carrier*, over regular routes, transporting: *General commodities*, except those of unusual value, Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, (1) between Walla Walla, Wash., and Pomeroy, Wash., over U. S. Highway 410, serving the intermediate points of Huntsville, Dayton, Dumas, and Waitsburg, Wash., and the off-route point of Prescott, Wash., and (2) between Walla Walla, Wash., and Pendleton, Oreg., from Walla Walla over Washington Highway 3E to the Washington-Oregon State line, thence over Oregon Highway 11 to Pendleton, and return over the same route, serving the intermediate points of Milton-Freewater, Weston, and Athena, Oreg. RESTRICTION: (a) The service to be performed by applicant shall be limited to service which is auxiliary to or supplemental of rail service of the Union Pacific Railroad Company, and (b) Shipments transported by applicant shall be limited to those which it receives from or delivers to the railroad and which have received a prior or subsequent movement by rail. Applicant is authorized to conduct operations in Washington.

No. MC 24121 Sub 8, Filed April 22, 1955, WALTER TAPPER, doing business as WALTER TAPPER TRANSFER, 1532 2nd Street, P. O. Box 54, Webster City, Iowa. Applicant's attorney: Stephen Robinson, 1020 Savings & Loan Building, Des Moines, Iowa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Fly spray* and *mange oil* shipped in cans or drums, *empty bags and sacks*, that is paper, cloth and burlap, and *advertising material used solely in connection with the sale and distribution of animal and poultry feed and fly spray and mange oil*, from Burlington, Wis., to points in Buena Vista, Carroll, Cherokee, Clay, Crawford, Dickinson, Ida, Lyon, Monona, O'Brien, Osceola, Plymouth, Sac, Sioux, Woodbury, Emmet, Palo Alto, Pocahontas, Calhoun, Greene, Kossuth, Humboldt, Webster, Boone, Winnebago, Hancock, Wright and Hamilton Counties, Iowa, and those in that part of Cerro Gordo County, Iowa, west of U. S. Highway 65.

No. MC 26954 Sub 1, filed April 4, 1955, W. R. EDWARDS, Box 48, Elmhurst, Pa. For authority to operate as a *common carrier*, over irregular routes, transporting: *Coal*, from points in Lackawanna County, Pa., to Phillipsburg, Plainfield, Paterson and Arlington, N. J.; and *cinders*, from points in Lackawanna County, Pa., to Kingston, N. Y., and Riverdale, N. J.

No. MC 28573 Sub 7, filed April 26, 1955, GREAT NORTHERN RAILWAY COMPANY, a corporation, 175 East Fourth Street, St. Paul 1, Minn. Applicant's attorney: J. J. Burke, Jr., Great Northern Railway Company, Helena, Mont. For authority to operate as a *common carrier*, over a regular route, transporting: *General commodities*, including *commodities of unusual value*, but excluding Class A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment, between the junction of U. S. Highway 87 and Montana Highway 19 (Moore Junction, Mont.), and Billings, Mont., from the junction of U. S. Highway 87 and Montana Highway 19, over Montana Highway 19 to Harlowton, thence over Montana Highway 6 to junction unnumbered highway (near Lavina Junction, Mont.), and thence over said unnumbered highway to Billings, and return over the same route, serving no intermediate points, as an alternate route, in connection with the carrier's regular route operations (1) between Hobson and Lewistown, Mont. (via junction U. S. Highway 87 and Montana Highway 19), and (2) between Lewistown and Billings, Mont.

No. MC 29647 Sub 18, filed April 27, 1955, CHARLTON BROS. TRANSPORTATION COMPANY, INC., 552 Jefferson Street, Hagerstown, Md. Applicant's attorney: Spencer T. Money, Mills Building, Washington, D. C. For authority to operate as a *common carrier*, over irregular routes, transporting: *General commodities*, except Class A and B explosives, and except commodities of unusual value, and household goods as defined by the Commission, between Hancock, Md., on the one hand, and, on the other, points in that part of Pennsylvania within 100 miles of Keyser, W. Va. RESTRICTION: All traffic moving through this gateway shall originate at or be destined to points on and west of U. S. Highway 220. Applicant is authorized by Certificate No. MC 29647 dated October 9, 1944, to transport the above described commodities between Keyser, W. Va., points in Maryland within 15 miles of Keyser, and those in West Virginia within 35 miles of Keyser, on the one hand, and, on the other, Baltimore, Md., and points in that part of Maryland and Pennsylvania within 100 miles of Keyser. Applicant states the purpose of this application is to obtain the added gateway of Hancock, Md., on traffic moving to and from points in Pennsylvania within 100 miles of Keyser, and on and west of U. S. Highway 220 and thereby avoid the necessity of crossing five mountains between Hancock, Md., and Cumberland, Md., a distance of 39 miles. Applicant is authorized to conduct operations in Maryland, Pennsylvania, Virginia and West Virginia.

No. MC 30062, JOHN DAVID BARRICKS, doing business as BARRICKS MOTOR LINES, 112 South West Street, Petersburg, Va., *PETITION TO REOPEN, RECONSIDER AND MODIFY AUTHORITY IN DOCKET NO. MC 30062*. APPLICATIONS UNDER SECTION 5 AND 210a (b)

No. MC–F–5810, published in the October 27, 1954 issue of the FEDERAL REGISTER, page 6895. Amendment filed May 2, 1955, for substitution of HYMAN TRANSPORTATION COMPANY (EUGENE PIKOVSKY, controlling stockholder) in lieu of RAYMOND MOTOR TRANSPORTATION, INC. (GORDON F. RAYMOND, controlling stockholder) in No. MC–F–5810, which, has been assigned for hearing along with No. MC–F–5941, at Minneapolis, Minn., on June 10, 1955. Hyman Transportation Company is authorized to operate as a *common carrier* in South Dakota and Minnesota; and as a *contract carrier* in Minnesota, Iowa and South Dakota. Under section 210 of the Interstate Commerce Act, dual operation as a motor carrier of property over the same route or within the same territory by a person or any person controlling, controlled by, or under common control with such person, is permitted only if the Commission shall find that both a certificate and a permit may be so held consistently with the public interest and with the National Transportation Policy declared in the act. To the extent that the evidence establishes any such situation, issues arising under section 210 are involved in this proceeding.

No. MC–F–5968. Authority sought for merger into THE MUSKINGUM VALLEY TRANSIT COMPANY, 714 East Broad St., Columbus, Ohio, of the operating rights and property of CAPITOL STAGES, INC., 714 East Broad St., Columburs, Ohio, and THE ZANESVILLE and MARIETTA TRANSPORTATION COMPANY, 714 East Broad St., Columbus, Ohio, and for acquisition by H. W. ARNOLD, and OHIO RAPID TRANSIT, INC., Columbus, Ohio, of control of the operating rights and property through the transaction. Person to whom correspondence is to be addressed: H. W. Arnold, 714 East Broad St., Columbus, Ohio. Operating rights sought to be merged: *Passengers*, as a *common carrier*, over regular routes, between Columbus, Ohio, and Coshocton, Ohio, (Capitol Stages, Inc.), between Zanesville, Ohio, and Woodsfield, Ohio, serving all intermediate points; and (The Zanesville and Marietta Transportation Company), between Zanesville, Ohio, and Marietta, Ohio, serving all intermediate points. The Muskingum Valley Transit Company is authorized to operate in Ohio. Application has not been filed for temporary authority under section 210a (b).

No. MC–F–5969. Authority sought for purchase by FRED M. MENEELY, Rural Route #4, Brazil, Ind., of a portion of the operating rights of W. L. THORNBURY, 854 W. Jefferson Ave., Grand Ledge, Mich. Applicants' attorney: W. L. Jordan, 201 Merchants Savings Bldg., Terre Haute, Ind. Operating rights sought to be transferred: *Clay products* and *sewer pipe joint compound*, as a *common carrier*, over irregular routes, from Brazil, Ind., and points within two miles thereof, to points in Wisconsin, those in Ohio east of U. S. Highway 23, and those in Michigan north of U. S. Highway 12, except points on the indicated highways. Vendee is authorized to operate in Indiana, Ohio, Illinois, Tennessee, Missouri, Michigan, Wisconsin, and Kentucky. Application has been filed for temporary authority under section 210a (b).

No. MC–F–5970. Authority sought for purchase by BAGGETT TRANSPORTATION COMPANY, 2 South 32nd St., Birmingham, Ala., of the operating rights and certain property of M. B. McLENDON, doing business as McLENDON MOTOR FREIGHT SERVICE, Union Springs, Ala., and for acquisition by W. D. SELLERS, JR., Birmingham, Ala., of control of said operating rights through the purchase. Applicant's attorney: Harold G. Hernly, 1624 Eye St., N. W. Washington 6, D. C. Operating rights sought to be transferred: *General commodities*, with certain exceptions, including household goods, as a *common carrier*, over regular routes, between Montgomery, Ala., and Eufaula, Ala, between Columbus, Ga., and Troy, Ala., and between Troy, Ala., and Clayton, Ala., serving all intermediate points. Vendee is authorized to operate as a common carrier, in Alabama, New York, Pennsylvania, New Jersey, Texas, and Florida, and as a *contract carrier*, in Iowa, Alabama, Indiana, Florida, Louisiana, Missouri, Texas, Illinois, Kentucky, New Jersey, Virginia, West Virginia, New York, Pennsylvania, Tennessee, Oklahoma, Mississippi, Arkansas, Georgia, Delaware, Kansas, North Carolina, Maryland, South Carolina, Michigan, Minnesota, North Dakota, Ohio, South Dakota, Wisconsin, Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, Nebraska, Colorado, Utah, Wyoming, New Mexico, and the District of Columbia. Application has not been filed for temporary authority under section 210a (b).

No. MC–F–5971. Authority sought for purchase by OVERNITE TRANSPORTATION COMPANY, P. O. Box 1216, Richmond, Va., of the operating rights and property of LEWIS & HOLMES MOTOR FREIGHT CORPORATION, 2100 North Main St., High Point, N. C., and for acquisition by J. H. COCHRANE, Richmond, Va., of control of the operating rights and property through the purchase. Applicants' attorney: Reuben G. Crimm, 805 Peachtree Street Bldg., Atlanta 5, Ga. Operating rights sought to be transferred: General commodities, with certain exceptions, including household goods, as a *common carrier*, over regular routes, between High Point, N. C., and Atlanta, Ga., and between High Point, N. C., and Burlington and Winston-Salem, N. C., serving all intermediate points; *general commodities*, with exceptions as specified above, over irregular routes, between points on the regular routes between High Point, N. C., and Atlanta, Ga., on the one hand, and, on the other, points in South Carolina, those in North Carolina on and west of U. S. Highway 301, and those in Georgia on and north of U. S. Highway 80. Vendee is authorized to operate in Virginia, North Carolina, South Carolina, Tennessee and Georgia. Application has not been filed for temporary authority under section 210a (b).

No. MC–F–5973. Authority sought for control by W. F. CAREY and BERT B. BEVERIDGE, 3401 N. Dort Highway, Flint, Mich., of the operating rights and property of SPECIAL DELIVERY, INC., 3401 N. Dort Highway, Flint, Mich. Applicants' attorney: James W. Wrape, Sterick Bldg., Memphis, Tenn. Operating rights sought to be controlled: *Uncrated new kitchen, laundry, heating, cooling, air conditioning and refrigerating equipment, as a contract carrier* over irregular routes, from Dayton, Ohio and Moraine, Ohio, to all points in the United States except the States of Washington, Oregon, California, Idaho, Utah, Nevada, and Arizona. Applicants hold no authority from the Commission, however, they control Automobile Carriers, Inc., which company controls C & J Commercial Driveway Co., Inc., and Dealers Transit, Inc., which controls Dealers Transport Co. Application has not been filed for temporary authority under section 210a (b).

By the Commission.

[SEAL] HAROLD D. McCOY, *Secretary.*

FEDERAL POWER COMMISSION

[Docket No. E-6622]

GULF STATES UTILITIES CO.

NOTICE OF APPLICATION

MAY 5, 1955.

Take notice that on May 2, 1955, an application was filed with the Federal Power Commission, pursuant to section 203 of the Federal Power Act, by Gulf States Utilities Company (Gulf States), a corporation organized under the laws of the State of Texas and doing business in the States of Louisiana and Texas, with its principal business office at Beaumont, Texas, seeking an order authorizing the sale by Gulf States to Central Louisiana Electric Company, Inc. (Central) of its electric transmission facilities between the City of DeQuincy, Louisiana and the City of DeRidder, Louisiana. The facilities to be disposed of consist of a 69 kv electric transmission line beginning at DeQuincy, Louisiana and extending in a northerly direction for a distance of approximately 28.05 miles in length, a substation and underground and meter equipment at DeRidder, Louisiana. Central will purchase the properties at their original cost which is stated in the application to be $393,694.17 subject to certain adjustments; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 25th day of May 1955, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[Docket No. G-3598]

KANSAS NATURAL GAS, INC.

NOTICE OF POSTPONEMENT OF HEARING

MAY 4, 1955.

Upon consideration of the motion, filed April 28, 1955, by Kansas Natural Gas, Inc., for continuance of the hearing now scheduled for June 3, 1955, in the above-designated matter;

Notice is hereby given that said hearing is postponed to a date to be hereafter fixed by further notice.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55-3798; Filed, May 10, 1955; 8:50 a. m.]

[Docket No. G-6865]

UNITED FUEL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 5, 1955.

Take notice that United Fuel Gas Company (Applicant), a West Virginia corporation whose address is Charleston, West Virginia, filed an application on January 5, 1955, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to construct and operate approximately 2 miles of 12¾-inch O. D. natural gas transmission pipeline extending from the present terminus of Applicant's Line UM–10 at Pollard, Boyd County, Kentucky, to a point of interconnection with Applicant's 8-inch Line G at the Ohio River.

The proposed facilities will replace the following facilities in the Ashland-Catlettsburg distribution area:

(1) Approximately 5 miles of Applicant's 8-inch Line G in Boyd County, Kentucky;

(2) A small segment of 10-inch Line F located in Ashland, Kentucky; and,

(3) 8,136 feet of 10-inch cross-over between Lines F and G in Ashland, Kentucky.

The facilities to be replaced are to be retired from transmission property and reclassified as distribution plant.

It is not anticipated that the volumes of natural gas delivered through the proposed facilities will be increased above previous estimates, although the maximum capacity of the proposed facilities will be increased. The increase in capacity will be utilized to increase operational efficiency.

The total estimated capital cost of the proposed facilities is $93,000, to be financed by the parent company of Applicant, The Columbia Gas System, Inc.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 6, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 24, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G–5259]

TENNESSEE GAS TRANSMISSION CO.

ORDER FIXING DATE OF HEARING AND SPECIFYING PROCEDURE

By order issued November 26, 1954, the Commission provided that a hearing be held herein concerning the lawfulness of the rates, charges, classifications and services contained in FPC Gas Tariff, Sixth Revised Volume No. 1, filed on November 3, 1954, by Tennessee Gas Transmission Company (Tennessee), setting forth therein proposed increased rates and charges for sales by Tennessee in interstate commerce of natural gas for resale for ultimate public consumption, subject to the jurisdiction of the Commission. The tariff changes proposed by Tennessee involve an estimated annual increase of $8,616,000, based upon Tennessee's operations during the 12 months ended August 31, 1954, as adjusted, above the charges under rates made effective November 18, 1954.

The November 26, 1954, order also provided that, pending hearing and decision thereon, Second Revised Sheets Nos. 5, 10, 15, 20, 25, 28B, 30, 32, 35, 37, 40, 42, 45, 47, 50, 52, 53B, 53D, 55, 57, 57B, 58, 60, 62, 64, 66, 67A, 68, 70, 72, 74, 76, 77A, 77B, 77C, 77E, 77G, 77I, 77K, 79, 83 and 87 to Tennessee's FPC Gas Tariff, Sixth Revised Volume No. 1, be suspended and the use thereof deferred until December 15, 1954, and until such further time as such revised tariff sheets might be made effective in the manner prescribed by the Natural Gas Act, unless otherwise ordered by the Commission.

By order issued December 28, 1954, the Commission, upon consideration of the motion filed by Tennessee, permitted the proposed increase in rates and charges to become effective December 15, 1954, upon Tennessee first filing an undertaking to assure refund of charges found by the Commission to be not justified. By letter dated January 12, 1955, Tennessee was advised by the Secretary of the Commission that the agreement and undertaking tendered by Tennessee was considered satisfactory and had been accepted for filing.

The Commission finds: It is appropriate and in the public interest in carrying out the provisions of the Natural Gas Act that a public hearing be held in this proceeding at the time and place and at the date hereinafter designated, and to specify the order of procedure, as hereinafter provided and ordered.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 4, 15, and 16 of the Natural Gas Act, and the Commission's general rules and regulations, including rules of practice and procedure (18 CFR Chapter I), a public hearing be held, commencing on June 1, 1955, at 10:00 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington 25, D. C., concerning the matters involved and the issues presented by the above-entitled proceeding.

(B) At the hearing provided for by paragraph (A), Tennessee shall go forward first and shall present its complete case-in-chief.

(C) After Tennessee has concluded the presentation of its complete case-in-chief as provided by paragraph (B), the other parties to the proceeding, including Staff Counsel, may proceed with cross-examination respecting the matters and issues involved in the proceeding. Upon request of any party to the proceeding, including Staff Counsel, the hearing shall be recessed by the Presiding Examiner for such time or times as the Examiner may find appropriate and reasonable to permit proper preparation of such cross-examination.

(D) Following presentation by Tennessee, and cross-examination as provided in paragraph (C), opportunity shall then be afforded the other parties to present testimony and evidence with respect to the matters and issues involved in the proceeding. Any such testimony and evidence shall then be subject to cross-examination. Upon the conclusion of such cross-examination, opportunity shall be afforded to Staff Counsel (after recess, if requested) to present evidence respecting the matters and issues involved in the proceeding. Such testimony and evidence as the Staff offers will then be subject to cross-examination, after which an opportunity will be afforded to Tennessee to offer rebuttal evidence respecting such issues.

(E) Upon completion of the proceeding as provided for in paragraphs (B) through (D) hereof, the Presiding Examiner, if requested by any of the parties, including Staff Counsel, shall fix the dates for the filing of briefs.

(F) In the interest of expedition, Tennessee shall, on or before May 20, 1955, serve upon all parties to this proceeding copies of the testimony and exhibits Tennessee proposes to offer at the hearing, including five (5) copies thereof upon Staff Counsel.

(G) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Adopted: May 4, 1955.

Issued: May 5, 1955.

By the Commission.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that Amerada Petroleum Corporation (Applicant), a Delaware corporation whose address is Tulsa, Oklahoma, filed an application on February 14, 1955, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces natural gas in the Eumont Field, Lea County, New Mexico, which it sells to El Paso Natural Gas Company in interstate commerce for resale. The initial price is stated to be 9½ cents per Mcf.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 8, 1955, at 9:50 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 27, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] LEON M. FUQUAY, *Secretary.*

[Docket No. G–8566]

UNITED STATES SMELTING, REFINING AND MINING CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that United States Smelting, Refining and Mining Company (Applicant), a Maine corporation whose address is Boston, Massachusetts, filed on March 10, 1955, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas to El Paso Natural Gas Company (El Paso) at an initial rate of 10 cents per Mcf, which gas will be produced from the Headlee Field in Ector County, Texas. This gas will be commingled with other gas and resold at markets in other states served by El Paso's transmission pipeline system.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 2, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 25, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-8652]

HUMBLE OIL & REFINING CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that Humble Oil & Refining Company (Applicant), a Texas corporation whose address is Houston, Texas, filed on March 23, 1955, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces natural gas in the Hostetter Field, McMullen County, Texas, which it proposes to sell to Texas Eastern Transmission Corporation (Texas Eastern) in interstate commerce for resale. Delivery is proposed to be made into the facilities of Wilcox Trend Gathering System, Inc., which will transport the gas for the account of Texas Eastern. The sale is proposed to be made pursuant to Applicant's FPC Gas Rate Schedule #12 at an initial price of 10.200¢ per Mcf.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 10, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a noncontested hearing dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 31, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket Nos. G-8664, G-8665]

TRUNKLINE GAS CO. AND PANHANDLE EASTERN PIPE LINE CO.

NOTICE OF APPLICATIONS

MAY 3, 1955.

In the matters of Trunkline Gas Company, Docket No. G-8664, Panhandle Eastern Pipe Line Company, Docket No. G-8665.

Take notice that on March 25, 1955, Panhandle Eastern Pipe Line Company (Panhandle), a Delaware corporation with its principal office at 1221 Baltimore Avenue, Kansas City, Missouri, and Trunkline Gas Company (Trunkline), a Delaware corporation with its principal office at 5650 Kirby Drive, Houston, Texas, filed concurrent applications pursuant to the provisions of section 7 of the Natural Gas Act for certificates of public convenience and necessity authorizing them to construct and operate certain natural gas transmission facilities as described below, all as more fully described in their respective applications.

Trunkline in its application, Docket No. G-8664, seeks authorization for the construction and operation of eight new compressor stations aggregating 56,000 horsepower and two sections of 26 inch loop line, one section being 10.80 miles in length on the discharge side of its proposed Beeville compressor station and the other being 13.56 miles in length on the discharge side of its existing Edna compressor station. The total estimated cost of Trunkline's proposed expansion is approximately $18,700,000 of which approximately $1,000,000 is for gathering facilities for a new gas supply. Financing is proposed to be partially from funds on hand, partially from funds generated by operations, and partially by the issuance of approximately $15,000,000 in long-term securities.

Panhandle in its application, Docket No. G-8665, seeks authorization for the construction and operation of additional compressor capacity in its existing Montezuma, Zionsville and Edgerton compressor stations aggregating 16,000 horsepower. The estimated cost of the proposed facilities is $3,714,000 which it is proposed, will be financed out of cash on hand.

The facilities for which Trunkline seeks authorization are stated to raise its peak day capacity by 85,000 Mcf from 290,000 Mcf to 375,000 Mcf. The facilities Panhandle proposes to install will permit it to transport additional volumes in the amount of 80,000 Mcf which it proposes to purchase from Trunkline. The remaining 5,000 Mcf per day which Trunkline proposes to make available by reason of its expansion is apparently proposed to be sold to customers along the route of the pipe line.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of May 1955. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55-3781; Filed, May 10, 1955; 8:48 a. m.]

[Docket No. G-8667]

HOLLANDSWORTH OIL CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that Hollandsworth Oil Company (Applicant), a Delaware corporation whose address is City of Longview, Texas, filed on March 25, 1955 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces natural gas in the Woodlawn Field, Harrison County, Texas, which it was authorized in Docket No. G-4012, to sell to Mississippi River Fuel Corporation in interstate commerce for resale. The instant application covers additional acreage which has been dedicated to the original contract. Delivery of the gas is proposed to be made at the rate of 15,000 Mcf per month. The sale is proposed to be made pursuant to Applicant's FPC Rate Schedule No. 4 at an initial price of 13¢ per Mcf.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 10, 1955, at 9:40 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 31, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-8675]

PHIL E. LAUGHLIN ET AL.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that Phil E. Laughlin, Phillip E. Laughlin and Gary B. Lauchlin (Applicant), whose address is Midland, Texas, filed on March 28, 1955 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas to El Paso Natural Gas Company (El Paso) at an initial rate of 10 cents per Mcf, which gas will be produced from the Headlee Field in Ector County, Texas. This gas will be commingled with other gas and resold at markets in other states served by El Paso's transmission pipeline system.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 1, 1955, at 9:45 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 25, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-8757]

EAST TENNESSEE NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that East Tennessee Natural Gas Company (Applicant), a Tennessee corporation with its principal place of business in Knoxville, Tennessee, filed an application on April 13, 1955, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a physical connection with metering and regulating equipment for: (a) The purpose of delivering and selling to the Oak Ridge Utility District (ORUD) up to 5,000 Mcf of natural gas per day on a firm basis, and (b) for the purpose of delivering and selling to ORUD natural gas on an interruptible basis, pursuant to the provisions of Rate Schedule I-1 contained in Applicant's FPC Gas Tariff, Third Revised Volume No. 1, or any effective rate schedule superseding such Rate Schedule I-1. ORUD has been authorized by the State of Tennessee to construct and operate a gas distribution system for the resale of natural gas in the Federal area known as "Oak Ridge, Tennessee."

Applicant has requested that its application be heard under the shortened procedure provided by § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. The application is on file with the Commission and open for public inspection.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 23, 1955 at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C. in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 19, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in commission herein of the intermediate decision procedure in cases where a request therefor is made.

Secretary.

[F. R. Doc. 55-3784; Filed, May 10, 1955; 8:49 a. m.]

[Docket No. G-2373]

TOWN OF BYHALIA, MISSISSIPPI

NOTICE OF APPLICATION

MAY 4, 1955.

Take notice that the Town of Byhalia, Mississippi (Applicant), a municipal corporation, filed, on January 11, 1955, a motion to increase the maximum volume of natural gas which Trunkline Gas Company (Trunkline), pursuant to the provisions of section 7 (a) of the Natural Gas Act, is required to deliver to Applicant from 367 to 717 Mcf a day.

The Presiding Examiner, by a decision issued August 16, 1954, in a consolidated proceeding involving five applications in addition to that of Byhalia, ordered Trunkline to establish physical connection of its transmission main with the facilities proposed to be constructed by Applicant, and to sell and deliver a maximum of 367 Mcf of natural gas a day. This decision became effective on September 17, 1954, as the final decision and order of the Commission.

Applicant states that the additional volume of natural gas is needed to supply the requirements of a factory manufacturing ceramic products which will be constructed in or near the Town of

Byhalia if a sufficient supply of natural gas is available.

On January 31, 1955, Trunkline filed a letter stating that it has no objection to supplying the requested daily maximum volume of 717 Mcf, provided that Applicant enter into a service agreement with Trunkline.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 15th day of May 1955. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY, *Secretary.*

[Docket Nos. G-3556—G-3563]

LLOYD H. SMITH, INC.

NOTICE OF APPLICATIONS AND DATE OF HEARING

MAY 4, 1955.

Take notice that Lloyd H. Smith, Inc., (Applicant), a Texas corporation whose address is Houston, Texas, filed on September 28, 1954, applications for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open for public inspection .

Applicant produces natural gas in several fields, which is sold in interstate commerce for resale as follows:

Docket No.	Purchaser	(Cents per Mcf) price at time of filing	Location of Production
G-3556	Tennessee Gas Transmission Co.	13.37125	Southwest Hutchens Field, Wharton County, Tex.
G-3557	do.	13.15194	Mach Field, Wharton County, Tex.
G-3558	Louisiana Natural Gas Corp.	10	North Elton Field, Allen Parish, La.
G-3559	Texas Gas Products Corp.	8.491	Spraberry Trend Area Field, Regan County, Tex.
G-3560	El Paso Natural Gas Co.	10	Do.
G-3561	do.	10	Do.
G-3562	Texas Gas Products Corp.	6.049	Do.
G-3563	El Paso Natural Gas Co.	10	Do.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 8, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 27, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket No. G-3618]

VAN BUREN LEASE, HOLLY NESTER, AGENT

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 3, 1955.

Take notice that Van Buren Lease, Holly Nester, Agent (hereinafter referred to as "Applicant"), an individual whose address is Millstone, West Virginia, filed an application on September 29, 1954, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant proposes to sell natural gas produced from the Birch Field, Braxton County, West Virginia, to The Equitable Gas Company at 20 cents per Mcf, for transportation in interstate commerce for resale. The rate of delivery will be 100,000 Mcf per year, with summer volume at buyer's option.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 26, 1955, at 9:45 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 20, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Docket Nos. G-3717—G-3743, G-4576]

TIDEWATER ASSOCIATED OIL CO.

NOTICE SEVERING PROCEEDINGS

MAY 4, 1955.

The above-entitled matters were consolidated for the purpose of hearing and May 16, 1955, was fixed as the date of such hearing by notice of applications and date of hearing issued by the Secretary, dated April 19, 1955.

It appears, after further study of the applications in Docket Nos. G-3717, G-3724, G-3725, and G-3741, that the matters involved and the issues presented by said applications should be severed from the other proceedings herein, and to that end:

Take notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7, 15, and 16 of the Natural Gas Act and the Commission's rules and regulations, Docket Nos. G-3717, G-3724, G-3725, and G-3741 are severed from the other proceedings herein for the purpose of hearing, until such further time and place as the Commission may order.

[Docket No. G-6673]

GAS TRANSPORT, INC.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that Gas Transport, Inc. (Applicant), a Delaware corporation with a principal office in Lancaster, Ohio, filed on December 22, 1954, an application and supplement thereto on January 27, 1955, for (a) a certificate of public convenience and necessity authorizing the Applicant to construct and operate approximately 5.6-miles of 6-inch pipeline extending from a new producing well in Jackson County, West Virginia, to Applicant's existing 3-inch pipeline in the Belleville area, West Virginia, (b) abandon and remove approximately 5.6-miles of 6-inch pipeline extending from a point in Wirt County, West Virginia, to a point of connection with an existing 14-inch pipeline in Jackson County, West Virginia, all pursuant to Section 7 of the Natural Gas Act, and subject to the jurisdiction of the Commission, as more fully represented in the application on file with the Commission, and open for public inspection.

The application recites that the facilities proposed to be constructed and operated will utilize the 6-inch pipe of the pipeline proposed to be abandoned and removed, and that the new line will connect Applicant's system with a new source of supply. The portion of line proposed to be abandoned and removed is no longer being used due to depletion of the natural gas source reached by the line.

The estimated cost of removal, construction and operation of the lines referred to in (a) and (b) is $23,364, which will be defrayed from current funds available.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 31, 1955, at 9:40 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 21, 1955.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 55-3789; Filed, May 10, 1955; 8:49 a. m.]

[Docket No. G-8338]

PURCELL-MULL DRILLING CO., INC., ET AL.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 4, 1955.

Take notice that Purcell-Mull Drilling Company, Inc., et al. (Applicant), a Kansas corporation whose address is Wichita, Kansas, filed an application on January 11, 1955, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection.

Applicant produces gas from certain leases in Barber County, Kansas, which it proposes to sell to Cities Service Gas Company in interstate commerce for resale. The initial price at the time of filing is stated to be 12 cents per Mcf.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 8, 1955, at 9:40 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 27, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 55-3790; Filed, May 10, 1955; 8:49 a. m.]

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-872]

LACLEDE-CHRISTY CO.

NOTICE OF APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

MAY 4, 1955.

In the matter of Laclede-Christy Company, Common Stock, $5 Par Value; File No. 1-872.

The above named issuer, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to withdraw the specified security from listing and registration on the Midwest Stock Exchange.

The reasons alleged in the application for withdrawing this security from listing and registration include the following:

1. The stock is inactive on the Midwest Stock Exchange, which accordingly has waived the voting requirements of its delisting rule,[1] and delisting will eliminate certain expenses.

2. The stock will remain listed and registered for the time being on the American Stock Exchange.

3. As of April 8, 1955, there remained only about 325 public holders of record, the issuer now being styled a division of H. K. Porter Co., Inc.

Upon receipt of a request, on or before May 20, 1955, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official file of the Commission pertaining to the matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 55-3791; Filed, May 10, 1955; 8:50 a. m.]

[File Nos. 812-928, 812-929]

COMPOSITE BOND AND STOCK FUND, INC., AND COMPOSITE FUND, INC.

NOTICE OF FILING OF APPLICATIONS FOR EXEMPTION OF PURCHASES OF SECURITIES DURING EXISTENCE OF UNDERWRITING SYNDICATE FOR SUCH SECURITIES

MAY 5, 1955.

Notice is hereby given that Composite Bond and Stock Fund, Inc. and Composite Fund, Inc. (hereinafter referred to as "Applicants"), both registered open end investment companies, have filed separate applications pursuant to section 10 (f) of the Investment Company Act of 1940 ("act") for orders of the Commission exempting from the provisions of section 10 (f) of the act, proposed purchases by the respective applicants of 3¼ percent Twenty-Five Year Convertible Debentures, due May 1, 1980, being issued and sold by Bethlehem Steel Corporation ("Bethlehem").

Bethlehem is offering $191,659,000 of such debentures pursuant to a rights offering to holders of its common stock;

[1] In addition, the question of withdrawal from the Midwest Stock Exchange was submitted to stockholders at the annual meeting on April 27, 1955, when 264,065 of the 328,570 shares were voted in favor of and none were voted against such withdrawal.

the subscription period expires on May 23, 1955. It is stated in the applications that Murphey Favre, Inc., the principal underwriter and distributor for the Applicants, is also an underwriter to the extent of 0.23 percent of the Bethlehem debenture issue.

It is recited in the applications that each of the Applicants proposes to purchase up to $150,000 principal amount of said debentures from brokers, dealers or underwriters other than Murphey Favre, Inc. It is represented that the purchase by each of the Applicants in the amounts proposed is well within the legal limit of each of the Applicants and a suitable investment for them.

Section 10 (f) of the act provides, among other things, that no registered investment company shall knowingly purchase or otherwise acquire, during the existence of any underwriting or selling syndicate, any security (except a security of which such company is the issuer) a principal underwriter of which is a person of which a director of such registered investment company is an affiliated person unless the Commission by order grants an exemption therefrom. Certain directors of each of the Applicants are also directors of Murphey Favre, Inc.

Notice is further given that any interested person may, not later than May 18, 1955, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, or fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

In the Matter of Goldin-Feldman, Inc., a Corporation; Morris Schilling and William Feldman, Individually and as Officers of Said Corporation, and Morris Schilling, William Feldman and Fred Goldin, Copartners Trading as A. Goldin-S. Feldman Co.

This proceeding was heard by Frank Hier, hearing examiner, upon the complaint of the Commission, which charged respondents with acts and practices in violation of the provisions of the Federal Trade Commission Act and the Fur Products Labeling Act, and the rules and regulations promulgated under the latter; and upon a stipulation between the parties, which was filed with the Commission and appears of record, and provided for the entry of a consent order, and by the terms of which respondents admitted all the jurisdictional allegations set forth in the complaint, stipulated that the record in the matter might be taken as if the Commission had made findings of jurisdictional facts in accordance with such allegations, and stipulated that the agreement was for settlement purposes only and did not constitute an admission by respondents that they had engaged in any violation of law.

By the terms of such stipulation, the parties thereto expressly waived the filing of an answer; a hearing before the hearing examiner or the Commission; the making of findings of fact or conclusions of law by the hearing examiner or the Commission; the filing of exceptions or oral arguments before the Commission, and all other and further procedure before the hearing examiner and the Commission to which respondents might be entitled under the Federal Trade Commission Act or the rules of practice of the Commission.

Such stipulation further provided that respondents agreed that the order to be entered should have the same force and effect as if made after a full hearing, presentation of evidence, and findings and conclusions thereon; specifically waived any and all right, power, or privilege to challenge or contest the validity of the order entered in accordance with the stipulation; and further provided that the stipulation, together with the complaint, constituted the entire record in the matter and that the complaint might be used in construing the terms of the aforesaid order, which order might be altered, modified, or set aside in the manner provided by the statute for orders of the Commission; and provided also that it was subject to approval in accordance with Rules V and XXII of the Commission's rules of practice and that said order should have no force and effect unless and until it became the order of the Commission.

Thereafter said examiner made his initial decision in which he set forth the aforesaid matters, concluded on the basis thereof that the proceeding was in the public interest, and in conformity with the action contemplated and agreed upon by such stipulation, made his order to cease and desist.

No appeal having been filed from said initial decision of said hearing examiner, as provided for in Rule XXII of the Commission's rules of practice, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order, accordingly, under the provisions of said Rule XXII, became the decision of the Commission on March 18, 1955.

Said order to cease and desist is as follows:

It is ordered, That respondent Goldin-Feldman, Inc., a corporation, and its officers; respondents Morris Schilling and William Feldman, individually and as officers of said corporation, and Morris Schilling, William Feldman and Fred Goldin, copartners trading as A. Goldin-S. Feldman Company, or under any other name, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introducing into commerce, or the sale or offering for sale in commerce, or the transportation or distribution in commerce, of any fur products; or in connection with the manufacturing for sale, sale, offering for sale, transportation or distribution of any fur product which is made in whole or in part of fur which has been shipped and received in commerce, as "commerce," "fur," and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Misbranding fur products by:

1. Falsely or deceptively labeling or otherwise identifying such products as to the name of the country of origin of any imported furs contained in such fur products.

2. Failing to affix labels to fur products showing:

(a) The name or names of the animal or animals producing the fur or furs contained in the fur product as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(b) That the fur product contains or is composed of used fur, when such is a fact;

(c) That the fur product contains or is composed of bleached, dyed, or otherwise artificially colored fur, when such is a fact;

(d) That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is a fact;

(e) The name, or other identification issued and registered by the Commission, of one or more persons who manufactured such fur product for introduction into commerce, introduced it into commerce, sold it in commerce, advertised or offered it for sale in commerce, or transported or distributed it in commerce;

(f) The name of the country of origin of any imported furs used in the fur product.

B. Falsely or deceptively invoicing fur products by:

1. Failing to furnish invoices to purchasers of fur products showing:

(a) The name or names of the animal or animals producing the fur or furs contained in the fur product, as set forth in the Fur Products Name Guide and as prescribed under the rules and regulations;

(b) That the fur product contains or is composed of used fur, when such is the fact;

(c) That the fur product contains or is composed of bleached, dyed, or otherwise artificially colored fur, when such is the fact;

(d) That the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is the fact;

(e) The name and address of the person issuing such invoice;

(f) The name of the country of origin of any imported fur or furs contained in a fur product.

2. Using on invoices the name of any country of origin of fur or furs contained in any fur product other than the actual name of the country of origin of fur or furs contained in said fur product, or furnishing invoices which contain any form of misrepresentation or deception, directly or by implication, with respect to such fur product.

By "Decision of the Commission and Order to File Report of Compliance", Docket 6266, March 18, 1955, which announced and decreed fruition of said initial decision, report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: March 18, 1955.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

[F. R. Doc. 55-3839; Filed, May 11, 1955; 8:48 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 142]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (LFR, VAR, ADF, ILS, GCA, or VOR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is canceled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.
If an LFR instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

City and State; airport name, elevation; facility: class and identification; procedure No.; effective date	Initial approach to facility from—	Course and distance	Minimum altitude (ft.)	Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Minimum altitude over facility on final approach course (ft.)	Course and distance, facility to airport	Ceiling and visibility minimums: Condition	Type aircraft: 75 m. p. h. or less	Type aircraft: More than 75 m. p. h.	If visual contact not established at authorized landing minimums after passing facility within distance specified, or if landing not accomplished

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter II — Federal Housing Administration, Housing and Home Finance Agency

Subchapter F—Rehabilitation and Neighborhood Conservation Housing Insurance

PART 261—HOME REHABILITATION INSURANCE; ELIGIBILITY REQUIREMENTS OF MORTGAGE COVERING ONE- TO ELEVEN-FAMILY DWELLINGS

PART 263—MULTIFAMILY REHABILITATION INSURANCE; ELIGIBILITY REQUIREMENTS OF MORTGAGE

PART 268—MULTIFAMILY RELOCATION INSURANCE; ELIGIBILITY REQUIREMENTS OF MORTGAGE

MISCELLANEOUS AMENDMENTS

1. Section 261.3 is amended to read as follows:

§ 261.3 *Certificate by Administrator to Commissioner.* No mortgage may be insured until a redevelopment or urban renewal plan has been approved for the area by the governing body of the locality involved and by the Housing and Home Finance Administrator and the Administrator has certified to the Commissioner that:

(a) The redevelopment plan or the urban renewal plan conforms to a general plan for the locality as a whole, and

(b) There exist the necessary authority and financial capacity to assure the completion of such redevelopment or urban renewal plan.

2. Section 263.1 (a) is amended by adding to the listed provisions the following:

§ 263.1 *Incorporation by reference.* (a) * * *

§ 232.2 Issuance of commitment.
§ 232.23 Development of property.

* * *

3. Section 263.3 is amended to read as follows:

§ 263.3 *Certificate by Administrator to Commissioner.* No mortgage may be insured until a redevelopment or urban renewal plan has been approved for the area by the governing body of the locality involved and by the Housing and Home Finance Administrator and the Administrator has certified to the Commissioner that:

(a) The redevelopment plan or the urban renewal plan conforms to a general plan for the locality as a whole, and

(b) There exist the necessary authority and financial capacity to assure the completion of such redevelopment or urban renewal plan.

4. Part 263 is amended by adding a new § 263.4a as follows:

§ 263.4a *Issuance of commitment.* (a) Upon approval of an application a commitment will be issued setting forth the terms and conditions upon which the mortgage will be insured, including special requirements applicable to the project and requiring the submission in final form within a time specified of all appropriate documents, drawings, plans, specifications, and other instruments evidencing full compliance satisfactory to the Commissioner with the provisions of this part and with such terms and conditions.

(b) Such commitment may be on a form providing for advances of mortgage money during construction and the insurance of such advances as made, or it may be on a form providing for the insurance of the mortgage after completion of the improvements.

(c) No commitment shall be valid unless signed by the Commissioner or his agent authorized for that purpose, and shall, with respect to commitments to insure advances, be effective for a stated period, not in excess of 180 days: *Provided*, That the commitment fee shall have been paid as required. A commitment may be renewed in such manner as the Commissioner may from time to time specify.

(d) The mortgagee may collect from the mortgagor the amount of the application and commitment fees provided for in this section and may charge the mortgagor an initial service charge to reimburse itself for the cost of closing the transaction, in an amount not to exceed 1½ percent of the original principal amount of the mortgage. Any additional charges shall be subject to prior approval of the Commissioner.

(e) An inspection fee computed at the rate of $5.00 per thousand dollars of the face amount of the commitment shall be paid as provided for in the commitment.

5. Section 268.1 (a) is amended by adding to the listed provisions the following:

§ 268.1 *Incorporation by reference.* (a) * * *

§ 232.5 Maturity.

* * * * * *

6. Part 268 is amended by adding a new § 268.7a as follows:

§ 268.7a *Mortgage maturity.* The mortgage must have a maturity satisfactory to the Commissioner, not to be more than thirty years from the date of the insurance; or three-quarters of the Commissioner's estimate of the remaining economic life of the building improvements, whichever is the lesser.

(Sec. 211, 52 Stat. 23; 12 U. S. C. 1715b)

Issued at Washington, D. C., May 4, 1955.

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

Correction

In Federal Register Document 55-3717, published at page 3106 of the issue for Saturday, May 7, 1955, the sixth line of § 146.26 (b) (25) (i) should read: "percent of 2,4-diamino-5-(*p*-chloro-".

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

[Dept. Reg. 108.256]

PART 75 — INTERNATIONAL TRAFFIC IN ARMS, AMMUNITION, AND IMPLEMENTS OF WAR

INTRANSIT LICENSES

Section 75.20 of the regulations governing the international traffic in arms, ammunition, and implements of war issued on November 25, 1953, and amended on November 17, 1954, is further amended to read:

§ 75.20 *Intransit licenses.* (a) Articles to be moved intransit through the United States, its territories or possessions shall require an intransit license. The Secretary of State will refuse to issue intransit licenses if a proposed intransit shipment is considered contrary to the security and/or foreign policy of the United States.

(b) Collectors of customs are authorized, however, on presentation of satisfactory evidence, to permit arms, ammunition, and implements of war to enter or leave the United States without the presentation of an import, export or intransit license if such articles are consigned from any place in a foreign country whose territory is contiguous to that of the United States to any other place in the same country.

(c) Collectors of customs may also permit intransit shipments of sporting arms and ammunition, and of pistols and revolvers not larger than caliber .38, to enter and leave the United States without a license if such shipments are valued at not more than $300.00.

(Sec. 12, 54 Stat. 10; 22 U. S. C. 452)

For the Secretary of State:

Dated: May 9, 1955.

ROBERT F. CARTWRIGHT,
Acting Administrator,
Bureau of Security
and Consular Affairs.

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter B—Claims and Accounts

PART 532—PAYMENTS ON BEHALF OF MENTALLY INCOMPETENT PERSONNEL

RETIREMENT PAY

Section 532.2 is revised to read as follows:

§ 532.2 *Retired and retirement pay—*(a) *General.* This section sets forth the operating procedures under which payment of retired pay may be made to designated trustees on behalf of mentally incompetent retired members.

(b) *Designation of person or persons to receive payments as trustee.* The Chief of Finance, by letter of redelegation, has redelegated the authority to designate a person or persons to receive funds due mentally incompetent retired members without the necessity for appointment in judicial proceedings of a committee, guardian, or other legal representative, to the Commanding General, Finance Center, U. S. Army, Indianapolis 49, Indiana. Any payments to the person or persons so designated trustees shall constitute a complete discharge of the obligation of the United States as to amounts so paid. Where a legal committee, guardian, or other representative has been appointed by a court of competent jurisdiction, no other fiduciary or representative to receive payment shall be designated.

(c) *Persons who may be designated trustees.* The Commanding General, Finance Center, U. S. Army, may designate as trustee any of the following in order of preference indicated below.

(1) The lawful wife or husband, as appropriate.

(2) If there is no wife or husband, a legitimate son or daughter or legally adopted son or daughter, provided such person is 21 years of age or more.

(3) If there is no son, daughter, or legally adopted son or daughter, a parent of the member.

(4) If there is no parent, the head of an institution, or person designated by him, if the member is committed to the care of an institution.

(5) Any person or persons without regard to those listed in subparagraphs (1) through (4) of this section, and without regard to the order of preference if deemed by the Commanding General, Finance Center, U. S. Army, to be in the best interests of the mentally incompetent member.

(d) *Application for designation as trustee.* A written application requesting payment of amounts due a member who is mentally incompetent, will be made by the individual who believes he should be designated to receive payments as trustee on behalf of the alleged mental incompetent. Such application will be in letter form addressed to the Commanding General, Finance Center, U. S. Army, Indianapolis 49, Indiana; will be signed by the requesting individual; and will contain the following information:

(1) Name, grade, service number, service assignment, and present address of member declared mentally incompetent.

(2) Name, address, and relationship to member declared mentally incompetent, if any relationship, or person who believes he should be designated as trustee to receive payments on behalf of the person who is mentally incompetent. (Evidence of relationship may be submitted with application, if desired, but it is not necessary as the Commanding General, Finance Center, U. S. Army, will request any specific evidence required.)

(3) A statement as to whether or not a legal guardian has been or is to be appointed in the near future.

(4) A statement as to past and anticipated future financial relationship with the member who is mentally incompetent.

(e) *Bond required for trustee.* In any case wherein the payments may be reasonably expected to exceed $1,000, as determined by the Commanding General, Finance Center, U. S. Army, a suitable bond as prescribed by the Chief of Finance shall be provided by the designated trustee. The bond will be executed on DD Form 462 (Bond of Person Designated To Act on Behalf of Incompetent Member or Former Member of the Uniformed Services), which will be furnished to the designated trustee by the Commanding General, Finance Center, U. S. Army. The cost of such bond may be paid for out of sums due the mental incompetent. These forms are available only at the Finance Center, U. S. Army.

(f) *Assurance that payments are for benefit of mental incompetent.* The designated trustee will be required to furnish the Commanding General, Finance Center, U. S. Army, Indianapolis 49, Indiana, a satisfactory assurance, at least once a year, that amounts received have been and will be applied to the use and benefit of the mental incompetent.

If the Commanding General, Finance Center, U. S. Army, deems it necessary to request more frequent accounting he may do so; or if he should deem it necessary to require field investigations, he may request such investigation from the Veterans' Administration or any other public or private social agency which is willing and able to provide such investigation without cost. The Commanding General, Finance Center, U. S. Army, will prescribe the procedures and methods necessary to provide that satisfactory assurances are made by the designated trustee that amounts received have been and will be applied to the use and benefit of the mental incompetent. Should an examination of the reports submitted by the trustee indicate that such amounts have not been properly applied to the use and benefit of the mental incompetent, the Commanding General, Finance Center, U. S. Army, will submit the complete reports to the Judge Advocate General, Washington 25, D. C., for any action that may be necessary. The Judge Advocate General will examine the reports and take such action as may be required in the event of fraud or misappropriation.

(g) *Termination of payments to trustee.* Payments of amounts due mentally incompetent members to trustees shall cease upon the occurrence of any of the following:

(1) Death of the incompetent.

(2) Death or disability of the trustee.

(3) Receipt of notice that a committee, guardian, or other legal representative has been appointed for the mental incompetent by a court of competent jurisdiction.

(4) Failure of the trustee to render the reports required by paragraph (f) of this section.

(5) Whenever there is probable cause to believe that there is improper use of the moneys received on behalf of the mental incompetent.

(6) A finding by the Surgeon General that the heretofore mental incompetent is mentally capable of managing his own affairs.

(7) Whenever the Commanding General, Finance Center, U. S. Army, deems it to be advisable.

[AR 35-1361, 18 April 1955] (Sec. 3, 64 Stat. 249; 37 U. S. C. 353)

[SEAL] JOHN A. KLEIN,
Major General, U. S. Army,
The Adjutant General.

Subchapter C—Military Education

PART 543—PROMOTION OF RIFLE PRACTICE

MISCELLANEOUS AMENDMENTS

Sections 543.1 and 543.2 are revised to read as follows:

§ 543.1 *Issues of rifles, ammunition, etc. to schools*—(a) *Purpose.* The regulations in §§ 543.1 to 543.3 prescribe the methods for implementing the program fostered by the National Board for the Promotion of Rifle Practice for promoting marksmanship training with military type small arms among able-bodied citizens of the United States outside the active services of the Armed Forces of the United States. See also § 543.4. The regulations in §§ 543.1 to 543.3 are not applicable to ROTC units.

(b) *General.* Under authority of Acts of Congress of April 27, 1914 and of August 29, 1916, and under the regulations in §§ 543.1 to 543.3, issues of rifles, appendages, accessories, ammunition, and other pertinent equipment will be issued to schools not authorized such issues under other existing laws such as section 40 or section 55c, National Defense Act, as amended. To draw this equipment a school must maintain during the active school year a uniformed Corps of Cadets at least 40 in number, above the age of 14 years, who receive military instruction and who must engage in target practice. Only articles listed in the regulations in §§ 543.1 to 543.3 will be issued. Arms will be issued only for the use of cadets who are receiving adequate military training determined as the result of an inspection made under direction of the adjutant general of the State, Territory, or the District of Columbia, and who will engage in target practice in accordance with the regulations prescribed by the National Board for the Promotion of Rifle Practice. Cadets who are 14 years of age or over may fire the Director of Civilian Marksmanship smallbore rifle course and/or the Army Qualification Course E, as well as the Army Qualification Courses, A, B, and C with the caliber .30 rifle marksmanship will receive appropriate certificates of qualification or badges (§§ 578.61 of this chapter) when the qualifications are submitted to the Director of Civilian Marksmanship (as indicated in paragraph (h) (2) and (5) of this section). The certificates of qualification available for issue are as follows: DA Form 1282 (Certificate of Qualification For Rifle, Civilian Rifle Clubs and Institutions), DA Form 1282-1 (Certificate of Qualification For Smallbore Rifle, Civilian Rifle Clubs and Institutions), DA Form 1282-2 (Certificate of Qualification for Pistol, Civilian Rifle Clubs and Institutions).

(c) *Kinds of equipment to be issued.* (1) The arms to be issued and the accessories, appendages, and pertaining equipment are as follows:

Articles	*Remarks. See paragraph (b) of this section*
Rifle, U. S., cal. .30 M1 and/or Rifle, U. S., cal. .30 M1903A3 with accessories.	1 per cadet above the age of 14 years.
Bayonet, M1	1 per rifle.
Cover, front sight	1 per rifle.
Rod, cleaning, cal. .30, M2A1	1 per 8 rifles, cal. .30.
Scabbard, bayonet, M7	1 per bayonet.
Screwdriver, rifle	1 per 8 rifles, cal. .30.
Sling, gun, M1	1 per rifle.
Belt, cartridge, cal. .30, dismounted	1 per rifle, cal. .30.
Rifle, cal. .22 [1]	10 per school.
Rod, cleaning, cal. .22 rifle	1 per 2 rifles, cal. .22.
Target, combination, sliding	2 per school.
Marker, target, short range	2 per school.
Marker, target, mid range	2 per school.
Flag, danger	1 per school.
Magazine assembly, extra	1 per .22 cal. rifle. [2]
Rack, arms, combination, M3	1 per 20 rifles.

[1] Rifle, U. S. caliber .22, M2 and/or any rifle, caliber .22 available at time of issue, every effort being made to ascertain that all caliber .22 rifles issued 1 school will be the same make and model.

[2] To fit model of .22 caliber rifle issued.

(2) Schools will submit DA Form 1289 (Requisition for Articles Authorized for Issue to Institutions), to the Director of Civilian Marksmanship for required quantities of items authorized above. DA Form 1289 will accompany formal application for enrollment, application for bond and related papers submitted by the school in letter form in accordance with paragraph (f) (2) (i) of this section. The accountable officer will be designated by the president or principal of the school.

(d) *Applications, to whom submitted.* Each application for issue of rifles and all non-expendable Ordnance property (paragraph (b) of this section) must be submitted to the Director of Civilian Marksmanship, Department of the Army, Washington 25, D. C., by the president or principal of the school through the adjutant general of the State, Territory, or District of Columbia, who will specify the actual number of informed cadets 14 years of age or older who receive military instruction and who will engage in small arms target practice. This application must have the approval of the adjutant general of the State, Territory, or District of Columbia, and that of the superintendent of schools of the city, town or district, or chairman of the board of trustees or other governing body of the school applying for the arms. Each application must indicate that a suitable instructor in small-arms marksmanship training is available to the cadets.

(e) *Bonds, care of property, fire insurance, and lost property surveys*—(1) *Bond.* As a condition precedent to the issue of any Government property under this section, each school will be required to file with the Director of Civilian Marksmanship a properly executed bond as prescribed in pertinent Army regulations.

(2) *Care and safekeeping of arms, equipment, etc.* The officials of institutions are responsible for the care and safekeeping of arms, ammunition, and equipment which have been issued to them and for seeing that proper precautions are taken to prevent these Government issues from being improperly used and from falling into the hand of irresponsible persons.

(3) *Fire insurance.* A school is not required to carry fire insurance. Whether or not the school carries insurance on its Government-loaned property will not modify its pecuniary obligations for losses by fire which may result from neglect or loss through the fault of the school.

(4) *Lost property surveys.* Government-loaned property, lost, destroyed, or damaged by fire, flood, theft, tornado, or other similar causes, without fault or neglect on the part of the school, its servants or employees, or any member of its student body receiving military training, will be replaced at the expense of the United States. To determine whether such loss, destruction, or damage was without fault or neglect on the part of the school, its servants or employees or members of its student body receiving military training, A Report of Survey (DD Form 46) will be made in accordance with pertinent Army regulations.

(f) *Ammunition and supplies*—(1) *Annual issues.* To each school, so far as funds made available annually to the National Board for the Promotion of Rifle Practice will permit, not more than the following:

Articles	*Remarks. See paragraph (b) of this section*
Cartridge, ball, cal. .30	To be issued to nearest full case on basis of 143 rounds per cadet above 14 years of age firing, but not to exceed 11,440 rounds per school.
Cartridge, ball, cal. .22 long rifle	To be issued to nearest full case on basis of 143 rounds per cadet above 12 years of age firing, but not to exceed 14,300 rounds per school.
Cloth, target, 72 inches wide	15 yards per school.
Disk, target, spotter, 3-inch	20 per school.
Disk, target, spotter, 5-inch	10 per school.
Spindles, target, spotter	30 per school.
Pasters, target, buff and black	20,000 per school.
Targets, paper, outdoor Centers, repair, target	As authorized by the Director of Civilian Marksmanship on basis of course of fire.
Targets, gallery, 50 feet	1,000 per school.
Cleaner, rifle bore, 1 qt. can	2 qts. per 20 rifles, cal. .30.
Compound, rust preventive, light	10 lbs. per school.
Oil, lubricating, preservative, spl	1 qt. per 20 rifles.
Patches, cut, canton flannel	100 patches per rifle.

(2) *Requisitions*—(i) *Initial requisitions.* Initial requisition will be submitted by the school at time formal applications and related papers are forwarded to the Director of Civilian Marksmanship. Regardless of date submitted, initial requisition will be submitted on DA Form 1289 and will specify full quantities of items, authorized above, that are required by the school. Adjustment of unexpended balances will be made on the annual requisition.

(ii) *Annual requisitions.* (a) Annual allowances are based upon fiscal year from 1 July of one year to 30 June of succeeding year or a school year substantially coinciding therewith. These allowances are not cumulative.

(b) Requisitions for items authorized by annual allowances and required by school for succeeding year will be based upon pertinent records as of the termination of the current fiscal or school year. These requisitions will show quantity on hand, and in column b, item 4, will show the desired quantities of authorized items required by school, in amounts which, when added to quantities on hand, will not exceed total authorized in (a) of this subdivison.

(iii) *Supplementary requisitions.* A supplementary requisition may be submitted during the year, if necessary, to meet conditions that differ from projection upon which the original requisition was based.

(iv) *Number of cadets.* The number of uniformed cadets receiving prescribed military instruction and participating in small arms marksmanship training must be stated in item 3, DA Form 1289.

(3) *Sales.* When ammunition and other expendable supplies listed in subparagraph (1) of this paragraph, are not available for free issue to educational institutions enrolled with the Director of Civilian Marksmanship, said items may be purchased from the Army Ordnance Corps in accordance with the provisions of pertinent Army regulations. As authorized or directed by the commanders of Ordnance Ammunition Command, Joliet, Illinois, Raritan Arsenal, Metuchen, New Jersey, or Ordnance Weapons Command, Rock Island, Illinois, sales of Ordnance expendable property necessary for the maintenance of the equipment listed in paragraph (c) of this section, or for the conduct required small arms marksmanship training as indicated in paragraph (b) of this section, may be made by commanders officers of any U. S. Army Ordnance installation located within the continental United States. All such sales will be for cash and without expense to the Government. Prices charged will be the standard list prices contained in Ordnance Pricing Guides, plus cost of packing, handling, transportation, and such excise taxes as are applicable. Requests for purchase of such Ordnance items will be forwarded by the State adjutant general, president or principal of the school, properly certified that "the requested material is required for the maintenance of issued arms or conduct of small arms marksmanship training pursuant to AR 920-20," direct to Ordnance Ammunition Command for ammunition items; to Raritan Arsenal for cleaning and preserving materials; and to Ordnance Weapons Command for all other items.

(g) *Rifles, appendages, and equipment*—(1) *Care.* The schools to which issues of Ordnance property are made will be required to keep said property in like good and serviceable condition as when issued by the Government. Rifles issued to schools are subject to recall in the event of any emergency.

(2) *Transportation.* The transportation of rifles, spare parts, appendages, and other supplies from the Government arsenals to recipient and back to the Government arsenal will be without expense to the United States.

(3) *Inspection.* Rifles, appendages, and equipment therefor which become unfit for use for any cause will be reported at once to the Director of Civilian Marksmanship, Department of the Army, by the responsible holder of such property. Upon receipt of such report, the Director of Civilian Marksmanship, Department of the Army, will issue shipping instructions direct to the school for the return of unserviceable arms, appendages, and equipment, to a designated arsenal, shipment to be made without expense to the Government.

Upon reaching an arsenal, they will be inspected by an officer of the Ordnance Corps, and if their condition is found to be due to the ordinary incidents of service, they may be replaced with serviceable stores of like specifications; but if their condition is found to be due to carelessness or to other than legitimate causes, the extent of damage including the value of all missing stores will be determined by the receiving officer and reported to the Director of Civilian Marksmanship, Department of the Army, who will require payment by the school (responsible party) under their surety bond prior to any new issue of rifles or appendages.

(4) *Return.* When any school fails to return the arms and appendages therefor in its charge within 30 days after demand made by the Secretary of the Army, or within such time as may be designated by him, claim will be made under the school's surety bond.

(h) *Annual reports.* (1) Each of the reports listed below will cover the period July 1 of one year to June 30 of succeeding year. Reports will be submitted so as to reach the office of the Director of Civilian Marksmanship, Department of the Army, as soon after the conclusion of the school year as possible. DA Forms for these reports will be furnished by the Director of Civilian Marksmanship on or about May 1 each year.

(2) Each school will submit its Annual Report Of Firing And Target Practice Of Institutions (DA Form 1288), through the adjutant general of the State, Territory, or District of Columbia, showing the full name of each student firing and the total score for the course fired for record.

(3) An annual inventory of property, issued by the Government to the school, will be submitted direct to the Director of Civilian Marksmanship, Department of the Army, by the official accountable for Government property held by the school.

(4) Annual report of inspection made under direction of the adjutant general of the State, Territory, or District of Columbia, covering qualifications of school to remain eligible for Government assistance, reported on DA Form 1276 (Annual Inspection of Institutions For Qualification With Director of Civilian Marksmanship), will be forwarded to the Director of Civilian Marksmanship, by the adjutant general of the State, Territory, or District of Columbia.

(5) Appropriate certificates of qualification (DA Forms 1282, 1282–1, or 1282–2) or badges will be issued to cadets qualifying in rifle marksmanship based upon information contained in record of qualification forms submitted. DA forms for submitting this report of qualification are as follows: DA Form 1278 (Record of Qualification For Junior Smallbore Rifle Course, Civilian Rifle Club), DA Form 1279 (Record of Qualification for Caliber .22 Rifle, Civilian Rifle Club), DA Form 1280 (Record of Qualification For Caliber .30 Rifle, Civilian Rifle Club), and DA Form 1281 (Record of Qualification For Caliber .45 Pistol Or Revolver, Civilian Rifle Club). These forms will be furnished upon request to the Director of Civilian Marksmanship.

(i) *Failure to comply with instructions.* Failure on the part of any school to pursue each year a prescribed course of rifle practice or to comply with the regulations of this section or with any others that may be prescribed by the Director of Civilian Marksmanship, for the use, care, preservation, or accountability of any rifles or appendages or ammunition therefor issued to it by the United States, will be considered sufficient cause for the prompt withdrawal of the Government property in its possession.

§ 543.2 *Issues of rifles, ammunition, etc., to civilian shooting clubs*—(a) *Authority for issue.* The Secretary of the Army is authorized, within the limits of funds made available annually to the National Board for the Promotion of Rifle Practice in accordance with reasonable rules and regulations approved by him upon the recommendation of the National Board for the Promotion of Rifle Practice, to assist civilian shooting clubs in conducting small arms marksmanship training with military type small arms, the support, maintenance, and management of matches or competitions in the use of such arms and the issuance in connection therewith of the necessary arms, ammunition, targets and other necessary supplies and appliances, and the award to competitors of trophies, medals, badges, and other insignia. See act June 7, 1924 (43 Stat. 510), as amended (32 U. S. C. 181).

(b) *Rules for organizing clubs.* Shooting clubs which are accredited by the National Rifle Association of America may receive Government assistance through the Director of Civilian Marksmanship, Department of the Army, which is the implementing agency for the National Board for the Promotion of Rifle Practice, by completing DA Form 1271 (Application For Enrollment of a Civilian Rifle Club) and DA Form 1274 (Description of Available Range Facilities For Civilian Rifle Club), and qualify in accordance with the following regulations:

(1) (i) A senior club will maintain a membership of at least 10 physically fit citizens of the United States, 17 years of age or older, who are not eligible to participate in practice with military type arms under other programs which are administered or assisted by the Government. All members of the Armed Forces of the United States, including members of the reserve components and Reserve Officers Training Corps are considered eligible for such participation through their service connections. Such persons may become club members but they may not be counted as club members so far as reports to the Director of Civilian Marksmanship are concerned.

(ii) A junior club will maintain a membership of at least 10 physically fit citizens of the United States who have reached 12 years and have not reached 19 years of age, residing in any locality.

(iii) A junior division of a senior club will maintain a membership of at least 10 physically fit citizens of the United States who have reached 12 years of age and have not reached 17 years of age, residing in any locality. It may receive the same issues and privileges as a junior rifle club, provided such sponsoring senior club will be responsible and accountable for all property issued, such property to be secured by the senior club's bond.

(iv) A college club will maintain a membership of at least 10 physically fit civilians enrolled in any university, college, or educational institution of higher learning not having an ROTC unit. Shooting clubs organized at colleges or universities having an ROTC unit may be enrolled with the Director of Civilian Marksmanship, but will not be authorized material aid under provisions of §§ 543.1 to 543.3. Government equipment issued for ROTC training at such institutions may be used by such clubs only with approval of the PMST (Professor of Military Science and Tactics) at that institution. The rules and regulations for such clubs will be that for senior clubs, as indicated in subdivision (i) of this subparagraph, except that the club must be approved by a responsible official of the institution.

(2) All clubs enrolled with the Director of Civilian Marksmanship, Department of the Army, will carry on small-arms marksmanship training in accordance with regulations prescribed by the National Board for the Promotion of Rifle Practice and make annual reports (paragraph (f) of this section) of such training to the Director of Civilian Marksmanship. National Rifle Association accredited clubs not desiring the loan of arms as authorized by §§ 543.1 to 543.3 may also enroll with the Director of Civilian Marksmanship. However, all clubs enrolled with the Director of Civilian Marksmanship, whether they receive Government assistance or not, will agree that not less than 75 percent of its eligible members (exclusive of those associated with the Armed Forces of the United States) will fire for qualification, annually, one of the courses currently prescribed for record firing by members of the Active Army or as required by the Director of Civilian Marksmanship (subparagraph 3 of this paragraph) and that a DA Form 1277 (Annual Report of Membership and Firing of Civilian Rifle Club) will be made annually to the Director of Civilian Marksmanship. DA Form 1277 for this report will be furnished senior clubs and junior divisions of senior clubs by the Director of Civilian Marksmanship not later than 30 November of each year; report forms will be sent to junior and college clubs not later than May 1. Qualifications scores, when reported to the Director of Civilian Marksmanship, will be recorded and appropriate certificates of qualification (DA Form 1282, 1282–1, or 1282–2) or qualification badges will be issued.

(3) Qualification courses to be fired are as follows:

(i) Members of each club enrolled with the Director of Civilian Marksmanship will fire annually for qualification purposes, one of the currently prescribed Army qualification courses, National Match courses or the Director of Civilian Marksmanship smallbore course as indicated in (a) through (c) of this subdivision.

(a) *Senior and college clubs.* Members of any age may fire the caliber .22 rifle course E, the caliber .30 course, A, B, or C, or the caliber .45 pistol. See also subparagraphs (4), (5) and (6) of this paragraph.

(b) *Junior divisions of senior clubs—(1) Ages 12 through 13.* Director of Civilian Marksmanship small bore rifle course only.

(2) *Ages 14 through 16.* Director of Civilian Marksmanship smallbore rifle course and/or the caliber .22 rifle course E, as well as the Army Qualification courses A, B, and C with the caliber .30 rifle. See also subparagraph (4), (5) and (6) of this paragraph.

(c) *Junior clubs—(1) Ages 12 through 13.* Director of Civilian Marksmanship smallbore rifle course only.

(2) *Ages 14 through 18.* Director of Civilian Marksmanship smallbore rifle course and/or the caliber .22 rifle course E.

(ii) Record practice firing of a club will be conducted in accordance with the procedures governing record practice and/or for the "DCM Junior Smallbore Rifle Course" as prescribed by the Director of Civilian Marksmanship, Department of the Army. Any caliber .30 military rifle (see National Rifle Association rule 3.2) or caliber .22 rifle as defined under National Rifle Association rule 3.2 may be used. Only metallic sights may be used. The aperture front sight may not be used, unless a blade insert is installed.

(iii) Within the Army, transition firing is required to confirm scores made in firing courses, A, B, and C as well as in firing the standard course. The selected known distance course A, B, or C will be considered complete in itself for firing by civilians.

(iv) The president of a senior civilian club will designate which courses of fire will be fired for record by the members of that club including those to be fired by members of any junior division sponsored by the club. The course or courses so designated may be fired as many times during the target season as the club president directs, but only the highest complete aggregate score of each individual with each arm will be reported (paragraph (f) of this section). See also subparagraphs (4) and (5) of this paragraph.

(v) (a) Annual allowances of ammunition will not be increased on account of any club firing record courses more than once.

(b) Except when participating in competitions in which credits towards distinguished designation may be achieved, no restrictions will be placed upon the type of ammunition which will be used by civilians when firing the various Army rifle and pistol marksmanship qualification courses for record practice.

(4) Where the course of fire of any programmed individual or aggregate rifle match in an NRA Approved or Registered tournament amounts to having fired one of the qualification courses currently prescribed for the United States Army or the National Match course, the scores attained in such a match may be counted as the annual record practice firing of individuals of a club.

(5) Where the National Match course of fire with either the service rifle or service pistol comprises the programmed match (NBPRP Approved Match) in an NRA Regional Championship or in a major command competition (includes Army Area matches) scores made in those matches may also be recorded as individual record practice scores of members of clubs participating in such competitions. Likewise, scores made in the NBPRP sponsored individual rifle and pistol matches of the annual National matches may be recorded as the individual record practice scores of members of clubs participating in those competitions.

(6) Scores attained in the competitions cited in subparagraph (4) of this paragraph, will entitle the individual to a certificate of qualification. Scores attained in the competitions to which reference is made in subparagraph (5) of this paragraph, will entitle the individual to award of the appropriate Army qualification badge as is provided by § 578.61 of this chapter. Participation in the matches referred to in subparagraph (5) of this paragraph, affords the individual an opportunity to achieve a credit toward distinguished designation.

(c) *Issues—(1) Arms, ammunition, and appendages.* Arms, ammunition, and appendages will be issued only to those National Rifle Association accredited clubs which are organized and conduct target practice under rules established by the National Board for the Promotion of Rifle Practice and to organizations sponsoring competitions with small arms which are deemed eligible for such aid by the National Board for the Promotion of Rifle Practice. All issues of expendable items authorized herein are dependent upon the amount of funds made available annually to the National Board for the Promotion of Rifle Practice to cover the procurement and issue thereof. No issues of non-expendable equipment will be made to any club until it has been issued a permanent National Rifle Association charter and has been accredited by the National Rifle Association with having at least one NRA certified Rifle Marksmanship or Assistant Rifle Marksmanship Instructor and, in addition, has filed with the Director of Civilian Marksmanship an approved and accepted surety bond in accordance with the requirements set forth in pertinent Army regulations. DA Form 1272 (Bond Application For Civilian Rifle Club) will be furnished by the Director of Civilian Marksmanship, Department of the Army.

(2) *Senior clubs.* To each senior club, so far as funds will permit will be issued not more than the following:

(i) *Initial issue.*

Articles	Remarks. See paragraph (c) (1) of this section
Rifle, U. S., cal. .30, M1 with accessories, or Rifle, U. S., cal. .30, M1903A3	4 per club.[1]
Rod, cleaning, cal. .30, M3	1 per club.
Sling, gun, M1	1 per rifle.
Clips, cartridge, 8 rd. M1	2 per rifle.
Rifle, cal. .22	4 per club.[2]
Rod, cleaning, cal. .22 rifle	1 per club.[3]
Target, combination, sliding	2 per club.
Marker, target, short range	2 per club.
Marker, target, mid range	2 per club.
Flag, danger	1 per club.
Magazine, assembly, extra	1 per rifle.[3]
Rod, cleaning, jointed, M10	1 per club.
Telephones, EE–8	2 per club.
Wire, W–110–B	As authorized by the Director of Civilian Marksmanship.
Rack, arms, combination, M3	1 per 20 rifles.[4]

[1] Where the members of any 1 club who participate in rifle practice in any 1 year does not exceed 25. If more than 25 members of any club participate in any 1 year, then 1 additional rifle may be authorized for each additional 10 of such members, or fraction thereof, the total of such rifles issued not to exceed 8 to any 1 club. Model of rifle to be determined by the Director of Civilian Marksmanship.

[2] Only when sufficient quantities are available above the needs of schools and junior rifle clubs.

[3] To fit model of .22 caliber rifle issued.

[4] A minimum of 5 rifles will be necessary to obtain 1 rack. Additional target carriers, marking disks, and flags may be issued when in the opinion of the Director of Civilian Marksmanship, the range facilities, the membership of the club, and its activities warrant such issue.

(ii) *Annual issue.*

Articles	Remarks. See paragraph (c) (1) of this section
Cartridges, ball, cal. .30	To be issued to nearest full case on basis of 135 rounds per member firing, but not to exceed 13,500 rounds per club.
Cloth, target, 72 inches wide	15 yards per club.
Disk, target, spotter, 3-inch	20 per club.
Disk, target, spotter, 5-inch	10 per club.
Spindles, target, spotter	30 per club.
Pasters, target, buff and black	20,000 per club.
Targets, paper, outdoor; Centers, repair, target	As authorized by the Director of Civilian Marksmanship on basis of course of fire.

Articles	Remarks. See paragraph (c) (1) of this section
Targets, gallery, 50-foot	1,000 per club.
Cleaner, rifle bore	2 qts. per club.
Grease, lubricating, rifle (RS), 5 cc. container	2 per M1 rifle.
Oil, lubricating, preservative, special (PS)	2 qts. per club.
Patches, cut, canton flannel	400 per weapon.
Soap, saddle	1 lb. per club.

(3) *Junior clubs.* To each junior rifle club, so far as funds will permit, will be issued not more than the following:

(i) *Initial issue.*

Articles	Remarks. See paragraph (c) (1) of this section
Rifle, cal. .22 [1]	2 per club.[2]
Rods, cleaning, cal. .22, M1, or M2	1 per 2 rifles.
Slings, gun, M1	1 per rifle.
Magazine, assembly, extra	1 per rifle.[3]
Rack, arms, combination, M3	1 per 20 rifles.[4]

[1] Rifle, U. S. caliber .22 and/or any rifle, caliber .22 available at time of issue, every effort being made to ascertain that all caliber .22 rifles issued to 1 club will be the same make and model.

[2] If more than 10 members of a junior rifle club participate in target practice in any 1 year then 1 additional rifle for each additional 5 of such members, the total of such rifles issued not to exceed 10 to any junior club.

[3] To fit model of caliber .22 rifle issued.

[4] A minimum of 5 rifles will be necessary to obtain 1 rack.

(ii) *Annual issue.*

Articles	Remarks. See paragraph (c) (1) of this section
Cartridges, ball, cal. .22 long rifle	To be issued to nearest full case on basis of 135 rounds per member firing, but not to exceed 13,500 rounds per club.
Targets, galley, 50 foot	As authorized by the Director of Civilian Marksmanship.
Cleaner, rifle bore	1 qt. per club.
Oil, lubricating, preservative, spl	1 qt. per club.
Patches, cut, canton flannel	2,000 per club.

(4) *Rifle clubs at educational institutions.* Issues to rifle clubs at educational institutions will be made only upon request of the instructor approved by the principal or president of the school.

(5) *Additional issues.* When considered by the Director of Civilian Marksmanship to be essential, issue of additional arms and appendages may be made to enrolled clubs, where needed for the purpose of participating in rifle and pistol competitions conducted within the intent and scope of AR 370–10 (Small Arms Competition) and the regulations of §§ 543.1 to 543.4 governing the promotion of small arms marksmanship training among civilian citizens. Funds permitting, additional issues also may be made of ammunition, target materials, and range supplies in types and quantities warranted by such activities approved by the Director of Civilian Markmanship.

(d) *Requisitions*—(1) *Annual issues.* All annual issues will be made on DA Form 1273 (Requisition for Articles Authorized for Issue to the Civilian Rifle Club), to the Director of Civilian Marksmanship.

(2) *Arms, appendages, and target material.* Issues of arms, target carriers, and other target material will be made upon requisition to the Director of Civilian Marksmanship, Department of the Army, submitted by the club secretary. DA Form 1273 must state the number of members of the club in good standing (items 3 of Form 1273) and, if an initial issue, must be accompanied by Form 1274 giving a description of the tract available for an outdoor range, including location and protection afforded nearby residents; whether owned or leased by club, and if leased the number of years covered by same. A similar report (on Form 1274) must be submitted as to an indoor range when requisition is made for material for such.

(e) *Property*—(1) *Care and safekeeping of arms and equipment.* (i) The officials together with each individual member of clubs are responsible for the care, use, and safekeeping of arms, ammunition, and equipment which have been loaned or issued to their club and for seeing that proper precautions are taken to prevent Government property from being improperly used and from falling into hands of irresponsible persons. Provision must be made for safe storage and use of arms, ammunition, and equipment. Rifles issued to civilian clubs are subject to recall in the event of an emergency.

(ii) The clubs to which issues of nonexpendable property are made will be required to keep said property in like good and serviceable condition as when issued by the Government, and for this purpose the repair parts, implements, and appendages necessary for that purpose will be sold to them at cost price.

(2) *Sales.* When ammunition and other expendable supplies indicated in paragraph (c) of this section are not available for free issue to clubs enrolled with the Director of Civilian Marksmanship, said items may be purchased from the Army Ordnance Corps in accordance with the provisions of pertinent Army regulations. As authorized or directed by the Commanders of Ordnance Ammunition Command, Joliet, Illinois, Raritan Arsenal, Metuchen, New Jersey, or Ordnance Weapons Command, Rock Island, Illinois, sales of Ordnance expendable property necessary for the maintenance of the equipment listed in paragraph (c) of this section, or for the conduct of required small arms marksmanship training as indicated in paragraph (a) of this section, may be made by commanding officers of any United States Army Ordnance installation located within the continental United States. All such sales will be for cash and without expense to the Government. Prices charged will be the standard list prices contained in Ordnance pricing guides, plus cost of packing, handling, transportation, and such excise taxes as are applicable. Requests for purchase of such Ordnance items will be forwarded by an officer of the club and countersigned by another responsible club official, properly certified that "the requested material is required for the maintenance of issued arms or conduct of marksmanship training pursuant to AR 920–20," direct to Ordnance Ammunition Command for ammunition items; Raritan Arsenal, for cleaning and preserving materials; and Ordnance Weapons Command for all other items. The sale of Ordnance non-expendable property will be made as directed only by the Commanding General, Ordnance Weapons Command, Rock Island, Illinois.

(3) *Transportation.* The transportation of rifles, spare parts, appendages, and other supplies from the Government arsenals to clubs and back to the Government arsenals will be without expense to the United States.

(4) *Inspection.* Rifles, appendages, and equipment therefor which become unfit for use for any cause will be reported at once to the Director of Civilian Marksmanship, Department of the Army, by the responsible holder of such property. Upon receipt of such report, the Director of Civilian Marksmanship, Department of the Army, will issue shipping instructions direct to the club for the return of the unserviceable arms, appendages, and equipment, to a designated arsenal, shipment to be made without expense to the Government. Upon reaching the arsenal, they will be inspected by an officer of the Ordnance Corps, and if their condition is found to be due to the ordinary incidents of service they may be replaced with serviceable stores of like specifications; but if their condition is found to be due to carelessness or to other than legitimate causes, the extent of damage including the value of all missing stores will be determined by the receiving officer and reported to the Director of Civilian Marksmanship, Department of the Army, who will require payment by the club (responsible party) under their surety bond prior to any new issue of rifles or appendages.

(5) *Return.* Whenever any club fails to return the arms and appendages therefor in its charge within 30 days after demand made by the Director of Civilian Marksmanship, or within such time as may be designated by him, claim will be made under the club's surety bond.

(f) *Annual reports.* Senior clubs and junior divisions of senior clubs will submit annually, as directed by the Director of Civilian Marksmanship, DA Form 1277 and DA Form 1275 (Annual Inventory of U. S. Property Held by Civilian Rifle Club), if it has been issued any Government property. These forms will be submitted no later than 30 days after the end of each calendar year by or through the club secretary of each club. DA Forms 1275 and 1277 will be supplied by the Director of Civilian Marksmanship on or about 30 November, annually. Junior and college clubs will submit annually the above-mentioned reports no later than 30 days after the end of the school or fiscal year. Appropriate certificates of qualification will be issued to those qualifying in rifle and pistol marksmanship based upon information contained in the Records of Qualification (DA Form 1278 through 1281) provided by the Director of Civilian Marksmanship.

(g) *Range facilities.* Any changes made in range facilities of a club over those submitted initially, will be prompty reported to the Director of Civilian Marksmanship. Range facilities will be constructed and operated in compliance with applicable safety regulations for the type ranges (both indoor and outdoor) and caliber of weapons being fired.

(h) *Failure to comply with regulations.* Failure on the part of any rifle club to comply with the regulations in this section, or with any others that may be prescribed by the Department of the Army, for the use, care, preservation, or accountability of any equipment issued to it by the United States will be considered sufficient cause for the prompt withdrawal of the Government property in its possession and removal of the club from the active rolls of the Director of Civilian Marksmanship.

(i) *Clubs located on military installations.* The National Board for the Promotion of Rifle Practice is not authorized to provide assistance to clubs established at any military installation unless such clubs have a minimum of 10 nonmilitary members (paragraph (b) of this section) and such clubs are located within the continental limits of the United States, Alaska, Guam, Hawaii, Panama Canal Zone, or the Commonwealth of Puerto Rico.

[AR 920–20, 5 April 1955] (38 Stat. 370, secs. 40, 113, 39 Stat. 191, as amended, 211 sec. 35, 41 Stat. 780, 43 Stat. 510, as amended; 10 U. S. C. 1180, 1181, 1185, 32 U. S. C. 181, 186. Interpret or apply sec. 2, 45 Stat. 786, as amended; 32 U. S. C. 181b)

[SEAL] JOHN A. KLEIN,
Major General, U. S. Army,
The Adjutant General.

[F. R. Doc. 55–3826; Filed, May 11, 1955; 8:45 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circular No. 1909]

PART 194—POTASSIUM PERMITS AND LEASES

This part supersedes the regulations approved December 2, 1954, by the Secretary of the Interior, and is effective 30 days after approval hereof.

GENERAL

Sec.
194.1 Statutory authority.
194.2 Definitions.
194.3 Area and limitation on holdings.
194.4 Qualifications of applicant.
194.5 Completion of pending applications and prior claims.
194.6 Permits and leases for lands disposed of with reservation of potassium.
194.7 Requirements when lands are within a withdrawal.

POTASSIUM PROSPECTING PERMITS

194.8 Application for permit.
194.9 Rights conferred.
194.10 Permit bond.
194.11 Extension of permits.
194.12 Cancelled permits.
194.13 Reward for discovery.

POTASSIUM LEASES

194.14 Form of lease.
194.15 Lease bond.
194.16 Minimum production.
194.17 Application for lease.
194.18 Notice of lease offer.
194.19 Bid deposits.
194.20 Award of lease.
194.21 Readjustment of terms and conditions at end of twenty-year periods.
194.22 Relinquishment of lease.
194.23 Cancellation of lease.

TRANSFER OF PERMITS AND LEASES

194.24 Transfers, including subleases.
194.25 Overriding royalties.

AUTHORITY: §§ 194.1 to 194.25 issued under sec. 32, 41 Stat. 450; 30 U. S. C. 189. Interpret or apply secs. 1–7, 44 Stat. 1057, 1058, as amended, 47 Stat. 151, 60 Stat. 957, 62 Stat. 292; 30 U. S. C. 281–287.

GENERAL

§ 194.1 *Statutory authority.* (a) Sections 1 to 7 of the act of February 7, 1927, as amended (44 Stat. 1057, 30 U. S. C. secs. 281–287), authorize the Secretary of the Interior to:

(1) Issue permits to prospect for chlorides, sulphates, carbonates, borates, silicates, or nitrates of potassium in public lands or in public lands disposed of with a reservation of such deposits to the United States.

(2) Lease such lands containing valuable deposits of such substances.

(b) As authorized in section 4 of the act, potassium leases may also provide for the development of sodium, magnesium, aluminum, or calcium deposits, in any of the forms described in said section, associated with the potassium deposits.

§ 194.2 *Definitions.* The following terms, as used in this part or in any lease or permit approved under the regulations in this part, shall have the meanings here given:

(a) *Secretary.* The Secretary of the Interior or any person duly authorized to exercise the powers vested in that officer.

(b) *Director.* The Director of the Bureau of Land Management or any person duly authorized to exercise the powers vested in that officer.

(c) *Land Office, or appropriate land office.* The land office of the Bureau of Land Management for the State or Territory in which the lands covered by a permit, lease, or application therefor, are situated; and for States in which there are no land offices, the Bureau of Land Management, Washington 25, D. C., except for North or South Dakota, the land office at Billings, Montana; for Nebraska or Kansas, the land office at Cheyenne, Wyoming; and for Oklahoma, the land office at Santa Fe, New Mexico.

(d) *Manager or Land Office Manager.* The Manager of the appropriate land office as defined in paragraph (c) of this section, and, as to the Washington, D. C., office, the Supervisor, Eastern States Office, Bureau of Land Management.

(e) *Mining Supervisor.* The Regional Mining Supervisor of the Geological Survey for the region in which the lands under permit or lease are situated.

§ 194.3 *Area and limitation on holdings.* (a) Except where the rule of approximation applies, a lease or permit may not include over 2,560 acres in reasonably compact form entirely within a 6-mile square. No person, association, or corporation may hold, either directly or indirectly, in any one State, permits for an area that exceeds in the aggregate 51,200 acres; and, except as hereinafter provided, leases for an area that exceeds in the aggregate 15,360 acres.

(b) Any person, association, or corporation holding acreage approximating 15,360 acres of Federal land in a single operating mining unit and refining development, upon a showing that the leased deposits extend into adjoining or adjacent Federal lands and that the lands containing such reserves are a necessary and normal part of the mining unit may file an application with the Manager to have such adjoining or adjacent Federal lands (including lands under lease, permit lands subject to lease, or unleased lands) designated as fringe acreage that will not be chargeable under paragraph (a) of this section to leasehold acreage holdings of the applicant. If the Manager shall determine, after consultation with the Mining Supervisor, that the application meets the above requirements and that such designation will result in conservation of natural resources and will provide for economical and efficient recovery as a part of the mining unit, he may designate specific tracts by legal subdivisions not to exceed 2,360 acres in all as nonchargeable to the applicant under paragraph (a) of this section. The intent of this provision is that fringe area deposits not to exceed 2,560 acres may be held without acreage charge upon acquisition of mining rights therein by the applicant. A designation of fringe acreage under this section shall not constitute a determination that the deposits therein shall be mined only by the applicant.

(c) The Manager, after consultation with the Mining Supervisor, may permit a lessee holding an active mining unit to hold leases for additional acreage not to exceed 10,240 acres in all as a separate mining unit when such permission is found to be in the public interest and will encourage prospecting for additional reserves. Such permission may be conditioned upon a requirement for construction of additional refining facilities.

§ 194.4 *Qualifications of applicant.* (a) As used in this section, "applicant" means an applicant for a permit under

§ 194.8, for a lease under § 194.13, for a noncompetitive lease under § 194.17, the successful bidder to whom a lease is awarded under § 194.20, or an assignee or transferee under § 194.24.

(b) Permits and leases may be issued to citizens of the United States, association of citizens, and corporations organized under the laws of the United States or of any State or Territory thereof.

(c) All applicants must file with the Manager statements and evidence as follows (unless previously filed, in which event a reference by serial number to the record and the land office in which filed, together with a statement as to any amendments, will be accepted):

(1) As to citizenship, whether native born or naturalized.

(2) If applicant is an association (including a partnership), it must submit a certified copy of the articles of association and the same showing as to the citizenship and holdings of its members as required of an individual.

(3) A corporation must submit a statement showing:

(i) The State in which it is incorporated.

(ii) That it is authorized to hold leases for potassium deposits and that the person executing an instrument on behalf of the corporation is authorized to act in such matters.

(iii) The percentage of voting stock and of all the stock owned by aliens for those having addresses outside of the United States. When the stock owned by aliens is over 10 percent, additional information may be required.

(iv) The name, address, citizenship, and acreage holdings of any stockholder owning or controlling 20 percent or more of the stock of any class, of the corporation.

(4) That holdings do not exceed the acreage limitations specified in § 194.3.

§ 194.5 *Completion of pending applications and prior claims.* (a) Section 6 of the act of February 7, 1927, supra, which repealed the act of October 2, 1917 (40 Stat. 297), excepts valid claims existing at the passage of the act and thereafter maintained in compliance with the law under which initiated, which claims may be perfected under such law, including discovery.

(b) As to potassium mining claims, only those claims may be patented which were initiated prior to and were valid existing claims on October 2, 1917, and have since been duly maintained as such.

§ 194.6 *Permits and leases for lands disposed of with reservation of potassium.* Where lands included in a permit or lease have been disposed of with reservation of potassium deposits, a permittee or lessee must make full compliance with the law under which such reservation was made. See the acts of July 17, 1914 (38 Stat. 509; 30 U. S. C. 121–123); December 29, 1916 (39 Stat. 862; 43 U. S. C. 291–301); June 17, 1949 (63 Stat. 201); June 21, 1949 (63 Stat. 215; 30 U. S. C. 54), and August 13, 1954 (68 Stat. 708), and other laws authorizing such reservations.

NOTE: As provided in paragraph 3 of notice of October 16, 1951, 16 F. R. 10669, potash permits and leases including renewals for "Potash Area lands" within Eddy and Lea Counties, New Mexico, shall contain special requirements for the protection of oil and gas deposits.

§ 194.7 *Requirements when lands are within a withdrawal.* Where any part of the lands embraced in an application for potassium permit or lease is within a withdrawal which does not preclude disposition of the potassium deposits, the head of the Government agency having control will be called upon for a report as to whether there is any objection to the granting of a potassium permit or lease. Where he recommends that a special stipulation be required to protect the interests of the United States, an appropriate stipulation may be included in the lease or permit.

POTASSIUM PROSPECTING PERMITS

§ 194.8 *Application for permit.* An application for a permit must be filed in duplicate in the appropriate land office. A filing fee of $10, which will be retained as a service charge in any event, must accompany the application. No specific form of application is required, but the application should include the information and evidence called for in §§ 194.4 and 194.17 (a) (1) and (2).

§ 194.9 *Rights conferred.* Two-year permits issued on Form 4–128 [1] grant the permittee the exclusive right to prospect and explore the lands described therein to determine the existence of, or workability of, the potassium deposits. Only such material may be removed from the land as is necessary to experimental work or the demonstration of the existence of such deposits in commercial quantities.

§ 194.10 *Permit bond.* Prior to the issuance of a permit for lands entered or patented with a reservation of the potassium deposits to the United States, or lands within a reclamation project, the applicant must furnish an approved corporate surety bond of at least $1,000 (Form 4–1130) or a personal bond in similar amount (Form 4–1131) secured by negotiable Federal securities in the amount of the bond. The right is reserved to require the applicant, in any case where deemed necessary, to furnish a permit bond.

§ 194.11 *Extension of permits.* Potassium permits may be extended for a single period of two years if the permittee has drilled at least one adequate test well on the permit area or performed other comparable prospecting prescribed in the permit during the two-year period for which the permit was issued. This requirement may be waived, in the discretion of the Secretary, upon a satisfactory showing that the failure of permittee was directly attributable to the shortage of equipment or labor essential to the prescribed prospecting. The showing should consist of copies of timely correspondence or other evidence demonstrating the unsuccessful efforts to obtain the material or labor. The application for extension must be filed in duplicate in the appropriate land office within the period beginning 90 days prior to the date of expiration of the permit. Upon failure of permittee to file such an application within the specified period, the permit will expire without notice to the permittee, and the lands will be subject to new applications for potassium permits.

§ 194.12 *Cancelled permits.* Upon cancellation of a potassium permit for any reason, the land will not be open to potassium permit applications until the cancellation is noted on the records of the land office.

§ 194.13 *Reward for discovery.* (a) A permittee who discovers valuable potassium deposits in the land before the permit expires is entitled to a preference right lease of all or part of the lands in the permit, in a reasonably compact form as provided in § 194.3. An application for a preference right least must be filed in the appropriate land office not later than 30 days after the permit expires. The application must describe the lands desired, show any change in the information contained in the application for permit, specify fully the extent and mode of occurrence of the deposits as disclosed by the prospecting work, and show that valuable potassium deposits were discovered before the permit expired. The application must be accompanied by the first year's lease rental at the rate of 25 cents per acre or fraction thereof. The lease will be on Form 4–126 and will be dated the first day of the month following the date of the decision notifying the applicant that he is entitled to a preference right lease, unless otherwise specified therein. If the permit expires and the application for lease is finally rejected, royalty for the deposits mined will be charged at the permit rate and such mining will not constitute a trespass.

(b) If the lands are unsurveyed, the permittee, prior to the issuance of a lease, will be required to deposit with the appropriate State Supervisor the estimated cost of making a survey of the lands as officially determined by the Bureau of Land Management. This survey will be an extension of the public land surveys over the lands applied for, and the lands to be included in the lease will be conformed to the subdivision of such survey.

POTASSIUM LEASES

§ 194.14 *Form of Lease.* Leases shall be issued on Form 4–126.

§ 194.15 *Lease bond.* A compliance bond, in no event less than $5,000, with approved corporate surety (Form 4–1113) or the lessee's personal bond (Form 4–1114), will be required prior to the issuance of a lease. Personal bonds must be secured by negotiable Federal securities in the amount of the bond.

§ 194.16 *Minimum production.* Leases will require the payment of a royalty on a minimum annual production beginning with the sixth full calendar lease year, unless operations are interrupted by strikes, the elements, or casualties not attributable to the lessee, or unless, on application and showing made, lease operations are suspended by the Department of the Interior for the reasons specified in section 39 of the Mineral Leasing Act [2] (30 U. S. C. 209).

§ 194.17 *Application for lease.* [3] (a) An application for a lease must be filed in duplicate in the appropriate land office. A filing fee of $10, which will be retained as a service charge in any event, must accompany the application. No specific form is required, but the application should include the following:

(1) The applicant's name and address.

(2) If the requested lands are surveyed, they should be described by legal subdivisions, showing meridian, State, township, range, and section; if not surveyed, by metes and bounds connected by courses and distance with some corner of the public land survey. When possible, the approximate legal subdivision of unsurveyed lands should be stated.

(3) Evidence that the land is valuable for its potassium content, with a statement as to the character, extent and mode of occurrence of the potassium deposits.

(b) The application must be signed by applicant, or by his attorney-in-fact supported by the power of attorney.

(c) If it be found that the area applied for is not available for leasing, the applicant will be so informed.

(d) Lands determined to be available for leasing may be offered competitively in the manner specified in § 194.18 except that if the Manager, after consulting with the Mining Supervisor, determines that the potassium deposits in the lands applied for extend into an active mining unit held by the applicant, are a normal part of such mining unit, are lacking in sufficient reserves to warrant independent development as a single mining unit, and are not of competitive interest to holders of other active mining units in the area, he may, in the interest of conservation of natural resources, grant to such applicant a lease to mine and remove such adjoining deposits without competitive bidding. A noncompetitive lease granted under this subsection shall provide for a royalty on production equal to the highest rate of royalty in any Federal lease in the applicant's adjoining mining unit but not less than 5 percent of the gross value thereof at the point of shipment to market, and, at the option of the applicant to be exercised at the time of filing of his application, either a cash bonus of $15.00 per acre or fraction thereof or a production payment of one cent per mine run ton in addition to the royalty specified in the lease. Acreage bonuses must be paid at the time of filing of application. Production payments will be made in the manner prescribed in section 2 (c) of lease Form 4–126.

§ 194.18 *Notice of lease offer.* The advertised notice of the lease offer will state the place and time of sale, whether the sale will be at public auction or by sealed bids, the description of the land and the place where a detailed statement of the terms and conditions of the lease offer may be obtained. This notice will be published at Government expense, once a week for four consecutive weeks or for such other period as may be determined, in a newspaper of general circulation in the county in which the lands or deposits are situated. A copy of the advertised notice will be posted in the appropriate land office during the period of publication. The detailed statement will set forth the terms and conditions of the sale, including rental, royalty, and minimum production, the manner in which bids may be submitted, and a statement that the Government reserves the right to reject any and all bids. The commission of any act of intimidation of bidders, or the combination of bidders to hinder or prevent bidding, is unlawful. See 18 U. S. C. 1860.

§ 194.19 *Bid deposits.* The successful bidder at a sale by public auction must deposit with the Manager of the Land Office, or the officer conducting the sale, on the day of the sale, and each bidder at a sale by sealed bids must submit with his bid, certified check, cashier's check, bank draft, money order or cash for one-fifth of the amount of the bid.

§ 194.20 *Award of lease.* Upon receipt of the high bid at, and at the close of, an oral auction, or the opening of the sealed bids, the Manager, subject to his right to reject any and all bids, will award the lease to the successful bidder, who will be notified accordingly. Four copies of the lease will be sent to the successful bidder, who will be required to execute them within 30 days from receipt thereof, pay the balance of the bonus bid, the first year's rental, file a bond as required by § 194.15, and furnish evidence of qualifications as required by § 194.4. If a bidder, after being awarded a lease, fails to execute it or otherwise comply with the applicable regulations, his deposit will be forfeited and disposed of as other receipts under the Mineral Leasing Act.

§ 194.21 *Readjustment of terms and conditions at end of twenty-year periods.* The terms and conditions of a lease are subject to reasonable readjustment at the end of each twenty-year period succeeding the date of the lease, unless otherwise provided by law at the time of the expiration of such periods. The lessee will be notified of the proposed readjustment of terms or that no readjustment is to be made. The effective date of readjustment shall be the end of the respective twenty-year period or the first of the month following receipt by the lessee of notice of readjustment, whichever is the later. Unless the lessee files objection to the proposed terms, or a relinquishment of the lease within 30 days after receipt of the notice, he will be deemed to have agreed to such terms.

§ 194.22 *Relinquishment of lease.* Upon a satisfactory showing that the public interest will not be impaired, the lessee may surrender the entire lease or any legal subdivision thereof. A relinquishment must be filed in duplicate in the appropriate land office. Upon its acceptance it shall be effective as of the date it is filed, subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to provide for the preservation of any mines or productive works or permanent improvements on the leased lands in accordance with the regulations and terms of the lease.

§ 194.23 *Cancellation of lease.* If the lessee fails to comply with the general regulations in force at the date of the lease, or at the effective date of any readjustment of the terms and conditions thereof under section 194.21, or defaults with respect to any of the terms, covenants, or stipulations of the lease, and such failure or default continues for 30 days after service of written notice thereof by the lessor, then the lessor may bring appropriate court proceedings to forfeit and cancel the lease as provided in section 31 of the Mineral Leasing Act (30 U. S. C. 188). A waiver of any particular cause of forfeiture shall not prevent the cancellation and forfeiture of the lease for any other cause, or for the same cause occurring at any other time.

TRANSFERS OF PERMITS AND LEASES

§ 194.24 *Transfers, including subleases.* (a) Permits and leases may be transferred in whole or in part. The approval of a transfer of part of the lands in a permit or lease will create a new permit or lease for the transferred portion. A discovery made before or after the partial assignment, either on the retained or the assigned portions will not inure to the benefit of the other, nor will approval of a transfer extend the life of the permit or the readjustment periods of the lease. Transfers, whether by direct assignments, operating agreements, subleases, working or royalty interests, or otherwise, must be filed for approval in duplicate at the land office within 90 days after execution. Evidence of the qualifications of the assignee or transferee to hold the permit or lease, as required by § 194.4 must be submitted simultaneously. Before a transfer of a permit or lease will be approved, the consent of the surety to the substitution of the transferee as principal, or a new bond with the transferee as principal, must be submitted if the original permit or lease required the maintenance of a bond. If the transfer is for part of the land only, it must be for a legal subdivision and (1) the consent of the surety to the transfer and its agreement to remain bound as to the interest retained by the permittee or lessee must be submitted, as well as (2) a new bond with the transferee as principal covering the portion of the lands transferred. The account under the permit or lease must be in good standing before approval of transfer will be given. A

[1] A copy of this, as well as of every other form mentioned in this Part, may be obtained from any land office or from the Director, Bureau of Land Management, Washington 25, D. C. Copies of Forms 4–126 and 4–128 were filed with the Federal Register Division as part of the original document.

[2] See showing required under § 191.26 of this chapter, as amended.

[3] Potash lands and deposits in or adjacent to Searles Lake, California, are subject only to lease by competitive bidding, except as to potash mining rights included in sodium permits and leases issued under Part 195 of this chapter.

transfer will take effect the first day of the month following its approval, or if the transferee requests, the first day of the month of the approval.

(b) An application for approval of any instrument transferring a lease or permit, or interest therein, must be accompanied by a service fee of $10. An application not accompanied by such a fee will not be accepted. The fee will not be returned even though the application is later withdrawn or rejected.

§ 194.25 *Overriding royalties.* (a) An overriding royalty interest may be created by assignment or otherwise: *Provided, however,* That if the total of the overriding royalty interest at any time exceeds one percent of the gross value of the output at the point of shipment to market, it shall be subject to reduction or suspension by the Secretary to a total of not less than one percent of such gross value, whenever, in the interest of conservation, it appears necessary to do so in order (1) to prevent premature abandonment, or (2) to make possible the economic mining of marginal or low grade deposits. Where there is more than one overriding royalty interest, any such suspension or reduction shall be applied to the respective interests in the manner agreed upon by the holders thereof or in the absence of such agreement, in the inverse order of the dates of creation of such interests.

(b) Any assignment, sublease, or other transfer or agreement which creates an overriding royalty interest, will not be approved unless the owner of that interest files his agreement in writing that such interest is subject to suspension or reduction as provided in paragraph (a) of this section. No overriding royalties shall be paid at a rate in excess of the rate to which they have been so reduced until otherwise authorized by the Secretary.

DOUGLAS MCKAY,
Secretary of the Interior.

MAY 6, 1955.

[F. R. Doc. 55-3830; Filed, May 11, 1955; 8:46 a. m.]

Appendix C—Public Land Orders

[Public Land Order 1145]

ARKANSAS

REVOKING PUBLIC LAND ORDER NO. 834 OF MAY 23, 1952 WHICH RESERVED PUBLIC LANDS FOR FOREST MANAGEMENT PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Public Land Order No. 834 of May 23, 1952, reserving certain public lands in Arkansas for forest management purposes, which was partially revoked by Public Land Order No. 942 of February 17, 1954, is hereby revoked. The lands affected by this order are described as follows:

FIFTH PRINCIPAL MERIDIAN

Tps. 12 and 13 N., R. 8 W., South and West of White River.
T. 14 N., R. 8 W., West of White River.
Tps. 12, 13, 14, and 15 N., R. 9 W., South of White River.
Tps. 12, 13, 14, and 15 N., R. 10 W., South of White River.
Tps. 12 to 15 N., R., 11 W.
Tps. 12 to 15 N., R. 12 W.
Tps. 12 to 15 N., R. 13 W.
Tps. 12 and 13 N., R. 14 W.
Tps. 10 to 13 N., R. 15 W.
Tps. 10 to 13 N., R. 16 W.
Tps. 11 to 14 N., R. 17 W.
T. 15 N., R. 18 W.
T. 15 N., R. 24 W.
Tps. 13 to 15 N., R. 25 W.
T. 14 N., R. 26 W.
T. 13 N., R. 30 W.
T. 13 N., Rs. 31 and 32 W.

The public lands in the areas described aggregate approximately 44,000 acres.

The lands are rough and mountainous. The soils are sedimentary in origin and consist of consolidated and unconsolidated sand, clay and limestone. They have no value for agricultural use other than low value woodland grazing and are not suitable for small tract development due to rough terrain, lack of ready access, poor water supply, and remoteness.

No application for the lands may be allowed under the homestead, small tract, or any other nonmineral public-land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon the consideration of an application. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

This order shall not otherwise become effective to change the status of the described lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall become subject to application, petition, location and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws, and the 91-day preference-right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Veterans preference-right applications under the said act of September 27, 1944, may be filed on or before 10:00 a. m. on the 35th day after the date of this order, and those covering the same lands shall be treated as though simultaneously filed at that time. Applications filed under the act after that time and during the succeeding 91 days shall be considered in the order of filing. Applications by the general public under the public-land laws, filed on or before 10:00 a. m. on the 126th day after the date of this order shall be treated as though simultaneously filed at that time, where the applications are for the same lands; otherwise, priority of filing shall govern.

Inquiries regarding the lands shall be addressed to the Supervisor, Eastern States Office, Bureau of Land Management, Washington 25, D. C.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

MAY 6, 1955.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

PART 1—GENERAL RULES OF PRACTICE

PROCEDURE OF MOTOR CARRIER BOARD

MAY 6, 1955.

Pursuant to action in conference on April 18, 1955, the Commission announces amendment of the special rules of practice governing the procedure of the Motor Carrier Board by adding thereto a rule to specify the number of copies required of pleadings, documents, or papers filed under those rules. The special rules, as amended are:

§ 1.225 *Special rules of practice governing the procedure of the Motor Carrier Board, as amended April 18, 1955.* (a) The proceedings of the Motor Carrier Board shall be informal. No transcription of such proceedings will be made. Subpoenas will not be issued and, except when applications or petitions are required to be attested, oaths will not be administered.

(b) Petitions for reconsideration of the action of the Motor Carrier Board may be filed by any interested party with the Commission for the attention of the designated appellate division within 30 days following service of notice of such action. In all other respects, except as otherwise provided by paragraph (c) of this section, such petitions and the answers thereto will be governed by the Commission's general rules of practice.

(c) The original and four copies of every pleading, document, or paper permitted or required to be filed under this section, shall be furnished for the use of the Commission.

(Secs. 12, 17, 24 Stat. 383, as amended, 385, as amended, 49 Stat. 546, as amended, 548, as amended, sec. 201, 54 Stat. 933, sec. 1, 56 Stat. 285; 49 U. S. C. 12, 17, 304, 305, 904, 1003)

HAROLD D. MCCOY,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 130]

CROW INDIAN IRRIGATION PROJECT, MONTANA

OPERATION AND MAINTENANCE CHARGES

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Public Law 404, 79th Congress, 60 Stat. 238), and authority contained in the acts of Congress approved August 1, 1914; May 18, 1916; and March 7, 1928 (38 Stat. 583, 25 U. S. C. 385; 39 Stat. 142; and 45 Stat. 210 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs (Order No. 2508; 14 F. R. 258), and by virtue of authority delegated by the Commissioner of Indian Affairs to the Area Director (Bureau Order No. 551, Amendment No. 1; 16 F. R. 5454–7), notice is hereby given of intent to modify §§ 130.13a, 130.13b and 130.13c of Title 25, Code of Federal Regulations, dealing with irrigable lands of the Crow Indian Irrigation Project, Montana, that are subject to the jurisdiction of the several irrigation districts.

Charges applicable to all irrigable lands of the Crow Indian Irrigation Project that are included in the irrigation district organizations and are subject to the jurisdiction of the three irrigation districts.

§ 130.13a *Big Horn Irrigation District, Crow Indian Reservation, Montana; charges.* Pursuant to a contract executed by the Big Horn Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $2.50 per acre is hereby fixed for the season of 1956 and subsequent years until further notice, for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines and under the jurisdiction of the Big Horn Irrigation District. This assessment is applicable to an area of approximately 7,582 acres; does not include any lands held in trust for Indians and covers all proper general charges and project overhead.

§ 130.13b *Lower Little Horn and Lodge Grass Irrigation District, Crow Indian Reservation, Montana; charges.* (a) Pursuant to a contract executed by the Lower Little Horn and Lodge Grass Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $2.50 per acre is hereby fixed for the season of 1956 and subsequent years until further notice, for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District. This assessment is applicable to an area of approximately 2,463 acres; does not include any lands held in trust for Indians and covers all proper general charges and project overhead.

(b) Pursuant to a second contract executed by the above district and approved by the Assistant Secretary of the Interior on June 28, 1951, notice is hereby given that an assessment of ten cents ($0.10) per acre is hereby fixed for the season of 1956 and subsequent years until further notice, for the operation and maintenance of the Willow Creek storage works which serve storage water either directly or by substitution to that portion of the project within the confines and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District.

§ 130.13c *Upper Little Horn Irrigation District, Crow Indian Reservation, Montana; charges.* (a) Pursuant to a contract executed by the Upper Little Horn Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $2.50 per acre is hereby fixed for the season of 1956 and subsequent years until further notice for the operation and maintenance of the irrigation systems which serve storage water either directly or by substitution to that portion of the project within the confines and under the jurisdiction of the Upper Little Horn Irrigation District. This assessment includes an area of approximately 1,461 acres; does not include any lands held in trust for Indians and covers all proper general charges and project overhead.

(b) Pursuant to a second contract executed by the above district and approved by the Assistant Secretary of the Interior on June 28, 1951, notice is hereby given that an assessment of ten cents ($0.10) per acre is hereby fixed for the season of 1956 and subsequent years until further notice, for the operation and maintenance of the Willow Creek storage works which serve storage water either directly or by substitution to that portion of the project within the confines and under the jurisdiction of the Upper Little Horn Irrigation District.

(Secs. 1, 3, 36 Stat. 270, 272, as amended; 25 U. S. C. 385)

The foregoing proposed amendments are to become effective for the irrigation season of 1956 and continue in effect thereafter until further notice.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views, data or arguments in writing to the Area Director, Bureau of Indian Affairs, 804 North 29th Street, Billings, Montana, within thirty days from the date of publication of this notice in the daily issue of the FEDERAL REGISTER.

J. M. COOPER,
Area Director.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 240]

SOLICITATIONS OF PROXIES

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Securities and Exchange Commission has under consideration adoption of a proposed § 240.14b–1 (Rule X-14B–1) with regard to the circumstances under which certain members, brokers or dealers may give proxies, consents, or authorizations in respect of a security registered on a national securities exchange and carried for the account of a customer. The proposed action would be taken pursuant to the Securities Exchange Act of 1934, particularly sections 14 and 23 (a) thereof.

Section 14 (b) of the act provides that:

> It shall be unlawful for a member of a national securities exchange or any broker or dealer who transacts a business in securities through the medium of any such member to give a proxy, consent or authorization in respect of any security registered on a national securities exchange and carried for the account of a customer in contravention of such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

The proposed rule would establish a number of conditions which would have to be satisfied before such a member, broker or dealer could give a proxy, consent or authorization with respect to such a security. These conditions would include a requirement that the proxy be given pursuant to written instructions received from the owner, except that if such instructions were requested but not received, a proxy could still be given, but only with respect to certain uncontested matters.

Other conditions would prevent the giving of a proxy unless all proxy soliciting material was forwarded to the owner, accompanied by a request for voting instructions. The rule would not affirmatively require the forwarding of this material, but would preclude the member, broker or dealer from soliciting a proxy or giving a proxy pursuant to such solicitation if this were not done. A proxy could be given without sending this material only pursuant to unsolicited request by the owner. The request for voting instructions provided for in the proposed rule would constitute a solicitation within the meaning of Regulation X-14 and accordingly would be subject to the conditions of § 240.14a2 (b).

Special provisions would be made for the situation where a member, broker or dealer had parted with possession or control of a security registered in his name.

A security would be deemed to be carried for the account of a customer if registered in the name of a member, broker or dealer who is neither the beneficial owner of the security nor a fiduciary holding it with power to vote in such capacity.

The rule would not relieve any member of a national securities exchange from compliance with exchange rules requiring the forwarding of proxy soliciting material, or imposing other conditions to the giving of proxies.

The text of the proposed rule is as follows:

§ 240.14b–1 *Giving of proxies by members, brokers or dealers*—(a) *General provisions.* (1) This section shall apply to every member of a national securities exchange and every broker or dealer who transacts a business in securities through the medium of any such member.

(2) It shall be unlawful for any member, broker or dealer subject to this section to give a proxy in respect of any security registered on a national securities exchange and carried for the account of a customer, unless such proxy is given in conformity with paragraphs (c) and (d) or with paragraph (e) of this section.

(b) *Definitions.* For the purposes of this section, the following terms shall have the meanings indicated unless the context clearly indicates otherwise:

(1) A security shall be deemed to be "carried for the account of a customer" if it is registered in the name of a member, broker or dealer subject to this section who is not the "owner" of the security, as hereinafter defined.

(2) The term "proxy" includes every proxy, consent, authorization, or revocation or a request not to give any of the foregoing.

(3) The term "give a proxy" includes instructions given to a nominee or causing a nominee to give a proxy and also includes voting in person at a meeting.

(4) The term "proxy material" includes all proxy statements and other written proxy soliciting material distributed by any person to security holders of record with respect to the subject matter or meeting for which a proxy is given pursuant to this section. The annual report referred to in § 240.14a–3 (Rule X-14A–3) shall be deemed to be proxy material for the purposes of this section.

(5) The term "owner" of a security means the beneficial owner or an executor, administrator, guardian, trustee or similar representative or fiduciary holding the security in such capacity with authority to vote.

(6) The term "member, broker or dealer" shall include any person acting as nominee for any of the foregoing.

(c) *Proxies.* A member, broker or dealer subject to this section may give a proxy with respect to a security carried for the account of a customer:

(1) To the owner, or pursuant to written instructions from the owner (or any custodian, other than the member, broker or dealer, having possession of the security and authority from the owner to request a proxy) given without request or solicitation by such member, broker or dealer, or

(2) Pursuant to written instructions received from the owner in response to an impartial request therefor made by the member, broker or dealer if proxy material has been transmitted by him to the owner, or

(3) Without written instructions from the owner if:

(i) The member, broker or dealer has transmitted proxy material to the owner and in addition has in writing impartially requested written voting instructions from the owner, accompanied by a statement that if such instructions are not received by the 10th day prior to the meeting (or the 15th day prior to the meeting, if the request for instructions is transmitted 25 days or more before the meeting), then the owner of record may give a proxy with respect to the security; and

(ii) The proxy given does not include authorization to vote on any matter if, to the knowledge of the member, broker or dealer, (*a*) any person other than the management is soliciting proxies with respect to such matter or a proposal with respect to such matter is included in the management's proxy statement pursuant to § 240.14a–8 (Rule X-14A–8) but is opposed by the management, or (*b*) information with respect to such matter is called for by any one or more of the following items in Schedule 14A of Regulation X-14; Items 9 through 17, except Item 15, or Items 19 or 20 excluding routine or formal matters; and

(iii) The proxy is not given by such member, broker or dealer contrary to oral instructions, if any, which may have been given by the owner.

(d) *Transmittal of proxy material.* (1) A member, broker or dealer subject to this section shall not give a proxy pursuant to paragraph (c) (2) or (3) of this section unless he sends promptly by first class mail; or otherwise promptly delivers, to the owner, a copy of all proxy material received by him (prior to or after the giving of a proxy) from any person who furnishes copies thereof for such purposes (and who, if requested, defrays the reasonable expenses to be incurred in forwarding such material) accompanied by an impartial written request for voting instructions.

(2) Whenever a member, broker or dealer who has given a proxy pursuant to this section receives additional voting instructions from the owner of the security, he shall take such action, including the revocation of such proxy in whole or in part or the giving of a new proxy if required, as may be necessary in order to comply with such additional instructions.

(e) *Special provisions.* In case any person subject to this section has relinquished possession or control of a security carried for the account of a customer, in giving a proxy with respect to the security such person may rely upon a written statement of any other member, broker, dealer or nominee that the applicable conditions of this section have been complied with. Such person shall not give a proxy unless or until he has received such written statement.

(f) *Validity of proxies.* Failure to comply with this section shall not invalidate any proxy: *Provided, however,* That this paragraph shall not be construed to prevent the granting of injunctions in any proper proceeding or to exempt any person from any proceeding, penalty or prohibition provided by the act in respect of violations of the act or any rules or regulations thereunder.

All interested persons are invited to submit views and comments on the proposed rule in writing to the Securities and Exchange Commission, Washington 25, D. C., on or before June 1, 1955. Unless the person submitting any such comments or suggestions requests in writing that they be held confidential, they will be public records, available for public inspection.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

PROCESSED RAISINS

UNITED STATES STANDARDS FOR GRADES; CORRECTIONS

In F. R. Doc. 55–3307, beginning on page 2769 of the issue for Tuesday, April 26, 1955, the following corrections have been made:

1. In § 52.1844, paragraphs (c) and (d) have been changed to read:

(c) "Fairly well-bleached color" (or "extra choice color") means that the raisins are fairly uniform in color and may range from yellow or greenish yellow to amber or light greenish amber and that not more than 6 percent, by weight, of all the raisins may be definitely dark berries.

(d) "Bleached color" (or "choice color") means that the raisins may be variable in color and may range from yellowish green to dark amber or dark greenish amber; that not more than 15 percent, by weight, of all the raisins may be definitely dark berries in Sulfur Bleached; that not more than 20 percent, by weight, of all the raisins may be definitely dark berries in Golden Bleached.

2. Section 52.1845, paragraph (c), line 3: Change spelling of last word to "varietal".

3. Section 52.1847, paragraph (a), line 6: Change spelling of fifth complete word to "reddish-brown".

4. Section 52.1847, subparagraph (8) of paragraph (a): Change the third word to "or" instead of "of".

5. Section 52.1847, in first line of both paragraph (b) (1) and paragraph (c) (1), insert the words "pieces of" preceding the word "stems".

6. Section 52.1849, in first line of paragraph (a) (1), insert the words "piece of" preceding the word "stem".

7. Section 52.1850, subparagraph (1) of paragraph (g), line 9: Change the last chemical symbol to HN_4OH.

Dated: May 9, 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator, Marketing Services.

HANDLING OF MILK IN CORPUS CHRISTI, TEX., MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER

Correction

In Federal Register Document 55–3694, appearing at page 3070 of the issue for Friday, May 6, 1955, the last paragraph in the middle column on page 3078 should read:

This decision filed at Washington, D. C., on the 3d day of May 1955.

DEPARTMENT OF LABOR

Office of the Secretary

[29 CFR Part 4]

OCCUPATIONS PARTICULARLY HAZARDOUS FOR EMPLOYMENT OF MINORS BETWEEN 16 AND 18 YEARS OF AGE OR DETRIMENTAL TO THEIR HEALTH OR WELL BEING

OPERATION OF POWER DRIVE HOISTING APPARATUS

Pursuant to the authority contained in section 3 (1) of the Fair Labor Standards Act of 1938, as amended, (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Reorganization Plan No. 2 of 1946, adopted pursuant to the Reorganization Act of 1946 (59 Stat. 613), and in accordance with the Procedure Governing Determinations of Hazardous Occupations (29 CFR Part 4, Subpart D) (note § 4.45), notice is hereby given that the Secretary of Labor proposes to amend subparagraphs (1) and (2) of § 4.58 (a) (29 CFR Part 4, Subpart E) to permit minors between 16 and 18 years of age (1) to ride on and operate unattended automatic push-button freight elevators and (2) to ride on freight elevators operated by an assigned operator, and also proposes to amend subparagraph (1) of § 4.58 (b) (29 CFR Part 4, Subpart E) by the addition of a definition of automatic push-button elevators.

1. As proposed, subparagraphs (1) and (2) of § 4.58 (a) will read as follows:

(1) Work of operating an elevator, crane, derrick, hoist, or high-lift truck, except operating an unattended automatic push-button elevator or an electric or air-operated hoist not exceeding one ton capacity.

(2) Work which involves riding on a freight elevator, or on a manlift except riding on a freight elevator operated by an assigned operator or on an unattended automatic push-button freight elevator.

2. It is also proposed to amend subparagraph (1) of § 4.58 (b) by the addition of the following definition:

An unattended automatic push-button elevator is one that is operated by means of momentary pressure of push-buttons at the landings and in the car to start and automatically stop at the landing corresponding to the button pressed.

Interested persons may within 30 days from the date of publication of this notice in the FEDERAL REGISTER, submit in writing to the Secretary of Labor, their views in support of, or in opposition to the amendment as proposed.

Signed at Washington, D. C., this 6th day of May 1955.

JAMES P. MITCHELL,
Secretary of Labor.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MAY 6, 1955.

An application, serial number Fairbanks 010164, for the withdrawal from all forms of appropriation under the public land laws, including the mining and mineral leasing laws of the lands described below was filed on February 3, 1953, by Fish and Wildlife Service. The purposes of the proposed withdrawal: Administrative Site for game management purposes.

For a period of 60 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Area Administrator, Area 4, Bureau of Land Management, Department of the Interior at Box 480, Anchorage, Alaska. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

Beginning at Corner No. 1 (not set) from which a 10" piling marked U. S. F. W. S., 9–16–52 bears N. 80° E. 75.0 feet, which piling is driven on the west bank of a small creek and the south bank of the Yukon River, thence meandering the Yukon River S. 80° W. 325 feet to Corner 2, thence S. 10° E. 140 feet to Corner No. 3, thence S. 73° 45' E. 362 feet to Corner 4, thence N. 10° W. 300 feet to Corner 1, the place of beginning.

Containing 1.64 acres more or less.

LOWELL M. PUCKETT,
Area Administrator.

FLORIDA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MAY 6, 1955.

The Fish and Wildlife Service, Department of the Interior has filed an application, Misc. No. 62646, for the withdrawal of the lands described below, from all forms of appropriation, including the mining but not the mineral-leasing laws. The applicant desires the land for an addition to the National Key Deer Refuge.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Washington, 25, D. C.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

TALLAHASSEE MERIDIAN

T. 66 S., R. 28 E.,
Sec. 23, lots 4 and 10.
T. 66 S., R. 29 E.,
Sec. 18, lot 4;
Sec. 20, lot 8.

IDAHO

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS, CORRECTION

Order Providing for Opening of Public Lands, dated February 11, 1955, published in the FEDERAL REGISTER, dated February 19, 1955, Volume 20, Number 36, page 1076, is corrected to read as follows:

An order of the Bureau of Reclamation, dated January 31, 1949, concurred in by the Associate Director, Bureau of Land Management, February 8, 1949, revoked Departmental Order of January 24, 1917, insofar as it withdrew, under the provisions of the Reclamation Act of June 17, 1902 (32 Stat. 388), the fol-

lowing-described land in connection with the Boise Project, Idaho, and provided that such revocation should not affect the withdrawal of any other lands by said orders or affect any order withdrawing the lands described:

BOISE MERIDIAN, IDAHO

T. 1 S., R. 2 W.
Sec. 22, W½NE¼, SE¼;
Sec. 23, E½NW¼, SW¼.

The areas described total 480 acres.

The lands described are located in Idaho Grazing District No. 1. Some of these lands contain areas of low hills, and the major portion of them is of fair quality for development under the desert-land law. Some of the areas require leveling and rock removal.

The W½NE¼, Sec. 22, is now occupied by Dean J. James, assignee of Harold G. Jensen, and the E½SE¼, Sec. 22, E½ NW¼, SW¼, Sec. 23, T. 1 S., R. 2 W., are occupied by R. Elizabeth McDonough, who have cultivated and improved the lands and who have the water rights necessary for their development. Any applicant under this order will be required to file evidence of a water right sufficient to irrigate all the irrigable portions of the lands. Any applicants adverse to the present entrymen, according to Departmental rules, will be required to reimburse the entrymen for all improvements which cannot be removed from the land without injury to the improvement or to the land.

The W½SE¼, Sec. 22, T. 1 S., R. 2 W. is patented.

This order shall not otherwise become effective to change the status of the described lands until 10:00 a. m. on the 35th day after the date of this order. At that time, the said lands shall become subject to application, petition, location and selection under the applicable public-land laws, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws, and the 91-day preference right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended. All applications filed pursuant to the Veterans' Preference Act of 1944 on or before 10:00 a. m. of the 35th day after the date of this order shall be treated as though simultaneously filed at that time. All other applications under the public-land laws filed on or before 10:00 a. m. of the 126th day after the date of this order shall be treated as though simultaneously filed at that time.

Inquiries concerning these lands shall be addressed to Manager, Land Office, Box 2237, Boise, Idaho.

JOE T. FALLINI,
Acting State Supervisor.

NEW MEXICO

CLASSIFICATION ORDER

MAY 6, 1955.

1. Pursuant to the authority delegated to me by the Director, Bureau of Land Management, by Order No. 541, dated April 21, 1954, 19 F. R. 2473, I hereby classify as hereinafter indicated, under the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended, the following described lands in the New Mexico land district, embracing approximately 200 acres.

NEW MEXICO SMALL TRACT CLASSIFICATION NO. 38

For lease and sale for business and home sites:

T. 29 N., R. 14 W., N. M. P. M.,
Sec. 11, NE¼SW¼, S½SW¼, W½SE¼.

The land lies about 3 miles west of Farmington, New Mexico, and can be reached via U. S. Highway No. 550. The land lies at an elevation of about 5,300 feet and receives an annual precipitation of 8 to 10 inches. Summers are hot and dry, and winter temperatures may fall to zero degrees or lower.

The topography is that of a gently rolling high river bench traversed in places by deep arroyos. The soil is shallow, gravelly, sandy loam overlying gravel substrata and is unsuited to cultivation.

The area is traversed by electric power and telephone lines. The nearest natural gas line is about 3 miles from the center of the tract, and installation would be expensive. Development of a satisfactory water supply will prove to be difficult. Water can be pumped from the San Juan River, but it would involve a lift of at least 150 feet and water treating process. Schools, churches, commercial and recreational facilities are readily available in the town of Farmington, New Mexico.

2. As to applications filed on those lands prior to 10:30 a. m., May 6, 1955, this order shall become effective upon the date it is signed, provided said applications are made to conform to the type of use and descriptions of lands specified in this order.

3. This order shall not otherwise become effective to change the status of such lands until 10:30 a. m. on June 11, 1955. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to applications under the Small Tract Act as follows:

(a) Ninety-one day period for preference-right filings. For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject to applications under the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a) as amended, by qualified veterans of World War II, subject to the requirements of applicable law. All applications filed under this paragraph, either at or before 10:30 a. m. on June 11, 1955 shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:30 a. m. on June 11, 1955, shall be considered in the order of filing.

(b) Date for non-preference-right filings. Commencing at 10:30 a. m. on September 10, 1955, any lands remaining unappropriated shall become subject to disposal under the Small Tract Act only. All such applications filed either at or before 10:30 a. m. on September 10, 1955 shall be treated as though filed simultaneously at the hour specified on September 10, 1955. All applications filed thereafter shall be considered in the order of filing.

4. A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 101.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their application by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claim.

5. The lands will be leased in tracts of approximately 5 acres, with the long axis north and south. However, if two lessees for adjacent tracts within one 10-acre subdivision mutually agree to an east-west orientation and so record their applications, they shall be acceptable. Leases will be for a period of 3 years at an annual rental of $5.00 per year payable for the entire lease period in advance of the issuance of the lease for homesites. The minimum rental for a business site shall be $20.00 per year payable for the entire lease period in advance of issuance of the lease. The lessee for a business site shall be obligated to pay additional rental at the rate fixed by the schedule of rentals in effect at the date of the approval of his lease.

6. Leases will contain an option to purchase clause at the appraised price. The lands included in the proposed area is appraised at $200.00 per tract for homesites, and $500.00 per tract for business sites.

(a) Applications for purchase may be filed during the term of the lease, but not more than 30 days prior to the expiration of one year from the date of the lease, provided that minimum improvements suitable for the purpose for which the lease is issued shall have been constructed prior to the date of application to purchase. Minimum improvements for a homesite shall consist of a neat substantial house with a minimum of 3 rooms and bath, occupying a floor space of not less than 400 square feet. Sanitation facilities shall include a sewage and water supply system which will comply with the requirements of the State Health Department. Business site lessees shall be required to construct neat, adequate buildings suitable to the purpose and to conform to State regulations pertaining to public health and safety.

(b) Leases issued under the terms of this order shall not be subject to assignment unless and until improvements as mentioned in (a) above shall have been constructed.

(c) Leases for lands upon which the improvements mentioned above shall not have been constructed at or before the expiration thereof, shall not be renewed.

7. Tracts will be subject to all existing rights-of-way and to rights-of-way for road purposes and public utilities as follows:

33 feet along the North boundary of the NE¼SW¼, S½NE¼SW¼, NW¼SE¼, SW¼ NW¼SE¼, SW¼SW¼, S½SW¼SW¼, SE¼ SW¼, S½SE¼SW¼, SW¼SE¼, S½SW¼ SE¼.

33 feet along the South boundary of the NE¼SW¼, N½NE¼SW¼, NW¼SE¼, NW¼ NW¼SE¼, SW¼SW¼, N½SW¼SW¼, SE¼ SW¼, N½SE¼SW¼, SW¼SE¼, N½SW¼ SE¼.

33 feet along the East boundary of the W½ NE¼SW¼, SE¼NE¼SW¼, SE¼NW¼SE¼, NW¼NW¼SE¼, SW¼SW¼, SE¼SW¼, SW¼SE¼.

33 feet along the West boundary of the E½ NE¼SW¼, SW¼NW¼SE¼, NE¼NW¼SE¼, SW¼SW¼, SE¼SW¼, SW¼SE¼.

The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of patent. If not so located, they may be subject to location after patent is issued. All rights-of-way herein mentioned and reserved, may be utilized by the Federal Government, or by the State, County or municipality in which the tract is situated, or by any agency thereof.

8. Lessees and/or their successors in interest, shall comply with all Federal, State, County and municipal laws and ordinances, especially those governing health and sanitation, and failure or refusal to do so may be cause for cancellation of the lease in the discretion of the authorized officer of the Bureau of Land Management.

9. All inquiries relating to these lands should be addressed to the Manager, Land Office, Bureau of Land Management, Santa Fe, New Mexico.

DONALD I. BAILEY,
Acting State Supervisor.

OREGON

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MAY 5, 1955.

An application, serial number Oregon 03791, for the withdrawal from all forms of appropriation under the public land laws, including the general mining laws and mineral leasing laws of the lands described below was filed on November 1, 1954, by Bureau of Land Management. The purposes of the proposed withdrawal: protection and preservation of scenic and recreational values of lands adjacent to the Rogue River and its tributaries.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the State Supervisor, Bureau of Land Management, Department of the Interior, at P. O. Box 3861, 1001 Northeast Lloyd Boulevard, Portland 8, Oregon. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

WILLAMETTE MERIDIAN, OREGON

T. 33 S., R. 8 W.,
Sec. 33: Lots 1–8 incl. N½N½, SW¼NW¼, SE¼SW¼, S½SE¼;
Sec. 35: Lots 8, 9, 10, SE¼SW¼, S½SE¼.
T. 33 S., R. 9 W.,
Sec. 17: Lots 1 to 8, incl., SW¼NE¼, N½S½, SW¼SW¼, SE¼SE¼;
Sec. 21: Lots 1, 2, 3, SW¼NE¼, N½NW¼, SE¼NW¼, N½SE¼, SE¼SE¼;
Sec. 23: Lots 1, 2, 3, NE¼SW¼, S½NW¼, NW¼SE¼, S½SE¼;
Sec. 35: Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, NE¼SE¼, W½SW¼, W½NE¼, SE¼ NE¼.
T. 33 S., R. 10 W.,
Sec. 9: Lot 2, N½NE¼, N½SW¼NE¼, NW¼, N½SW¼, SW¼SW¼, SE¼SE¼;

Sec. 13: Lots 1 to 8 incl., S½NW¼, N½ SE¼;
Sec. 17: Lots 1, 2, 4, 5, 6, 8, 9, 10, 11, N½N½, SE¼NE¼;
Sec. 19: Lots 1, 2, 3, 5, 6, 7, 8, 9, 10, S½ NE¼, SE¼.
T. 33 S., R. 11 W.,
Sec. 25, Lots 2, 5, 6, NW¼NE¼, NW¼, N½SW¼, S½SE¼.
T. 34 S., R. 8 W.,
Sec. 1: Lots 1 to 13, incl., SW¼NE¼, NW¼ SE¼, SW¼;
Sec. 5: Lots 1, 2, 3, 4, 5, S½NW¼, N½ SW¼;
Sec. 13: Lots 1, 2, 4, 5, 6, 7, 8, 9, 10, 11, 12, SE¼NE¼, W½SW¼;
Sec. 25: Lots 4, 5, 9, and 10.
T. 34 S., R. 9 W.,
Sec. 1: Lots 1 to 10, incl., N½SW¼, SE¼.
T. 34 S., R. 11 W.,
Sec. 3: Lots 1 to 10 incl., S½N½, W½ SW¼, NE¼SW¼, NW¼SE¼;
Sec. 8: Lots 1, 2, and 4;
Sec. 9: Lots 3, 9, N½NW¼, SW¼NW¼, E½SE¼, SW¼SE¼;
Sec. 17: Lots 1, 4, 5, 7, S½SW¼, SE¼, SE¼NE¼;
Sec. 19: Lots 5, 6, 7, 8, 9, 11, 14, NE¼SE¼, S½SE¼;
Sec. 30: Lot 2;
Sec. 31: Lots 1, 6, 7, 9, 10, 11, 12, NE¼, NE¼SE¼.
T. 35 S., R. 11 W.,
Sec. 6: Lots 8, 9, 10, 14, SE¼SW¼;
Sec. 7: Lots 1, 2, 9, 10, 11, 12, NE¼NW¼, SE¼NE¼, E½SE¼.

Total area, 9,962.93.

This proposed withdrawal will be subject to valid existing rights and also patented mining claims which may be included in some of the above subdivisions.

ELTON M. HATTAN,
Acting State Supervisor.

APPROVAL OF EQUIPMENT AND CHANGE IN MANUFACTURER'S ADDRESS

Correction

In Federal Register Document 55–3727, published at page 3139 of the issue for Saturday, May 7, 1955, the following change should be made: In the middle column on page 3140, under the headnote "Telephone Systems, Sound Powered," Approval No. 160.005/12/1 should read "Approval No. 161.005/12/1".

DEPARTMENT OF AGRICULTURE

Office of the Secretary

CALIFORNIA

DESIGNATION OF AREAS FOR PRODUCTION EMERGENCY LOANS

For the purpose of making production emergency loans pursuant to section 2 (a) of Public Law 38, 81st Congress (12 U. S. C. 1148a–2 (a)), as amended, it is determined that in the following named counties in the State of California a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

CALIFORNIA

Butte.	Sutter.
Colusa.	Tehama.
Glenn.	Yuba.

Pursuant to the authority as set forth above, such loans will not be made in the above-named counties in the State of California after December 31, 1955, except to borrowers who previously received such assistance.

Done at Washington, D. C., this 6th day of May 1955.

[SEAL] TRUE D. MORSE,
Acting Secretary.

DEPARTMENT OF COMMERCE

Federal Maritime Board

[No. M-63]

COASTWISE LINE

NOTICE OF HEARING ON APPLICATION TO BAREBOAT CHARTER A DRY-CARGO VESSEL

Pursuant to section 5 (e) of the Merchant Ship Sales Act of 1946, as amended (Public Law 591, 81st Congress), notice is hereby given that public hearing will be held at Washington, D. C., on May 19, at 10 a. m., Room 4519, New GAO Building, Fifth and G Streets NW., before an Examiner of the Hearing Examiner's Office upon the application of Coastwise Line to bareboat charter one Liberty cargo vessel for operation in the Pacific Coastwise/Alaska/British Columbia trade for a period of four to six months.

The purpose of the hearing is to receive evidence with respect to whether the service for which such vessel is proposed to be chartered is required in the public interest and is not adequately served, and with respect to the availability of privately-owned American-flag vessels for charter on reasonable conditions and at reasonable rates for use in such service. Evidence also will be received with respect to any restrictions or conditions that may under the statutes be included in the charter if the application should be granted.

All persons having an interest in the application will be given an opportunity to be heard if present.

The parties may have oral argument before the Examiner immediately following the close of the hearing, in lieu of briefs, and the Examiner will issue an initial decision. For good cause shown, and pursuant to rule 7 (d) of the Board's rules of practice and procedure, the time within which parties may file exceptions to the Examiner's initial decision will be limited to seven (7) days after service thereof. The Board reserves the right to determine whether oral argument on exceptions will be granted and whether briefs in connection therewith will be received.

Pursuant to rule 7 (d), the time within which to file petition for reconsideration of final Board action will be limited to seven (7) days after the date of service of the Board's final decision or order.

By order of the Federal Maritime Board.

Dated: May 10, 1955.

[SEAL] THOS. E. STAKEM, Jr.,
Acting Secretary.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. 214) and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners and learning periods for certificates issued under general learner regulations (§§ 522.1 to 522.12) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.20 to 522.24, as amended April 19, 1955, 20 F. R. 2304).

Barad Lingerie Co., Salem, Mo., effective 4-25-55 to 4-24-56; 10 learners for normal labor turnover purposes (ladies' underwear).

Michael Berkowitz Co., Inc., Waynesburg, Pa., effective 5-12-55 to 11-11-55; 10 learners for plant expansion purposes (ladies' cotton and flannel pajamas).

Gross Galesburg Co., Canton, Ill., effective 5-6-55 to 5-5-56; 10 learners for normal labor turnover purposes (dungarees, one-piece work suits, work jackets).

Gross Galesburg Co., Charlton, Iowa, effective 5-6-55 to 5-5-56; 10 learners for normal labor turnover purposes (work pants and work shirts).

I. Janov Shirt Co., 489 West Broad Street, Hazleton, Pa., effective 5-3-55 to 5-2-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (dress and sport shirts).

The Kym Co., Jackson, Ga., effective 5-18-55 to 5-17-56; 10 learners for normal labor turnover purposes (men's single pants).

Mid-American Manufacturing Co., Inc., 304 South First Street, Ponca City, Okla., effective 4-29-55 to 10-10-55; 10 learners for plant expansion purposes (denim jeans) (replacement certificate).

Mid-American Manufacturing Co., Inc., 304 South First Street, Ponca City, Okla., effective 5-14-55 to 5-13-56; 10 learners for normal labor turnover purposes (denim jeans) (replacement certificate).

Mode O'Day Corp., Plant No. 9, 419 East South Street, Hastings, Nebr.; effective 4-29-55 to 4-28-56; 10 learners for normal labor turnover purposes (ladies' blouses).

Mor-Tan Dress Co., 434 South Main Street, Nazareth, Pa., effective 4-29-55 to 4-28-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (women's dresses).

Orchid Blouse Co., Inc., 1100 Penn Avenue, Lackawanna County, Scranton, Pa., effective 4-27-55 to 4-26-56; 10 learners for normal labor turnover purposes (blouses).

Plains Manufacturing Co., Inc., 61 Hudson Road, Plains, Pa., effective 5-2-55 to 5-1-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (brassieres).

San Dar Dress, 33 River Street, Carbondale, Pa., effective 4-29-55 to 4-28-56; 4 learners for normal labor turnover purposes (dresses).

The Ward-Stilson Co., 301 Sycamore Street, Anderson, Ind., effective 4-29-55 to 4-28-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (women's dresses).

Wilmer Fashion Co., Inc., Mary Ann Manufacturing Division, 268 West Broadway, Mauch Chunk, Pa., effective 4-29-55 to 4-28-56; 10 percent of the total number of factory production workers for normal labor turnover purposes (dresses).

Glove Industry Learner Regulations (29 CFR 522.60 to 522.65, as amended April 19, 1955, 20 F. R. 2304).

Wells Lamont Corp., Eupora, Miss., effective 5-2-55 to 5-1-56; 10 percent of the total number of employees engaged in machine stitching operations, for normal labor turnover purposes (cotton and jersey work gloves).

Wells Lamont Corp., Hugo, Okla.; effective 5-1-55 to 10-31-55; 25 learners for plant expansion purposes (work gloves).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.43 as amended April 19, 1955, 20 F. R. 2304).

C. D. Jessup & Co., Claremont, N. C., effective 5-8-55 to 5-7-56; 5 learners for normal labor turnover purposes (seamless).

Rockwood Mills, Rockwood, Tenn., effective 5-2-55 to 5-1-56; 5 percent of the total number of factory production workers for normal labor turnover purposes (seamless).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.12, as amended February 28, 1955, 20 F. R. 645).

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Puerto Rico Hosiery Mills, Inc., Arecibo, P. R., effective 4-25-55 to 10-24-55; 12 learners in the occupations of knitting and seaming; each 320 hours at 35 cents an hour, 320 hours at 40 cents an hour, and 320 hours at 45 cents an hour (full-fashioned hosiery).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be canceled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 3d day of May 1955.

MILTON BROOKE,
Authorized Representative of the Administrator.

[Docket No. G-8599]

CENTRAL KENTUCKY NATURAL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 6, 1955.

Take notice that Central Kentucky Natural Gas Company (Applicant), a Kentucky corporation whose address is 1033 Quarrier Street, Charleston, West Virginia, filed an application on March 17, 1955, as supplemented on April 18, 1955, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing Applicant to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the application which is on file with the Commission and open for public inspection. In the same application, Applicant seeks permission to abandon certain service subject to the jurisdiction of the Commission.

Applicant proposes to acquire and operate the facilities of the Frankfort Kentucky Natural Gas Company (Frankfort Natural). Applicant would acquire approximately 41.7 miles of 2-inch to 8-inch transmission pipeline in Fayette, Anderson, and Franklin Counties, Kentucky, together with the distribution systems of Frankfort Natural located in Frankfort and vicinity and Versailles and Midway and vicinity, all in Franklin and Anderson Counties, Kentucky.

Upon acquisition of the facilities, Applicant would abandon its sale of gas to Frankfort Natural and assume its obligations in the sale and delivery of gas at retail in Frankfort, Versailles, and Midway.

Applicant would acquire the facilities of Frankfort Natural through an exchange of a maximum of 33,050 shares of the common stock of Columbia Gas System, Inc., parent of the Applicant, and the assumption by Applicant of substantially all the liabilities of Frankfort Natural.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 26, 1955, at 9:30 a. m. e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 23, 1955. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Project No. 2085]

SOUTHERN CALIFORNIA EDISON CO.

NOTICE OF LAND WITHDRAWAL, CALIFORNIA

APRIL 27, 1955.

Conformable to the provisions of section 24 of the act of June 10, 1920, as amended, notice is hereby given that the lands hereinafter described, insofar as title thereto remains in the United States, are included in power project No. 2085 for which completed amended application for license was filed March 14, 1955. Under said section 24 all lands of the United States lying within the boundaries of the project, as delimited upon the maps filed in support thereof; are from said date of filing reserved from entry, location or other disposal under the laws of the United States until otherwise directed by the Commission or by Congress.

Of the 1362.77 acres reserved pursuant to the filing of this amendatory application approximately 160.6 acres have been heretofore reserved in connection with either earlier projects Nos. 67 and 120 or in Power Site Classification No. 138.

The general determination made by the Commission at its meeting of April 17, 1922 (2d Ann. Rept. 128) is applicable to those portions of the above described lands reserved for transmission line purposes only.

A photostatic copy of each of ten sheets of the amendatory project maps (F. P. C. 2085, sheets 15 to 23 inclusive, and 29) have been transmitted to the Bureau of Land Management, Geological Survey and Forest Service.

The subdivisions described above as being withdrawn by the amendatory applications are to a large extent duplications of those subdivisions referred to in the letter of withdrawal notification given to the Bureau of Land Management under date of August 6, 1951, pursuant to the filing of the original application for license for Project No. 2085 on June 4, 1951.

[SEAL] LEON M. FUQUAY,
Secretary.

GENERAL SERVICES ADMINISTRATION

ATTORNEY GENERAL

DELEGATION OF AUTHORITY TO NEGOTIATE CERTAIN CONTRACTS FOR THE PURCHASE OF ANIMALS REQUIRED BY THE BUREAU OF PRISONS FOR BREEDING PURPOSES

1. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, herein called the act, authority is hereby delegated to the Attorney General to negotiate, without advertising, under section 302 (c) (9) of the act, contracts for the purchase of animals required by the Bureau of Prisons for breeding purposes.

2. This authority shall be exercised in accordance with applicable limitations and requirements of the act, particularly sections 304 and 307, and in accordance with the policies, procedures, and controls prescribed by the General Services Administration.

3. The authority herein delegated may be redelegated to any official or employee of the Department of Justice.

4. This delegation shall be effective as of the date hereof.

Dated: May 9, 1955.

EDMUND F. MANSURE,
Administrator.

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

COMMUNITY FACILITIES COMMISSIONER

DELEGATION OF AUTHORITY WITH RESPECT TO THE PREFABRICATED HOUSING LOAN PROGRAM

1. The Community Facilities Commissioner (hereinafter called "Commissioner") is hereby delegated the authority to exercise the powers and functions relating to the Prefabricated Housing Loan Program vested in the Housing and Home Finance Administrator (hereinafter called "Administrator") under the provisions of Reorganization Plan No. 23 of 1950, 64 Stat. 1279-80; the Independent Offices Appropriation Act, 1952, 65 Stat. 268, 287-8 (1951), (12 U. S. C. 1701g-4); the Defense Housing and Community Facilities and Services Act of 1951, 65 Stat. 293, 295, 311-2 (1951), as amended, 42 U. S. C. 1591c, 12 U. S. C. 1701g, 1701g-1 to 1701g-3; and the Independent Offices Appropriation Act, 1955, 68 Stat. 272, 295-6 (1954), 12 U. S. C. 1701g-5; except the authority to:

a. Authorize new or increased commitments of loan funds;

b. Amend or modify loan authorizations or any requirement or condition therein where such action may materially affect adversely the interests of the Administrator;

c. Consent to the release or substitution of collateral where such action may materially affect adversely the interests of the Administrator;

d. Determine the rate of interest on loans;

e. Issue notes or other obligations to, or for purchase by, the Secretary of the Treasury; and

f. Exercise the powers under subsections 402 (a) or 402 (b) of the Housing Act of 1950, 64 Stat. 48, 78-9 (1950), 12 U. S. C. 1749a, granted to the Administrator by section 502 of the Defense Housing and Community Facilities and Services Act of 1951, 65 Stat. 312, as amended, 12 U. S. C. 1701g-2, or the powers to prescribe rules and regulations or to sue and be sued under subsection 402 (c) of the said Housing Act of 1950, 64 Stat. 79-80, 12 U. S. C. 1749a.

2. Any instrument or document executed by the Commissioner purportedly under the authority of this delegation shall be conclusive evidence of the authority of the Commissioner to act for the Administrator in executing such instrument or document.

3. This delegation of authority supersedes the delegations to the Commissioner, Community Facilities and Special Operations, and the Director, Special Operations Branch, effective December 22, 1951 (16 F. R. 12918, December 22, 1951).

(Reorg. Plan No. 3 of 1947, 61 Stat. 954; 62 Stat. 1268, 1283-85 (1948), as amended, 12 U. S. C. 1701c; Reorg. Order, 1, 19 F. R. 9303-5, Dec. 29, 1954)

Effective as of the 12th day of May 1955.

ALBERT M. COLE,
Housing and Home Finance Administrator.

COMMUNITY FACILITIES COMMISSIONER

DELEGATION OF AUTHORITY WITH RESPECT TO THE ALASKA HOUSING PROGRAM

1. The Community Facilities Commissioner (hereinafter called "Commissioner") is hereby delegated the authority to execute the powers and functions relating to the Alaska Housing Program vested in the Housing and Home Finance Administrator (hereinafter called "Administrator") under the provisions of the Alaska Housing Act, 63 Stat. 57, 59-60 (1949), as amended, 48 U. S. C., 484-484c; and the Independent Office Appropriation Act, 1955, 68 Stat. 272, 295-6, (1954), 12 U. S. C. 1701g-5; except the authority to:

a. Authorize new or increased commitments of loan funds;

b. Amend or modify loan authorizations or any requirement or condition therein where such action may materially affect adversely the interests of the Administrator;

c. Consent to the release or substitution of collateral where such action may materially affect adversely the interests of the Administrator; and

d. Determine the rate of interest on any notes or other obligations which may be purchased from the Alaska Housing Authority.

2. Any instrument or document executed by the Commissioner purportedly under the authority of this delegation shall be conclusive evidence of the authority of the Commissioner to act for the Administrator in executing such instrument or document.

3. This delegation of authority supersedes the delegations to the Commissioner, Community Facilities and Special Operations, and the Director, Special Operations Branch, effective October 3, 1952 (17 F. R. 8885, October 3, 1952).

(Reorg. Plan No. 3 of 1947, 61 Stat. 954; 62 Stat. 1268, 1283-85 (1948), as amended, 12 U. S. C. 1701c; Reorg. Order 1, 19 F. R. 9303-5, Dec. 29, 1954)

Effective as of the 12th day of May 1955.

ALBERT M. COLE,
Housing and Home Finance Administrator.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3355]

NATIONAL FUEL GAS CO. ET AL.

ORDER AUTHORIZING ISSUANCE AND SALE OF NOTES TO BANK BY PARENT, AND ISSUANCE AND SALE TO PARENT OF NOTES BY SUBSIDIARY COMPANIES

MAY 6, 1955.

In the matter of National Fuel Gas Company, Iroquois Gas Corporation, Republic Light, Heat and Power Company, Inc., United Natural Gas Company,

Pennsylvania Gas Company, File No. 70–3355.

National Fuel Gas Company ("National"), a registered holding company, and its gas utility company subsidiaries, Iroquois Gas Corporation ("Iroquois"), Republic Light, Heat and Power Company, Inc. ("Republic"), United Natural Gas Company ("United") and Pennsylvania Gas Company ("Pennsylvania"), have filed with this Commission a joint application-declaration, and an amendment thereto, pursuant to section 6, 7, 9 (a), 10, 12 (b), and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rules U-43 and U-45 promulgated thereunder regarding the following proposed transactions:

National proposes to borrow from time to time to November 15, 1955, up to an aggregate amount not to exceed $12,000,000 from The Chase National Bank of the City of New York upon its unsecured promissory notes bearing interest at the rate of 3 percent per annum and being payable on July 15, 1957. National proposes to use the proceeds from these loans to prepay its presently outstanding notes payable to the same bank amounting to $1,700,000 and maturing July 15, 1955, and to make loans to its subsidiaries as described below.

National states that it is its intention to finance, on or before the maturity date, the payment of any of its outstanding bank loan notes, issued pursuant to this filing, by the issuance and sale of long-term debenture bonds and/or common stock.

Iroquois, Republic, United, and Pennsylvania propose to issue and sell to National from time to time during 1955 unsecured promissory notes aggregating in principal amount not in excess of the amounts shown and in series with the principal amount of each note, as follows:

	Aggregate principal amount	Principal amount of each note
Iroquois	$3,000,000	$200,000
Republic	3,300,000	150,000
United	4,400,000	200,000
Pennsylvania	2,700,000	[1] 100,000

[1] For the first 17 of such notes and $200,000 for the last 5 of such notes.

The first note in each of the series will mature on May 1, 1957 and each succeeding note in the series will mature May 1 of the following calendar year. Each note will bear interest at the rate of 3 percent per annum subject to adjustment as of the date of National's next debenture issue to a rate equal to the coupon rate that will apply to such issue.

Each of the subsidiary companies proposes to use the net proceeds from the notes proposed to be issued to provide its treasury with funds with which to make needed additions to its utility plant during 1955, and in the cases of Iroquois and Republic to replenish working capital depleted by extra capital expenditures made in 1954. Such additions to utility plant are estimated to cost $3,745,000 in the case of Iroquois, $2,000,000 for Republic, $2,830,000 for United, and $1,805,000 for Pennsylvania. Republic also proposes to discharge its outstanding short-term bank borrowings (in the amount of $944,296.20 as at December 31, 1954) while United and Pennsylvania further propose to convert their short-term notes payable to National ($1,800,000 for United and $750,000 for Pennsylvania) and maturing July 15, 1955, to long-term notes payable to National.

The New York Public Service Commission has authorized the proposed note issuances by Iroquois and Republic, and the Pennsylvania Public Utility Commission has authorized the proposed note issuances by United and Pennsylvania. According to the filing no other State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

It is estimated that the fees, commissions and expenses will total $11,950 for all of the companies including $6,200 for fees and expenses of counsel.

It is requested that the Commission's order herein be made effective forthwith upon the issuance thereof.

Due notice of the filing of said joint application-declaration having been given in the manner prescribed by Rule U-23 promulgated under the act, and no hearing having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and of the rules promulgated thereunder are satisfied and that the joint application-declaration, as amended, should be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 of the applicable provisions of the act that said joint application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 55–3841; Filed, May 11, 1955; 8:48 a. m.]

[File No. 70–3362]

NATIONAL FUEL GAS CO.

ORDER AUTHORIZING ACQUISITION BY HOLDING COMPANY OF PROMISSORY NOTES TO BE ISSUED BY EXEMPT SUBSIDIARY

MAY 6, 1955.

National Fuel Gas Company ("National"), a registered holding company, has filed with this Commission an application-declaration pursuant to sections 9 (a), 10, 12 (b) and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-45 thereunder regarding the following proposed transactions:

National proposes to purchase from Provincial Gas Company, Ltd. ("Provincial"), an exempt Canadian subsidiary, from time to time during 1955 promissory notes aggregating in principal amount not to exceed $300,000 in United States currency. Said purchases will be made pursuant to a credit agreement between National and Provincial dated March 25, 1955, which provides that National will make loans to Provincial in multiples of $20,000 to be evidenced by Provincial's unsecured promissory notes, the first of which will mature on June 1, 1956, and each succeeding note in the series will mature on June 1 of the calendar year following the maturity date of the next prior note in the series. The notes will bear interest at the rate of 3⅜ percent per annum, payable in United States funds semi-annually on June 1 and December 1 of each year until paid in full. Provincial reserves the right to prepay any of said notes at any time, or from time to time, in whole or in part, without premium, upon paying all the interest accrued to the date of such prepayment on the amount of principal then prepaid.

Provincial proposes to use the proceeds of such notes, together with funds available from current operations, to make needed plant additions and to increase its working capital.

Due notice having been given of the filing of said application-declaration, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and rules thereunder are satisfied and that no adverse findings are necessary; and deeming it appropriate in the public interest and in the interest of investors and consumers that the application-declaration should be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the application-declaration be, and hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

ATOMIC-ELECTRONICS FUND, INC. (MASSACHUSETTS) AND ATOMIC AND ELECTRONIC FUND, INC. (MARYLAND)

NOTICE OF FILING OF APPLICATION FOR ORDER DECLARING THAT COMPANY HAS CEASED TO BE AN INVESTMENT COMPANY

MAY 6, 1955.

In the matter of Atomic-Electronics Fund, Inc. (Massachusetts), File No. 811–655; Atomic and Electronic Fund, Inc. (Maryland), File No. 811–656.

Notice is hereby given that Atomic-Electronics Fund, Inc., a Massachusetts corporation ("Applicant"), a registered open-end investment company, has filed an application pursuant to section 8 (f) of the act for an order declaring that Applicant has ceased to be an investment company under the Investment Company Act of 1940.

Applicant was organized under the laws of Massachusetts on September 16, 1954, and registered under the act, on September 17, 1954, by filing a Notification of Registration on Form N-8A. Applicant filed a registration statement on Form N-8B–1 on December 9, 1954. Applicant has represented in its present application that it has no present intention of offering or selling shares of its stock or engaging in business as an investment company, and accordingly desires to discontinue its registration as an investment company under the act.

Section 8 (f) of the act provides in part that whenever the Commission upon application finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and that upon the taking effect of such order the registration of such company shall cease to be in effect.

The Commission previously, on December 30, 1954, issued a Notice of and Order for Hearing concerning the corporate names of Applicant and of Atomic and Electronic Fund, Inc., a Maryland corporation pursuant to section 35 (d) of the act. Certain petitions for intervention and other relief were filed in response thereto by Atomic Development Mutual Fund, Inc. and Television-Electronics Fund, Inc. In the event that an order should be entered herein, as requested by Atomic-Electronics Fund, Inc. (Massachusetts), the issues raised in said Notice of and Order for Hearing may become moot, and an order may then be entered terminating the proceedings instituted by such Notice and Order for Hearing.

Notice is further given that any interested person may, not later than May 20, 1955, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, the application may be granted as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

DEPARTMENT OF JUSTICE

Office of Alien Property

CLARA BARATZ

NOTICE OF INTENTION TO RETURN VESTED PROPERTY; AMENDMENT

Whereas, by Notice of Intention to Return Vested Property executed by the undersigned on June 21, 1954, filed with the FEDERAL REGISTER on June 25, 1954, 8:50 a. m. (F. R. Doc. 54–4869) and published in the FEDERAL REGISTER on June 26, 1954 (19 F. R. 3921), notice was given of intention to return vested property to Clara Baratz, Tel Aviv, Israel; Claim No. 58163;

Whereas, it appears that said Clara Baratz died on March 3, 1954, in Givatayim, Israel, leaving her surviving four children;

Now, therefore, the aforesaid Notice of Intention to Return Vested Property is hereby amended as follows:

By deleting the name of Clara Baratz as a claimant and by deleting under the heading "Property" the words:

$7,233.45 in the Treasury of the United States.

All right, title and interest of Clara Chaiki Brill in and to the estate of David S. Brill, deceased.

An undivided ⅛ part of real property known as 22799 Oakwood Avenue, Detroit, Michigan.

And substituting therefor as claimants Anna Sinder of Montreal, Canada; Fany Rosenhaupt, Sofia Baratz and Nathan Baratz of Givatayim, Israel, and substituting under the heading "Property" the words:

To each claimant:
$1,685.78 in the Treasury of the United States.

An undivided ¼ part of all right, title and interest of Clara Chaiki Brill in and to the estate of David S. Brill, deceased.

An undivided 1/20 part of real property known as 22799 Oakwood Avenue, Detroit, Michigan.

All other provisions of said Notice of Intention to Return Vested Property executed on June 21, 1954, are hereby ratified and confirmed.

Executed at Washington, D. C., on May 4, 1955.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

[F. R. Doc. 55–3857; Filed, May 11, 1955; 8:51 a. m.]

SUSUMU IKEMIYA

NOTICE OF INTENTION TO RETURN VESTED PROPERTY

Pursuant to section 32 (f) of the Trading With the Enemy Act, as amended, notice is hereby given of intention to return, on or after 30 days from the date of publication hereof, the following property, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Property, and Location

Susumu Ikemiya, Branch Exchange No. 212, Camp Otsu, APO 9, San Francisco, California; Claim No. 62754, Vesting Order No. 13893; $862.00 in the Treasury of the United States.

Executed at Washington, D. C., on May 4, 1955.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

TITLE 3—THE PRESIDENT

PROCLAMATION 3094

NATIONAL MARITIME DAY, 1955

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the American Merchant Marine is today carrying on a long and honorable tradition of serving the trade and commerce of the world upon the high seas; and

WHEREAS American merchant ships and American seamen stand ready at all times to serve our Nation in the cause of freedom and justice; and

WHEREAS we have added to the United States Program for Peaceful Uses of Atomic Energy a proposal to build an atomic-powered merchant ship that will visit the ports of the world to demonstrate to people everywhere atomic energy harnessed to peacetime uses for the benefit of mankind; and

WHEREAS the Congress by a joint resolution approved May 20, 1933 (48 Stat. 73), designated May 22 as National Maritime Day, thus honoring the Merchant Marine by commemorating the departure from Savannah, Georgia, on May 22, 1819, of the *Savannah* on the first transoceanic voyage by any steamship, and requested the President to issue a proclamation annually calling for the observance of that day; and

WHEREAS since May 22 falls on Sunday this year, it is appropriate that National Maritime Day be observed on the following Monday:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby urge the people of the United States to honor our Merchant Marine on Monday, May 23, 1955, by displaying the flag of the United States at their homes or other suitable places; and I direct the appropriate officials of the Government to arrange for the display of the flag on all Government buildings on that day. I also request that all ships sailing under the American flag dress ship on Monday, May 23, in tribute to our Merchant Marine.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 10th day of May in the year of our Lord nineteen hundred and fifty-five, and of the Independence of the United States of America the one hundred and seventy-ninth.

[SEAL]

DWIGHT D. EISENHOWER

By the President:

HERBERT HOOVER, Jr.,
Acting Secretary of State.

EXECUTIVE ORDER 10611

ESTABLISHING THE CIVIL DEFENSE COORDINATING BOARD AND DEFINING ITS DUTIES

By virtue of the authority vested in me by the Federal Civil Defense Act of 1950 (64 Stat. 1245), and as President of the United States, it is ordered as follows:

1. There is hereby established a Civil Defense Coordinating Board, hereinafter referred to as the Board, within the executive branch of the Government. The Board shall be composed of the Administrator of the Federal Civil Defense Administration, who shall be the Chairman of the Board, and seventeen other members, one of whom shall be designated by and represent each of the following-named officials, respectively:

The heads of the ten executive departments, the Chairmen of the Atomic Energy Commission and Federal Power Commission, the Directors of the Office of Defense Mobilization and the Bureau of the Budget, and the Administrators of the Housing and Home Finance Agency, the General Services Administration, and the Veterans' Administration.

2. The functions of the Board shall be:

(a) To assist in the development of an orderly, integrated plan for the participation of all Federal departments and agencies in the civil defense of the nation, taking into consideration other defense requirements, both economic and military.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER, or the CODE OF FEDERAL REGULATIONS.

CFR SUPPLEMENTS

EXECUTIVE ORDER 10612

RESTORING CERTAIN LANDS RESERVED FOR MILITARY PURPOSES TO THE JURISDICTION OF THE TERRITORY OF HAWAII

WHEREAS certain hereinafter-described land in Waianae, District of Waianae, Island of Oahu, Territory of Hawaii, forming a part of the public lands ceded and transferred to the United States under the joint resolution of annexation of July 7, 1898, 30 Stat. 750, was reserved for military purposes by Executive Order No. 801 of June 6, 1938, of the Governor of the Territory of Hawaii; and

WHEREAS such land is no longer needed for military purposes, and it is deemed advisable and in the public interest that it be restored to the possession, use, and control of the Territory of Hawaii:

NOW, THEREFORE, by virtue of the authority vested in me by section 91 of the act of April 30, 1900, 31 Stat. 159, as amended by section 7 of the act of May 27, 1910, 36 Stat. 447, it is ordered that the following-described land, which is the same land as that described in Executive Order No. 801 of June 6, 1938, of the Governor of the Territory of Hawaii, be, and it is hereby, restored to the possession, use, and control of the Territory of Hawaii:

Being portion of the Nanakuli Forest Reserve, situated on the ridge dividing the lands of Nanakuli and Honouliuli, withdrawn therefrom by Proclamation of the Governor, dated May 2, 1938.

Beginning at a pipe in concrete marked No. 2 at the Southwest corner of this parcel of land and on the boundary between the lands of Nanakuli and Honouliuli (Land Court Application No. 1065), the coordinates of said point of beginning referred to Government Survey Trig. Station "Manawahua" being 1071.38 feet South and 1222.65 feet West as shown on Government Survey Registered Map 2535 and running by azimuths measured clockwise from true South:

1. 214° 50' 22" 1020.13 feet to a railroad spike;

2. 244° 30' 53" 584.00 feet to a point on the crest of the ridge dividing the lands of Nanakuli and Honouliuli, the true azimuth and distance from Government Survey Trig. Station "Manawahua" to said point on crest of ridge being 98° 40' 00" 114.00 feet;

3. Thence Southwesterly along the crest of the ridge dividing the lands of Nanakuli and Honouliuli to a pipe in concrete marked No. 1, the direct azimuth and distance being 53° 23' 45" 520.44 feet;

4. 41° 39' 00" 1041.50 feet along the boundary between the lands of Nanakuli and Honouliuli to the point of beginning.

Area, 2.28 acres.

RULES AND REGULATIONS

TITLE 6—AGRICULTURAL CREDIT

Chapter III—Farmers Home Administration, Department of Agriculture

[FHA Instruction 462.1]

PART 371—SECURITY SERVICING AND LIQUIDATIONS; OPERATING LOANS

RENEWALS AND EXTENSIONS OF OPERATING LOANS

Paragraph (d) of § 371.2, Title 6, Code of Federal Regulations (19 F. R. 3987) is revised to make it clear that the provisions thereof with respect to the extension or renewal of crop and chattel security instruments apply to all types of Operating loans, and to read as follows:

§ 371.2 *Taking additional security and keeping security instruments current.* * * *

(d) *Extension or renewal of crop and chattel security instruments.* (1) County Supervisors are responsible for seeing that security instruments are extended or renewed as necessary to protect the Government's security interests. This may be accomplished by obtaining new security instruments, or by the use of Form FHA–126, "Affidavit of Extension and Renewal," or similar form approved by the representative of the Office of the General Counsel for this purpose.

(2) In some states the original notes for Operating loans may not be scheduled for payment over the entire repayment period that has been agreed upon with borrowers because crop and chattel lien instruments in those states cannot be taken initially, or extended or renewed by action of the mortgage alone for that length of time. In such states, if a Form FHA–258, "Agreement to Extend Repayment Period," was obtained at the time the loan was made, steps will have to be taken to enforce or extend the lien immediately after the final installment due date on the original or additional note. In no event may an extension or renewal be approved which will cause the final repayment on any Operating loan to fall due after the repayment period originally agreed upon with the borrower or the statutory loan period, whichever is less. (In the case of a Production and Subsistence loan the statutory loan period is seven years from the date of the initial advance.)

(i) Before the additional note and security instrument are taken, a current lien search report will be obtained.

(ii) Additional notes will be obtained on Form FHA–124, "Renewal Promissory Note." The principal amount on the face of the additional note will be equal to the unpaid principal of the original note. The repayment schedule on the additional note will coincide with the unpaid installments on Form FHA–258 as to amounts and maturity dates except (*a*) when the mortgage taken to secure the additional note will not be valid over the entire balance of the repayment period shown on Form FHA–258, the last installment on the additional note will be scheduled to fall due at least 90 days prior to the expiration date of the additional mortgage and will be equal to amounts unpaid on installments as shown on Form FHA–258 which fall due on and after the final due date shown on the additional note, and (*b*) when the borrower is delinquent on the repayment schedule shown on Form FHA–258, the total amount of delinquent principal under Form FHA–258 will be scheduled for repayment on the day following the date of the additional note. The additional note will be dated the day it is executed. The space provided for the total amount of accrued unpaid interest will be left blank since this insertion will be made by the Finance Office. The note being extended will be described on the reverse side of the additional note. The original of Form FHA–124 will be executed by all the obligors who executed the original note. However, if it is not possible to obtain the signature of the original obligors, an additional note may be obtained if the State Director with the advice of the representative of the Office of the General Counsel determines that the Government's interests will not be jeopardized by such action. All notes being extended will be stamped "Not Paid, Renewed by Another Note," and retained in the Finance Office. New mortgages, describing the remaining security on the existing mortgage and any additional security that is available and needed will be taken to secure the additional note.

(3) State Directors in the states referred to in subparagraph (2) of this paragraph are authorized to accept properly executed additional notes (Form FHA–124) and related security instruments in cases in which Form FHA–258 was not executed at the time the loan was made and the security instrument is about to expire: *Provided, however,* That in no event may an extension or renewal be approved (i) which will cause the final repayment on any Operating loan to fall due after the repayment period originally agreed upon with the borrower or the statutory loan period, whichever is less (in the case of a Production and Subsistence loan the statutory loan period is seven years from the date of the initial advance), (ii) in a case in which the borrower is indebted for a Rural Rehabilitation, Emergency Crop and Feed, 1934–35 Drought Feed, Flood and Windstorm Restoration, Wartime Civilian Control Administartion, or Regional Agricultural Credit Corporation loan made prior to November 1, 1946. In cases in which additional notes and security instruments cannot be accepted because of such limitations, the loans must be paid in full or the security liquidated and the proceeds applied to the borrower's account prior to the expiration of the lien. However, these restrictions on extension and renewal of loans will not prevent the taking of new security instruments or the renewal or extension of the lien of existing security instruments needed to protect the interests of the Government, provided such extension or renewal can be accomplished without the renewal or extension of the maturity date of the loan itself. In cases in which additional notes and security instruments can be accepted, Form FHA–124 will be prepared in the same manner as outlined in subdivision (ii) of this subparagraph, except that any delinquent balance owing on the loan (or so much thereof as legally feasible under State law and still obtain the necessary additional security instrument) will be scheduled for repayment on the day following the date of the additional note. The authority contained in this subparagraph may be redelegated to County Supervisors.

(4) State Directors, with the advice of the representative of the Office of the General Counsel, will supplement subparagraph (3) of this paragraph, as necessary, to assure that proper action is taken to renew or extend security instruments, or to obtain additional notes and security instruments.

Chapter IV—Commodity Stabilization Service and Commodity Credit Corporation, Department of Agriculture

Subchapter B—Loans, Purchases, and Other Operations

[1955 C. C. C. Flaxseed Bulletin 1]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1955 TEXAS FLAXSEED PURCHASE PROGRAM

Sec.
421.1526 General.
421.1527 Administration.
421.1528 Period and area of operation.
421.1529 Basic purchase prices.
421.1530 Basis of purchase.
421.1531 Eligible producer.
421.1532 Eligible flaxseed.
421.1533 Authorized dealer.
421.1534 Purchase documents.
421.1535 Determination of quantity.
421.1536 Liens.
421.1537 Service charge.
421.1538 Set-offs.
421.1539 Payment.

AUTHORITY: §§ 421.1526 to 421.1539 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs., 301, 401, 63 Stat. 1053, 1054; 15 U. S. C. 714c. 7 U. S. C. 1447, 1421.

§ 421.1526 *General.* This subpart states the requirements with respect to the 1955-crop Texas Flaxseed Purchase Program formulated for price support purposes by Commodity Credit Corporation (referred to in this subpart as CCC) and the Commodity Stabilization Service (referred to in this subpart as CSS). CCC, through designated Agricultural Stabilization and Conservation county committees, will stand ready to make direct purchases from eligible producers of eligible flaxseed delivered to authorized flaxseed dealers from the time of harvest through July 31, 1955. All such purchases shall be made in accordance with this subpart.

§ 421.1527 *Administration.* (a) This program will be administered in the field through the CSS Commodity Office, Dallas, Texas, the Texas State Agricultural Stabilization and Conservation Committee, and Agricultural Stabilization and Conservation county committees (referred to in this subpart as county committees). A producer desiring to sell flaxseed under this program must apply to the county committee of the county in which the flaxseed was produced for written delivery instructions on the quantity of flaxseed he wishes to sell to CCC.

(b) Such application must be made sufficiently in advance of the date of the intended delivery to enable the county committee to schedule deliveries in an orderly manner. Delivery instructions issued by the county committee will set forth the approximate quantity of flaxseed and the time and place of delivery for the account of CCC. All flaxseed delivered under such instructions must meet the eligibility requirements specified in § 421.1532. The county committee may authorize in writing, certain employees of the county committee to approve on behalf of the committee any forms and documents in connection with this program. State and county committees and CSS Commodity Offices do not have authority to modify or waive any of the provisions of this subpart or any amendments or supplements thereto.

§ 421.1528 *Period and area of operation.* This program will be available on eligible flaxseed from the time of harvest through July 31, 1955, in the Texas counties listed in § 421.1529 (a). Deliveries of flaxseed under this program must be completed on or before July 31, 1955.

§ 421.1529 *Basic purchase prices.* (a) The basic purchase price per bushel of flaxseed, grading No. 1, delivered under this program for the account of CCC will be at the rate established for the county where the flaxseed is delivered. Texas counties authorized under this program and basic purchase rates are as follows:

TEXAS

County:	No. 1 flaxseed
Aransas	$2.75
Atascosa	2.68
Bastrop	2.65
Bee	2.74
Bell	2.63
Bexar	2.66
Blanco	2.63
Bowie	2.56

Williamson	2.65
Wilson	2.68
Zapata	2.59
Zavala	2.57

(b) (1) The basic purchase price shall be $2.94 per bushel for No. 1 flaxseed delivered to authorized flaxseed dealers at the Corpus Christi and Houston terminal markets in carload lots which have been shipped by rail on a domestic interstate freight rate basis, from a country shipping point to the said terminal markets as evidenced by paid freight bills duly registered for transit privileges and other documents as required in this subpart: *Provided*, That, in the event the amount of paid-in freight is insufficient to guarantee the minimum proportional freight rate from the aforesaid terminal markets, there shall be deducted from the applicable terminal purchase price the difference between the amount of freight actually paid in and the amount required to be paid in to guarantee outbound movement at the minimum proportional freight rate. The terminal warehouse receipt must be accompanied by a registered freight bill, or by a supplemental certificate signed by the warehousemen, containing data like that on such freight bills, in the form prescribed by the CSS Commodity Office, Dallas, Texas.

(2) The basic purchase price of flaxseed delivered at the aforesaid terminal markets by Rail in carload lots for which neither registered freight bills nor such freight certificates are presented, will be the terminal basic purchase price of $2.94 less 8 cents per bushel. Flaxseed delivered by truck at the designated terminals in the State of Texas will be purchased by CCC under this program on the basis of the terminal rate minus 12½ cents.

(c) The basic purchase price for No. 2 flaxseed shall in all instances be 6 cents per bushel less than the price indicated for No. 1 flaxseed.

(d) To compensate CCC for storage charges on flaxseed acquired under this program, the following deduction per bushel of flaxseed purchased shall be made from the basic purchase prices set forth in this section:

For flaxseed deposited in:	Deduction per bushel (cents)
April 1955	14
May 1955	13
June 1955	12
July 1955	11

§ 421.1530 *Basis of purchase.* Eligible flaxseed will be purchased on the basis of weight and grade. The grade shall be determined in accordance with the Official Grain Standards of the United States for flaxseed by a grain inspector licensed by the Secretary of Agriculture. Wherever the services of a licensed inspector are not available the CSS Commodity Office shall designate in writing a person qualified to determine the grade of flaxseed in accordance with the Official Grain Standards of the United States for flaxseed. Such designation may be revoked in writing by the CSS Commodity Office at any time.

§ 421.1531 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation or other legal entity which (a) has produced flaxseed in 1955 in one of the counties named in § 421.1529 as landowner, landlord, tenant, or sharecropper, and (b) has applied to the appropriate county office for delivery instructions.

§ 421.1532 *Eligible flaxseed.* Eligible flaxseed shall meet the following requirements:

(a) The flaxseed must be produced by an eligible producer in 1955 in one of the counties named in § 421.1529 (a).

(b) The beneficial interest in the flaxseed must be in the person tendering the flaxseed for purchase and must always have been in him or in him and a former producer whom he succeeded before the flaxseed was harvested.

(c) The flaxseed must grade No. 1 or No. 2. Sample grade flaxseed will not be purchased under this program.

§ 421.1533 *Authorized dealer.* An authorized dealer shall be any individual, partnership, association or corporation operating under a Flaxseed Dealer Agreement with CCC, which authorizes such dealer to accept delivery of eligible flaxseed under this program for the account of CCC. A list of authorized dealers to whom flaxseed may be delivered for the account of CCC under this program may be obtained from the offices indicated in § 421.1527.

§ 421.1534 *Purchase documents.* (a) The purchase documents shall consist of (1) the "Non-Negotiable Flaxseed Dealer's Receipt and Grade Certificate" (or other similar document if approved by CCC) issued to the producer for flaxseed delivered and in the case of a terminal warehouse receipt, the registered freight bill or warehouseman's supplemental certificate (2) the purchase settlement form, and (3) such other forms and documents as may be prescribed by CCC.

(b) The receipt must be issued in the name of the producer for the account of CCC and must be dated on or before July 31, 1955. Each receipt must show: (1) Gross weight or bushels, (2) grade, (3) test weight, (4) dockage, and (5) percentage of damage when such factor, and not test weight determine the grade. The receipt must show whether the flaxseed arrived by rail, truck or barge. In the case of warehouse receipts issued for flaxseed delivered by rail or barge, the grading factors on the receipt must agree with the inbound inspection certificates for the car or barge.

§ 421.1535 *Determination of quantity.* (a) The number of bushels of flaxseed delivered shall be determined by weight at time of delivery. A bushel shall be 56 pounds of flaxseed free of dockage.

(b) The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States for Flaxseed, and the weight of said dockage shall be deducted from the gross weight of the flaxseed in determining the net quantity for purchase.

§ 421.1536 *Liens.* The flaxseed must be free and clear of all liens and encumbrances, or if liens and encumbrances exist on the flaxseed, proper waivers must be presented to the county committee at the time of application for delivery instructions.

§ 421.1537 *Service charge.* A service charge of one-half cent per bushel or a minimum of $1.50, whichever is greater, shall be charged the producer on each purchase of flaxseed made by CCC under this program. The amount of the service charge shall be deducted from the purchase price at the time of settlement.

§ 421.1538 *Set-offs.* If the producer is indebted to CCC on any accrued obligation, or if any installment or installments on any loan made available by CCC on farm-storage facilities or mobile drying equipment, whether the note evidencing such loan is held by CCC or a lending agency, are past due or are payable or prepayable under the provisions of the farm-storage facility loan note or mobile drying equipment loan note out of the proceeds of the price support purchase, he must designate CCC or such lending agency as the payee of the proceeds of the purchase to the extent of such indebtedness or installments, but not to exceed that portion of the proceeds remaining after deduction of service charges and amounts due prior lienholders. If the producer is indebted to any other agency of the United States and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds as provided above. Indebtedness owing to CCC or to a lending agency as provided above shall be given first consideration after claims of prior lienholders. Compliance with the provisions of this section shall not constitute a waiver of any right of the producer to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 421.1539 *Payment.* Payment to the producer for flaxseed delivered under this program shall be made by the ASC county office by means of sight draft drawn on CCC, and on the basis of the purchase documents indicated in § 421.1534, subject to the provisions of set-offs and service charge.

Issued this 10th day of May 1955.

[SEAL] WALTER C. BERGER,
Acting Executive Vice President,
Commodity Credit Corporation.

443.1115 Insurance.
443.1116 Loss or damage to the cottonseed.
443.1117 Personal liability.
443.1118 Maturity and liquidation of loans.
443.1119 Release of the cottonseed under loan.
443.1120 Purchase of notes.
443.1121 Loan and settlement rates.
443.1122 Cooperative marketing associations.

AUTHORITY: §§ 443.1101 to 443.1122 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 301, 401, 63 Stat. 1053, 1054; 15 U. S. C. 714c, 7 U. S. C. 1447, 1421.

§ 443.1101 *Administration.* In the field, the program will be administered through Agricultural Stabilization and Conservation (hereinafter referred to as "ASC") State and county committees (hereinafter referred to as "State" and "county committees") and the CSS Commodity Office located at Wirth Building, 120 Marais Street, New Orleans 16, Louisiana (hereinafter referred to as "the New Orleans office"). Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity and grade of cottonseed, the amount of the loan, and the value of the cottonseed delivered under the loan. Loan documents will be completed in the county ASC office and copies of such documents will be retained there. Loan documents shall be approved on behalf of the county ASC

committee by county ASC office employees who shall be specifically designated in writing by the committee. State and county committees and the New Orleans office do not have authority to modify or waive any of the provisions of this subpart or any amendments thereto.

§ 443.1102 *Availability of loans*—(a) *Area.* Farm-storage loans (hereinafter referred to as loans) shall be available on eligible cottonseed stored in approved storage in all cotton producing areas, except that loans will not be made in any area where the appropriate State committee determines that the damage hazard to farm-storage cottonseed would not warrant the making of loans.

(b) *Time.* Loans shall be available through January 31, 1956. Notes and chattel mortgages must be signed by the producer and delivered to the county office on or before such date.

(c) *Source.* Loans will be made available through the offices of county committees. Disbursements on loans will be made to producers through approved lending agencies under agreements with CCC or by means of sight drafts drawn on CCC by county committees in accordance with instructions issued by CSS to the State and county committees. Disbursements on loans will be made not later than February 15, 1956, except where specifically approved by the New Orleans office in each instance. The producer shall not present the loan documents for disbursement unless the cottonseed are in existence and in good condition. If the cottonseed are not in existence and in good condition at the time of disbursement, the proceeds shall be promptly refunded by the producer.

§ 443.1103 *Approved lending agencies.* An approved lending agency shall be a bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a lending agency agreement (Form CCC–322).

§ 443.1104 *Eligible producer.* (a) An eligible producer shall be any individual, partnership, corporation, association, trust, estate, or other legal entity, or a State or political subdivision thereof or an agency of such State or political subdivision, producing cottonseed in 1955 in the capacity of landowner, landlord, tenant, or sharecropper.

(b) Eligible producers who are members of cooperative marketing associations may act collectively through their associations in obtaining loans in accordance with the provisions of § 443.1122.

§ 443.1105 *Eligible cottonseed.* Eligible cottonseed shall be cottonseed that meet the following requirements:

(a) The cottonseed must have been produced in the United States in 1955 by an eligible producer.

(b) Such cottonseed must have been produced by the person tendering them for a loan, or by the person who delivered the cottonseed to the cooperative association tendering the cottonseed for a loan, and the beneficial interest in the cottonseed must be in such person and must always have been in him or in him and a former producer whom he succeeded before the cottonseed were harvested. Cottonseed tendered by a cooperative association for a loan must have been produced and delivered to the association by its producer-members. Any person tendering cottonseed for a loan must have the legal right to mortgage the cottonseed as security for the loan.

(c) Cottonseed must be sound and clean and must not contain more than 11 percent moisture. Cottonseed that are "off quality" or "below grade" as defined in the United States Official Standards for Grades of Cottonseed shall not be eligible. At the time of making the loan no grade determination will be made. If upon maturity of the loan the cottonseed are found to be "off quality" or "below grade", settlement will be made in accordance with § 443.1121.

(d) No warehouse receipts shall be outstanding on the cottonseed.

§ 443.1106 *Approved storage.* Approved storage shall consist of storage structures located on or off the farm which, as determined by the county office manager, are of such construction as to afford safe storage of cottonseed and afford protection against weather damage, poultry, livestock and rodents, and reasonable protection against fire and theft.

§ 443.1107 *Approved forms.* (a) The documents named in this section, together with the provisions of this subpart and any supplements or amendments thereto, govern the rights and responsibilities of the producers under this program. Loan documents executed by an administrator, executor or trustee will be acceptable only where valid in law and must be accompanied by documentary evidence of the authority of the person executing such documents. Documents must have State and documentary revenue stamps affixed when required by law.

(b) The following documents must be delivered by the producer in support of every loan: Producer's Note and Supplemental Loan Agreement (Commodity Loan Form A) and Commodity Chattel Mortgage (Commodity Loan Form AA) covering the cottonseed tendered as security for the loan both executed and delivered within the period prescribed in § 443.1102, and such other forms as may be prescribed by CCC.

§ 443.1108 *Determination of quantity.* The quantity of cottonseed at the time a loan is made shall be determined by actual weight or by an estimate based upon measurements. When the weight of cottonseed to be placed under loan is estimated by measurement, 90 cubic feet of cottonseed shall be considered the equivalent of one ton. The quantity delivered in liquidation of the loan shall be the net weight, which shall be the gross weight of the cottonseed less a deduction for any foreign matter in excess of 1 percent of the gross weight.

§ 443.1109 *Liens.* The cottonseed must be free and clear of all liens and encumbrances, including any claim the ginner may have against the cottonseed for his regular ginning charge. If liens, ginner's claims, or encumbrances exist on the cottonseed, proper waivers must be obtained.

§ 443.1110 *Service charges.* The producer shall pay a service charge of 35 cents per ton on the number of tons placed under a loan, or $3.00, whichever is greater. State committees are authorized to require prepayment of $3.00 of the service charges. No refund of any service charge will be made.

§ 443.1111 *Set-offs.* (a) If the producer is indebted to CCC on any accrued obligation, or if any installment or installments on any loan made available by CCC on farm-storage facilities or mobile drying equipment are past due or are payable or prepayable, under the provisions of the note evidencing such loan, out of the proceeds of the price support loan, he must designate CCC or the lending agency holding such note as the payee of the proceeds of the loan to the extent of such indebtedness or installments, but not to exceed that portion of the proceeds remaining after deduction of service charges and amounts due prior lienholders.

(b) If the producer is indebted to any other agency of the United States, and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of amounts under paragraph (a) of this section.

(c) Compliance with the provisions of this section shall not constitute a waiver of any right of the producer to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 443.1112 *Interest rate.* Loans will bear interest at the rate of 3½ percent per annum from the date of disbursement to the date of repayment, except that in the case of default in satisfaction of loans, the deficiency will bear interest at the rate of 6 percent per annum from the date of default to the date of repayment.

§ 443.1113 *Transfer of producer's equity.* The right of the producer to transfer either his right to redeem the cottonseed under loan or his remaining interest may be restricted by CCC.

§ 443.1114 *Safeguarding of the cottonseed.* The producer who places cottonseed under a loan is obligated to maintain the storage structure in good repair, and to keep the cottonseed in good condition.

§ 443.1115 *Insurance.* CCC will not require the producer to insure the cottonseed placed under a loan; however, if the producer does insure such cottonseed and an indemnity is paid thereon, such indemnity shall inure to the benefit of CCC to the extent of its interest after first satisfying the producer's equity in the cottonseed involved in the loss.

§ 443.1116 *Loss or damage to the cottonseed.* The producers shall be responsible for the quality and for any loss in quantity of the cottonseed placed under loan, except that, subject to the provisions of § 443.1115, any physical loss or damage other than shrinkage or natural deterioration, occurring after disbursement of the loan funds to the producer, without fault, negligence, or conversion on the part of the producer or any other person having control of the storage structure, and resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC to the extent of the loan plus interest, provided the producer or other person having control of the storage structure has given the county office immediate written notice of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan. No physical loss or damage occurring prior to disbursement of the loan funds to the producer will be assumed by CCC. Where disbursement is made by check or draft the date of the check or draft shall constitute the date of disbursement of the funds.

§ 443.1117 *Personal liability.* The making of any fraudulent representations by the producer in the loan documents, or in obtaining the loan, or the conversion or unlawful disposition by him of any portion of the cottonseed under loan, shall render the producer subject to criminal prosecution under Federal law and render him personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 443.1118 *Maturity and liquidation of loans.* (a) Settlement of loans, and delivery of the cottonseed covered by chattel mortgage shall be made in accordance with this section. All loans mature on demand but not later than March 1, 1956. If the producer does not repay his loan on or before maturity, the producer shall deliver the mortgaged cottonseed in accordance with instructions issued on behalf of the county committee. The producer may, however, pay off his loan and redeem his cottonseed at any time prior to the delivery of the cottonseed to CCC or removal of the cotton seed by CCC. In the event the farm is sold or there is a change of tenancy, the cottonseed may be delivered by the producer before the maturity date of the loan, after obtaining delivery instructions issued on behalf of the county committee, or may be delivered before the maturity date of the loan for other reasons upon prior approval of the Executive Vice President, CCC. After a complete grade determination by a cottonseed chemist licensed by the U. S. Department of Agriculture, credit will be given at the applicable settlement rate, according to grade and/or quality (see § 443.1121), for the total quantity delivered, provided it is the identical cottonseed on which the loan was made.

(b) If the producer is directed by the county committee to deliver his cottonseed to a point other than the normal delivery point, the producer shall be allowed compensation (as determined by CCC) for the additional cost of hauling the cottonseed any distance greater than the distance from the point where the cottonseed are stored by the producer to the normal delivery point.

(c) If the settlement value of the cottonseed delivered under a loan exceeds the amount due on the loan by more than $3.00, such amount will be paid to the producer on the basis of the settlement documents. To avoid administrative costs of making small payments, if the amount found due the producer in such settlement is $3.00 or less, such amount will be paid only upon his request. Payments will be made by sight drafts drawn on CCC by county office employees designated by the county committee.

(d) If the settlement value of the cottonseed is less than the amount due on the loan (excluding interest), the amount of the deficiency, plus interest, shall be paid to CCC by the producer and may be set off against any payment which would otherwise be due to the producer under any agricultural programs administered by the Secretary of Agriculture or any other payments which are due or may become due to the producer from CCC or any other agency of the United States: *Provided,* That, to avoid administrative costs of handling small accounts, a deficiency of $3.00 or less, including interest, may be disregarded unless demand therefor is made by CCC upon the producer.

(e) If the loan is not liquidated upon maturity by payment or delivery, the holder of the note may remove the cottonseed and sell them in accordance with the provisions of the chattel mortgage (Commodity Loan Form AA).

§ 443.1119 *Release of the cottonseed under loan.* A producer may at any time obtain the release of cottonseed remaining under loan by paying to the holder of the note the principal amount thereof, plus accrued interest and any charges that may be due. Upon payment of a loan, the county office should be requested to release the mortgage by filing an instrument of release or by executing a marginal release on the county records. Partial release of the cottonseed prior to maturity of the loan may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the cottonseed to be released: *Provided, however,* No partial release of cottonseed shall include less than the total quantity of cottonseed stored in any single commingled mass unless the appropriate county committee determines that release of a portion of such commingled mass may be made.

§ 443.1120 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages. The purchase price to be paid by CCC will be the principal sum remaining due on such notes, plus an amount computed according to the lending agency agreement to cover interest. Lending agencies are required to submit Commodity Credit Corporation Form 500 or such other form as CCC may prescribe for all payments received on producers' notes held by them and are required to remit interest to CCC computed according to the lending agency agreement.

§ 443.1121 *Loan and settlement rates*—(a) *Loan rates.* Loans on cottonseed shall be made at the rate of $46.00 per ton of eligible cottonseed as defined in § 443.1105.

(b) *Basic settlement rate.* The basic settlement rate for "basis grade" (100) cottonseed shall be $46.00 per net ton f. o. b. railroad cars or trucks at delivery points designated by CCC. The settlement rate for cottonseed grading above or below "basis grade" (100) shall be $46.00 per ton plus or minus a percentage of such price equal to the percentage by which the grade of such cottonseed is above or below 100. In the case of "off quality" or "below grade" cottonseed, as defined in the United States Official Standards for Grades of Cottonseed, CCC will sell such cottonseed at the current market price and the settlement rate shall be the market price per ton determined on the basis of such sale.

§ 443.1122 *Cooperative marketing associations.* (a) Cooperative marketing associations shall be eligible for loans: *Provided,* That (1) the cottonseed placed under loan are delivered to the association by eligible producers who are members of the association; (2) the association has been granted by such producer-members the legal right to mortgage the cottonseed as security for a loan; (3) the association keeps any cottonseed covered by a chattel mortgage segregated from all cottonseed not covered by the mortgage; and (4) the association undertakes to pay the CCC any amounts due it under the provisions of this program at the time of settlement.

(b) Cooperative associations desiring loans may obtain documents from the county office for the county in which the association is located. The loan and settlement rates to cooperative associations will be the same as those to individual producers, and loans with respect to such associations will otherwise be on substantially the same basis as loans with respect to individual producers.

Issued this 10th day of May 1955.

[SEAL] WALTER C. BERGER,
Acting Executive Vice President,
Commodity Credit Corporation.

[F. R. Doc. 55–3892; Filed, May 12, 1955; 8:50 a. m.]

TITLE 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 29—TOBACCO INSPECTION

SUBPART D—ORDER OF DESIGNATION OF TOBACCO MARKETS

ALMA AND PEARSON, GEORGIA, TOBACCO AUCTION MARKETS

Upon referenda conducted, pursuant to prior notice (20 F. R. 1741–1742), during the period April 21, 1955–April 23, 1955, both dates inclusive, among tobacco growers, who, during the 1954

marketing season, sold tobacco at auction on the market at Alma, Georgia, and on the market at Pearson, Georgia, it is found that more than two-thirds of the growers voting in each such referendum favor the designation of each such market under section 5 of the Tobacco Inspection Act (7 U. S. C. 511 et seq.) for the free and mandatory inspection and certification of tobacco sold on each such market. Therefore, pursuant to the authority vested in the Administrator of the Agricultural Marketing Service, and for the purposes of said act, the orders of designation of tobacco markets (7 CFR 29.601) are amended by adding thereto at the end thereof the following paragraph (rr):

§ 29.601 *Designation of tobacco markets.* • • •

(rr) *The tobacco markets at Alma and Pearson, Georgia.* Effective 30 days after May 13, 1955, no tobacco of any type shall be offered for sale at auction on the market at Alma, Georgia, and on the market at Pearson, Georgia, until such tobacco shall have been inspected and certified by an authorized representative of the U. S. Department of Agriculture according to standards established under the Tobacco Inspection Act (7 U. S. C. 511 et seq.): *Provided, however,* That such requirement of inspection and certification may be suspended at any time when it is found impracticable to provide inspection or when the quantity of tobacco available for inspection is not sufficient to justify the cost of such service.

(Sec. 14, 49 Stat. 734; 7 U. S. C. 511m)

Issued this 10th day of May 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator,
Agricultural Marketing Service.

PART 52—PROCESSED FRUITS, VEGETABLES AND OTHER PRODUCTS (INSPECTION, CERTIFICATION AND STANDARDS)

SUBPART—UNITED STATES STANDARDS FOR GRADES OF CANNED PEAS [1]

On March 19, 1955, a notice of proposed rule making was published in the FEDERAL REGISTER (20 F. R. 1662) regarding a proposed revision of the United States Standards for Grades of Canned Peas.

After consideration of all relevant matters presented, including the proposal set forth in the aforesaid notice, the following United States Standards for Grades of Canned Peas are hereby promulgated pursuant to the authority contained in the Agricultural Marketing Act of 1946. (60 Stat. 1087 et seq.; 7 U. S. C. 1621 et seq.).

IDENTITY, TYPES, AND GRADES

Sec.
52.2281 Identity.
52.2282 Types of canned peas.
52.2283 Grades of canned peas.

[1] Compliance with these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

FILL OF CONTAINER AND SIZES

Sec.
52.2284 Fill of container.
52.2285 Sizes of peas.

FACTORS OF QUALITY

52.2286 Ascertaining the grade.
52.2287 Ascertaining the rating of each factor.
52.2288 Liquor.
52.2289 Color.
52.2290 Defects.
52.2291 Maturity and tenderness.

METHODS OF ANALYSES

52.2292 Methods of analyses.

LOT CERTIFICATION TOLERANCES

52.2293 Tolerances for certification of officially drawn samples.

SCORE SHEET

52.2294 Score sheet for canned peas.

AUTHORITY: §§ 52.2281 to 52.2294 issued under sec. 205, 60 Stat. 1090, 7 U. S. C. 1624.

IDENTITY, TYPES, AND GRADES

§ 52.2281 *Identity.* (a) "Canned peas" means the canned product prepared from clean, sound, shelled, succulent peas as such product is defined in the Standards of Identity for Canned Peas (21 CFR 51.0) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

§ 52.2282 *Types of canned peas.* (a) "Early peas" means canned succulent peas of Alaska or other smooth skin varieties.

(b) "Sweet peas" means canned succulent peas of sweet, wrinkled varieties.

§ 52.2283 *Grades of canned peas.* (a) "U. S. Grade A" or "U. S. Fancy" is the quality of canned peas that possess similar varietal characteristics; that possess a good flavor; that possess a good liquor; that possess a good color; that are practically free from defects; that are tender; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 90 points: *Provided,* That the canned peas may possess a reasonably good liquor; and may possess a reasonably good color if the total score is not less than 90 points.

(b) "U. S. Grade B" or "U. S. Extra Standard" is the quality of canned peas that possess similar varietal characteristics; that possess a good flavor; that possess a reasonably good liquor; that possess a reasonably good color; that are reasonably free from defects; that are reasonably tender; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 80 points: *Provided,* That the canned peas may possess a fairly good liquor and a fairly good color if the total score is not less than 80 points.

(c) "U. S. Grade C" or "U. S. Standard" is the quality of canned peas that possess similar varietal characteristics; that possess a fairly good flavor; that possess a fairly good liquor; that possess a fairly good color; that are fairly free from defects; that are fairly tender; and that for those factors which are scored in accordance with the scoring system outlined in this subpart the total score is not less than 70 points.

(d) "Substandard" is the quality of canned peas that fail to meet the requirements of U. S. Grade C or U. S. Standard and that may or may not meet the Standard of Quality for Canned Peas issued pursuant to the Federal Food, Drug, and Cosmetic Act.

FILL OF CONTAINER

§ 52.2284 *The standard of fill of container.* The standard of fill of container for canned peas is not incorporated in the grade of the finished product, since fill of container, as such, is not a factor of quality for the purposes of these grades. Canned peas shall be considered standard in fill if they meet the standard of fill promulgated under the Federal Food, Drug, and Cosmetic Act (21 CFR 51.2). The standard is as follows: If the container is so filled that, when the peas and liquid are removed from the container and returned thereto, the leveled peas (irrespective of the quantity of the liquid), 15 seconds after they are so returned completely fill the container. A container with lid attached by double seam shall be considered to be completely filled when it is filled to the level 3/16 inch vertical distance below the top of the double seam; and a glass container shall be considered to be completely filled when it is filled to the level 1/2 inch vertical distance below the top of the container. Canned peas that do not meet this requirement are "Below Standard in Fill."

§ 52.2285 *Sizes of peas.* For the purpose of these grades, the sizes of peas are not considered in ascertaining the quality of the product except for the factor of defects in determining pieces of peas. The size of a pea is determined on the basis of the diameter of the circular opening(s) through which the pea will pass or will not pass without force or pressure. The size designations applicable to peas in canned peas and the diameters as aforesaid are shown in Table No. I of this section.

TABLE NO. I—SIZES OF PEAS IN CANNED PEAS

Size designation	Diameter of circular openings in inches	
	Will not pass through—	Will pass through—
Size 1		9/32
Size 2	9/32	10/32
Size 3	10/32	11/32
Size 4	11/32	12/32
Size 5	12/32	13/32
Size 6	13/32	14/32
Size 7	14/32	

FACTORS OF QUALITY

§ 52.2286 *Ascertaining the grade.* (a) The grade of canned peas is ascertained by considering the factors of quality which are not scored and those which are scored as follows:

(1) *Factors which are not scored.* (i) Varietal characteristics.

(ii) Flavor.

(2) *Factors which are scored.* The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
Liquor	10
Color	10
Defects	30
Maturity and tenderness	50
Total score	100

(b) "Good flavor" means that the product has a good characteristic normal flavor and odor for the maturity and is free from objectionable flavors and objectionable odors of any kind.

(c) "Fairly good flavor" means that the product may be lacking in good characteristic normal flavor and odor but is free from objectionable flavors and objectionable odors of any kind.

§ 52.2287 *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive. (For example, "27 to 30 points" means 27, 28, 29, or 30 points.)

§ 52.2288 *Liquor*—(a) (*A*) *classification.* Canned peas that possess a good liquor may be given a score of 9 or 10 points. "Good liquor" means that the color of the liquor is typical, may possess a slight cloudiness or slight tint of green, that not more than a slight quantity of suspended material or sediment may be present, and that the liquor is not viscous.

(b) (*B*) *classification.* If the canned peas possess a reasonably good liquor, a score of 8 points may be given. "Reasonably good liquor" means that the liquor may be cloudy but not off color; that not more than a moderate quantity of suspended material or sediment may be present and that the liquor may be not more than slightly viscous.

(c) (*C*) *classification.* If the canned peas possess a fairly good liquor, a score of 7 points may be given. "Fairly good liquor" means the liquor may be very cloudy, may possess a pronounced accumulation of sediment, may be dull but not off color, and may be viscous but not so viscous that the liquor will not separate from the peas.

(d) (*SStd.*) *classification.* Canned peas that fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 6 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

§ 52.2289 *Color*—(a) (*A*) *classification.* Canned peas that possess a good color may be given a score of 9 or 10 points. "Good color" means that the canned peas possess a color typical of tender peas of similar varietal characteristics, are bright, and that the product is practically free from peas that materially detract from the overall color appearance (includes peas commonly referred to as "blond" or "cream colored" peas).

(b) (*B*) *classification.* If the canned peas possess a reasonably good color, a score of 7 or 8 points may be given. "Reasonably good color" means that the canned peas possess a color typical of reasonably tender peas of similar varietal characteristics, are reasonably bright, and that the appearance of the product is reasonably free from peas that materially detract from the overall color appearance (includes peas commonly referred to as "blond" or "cream colored" peas).

(c) (*C*) *classification.* Canned peas that possess a fairly good color may be given a score of 5 or 6 points. Canned peas that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a partial limiting rule). "Fairly good color" means that the canned peas possess a color typical of fairly tender peas of similar varietal characteristics, and that the appearance of the product is fairly free from peas that materially detract from the overall color appearance (includes peas commonly referred to as "blond" or "cream colored" peas).

(d) (*SStd.*) *classification.* Canned peas that are artificially colored or fail to meet the requirements of paragraph (c) of this section may be given a score of 0 to 4 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule), and, in addition, when artificially colored, the canned peas are "Below Standard in Quality—Artificially Colored."

§ 52.2290 *Defects*—(a) *General.* The factor of defects refers to the degree of freedom from harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects.

(1) "Harmless extraneous vegetable material" means:

(i) Green tender vegetable material common to the pea plant, such as leaves, pea pods, and stems;

(ii) Non-deleterious or non-poisonous type of thistle buds, nightshade berries, or other similar type buds or berries, from other plants; and

(iii) Other predominant spherical or cylindrical vegetable material from other plants which are tender and similar in color to canned peas.

(2) "Piece of pea" (broken pea)[2] means:

(i) A whole pea from which a cotyledon or a large portion thereof has become separated;

(ii) Two detached whole cotyledons;

(iii) Pieces of detached cotyledons aggregating the equivalent of an average size cotyledon; and

(iv) A whole detached skin or portions of detached skin aggregating the equivalent of an average size whole skin.

(3) "Minor discoloration" means discoloration which slightly affects but does not materially affect the appearance or eating quality of the pea.

(4) "Spotted or otherwise discolored" means a pea spotted or otherwise discolored to an extent that the appearance or eating quality of the pea is materially affected, such as vivid-green peas, or peas showing brown, yellow, or dark discolored areas. (Does not include peas commonly referred to as "blond" or "cream colored" peas which are scored under the factor of color.)

(b) (*A*) *classification.* Canned peas that are practically free from defects may be given a score of 27 to 30 points. "Practically free from defects" means:

(1) That for approximately each 100 ounces of net contents there may be present:

(i) One piece, or pieces, of vegetable material, common to the pea plant having an aggregate area of 1/4 square inch (1/2" x 1/2") on one surface of the piece, or pieces; or

(ii) One thistle bud or nightshade berry or other spherical piece of vegetable material from other plants, not exceeding the size of a No. 4 size pea; or

(iii) One cylindrical piece or pieces of vegetable material from other plants, not exceeding 1/2 inch in length in the aggregate.

(2) That 3 percent, by count, of the peas may be pieces of peas in sizes larger than size 2 or in blends of sizes, except that 5 percent, by count, of the peas may be pieces of peas in size 1 and size 2 or in blends of size 1 and size 2.

(3) That 1/2 of 1 percent, by count, of the peas may be spotted or otherwise discolored: *Provided,* That harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects individually or collectively do not more than slightly affect the appearance or eating quality of the product.

(c) (*B*) *classification.* If the canned peas are reasonably free from defects, a score of 24 to 26 points may be given. Canned peas that fall into this classification except for pieces of peas, shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means:

(1) That for approximately each 50 ounces of net contents there may be present:

(i) One piece, or pieces, of vegetable material, common to the pea plant having an aggregate area of 1/4 square inch (1/2" x 1/2") on one surface of the piece, or pieces; or

(ii) One thistle bud or nightshade berry or other spherical piece of vegetable material from other plants, not exceeding the size of a No. 4 size pea; or

(iii) One cylindrical piece or pieces of vegetable material from other plants, not exceeding 1/2 inch in length in the aggregate.

(2) That 7 percent, by count, of the peas may be pieces of peas; and

(3) That 2 percent, by count, of the peas may be spotted or otherwise discolored: *Provided,* That harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects individually or collectively do not materially affect the appearance or eating quality of the product.

[2] The "percent by count of peas" as pieces of peas is calculated by dividing the total number of pieces of peas by the total number of peas and pieces of peas. (A pea held together by its skin, even though the cotyledons are partly crushed or the skin split is considered an unbroken pea.)

(d) *(C) classification.* If the canned peas are fairly free from defects a score of 21 to 23 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means:

(1) That ½ of 1 percent of the drained weight of the peas may be harmless extraneous vegetable material; [2]

(2) That 10 percent of the drained weight of the peas may be pieces of peas,[2] and

(3) That 4 percent, by count, of the peas may be spotted or otherwise discolored: *Provided*, That harmless extraneous vegetable material, pieces of peas, minor discoloration, spotted or otherwise discolored peas, and other defects individually or collectively do not seriously affect the appearance or eating quality of the product.

(e) *(SStd.) classification.* Canned peas that fail to meet the requirements of paragraph (d) of this section may be given a score of 0 to 20 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule), and may also be "Below Standard in Quality—Good Food—Not High Grade" for the following applicable reasons: "Excessive Foreign Material," "Excessive Broken Peas," "Excessive Discolored Peas."

§ 52.2291 *Maturity and tenderness—*(a) *General.* The determination of maturity and tenderness in the (A) and (B) classifications in paragraphs (b) and (c) of this section is based on the brine flotation test as outlined herein and ruptured peas with respect to the (B) classification. The maturity and tenderness in the (C) classification is based on the brine flotation test outlined in this subpart, the alcohol-insoluble solids test and other tenderness test as outlined in the Standard of Quality for Canned Peas (21 CFR 51.1) promulgated under the Federal Food, Drug, and Cosmetic Act.

(b) *(A) classification.* Canned peas that are tender may be given a score of 45 to 50 points. "Tender" means that the peas comply with the requirements of Table No. II of this paragraph.

TABLE No. II

Type	Size	Maximum number of peas that sink in 10 seconds (percent by count)	Percentage of salt in solution
Sweet	All sizes	12 2	11 13
Early	All sizes	20 2	11 13½

(c) *(B) classification.* If the canned peas are reasonably tender, a score of 41 to 44 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably tender" means:

(1) That the skins of not more than 5 percent, by count, of the peas may be ruptured to a width 1/16 inch or more; and

(2) That in the brine flotation test the peas comply with the requirements shown in Table No. III of this paragraph.

TABLE No. III

Type	Size	Maximum number of peas that sink in 10 seconds (percent by count)	Percentage of salt in solution
Sweet	All sizes	15 4	13 15
Early	All sizes	30 8	13½ 15

(d) *(C) classification.* If the canned peas are fairly tender, a score of 37 to 40 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly tender" means:

(1) That the skins of not more than 25 percent, by count, of the peas may be ruptured to a width of 1/16 inch or more; [3]

(2) That not less than 90 percent, by count, of the peas are of such tenderness that they are crushable by a weight of not more than 907.2 grams (2 pounds); and [3]

(3) That the alcohol-insoluble solids of early type peas are not more than 23.5 percent and of sweet type peas not more than 21 percent.[3]

The following requirements shown in Table No. IV of this paragraph, with respect to the brine flotation test, provide a guide for scoring canned peas which are fairly tender:

TABLE No. IV

Type	Size	Maximum number of peas that sink in 10 seconds (percent by count)	Percentage of salt in solution
Sweet	All sizes	10	15
Early	All sizes	10	16

(e) *(SStd.) classification.* Canned peas that fail to meet the requirements of paragraph (d) of this section may be given a score of 0 to 36 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule) and may also be "Below Standard in Quality—Good Food—Not High Grade," for the following applicable reasons: "Excessive Cracked Peas," "Not Tender," "Excessively Mealy."

METHODS OF ANALYSES

§ 52.2292 *Methods of analyses—*(a) *Brine flotation test.* The brine flotation test utilizes salt solutions of various specific gravities to separate the peas according to maturity. The brine solutions are based on the percentage by weight of pure salt (NaCl) in solution. In making the test a 250 ml. glass beaker is filled with the brine solution to a depth of approximately two inches. The brine equipment, solution and sample should be at the same temperature. Only peas that sink to the bottom of the receptacle within 10 seconds after immersion are counted as "peas that sink." Pieces of peas and loose skins should not be used in making the brine flotation test.

(b) *Alcohol-insoluble solids.* (1) Pour sample on 8-mesh screen, using 8-inch screen for containers of less than 3 pounds net weight, and 12-inch screen for larger quantities. Spread peas evenly and allow to drain. Transfer peas to white pan and remove any foreign material. Add volume of H_2O equal to double volume of original sample.

(2) Pour peas back on screen, spreading evenly; tilt screen as much as possible without shifting peas; and drain two minutes. With cloth wipe surplus moisture from lower surface of screen. Grind drained peas in food chopper until cotyledons are reduced to smooth homogeneous paste, stir, and weigh 20 grams of ground material into 600 ml. beaker. Add 300 ml. of 80 percent alcohol, stir, cover beaker, and bring to boil. Simmer slowly 30 minutes.

(3) Fit into Buchner funnel filter paper of appropriate size (previously prepared by drying in flat-bottom dish two hours at temperature of boiling H_2O, covering with tight-fitting cover, cooling in desiccator, and weighing at once). Apply suction and transfer contents of beaker to the Buchner funnel in such manner as to avoid running over edge of paper. Suck dry and wash material on filter with 80 percent alcohol until washings are clear and colorless.

(4) Transfer filter paper and alcohol-insoluble solids to dish used in preparation of filter paper, dry uncovered two hours at temperature of boiling H_2O, place cover on dish, cool in desiccator, and weigh at once. From this weight deduct weight of dish, cover, and paper. Calculate percent by weight of alcohol-insoluble solids.

(c) *Tenderness test.* Remove the skin of a pea, placing one of its cotyledons, with flat surface down on the approximate center of the level, smooth surface of a rigid plate, lowering a horizontal disc to the highest point of the cotyledon, and measuring the height of the cotyledon. The disc must be of rigid material and affixed to a rod held vertically by a support through which the rod can freely move upward or downward. The lower face of the disc must be a smooth, plane surface horizontal to the vertical axis of the rod. A device to which weight may be added is affixed to the upper end of the rod. Before lowering the disc to the cotyledon, adjust the combined weight of disc, rod, and device to 100 grams. After measuring the height of the cotyledon, and shifting the plate, if necessary, so that the cotyledon is under the approximate center of the disc, add weight to the device at a uniform, continuous rate of 12 grams per second until the cotyledon is pressed to one-fourth its previously measured height, or until the combined weight of disc, rod, and device is 907.2 grams (2 pounds). A pea so tested shall be considered to be crushed when its cotyledon is pressed to one-fourth its original height.

LOT CERTIFICATION TOLERANCES

§ 52.2293 *Tolerances for certification of officially drawn samples.* (a) When certifying samples that have been officially drawn and which represent a specific lot of canned peas, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if, (1) all containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification; and (2) with respect to those factors which are scored:

(i) Not more than one-sixth of the containers fails to meet the grade indicated by the average of such total scores;

(ii) None of the containers falls more than 4 points below the minimum score for the grade indicated by the average of such total scores;

(iii) None of the containers falls more than one grade below the grade indicated by the average of such total scores; and

(iv) The average score of all containers for any factor subject to a limiting rule is within the score range of that factor for the grade indicated by the average of the total scores of the containers comprising the sample.

SCORE SHEET

§ 52.2294 *Score sheet for canned peas.*

Size and kind of container

[1] Indicates limiting rule.
[2] Indicates partial limiting rule.

Effective time and supersedure. The United States Standards for Grades of Canned Peas (which is the sixth issue) contained in this subpart shall become effective on date of publication hereof in the FEDERAL REGISTER, and will thereupon supersede the United States Standards for Grades of Canned Peas which have been in effect since April 4, 1942.

The Department finds that it is unnecessary and contrary to the public interest to give a 30-day notice of the effective date of the standards herewith published for the reasons that:

(1) The packing season for canned peas is about to begin;

(2) The canned pea industry has long been aware of the nature of these standards in that notice of proposed rule making in this regard was published in the FEDERAL REGISTER issues of January 1, 1954 (19 F. R. 13), and March 19, 1955 (20 F. R. 1662);

(3) Numerous and detailed discussions have been held with industry representatives relative to provisions included in the revised grade standards;

(4) The industry generally has expressed agreement with the revised provisions of the standards, and is in agreement that the revised grade standards be put into effect as soon as practicable; and

(5) No special preparation by the persons affected for the putting of these standards in effect will be necessary.

Dated: May 9, 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator,
Marketing Services.

Chapter XI—Agricultural Conservation Program Service, Department of Agriculture

[1061 (52)-1, Supp. 8]

PART 1101—NATIONAL AGRICULTURAL CONSERVATION

SUBPART—1952

APPEALS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act, as amended, the 1952 National Agricultural Conservation Program, approved August 31, 1951 (16 F. R. 9006), as amended September 25, 1951 (16 F. R. 9859), December 3, 1951 (16 F. R. 12306), February 28, 1952 (17 F. R. 1931), March 7, 1952 (17 F. R. 2110), March 31, 1952 (17 F. R. 2885), April 17, 1952 (17 F. R. 3530), and December 17, 1952 (17 F. R. 11626), is further amended as follows:

Section 1101.394 is amended by adding the following at the end thereof: "Appeals considered under this section shall be decided in accordance with the provisions of this subpart and of the applicable State and county programs on the basis of the facts of the individual case: *Provided*, That the Secretary, upon the recommendation of the Administrator, ACPS, and the State and county committees, may waive the requirements of any such provision where not prohibited by statute if, in his judgment, such waiver under all the circumstances is justified to permit a proper disposition of an appeal where the farmer in reasonable reliance on any instruction or commitment of any member, employee, or representative of a State or county committee in good faith performed an eligible conservation practice and such performance reasonably accomplished the purpose of the practice."

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7–17, 49 Stat. 1148, as amended; 16 U. S. C. 590g–590q)

Done at Washington, D. C., this 10th day of May 1955.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 55-3889; Filed, May 12, 1955; 8:49 a. m.]

[3] Determined as outlined in the Standard of Quality for Canned Peas (21 CFR 51.1) promulgated under the Federal Food, Drug, and Cosmetic Act.

[1061 (53)-1, Supp. 7]

PART 1101—NATIONAL AGRICULTURAL CONSERVATION

SUBPART—1953

APPEALS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act, as amended, the 1953 National Agricultural Conservation Program, approved July 28, 1952 (17 F. R. 6995), as amended July 28, 1952 (17 F. R. 7110), October 30, 1952 (17 F. R. 9921), July 24, 1953 (18 F. R. 4419), July 30, 1953 (18 F. R. 4592), March 19, 1954 (19 F. R. 1581), and March 1, 1955 (20 F. R. 1336), is further amended as follows:

Section 1101.494 is amended by adding the following at the end thereof: "Appeals considered under this section shall be decided in accordance with the provisions of this subpart and of the applicable State and county programs on the basis of the facts of the individual case: *Provided*, That the Secretary, upon the recommendation of the Administrator, ACPS, and the State and county committees, may waive the requirements of any such provision where not prohibited by statute if, in his judgment, such waiver under all the circumstances is justified to permit a proper disposition of an appeal where the farmer in reasonable reliance on any instruction or commitment of any member, employee, or representative of a State or county committee in good faith performed an eligible conservation practice and such performance reasonably accomplished the purpose of the practice."

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7–17, 49 Stat. 1148, as amended; 16 U. S. C. 590g–590q)

Done at Washington, D. C., this 10th day of May 1955.

[ACP-1954, Supp. 12]

PART 1101—NATIONAL AGRICULTURAL CONSERVATION

SUBPART—1954

APPEALS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act, as amended, and the Department of Agriculture Appropriation Act, 1954, the 1954 National Agricultural Conservation Program, approved August 3, 1953 (18 F. R. 4643), as amended August 3, 1953 (18 F. R. 4761), November 4, 1953 (18 F. R. 7024), January 6, 1954 (19 F. R. 160), February 15, 1954 (19 F. R. 972), March 3, 1954 (19 F. R. 1267), March 22, 1954 (19 F. R. 1639), March 26, 1954 (19 F. R. 1791), May 14, 1954 (19 F. R. 2894), June 17, 1954 (19 F. R. 3793), July 8, 1954 (19 F. R. 4298), and August 26, 1954 (19 F. R. 5576), is further amended as follows:

Section 1101.594 is amended by adding the following at the end thereof: "Appeals considered under this section shall be decided in accordance with the provisions of this subpart and of the applicable State and county programs on the basis of the facts of the individual case: *Provided*, That the Secretary, upon the recommendation of the Administrator, ACPS, and the State and county committees, may waive the requirements of any such provision where not prohibited by statute if, in his judgment, such waiver under all the circumstances is justified to permit a proper disposition of an appeal where the farmer in reasonable reliance on any instruction or commitment of any member, employee, or representative of a State or county committee in good faith performed an eligible conservation practice and such performance reasonably accomplished the purpose of the practice."

Done at Washington, D. C., this 10th day of May 1955.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 55–3888; Filed, May 12, 1955; 8:49 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 55]

PART 600—DESIGNATION OF CIVIL AIRWAYS

BLUE CIVIL AIRWAY NO. 71 (TOLEDO, WASH., TO SEATTLE, WASH.)

The civil airway alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Panel, and is adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

Section 600.671 is amended to read:

§ 600.671 *Blue civil airway No. 71 (Toledo, Wash., to Seattle, Wash.).* From the Toledo, Wash., radio range station via the Shelton, Wash., nondirectional radio beacon to the Seattle, Wash., radio range station.

(Sec. 205, 52 Stat. 984, amended; 49 U. S. C. 425. Interprets or applies sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective upon publication in the FEDERAL REGISTER.

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 55–3878; Filed, May 12, 1955; 8:48 a. m.]

[Amdt. 55]

PART 601—DESIGNATION OF CONTROL AREAS, CONTROL ZONES, AND REPORTING POINTS

GULFPORT, MISS.

The control zone appearing hereinafter is adopted to meet requirements of the Department of Defense for use in military operational training. This control zone has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Panel. It is adopted to become effective each year during the period of 0001 c. s. t. June 1 to 2400 c. s. t. September 15. The establishing of a control zone on an annual basis will eliminate the need of redesignating the zone each year. This amendment is adopted to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

Section 601.2344 is added to read:

§ 601.2344 *Gulfport, Miss., control zone.* The airspace within a 3-mile radius of the Gulfport Municipal Airport and within 3 miles either side of a direct line extending from the Gulfport Municipal Airport to the Keesler Air Force Base, Biloxi, Miss., excluding the portion which overlaps the Biloxi control zone, shall be designated a control zone during the period beginning at 0001 c. s. t. June 1 to 2400 c. s. t., September 15, 1955, and annually thereafter.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1107, as amended; 49 U. S. C. 551)

[SEAL] S. A. KEMP,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 55–3879; Filed, May 12, 1955; 8:48 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 5937]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

FOSTER-MILBURN CO. AND STREET & FINNEY, INC.

Subpart—*Advertising falsely or misleadingly:* § 3.170 *Qualities or properties of product or service.* In connection with the offering for sale, sale, or distribution of Doan's Pills or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or any other name, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means to induce, etc., the purchase in commerce, of said product, which advertisements represent, directly or through inference: (a) That said product, used as directed or otherwise, is a cure or remedy for or will have any therapeutic value in the treatment of any disease, disorder, or dysfunction of the kidneys or bladder or that it will relieve or have any beneficial effect upon any symptom or condition which may arise by reason of any disease, disorder, or dysfunction of such organs; and (b) that said product, used as directed or otherwise, will remove, or cause the kidneys to remove, poisonous waste matter or excess acids from the blood or have any beneficial effect upon any symptom or condition which may result therefrom; prohibited, subject to the proviso that nothing in the order contained or provided shall be construed as prohibiting respondents, or either of them, from disseminating or causing to be disseminated in commerce, as defined in the Federal Trade Commission Act, any and all claims and representations of the character set forth below, when made with respect to a product (whether sold under the name of "Doan's Pills" or under any other name (constituted and recommended for use as provided in Paragraphs "9" and "10" of the stipulation by which respondents have agreed that the order, of which such proviso is a part, may be entered in the disposition of the proceeding (and in which paragraphs "9" and "10", based on recitals set forth in the preceding paragraphs "6", "7", and "8", it was stipulated and agreed, among other things, that the requirements of the public interest would best be served and all the issues in the proceeding disposed of by the entry of the order in the form set out in conjunction with respondents' agreement that the theobromine sodium salicylate content and the sodium salicylate content of each pill would be increased, as there specified, from the present content, and the directions for use changed to provide a daily dosage of not less than 30 grains of the former, as compared with the present 12, and of not less than 30 grains of the latter, as compared with the present five, along with certain other specified ingredients, following

said increase); said claims and representations being as follows, to wit: "Factors often present in our daily lives such as over-exertion, the stresses and strains of active life and emotional upsets may be accompanied by such discomforts as backache, headache, dizziness, and muscular aches and pains. Also factors such as dietary indiscretions may contribute to mild bladder irritations. "When taken for the conditions described above Doan's Pills often help relieve such discomforts by their analgesic action, by a soothing effect to allay bladder irritation and by their mild diuretic action."

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Foster-Milburn Company (Buffalo, N. Y.), et al., Docket 5937, March 25, 1955]

This proceeding was heard by J. Earl Cox, hearing examiner, upon the complaint of the Commission, which charged respondent, Foster-Milburn Co., seller and distributor of Doan's Pills in commerce throughout the United States, and respondent, Street & Finney, Inc., which prepared and disseminated throughout the United States advertisements for various commodities, including said Doan's Pills, with misrepresenting the therapeutic qualities thereof, in violation of the provisions of the Federal Trade Commission Act; upon testimony, including that of certain experts called by counsel supporting the complaint and that of certain experts called by respondents and upon other evidence; and, following deferment of reception of further evidence in order to permit negotiations looking to the possibility of a consent settlement, upon such an agreed settlement, submitted in the form of a stipulation for consent order, signed by both corporate respondents, by counsel for respondents and by counsel supporting the complaint, and approved by the Director and the Assistant Director of the Commission's Bureau of Litigation, and accompanied by a memorandum of transmittal urging acceptance thereof, signed by counsel supporting the complaint and approved by said Director and Assistant Director, by the Chief of the Division of Scientific Opinions, Bureau of Investigation, of the Commission, and by counsel for respondents.

Said stipulation, which was thereafter amended as agreed, and which embodied the entire agreement of the parties, provided, among other things, that respondents admitted all the jurisdictional allegations set forth in the complaint and that the record in the matter might be taken as if findings of jurisdictional facts had been made in accordance with such allegations; that the answer to the complaint theretofore filed by respondents should be withdrawn; that the stipulation, together with the complaint, should constitute the entire record in the matter; that the complaint might be used in construing the order agreed upon, which might be altered, modified, or set aside in the manner provided by the statute for orders of the Commission; and that the signing of the stipulation was "for settlement purposes only and does not constitute an admission by respondents that they have violated the law as alleged in the complaint nor does it constitute a license or permission to respondents or either of them to represent either directly or indirectly that the Federal Trade Commission has approved any advertising heretofore used or proposed to be used".

Said stipulation further set forth that the order there provided for and to be included in the decision should have the same force and effect as if made after a full hearing, presentation of evidence and findings and conclusions thereon, and that all parties waived further hearings before the hearing examiner or the Commission, the making of findings of fact or conclusions of law by the hearing examiner or the Commission, the filing of exceptions and oral argument before the Commission, and other procedure before the hearing examiner and the Commission to which respondents might be entitled under the Federal Trade Commission Act or the rules of the Commission, including any and all right, power, or privilege to challenge or contest the validity of the order entered in accordance with the stipulation.

The other essential provisions of the agreement, embodied in paragraphs numbered "6" to "10", inclusive, of the stipulation, set forth the ingredients of each Doan's Pill, respondents' recommendations for use, and the dosage, among other things, of theobromine sodium salicylate thereby brought about; set forth that the challenge of the therapeutic value of the product in the complaint "goes to the product whether taken as directed or otherwise"; that the record shows differences of opinion among the expert witnesses with respect, among other things, to the relationship between kidney function and bladder irritation and factors and symptoms mentioned in the advertisements quoted in the complaint and in the circular packaged with the product, and with respect to the therapeutic actions and effectiveness thereof; and included a stipulation and agreement that the requirements of the public interest would best be served and all the issues in the proceeding disposed of by the entry of the order in the form, and with the proviso therein and hereinafter set out, in conjunction with respondents' agreement that the theobromine sodium salicylate content and the sodium salicylate content of each pill would be increased, as there specified, from the present content, and the directions for use changed to provide a daily dosage of not less than 30 grains of the former, as compared with the present 12, and of not less than 30 grains of the latter, as compared with the present five; and that certain other specified ingredients, following said increase, would be present.

Thereafter said hearing examiner made his initial decision in which he set forth the aforesaid matters; his conclusion that the fact that evidence had been presented in the proceeding did not militate against approval and acceptance of the stipulation as amended, and that the order agreed upon covered all the issues raised in the complaint; the withdrawal, accordingly, of respondents' answer and the acceptance of the stipulation, as amended; his finding, based upon the complaint and the stipulation as amended, that the proceeding was in the public interest; and his issuance of cease and desist order as therein set out.

Thereafter, the Commission having extended until its further order the date on which said initial decision would otherwise become its decision under Rule XXII, the matter was disposed of by "Decision of Commission and Order to File Report of Compliance", Docket 5937, March 25, 1955, as follows:

This matter having come before the Commission upon the hearing examiner's initial decision herein filed January 10, 1955, accepting a stipulation for a consent cease and desist order theretofore submitted by the parties pursuant to Rule V of the Commission's rules of practice; and

The Commission, by order entered February 18, 1955, having extended until further order of the Commission the date on which said initial decision would otherwise become the Commission's decision under Rule XXII; and

The Commission having now determined that the initial decision is adequate and appropriate to dispose of this proceeding:

It is ordered, That the aforesaid initial decision shall, on March 25, 1955, become the decision of the Commission, it being understood, however, that the proviso contained in the order to cease and desist shall not be construed as an approval, express or implied, by the Commission of any of the claims or representations therein referred to, or of any other claims or representations, when made with respect to any product, whether constituted and recommended for use as provided in paragraphs 9 and 10 of the stipulation by which respondents agreed that the order of which said proviso was a part may be entered in disposition of this proceeding, or otherwise.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist contained in said initial decision.

Said cease and desist order in said initial decision, thus adopted, subject to the foregoing understanding with respect to the proviso included therein, as the decision of the Commission, is as follows:

It is ordered, That Respondents Foster-Milburn Company, a corporation, and Street & Finney, Inc., a corporation, and their respective officers, representatives, agents and employees, directly or through any corporate or other device in connection with the offering for sale, sale or distribution of Doan's Pills or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same

name or any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents directly or through inference:

(a) That said product, used as directed or otherwise, is a cure or remedy for or will have any therapeutic value in the treatment of any disease, disorder or dysfunction of the kidneys or bladder or that it will relieve or have any beneficial effect upon any symptom or condition which may arise by reason of any disease, disorder or dysfunction of such organs.

(b) That said product, used as directed or otherwise, will remove, or cause the kidneys to remove, poisonous waste matter or excess acids from the blood or have any beneficial effect upon any symptom or condition which may result therefrom.

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said product, which contains any of the representations prohibited in Paragraph 1 hereof.

Provided, however, That nothing in this order contained or provided shall be construed as prohibiting Respondents or either of them from disseminating or causing to be disseminated in commerce, as "commerce" is defined in the Federal Trade Commission Act, any and all claims and representations of the character set forth below, when made with respect to a product (whether sold under the name of Doan's Pills or under any other name) constituted and recommended for use as provided in Paragraphs 9 and 10 of the stipulation by which Respondents have agreed that the order, of which this proviso is a part, may be entered in the disposition of this proceeding. The claims and representations referred to above are as follows:

"Factors often present in our daily lives such as over-exertion, the stresses and strains of active life and emotional upsets may be accompanied by such discomforts as backache, headache, dizziness and muscular aches and pains. Also factors such as dietary indiscretions may contribute to mild bladder irritations.

"When taken for the conditions described above Doan's Pills often help relieve such discomforts by their analgesic action, by a soothing effect to allay bladder irritation and by their mild diuretic action."

Issued: March 25, 1955.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix C—Public Land Orders

[Public Land Order 1146]

WYOMING

RESERVING PUBLIC LANDS FOR USE OF THE STATE OF WYOMING IN CONNECTION WITH ACTIVITIES OF THE WYOMING NATIONAL GUARD AND FOR OTHER MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Wyoming are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and the mineral-leasing laws, and reserved under the jurisdiction of the Department of the Interior for use of the State of Wyoming in connection with activities of the Wyoming National Guard and for other military purposes:

SIXTH PRINCIPAL MERIDIAN

T. 28 N., R. 66 W.,
Sec. 5, Lots 1, 2, 3, 4;
Sec. 6, Lots 1, 2, 3, 5, 6, E½SW¼, W½SE¼;
Sec. 17, NW¼NE¼, W½SW¼, SE¼SW¼;
Sec. 20, N½NW¼, SE¼NW¼, NE¼SW¼, N½SE¼, NE¼.

T. 27 N., R. 67 W.,
Sec. 1, SW¼NW¼;
Sec. 3, Lots 3, 4, W½SE¼;
Sec. 4, Lots 1, 2, 3, 4, S½N½;
Sec. 5, S½SW¼;
Sec. 7, Lot 1;
Sec. 13, SE¼NE¼;
Sec. 18, Lots 2, 3, NE¼SW¼;
Sec. 24, SE¼NE¼, NW¼SE¼.

T. 28 N., R. 67 W.,
Sec. 2, S½SW¼;
Sec. 3, NW¼SW¼, NE¼SE¼, S½S½;
Sec. 8, NW¼NE¼, S½NE¼;
Sec. 9, NW¼NE¼, NE¼NW¼, S½N½, N½S½;
Sec. 10, NW¼, N½SW¼, SE¼SW¼;

Sec. 22, N½NW¼, SE¼SE¼;
Sec. 23, SW¼NE¼, NE¼NW¼, S½NW¼, SW¼;
Sec. 24, E½NW¼;
Sec. 25, NW¼SE¼;
Sec. 27, E½NW¼, NE¼SW¼;
Sec. 28, SW¼NE¼, SW¼, W½SE¼;
Sec. 29, NE¼SE¼;
Sec. 31, SE¼SE¼;
Sec. 33;
Sec. 35, NE¼.

The areas described aggregate 5,779.54 acres.

The Bureau of Land Management shall continue to administer the lands for grazing purposes pursuant to the act of June 28, 1934 (48 Stat. 1269) as amended by the act of June 26, 1936 (49 Stat. 1976; 43 U. S. C. 315 et seq.), and sections 2.91 and 2.92 of Departmental Order No. 2583 of August 16, 1950.

In the event the use of the lands or any part thereof by the Wyoming National Guard shall prevent its use for grazing, persons who on the date of this order hold grazing leases, permits or licenses for the use of such lands shall be paid by the State agency using the lands a fair and reasonable sum for the losses suffered by such persons as a condition precedent to the cancellation of such leases, permits or licenses.

CLARENCE A. DAVIS,
Acting Secretary of the Interior.

MAY 6, 1955.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[P. & S. Docket No. 456]

MARKET AGENCIES AT UNION STOCK YARDS, OGDEN, UTAH

NOTICE OF PETITIONS FOR MODIFICATION OF RATE ORDER

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq), an order was issued on May 8, 1953 (12 A. D. 467), authorizing assessment of the current rates and charges to and including June 19, 1955.

On April 26, 1955, respondents, except the respondent who sells by auction, filed a petition requesting authority to put into effect a proposed new schedule of rates and charges, a copy of which was filed with the petition, containing certain modifications of the current schedule. On April 29, 1955, the respondent who sells by auction filed a document requesting authority to continue assessing the current rates and charges for sales by auction, modified to include the proposed rates for sheep and the tariff provision relating to buying livestock out of a consignment when filling orders petitioned for by the other respondents. The proposed new schedule of rates and charges filed with the petition of April 26, 1955, reads as follows:

DEFINITIONS

Cattle are animals of the bovine species, weighed in drafts, the average weight of the animals in which is over 450 pounds.

Calves are animals of the bovine species, weighed in drafts, the average weight of the animals in which is 450 pounds or under.

Bulls are uncastrated male animals of the bovine species, weighed in drafts, the average weight of the animals in which is over 600 pounds.

Hogs are swine, weighed in drafts, irrespective of weight.

Sheep are animals of the ovine species, irrespective of weight, including lambs and goats.

A consignment, for the purpose of assessing selling charges, is all of the livestock of one species delivered in the name of one person to the market agency to be offered for sale during the trading hours of one day.

Purchase order, for the purpose of assessing buying charges, is all of the livestock of one species bought at one time but shipped or delivered to one person on one market day.

A Draft is all the animals in one consignment or purchase order weighed as a single sales or purchase classification.

A Person is either an individual, a partnership, a corporation or an association of any such acting as a unit.

ARTICLE II—SELLING COMMISSIONS

	Per head
Cattle and calves:	
Cattle:	
Consignments of one head	$1.20
Consignments of more than one head:	
1 to 15 head inclusive	1.00
Each head over 15	.90
Calves:	
Consignments of one head	.85
Consignments of more than one head:	
1 to 15 head inclusive	.65
Each head over 15	.50
Bulls:	
Over 600 pounds	1.50
Purebred bulls or cows any weight sold for breeding purposes	5.00
Hogs:	
Consignments of one head	.60
Consignments of more than one head:	
First 10 head	.50
Next 15 head	.45
Each head over 25	.35
Sheep:	
Consignments of one head	.50
Consignments of more than one head:	
First 10 in each 210 head	.40
Next 50 in each 210 head	.25
Next 60 in each 210 head	.15
Next 90 in each 210 head	.13

Exhibition Livestock: All livestock entered in a livestock show which is consigned to a commission firm for care and sold in regular Livestock Show Auction Sale or Exhibition Livestock:

	Per head
Calves or cattle	$1.50
Hogs	.85
Sheep	.50

ARTICLE III

SECTION A—EXTRA DRAFT CHARGE

Drafts: On consignments where more than three drafts are necessary or requested 25 cents per draft in excess of three, maximum of $3 will be charged.

SECTION B—BUYING CHARGES

The rates for buying livestock shall be the same as for selling like species with the following exception: When livestock out of a consignment received for sale on a commission basis by this company is used to fill, in whole or part, an order received from a buyer, this company will be presumed to be acting solely as an agent of the consignor and shall collect the regular selling charges from the consignor. Collection shall also be made from the buyer to cover expenses incurred of an amount equal to one-half the regular buying charge on cattle, calves and hogs and a flat rate of eight (8) cents per head on sheep.

SECTION C—NATIONAL LIVESTOCK AND MEAT BOARD

The following deductions will be made from the proceeds of sale of shippers but this deduction is to be optional with each shipper and to be refunded within sixty (60) days upon request:

	Cents per head
Cattle	0.02
Calves	.01
Hogs	.01
Sheep	⅔

The modifications, if authorized, will produce additional revenue for the respondents and increase the cost of marketing livestock. Accordingly, it appears that this public notice of the filing of the petitions and their contents should be given in order that all interested persons may have an opportunity to indicate a desire to be heard in the matter.

All interested persons who desire to be heard in the matter shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days after the publication of this notice.

Done at Washington, D. C., this 6th day of May 1955.

[SEAL] DAVID M. PETTUS,
Acting Director, Livestock Division, Agricultural Marketing Service.

[F. R. Doc. 55-3824; Filed, May 12, 1955; 8:45 a. m.]

[7 CFR Part 28]

AMERICAN COTTON LINTERS

OFFICIAL STANDARDS OF THE UNITED STATES

Notice is hereby given that the United States Department of Agriculture is considering a revision of the Official Standards for Grade and Color of American Cotton Linters (7 CFR 28.201–28.211, 28.251–28.257) pursuant to authority contained in the United States Cotton Standards Act (42 Stat. 1518, as amended; 7 U. S. C. 51 et seq.). It is proposed to make the revised standards effective July 1, 1956.

The present standards for the various grades and colors of American cotton linters were promulgated July 7, 1925, effective August 1, 1926 and October 31, 1927, effective October 31, 1928, respectively. The purpose of the proposed revision is to (1) have the standards reflect linters produced by the predominating flue and beater methods of linters production (the present standards are based on linters produced by the condenser method of production which predominated at the time the standards were promulgated); (2) incorporate in the standards samples from linters produced in the far western part of the Cotton Belt; and (3) incorporate improvements and refinements gained through experience with the present standards.

The proposed revisions consist of: (1) Physical standards (boxes of samples) for grade of felting linters; (2) one descriptive standard for chemical grade linters; and (3) changes to conform the regulations in accordance with the revised standards. The proposed standards in physical form standardize color and trash for the respective grades. Although as in the past each of the grade boxes illustrate staple normal for the grade, the Department plans to propose separate physical staple standards for linters at a later date.

Public meetings to discuss the proposed revised standards will be held according to the schedule listed below. All meetings will commence at 10:00 a. m.

Date, City and State, and Street Address

May 18: Atlanta, Ga.; USDA Cotton Classing Office, 1020 Crescent Avenue NE.

May 19: New Orleans, La.; USDA Cotton Classing Office, 940 Perdido Street.

May 23: Memphis, Tenn.; USDA Cotton Classing Office, 1328 Monroe Avenue.

May 24: Dallas, Tex.; USDA Cotton Classing Office, 1407 Ross Avenue.

May 25: Los Angeles, Calif.; Van Waters & Rogers, Inc., 1422 East Sixth Street.

May 27: Chicago, Ill.; Kauders-Steuber Co., 221 North LaSalle Street.

June 1: New York, N. Y.; Williamson, Northup Co., Inc., 15 Park Row.

Any interested person may inspect the proposed revised standards at one of the public meetings and present data, views, or arguments orally or in writing at the meeting. Written data, views, or arguments may also be submitted by interested persons by filing them in duplicate with the Director, Cotton Division, Agricultural Marketing Service, United States Department of Agriculture, Washington, 25, D. C., not later than June 15, 1955.

Done at Washington, D. C., this 10th day of May 1955.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator, Agricultural Marketing Service.

[7 CFR Part 969]

[Docket No. AO-254-A1]

HANDLING OF AVOCADOS GROWN IN SOUTH FLORIDA

DECISION WITH RESPECT TO PROPOSED AMENDMENTS TO MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, on February 28, 1955, after notice thereof was published in the FEDERAL REGISTER (20 F. R. 866), on proposed amendments to Marketing Agreement No. 121 and Order No. 69 (7 CFR Part 969; 19 F. R. 3439), hereinafter referred to as the "marketing agreement" and "order," respectively, regulating the handling of avocados grown in South Florida, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

On the basis of the evidence introduced at the hearing, and the record

thereof, the Deputy Administrator, Agricultural Marketing Service, on April 14, 1955, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F. R. Doc. 55–3201; 20 F. R. 2587). No exception to said recommended decision was filed.

The material issues, findings and conclusions, and the general findings of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 55–3201; 20 F. R. 2587) are hereby approved and adopted as the material issues, findings and conclusions, and general findings of this decision as if set forth in full herein.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Agreement Amending the Marketing Agreement Regulating the Handling of Avocados Grown in South Florida" and "Order Amending the Order Regulating the Handling of Avocados Grown in South Florida" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision except the attached agreement amending the marketing agreement be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement amending the marketing agreement are identical with those contained in the attached order amending the order which will be published with this decision.

Dated: May 10, 1955.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

Order[1] Amending the Order Regulating the Handling of Avocados Grown in South Florida

§ 969.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of this order; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, on February 28, 1955, upon proposed amendments to Marketing Agreement No. 121 and Order No. 69 (7 CFR Part 969; 19 F. R. 3439) regulating the handling of avocados grown in South Florida. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order as hereby amended regulates the handling of avocados grown in South Florida in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activities specified in, the amended marketing agreement and order upon which hearings have been held;

(3) The said order as hereby amended prescribed, so far as practicable, such different terms applicable to different parts of the production area, as are necessary to give due recognition to differences in the production and marketing of the avocados covered thereby;

(4) The said order as hereby amended is limited in its application to the smallest regional production area which is practicable, consistently with carrying out the declared policy of the act; and the issuance of several orders applicable to subdivisions of the production area would not effectively carry out the declared policy of the act; and

(5) All handling of avocados which are grown in the production area is in the current of interstate or foreign commerce, or directly burdens, obstructs, or affects such commerce.

It is therefore ordered, That, on and after the effective date hereof, all handling of avocados grown in the production area shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order as hereby amended as follows:

1. Immediately preceding the closing of the parenthesis at the end of § 969.2 *Act* insert the following: "; 68 Stat. 906, 1047".

2. Revise § 969.4 *Production area* to read as follows:

§ 969.4 *Production area.* "Production area" means the counties of Brevard, Orange, Lake, Polk, Hillsborough, and Pinellas in the State of Florida, and all of the counties of that State situated south of such counties.

3. Delete from the first sentence of § 969.10 *Handle* the words "in the continental United States and Canada."

4. Add, after § 969.42 *Accounting* the following new section; preceded by a main heading entitled "Research and Development":

§ 969.45 *Marketing research and development.* The committee, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of avocados. The expense of such projects shall be paid from funds collected pursuant to § 969.41.

5. Delete the word "and" appearing at the end of subparagraph (1) of paragraph (a) of § 969.51 *Issuance of regulations* and insert the word "and" at the end of subparagraph (2) of such section after changing the period to a semicolon.

6. Add, after subparagraph (2) of paragraph (a) of § 969.51 *Issuance of regulations* the following new subparagraph:

(3) Fix the size, capacity, weight, dimensions, or pack of the container or containers which may be used in the packaging, and the transportation, sale, shipment or other handling of avocados.

7. Delete paragraph (c) from § 969.55 *Avocados not subject to regulation* and redesignate paragraphs (d) and (e) as paragraphs (c) and (d), respectively.

Order Directing That Referendum Be Conducted; Designation of Referendum Agents To Conduct Such Referendum; and Determination of Representative Period

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), it is hereby directed that a referendum be conducted among the producers who, during the period April 1, 1954, and ending March 31, 1955, both dates inclusive (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, in the Counties of Brevard, Orange, Lake, Polk, Hillsborough, and Pinellas in the State of Florida, and all of the Counties of that State situated South of such Counties, in the production of avocados for market, to ascertain whether such producers favor the issuance of an order amending Order No. 69, effective June 11, 1954, regulating the handling of avocados grown in South Florida; and said amendatory order is annexed to the decision of the Secretary of Agriculture filed simultaneously herewith. M. F. Miller and W. R. Cleveland of the Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, are hereby designated as agents of the Secretary of Agriculture to conduct said referendum jointly or severally.

The procedure applicable to this referendum shall be the "Procedure for the Conduct of Referenda Among Producers in Connection with Marketing Orders (Except Those Applicable to Milk and its Products) to Become Effective Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended" (15 F. R. 5176).

Copies of the aforesaid annexed order, of Order No. 69, as amended, of the aforesaid procedure (15 F. R. 5176), and of this order may be examined in the Office of the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D. C.

Ballots to be cast in the referendum, and other necessary forms and instructions, may be obtained at the said office, or from any appointee hereunder.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047)

Dated: May 10, 1955.

[F. R. Doc. 55–3883; Filed, May 12, 1955; 8:48 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceeding to formulate marketing agreements and marketing orders have been met.

[7 CFR Part 1001]

[Docket No. AO 267]

HANDLING OF LIMES GROWN IN FLORIDA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, from March 1 to March 3, 1955, both dates inclusive, after notice thereof published in the FEDERAL REGISTER (20 F. R. 744), on a proposed marketing agreement and order regulating the handling of limes grown in Florida, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

On the basis of the evidence introduced at the hearing, and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on April 14, 1955, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F. R. Doc. 55–3202; 20 F. R. 2590, 2893). No exception to said recommended decision was filed.

Findings and conclusions. The material issues, findings and conclusions, and the general findings of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 55–3202; 20 F. R. 2590, 2893) are hereby approved and adopted as the material issues, findings and conclusions, and general findings of this decision as if set forth in full herein.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing Agreement Regulating the Handling of Limes Grown in Florida" and "Order Regulating the Handling of Limes Grown in Florida" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. The aforesaid marketing agreement and order shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure, governing proceedings to formulate marketing agreements and marketing orders, have been met.

It is hereby ordered, That all of this decision, except the annexed agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement are identical with those contained in the annexed order which will be published with this decision.

Dated: May 10, 1955.

[SEAL] EARL L. BUTZ,
Assistant Secretary.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders have been met.

AUTHORITY: §§ 1001.0 to 1001.71 issued under 48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047.

§ 1001.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), and the applicable rules of practice and procedure, as amended, effective thereunder (7 CFR Part 900; 19 F. R. 57), a public hearing was held at Homestead (Modello), Florida, from March 1 to March 3, 1955, both dates inclusive, upon a proposed marketing agreement and a proposed marketing order regulating the handling of limes grown in Florida. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(1) The said order, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order regulates the handling of limes grown in the designated production area in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activities specified in, the proposed marketing agreement and order upon which a hearing has been held;

(3) The said order is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to subdivisions of such production area would not effectively carry out the declared policy of the act;

(4) There are no differences in the production and marketing of limes grown in the production area covered by the said order that make necessary different terms and provisions applicable to different parts of such area; and

(5) All handling of limes grown in the production area, as defined herein, is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

It is therefore ordered, That, on and after the effective date hereof, the handling of limes grown in the said production area shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order; and the terms and conditions of said order are as follows:

DEFINITIONS

§ 1001.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the Department to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

§ 1001.2 *Act.* "Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047).

§ 1001.3 *Person.* "Person" means an individual, partnership, corporation, association or any other business unit.

§ 1001.4 *Production area.* "Production area" means all of the State of Florida, except the area west of the Suwannee River.

§ 1001.5 *Limes.* "Limes" means all varieties and clones of acid limes, grown in the production area, classified botanically as Citrus Aurantifolia (Christm.) Swingle, and includes the group known as true limes (also known as Mexican, West Indian, and Key limes and by other synonyms) and the group known as large fruited or Persian limes (including Tahiti, Bearss, and similar varieties).

§ 1001.6 *Fiscal year.* "Fiscal year" means the twelve-month period ending March 31 of each year.

§ 1001.7 *Committee.* "Committee" means the Florida Lime Administrative Committee established pursuant to § 1001.20.

§ 1001.8 *Grower.* "Grower" is synonymous with producer and means any person who produces limes for market and who has a proprietory interest therein.

§ 1001.9 *Handler.* "Handler" is synonymous with shipper and means any person (except a common or contract carrier transporting limes owned by another person) who handles limes or causes limes to be handled.

§ 1001.10 *Handle.* "Handle" means to sell, consign, deliver, or transport limes within the production area or between the production area and any point outside thereof: *Provided,* That such term shall not include: (a) The sale or delivery of limes to a handler, registered as such with the committee in accordance with such rules and regulations as it may prescribe with the approval of the Secretary, who has facilities within the production area for preparing limes for market; (b) the delivery of limes to such a handler solely for the purpose of having such limes prepared for market; or (c) the transportation of limes by a handler, so registered with the committee, from the grove to his packing facilities within the production area for the purpose of having such limes prepared for market. In the event a grower sells his limes to a handler who is not so registered with the committee, such grower shall be the first handler of such limes.

§ 1001.11 *District.* "District" means the applicable one of the following described subdivisions of the production area, or such other subdivisions as may be prescribed pursuant to § 1001.29 (n):

(a) "District 1" shall include Dade and Monroe counties.

(b) "District 2" shall include all of the production area except Dade and Monroe counties.

ADMINISTRATIVE BODY

§ 1001.20 *Establishment and membership.* There is hereby established a Florida Lime Administrative Committee consisting of nine members, each of whom shall have an alternate who shall have the same qualifications as the member for whom he is an alternate. Five of the members and their respective alternates shall be growers who shall not be handlers or employees of handlers. Four of the members and their respective alternates shall be handlers or employees of handlers. The five members of the committee who shall be growers and who shall not be handlers, or employees of handlers, are hereinafter referred to as "grower" members of the committee; and the four members who shall be handlers, or employees of handlers, are hereinafter referred to as "handler" members of the committee. Four of the five grower members shall be producers of limes in District 1, and one grower member shall be a producer of limes in District 2. Three of the four handler members shall be handlers, or employees of handlers, of limes in District 1, and one handler member shall be a handler, or an employee of a handler, of limes in District 2.

§ 1001.21 *Term of office.* The term of office of each member and alternate member of the committee shall begin April 1, and shall terminate March 31 of the following year. Members and alternate members shall serve in such capacities for the portion of the term of office for which they are selected and qualify and until their respective successors are selected and have qualified. The consecutive terms of office of members shall be limited to three terms.

§ 1001.22 *Nomination*—(a) *Initial members.* Nominations for each of the five initial grower members and four initial handler members of the committee, together with nominations for the initial alternate members for each position, may be submitted to the Secretary by individual growers and handlers. Such nominations may be made by means of group meetings of the growers and handlers concerned in each district. Such nominations, if made, shall be filed with the Secretary no later than the effective date hereof. In the event nominations for initial members and alternate members of the committee are not filed pursuant to, and within the time specified in, this section, the Secretary may select such initial members and alternate members without regard to nominations, but selections shall be on the basis of the representation provided for in § 1001.20.

(b) *Successor members.* (1) The committee shall hold or cause to be held, not later than February 15 of each year, a meeting or meetings of growers and handlers in each district for the purpose of designating nominees for successor members and alternate members of the committee. At each such meeting a chairman and a secretary shall be selected by the growers and handlers eligible to participate therein. The chairman shall announce at the meeting the number of votes cast for each person nominated for member or alternate member and shall submit promptly to the committee a complete report concerning such meeting. The committee shall, in turn, promptly submit a copy of each such report to the Secretary.

(2) Only growers who are present at such nomination meetings, or who reside outside the production area and are represented at such nomination meetings by duly authorized agents, shall participate in the nomination and election of nominees for grower members and their alternates. Each grower shall be entitled to cast only one vote for each nominee to be elected in the district in which he produces limes. No grower shall participate in the election of nominees in more than one district in any one fiscal year.

(3) Only handlers who are present at such nomination meetings, or represented at such meetings by duly authorized agents, shall participate in the nomination and election of nominees for handler members and their alternates. Each handler shall be entitled to cast only one vote for each nominee to be elected in the district in which he handles limes, which vote shall be weighted by the volume of limes shipped by such handler during the then current fiscal year. No handler shall participate in the election of nominees in more than one district in any one fiscal year.

§ 1001.23 *Selection.* From the nominations made pursuant to § 1001.22, or from other qualified persons, the Secretary shall select the five grower members of the committee, the four handler members of the committee, and an alternate for each such member.

§ 1001.24 *Failure to nominate.* If nominations are not made within the time and in the manner prescribed in § 1001.22, the Secretary may, without regard to nominations, select the members and alternate members of the committee on the basis of the representation provided for in § 1001.20.

§ 1001.25 *Acceptance.* Any person selected by the Secretary as a member or as an alternate member of the committee shall qualify by filing a written acceptance with the Secretary within ten days after being notified of such selection.

§ 1001.26 *Vacancies.* To fill any vacancy occasioned by the failure of any person selected as a member or as an alternate member of the committee to qualify, or in the event of the death, removal, resignation, or disqualification of any member or alternate member of the committee, a successor for the unexpired term of such member or alternate member of the committee shall be nominated and selected in the manner specified in §§ 1001.22 and 1001.23. If the names of nominees to fill any such vacancy are not made available to the Secretary within fifteen days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of representation provided for in § 1001.20.

§ 1001.27 *Alternate members.* An alternate member of the committee, during the absence or at the request of the member for whom he is an alternate, shall act in the place and stead of such member. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor for such member is selected and has qualified.

§ 1001.28 *Powers.* The committee shall have the following powers:

(a) To administer the provisions of this part in accordance with its terms;

(b) To receive, investigate, and report to the Secretary complaints of violations of the provisions of this part;

(c) To make and adopt rules and regulations to effectuate the terms and provisions of this part; and

(d) To recommend to the Secretary amendments to this part.

§ 1001.29 *Duties.* The committee shall have, among others, the following duties:

(a) To select a chairman and such other officers as may be necessary, and to define the duties of such officers;

(b) To appoint such employees, agents, and representatives as it may deem necessary, and to determine the compensation and to define the duties of each;

(c) To submit to the Secretary as soon as practicable after the beginning of each fiscal year a budget for such fiscal year, including a report in explanation of the items appearing therein and a recommendation as to the rate of assessment for such fiscal year;

(d) To keep minutes, books, and records which will reflect all of the acts and transactions of the committee and which shall be subject to examination by the Secretary;

(e) To prepare periodic statements of the financial operations of the committee and to make copies of each such statement available to growers and handlers for examination at the office of the committee;

(f) To cause its books to be audited by a certified public accountant at least once each fiscal year, and at such other times as the Secretary may request;

(g) To act as intermediary between the Secretary and any grower or handler;

(h) To investigate and assemble data on the growing, handling, and marketing conditions with respect to limes;

(i) To submit to the Secretary such available information as he may request;

(j) To notify, as provided in this part, producers and handlers of all meetings of the committee to consider recommendations for regulation;

(k) To give the Secretary the same notice of meetings of the committee as is given to its members;

(l) To consult with such representatives of growers or groups of growers as may be deemed necessary and to pay the travel expenses incurred by such representatives in attending committee meetings at the request of the committee: *Provided,* That the committee shall not pay the travel expenses of more than three such representatives in connection with any one meeting of the committee;

(m) To investigate compliance with the provisions of this part; and

(n) With the approval of the Secretary, to redefine the districts into which the production area is divided, and to reapportion the representation of any district on the committee: *Provided,* That any such changes shall reflect, insofar as practicable, shifts in lime production within the districts and the production area.

§ 1001.30 *Procedure.* (a) Six members of the committee, or alternates acting for members, shall constitute a quorum and any action of the committee shall require at least five concurring votes: *Provided,* That at least one handler member shall approve the action.

(b) The committee may vote by telegraph, telephone, or other means of communication, and any votes so cast shall be confirmed promptly in writing: *Provided,* That if an assembled meeting is held, all votes shall be cast in person.

§ 1001.31 *Expenses and compensation.* The members of the committee, and their respective alternates when acting as members, shall be reimbursed for expenses necessarily incurred by them in the performance of their duties under this part and shall also receive compensation, as determined by the committee, which shall not exceed $10.00 per day or portion thereof spent in performing such duties.

§ 1001.32 *Annual report.* The committee shall, prior to March 31 of each fiscal year, prepare and mail an annual report to the Secretary and to each handler and grower who requests a copy of the report. This annual report shall contain at least: (a) A complete review of the regulatory operations during the fiscal year; (b) an appraisal of the effect of such regulatory operations upon the lime industry; and (c) any recommendations for changes in the program.

EXPENSES AND ASSESSMENTS

§ 1001.40 *Expenses.* The committee is authorized to incur such expenses as the Secretary finds are reasonable and may be necessary to enable the committee to exercise its powers and perform its duties in accordance with the provisions of this part during each fiscal year. The funds to cover such expenses shall be acquired by the levying of assessments as provided for in § 1001.41.

§ 1001.41 *Assessments.* (a) Each person who first handles limes shall, with respect to the limes so handled by him, pay to the committee upon demand such person's pro rata share of the expenses which the Secretary finds will be incurred by the committee during each fiscal year. Each such person's share of such expenses shall be equal to the ratio between the total quantity of limes handled by him as the first handler thereof during the applicable fiscal year and the total quantity of limes so handled by all persons during the same fiscal year. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such person. At any time during or after the fiscal year, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any finding by the Secretary relative to the expense which may be incurred: *Provided,* That, in no case, shall the rate of assessment exceed 10 cents per bushel, or equivalent quantity, of limes. Such increase shall be applied to all limes handled during the applicable fiscal year. In order to provide funds for the administration of the provisions of this part, the committee may accept the payment of assessments in advance, and may borrow money in any amount not to exceed 10 percent of the estimated expenses set forth in its budget for the then current fiscal year.

§ 1001.42 *Accounting.* (a) If, at the end of a fiscal year, the assessments collected are in excess of the expenses incurred, each person entitled to a proportionate refund of the excess assessment shall be credited with such refund against the operations of the following fiscal year. Any handler may demand payment of such a refund, and the refund shall be paid to him: *Provided,* That any sum paid by a person in excess of his pro rata share of the expenses during any fiscal year may be applied by the committee at the end of such fiscal year to any outstanding obligations due the committee from such person.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part, and shall be accounted for in the manner provided in this part. The Secretary may, at any time, require the committee and its members to account for all receipts and disbursements.

RESEARCH

§ 1001.45 *Marketing research and development.* The committee, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of limes. The expense of such projects shall be paid from funds collected pursuant to § 1001.41.

REGULATIONS

§ 1001.50 *Marketing policy.* Each season prior to making any recommendations pursuant to § 1001.51, the committee shall submit to the Secretary a report setting forth its marketing policy for the ensuing season. Such marketing policy report shall contain information relative to (a) the estimated total production of limes within the production area; (b) the expected general quality and size of limes in the production area and in other areas, including foreign competing areas; (c) the expected demand conditions for limes in different market outlets; (d) the expected shipments of limes produced in the production area and in other areas, including foreign competing areas; (e) supplies of competing commodities; (f) trend and level of consumer income; (g) other factors having a bearing on the marketing of limes; and (h) the type of regulations expected to be recommended during the season. In the event it becomes advisable, because of changes in the supply and demand situation for limes, to modify substantially such marketing policy, the committee shall submit to the Secretary a revised marketing policy report setting forth the information prescribed in this section. The commit-

tee shall publicly announce the contents of each marketing policy report and copies thereof shall be maintained in the offices of the committee where they shall be available for examination by growers and handlers.

§ 1001.51 *Recommendations for regulation.* (a) Whenever the committee deems it advisable to regulate the handling of any variety or varieties of limes in the manner provided in § 1001.52, it shall so recommend to the Secretary.

(b) In arriving at its recommendations for regulation pursuant to paragraph (a) of this section, the committee shall give consideration to current information with respect to the factors affecting the supply and demand for limes during the period or periods when it is proposed that such regulation should be made effective. With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is predicated, and such other available information as the Secretary may request.

(c) All meetings of the committee held for the purpose of formulating recommendations for regulations shall be open to growers and handlers. The committee shall give notice of such meetings to growers and handlers by mailing such notice to each grower and handler who has filed his address with the committee and requested such notice.

§ 1001.52 *Issuance of regulations.* (a) The Secretary shall regulate, in the manner specified in this section, the handling of limes whenever he finds, from the recommendations and information submitted by the committee or from other available information, that such regulations will tend to effectuate the declared policy of the act. Such regulations may:

(1) Prohibit, during any specified period or periods, the handling of any variety or varieties of limes which do not meet such grade, size, and quality (including internal quality and juice content) standards as shall be prescribed;

(2) Prescribe minimum standards of quality for any variety or varieties of limes and limit the handling thereof to those meeting such minimum standards; and

(3) Fix the size, capacity, weight, dimensions, or pack of the container or containers which may be used in the packaging, and the transportation, sale, shipment, or other handling of limes.

(b) The committee shall be informed immediately of any such regulations issued by the Secretary and the committee shall promptly give notice thereof to growers and handlers.

§ 1001.53 *Modification, suspension, or termination of regulations.* (a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 1001.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the committee or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of limes in order to effectuate the declared policy of the act, he shall modify, suspend, or terminate such regulation. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such modification or suspension.

§ 1001.54 *Exemption certificate.* In the event the handling of limes is regulated pursuant to § 1001.52, the committee shall issue one or more exemption certificates to any person who furnishes evidence satisfactory to the committee that, by reason of conditions beyond his control, he will be prevented, because of such regulation, from having as large a proportion of a particular variety of his limes handled as the average proportion of all such limes which may be handled. Such exemption certificates shall authorize the person to whom the certificates are issued to handle, or have handled, a percentage of his crop of the particular variety of limes equal to the percentage determined as aforesaid. The committee shall adopt, with the approval of the Secretary, procedural rules by which such exemption certificates will be issued and the limes covered thereunder may be handled. Exemption certificates shall be transferred to the handler of the limes covered by such certificates at the time the limes are delivered to such handler.

§ 1001.55 *Inspection and certification.* Whenever the handling of any variety of limes is regulated pursuant to § 1001.52, each handler who handles limes shall, prior thereto, cause each lot of limes handled to be inspected by the Federal-State Inspection Service and certified by it as meeting the applicable requirements of such regulation: *Provided,* That such inspection and certification shall be required when the limes previously have been so inspected and certified only if such limes have been regraded, resorted, or repackaged after the prior inspection and certification. Promptly thereafter, each such handler shall submit, or cause to be submitted, to the committee a copy of the certificate of inspection with respect to such handling.

§ 1001.56 *Limes not subject to regulations.* Except as otherwise provided in this section, any person may, without regard to the provisions of §§ 1001.41, 1001.52, and 1001.55, and the regulations issued thereunder, handle limes (a) for consumption by charitable institutions; (b) for distribution by relief agencies; (c) for commercial processing into products; or (d) in such minimum quantities or types of shipments, or for such specified purposes as the committee, with the approval of the Secretary, may prescribe. The committee shall, with the approval of the Secretary, prescribe such rules, regulations, and safeguards as it may deem necessary to prevent limes handled under the provisions of this section from entering channels of trade for other than the specific purposes authorized by this section. Such rules, regulations, and safeguards may include the requirements that handlers shall file applications with the committee for authorization to handle limes pursuant to this section, and that such applications be accompanied by a certification by the intended purchaser or receiver that the limes will not be used for any purpose not authorized by this section.

REPORTS

§ 1001.60 *Reports.* (a) Each handler shall furnish to the committee, at such times and for such periods as the committee may designate, certified reports covering, to the extent necessary for the committee to perform its functions, the following: (1) The quantities of each variety of limes he received; (2) a complete record of the quantities disposed of by him, segregated as to varieties and as to the respective quantities subject to regulation and not subject to regulation; (3) the date of each such disposition and the identification of the carrier transporting such fruit; (4) identification of the inspection certificates and the exemption certificates, if any, pursuant to which the fruit was handled, together with the destination of each such exempted disposition, and of all fruit handled pursuant to § 1001.56; and (5) the quantity of each variety held by him at the end of the period.

(b) Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner and at such times as it may prescribe, such other information as may be necessary to enable the committee to perform its duties under this part.

(c) Each handler shall maintain for at least two succeeding fiscal years, such records of the limes received and disposed of by him as may be necessary to verify the reports he submits to the committee pursuant to this section.

(d) All reports and records submitted by handlers pursuant to the provisions of this section shall be received by, and at all times be in custody of, one or more designated employees of the committee. No such employee shall disclose to any person, other than the Secretary upon request therefor, data or information obtained or extracted from such reports and records which might affect the trade position, financial condition, or business operation of the particular handler from whom received: *Provided,* That such data and information may be combined, and made available to any person, in the form of general reports in which the identities of the individual handler furnishing the information is not disclosed and may be revealed to any extent necessary to effect compliance with the provisions of this part and the regulations issued thereunder.

MISCELLANEOUS PROVISIONS

§ 1001.61 *Compliance.* Except as provided in this part, no person shall handle limes, the shipment of which has been prohibited by the Secretary in accordance with the provisions of this part; and no person shall handle limes except in conformity with the provisions of this part and the regulations issued under this part.

§ 1001.62 *Right of the Secretary.* The members of the committee (including successors and alternates), and any agents, employees, or representatives thereof, shall be subject to removal or suspension by the Secretary at any time. Each and every regulation, decision, determination, or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the committee shall be deemed null and void, except as to acts done in reliance thereon or in accordance therewith prior to such disapproval by the Secretary.

§ 1001.63 *Effective time.* The provisions of this part, and of any amendment thereto, shall become effective at such time as the Secretary may declare above his signature to this part, and shall continue in force until terminated in one of the ways specified in § 1001.64.

§ 1001.64 *Termination.* (a) The Secretary may at any time terminate the provisions of this part by giving at least one day's notice by means of a press release or in any other manner in which he may determine.

(b) The Secretary shall terminate or suspend the operation of any and all of the provisions of this part whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this part at the end of any fiscal year whenever he finds that continuance is not favored by the majority of producers who, during a representative period determined by the Secretary, were engaged in the production of limes for market: *Provided,* That such termination is announced on or before March 15 of the then current fiscal year. The Secretary shall, as soon as practicable after the close of the fiscal year ending March 31, 1957, conduct a referendum of producers and a poll of handlers to determine whether the continuation of this part is favored by them. Producers entitled to vote in such referendum shall be those who, during the fiscal year ending March 31, 1957, were engaged in producing limes for market and the poll shall be confined to handlers who handled limes in that same fiscal year. If it develops from said referendum and poll that (1) less than two-thirds of the producers, by number or volume of production represented in said referendum, favor the continuance of this part, or (2) handlers representing more than one-half the volume of limes handled favor termination of this part, the Secretary shall thereupon terminate this part.

(d) The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 1001.65 *Proceedings after termination.* (a) Upon the termination of the provisions of this part, the committee shall, for the purpose of liquidating the affairs of the committee, continue as trustees of all the funds and property then in its possession, or under its control, including claims for any funds unpaid or property not delivered at the time of such termination.

(b) The said trustees shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such persons as the Secretary may direct; and (3) upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person, full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant thereto.

(c) Any person to whom funds, property, or claims have been transferred or delivered, pursuant to this section, shall be subject to the same obligation imposed upon the committee and upon the trustees.

§ 1001.66 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this part or of any regulation issued pursuant to this part, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this part or any regulation issued under this part, or (b) release or extinguish any violation of this part or of any regulation issued under this part, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

§ 1001.67 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue of this part shall cease upon its termination, except with respect to acts done under and during the existence of this part.

§ 1001.68 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States, or name any agency or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this part.

§ 1001.69 *Derogation.* Nothing contained in this part is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States (a) to exercise any powers granted by the act or otherwise, or (b) in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 1001.70 *Personal liability.* No member or alternate member of the committee and no employee or agent of the committee shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, employee, or agent, except for acts of dishonesty, willful misconduct, or gross negligence.

§ 1001.71 *Separability.* If any provision of this part is declared invalid or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this part or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

Order Directing That Referendum Be Conducted; Designation of Agents to Conduct Referendum; and Determination of Representative Period

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047), it is hereby directed that a referendum be conducted among the producers who, during the period April 1, 1954, through March 31, 1955 (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, in the State of Florida, excluding the area west of the Suwannee River, in the production of limes for market to ascertain whether such producers favor the issuance of an order regulating the handling of limes grown in the aforesaid production area, which order is annexed to the decision of the Secretary of Agriculture filed simultaneously herewith. M. F. Miller and W. R. Cleveland, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, are hereby designated agents of the Secretary of Agriculture to conduct said referendum severally or jointly.

The procedure applicable to this referendum shall be the "Procedure for the Conduct of Referenda Among Producers in Connection with Marketing Orders (Except Those Applicable to Milk and Its Products) to Become Effective Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended" (15 F. R. 5176; 19 F. R. 35).

Copies of the aforesaid annexed order, of the aforesaid referendum procedure, and of this order may be examined in the Office of the Hearing Clerk, United States Department of Agriculture, Room 112, Administration Building, Washington, D. C.

Ballots to be cast in the referendum, and other necessary forms and instructions, may be obtained from any referendum agent or appointee.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 68 Stat. 906, 1047)

Dated: May 10, 1955.

POST OFFICE DEPARTMENT

EXECUTIVE ASSISTANT TO DEPUTY POSTMASTER GENERAL AND SPECIAL ASSISTANT TO DEPUTY POSTMASTER GENERAL FOR REGIONAL MANAGEMENT

TRAVEL ORDERS AND DELEGATION OF AUTHORITY

The following is an excerpt from Order of the Deputy Postmaster General, No. 55877, dated April 28, 1955:

(b) Pursuant to authority of Order No. 55507 of the Postmaster General, dated January 13, 1954, (19 F. R. 361) and section 1 (b) of Reorganization Plan No. 3 of 1949 (63 Stat. 1066), authority is hereby delegated to the Executive Assistant to the Deputy Postmaster General and to the Special Assistant to the Deputy Postmaster General for Regional Management (including the person acting as each such officer), as follows:

• • • • •

(2) To issue temporary travel credentials necessary for officers and employees under their respective supervision to obtain free transportation on railroad lines in the performance of their official duties. The travel credentials shall be in such form as may be prescribed by the Postmaster General.

(3) To redelegate the authority vested in them by subparagraph (2) of this paragraph to such officers under their respective supervision as they may designate.

• • • • •

FEDERAL POWER COMMISSION

[Docket No. G–2578]

ALBERT PLUMMER

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 9, 1955.

Take notice that Albert Plummer (Applicant), an independent producer with his principal place of business in Houston, Texas, filed, on August 26, 1954, an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the proposed acts or operations hereinafter described.

Applicant proposes to produce natural gas from acreage located in the South Colleto Creek Field in Victoria County, Texas, has completed one well, and proposes to sell such gas to Tennessee Gas Transmission Company (Tennessee) at an initial base price of 10 cents per Mcf under the terms of a 20-year contract dated September 15, 1954. Daily deliveries are based on a ratio to the estimated recoverable reserves. Applicant will transport such gas a short distance to a point on Tennessee's lateral pipe line which was authorized in Docket No. G–1572.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 1, 1955, at 9:30 a. m., e. d. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a noncontested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 26th day of May 1955. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 55–3869; Filed, May 12, 1955; 8:47 a. m.]

[Docket No. G–8643]

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION AND DATE OF HEARING

MAY 9, 1955.

Take notice that United Gas Pipe Line Company (Applicant), a Delaware corporation having its principal place of business in Shreveport, Louisiana, filed on March 21, 1955, an application for a certificate of public convenience and necessity authorizing the sale of natural gas to Willmut Gas & Oil Company for resale by the latter in McLaurin Heights, Rankin County, Mississippi, and the construction and operation of a necessary tap near Mile Post 1 on Applicant's 8-inch Jackson-Hattiesburg pipeline. Applicant states that it has been advised that Willmut estimates the requirements of and commercial consumers in McLaurin Heights will be 2,600 Mcf in the third year of operation and 25 Mcf on the peak day in that year.

Applicant proposes to finance the estimated cost of the proposed facility out of current working funds.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on May 24, 1955, at 9:30 a. m., e. d. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before May 17, 1955.

[SEAL] LEON M. FUQUAY,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1–3682]

BAILEY SELBURN OIL & GAS LTD.

NOTICE OF APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

MAY 9, 1955.

In the matter of Bailey Selburn Oil & Gas Ltd., Class A Shares, $1 Par Value; File No. 1–3682.

The above named issuer, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2–1 (b) promulgated thereunder, has made application to withdraw the specified security from listing and registration on the Midwest Stock Exchange.

The reasons alleged in the application for withdrawing this security from listing and registration include the following:

1. The trading volume on the Midwest Stock Exchange has been negligible and the Company desires to save the expense of the listing on said Exchange.

2. The Executive Committee of the Midwest Stock Exchange has waived the provision of its delisting rule requiring stockholders' approval.

3. The stock will remain listed and registered on the American and San Francisco stock exchanges.

Upon receipt of a request, on or before May 27, 1955, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official file of the Commission pertaining to the matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 55–3873; Filed, May 12, 1955; 8:48 a. m.]

[File No. 70–3367]

OHIO EDISON CO.

ORDER AUTHORIZING ISSUE AND SALE AT COMPETITIVE BIDDING OF FIRST MORTGAGE BONDS

MAY 9, 1955.

Ohio Edison Company ("Company"), a registered holding company and a public-utility company, has filed a declaration and amendments thereto pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder regarding the following proposed transaction:

The Company proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $30,000,000 principal amount of First Mortgage Bonds, __ percent Series of 1955 due 1985 ("New Bonds"). The New Bonds will be issued under the Company's Indenture of Mortgage and Deed of Trust, dated as of August 1, 1930, as heretofore amended and supplemented and to be further supplemented by the Twelfth Supplemental Indenture dated as of May 1, 1955. The interest rate (which shall be a multiple of ⅛ of 1 percent) and the price to be paid to the Company (which shall be not less than 100 percent nor more than 102¾ percent of the principal amount, exclusive of interest from May 1, 1955, to date of delivery) will be determined by competitive bidding.

It is stated that the net proceeds to be received from the sale of the New Bonds will be used, along with other available funds, for the acquisition of property, the construction or improvement of facilities, the discharge of obligations, and other corporate purposes. Expenditures for property additions and improvements in 1955 are estimated at $45,500,000.

The issue and sale of said bonds have been expressly authorized by the Public Utilities Commission of Ohio, in which State the Company is organized and doing business. Such authorization is subject to the further approval of the State Commission with respect to the coupon rate and the price to be paid to the Company by the underwriters.

Due notice of the filing of the declaration having been given in the manner provided by Rule U-23 promulgated under the act, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules thereunder have been satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration as amended should be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the declaration as amended be, and it hereby is, permitted to become effective forthwith, subject to the provisions of Rule U-50 and Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 55–3872; Filed, May 12, 1955; 8:48 a. m.]

[File No. 70–3368]

OHIO VALLEY ELECTRIC CORP. ET AL.

NOTICE OF FILING REGARDING ISSUANCE OF INTERIM DEBT AND ALTERATION OF RIGHTS

MAY 10, 1955.

Notice is hereby given that Ohio Valley Electric Corporation ("OVEC"), a public utility subsidiary of American Gas and Electric Company ("American Gas"), a registered holding company, The West Penn Electric Company ("West Penn Electric"), a registered holding company, and Ohio Edison Company ("Ohio Edison"), a registered holding company, together with American Gas and three of its public utility subsidiaries, Appalachian Electric Power Company, Ohio Power Company, and Indiana & Michigan Electric Company, West Penn Electric and three of its public utility subsidiaries, Monongahela Power Company, The Potomac Edison Company and West Penn Power Company, Ohio Edison and its subsidiary, Pennsylvania Power Company, The Cincinnati Gas and Electric Company, a public-utility company and an exempt holding company, Kentucky Utilities Company, a public-utility company and an exempt holding company, and Louisville Gas and Electric Company, a public-utility company and an exempt holding company, have filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act") and have designated sections 6 and 7 of said act as applicable to the proposed transactions, which are summarized as follows:

OVEC and its subsidiary, Indiana-Kentucky Electric Corporation, are engaged in the construction of generating and other facilities designed to supply power requirements of the Atomic Energy Commission ("AEC") at the Portsmouth Area project of the AEC. OVEC

has entered into a Power Agreement with AEC to supply to AEC at the Portsmouth project a contract demand of 1,800,000 kilowatts, for which AEC is obligated to pay, among other charges, an amount equal to a percentage of (i) the fixed charges of OVEC and (ii) amounts sufficient to produce a net return of 8 percent, after taxes, on the outstanding capital stock of OVEC.

The Commission, by its order dated November 7, 1952 (Holding Company Act Release No. 11578), authorized, among other things, the issuance to ten Participating Companies (named in the Power Agreement) of an aggregate of not to exceed 200,000 shares of $100 par common stock of OVEC for a cash consideration of $100 per share. Of the shares so authorized 100,000 shares thereof have been issued by OVEC for a cash consideration of $10,000,000.

On the 27th day of July 1953, the Commission issued its further order (Holding Company Act Release No. 12077) authorizing, among other things, (1) the issuance by OVEC of not in excess of $360,000,000 principal amount of first mortgage and collateral trust bonds ("Bonds") and the sale thereof to 39 institutional investors; (2) the issuance by OVEC of not in excess of $60,000,000 principal amount of unsecured notes ("Notes") to 14 financial institutions, including 12 banks; (3) the issuance by OVEC of not in excess of $8,000,000 principal amount of Subordinated Notes and the acquisition of such Subordinated Notes by such of the participating companies as were parties to that proceeding; and (4) certain contractual arrangements therein described and the performance by such of the companies as were parties to that proceeding, of the respective obligations of each company under such contractual arrangements.

In the present application-declaration OVEC proposes, after consultation with the AEC and with the holders of its Bonds, Notes and Subordinated Notes, a revision of its financing program so as to postpone the obligations of the participating companies to invest the remaining $10,000,000 in common stock of OVEC during such period of time as the equivalent amount of capital is invested in OVEC in the form of loans ("Interim Debt"). The 12 banking institutions which are participants under the bank credit agreement of OVEC have agreed to lend to OVEC from time to time prior to the date of the final completion of the facilities, amounts of Interim Debt not exceeding $10,000,000 in the aggregate. It is proposed that such Interim Debt be represented by notes which will mature 90 days after demand and will bear interest at a rate per annum which shall be the prime commercial loan rate from time to time of The First National City Bank of New York, agent for the lending banks, for 90-day maturities (presently 3 percent per annum). The proposed revision in financing arrangements also involves the assignment by OVEC to the lenders of such Interim Debt of certain of the obligations of the Participating Companies to supply equity capital to OVEC. This will result in effect in giving the Interim Notes a ranking prior to that of the $60,000,000 unsecured notes, and in creating a first lien in favor of the Interim Notes, ahead of the lien of the Bonds, on the obligations of the Participating Companies to supply in the future $10,000,000 of common stock equity capital.

In the event that at any time (1) any of such Interim Debt shall become due or payable or be prepaid, unless such Interim Debt is refunded with an equal principal amount of Interim Debt or (2) any of such Interim Debt shall be purchased or acquired for value by OVEC or by any affiliate of OVEC other than any of the Sponsoring Companies (as named in the Power Agreement) or Participating Companies, or (3) OVEC shall give notice of prepayment of all of the outstanding Interim Debt, in accordance with its covenant to do so following a termination of the AEC Power Agreement, it will become necessary for the Participating Companies to invest an amount, not exceeding $10,000,000, in the common stock of OVEC equal to the principal amount of the Interim Debt which shall so become due and payable or shall be so prepaid, purchased or acquired. In any such events, OVEC will issue to the extent required in consideration of cash payments of $100 per share, and the Participating Companies will acquire, shares of common stock of OVEC heretofore authorized by the Commission to be issued and acquired. Such an issuance of common stock may occur either prior to or after January 1, 1957.

In order to effectuate the revision of OVEC's financing arrangements it is proposed to amend the various documents underlying the Bonds, Notes and Subordinated Notes.

The application-declaration states that the proposed revision of OVEC's financing arrangements will reduce the power bills payable by AEC under the Power Agreement by approximately $1,200,000 per annum, without giving effect to reductions in taxes otherwise receivable by the United States of America.

It is further stated that the proposed transactions are subject to the approval of the Public Utilities Commission of Ohio, the State commission of the State in which OVEC is organized and doing business.

Notice is further given that any interested person may, not later than May 24, 1955, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said filing which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Wyoming 029025]

WYOMING

STOCK DRIVEWAY WITHDRAWAL NO. 144; WYOMING NO. 18, REDUCED

Pursuant to the authority delegated by the Director, Bureau of Land Management, in section 2.5 (b) Order No. 541 dated April 21, 1954 (F. R. Doc. 54-3200), it is ordered as follows:

Subject to valid rights and the provisions of existing withdrawals, Departmental Orders of April 20, 1921, June 6, 1922, January 20, 1927, and August 7, 1929, establishing Stock Driveway No. 144, Wyoming No. 18, under section 10 of the act of December 29, 1916 (39 Stat. 865; 43 U. S. C. 300) are hereby revoked so far as they affect the following described lands:

SIXTH PRINCIPAL MERIDIAN-WYOMING

T. 35 N., R. 81 W.,
Sec. 5: Lots 1, 2, 3, 4, S½N½.

The area described aggregates 324.04 acres.

This revocation is made in furtherance of an exchange under section 8 of the act of June 28, 1934, as amended by section 3 of the act of June 26, 1936 (48 Stat. 1272; 49 Stat. 1976; 43 U. S. C. 315g), by which the offered lands will benefit a Federal Land program. This restoration is, therefore, not subject to the provisions contained in the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284) as amended, granting preference rights to veterans of World War II, and the Korean Conflict, and others.

R. R. BEST,
State Supervisor.

Office of the Secretary

KLAMATH TRIBE OF INDIANS

NOTICE OF PROPOSED MEMBERSHIP ROLL

APRIL 29, 1955.

Pursuant to section 3 of the act of August 13, 1954 (68 Stat. 718), there is listed below the proposed roll of the members of the Klamath Tribe of Indians, who were living on August 13, 1954.

Appeals contesting the inclusion or omission of the name of any person on or from the proposed roll may be filed within 90 days from the date of publication of this notice. Appeals shall be filed in accordance with the regulations of the Department of the Interior appearing in 25 CFR, Part 55 (20 F. R. 336, January 14, 1955).

ORME LEWIS,
Assistant Secretary of the Interior.
